

Chased 77

Chapter 77 Designed by Benjamin

made Isabella overwhelmed, and subconsciously looked away.

“Benjamin’s mouth is too sweet.” Eloise smiled with satisfaction, “Such a talking, tall and handsome boy, you have to catch Isabella, I can see that Benjamin will be a good husband in the future.”

“Thank you, auntie, for the compliment.”

Cecilia can’t use any words to describe her mood at this time!

She has reached the last step, and she can leave this spiral staircase by going up, and she will never hear them again...

However, her footsteps seemed to be nailed, and she couldn’t move no matter what!

Benjamin even designed a bracelet for Isabella, and said such beautiful words of love!

For such a cold and reticent person, he can say such words, one can imagine how deep his feelings for Isabella are!

In just a few days, his love for Isabella has grown so deep!

“Ms. Logan...” Scarlet reached out to support her, “Go and change first, don’t catch a cold.”

There was jealousy and tears in Cecilia’s eyes. She is not reconciled. Obviously, she was the one who met Benjamin first, if Isabella doesn’t come back, everything will be hers!

The position of the daughter of the Logan family, or the position of Mrs. Mason, belong to her alone!

Why?

Why give her the highest starting point, and push her off the cliff...

Although she was deeply frustrated, she subconsciously chose a S**y nightdress and wanted to show it to Benjamin.

Downstairs, Benjamin had already left, leaving only Williams, Eloise, Isabella and Myra in the living room.

Cecilia took a look, but did not go downstairs, quietly hiding by the stairs to eavesdrop.

“I’ve heard about the cafeteria from people in the company. I didn’t expect Chase to be so abominable. He gave his employees so many messy additives for a year.”

Williams was very angry, “Fortunately, Isabella found out, otherwise the employees don’t know how much more they will suffer, and how much money the company will lose!”

It was the first time Eloise, who was sitting on the sofa, heard such a thing, "It's too heartless! Fortunately, Isabella is very capable, but Isabella, where did you learn so much professional knowledge?"

so amazing!

How does she know what food can be made with what additives?

Today I heard from people in the company that she dismantled all the "conspiracies" in the cafeteria carelessly and confidently, and made the employees on the scene

admire her...

"I saw it on the Internet." Isabella's tone was indifferent, as if these were trivial matters not worth mentioning.

"I can't believe there is such a person in the world, who charged the food expenses of the employees, but cooks such poor food for the employees." Eloise couldn't help asking, "It is said that he is George's relative?"

"Yes." Isabella replied lightly.

"What does George say about this?"

"plead."

"Pleading? How dare he still have the face to plead for Chase?" Eloise was faintly angry, "I think he can't get away with this matter, he must either participate in it to make huge profits, or cover up Chase."

Otherwise, how dare Chase mess around in the Logan family's territory?

"Fortunately, Ms. Young went, otherwise I wouldn't know there are so many problems in the company!" Myra on the side couldn't help but said, "Ms. Young is really amazing, only a few days after I went, I found two people!"

"Isabella, you are only eighteen years old, and you have no experience in managing a company before, but this time you can organize the company very well. Your father and I are really relieved and happy. You helped us and your brother save a lot of money. Don't worry." Eloise said comfortingly.

They don't know why the Brown family doesn't know how to cherish it! Such an excellent child...

"Isabella has been tired all day, let her go up to take a shower and rest." Williams knew that the child was tired, and running a company, no matter the size of the company, always had a lot of trivial things to do.

"Yes, go take a shower and relax." Eloise showed a loving smile, "Mom will bring you some supper later."

"I'm not hungry."

“The chef is working on it, so eat as much as you want.” Eloise didn’t know if she was full because she dated Benjamin every day, for fear that she would be reserved in front of Benjamin and dare not eat more.

“Then I’ll go up first.” Isabella didn’t refuse her mother’s kindness.

When Cecilia heard that she was going upstairs, she quickly hid.

Seeing Isabella close the door, Cecilia came out and heard Williams and Eloise downstairs still praising Isabella.

“This child is really outstanding. He is a good seed for doing business. He must be cultivated.”

“Cultivate what! She’s still young, don’t even think about throwing other subsidiaries to her!” Eloise felt distressed.

“That’s exactly what I mean.”

“One company is enough for her to be busy. If the college

entrance examination results come out and she chooses to go to school, you are not allowed to let her take care of this small broken company anymore!”

“Okay, I’ll listen to you, no matter what Isabella chooses, I will support her and encourage her!”

“That’s about the same.”

“But the Logan family’s property will definitely be given to her in the future. If she doesn’t want to take care of it, she can hire someone else to take care of it...Of course, these are things for later.”

Cecilia dug her fingernails into her palm when she heard their plan.

Even if Isabella was their biological daughter, she was just a woman, so how could she be a*signed the Logan family’s

property?
