

Chapter 5585

Seeing Charlie pointing in the direction with his hand, Maria didn't even look at it, she directly pulled the joystick, making the helicopter fly precisely in the direction of Charlie's finger.

At this time, Jeremiah, who was hiding in the gap between the boulders, Didn't know that she had been locked by the other party.

She just wanted to try her best not to move her body or make any noise, and she would naturally leave after the people on the helicopter made around of inspection.

Moreover, she also has absolute certainty that she will not be discovered by the other party.

Because the helicopter circled the valley several times, but the people on it never came down to search, and the huge boulder blocking her head was very thick, even if the other party used equipment such as thermal imaging, it was impossible to see cross this boulder to discover her whereabouts.

However, what made Jeremiah feel even more uneasy was that the helicopter roared towards her!

As the flying helicopter got closer and closer to her, her heart became extremely nervous.

At this time, the helicopter has come to the top of the boulder at the foot of the mountain.

Charlie suddenly said, "This is it! I can already feel her, she is seriously injured now!"

After that, he opened the door and planned to jump directly from the helicopter.

Maria subconsciously grabbed the corner of his clothes, and blurted out,

"My lord, since Jeremiah is seriously injured, why not wait for me to come with you!"

"I wanted to meet her for a while with you."

Seeing this, Charlie gave up the plan of jumping directly, and said, "There are all trees below, and the helicopter can't land,"

"Why don't you go back to the area where the explosion bulldozed, and then we walk over together."

Maria nodded and then controlled the helicopter to turn around on the spot. Jeremiah under the boulder couldn't help heaving a long sigh of relief,

When she saw the helicopter turn around and leave after reaching the top of her head.

But what she didn't know was that Maria had already landed the helicopter on the edge of the explosion range.

After the helicopter stopped, she said to Charlie, "Young master, I have received a report."

"She is one of the four great Earls, but she is devoted to Taoism and has not done many things that are harmful to nature."

"Today, Jermo blew himself up, and I felt that there must be something strange in it."

"If the young master can use this as a breakthrough point, maybe she can be taken for your own use."

Charlie nodded lightly, and said, "If there is something wrong with Jermo's self-explosion, I am afraid that apart from the Lord, no one knows better than Jeremiah."

Then, the two jumped off the helicopter and walked toward the boulder where Jeremiah was hiding.

Jeremiah had just relaxed at this moment, and she wanted to take a short rest and quickly find a way to escape from this place,

But she didn't expect that soon, she heard the sound of rustling footsteps. Her heart skipped a beat, and she couldn't help exclaiming secretly,

"Could it be that the people on the helicopter came over on foot just now?!"

Thinking of this, her heart that had just been let go immediately hung up again.

She is very clear that she is seriously injured right now,

No matter who the other party is, she has no ability to resist.

Right now, she can only pray silently in her heart,

Pray that the approaching footsteps will not come to her, And pray that the owner of the footsteps will not find her. However, her prayers didn't seem to have any effect.

The two people's footsteps were getting closer and closer, and finally, they stood still less than ten meters away from the boulder. At this time, Jeremiah was so nervous that she couldn't add anything.

She knew that as long as she was discovered by the other party, she would basically die, and the other party would definitely do everything in order to pry out information about the Warriors Den.

And the Lord from her mouth with 1000 ways to torture her. And the Warriors Den has repeatedly tried to kill An's family.

Once she falls into their hands, even if she cooperates obediently, it may not end well.

Therefore, the last sliver of luck in her heart right now is to hope that the other party will not find her.

Just when she was still harboring the last glimmer of fantasy, Charlie said loudly,

“Jeremiah, just now you peeked at me fighting with Jermo in the dark,

And now you are still hiding in the dark, isn't it unreasonable?” Charlie's words sounded like a thunderbolt in Jeremiah's brain! At this moment, multiple thoughts popped up in her mind,

“This person actually found me?!”

“This person... this person turned out to be Charlie who just fought with Jermo?!”

“But... How is this possible? I clearly saw that he was seriously injured in the explosion,”

“And even disappeared at an extremely fast speed, how could he survive?!” “And, listening to his voice, it seems that he was not injured at all!”

Countless questions made Jeremiah's heart flutter, and at the same time, he became even more panicked.

Although she has mastered spiritual energy and is a master of masters,

She also feels helpless and afraid when the premonition of death fills her whole body.

At this moment, Charlie outside the boulder saw that she didn't respond, so she smiled slightly and said,

“Jeremiah, you have lost all your cultivation and are seriously injured.” “If no one helps you, you may not even be able to get out of this valley.”

“It is impossible for your wise and mighty lord to rush over to save you in such a short time,”

“Instead of waiting to die here in despair, why don't we sit down and have a good chat, what do you think?”

Charlie mentioned Lord, Jeremiah trembled uncontrollably.

Recalling the tragic situation of Jermo's death, she felt both shocked and hatred in her heart,

And when she thought of the powerful self-destruction formation in her Niwan Palace,

She felt even more like a light on her back.

For her, she would rather kill herself in this quiet valley than go back to the Lord and continue to be her human bomb.

Moreover, she didn't know how many trigger modes there were for the formation that the lord left in the Niwan Palace of the four earls.

Now it seems that using the so-called method of opening the Niwan Palace taught by the Lord is a proactive way to trigger it.

Chapter 5586

In addition, it is not known whether the Lord can detonate the formation with her mind.

With Jeremiah's understanding of the Lord, she will definitely leave behind; maybe as long as she is within her perception range, she can smash her to pieces at any time.

After thinking for a moment, she gritted her teeth, and said weakly, "Since Mr. Wade wants to talk; I have no issue with it!"

Jeremiah's words came from the bottom of her heart.

She saw with her own eyes that Jermo was beaten helplessly in front of Charlie,

And she knew that Charlie was much stronger than her.

In addition, Charlie was able to survive the explosion just now,]

Which made her feel that his strength was bottomless, so she subconsciously referred to herself as the next?

After saying this, Jeremiah struggled to stand up.

Although she had chosen to bow her head to Charlie, as a monk, she did not want Charlie to watch her crawl out from the gap in the boulder.

However, her body has already been severely injured at this moment,

And climbing all the way from the explosion range to here has almost exhausted all her strength, so when she struggled to stand up, her legs were already shaking like chaff.

When she clenched her teeth and tried to step out, she suddenly felt a sharp pain in her right leg, and then she fell forward uncontrollably.

Seeing that Jeremiah fell face down on the gravel, and was about to hit the hard and sharp gravel heavily, Charlie immediately punched his hand into the void.

A powerful wind gushed out from the face of the fist, setting off a hurricane with an extremely strong energy.

The hurricane was so fast that it actually held Jeremiah, who was already at forty-five degrees and was about to fall, firmly in the air!

The moment Jeremiah fell, she had completely resigned herself to her fate.

She knew that if she fell, her entire face would be completely crippled, but right now,

Her body is completely crippled, and she can only watch helplessly as she falls forward.

However, she never dreamed that Charlie, who was still a few feet away from her, would actually punch a powerful wind!

And this strong wind not only didn't cause any harm to her, it was even like a wall of wind, firmly supporting her body that was about to fall!

Just when she was shocked in her heart and her body was hovering at a 45-degree angle, she saw Charlie striding towards her from the corner of her eye.

And at the moment when the wind was gradually weakening and she was about to fall forward again, Charlie had already come in front of her.

Immediately afterward, Jeremiah's body was stabilized by Charlie with his right hand,

And with a little force from his right hand, Charlie straightened her body.

