### Chapter 71 Stop

“Stop...” George stopped immediately, “Call the police now, not to mention whether there is any problem with these meals, as long as there is a disturbance, the reputation of the group will be lost!”

“Oh? According to Mr. Barnes, what should we do about this matter?” Isabella looked at him with great interest.

“As long as you apologize to him, for my sake, it’s as if it never happened...”

Isabella thought it was funny and gave Frank a positive look, and Frank immediately called the police.

“You...” George was annoyed.

Okay, let’s call the police, right? There are people they know in the police station. This girl really thinks that the police station is run by her family, and all the policemen listen to her? too naive.

He took out his phone and sent a message.

after a while. A few policemen came, and the leader was a new face. He heard what had happened and asked people to take samples of all the ingredients in the kitchen and bring them back for testing.

“Oh, right.” Isabella hacked into the monitoring system with her mobile phone and restored all the deletion history one by one. “I have sent the monitoring of the last year to your official mailbox.”

“This trivial matter has troubled you!” The captain in charge. was very polite, “Don’t worry, if the test results come out and prove that the ingredients, they used to be unqualified, we will definitely deal with them according to law!”

Violations of the Food Safety Law will not only result in fines and revocation of licenses, but serious cases will also result in imprisonment.

When George heard it, he vaguely felt something was wrong, “Brother, are you new here? Why didn’t you see the previous captain today?”

“Do you know him?” Captain Zheng glanced at George, his tone disapproving, “He was just suspended for investigation today, what do you need from him?”

“without.....”

“It’s not the best. Someone reported him for taking bribes privately. If you send him a message for help right now, it’s equivalent to providing evidence to the police. His charges will only be serious, not light.”

Hearing what the police said, George’s heart skipped a beat. Oops, he sent a message just now, saying that there was something he needed to deal with, and the benefits would follow the old rules.

This is the end.

George was sweating coldly, and Chase was also feeling uncomfortable, and kept wiping the sweat off his forehead

with his hands. He didn't expect that he would fall into the hands of a little girl after years of business.

A policeman came to him: "Please come back with us to assist in the investigation."

"Mr. Barnes, help me quickly..." Chase hurriedly looked at George for help, no matter what, he must not be taken away by the police, otherwise it would be easy to get in, but

difficult to get out!

"Everything is up to me, don't worry." George patted him on the back and whispered, "Don't admit anything, I'll call a lawyer to help you later."

"Then you have to hurry up..." Chase didn't know what to do, fearing that something might happen.

"I know, don't worry..."

"Oh right." Isabella said suddenly, "Mr. Chase still has seven or eight restaurants outside."

Chase froze, what does this little girl want to do, isn't it messy enough?

"He wears a famous brand and lives in a mansion, but he will never make ends meet on the books and cannot pay taxes. I just don't understand it."

When the policeman heard it, he immediately understood, "Take him back and interrogate him strictly!"

"yes!"

After Chase was taken away by the police, Isabella looked at

George with raised eyebrows, turned and walked towards the office.

Many employees asked her to ask for leave and wanted to go to the hospital for a physical examination.

"After all, this matter is due to our company's ineffective supervision. You can mention it to the headquarters, give them an extra month's salary, and let them buy some food to nourish their bodies."

"Yes." Frank took the order immediately.

At this moment, Old Mr. Mason sent her a message, "Daughter-in-law, are you at work? Are you tired? Are you hungry? I'll ask someone to bring you something to eat."

At the end, his old man also sent a cute emoticon package.

"No need, Grandpa." Isabella replied as she walked, "I'm not hungry."

"Eat even if you are not hungry. You are too thin. I will ask Bob to deliver it to you later. You should like it."

The chef said that little girls nowadays love to eat these beautiful snacks.

His granddaughter-in-law is so cute and cute, so she should be no exception, right?

“No, give it to Benjamin.

“He doesn’t need to eat, he doesn’t have his share ~!” Old Mr. Mason replied decisively.

On the other hand, Cecilia waited in the conference room for two full hours, and the snacks turned cold.

She wanted to see what Benjamin was up to, but she was afraid that going over suddenly would disturb Benjamin’s work.

While struggling, suddenly, the door of Benjamin’s office. opened, and she saw that it was Benjamin who came out!

“Benjamin, are you finished?” Cecilia rushed to catch up with him, “You have been busy for so long, don’t wear yourself out, are you hungry? Have something to eat first?”

“Mr. Mason has something to go out...” Green still stopped in front of her, “Ms. Logan, please stay.”

“Benjamin...” Cecilia yelled at Benjamin’s back, “Where are you going? Will you be back in a while? I prepared something for you...how about you go after eating?”

Benjamin entered the elevator without looking back, the door slowly closed, leaving Cecilia with only an indifferent and determined back.

Seeing that Mr. Mason finally left, Green glanced at Cecilia and turned to leave.

The phone vibrated at this time, and he picked it up to answer it, “All ready? Okay, I’ll be there in about ten minutes, and I’ll check with you again. Is the juice freshly squeezed? No ice cubes? Well, keep warm for dessert, Our lady doesn’t eat cold food, um, good.”

Cecilia was a little puzzled when she heard this, who is his

lady? Could it be...Isabella?

Isabella suddenly appeared in my mind....

Cecilia hurried down another elevator and got into her family’s car.

“Henry, follow Benjamin’s car.”

“Ms. Logan, are you...?” Henry was a little confused, but seeing Cecilia’s concern, he immediately started the engine.

“Mr. Mason, behind is the Logan family’s car, do you want to get rid of it?” Green immediately noticed the conspicuous license plate number behind, which is the Logan family’s

car.

But Benjamin didn’t take it seriously, and said lazily, “Let her follow.”

As soon as Isabella entered the office, she received a call from Benjamin.

“Snacks for you, I’ll be there in ten minutes.” Benjamin’s voice was still deep and seductive, “Which floor is your office on?”

“Are you on your way?”

“Um.

“Then I’ll come down and get it.”

She didn’t dare to let the president of the department send her to her office, it was too eye-catching!

“Afraid people would know?”

Isn’t he handsome? Not rich enough? Don’t want to recognize him as your fiancé? still?

“You don’t know your identity?”

When this guy shows his face, let alone the company, half of Bomsville will be boiling!

At that time, a bunch of people chased after them and asked. about their relationship.

Does she still have a happy life?
