

Chapter: 974

Many Yang family members were completely excited at this moment.

They seem to have seen that their family has clung to the Lin Zuo, and Yang Mingyu has gained Bai Yi's background.

The Yang family flew up to the sky!

Looking at the many Yang family members, they looked excited.

The high-level man named Yang Hua still felt uneasy in his heart.

especially!

The more excited the Yang family is, the more creepy he feels, as if something catastrophe is imminent.

just!

At this moment, Yang Mingyu never looked at Yang Hua again. He

turned to the housekeeper Zhang Lao and said:

“Zhang Lao, Bai Yi must go to the hospital to see that old guy! You inform the second young master in the hospital to force him to force

Shen Family and Bai Yi, be sure to bring that Bai Yi back to me!”

Second Young Master!

Yang Mingpeng!

Now waiting in the hospital, just waiting for Bai Yi to appear.

Hearing this, the housekeeper Zhang Lao quickly nodded and agreed,

then left, and went to call the second young master Yang Mingpeng.

Until then.

The smile on Yang Mingyu's face became stronger and stronger.

He seemed to have seen the charming Bai Yi being brought to him, waiting for himself to conquer the scene.

however!

Just when his smile was strongest.

Buzzing!

Yang Mingyu suddenly heard the hum of the machines, suddenly coming from outside the Yang family courtyard.

This movement was extremely strong, and there seemed to be some terrifying creature, approaching his Yang family, and even the floor in the Yang family's courtyard was constantly trembling.

Ok?

In this scene, not only Yang Mingyu, but also Patriarch Yang Tianhao and all the surrounding high-level officials, all discovered something wrong.

“Go out and have a look, what's going on?” Yang Tianhao's heart trembled slightly, and an ominous premonition appeared involuntarily.

Upon hearing this, several bodyguards immediately walked toward the courtyard, ready to find out.

however!

It took less than a minute.

The Yang family suddenly saw that the bodyguards ran in one by one with pale faces.

Everyone's face was filled with horror and panic, as if they had seen a ghost:

“Patriarch, it's not good. There are more than a dozen Rolls Royce, and countless military vehicles and soldiers, facing our Yang family. Come!”

What!

When these words came out, not only was Patriarch Yang Tianhao stunned, even the surrounding Yang Mingyu and others were all startled.

Rolls Royce!

This is also an extremely rare luxury car in the entire Jiangnan City, almost all of which are in the hands of major chaebols.

And a dozen Rolls-Royce were dispatched at once, this is definitely the top big man in Jiangnan City to travel.

It's more than that!

Military vehicles and sergeants?

After hearing these two words, almost everyone's heart beat fiercely.

Although they are chaebols, they are just businessmen, nothing more.

How can you not be afraid of hearing the sergeant?

“Our Yang family has no intersection with any big people! I guess it should be passing by!” Yang Tianhao was constantly comforting himself at this moment.

And heard this.

The many high-ranking members of the Yang family also kept nodding their heads.

That's right!

Their Yang family, although they have a big family, they don't know any real big people.

And now, a dozen Rolls-Royce, countless military vehicles and sergeants, this is obviously a big figure traveling by the door of his Yang family, nothing more.

however!

Just when many Yang family comforted themselves.

Da da da!

The housekeeper, Zhang Lao, had a pale face, and ran in with his ass:

” Patriarch, it's not good! Those Rolls-Royce and military vehicles are all parked in front of our Yang's house!”
