

Chapter: 958

There are even those present.

Master and apprentice Zhang Tianyi, the genius doctor, showed respect to Lin Fan.

Young Master Bai Chen, within half an hour, was terrified of Lin Fan like a demon.

Wow!

This news came out.

The name Lin Fan made a sensation for the entire Jiangcheng. The mysterious halo on him made everyone speculate.

Some people speculate that he has a close relationship with the four great masters, and this time he invited the great master to help him out.

It was also discussed that Lin Fan is the apprentice of the four great masters, based on Lin Fan's strength value, which is also extremely tyrannical!

No one knows what happened.

but!

Lin Fan's name is like a shining comet, rising in Jiangshi, attracting everyone's attention.

However, the people in Jiang City didn't know.

At noon the next day.

Young Master Bai Chen has already left Bai's house, and under the escort of Bai Yan, Bai Yifan, Uncle Bai Hai and others, he safely returned to Jiangnan City!

In the southern suburbs of Jiangnan City, there is a huge Soviet-style garden.

Here, is the White House, one of the four most reclusive giants!

Since entering the door.

Bai Chen said nothing.

He faced the accusations, scolding, and scolding of his family, and he was silent to the extreme.

Especially, there is only one sentence:

"I want to see the mistress!" The mistress!

The master of the behemoth Bai family.

In ordinary times, let alone Bai Chen, an ordinary direct descendant, even the closest child, it is rare to see him.

Just today.

After hearing the three groups of white, the whole army was wiped out, Bai Chen failed, and returned in embarrassment.

The mother of the Bai family had summoned Bai Chen.

In a clean living room in the backyard.

Bai Chen knelt on the floor of the living room, prostrate on the ground, like a child who had done something wrong, his body still trembling uncontrollably until now.

Da da da!

A slight footstep sounded from a room in the living room, but what came out was a glamorous young woman in her forties with a lingering charm.

She is Zheng Honglian, the mistress of the Jiangnan Bai family.

A strange woman!

According to rumours!

When she first joined the Bai family, the Jiangnan Bai clan had already started to go downhill, even being left far behind by the Ye, Huangfu, and Sima tribes, and was even about to be removed from the four hidden giants at one time.

After Zheng Honglian came to power, she established a white angel with one hand, and consolidated the foundation of the Bai family.

After that, in business, reforms were carried out drastically.

Shengsheng created a business kingdom belonging to the Bai family.

With the support of force and money.

The status of the Bai Family Group is also flourishing, even at one time, it has the qualification to compete for the first hidden world giant.

Only in recent years.

Because Zheng Honglian's body has been in poor condition, this has caused the horror development of the Bai Group to stagnate again.

But this time, Zheng Honglian originally thought that as long as the new Bai family was annexed, it might be possible to inject a cardiotonic into the Bai family again and revive the Bai family.

However, she couldn't even dream that she would lose her wife and lose her soldiers!

"Cough cough cough..."

Just after sitting down, the mistress Zheng Honglian had another violent cough.

Her charming and pretty face showed a morbid blush, a pair of Danfeng eyes, she couldn't help but glanced at Bai Chen on the ground, and said coldly:

"Bai Chen, are you convicted?"