Jeremiah breathed a sigh of relief, and was about to thank when Charlie threw his left hand directly towards her face!

Jeremiah saw Charlie's left hand coming very fast and thought he was going to slap her.

A bunch of question marks instantly appeared in her mind, but also a strong sense of grievance.

She has lived for more than a hundred years and has never been slapped in the face.

However, she is also very clear in her heart that she is now Charlie's prisoner, no matter what humiliation and torture, she can only bear it.

But when she was extremely humiliated in her heart,

Charlie's left hand didn't hit her in the face, but directly stuffed a black elixir into her mouth.

Jeremiah was even more horrified, thinking that Charlie, like the lord, fed her some kind of poison.

But before she could finish the sentence of scolding Charlie in her heart,

She felt that the pill that Charlie stuffed into her mouth turned into an extremely pure warm current in an instant,

And repaired her body at an extremely fast speed!

Jeremiah had never taken such a powerful elixir before, and she was seriously injured, so this time the elixir gave her the feeling that a person who was about to freeze to death in the ice and snow suddenly fell into the hot spring,

The warmth of the hot spring instantly envelops the whole body, instantly warming up the frozen body completely!

And the severe damage to her body in the explosion just now is also recovering at an unimaginable speed!

Although one Rejuvenation Pill was not enough to bring her back to normal, it also allowed her to regain her life from the brink of death!

Only then did she realize that what Charlie fed her was not poison, but an incomparably precious elixir!

It was difficult for her to even stand up, but she instantly felt that all her broken bones had been repaired, and she was able to walk independently!

Shocked and grateful, she bowed respectfully to Charlie, and said with red eyes,

“Thank you Mr. Wade for saving my life...”

Charlie let go of her hand and said calmly, “If you really want to thank me, you can thank me later. Tell me everything you know.”

Jeremiah said without hesitation, “Don’t worry, Mr. Wade, I know everything and talk endlessly!”

Charlie nodded, did not speak, but turned around directly to go back.

Jeremiah hurriedly followed, and at the same time saw the beautiful girl standing in front of her.

When she saw the other person’s face clearly, she felt as if she had seen a ghost, and exclaimed in horror,

“Lin...Maria?!”

“It’s me!” Maria replied crisply, then looked at Jeremiah, She blinked her eyes playfully, and said with a smile, “Jeremiah, right? I’ve heard about you for a long time, and everyone praises you for being beautiful and glamorous.”

“Looking at you today, it’s really not as good as being famous.”

Jeremiah’s dark eyes Stared at Maria, who was full of girlish looks, her heart was already turbulent.

She couldn’t help asking, “Miss Lin, you...have you really lived for more than three hundred years?”

Maria nodded calmly, and said with a smile, “Yes. , since you are one of the four Earls of the Warriors Den, you should have heard of me decades ago, right?”

Jeremiah said without concealment, “Yes, I have heard of Miss Lin eighty years ago.”

“It is my honor to finally see Miss Lin’s real face today...”

Maria knew that Charlie wanted to win Jeremiah into his camp, so she smiled and said to her,

“Jeremiah is not honored to see me, it is your honor to meet Mr. Wade.”

“Even if you can survive tonight, Victoria will definitely do everything possible to find you,”

“Even if you don’t wait for her to find you, and go back to the Warriors Den on your own initiative, the result will definitely not be what you think.”

Saying that Maria said again, “If it weren’t for Mr. Wade, you would lose all your cultivation and be seriously injured.”

“In Victoria’s eyes, you would be a burden that has no use value but still holds many of her secrets.”

“She would definitely not try to save you. On the contrary, she will definitely kill you to prevent future troubles.”

Maria’s words made Jeremiah stand on the spot in a daze.

She just felt that she didn’t want to go back to Victoria and be manipulated and used by her, but she never thought that even if she wanted to go back and be manipulated by her, she had lost her cultivation and was seriously injured.

Because her injury was too serious, there was no possibility of recovery at all, and Victoria would never use her spiritual energy to save her.

Therefore, she naturally had no value to Victoria. Victoria will not stay with someone who is worthless.

As for someone who is worthless and holds Victoria’s secrets at the same time, Victoria will not keep her in the world!

Thinking of this, Jeremiah strengthened her belief in cooperating with Charlie.

So, she knelt down on one knee, looked at Charlie gratefully, and “Thank you Mr. Wade for saving my life!

“Girls over the age of 10 are really smart, and they can hit the nail on the head as soon as they open their mouths, it seems that people who live a long time are not the same!”

Then, he withdrew his thoughts, nodded slightly to Jeremiah, and said, “What happened to you just now?” This elixir is just to help you relieve the injury first,”

“And after this period of time, I will choose an opportunity to restore your cultivation to its original state.”

Jeremiah was extremely astonished, but at the same time couldn’t restrain her surprise and asked, “Mr. Wade...you...you can really restore my cultivation base to the original?!”

Charlie said lightly, “When Jermo exploded, I suffered more injuries than you. Heavy, what do you think I am doing now?”

Chapter 5587

Charlie's words cheered Jeremiah up.

When the explosion happened, she and Charlie looked at each other, and she knew that Charlie would definitely die.

But now, Charlie changed his clothes and stood in front of her unscathed, with a strong wind from his fist, he was able to support her falling body firmly.

This strength is more than one realm stronger than herself.

Although in her opinion, Charlie's strength is definitely far behind that of the Lord, But the key point is that Charlie is only 28 years old this year! And Victoria is already four hundred years old!

If this trend continues, Charlie will soon be able to catch up!

Thinking of this, she couldn't help but feel a little regretful, because in her opinion, She still had more than two years to live, and to witness Charlie's strength crushing Victoria in such a short period of time was probably just a dream.

Charlie didn't know that Jeremiah was full of thoughts at the moment. Together with Maria, he brought the injured Jeremiah to the helicopter.

The light helicopter only has two seats, and Charlie couldn't be 100% at ease with Jeremiah,

So he let Maria go back to the villa by herself, and asked Orvel to bring another helicopter,

At this time, there was less than half an hour before dawn,

Charlie ordered Orvel to continue to keep the entire Champs under martial law and then walked into the villa with Jeremiah.

Maria was already waiting in the villa at this time,

Charlie brought the two of them to the basement, arranged a single sofa for the injured Jeremiah, and then sat with Maria opposite her.

After sitting down, Charlie asked her, "Jeremiah, why did you come to Aurous Hill?" Jeremiah said truthfully, "Return to Mr. Wade, I was originally ordered to find Miss Lin in the Far East."

"It was Victoria who ordered me a few days ago."

"To come to Aurous Hill to spy on Jermo, so I rushed here overnight." Charlie asked again, "Why did Victoria ask you to spy on Jermo?"

Jeremiah said, "She suspected that Jermo had a different intention,"

"Because she knew that Jermo had obtained at least two magic weapons, but Jermo only told her, he has got one."

As she spoke, Jeremiah said again, "She said that she found Jermo's movement track after coming out of Antique Street and went to the mountains, and she also paid attention to Aurous

Hill's Internet information,"

"And saw in Aurous Hill that day, there was a very strong thunderstorm in the mountain where Jermo went,"

"And the Aurous Hill Meteorological Department even issued an early warning." "She suspected that it was related to the magic weapon Jermo got, but Jermo only told her that he had got a magic weapon in the form of a finger ring;"

"I'm guessing that Jermo should have been found out by Victoria when he was using the magic weapon you sold him,"

"Mr. Wade and he deliberately concealed the magic weapon, which is why Victoria became suspicious."

