

Chapter: 919

However, the scene that made him embarrassed soon appeared.

boom!

Almost instantly, the fist of the old man slammed into the front cover of the Land Rover that slammed into it.

Bang!!!

A terrifying explosion suddenly resounded.

The face of the white san, the co-pilot and the driving man in the car changed drastically at the same time.

They only felt that the entire Land Rover car seemed to have hit a concrete pillar, and the forward momentum came to an abrupt end, and the entire car body was almost about to be blown up under inertia.

Squeak... Squeak!

In particular, with the violent friction of a tire, the front cover of the entire Land Rover car was completely dented and scrapped.

The vehicle stopped abruptly.

Punch, stop!

Stop... Stop it?

At this moment, as the first Land Rover was forced to stop.

The three Land Rover cars behind, also rushed to the emergency brake one by one, and stopped one after another.

On the first Land Rover.

The atmosphere was dull and depressing, and dense cold sweat rushed down from the foreheads of Bai San and the other two men.

At this moment, the three of them stared at the front of the car, but they found that the entire front of the Land Rover had been completely sunken and scrapped.

Those parts are messy.

A deep pit appeared above the front of the car.

In front of the entire Land Rover, the figure of the old man seemed to be unmoving, as firm as a rock.

Shocked!

Looking at the ugly old man in front of him, whether it was Bai San or the two white angel members next to him, he took a breath.

“How...how is it possible! He...he actually stopped our car?” The man driving, almost all his eyes fell out at this moment, as if he had seen a ghost.

But Bai San had a numb scalp:

“Grandmaster!”

“Only the top grandmaster can be in such a strong collision, it is possible to not hurt the slightest, and may even intercept the vehicle!”

“And this person in front of him is definitely The Grand Master is undoubtedly!”

What!

As soon as this remark came out.

The man in the driving and the man in the co-pilot suddenly felt a chill rushing straight from the sole of the foot to the forehead.

This is more than that.

Bai San's eyes kept looking at the ugly old man's face, until a name appeared in his mind, and he almost frightened him to pee.

“Blood...Blood Buddha! He is Blood Buddha!”

Boom!

This sentence was even more like a thunderstorm, making the two men next to him completely frightened.

Bloody Buddha?

That super murderer that shook the northwest for five years and no one dared to provoke?

how can that be!

“Quick! Get out of the car!”

Bai San didn't have time to explain. After shouting at the moment, he quickly opened the door and walked on.

Not only him! Mobile phone:

At this moment, after this sudden situation occurred, ten members of the white angels also walked down from the three cars behind.

Their eyes stared at the old man and the young man, one by one, as if they were facing enemies, they touched their palms to their waists, as if they would pull out their weapons at any time to start a battle.

“Stop it! Stop it all!”

Bai Sansan was shocked.

As soon as he got out of the car, he yelled to his men.

And after speaking, he hurried to the front of the Land Rover and bowed deeply to the old man:

“Old...sir, I'm extremely sorry, it's our car that is driving fast! Please...sir please have a lot of , Don't care about us!”
