

Chapter: 993

boom!

Yang Tianhao's words are even more like a stone, thrown into the lake.

Let everyone lose their color in horror.

The Yang family started with real estate, and their proudest deed was the creation of the Galaxy Tower.

It is not only a landmark in Jiangnan City, but also famous throughout Jiangnan Province.

It was even passed on at the beginning!

The valuation of the Galaxy Tower has reached tens of billions.

And now!

Everyone couldn't believe that, in order to make amends, Yang Tianhao actually transferred the Star River Mansion, the first of the Yang family, for free. This...this is really crazy.

Even Chang Yuan was stunned by Yang Tianhao's magnanimity.

He couldn't imagine that the Yang family apologized and sold tens of billions!

This is simply too embarrassing!

"Yang... Patriarch Yang, is there any misunderstanding in this! Although I was frightened, it is nothing at all!"

"Your apocalypse, I really can't afford it!"

Bai Yi was full of fright. With a pale face and full of panic, he quickly declined and said:

"This matter, we take a step back from each other, so forget it! Your Galaxy Tower, I will not accept it, nor dare to accept it!"

What!

Hearing that Bai Yi refused.

Yang Tianhao and the others were slightly startled, and then they seemed to have thought of something, each of them was so scared that their faces became earthy, and they hurriedly continued again:

"Miss Bai Yi, you must accept it! We are sincere and want to use the Galaxy Tower. , Come to apologize!"

"Miss Bai Yi must accept it. If you accept the Galaxy Tower, you have forgiven our Yang family and saved our Yang family!"

Wow!

Hearing Yang Tianhao's words, everyone suspected that they had auditory hallucinations.

Taking the tens of billions of Galaxy Towers saved the Yang family?

This...what's the point of this special?

More than everyone is puzzled.

At this moment, Yang Mingpeng, who was beaten up, was sober, hearing his father's words, and then looking at his father and others, kneeling on the ground, begging Bai Yi to accept the Galaxy Tower.

His whole person as if by lightning in general:

"! Dad you Are you mad,"

"You're white to kneel in Iraq, but we Yang patriarch you, how can you do such a thing"!

"Also Yes, the Galaxy Tower is our Yang family's most valuable asset.

How can you give people this way, you are crazy! You are all crazy!" At this moment, the second young master Yang Mingpeng has simply subverted the three views.

He couldn't believe it, and he couldn't believe it.

Even if his father beat him, it's just a bit of flesh and blood.

but now!

As the patriarch of the Yang family, he knelt down to apologize to a woman, and even begged the other party to accept his family's most valuable assets. This is not crazy, what is it!

However, Yang Tianhao didn't seem to hear his son's accusation at all.

With a panic on his face, he cried to Bai Yi with his nose and tears:

"Miss Bai Yi, can I beg you? Accept the Galaxy Tower, our Yang family doesn't want to exterminate the clan!"

Boom!

Yang Tianhao said more and more outrageous.

Everyone was even more confused, and couldn't figure out whether Bai Yi would accept the Galaxy Tower, and whether their Yang family was exterminated, what does this have to do with it!

"Group Leader Yang, get up, don't do this!"

Bai Yi was at a loss, she was completely lost.

Especially, after seeing Yang Tianhao crying bitterly, as if she would not accept the Galaxy Tower and the miserable appearance of the Yang family being exterminated, she could only bite her teeth and bit her scalp and said:

"Okay! Leader Yang, I... I'll accept it! Get up quickly!"