Charlie frowned, "This Victoria is really keeping pace with the times. Not only has she mastered your movement trajectories,"

"But she also knows how to use the Internet to query third-party information to assist in judgment..."

Jeremiah nodded and said, "Victoria has always been very friendly with me." "With the advancement of the times, she not only has her own satellite communication system but also developed encrypted communication software."

"In order to prevent outsiders from knowing her identity and gender, she also uses a voice changer to confuse the public when using the communication software." "According to my knowledge you know, she often uses the Internet, and she pays attention to all major Internet platforms."

Charlie nodded, and then asked, "Then how did Victoria obtain your movements?" Jeremiah took out her completely damaged mobile phone, and said, "This is a mobile phone specially developed for us by the Warriors Den."

"It has a real-time positioning function and uploads our location coordinates to the server in real-time."

Charlie was amazed, smiled, and said, "Then Victoria must be very upset tonight, because not long after Jermo arrived at Wanliu Villa,"

"All the signals there were blocked by me, and the two earls disappeared at the same time,"

"She must not be able to sleep."

Jeremiah nodded slightly, "I didn't even have my mobile phone at the time. Any signal break would make Victoria very nervous and with her character,"

"She will definitely send someone to Aurous Hill to understand the situation in the shortest possible time."

Charlie smiled, "Could it be possible to send the fourth earl here too?" Jeremiah shook her head and said, "Probably not, Jermo was killed, and I also disappeared. Three of the four earls have disappeared."

“Think about it, Victoria should be very afraid of Aurous Hill, and it is impossible to send the last earl here.”

Charlie asked her, “With her personality, would she come to Aurous Hill by herself?” “No!” Jeremiah shook her head and said, “Victoria is extremely cautious. She will never go out to solve the problem personally,”

“Not to mention, she still has a killer trick that has been sealed for a hundred years...”

Charlie and Maria were very surprised, and asked her in unison, “What killer trick?!” Jeremiah said truthfully, “On the surface, the four Earls are the most powerful persons in the Warriors Den other than Victoria,”

“But in fact, there is a Council of Elders above us.”

“There are three elders in the Council. These three are from the Wu family, and they are extremely loyal to Victoria.”

“They are trusted by her, and they have been in seclusion for more than a hundred years,”

“And their strength is far higher than the four of us, and they are even about to open the Niwan Palace.”

“Open the Niwan Palace?” Charlie asked with a frown, “What will happen after opening the Niwan Palace?”

Jeremiah asked in surprise, “Mr. Wade is so powerful, don’t you know the benefits of opening the Niwan Palace?”

Charlie shook his head, “I only know that there is a Niwan Palace,”

“But I don’t know how to open it. There is no relevant explanation in the cultivation method.”

Jeremiah couldn’t help but exclaimed, “Mr. Wade has such a powerful strength without opening the Niwan Palace. It’s really unimaginable...”

She quickly explained, “According to Victoria It is said that when a monk opens the Niwan Palace,”

“It is equivalent to opening the dantian of a martial arts practitioner, which is a leap-forward breakthrough.”

“Once the Niwan Palace is opened, the strength, lifespan, and senses will all be greatly improved.”

Charlie thought in his heart. Shocked, but at the same time can’t help sighing, “I thought the “Nine Profound Heavenly Scriptures” was already a treasure of cultivation,”

“But I didn’t expect that now it seems that the “Nine Profound Heavenly Scriptures” is just a cultivation method for monks before opening the Niwan Palace.

If one compares the journey of Taoism to exploring the stars and oceans of the universe, then the ranks of the “Nine Profound Heavenly Scriptures” may not have broken out of the earth.

Perhaps only by opening the Niwan Palace can one truly enter outer space and begin to explore the universe.

Fortunately, the knowledge in the “Nine Profound Heavenly Scriptures” is very complicated, not only the secrets of Fengshui, the Eight Diagrams of the Book of Changes but also formations, refining tools, and alchemy, which can be regarded as making up for the lack of one’s own cultivation.

If not, with his own strength, he might not be able to defeat Jermo at all. So, Charlie asked her, “Has Victoria opened the Niwan Palace?”

“That’s natural.” Jeremiah said without thinking, “Her Niwan Palace was opened more than a hundred years ago. And she personally experienced the benefits of opening the Niwan Palace,”

“So she selected three people with the strongest qualifications from the Presbyterian Church,”

‘And let them retreat for a hundred years, just to open the Niwan Palace with one heart.’”

Chapter 5588

Charlie hurriedly asked, "Have these three succeeded?"

Jeremiah said, "It is said that they will succeed in another ten or twenty years." "Victoria may have promised us that after the three elders successfully opened the Niwan Palace and exited the gate smoothly,"

"She would let the four of us retreat, teach us how to open the Niwan Palace, I didn't expect what we're waiting for was a complete scam..."

Speaking of this, Jeremiah clenched her fists and said angrily, "When it comes to Niwan Palace, there are more. I must tell Mr. Wade the truth about this matter..." Seeing that Jeremiah's expression became sharp, Charlie frowned slightly, and said, "What's the matter, tell me."

Jeremiah gritted her teeth and said, "Victoria said at the beginning that it would be dangerous for the four of us to perform missions outside, and she was worried that we would encounter strength."

"A powerful monk lost his life, so it took several years to set up an extremely secret and extremely powerful formation in the Niwan Palace of the four of us."

"She said that activating this formation at a critical moment could save us with the wisp of remnant soul,"

"This will let our physical body die and our soul will live,"

"Jermo said today at the last moment that he would change his physical body to seek revenge from Mr. Wade, because of this..."

Speaking of this, Jeremiah said angrily, "But I didn't expect that it was not a formation to keep the remnant soul at all, but a very powerful self-destruction formation..."

Charlie nodded slightly after listening, "No wonder Jermo begged me for mercy at the beginning but changed at the critical moment."

"He looked at death as another home, so he thought he could really change his physical body..."

"Yes..." Jeremiah pursed her lips, looked up at Charlie, and said calmly, "Mr. Wade, in Niwan Palace, there is also a formation that is exactly the same, and its power is no worse than that of Jermo."

"Although I have no aura in my body now, I can't activate it, and I don't want to activate it, but I can't guarantee it. Is there a way for Victoria to activate..." Charlie said, "Didn't you say that she would never solve the problem personally?" "Even if she can activate the formation in your body, it is impossible to activate it remotely?"

Jeremiah nodded, "Remotely is naturally impossible to activate it, but if she sends the three elders to go out and tell the three elders how to activate the formation," "Then I am afraid that I will become an unstable super bomb beside you, Mr. Wade."

Charlie frowned and asked her, "What probability do you think Victoria will send out the three elders?"

Jeremiah thought for a while, and said firmly, "Based on what I know about her, 100%!"

"Really?" Charlie squinted his eyes and said, "As you said, these three elders have been in retreat, and they will be able to open the Niwan Palace in ten or twenty years."

"If they are allowed to leave the closed door now, they will definitely break the door."

"Stop their cultivation, if you want them to continue to retreat afterward, I'm afraid it will take a long time, and the invisible loss is so big, will she be willing?" Jeremiah said seriously, "Mr. Wade, Victoria has repeatedly underestimated the enemy. Unfortunately, she thought that the dead soldiers could kill An's family and that the cavalry guards could capture Miss Lin, but they failed twice in a row." "Then she learned the lesson of underestimating the enemy twice, and sent four earls, thinking that Jarvis could find out what's wrong with the Cavalry guards who left Cyprus,"

"She didn't expect that he would be beaten to a pulp by the close-range artillery; "She thought that with Jermo in the dark, she would be able to kill An family, but now it has failed... .."

