

Chapter: 953

“I don’t care!”

Bai Yi raised her pretty face, she wiped the tears from her eyes severely, and the beautiful face was filled with determination:

“If, my husband really has something to do! I, Bai Yi, will give everything. , I will also destroy the Bai family and let everyone be buried for my husband!!!”

Bai Yi’s words were full of coldness.

Finish saying this!

Bai Yi immediately wiped her tears and ran wildly towards the front yard.

“Bai Yi!”

Seeing this scene, the Baishan couple was afraid of accidents, and the two and Zhang Tianyi’s master and apprentice also hurriedly followed up.

When a group of five people came to the front yard.

Suddenly I saw that the front was already densely packed, with guests and the Bai family standing full.

However, what made Bai Yi and others astonished.

The entire extremely spacious front yard, with so many people, turned out to be silent, and needles could be heard.

There was only one line of eyes, staring at the front, as if something incredible had happened before.

Ok?

With a jump of Bai Yi’s eyebrows, he hurriedly passed the guests and walked forward.

And when she rushed to the front.

At a glance, I saw the straight pine figure standing on the spot:

“Lin Fan!!!”

Bai Yi almost suspected that he was dazzled.

It’s okay!

Her husband is all right.

Wow.....

In an instant, Bai Yi’s nose was sour, and with a wow, he cried out with excitement, and then, like a little girl who saw her relatives, like a chaffinch, quickly rushed into Lin Fan’s arms.

“You idiot, you idiot, you are scaring me to death, don’t you know! Uuuuu...”

Bai Yi’s head was almost completely buried in Lin Fan’s arms.

There was a deep sadness in that cry, as if to vent all the grievances, anxiety and worries in my heart.

See this scene.

Lin Fan’s heart was surging with warmth. He lowered his head and kissed Bai Yi’s forehead fiercely before he whispered:

“Wife, I said I was okay, then I must be okay!”

Hearing this!

Bai Yi’s anxious heart slowly calmed down.

Her head poked out of Lin Fan’s arms, only to realize that the atmosphere here seemed to be faintly wrong.

Ok?

Bai Yi wiped the tears from the corner of his eyes, and then turned to look into the courtyard.

Just from this look, her expression completely solidified.

Head!

Heads one after another, like a ball, are densely packed on the ground.

And in front of that head, there was still a man who was scared to urinate—Bai Chen.

“This...”

Bai Yi’s pretty face instantly changed from consternation to panic. She only felt her stomach churn and almost vomited:

“Lin...Lin Fan! What’s going on? Is this... .. You did it?”

Bai Yi’s pretty face was as pale as paper, and there was a faint gleam of fear in Lin Fan’s gaze.

Not only her!

After hearing this!

Swish!

Whether it was the Baishan couple, the old lady Bai and others, as well as the gazes of many celebrities in Jiang City, they all looked at Lin Fan.

The expression was full of terror and fear, as if looking at a devil.
