### Chapter 56 Smile

"I need to report this matter to Mr. Barnes?" Isabella raised the corners of her lips, "I heard that Mr. Barnes is often not in the company. I don't know if I am a newcomer and the person in charge of the company who will not be here for a long time. Can I ask?"

George pulled out his chair and sat proudly in front of Isabella, "If I had to keep an eye on all the big and small things in the company, I'd be exhausted. Ms. Young is a new official, and I don't know how many things the company has..."

"So where does Mr. Barnes go when he's not in the company?"

"Talk about business with the bosses of other companies, meet the material dealers, why, Ms. Young even takes care of this?"

"Of course." Isabella raised a smile on the corner of her lips, "You have to ask clearly about what business you have discussed and what business you have done, otherwise you will be absent from work without reason."

"Oh." George smiled, "What does Ms. Young mean, I have to be at work every day?"

"It's not just you, everyone in the company has to stay at their posts during working hours!" Isabella's smile deepened.

George stared at the girl in front of him with eyes full, and suddenly smiled.

"Ms. Young is now the top person in charge of the company. Of course, I will listen to what you say."

"If there's nothing else, I'll go back to the office first."

"Don't worry, I will stay in the company every day in the future, and I will work with Ms. Young to manage the company well."

In the last sentence, George deliberately emphasized his tone, as if he meant something else.

Unexpectedly, Isabella was very interested, and raised the corners of her lips, "Take care of yourself first."

Seeing him getting up to leave, Isabella looked at his back, "Oh right, I forgot to tell Mr. Barnes..."

George stopped.

Isabella said every word, "My people, only I can command."

George glanced at Frank standing at the door, feeling dissatisfied.

"Mr. Barnes understand?"

"Understood." George walked away angrily.

Frank looked at the girl in the office, he didn't expect her to be so domineering!

Craig looked at the flowers and plants in the garden, and took the scissors from the gardener himself, "I'll cut it!"

"Your body is still not fully developed..." Bob said anxiously, "What kind of cut do you want, just ask me to make it..."

"I want to cut something cute."

"Cute?" Bob thought he had heard wrong, and looked at each other with several gardeners.

Craig started with his beloved green plants. After pruning, he felt that it was not perfect, so he added a few more knives, "How is it?"

"Grandpa, did you cut your beloved green plant into the shape of a rabbit?" Bob suddenly realized, "You want to show it to the young grandma tonight?"

Craig was very satisfied with the cut-out effect and looked at his masterpiece with a smile.

In order to make Isabella like it more, he ordered several gardeners to trim all the other flowers, plants and trees in the courtyard into lovely shapes, and then ordered people to clean and decorate the villa inside and out.

It seems that the person who came tonight is not the grandson's wife, but the supreme guest!

"Ms. Logan is here." Suddenly, a maid stepped forward and called, "Do you want to bring her here?"

"Why is she here?" Bob guessed, looking at Craig.

Craig was just tired of pruning, and sat on the rattan chair, "Let her come in, someone, and serve some tea and snacks."

Cecilia followed the maid around and finally came to Craig. Her eyes were red and her voice was choked up!

"Grandpa!" She couldn't help wiping her tears as soon as she came, "Seeing you sitting here in good health and spirit, I feel guilty and happy for you at the same time..."

“Why are you still crying?”

“It was my fault last time! I wanted you to recover faster, but I didn’t expect that there was something wrong with the medicine...”

Craig smiled kindly, “There is no need to talk about the past.”

It wasn’t the medicine, it was his body that couldn’t handle it, but he didn’t bother to explain it to Cecilia.

At this time, a chef drew up the menu and showed the names of the dishes to Craig for review.

“Not bad, not bad...” Craig looked at the whole thing from beginning to end, “Is there chocolate powder in this dessert? Isabella doesn’t like this, so change it to strawberry flavor.”

Cecilia heard, Isabella? She’s coming here for dinner?

How can it be? Why does the old man know her taste so well?

“Prepare more fruits too! Cut them into cute shapes!” Craig handed over the menu and said in a good mood, “There are

no other problems, go and prepare!”

Cecilia kept a decent smile, “Grandpa, are there any distinguished guests here tonight? I just saw many servants cleaning and arranging the venue. This situation is...”

“Your sister! I invited her to come over for dinner tonight.” Craig said with a smile, “I didn’t expect her to be Benjamin’s fiancée! Cecilia, it seems that we have no destiny in this life. You can’t be grandpa’s granddaughter-in-law...”

“I don’t have her luck...” Cecilia felt somewhat unwilling in her heart!

Ever since Isabella showed up, nothing has gone right for her!

“You are a good boy, and you will definitely find a good family in the future and marry a good husband...It’s not too early, grandpa will go to see how the other places are arranged!”

Craig checked the time, Isabella will be here in one hour!

He attaches great importance to it, “Isabella is here for the first time, so don’t leave a bad impression on her...”

In words, he seemed to value this granddaughter-in-law very much!

Seeing that he was about to get up and leave, Cecilia hurriedly said, “Grandpa...”

“Is there anything else?” Craig turned his head and looked at her with a smile. Although he looked kindly, he always

felt that it was different from before.

“I won the first prize in the piano competition... I wanted to play it for my grandpa and help him solve his problems...” Cecilia wanted to let Craig know that in terms of talent, she is above Isabella!

But Craig didn't seem to take it seriously, and smiled kindly, "I don't have anything to worry about."

"If you're not in a hurry, why don't you just listen to me play a piece? You have elegant taste, and you've listened to a lot of good piano and music over the years, so you can help me point out the shortcomings..."

"I'm busy today. Tonight, is the day when Benjamin brings his fiancée home for dinner, so I can't keep you, lest people gossip."

What does the old man mean, that he can't even treat her to a meal?

Is it because Isabella is afraid that if she finds out, she won't mind?

The old man is quite considerate of her!

"You've grown up now. I'm afraid that in the future, my husband's family will find out that you often go here, and they will have a way to embarrass you."

Before Cecilia had time to speak, he heard him say, "You stay with Cecilia first, and I'll go over there to have a look."