"In this case, she will definitely send the three elders to completely solve the trouble, because the three elders are her last trump card!"

"It would be best if the three elders can solve it; if the three elders cannot even solve it, then she may have to abandon the nest and run for her life!"

Maria subconsciously asked, "Do you know how strong the three elders are?" Jeremiah said, "Miss Lin, I have never met the three elders. When I joined the Warriors Den, these three people had already retreated, but according to Victoria," "When the three of them were in retreat, their strength was already comparable to that of Jermo before tonight."

"His strength is above mine, and after a hundred years of retreat, their strength will definitely improve greatly, and the four of us are naturally different from them." The expressions of Charlie and Maria changed instantly.

According to Jeremiah, the strength of the three elders must surpass the four earls by a large margin.

It would be extremely difficult to deal with one of them alone, and if these three acted together, their strength would be immeasurable.

Charlie also knew that he could defeat Jermo, but he would definitely not be able to defeat elders who had more than a hundred years of cultivation experience than Jermo.

Maria looked at Charlie at this moment, and said, "My lord, if Victoria really lets the three elders come out of the mountain, I'm worried that you can't beat them with two fists."

"To be on the safe side, you might as well leave Aurous Hill for a while to avoid the limelight..."

Jeremiah also agreed and said, "Mr. Wade, Ms. Lin is right. The three elders added together, even Victoria will have a hard time winning."

“You have not opened the Niwan Palace yet. If you really stay in Aurous Hill, once the three elders arrive, I’m afraid it will be difficult to escape!”

Charlie pondered for a moment, then shook his head and said, “It’s easy for me to leave, how can my grandparents’ family get away?”

“Their goals are so big, and there may even be informants from the Warriors Den inside.”

“Warriors Den wanted their lives wholeheartedly, no matter how they escaped; they would never be able to escape the pursuit of those three elders...”

Speaking of this, Charlie suddenly asked Jeremiah, “How much do you know about my parents? Do you know why Victoria insisted on killing my grandparents’ family after twenty years?!”

Jeremiah said truthfully, “Mr. Wade, I only know that your parents got the secret of longevity before Victoria.”

“Why, Victoria asked Jermo to hunt down and kill your parents twenty years ago, but I don’t know why she still wants to kill your grandparents’ family after twenty years.”

Charlie frowned and asked her, “The secret of longevity, I have heard Jermo say a few times, what is the secret of longevity?”

Jeremiah shook her head and said, “I don’t know either... the secret of longevity is just what Victoria said, but the four of us don’t know what it is.”

Charlie was a little disappointed, he still couldn’t figure out what the secret of longevity was for the enmity between his parents and Victoria,”

“And he couldn’t figure out why Victoria wanted to treat her grandparents’ family after twenty years and kill them all.

Maria at the side thought of something, and quickly asked, “Where is the current residence of the Warriors Den?”

Jeremiah said, “It’s underground on an uninhabited island in South America, near the Antarctic Circle, but I don’t know the exact coordinates.”

“We have always been guarded against. When we come out, we will go to Argentina by seaplane or small submarine first,”

“But we must go back to Argentina first when we want to go back, but, whether it’s an airplane or a submarine, we can’t see any outside scenery,”

“And we are not allowed to carry any modern tools such as mobile phones when we land on the island.”

Speaking, Jeremiah said again, “But it should be near the Antarctic Circle.”

“If you search carefully and exclude them one by one, it is not impossible to find it.” Charlie shook his head, “I don’t even know how to deal with the three elders now,” “So I don’t have the ability to find the lair of the Warriors Den. “

Maria hurriedly persuaded, "My lord, why don't you consider the suggestion and leave Aurous Hill as soon as possible to avoid it."

"I speculate that there should be no one in the immediate family of the son's grandparents colluding with the Warriors Den."

"And there is a high probability that they are people with a foreign surname in the family, so you can only take An's family away, and strictly control information leakage during the period."

"If there is any contact with the outside world, safety should still be guaranteed..." "No." Charlie said firmly, "Aurous Hill is my foundation. My family and friends are all here."

"If I leave, no one can guarantee their safety. What's more, if I leave?"

"If the other party finds out my identity, I will never forgive myself for letting them vent their hatred on my family and friends."

Speaking, Charlie said again, "Besides, you can't let me escape with everyone, can you?"

"Originally, I was still in the dark with Victoria, if I made such a big move, wouldn't it be self-inflicted?"

Maria was worried and said, "Young master, although South America is far away, those three elders have won Victoria's trust."

"Once they leave the mountain, Victoria will definitely let them come to Aurous Hill as quickly as possible,"

"Within twenty-four hours at most. They will arrive here, after twenty-four hours; it will not be so easy to leave..."

Charlie was silent for a while, his expression became more determined, and he said sharply,

"I won't leave! An family doesn't have to leave either! Now that Victoria has her eye on Aurous Hill,"

"I'll sing 'Empty City Strategies' to her! I want to see if she has the guts to let go."

Chapter 5589

“Empty city plan?!”

Hearing Charlie’s words, Maria and Jeremiah were puzzled. They naturally know the allusion to “Empty City Strategies”.

In “The Romance of the Three Kingdoms”, Zhuge Liang faced the siege of Sima Yi’s 150,000 army.

Going up, playing the piano while waiting for Sima Yi’s army.

When Sima Yi’s soldiers approached the city, they saw Zhuge Liang playing the piano with a smile on the top of the tower, contentedly.

However, they couldn’t figure out why Charlie will sing this “Empty City Strategies” to Victoria.

Charlie wants to climb up the tower and play it calmly like Zhuge Liang? Jeremiah was the first to persuade him, “Mr. Wade, the reason why “Empty City Strategies” worked was because Zhuge Liang made Sima Yi fearful.”

“Victoria will definitely send those three elders to test your details,”

“She will be afraid of you only if you are in the dark, and once you are in the light,”

“She will only force you to fight you to the death...” Maria couldn’t bear it either. She can’t help persuading,

“Yes, master, I also think that what Jeremiah said is reasonable.”

“At this time, the possibility of Master trying to scare Victoria away is almost zero.”

“It is better for me to advise you not to take risks...” Charlie saw two were persuading him not to take risks,

But instead, he laughed out loud and said with an unfathomable face,

“You two, don’t doubt my IQ, I’m not stupid enough to take the initiative to expose myself to Victoria.”

When they saw Charlie smiled very confidently and was even more puzzled in their hearts.

Maria guessed that Charlie was so confident that he must have a perfect plan, so she asked,

“I don’t know if you have any tricks,”

“You might as well tell me and Jeremiah to learn from it.”

Charlie said with a smile, “Both of you have much richer life experiences than me,”

“So you can’t talk about learning from me. The most we can do is make progress together.”

Then, Charlie stood up and said, “Wait a minute, both of you. Let me show you something.”

The two could only suppress the doubts in their hearts, Watched Charlie get up, and took out a scroll from the safe. Maria had already guessed a little bit, and couldn’t help asking,

“The scroll in the master’s hand, could it be the portrait of the master?!”Charlie nodded, brought the painting in front of the two of them,

And spread it out on the coffee table in the middle.

