### Chapter 40 A Gift Worth Hundreds-of-Millions Dollars

Seem them holding hands. Darreld was surprised that his boss had not chopped off Benjamin's hand.

It was incredible!

Eloise was also a little surprised to see Darreld and asked. "Darreld. why are you here? Why are there so many clothes? We haven't bought any clothes today."

Williams was also puzzled, so he said, "Benjamin, Isa. you are back. What's going on here? Darreld, did you send these things to the wrong place?"

Seeing no one knew what was going on, Darreld explained, "Mr. Mason asked me to send them here."

"Benjamin?"

Williams and Eloise both turned to look at Benjamin.

Benjamin lightly explained. "Isa just came back. I guess she hasn't had time to go shopping yet."

He looked down at Isabella and softly said, "I ordered you a few sets

of clothes. And I'll accompany you when you want to go shopping."

Isabella was speechless, thinking he should have asked her whether she needed clothes before buying them. She had received a hundred pieces of clothing, a hundred pairs of shoes, and a hundred bags from her biological parents yesterday.

But he had sent her so many more today. She did not need so many clothes at all!

Benjamin added, "I found you like this brand very much."

Every time he met her, she was wearing QY's clothes and shoes and carrying its bags.

Isabella was speechless. She wore them because they were gifts from her parents. Moreover, she had designed them. It was normal for a designer to wear her designs!

But Benjamin didn't know and thought it was because she liked the brand.

"Well, yesterday we..."

Before Williams could finish speaking. Eloise nudged him and interrupted. "Benjamin, thank you! Even I felt moved, let alone Isa! You are a good kid!

Williams was confused, wondering why he could not tell Benjamin he had bought many clothes, shoes, and bags for Isabella yesterday.

Seeing the young couple holding hands. Eloise was overjoyed and said, "Let's not stand here. Benjamin, would you like to go in to have a cup of coffee."

“Sure, thank you.”

Benjamin did not refuse but walked into the villa hand in hand with Isabella.

It was only then that Williams noticed they were holding hands. He felt excited and inexplicably sad at the same time. His daughter had just come back, so he did not want her to get married too soon.

Darrel had not expected his boss to be so ruthless. She had cheated not only her father but also her boyfriend out of money!

What a black-hearted woman!

Williams was her father, but Benjamin was a devil. Darrel admired her for her courage!

When Cecilia walked over, she happened to hear Darrel say it was Benjamin that had bought these things for Isabella. She felt as if being struck by lightning and could not move a muscle. So, she could only blankly stare at the others in disbelief.

How was it possible?

Benjamin had not only taken Isabella to visit his grandpa but also had dinner with her and sent her home in person. No other woman had ever sat in that car before!

He had even bought her so many clothes, shoes, and bags and visited her family hand in hand with her.

“Scarlet, what should I do?”

Cecilia was anxious! Seeing Isabella so calm, she believed she had not suffered any setbacks from Old Mr. Mason!

Scarlet also had a bad feeling but was not sure of it now, so she replied, “Let’s go in to have a look.”

While chatting with Williams and Eloise in the living room, Benjamin looked at Isabella from time to time to interact with her. And no one missed this small detail.

Cecilia was jealous. Seeing him taking unusual care of Isabella, she clenched her fists so hard that her palms were full of nail marks!

Suddenly, Eloise asked, “Isa, is the necklace around your neck.....”

Darin

happy except for Cecilia.

Eloise continued, “Is it from Old Mr. Mason?”

“Yes.”

Isabella didn’t explain, but Benjamin gently added. “Grandpa is very satisfied with Isa and asked her to pick him up when he leaves the hospital two days later.”

Williams and Eloise had not expected Old Mr. Mason to be so satisfied with their precious daughter, so they were overjoyed.

“Okay! Please tell Isa when Old Mr. Mason will be discharged from the hospital. You should go to pick him up together.”

Cecilia was crazily jealous. She could not understand why Old Mr. Mason had given the crown necklace to Isabella so easily!

She had tried to please him in every possible way but had failed in coaxing him into taking this necklace out! However, Isabella had only spent a few hours with him today. How could she win his favor so quickly?

After chatting for a while, Benjamin got up and excused himself. He gently patted Isabella’s head and said. “Go to bed early. Don’t stay up late.”

He sounded as if coaxing a child.

Williams and Eloise had never seen him so gentle before, so they felt overjoyed once again. They had not expected their relationship to develop so quickly and smoothly.

Isabella hated people touching her, but Benjamin had repeatedly made her make an exception for him.

Benjamin looked into her eyes and gently said, “I’ll call you when I get home. See you!”

Cecilia had not expected they had exchanged phone numbers, so she went mad again in her heart!

“OK.” Isabella said.

After he left, she went upstairs to take a shower.

When Cecilia returned to her bedroom, she felt weak all over. If Scarlet had not supported her, she would have fallen to the ground like a puddle of mud!

“Scarlet, what should I do?”

She had never felt so frustrated since childhood.

“Ms. Logan...”

“Benjamin cares about Isa so much! What should I do? What can I do to make him notice me?”

A calculation flashed in Scarlet’s eyes when she said, “Don’t worry. she won’t be happy for long!”

On the way home. Benjamin lightly asked, “Did you find Selby Brown?”

“Not yet.”

Green understood Mr. Mason's thoughts, so he glanced at the rearview mirror and added, "Although it is rumored that Selby has passed away, a few insiders say he is alive but just retired! But his whereabouts are too mysterious. Every time we found a clue, he soon left the place!"

Benjamin had long known it would be hard to find him.

"Mr. Mason, why don't you let Ms. Young have a try?"

Green glanced at the rearview mirror, tried to guess what he was thinking, and said. "Her medical skills are superb. She has brought Old Mr. Mason back to life twice."

"But my grandma's condition is too tricky."

Benjamin did not want to embarrass Isabella and was unwilling to let her blame herself if she failed to cure his grandmother.

"Go on looking for him."

"Yes."
