

# Chapter: 918

Thought of this.

The man who drove sneered and said:

“Hahaha... Third brother, it seems that the task this time is too simple!

He is just a grandmaster, we are 13 grandmasters, we can solve it in minutes if we want to kill him!”

“As for his subordinates? Humph, it’s more of a group of native chickens and dogs, it can be destroyed in minutes!” The words of the driving man were arrogant.

however!

Just when his words fell!

He suddenly saw an old and a young, two figures appearing on the path ahead, which made his complexion change drastically!

“Damn, someone in front!”

What!

Hearing this, the man in the co-pilot and Bai San were taken aback, and the two quickly turned their eyes to look.

Suddenly, under the shining of the Land Rover’s high beam, two figures, one old and one young, were walking slowly from the direction of Jiangshi on the road in front.

To know!

This is the quickest path to Jiangshi. The road is so narrow that it can only accommodate bicycles.

In particular, the Land Rover’s body is extremely wide, almost filling the entire road.

And the old and the young who came in front seemed to have not seen the speeding vehicles. They were still in the middle of the road, not hurriedly, walking slowly, as if walking in a leisurely courtyard.

“Ma’s! Are these two people looking for death?”

The man who drove yelled, and then he kept honking his horn frantically.

however!

What surprised him was that even if it was his crazy whistle, the young and old walking in front of him, as if they hadn’t heard, still walked slowly.

“moron!”

“Since you don’t give way and seek death by yourself, don’t blame me!”

Finished!

The man who drove didn’t step on the brakes, but slammed the accelerator pedal with the sole of his foot.

Hum!

This Land Rover was even more at a terrifying speed, rushing towards the old and the young in front of it madly.

Hurry up!

The speed of Land Rover soared in an instant, like a mad beast, rushing towards the two figures of the old and the young in front of them.

100 meters!

Fifty meters!

Thirty meters!

...

Almost in the blink of an eye, this Land Rover was getting closer and closer to the young and old in front.

What only made the driving man stunned was that even if he almost ran into the front, the old and the young who were walking still seemed unaware, walking slowly.

“Huh! Can’t see? Then die!” A brutal arc appeared on the corner of the man’s mouth.

Driven by him, this giant Land Rover rushed to the front of the old man and the young man in a flash, and slammed into their bodies.

Just at this moment.

Huh!

The driving man suddenly saw that when the Land Rover was about to hit the old man, the old man’s head was slightly raised, and an extremely ugly face appeared under the high beam.

Ugly and vicious!

The face of the old man was very scary.

But this does not stop.

Seeing the Land Rover rushing, the old man didn’t even panic on that ugly face. Instead, he raised his fist and waved hard at the rushing Land Rover luxury car.

what!

This scene frightened the driving man.

Punch, smash the car?

What is this... crazy, right?
