Chapter 42 Want to play? come to me

"Ah? Boss, I know you're angry, right?" Luca hurried forward. "Boss, are you tired from operating on Old Mr. Mason? Let me beat your leg?"

"Go away, you dare to touch the Boss's leg? I can't stop the Boss from chopping off your hand!" Kai finished his reprimand, then turned his head and said with a playful smile, "Boss, why don't I give you a shoulder squeeze?"

"Do you dare to move the boss's shoulder? Are you not afraid of being punched by the boss into the Pacific Ocean?"

Just then, there was a knock on the door.

Kai and Luca looked at each other in dismay for a moment, was it discovered by someone? still?

"Baby, are you asleep?" Eloise's voice came from outside the door.

Could it be that Eloise discovered something and came to knock on the door specially?

"Not yet." The girl's voice was gentler, but when she looked at the two subordinates, her tone was deliberately lowered, "Take the check and disappear in front of me within ten seconds."

"Boss..."

Kai was about to say something when he heard Isabella's ruthless voice: "Otherwise the bonus will be forfeited."

When Kai heard it, he immediately jumped out of the balcony, "Goodbye, Boss!"

"Why didn't you wait for me?" Seeing him running so fast. Luca turned his head to see Boss's slightly narrowed eyes with a warning light, and hurriedly said, "Boss, I'm leaving now, right away."

"You have three seconds."

When Luca heard this, he rushed to the balcony, "But there are dogs below, so I dare not jump..."

"Honey, can I go in?" Eloise asked from outside the door.

Isabella looked up and saw that although Luca jumped down, he was still holding on to the railing with one hand, obviously afraid of the dogs below.

It seemed that she could only help him.

Luca thought that the Boss was here to help him, but she didn't expect that she kicked him down directly. He fell to the grass all at once, and his ass hurts!

At this time, the big dog saw him, barked at him, and opened its sharp teeth to bite him.

Luca ran away in fright.

Seeing him running away, Isabella opened the door, "Mom, are you still asleep?"

"I'm worried that you're hungry. I don't know if you're full after eating out with Benjamin tonight." Eloise was carrying the tray, and as soon as she entered the bedroom, she heard some strange voices, "Did you hear anything? Like A man being chased by a dog?"

There were men shouting and dogs barking. It sounds like the picture is pretty miserable.

"No." Isabella answered without blushing.

"Maybe I heard it wrong." Eloise put down the tray in her hand, and delicate snacks appeared in front of her, "Eat it while it's hot."

"You made this?" Isabella was a little surprised, this culinary skill has improved by leaps and bounds? Looks like it's selling well.

"It was made by the chef."

Fearing that her dark cooking daughter would not be able to eat it, she specially asked the chef to make some.

"Eat quickly!" Eloise looked at her lovingly, "You just came to this house, if there is anything you are not used to, you must tell me, you know?"

Isabella took the fork from her, "Well, good."

"About your coming home, parents decided not to announce it."

First, grandparents are not in good health, and grandparents are old, so they can't bear the great joy and sorrow for the time being.

Secondly, there are too many distant and close relatives in the family. If you learn about this, sooner or later there will be a lot of

trouble.

Thirdly, to announce the identity, there are too many external media chasing after the child to report on major and minor matters every day. Every word and deed of the child attracts attention, and being judged by others will lead to a restrained and uncomfortable life.

Want to play? come to me

Eloise talked about her worries, "Wait until the right time, will my parents announce it?"

Isabella didn't expect her mother to tell her this specifically, and said lightly. "I don't care about this."

Whether it was announced or not, or whether a grand recognition ceremony was held is not the most important thing..

As long as the family stays together, one heart is enough.

Eloise looked at the sensible child in front of her with relief, and told her to eat more. After she finished eating, they chatted for a while, until Isabella's cell phone rang, and Eloise left with the tray.

"I'm home." It was Benjamin calling.

"You gave me so many clothes, I can't wear them all." Isabella asked. "Can you return some?"

She really has a lot, and it is a waste to wear it all! It's better to sell it to someone else, get a better price, and spend the money on medical research.

"It's okay, keep it and wear it slowly." Benjamin's tone was very doting. "Take you to play tomorrow? Is there any place you want to go?"

"I'm going to work."

work? Benjamin was a little surprised. "Summer job?"

"I guess..."

"Uncle and aunt agree?"

Want to play? come to me

"Um....."

It's the company they gave...

"Where is it? I'll take you there."

"No, that place is near my house."

"Why do you have to go to work?" Benjamin felt a little distressed. He was wondering if there was not enough pocket money?

But after thinking about it carefully, he gave a blank check when she had an operation, so it shouldn't be a matter of money.

"Just have fun, I have nothing to do during summer vacation."

Otherwise, if her parents want to transfer money to her, she can't do anything...

"Come play with me." Benjamin's voice was provocative again, "I'm fun."

Isabella was speechless.

Benjamin added with his magnetic voice: "You can play whatever you want. I can take care of you if I'm here."

"No."

"Think about it?" This was the first time in his life that he recruited in person.

But Isabella refused without thinking, "Thank you, I already have a job."

“Is it necessary to go?”

Want to play? come to me

“Um.”

“Then play for two days. If it’s not fun, come to me.”

Benjamin didn’t want her to work a summer job because it meant losing all of her working hours.

She hasn’t really entered the society yet, and she doesn’t know the complexity of society.

Early the next morning.

As soon as Michael stepped into the gate of the group, he found the secretary standing not far away, as if he had been waiting for him for a long time.

Michael was in a good mood early in the morning, seeing the secretary greeted him with a smile, “Why are you here so early today?”

“You’re here!” Jack’s face was very ugly, and he was about to cry. “Something has happened! Several companies called today and said that the cooperation with us is over!”

“Is the contract expired?”

“no.”

“That means you are not satisfied with the current sharing ratio? What’s the matter, you have a good talk with them...”

“It means that we will never cooperate again from now on! We are blacklisted by their company!”

As soon as Jack said this. Michael was dumbfounded.

Hearing about this suddenly, he couldn’t think about it. “Is it a price issue, or did they find a better partner?”
