Yang family!

In Jiangnan City, almost no one knows, no one knows!

This family started from real estate back then. Ten years ago, it even had the name of Yang Bancheng. The communities and real estates built by its companies are numerous.

With the depression of the real estate market in recent years, the Yang family has begun to transform and set foot in more than a dozen industries such as entertainment and catering.

This also makes the Yang Group always rank among the top chaebols in the south of the Yangtze River.

And today!

The high-level Yang family, almost gathered together, enthusiastically opened the parliament.

The host is Yang Tianhao, the head of the Yang family!

“Everyone, let’s talk about your thoughts!”

“This time Lin Zuo, and the second commander of Dragon and Tiger come to Jiangnan, our Yang family is already one step behind the other eight chaebols, and we can’t get in touch with Lin Zuo and other big people! , What are we going to do?”

Patriarch Yang Tianhao asked in a deep voice, sweeping his eyes across the high-level people present.

That’s right!

The Yang family belongs to the first-class chaebol.

But just from the relationship network, it is much weaker than other chaebols.

Especially this time!

The two commanders Lin Zuo and Longhu came to the south of the Yangtze River.

But their Yang family didn’t even have the qualifications to see Lin Zuo, which had to make the Yang family worried.

now!

After Yang Tianhao’s words fell.

The people below all said,

” Patriarch , that Lin Zuo is one of China’s four major military giants. It is too difficult for us to have a relationship with him!”

“Yes, Patriarch! How can people like Lin Zuo see our little Yang family!”

“Ah...I don’t know what methods Tian and Qiu used to get Lin Zuo on board, it is incredible. !” ”

..... ”

At the moment the crowd, talking about, but without exception, to catch the relationship between the seat and the forest, a gesture of despair.

And heard many high-level words.

Patriarch Yang Tianhao’s complexion became more and more gloomy and ugly.

His eyes turn and look to help his son Yu Yang name:

“name Yu, you as the heir of our Yang, you talk about your views on it!”

Shabu!

Hearing this, all the discussions of the Yang family around him stopped abruptly, and one after another look forward to Yang Mingyu.

In the eyes of many Yang family members, Yang Mingyu is definitely a great young man.

Spicy eyes!

Long-term insight!

Yang Mingyu is tall and slender, and his complexion is slightly pale, but he gives people a kind of feminine air.

He glanced at the people present, and said directly:

“Lin Zuo, among the dragons and phoenixes!”

“He is China’s fourth military seat, but according to the rumors above, he is also the most important military seat of the Chinese military! Potential! Infinite! Some people even say that behind Lin Zuo there is a terrible superpower that is unimaginable!”

“I think that our Yang family should have a good relationship with this Lin Zuo at all costs!”

Talking!

Yang Mingyu’s gaze couldn’t help sweeping everyone present, his gaze burning:

“In order to make good friends with the Lin Zuo, even if it is to sacrifice our Yang family’s property, it is enough for our Yang family to become his dog!”

Boom!

Yang Mingyu’s words are extremely bold.

Even if you become a dog in the forest seat, it is enough!

This kind of words immediately caused many Yang clan members to fall into contemplation.

And after a short moment.

Suddenly a senior Yang family stood up and said,

“I support the young master, become a dog in the forest seat, and dedicate all the industry. I think... worth it!”

Wow!

As the first one stood up, the Yang family one after another kept coming forward.