When it opened, a lifelike and peerless painting appeared vividly on the paper. Maria looked at the old man with the fairy wind and crane bones in the painting,And couldn’t help exclaiming with admiration, “So this is the true face of the oldman, Shigong...”

“It really is like what my father said, the spirit is extraordinary, and the fairy wind isethereal!”

Jeremiah asked in surprise,

“This...is this the master that Victoria often talks about, Meng Changsheng?!”Maria exclaimed, “Victoria told you about the master?”

Jeremiah said, “Victoria in front of the four of us, she often mentioned Senior Mengand the past when she worshiped under Senior Meng.”

“She said these things in order to give us a picture,”

“To let us know that a journey of cultivation can lead to a thousand years oflongevity,”

“And let us follow her even more wholeheartedly.”

Maria pointed and nodded and sighed, “If she doesn’t get the Hundred TurnsThousand Return Pill,”

“Victoria could live another hundred years at most.”

“She must have started to feel anxious by now.”

Jeremiah smiled, and said in agreement, “What Miss Lin said In other words, in thepast two years, Victoria has obviously become more anxious than before.”

“In the past few decades, she has never worried about aging.”

“After all, her appearance has not changed a bit for hundreds of years,”

“But in the past two years, she started to pay attention to skincare,” “Sometimes I can smell the smell of skin care products when I pass by her,”“I think she is afraid of aging.”

Maria sneered, “What is supposed to come will always come, what’s the use ofbeing afraid.”

After finishing speaking, she pulled her thoughts back to the painting in front ofher, and suddenly understood Charlie’s plan.

So she widened her eyes for a moment, and asked Charlie with great joy,

“Master... Could it be that you want Master to sing “Empty City Strategies” for you?” And Charlie saw that Maria was really smart, she could tell a little bit,

He couldn't help saying excitedly, “Miss Lin's guess is right!”

“I just want to work hard for Old Ancestor Meng to sing “Empty City Strategies” forme!”

Jeremiah felt she couldn't keep up with the two of them, so she asked anxiously,

“Mr. Wade, what do you and Ms. Lin mean?”

“Hasn't Old Ancestor Meng passed away for hundreds of years? How can you let him sing for you?”

Charlie looked at Meng Changsheng in the painting, and asked Jeremiah,

“Miss Jeremiah, from your point of view, why would Victoria send the three elders to Aurous Hill?”

“Uncertainty, the An family is unharmed, Victoria is not sure who the enemy is,” “How many enemies there are, the strength of the enemy is not sure, and whether the enemy is dead or not,”

“These are all based on what she wants to find out.”

“In addition, she definitely wants to continue attacking the An family.”

Charlie nodded, and said, “Miss Jeremiah is right, these are all things Victoria is in a hurry at the moment.”

As he spoke, Charlie pointed at Meng in the painting.

Asked her, “Miss what do you think, how many people in this world can recognize the person in this painting as Patriarch Meng?”

Chapter 5590

Jeremiah's pupils shrank suddenly, and exclaimed, "Except for us I'm afraid there is only... only Victoria!"

Jeremiah didn't know the past of Mrs. Jiang's family,

But only knew that Meng Changsheng passed away many years ago, And Victoria was the only person who knew him and lived to this day.

Charlie didn't extend the topic either, so he followed Jeremiah's words, nodded, and said,

"Since Old Ancestor Meng, apart from us, only Victoria knows him now,"

"If this painting suddenly comes out in Aurous Hill tomorrow,"

"Once Victoria sees it, she will be very happy. What would you think?" Jeremiah said in shock, "Then she...then she might be shocked to the top by lightning?!"

"In her opinion, she should be the only person in this world who has met Patriarch Meng and is still alive."

"And the portrait of Old Ancestor Meng suddenly appeared in Aurous Hill,"

"Wouldn't she fly over non-stop when the time comes?!"

Maria chuckled and said, "Miss Jeremiah is worrying too much,"

"If this painting suddenly comes out in Aurous Hill, Victoria will instead Never dare to come."

Jeremiah asked inexplicably, "Why? This is the portrait of her master."

"After hundreds of years, the face of the master has reappeared in the world." "Doesn't she want to find out who made this painting how did you get the painting?"

Maria smiled and said, "Of course, she wants to, I'm afraid she still has to scratch her head,"

"But then again, the more she wants to find out about this,"

"The less she dares to come to Aurous Hill for this!" After that, Maria looking at Charlie said in admiration,

"Master, you really have great wisdom. This "Empty City Strategies", I am really ashamed of myself for not understanding."

"Once this painting comes out in Aurous Hill tomorrow, I'm afraid it will scare Victoria to pieces!"

Charlie nodded, smirked at her, and said, "What a coincidence, Aurous Hill is just holding a calligraphy and painting exhibition,"

"And now it is collecting excellent calligraphy and painting works across the country."

"There is a lot of momentum in the major media"

“Although this painting does not leave any name of the author, but the painting is outstanding,”

“And the artistic conception is also very extraordinary.”

“From an artistic point of view, it is definitely not inferior to those well-known painters in Chinese history,”

“So, as long as this painting is taken and if it comes out,”

“It will definitely cause a lot of shock in the calligraphy and painting circle;”

“Victoria is paying close attention to Aurous Hill, isn't she?”

“As long as this painting comes out, she will definitely pay attention to it,”

“And there will definitely be many question marks in her heart!”

“She must want to know, who is it that took out the portrait of her master?” “And she must want to know more, what is the relationship between the person who took out the painting and her master?”

“Could it be the disciple her master accepted before her?”

“If so, then the other party may be over five hundred years old.”

“He must have already obtained the Hundred Turns Thousand Return Pill,”

“And she will be afraid that he is much stronger than her!”

“She must also want to know why the two earls under her command died and disappeared in Aurous Hill just now,”

“And then the portrait of the master the next day is born in Aurous Hill?”

“And she must really want to know if the person who took out this painting and the person who forced Jermo to blow himself up is the same person?”

“If so, why didn't that person die from Jermo's blew up “

And she must really want to understand why the other party survived Jermo's self-explosion,

And why he made Master's painting public immediately afterward;”

“Besides, she probably wants to understand even more. What is the intention of the other party doing this?”

“Did she want to shake the mountain and tell her that the other party already knew her true identity and knew that she was Meng Changsheng's disciple?!”

“Once she thinks about this level, then she will realize that the other party has already figured out all her backgrounds!”

“At that time, this woman who usually uses a voice changer on the phone will probably be as panic-stricken as an ant in trouble. Trying to answer what should I do next.”

“And this is not the most troublesome question for her!”

“The most troublesome thing for her must be that this person knows all the details about her.”

“By doing this, is he trying to lure her to Aurous Hill?”

“Or lure her to send more people to Aurous Hill to die?”

At this point, Charlie sneered and said, “I believe that when Victoria has so many question marks in her mind,”

“She will definitely be wary of Aurous Hill. At that time, I will give her the courage to see if she dares to come.”

“Even if the three elders have already arrived in Aurous Hill, she will call them back immediately!”

Jeremiah asked with some doubts, “Mr. Wade, I don’t know the art of war, and I don’t understand the conspiracy.”

“I have always had a doubt about “Empty City Strategies”, that is, since Sima Yi has 150,000 soldiers and Zhuge Liang opened the city gate,”

“Why didn’t he send 10,000 soldiers, or even 20,000 soldiers and horses to find out the truth?”

