

# Chapter: 970

Hoop!

And at this moment.

Everyone saw once again that the forest seat at the front of the crowd had already helped the two commanders Long and Tiger, and then the three of them slammed into a bear hug.

“Xiaolong! Xiaohu! Long time no see!”

Lin Fan, with his back facing everyone, looked at the two tower-like men in front of him at the moment, the smiles at the corners of his mouth were extremely gentle.

Dragon handsome, blood dragon!

Handsome tiger, blood tiger!

These two people are both brothers in his blood prison, and he is also the most powerful subordinate he has cultivated.

Back then, before Lin Fan left the Blood Prison, he arranged for the two of them to join the Huaxia Army, and eventually became the God of the Two Great Wars by virtue of their unworldly merits.

Looking at Lin Fan.

The blood dragon and blood tiger seemed to have returned to the blood prison of that year.

They followed the king, conquering the world, and invincible.

Lin Fan saved their lives!

Their strength was also given by Lin Fan!

In the hearts of the two of them, Lin Fan is their relatives, even if they lose their lives, they are willing to fight for them.

“Wang!!!” The blood dragon and blood tiger looked at Lin Fan, hot tears dripping from their eye sockets.

For countless nights, they all wanted to go back to the Caribbean, back to this man.

And now!

See you finally!

“Let’s go!”

Lin Fan smiled slightly, and immediately took the second commander of Dragon and Tiger and walked out of the airport lobby.

In the blink of an eye, everyone in the group got into Rolls Royce one after another.

Until the densely packed Rolls Royce and military vehicles disappeared in front of everyone, Bai Yi and others in the airport lobby could not recover for a long time.

And in the car!

When Lin Fan and Longhu were two commanders, they just got in the car.

The blood dragon said directly:

“Wang! This time the incident has been investigated clearly! The man who injured the old man Shen are the two brothers of the Yang family!”

“Boss Yang Mingyu, second child Yang Mingpeng! The main messenger, It is the boss Yang Mingyu!” That’s it!

In the eyes of the blood dragon, a sharp expression flashed:

“According to the investigation, this boss Yang Mingyu saw the interview video of President Bai Yi by chance, and he kept thinking about it, and even talked to people around him several times. You have to think of ways to get the president of Baiyi!”

“Later, Yang Mingyu investigated that the Shen family cooperating with their group belonged to Bai Yi’s grandfather family. Only then did Shen Taigong come to Jiangnan to talk about the name of cooperation and beat him. Injury, even more rhetoric, President Bai Yi must personally bring 10 million to redeem people!”

Wow!

Drunkard doesn’t mean wine!

In Baiyi!

After hearing this.

The blood tiger next to him was furious:

“Wang! In addition, we also investigated that this Yang Mingyu had made enough preparations! Even if President Bai Yi handed over 10 million ransoms, he would never let go. People!”

“His ultimate goal is to retain President Bai Yi and become his woman!”

“He is... looking for death!”

Boom!

The words were extremely harsh.

There was a strong killing intent on the body of the second commander of Dragon and Tiger.

When Lin Fan heard this, he narrowed his eyes slightly:

“What is the position of the Yang Family in Jiangnan?”

“Wang, the Yang Family is in Jiangnan City and belongs to a first-class power! He Tian Family and others are almost the same! This is also them. The reason for the arrogance and domineering!” The blood dragon quickly replied.

First class?

Hearing this, Lin Fan smiled.

It’s just this smile, so cold and gloomy:

“Yes! A first-rate family in a small Jiangnan Province, dare to beat my wife’s idea, it’s really good!”

Finished!

Lin Fan looked straight out of the window, his voice was cold and merciless:

“Go! Go to Yang’s house, take the first level!”
