Chapter 41 Suspension of all cooperation

As soon as Isabella returned to her room, she received a message on her phone.

Someone is asking about 'Pacon'. It is said that there is a very complicated case that needs to be seen by 'Pacon' urgently. I

Isabella replied: "I've been busy recently, so I don't have time."

On Monday tomorrow, she has to go to the company her father gave her to see. If she doesn't go, they will transfer money to her again...

The other party is very forthright, saying that the price is free, as long as you find 'Pacon'. I

The message was sent out, but Isabella's side has gone offline.

She went into the bathroom to take a shower, and as soon as she put on her clothes, she heard the phone ring.

The screen displayed a series of strange numbers, but she seemed to be used to it, and without thinking about it, she clicked to answer.

"Michael made us lose money again! This time we lost a total of 100 million dollars!"

"A while ago he wanted to invest in several projects, and I had someone point him out several ways, but I almost sent him the money for him to count! It turned out that he was lucky! Not only did he lose money, but we also lost so much!"

"If this goes on like this. I'm really going to die of anger!"

Pension of all cooperation

The speaker is Kai, who has been with Isabella for three years and has always been loyal.

Isabella paused as she brushed her hair. 100 million dollars?

"You have no blood relationship with him, why don't you just stop all cooperation? If we have money, let's make it ourselves, why bother being a fool!"

"All these years in the Brown family, how did he and Gail treat you? How much have you been wronged?"

"Even if you are repaying Old Madam Brown's kindness, you treated her. Over the years, you have given the Brown family so many orders, cleaned up so many messes for Michael, and let them earn the position of the richest man in Winter Town. Already!"

"Let's stop helping them, shall we?"

“Hmm.” Isabella wiped her hair with a dry towel and said casually, “Okay.”

She already had this plan.

From now on, she and the Brown family will no longer have any intersection.

“If you didn’t mean it before, how could the company under your name have asked him to cooperate? Then without our backer, I’ll see how he collapses!”

With Michael’s business acumen, not only could he not keep the richest man in Winter Town, but he might also lose his fortune.

Isabella didn’t want to talk about that idiot anymore, and brushed her hair casually, “I’ll send you a location, come here and get

something.”

“good!”

When Kai said this, he turned around and noticed the mourning person beside him, so he could only reveal. “Luca misses you, and he wants to see you too.”

Isabella reluctantly agreed. “Okay.”

It didn’t take long for them to follow the location and enter Riverside Villa. Because of their agility, they did not attract the attention of the security guards.

“Climb over the wall and come in.”

Isabella didn’t want to scare the rest of the family.

“OK!”

Two figures climbed over the wall, and soon came to Isabella.

“Boss! We miss you...”

Unexpectedly, Boss’ biological father turned out to be Williams, who has been the richest man for 12 consecutive years...

What’s more unexpected is that they are now in the home of the richest man in the country, and the richest man’s home is so big.

They knew that Boss was going home before, but they didn’t know that Boss’ family conditions were so good.

“Go to the bank tomorrow.” Isabella handed them a check.

Kai and Luca looked at each other, and hurriedly picked it up to

376

see, is this check real?

“Blank check? Boss, where did you get it?” Kai couldn’t believe his eyes, “It couldn’t have been stolen, could it?”

Luca kicked him, “What are you talking about, Boss is the kind of person who likes to grab things? Bosses who have money on the ground are too lazy to pick it up! Tell us quickly, did you steal this check?”

“What nonsense are you talking about!” Kai couldn’t help but punched Luca, “With the character and IQ of our boss, why do we need to steal other people’s things?”

The girl had an outstanding appearance, and they said slowly after they had finished their quarrel. “You will know if you go to withdraw cash? Help me write 300 million dollars.”

Hearing this, Kai silently put down the check, “Boss, I dare not. This is a check from Mason Group, I’m afraid Benjamin will cut off my head if he finds out.”

Isabella glanced at him, the guy who is greedy for life and afraid of death.

“Boss, where did this thing come from?” Luca picked up the check, looked left and right, and shone it under the lights. No matter how it looked, it looked real.

Isabella said disapprovingly. “It fell from the sky.”

“Why didn’t the sky drop it for me?” Kai was indignant, “Why did it happen to fall into your hands?”

Isabella rolled his eyes at him. “I lost you, can you handle it?”

“Who said I can’t do it?” Kai said very indignantly. “Let’s not talk about this one, even ten stacks will not be a problem!”

“I operated on Old Mr. Mason.”

The aura that the girl exudes inadvertently is like a queen.

When Kai and Luca heard this, they were dumbfounded. “Boss. you...”

You are too courageous! This is not what people do.

“Boss. I didn’t expect you to take such a big risk in order to pay our salary. Luca and I really have nothing in return. Don’t worry, I will take this check to the bank tomorrow and let the staff transfer the money to your account. Come on, and then you pay us wages. perfect!”

In just one working day, they can get paid!

“Boss. I knew you loved us. You finally thought about the salary!” Luca was almost moved and cried, “I’m poor!”

“It’s just. Boss. for an operation, we want him 300 million, won’t it be a bit ruthless?” Kai held the check, feeling a little worried in his heart. “If they don’t ask you for surgery in the future, then you can do it.”
It’s a big loss!”

“Can the medical skills of our Boss be compared to ordinary people?” Luca hurriedly picked up the pen and quickly wrote 300 million, “Boss. is there any old, weak, sick, disabled or pregnant in the Mason family who need surgery. One person is 300 million, ten people It’s three billion, how lucrative this money is! Boss, can I mention Kai and I’s bonuses this month...”

Isabella glanced at them, “This money has nothing to do with you.”