Charlie smiled slightly, “Let me tell you this if you receive a scam call and the other party says on the phone that as long as you transfer all your 150,000 yuan to him,” “He can double your income in one day.”

“And you already firmly believe that the other party is a liar in your heart,”

“Then will you take out 10,000 or even 20,000 of your 150,000 belongings to call him?”

Jeremiah was stunned, then immediately Ashamed, she said, “I understand... Thank you, Mr. Wade, for your advice.”

“It seems that I have been devoting myself to cultivating the Tao these years, and my strategic thinking is too far behind...”

Maria looked at Charlie, her brows and eyes bent over with a smile.

She felt more and more that he was very interesting, he had capital and kindness, He was capable and had a sense of justice, and at the same time he was very smart, And even rarer, he was also very humorous.

So she smiled and said, “Young Master, if Victoria finds out that Young Master is plotting against her one day,”

“She will be so angry that she lost twenty years of her life...”

Maria smiled narrowly and said, “Since Young Master has such a good memory,” “Why don’t you give up on her?” Inscribe a few words on this painting, and the effect will be better.”

Charlie asked with a smile, “What words should I inscribe?”

Maria smiled and said, “Just click on the biography of Old Ancestor Meng! Meng Sheng, courtesy name Changming, a native of Chang’an, was born in the first year of Linde in the Tang Dynasty. Later, he called himself Changsheng Jushi and changed his name to Meng Changsheng...”

.....

Chapter 5591

At this moment, an uninhabited island in South America is covered by ice and snow. Victoria was leading Revendor through the huge underground structure on the island.

The two went all the way to the deepest part of the underground building. Here, there is a space completely sealed in the rocks.

In this space, there is one and only one ventilation pipe well to communicate with the outside world.

And the three elders of the Warriors Den are retreating here at this moment. Interestingly, since the three of them retreated for a hundred years,

Without knowing it, they have followed the Warriors Den across more than half of the world,

From China, through Oceania, and finally to South America.

These three people have already completely cut off all contact with the outside world.

At the same time, they have tightly wrapped their bodies with aura, so that the body's metabolism has almost stagnated.

They don't know how long the outside world has passed.

They have become purer, and at the same time constantly attack the Niwan Palace with spiritual energy, trying to completely open the Niwan Palace.

When Victoria came to this room, the three of them were already as skinny as sticks, like three sitting mummies.

However, Victoria could feel that there was a very powerful and pure aura hidden in their withered bodies.

The three of them were really only one step away from breaking through the Niwan Palace.

Among them, the one who made the fastest progress,

There is still a maximum of ten years of cultivation before breaking through the Niwan Palace.

At this moment, Victoria said regretfully, "If you wait another ten or twenty years," "The three of you will break through the Niwan Palace, and the Warriors Den will be able to walk sideways in the whole world."

"It's a pity that the current situation has taken a turn for the worse."

"Let the three of you leave the level early and eradicate the powerful enemy hidden in the dark for me."

As she spoke, she gathered the spiritual energy on her fingertips,

And then silently worked her mind, pointing at the three of them in the void! Immediately afterward, three surges of spiritual energy quickly submerged into the bodies of the three withered to the point of waxing.

In an instant, the bodies of the three began to recover quickly like a dead tree inspring Blood and luster!

After about a stick of incense, one of the old men who seemed to be in his fiftiessuddenly opened his eyes.

He looked at himself first, and then at Victoria in front of him.A hint of disappointment flashed across his expression,

But this disappointment disappeared in a blink of an eye, he immediately got upwithout thinking,

Bowed down to Victoria, and shouted reverently, “The subordinate Brovnen ishappy to see you, Lord!”

The other two also opened their eyes at this time,

And the disappointment in their eyes disappeared in an instant.

Seeing Brovnen kneeling on the ground, they quickly followed Brovnen to kneeland salute.

“Subordinate Bowen is happy to see you, Lord!”

“Subordinate Buzzner is happy to see you, Lord!”

Victoria saw the flash of disappointment when the three of them just woke up, soshe said,

“The three have been retreating for a hundred years. You really worked hard!”

“Hundred years?!”

All three of them were taken aback, no one thought that this retreat would take ahundred years!

What’s more, they didn’t expect that after a hundred years of retreat,They still haven’t been able to break through the Niwan Palace!

What they didn’t expect the most was that after a hundred years of retreat, theywere about to break through the Niwan Palace,

But they were awakened by the Lord at the last moment. Although the three were extremely helpless in their hearts,

Chapter 5592

Facing Victoria at this moment, they naturally did not dare to reveal anything. After all, the three of them are all descendants of the Wu family, descendants of Victoria,

And it was Victoria who brought them into the Tao.

It is a pity that they failed to break through the Niwan Palace after a hundred years of retreat,

But at most, it would take more than ten or twenty years.

A hundred years have passed with the flick of a finger, and ten or twenty years is nothing.

Therefore, Brovnen Wu said respectfully, "The Lord suddenly awakened the three of us."

"Presumably there must be an important task for the three of us to deal with."

"It is an honor for the three of us to share the worries for the Lord."

"I surrender to the will of the Lord!"

The other two also agreed. With one voice, they followed up and said, "I surrender to the will of the Lord!"

Victoria was very satisfied with the performance of the three of them at this time, What she wanted was the performance of the three of them obeying orders, Otherwise, she would not have taught the three of them to break the Niwan Palace of mind.

What's more, the method Victoria imparted to them was a little incomplete. Although they have been in seclusion for a hundred years,

If Victoria did not provide external assistance in the last few years,

The three of them would not be able to break through the Niwan Palace no matter what.

Even if the Niwan Palace is right in front of them, even if it is only separated by the last layer of window paper,

Without Victoria, they will not be able to break through this last layer. However, the three of them had no way of knowing this at the moment.

Therefore, from Victoria's point of view, if the three of them value cultivation more than her orders at this moment,

Then she should limit their final breakthrough, lest the three of them become more uncontrollable after breaking through the Niwan Palace.

Immediately, Victoria said to the three of them,

"Recently, we have encountered many foreign enemies in Warriors Den."

"After you retreated, three of the four earls I trained have died," "But the identity of the enemy has not even been clarified yet." The expressions of three are all terrified.

They thought that there might be trouble with Warriors Den, but they didn't expect it to be so troublesome.

Therefore, Brovnen Wu said without hesitation,

"My lord, the three of us are willing to relieve the lord's worries!" Victoria nodded slightly, and said, "Time is running out."

"The three of you follow Revendor to prepare first."

"There will be a plane in an hour. Send you to Aurous Hill."

After finishing speaking, she turned around, called Revendor outside the door, and said to the three of them, "This is Revendor Wu."

At this moment, Revendor saluted the three of them very respectfully, and said with great respect,

"Revendor, the grandson of the Wu family, has met the three grandpas!" Although Revendor is a junior, the three of them are very clear that they have retreated for a hundred years,

And they don't know what the outside world is like.

In the future, they will inevitably rely on Revendor's help in private.

Dealing with him will be unavoidable in the future, so naturally they will be less airy and more polite.

After the four of them exchanged greetings, Victoria said,

"Okay, we are all a family, and we can put aside the reminiscences later."

"The three of you will go to Revendor to make preparations."

"The journey will take at least twenty hours."

"Whatever you want to know Revendor will explain to you."

"What the world has become like in these 20 hours."

After that, she asked Revendor, "Revendor, is it okay for the three elders to go directly to Aurous Hill by plane?"

Revendor hurriedly said, "Back to the Lord, I will follow your instructions."

