

Chapter: 938

For the white dust.

This time he came to Jiangshi, because of Lin Fan's sake, he was completely defeated, so he didn't hate it.

"However, I still have a chance to reverse it!"

The resentment in Bai Chen's eyes gradually turned into cruel and vicious:

"Lin Fan, you wait, after dark, you will regret it!"

Finished!

Bai Chen took out his cell phone, pressed a number and dialed it.

Until the call is connected.

He stared at Lin Fan, with a stern smile at the corner of his mouth, faintly spit out two words:

"Action, start!"

Huh?

Action started?

After seeing this scene, the guests in the courtyard were all confused. They didn't know what Bai Chen had to do, and it seemed that it had something to do with Lin Fan?

However, everyone in the Bai family laughed sorrowfully.

They naturally knew that Bai Chen's call was made to Bai San.

And the action, naturally, was to catch all of Lin Fan's most loyal right-hand men.

Just catch those few people and use them to threaten Lin Fan.

Not only can you persecute him, but you can also surrender the Xinbai clan. You can even persecute him. Please call the genius doctor Zhang and Lin.

This is also the last trump card of Bai Chen and the Bai family. Mobile:

However, what surprised Bai Chen and others.

Lin Fan's face, not even the slightest panic and fear, but smiling, he said:

"I'm waiting for you!"

Finished.

He picked up the cup of tea he had just poured and drank it in one go.

...

And just after Bai Chen made the call.

A Land Rover luxury car in the parking lot of the Shengshi Club.

Bai San hung up the phone in his hand, and the corner of his mouth suddenly appeared:

"Ready to act!" The words fell, and the other two white angels in the car pulled out the long knives from their waists.

This time, they need to kidnap four people.

Xu Tianlong, Blood Rose, Lord Tiger, Lord Dao!

Bai San divided his group into four groups, each with three masters, and the tasks were carried out at the same time.

Click!

Bai San and three people got out of the Land Rover luxury cars one after another, and then all walked towards the Shengshi Clubhouse.

"It's really boring, a group of little ants in Jiangshi, this time you can see how great the master is!"

Bai San licked his dry lips, a brutal curve appeared on his face.

Grandmaster!

For a small place like Jiang City, it is absolutely invincible.

What's more, each group is composed of three masters, and they are dispatched together to kidnap a mere four people, which is simply a matter of hand.

however!

What surprised Bai San and the others was that when they had just rushed into the Shengshi Clubhouse, they were shocked to find that all the security guards and the staff of the clubhouse had disappeared.

Ok?

"Baiye! What's going on? Are all the people in the clubhouse just now still there?" For some reason, Bai San had an ominous premonition when he saw this empty clubhouse.

And heard this.

A white angel at the back said with the same doubt:

"Third brother, I have been staring at the exit here! There is absolutely no one coming out in the clubhouse!"

"From my point of view, at this point, maybe it is their meeting time, so no one is there!"

"However, I can guarantee that the Blood Rose never left, it must be in the office on the third floor!"
