Chapter 47 Pulling Her into Her Arms

Seeing Isabella finish the soup in the bowl in one gulp, Benjamin couldn't help thinking: What kind of soup is that? It looks delicious, and he wants to have a taste too.

After dinner, Isabella got into Henry's car again and went to Cameron Hospital to pick up things.

Daisy and Harris, who were guarding outside the restaurant, saw her helping an old man into the car and driving towards the hotel!

Unable to express his anger, Harris started the engine and followed.

"I didn't expect my sister to really betray me..." Daisy pretended to cry in the car, "I never thought that my sister would have such a difficult life after leaving the Brown family..."

"That's her reason!"

For some reason, seeing Isabella's face made Harris very annoyed.

Maybe it's because he grew up abroad and hasn't seen Isabella a few times. He didn't expect her to be so eye-catching, let alone her good looks to seduce the old man!

If she is willing to come and beg him, maybe he can help!

"Mr. Mason, Ms. Young has entered the hotel, should we follow?"

Green watched Isabella help Henry enter the hotel gate, and he could feel jealousy in the car.

"Why don't you call Ms. Young? Ask what she is doing?"

Benjamin ignored him, clearly disdainful of his approach.

But as time passed, Benjamin finally couldn't help taking out his mobile phone and dialing the familiar number.

And it's only been five minutes since the suggestion Green gave just now...

"Isabella."

Even Benjamin himself didn't realize it, his tone contained a hint of coquettish grievance, and it sounded a little pitiful.

"What's the matter?" Isabella just walked out of the room with her things.

"Talk for a while?" Benjamin just wanted to hear her voice at this moment, "What did you have for lunch?"

"A little home-cooked food." Isabella entered the elevator, and the signal was still on.

"How is the taste?"

He saw that she even drank up the soup, it must be very good.

“Then take me their next time?”

Isabella could hear him looking for something to say, “Call me?”

“Where have you been?”

It was obviously a simple four words, but when asked from Benjamin’s mouth, it seemed to be filled with longing.

“Don’t you know?”

Isabella stepped out of the elevator, walked towards the black car outside the hotel, opened the door, and looked at him, “Follow me from the company to the hotel?”

“You always knew?” Seeing her coming, Benjamin pulled her into his arms with a big hand, and said dependently, “Just pa*sing by, I saw you.”

“Not looking for me either?” Benjamin’s Mo Tong looked at her.

“How to find it? Stop the car and ask what are you doing with me? Or?” Isabella wanted to get out of his arms.

But Benjamin hugged her, and for some reason, the uneasiness and anxiety just now completely disappeared after he hugged her.

“Benjamin, you’re going too far!”

He held her hand yesterday, and today he dared to hug her!

“I want to hug you so much, what should I do?” Benjamin looked at her earnestly and affectionately, and before she

could agree, he stretched out his hand to hug her again, “Just for a while.”

“who is he?”

Benjamin’s chin lightly stroked her shoulder, and the jealousy in his words almost came out.

Green in the front row really didn’t expect him to be such a Mr. Mason, and he was invincible when he acted like a baby!

Isabella’s heart also softened, “An elder.”

“Deep feelings?”

“What do you say?”

Benjamin said again, “Yesterday you didn’t bring me any food.”

“Are you too old to hold a fork?” You’re jealous of an old man!

“Catch me next time?”

Isabella didn't expect the man to be so childish, "Can you let go?"

"You promise, I will let go."

"OK."

Benjamin let go of her and took her hand instead.

In the car outside the hotel, Daisy and Harris stared wide-eyed. They couldn't believe that Isabella went to the hotel to serve the old man before getting into a luxury car!

The license plate number of this car looks powerful, what kind of big man will it be inside?

"I didn't expect my sister to be so unselfish."

Watching the luxury car drive away, Harris was really annoyed, instead of cheapening those old men, it would be better to give him the first time, at least he is young.

Green drove the car to Isabella's company, but Isabella didn't get out of the car for a long time.

She was still holding someone's hand and refused to let go.

"I'm going to be late!"

On her first day at work, she didn't want to give a bad impression to her staff.

But Benjamin held her hand all the time, "I'll pick you up after get off work."

"I have my own car."

"Let Green drive you back?"

"Don't bother!"

Isabella wanted to withdraw her hand, but Benjamin squeezed it tighter.

"I'll take you to and from get off work."

"Need not."

"It's okay to drive your car."

"There have been thunderstorms these two days, it's not safe for you to drive alone."

"I really don't need it!"

"Then I go up and sit down?"

Isabella looked at him helplessly, "I'm going to work."

"We can also talk about cooperation."

Isabella didn't want to bring such a top consortium to cooperate with her on the first day of work.

“let’s have dinner tonight?”

Isabella was helpless, “I have an appointment, another day.”

Benjamin didn’t expect her to have so many appointments, “Then tomorrow?”

“OK.”

“I’ll take you to and from get off work from now on?”

Isabella looked into his eyes with a slight warning, “Don’t overdo it.”

“Then give it away for a week?” Benjamin decided to retreat.

Isabella looked at the time, she was really going to be late, so she could only grit her teeth and agree, “Okay.”

“Free up this week, don’t give it to others.”

“Understood.” Isabella finally withdrew her hand, got out of the car, and entered the company gate.

Green looked at Mr. Mason in the rearview mirror, there was even a hint of a smile on the corner of his mouth...

Green suspects that he is blind!

Is this Mr. Mason?

This is too abnormal!

He has been with Mr. Mason for fourteen years since he was eight years old, and it was the first time he saw Mr. Mason pestering a girl!

As soon as Isabella stepped into the company, her phone vibrated.

Boss, it’s me.” The caller was Austin, the head of the Oink Capital Group’s Yushon region. “Recently, there are several investment projects that I want you to decide on. I’ll take them over tonight to show you, as well as this season.” I will show you all the various reports.”

“Okay.” Isabella entered the elevator, “See you tonight.”

Not long after hanging up the phone, the phone vibrated again, and Isabella saw that it was Richard Griffith calling.

“Baby girl ~ How is your new family recently?”

“Grandpa.” Isabella entered the office and made herself a cup of tea, “It’s okay, the biological family is good, why do