"I will change the identity information of the three elders."

"I have the latest passport. The three elders will be able to enter the country smoothly!"

"Okay!" Victoria's expression was gloomy, and she said in a cold voice, "You set off as soon as possible! After arriving in Aurous Hill," "Besides An family, anyone you suspect must also be killed!"

"Be sure to kill them all, absolutely not Leave any trouble behind!" The four said in unison, "Lord! Your subordinates obey!"

Chapter 5593

The other side.

Charlie was still in the mid-level villa in the Champs Elysees, having a long conversation with Maria and Jeremiah.

Although he has decided to sing “Empty City Strategies” to Victoria, there are still many details that need to be clarified gradually.

Maria said to Charlie, “Master, the idea of “Empty City Strategies” is brilliant,”

“But the only risk is that if the three elders come to Aurous Hill,”

“But Victoria hasn’t paid attention to the portrait of the master, how should we deal with it?”

Charlie laughed and said, “Don’t worry, the most popular short video platform right now is the Wade family’s industry.”

“I tried to find a way to send this painting to the Painting and Calligraphy Association this morning.”

“Within a few hours, I can naturally arrange this painting to be popular.”

“As long as Victoria is still paying attention to Aurous Hill, she will definitely see it.” After speaking, Charlie said again, “I guess if it is really like Miss Jeremiah said,” “Victoria will definitely send three elders, then I guess These three elders are about to leave.”

Maria nodded, and said, “It’s a long way to China from the edge of Antarctica,” “And it’s impossible to take off and land ultra-long-range airliners on their island,” “So they must go to Argentina first. They must be on the way to Argentina.” Charlie looked at the time and said with a smile, “If they are efficient,”

“They will probably be here by seven or eight o’clock in the morning. If they’ve already taken off to China.”

Charlie paused for a while, and then said, “After they get on the plane to China,” “I’ll make the paintings of Old Ancestor Meng public, and Victoria will probably see it soon.”

“Summon them back urgently, and the mentality of these three people will probably collapse at that time.”

Maria nodded slightly, and said with a smile, “The three of them have retreated for a hundred years, and they were about to succeed. They are suddenly called out by Victoria to perform a mission.”

“Opinions are the same as those of the Wu family, this is human nature.” Both Charlie and Jeremiah agreed with Maria’s point of view.

Jeremiah lamented, “There are opinions for sure. After all, they have practiced on it for a hundred years,”

“But it is only a short step. It is suddenly interrupted. I don’t know how long it will be delayed.”

Charlie smiled and said, "The key is that if there is an urgent task, they are duty-bound to leave customs,"

"But everyone has been tossing around, and they have not yet arrived in Aurous Hill,"

"And then they are called back. If you drag the dog back, the dog will be dissatisfied."

Maria asked with a smile, "What is the young master's plan now?"

"How can this painting be given to the painting and calligraphy exhibition?"

Charlie replied, "My father-in-law is the executive vice president of the Painting and Calligraphy Association,"

"And they have been looking for exhibits everywhere recently, so I can give this painting to him."

Maria said with some concern, "The identity of the young master is sensitive,"

"And Victoria has always wanted to find out the whereabouts of the young master." "If the young master gives the painting to the father-in-law, in case Victoria sends someone to investigate,"

"Maybe she can find out the young master's identity information,"

"And in that case, it will be exposed?"

Charlie nodded and said with a smile, "I must choose a clever way to give this painting to my father-in-law."

As he spoke, he thought of an idea, and said, "I have a solution, and I will do it later."

After speaking, he looked at Jeremiah and said, "Miss Jeremiah,"

"The formation that Victoria left in your Niwan Palace needs a special formula to activate, right?"

Jeremiah nodded and said, "That's right."

Charlie asked again, "Then Have you used your spiritual energy to investigate the mystery?"

Jeremiah said, "I have, but the Niwan Palace is usually closed, and our spiritual energy cannot enter at all."

Charlie nodded and sighed, "It seems that Victoria's control of your body is indeed very strong,"

"And I have never opened the Niwan Palace. I can't even open my own Niwan Palace, let alone try to open someone else's."

"Therefore, the self-explosive formation in your body should not be able to be removed in a short time."

Jeremiah sighed softly, and said, "I never thought about getting rid of the formation,"

"But I just hope that this formation will not affect other innocent people."

"Anyway, I don't have too long to live, and there is only the last thing left in my life. It is just a matter of not more than two years."

Charlie asked curiously, "Why do you say that?"

Jeremiah said, "I have the strange poison left by Victoria in my body."

"I have to take the antidote every three years, otherwise my meridians will be cutoff and my internal organs will be destroyed."

Charlie frowned and said, "I wonder if I can check it out?"

Jeremiah hesitated for a moment, then nodded slightly, and handed Charlie her right hand.

Charlie put his fingers on Jeremiah's vein gate, and a trace of aura entered her body.

After running through her body for a while, he found that her meridians, dantian, and even internal organs were surrounded by a strange energy.

Charlie can vaguely feel that this energy has been completely fused with her meridians and internal organs.

With Charlie's current ability, it is completely impossible to separate this energy from her body.

What's even more strange is that he can feel that this energy is extremely manic in nature,

but the reason why it can be stably integrated with her body without interfering with the other is that there is another energy that is like a stabilizer,

constantly interacting with this energy. The strands of energy interact to keep the former stable.

Moreover, Charlie can feel that the latter has been absorbed by the former at an extremely slow speed.

This kind of slow absorption can not only keep the former stable but also allow the former to absorb continuously for a long time.

In the middle, it will gradually become stronger and stronger, while the latter will become weaker and weaker because it is continuously absorbed by the former.

Charlie couldn't help but said, "Miss Jeremiah, there are two strange auras in your body, do you know?"

"Yes." Jeremiah nodded, and said, "These two auras are poison and antidote."

He sighed, "It seems that the spiritual energy in the deepest part of Miss Jeremiah's body should be the poison itself,"

"And the spiritual energy involved with it is the effect of the antidote."

"As long as the effect of the drug is still there, the poison's properties can be stabilized."

"The effect of the antidote has been slowly absorbed by the former, and once the latter, which has the function of a stabilizer, is absorbed by the former, the former will explode, and you will die from breathlessness."

Charlie said again, "The blood in your body has a kind of toxin that is completely different from the situation of the dead man and the cavalry."

“The toxin in the body of the dead man and the cavalry is a kind of poison with a complex structure.”

“Presumably it should be a special toxin mastered by Victoria. The poison in your body is not so much poison as it is a special aura.”

Chapter 5594

Jeremiah nodded, laughed, and said, "This is Victoria's ingenuity, the poison she gave us to reconcile. The medicine is actually a special kind of aura."

"The clever thing is that if we don't take the antidote, we will die from the poison." "If we take the antidote, it seems to stabilize this energy, but in fact, it is letting this energy continuously improve its own strength,"

"Which is tantamount to chronic poisoning, getting deeper and deeper?"

Charlie said with emotion, "Victoria is really smart. The consequence of this poison and antidote for you is that the longer you live,"

"The more you have to be dependent on it, and the more you take the antidote, the stronger the toxins in your body will be."

"Even if you practice hard and improve your strength, but because you have to take the antidote every three years,"

"You still can't get rid of this kind of poison. The poison has control over you!" For the poison in Jeremiah's body and the formation in her Niwan Palace, Charlie didn't have any good solutions for a while.

