Chapter 20 Help Me Find Out the Cause of the Fire

At this time, Scarlet brought a plate of fruit. "Ms. Logan, you've been busy all morning. Why don't you eat some fruit?"

Before Cecilia could thank her, Scarlet whispered, "Ms. Logan, may I have a word with you?"

Cecilia raised her eyes to look at her and naturally understood it. Not far away, a maid was working. She got up and said, "Scarlet, bring the fruit to the garden. I'll eat there."

"Yes, Ms. Logan."

Carrying the fruits, Scarlet followed Cecilia to a corner of the garden. Seeing no one around, she said with concern, "Ms. Logan, I feel so sorry for you! You wouldn't have needed to please Mr. Logan and Mrs. Logan like this in the past."

Cecilia lowered her curly eyelashes. Although her eyelashes covered the depression in her eyes, they couldn't hide her frustration all

over.

She didn't want to do this. But in this family, Isabella's position would only become more and more important, while hers would become less and less important...

Now, she still had a chance to catch up...

"Ms. Logan, these are imported fruits. I cut some of each for you. Eat some! You didn't eat much in the morning..."

Scarlet looked very sympathetic, "Oh, I want to tell you that before

the Logan family announces the identity of Ms. Logan, the marriage contract between you and Benjamin still counts in the eyes of outsiders...'

Cecilia's eyes lit up instantly.

Yes. Benjamin! She still had Benjamin...

The identity of the daughter of the Logan family wasn't important. As long as she married Benjamin, she would have the whole world.

"Ms. Logan, you grew up with Benjamin since childhood. Although you've met very often, it's more often that Ms. Logan after all! That Ms. Logan has never even met Benjamin!"

"Scarlet, what do you mean?" Cecilia guessed what she meant, but she dared not say it, nor could she say it.

"I know a few maids from the Mason family. They all work in Old Mr. Mason's villa. I heard that Old Mr. Mason has gone on a hunger strike these days to force Benjamin to show up. Old Mr. Mason almost died in the hospital!"

"What did you say?" Cecilia covered her lips, apparently startled.

"But fortunately, the rescue was in time and he was saved! He is looking forward to seeing you and Benjamin together. Don't you have Benjamin's contact information? Why don't you take the initiative to invite him?"

"But..."

"Benjamin must be very busy managing such a large group. But no matter how busy he is, he is still a normal man full of vigor! Seeing a beautiful girl like you take the initiative to invite him out, he will

be tempted." Scarlet sounded confident, "Even if Benjamin is emotionally slow and has no plans to get married for the time being, there is no rush. Ms. Logan, you can get in touch more and bond with him. As long as you and Benjamin have a deep relationship, you will certainly beat that Ms. Logan!"

"Old Mr. Mason has always advocated this marriage. As long as you get Old Mr. Mason's approval, you will get married to his grandson."

Cecilia's desire to marry into the Mason family was completely ignited, but reason kept suppressing her.

"Scarlet, the Logan family has a marriage contract with the Mason family. You and I know better than anyone else that this marriage contract will belong to Isa in the end...I'm just an adopted daughter."

"But what if the person Benjamin likes is you?" Scarlet said categorically, "Old Mr. Mason only hopes that Benjamin will get married and have children as soon as possible. The most important thing is who Benjamin likes and who he wants to marry!"

Cecilia was faintly persuaded by her.

"Now, the Mason family doesn't know the existence of Ms. Logan. Ms. Logan, act now, this is your best chance!"

Scarlet had watched her grow up all these years and didn't want to see her down.

As long as Cecilia married Benjamin, she would be well-respected in the whole country, let alone Bomsville!

"That Ms. Logan has a noble status and she won't worry about

marrying a good man in the future. But you are different!"

"You have no parents, no prominent patrons. You are just the adopted daughter of the Logan family. I don't know if the Logan family will recognize you in the future!"

“You know that in the upper class, with your status as an adopted daughter, it’s very difficult for you to marry a man with good conditions!

“If you don’t marry Benjamin, you will be oppressed by that Ms. Logan for the rest of your life!”

Under her persuasion, Cecilia took out her phone, finally found Benjamin’s account, clicked on it, and found there were messages she had sent before.

They were all messages such as “Are you asleep?”, “Are you busy today?”. “Good night!”, but Benjamin hadn’t replied to any of them.

The last time they contacted each other was yesterday. She had just returned from abroad and texted him, but he didn’t reply.

“Ms. Logan!” Scarlet said a lot more. Cecilia was finally convinced and sent several messages in succession.

“Benjamin, are you there?”

“I heard that your grandpa is sick and hospitalized. Shall we go to the hospital to visit him?”

“When are you free today? Can you pick me up?”

“If not, I’ll ask the driver to take me there, and I won’t bother you.”

“I’m so worried about your grandpa!”

On the second floor. Isabella came to the huge balcony and enjoyed the garden view in front of her.

She watched and accidentally discovered that two people in the distance seemed to be discussing something...

It was too far away to hear their conversation, but it could be seen that the two people were Cecilia and Scarlet. Cecilia was sitting on a white wicker chair, and Scarlet was standing bent over at the side as if trying to persuade her...

Isabella didn’t take it seriously. After looking at the scenery for a while, she went in. There were only two people left in the garden, staring at the phone nervously.

Unlike before, Cecilia’s phone screen lit up quickly.

Cecilia’s heart almost jumped out. She took a closer look and found that it was indeed from Benjamin!

Benjamin replied to her message!

Benjamin finally replied to her messages!

But there were only two cold words, “No need.”

Cecilia felt very disappointed.

Instigated by Scarlet, Cecilia sent a few more messages, telling Benjamin that she was really worried about his grandpa. His grandpa was sick, and he wanted someone to visit him. She just cared for his grandpa on behalf of the Logan family.

After lunch was over, Cecilia still didn't get Benjamin's reply.

She knew that there was a high probability that Benjamin wouldn't

reply.

Isabella sat on the sofa with her phone, tapped the screen with her thumb, and gave orders, "Help me find out the cause of the Hancock Hospital fire on September 10 eighteen years ago."

Jason said, "Are you kidding me? Hancock Hospital?"

It was built at the junction of the three cities, with a huge and complex population. Coupled with the changes of the times, that place had long since disappeared.

Jason said, "Why are you looking into it? Is it related to your background,?"

Isabella said, "Yes."

Isabella had always felt that the fire was a bit strange. Why did the hospital suddenly catch fire?

She heard from my mother that it was a rainy night. If someone had accidentally lit something, the fire wouldn't have spread so fast.