This also made him realize that there was still a huge gap between himself and Victoria.

This time, Jermo blew himself up. Although he had escaped with the ring that Maria gave him,

If Victoria really sent three masters who were about to break through the Niwan Palace to Aurous Hill,

Then he might not survive at all. Chances are, even if there is Maria's ring, it will only kill Maria.

As for Victoria, she opened the Niwan Palace more than a hundred years ago, and her current cultivation is unfathomable,

At least a hundred or even two or three hundred years ahead of himself,

So if Victoria comes here in person, she would probably be even worse. He will have zero possibility of survival.

Thinking of this, Charlie couldn't help but rejoice, if he hadn't accidentally rescued Mrs. Jiang and her son who were in trouble in Mexico,

How could he have the opportunity to get the portrait of Old Ancestor Meng? If he didn't have this portrait of the ancestor Meng in hand,

It would be a dream to sing this "Empty City Strategies". In that case, I would be powerless to stop the three elders from coming to Aurous Hill.

Charlie couldn't help but secretly swear in his heart that if he could bluff Victoria this time,

He must thank Mrs. Jiang for this opportunity. If Mrs. Jiang needs it, he will give her another Rejuvenation Pill as a thank-you token.

After making up his mind, Charlie looked at Jeremiah, and said apologetically, "I'm sorry, Miss Jeremiah, although I can heal your injury and slowly restore your cultivation,"

"But I really can't solve the poison for a while."

"But you don't have to worry too much, I will try my best to find a way." Jeremiah knew that Charlie was comforting her, but she was not disappointed in her heart,

After all, her first thought after the explosion was to stay away from the lord and spend the rest of her life.

Now that her body has recovered a lot, Charlie promised to help her recover slowly, which is far beyond expectations. How dare she expect to be able to detoxify and form formations?

So, she said to Charlie very gratefully, "Mr. Wade doesn't need to apologize to me." "I am already grateful for your help to heal my injuries. As for the detoxification and formation,"

"I don't dare to hope that I can live the rest well. In the past two years, I have been very satisfied!"

Charlie looked at her, and said very seriously, "It's really not possible, I will have away after two years,"

"Although it may not be able to break the formation in your body, but at least 80% sure it will be able to eliminate the poison in your body."

Upon hearing this, Jeremiah's eyes flashed with excitement.

But at this time, Charlie changed the subject and said very seriously, "But, although this method has an 80% success rate,"

"It may also bring you great pain. If it fails, the pain will be a disaster for no reason. I wonder if you are willing to take the risk?"

Jeremiah said excitedly, "Mr. Wade, don't say that there is an 80% chance, even if there is only a 10% chance,"

"Even if I have to go through a sea of swords and flames, I am willing to try!" Charlie nodded seriously. Said, "I might as well tell you this method. I have a medicine called Reshaping Pill. As long as the human brain is not dead,"

"Even if the body has turned into mud, the Reshaping Pill can help him reshape a complete body."

"I just saw that the toxins in your body are basically in your meridians, dantian, and internal organs."

"At that time, I can cut off all the poisoned places in you, and then put the remodeling pill into your mouth, so that it helps your body reshape, once the reshaping is completed, I believe these toxins should no longer exist!"

Hearing this, Jeremiah asked in surprise and joy, "Mr. Wade, you really have such a magic medicine?!"

Charlie said indifferently, "The reason I can talk to you here without any damage is because I took the Remodeling Pill."

Jeremiah's eyes widened, and she couldn't help but burst into tears with excitement.

She said, "Mr. Wade! If you are willing to use this magic medicine to help me, I swear that in this life, you are the only one whose lead I will follow!"

"Even if you let me die, I will have nothing to say!" Charlie stretched out his hand to help her up, with an expression on his face.

He said in a solemn voice, "My goal is to kill Victoria with my own hands and avenge my parents. If you are willing to follow me, you will be an enemy of Victoria. Can you do it?"

Jeremiah gritted her teeth and said, "Mr. Wade, don't worry, Victoria is vicious and evil."

"Not only has she used poison to control me for decades, she even turned me into a human bomb, and I have a sworn feud with her!"

Charlie tapped lightly. Nodding, he said, "Okay! If I can help you detoxify your body after two years, then if I am lucky enough to open the Niwan Palace in the future," "I will definitely do my best to help you remove the formation in the Niwan Palace." "After that, you will be completely free, no matter where you go, I will never interfere, this is my promise to you today!"

Jeremiah clasped her fists in both hands and said gratefully, "Thank you, Mr. Wade, for your righteousness!"

At this moment, the sky outside has already brightened.

Charlie said to Jeremiah, "Miss Jeremiah, I'll ask someone to take you to the Champs Elysees Hot Spring at the foot of the mountain later,"

"Where I'll arrange a room for you to stay temporarily. You still have a very powerful formation in your body."

"Therefore, I need you to be ready to evacuate at all times. If my empty city plan fails and the three elders still come to Aurous Hill,"

"Then I will send you to a safe no-man's land, in case the three elders come to Aurous Hill. There is a way to detonate your formation."

Jeremiah nodded, and said respectfully, "I will listen to Mr. Wade's arrangements for everything!"

Maria at the side thought for a while, and said, "Young master, I think that you must find a way to monitor it from Argentina."

"All civil aircraft that take off and go to China, including passenger planes and cargo planes, Argentina is very far away from China, and there is currently no direct flight between the two countries."

"If there is a flight that applies for a route to Aurous Hill, pay attention to the route map of the flight, real-time Monitor the other party's whereabouts."

“Once the young master’s empty city plan is over, and there are planes from Argentina heading straight to Aurous Hill, then you must be careful!”

“If the young master’s empty city plan is over, a certain plane that was supposed to come to China suddenly turned around, then this plane may be the one that the three elders took.”

He nodded in agreement and said, “It is indeed a good idea to monitor the plane. I used this method to lock down a shipping company of the other party, and then I met you in Northern Europe.”

Maria smiled slightly and said, “I also guessed that the young master should use this method. Only this method can grasp the movements of the cavalry guards and dead soldiers.”

At this time, Jeremiah suddenly said, “Young master, if you can lock the plane that the three elders are flying on and find a way to shoot down the plane,”

“Wouldn’t you be able to kill all the three elders with ease!?” Charlie and Maria said almost at the same time, “No way!”

After Charlie finished speaking, seeing that Maria had the same reaction as himself, he asked her, “What do you think, Ms. Lin?”

Maria said seriously, “No matter what the situation is, shooting down a civilian airliner is a terrorist act,”

“This is absolutely not advisable, and will be despised and condemned by the whole world. You must act with a clear conscience; this kind of thing is absolutely not advisable.”

Charlie also agreed and said, “There should be limits, a man can do something, and he can’t do something. This kind of thing is definitely not within the scope of my consideration.”

Jeremiah was ashamed immediately and quickly said, “I’m sorry Mr. Wade and Ms. Lin, I took it for granted...”

“I just think that if the three elders are all on the same plane, shooting down the plane might kill them all at once.”

“The best way, but I never thought about it... This approach is really inappropriate... Please forgive me, Mr. Wade and Ms. Lin...”

Charlie nodded and said, “Today’s goal is to scare Victoria and force her to retreat, don’t be greedy.”

“As long as this goal is successfully achieved, Victoria will never dare to act presumptuously in Aurous Hill for a long time in the future,”

“So that she can buy more time to try her luck and improve her strength. When dispatched, we already had the strength to keep the three of them in Aurous Hill forever!”
