Chapter 78 I'm waiting for Isabella

Isabella came out of the shower, turned on the laptop, and was dealing with private matters when there was a knock on the door.

"Baby, are you asleep? I'll bring you something to eat."

"Didn't sleep."

Isabella's slender fingers tapped on the keyboard a few times, then closed the computer, got up and opened the door.

"I'm afraid that you will go out with Benjamin and you won't be able to eat enough, so I asked the chef to make these for you."

Isabella was a little surprised when she saw the things on the tray, "Barbecue?"

"Mom, I heard that children of your age love to eat these. Smell them, isn't it delicious?" Eloise put the things down and looked at her with a smile.

Isabella picked up the first string and sent it to Eloise naturally.

Eloise was relieved and happy, "Mom doesn't eat these...you can eat it! You have worked hard these two days, and the

company is so busy with so many things. You just came home and haven't relaxed yet..."

back to this home, and we don't know much about your taste. Fortunately, there is Benjamin!"

When Isabella heard it, she was a little surprised.

"Benjamin knows your likes and dislikes very well. He knows exactly what you like to eat and what you don't like to eat." Eloise's brows stretched, eyes smiling, "I can tell that he really likes you."

"When he looks at you, he always sees you. With such a partner, your future will be very happy."

Eloise's hand rested lightly on Isabella's, and at this moment, she saw the bracelet on her wrist again.

"We have known Benjamin for so many years. He has always been a reserved, cold, serious, and unsmiling person, but he seems to be a different person in front of you. The love in his eyes is only for you."

"It's also the first time we've heard that he will design bracelets for girls... You have to give him something back later, don't disappoint his affection."

"Okay." Isabella nodded obediently, and her eyes fell on the butterfly bracelet on her wrist. The brilliant diamonds shone under the light, just like Benjamin's clear and dedicated eyes.

She really didn't seem to have sent anything to Benjamin.

I don't know what that man would like.

The next day, before dawn, Cecilia got up to dress up. She

deliberately chose a black suspender dress, her hair was coiled up high, revealing her fair forehead.

"Ms. Logan is so beautiful!" Scarlet personally put on a bright necklace for her, "You are much prettier than that girl."

"Scarlet, you don't need to comfort me, I know I'm not as beautiful as my sister..."

Even if Isabella is dressed simply, the cold aura exuding from the inside out, as well as the delicate and beautiful face, are enough to amaze everyone.

Scarlet's expression froze, and he continued to laugh, "Ms. Logan's facial features are very powerful, which is what a wealthy family should look like. You can see that Madam's facial features are very powerful, and she can stand on the stage..."

"You said... would Benjamin like my outfit today?" Cecilia looked at herself in the mirror.

Scarlet admired her face from the bottom of her heart, "If I were Mr. Mason, I would already be tempted right now! Ms. Logan, be confident, you will be the most eye-catching one for breakfast later!"

At this moment, someone knocked on the door and said, "Ms. Logan, Mr. Mason is here. Ms. Young hasn't woken up yet, and Mrs. and Mrs. are still asleep. Would you like to go downstairs first?"

When Cecilia heard this, she couldn't hold back

immediately. She hurriedly adjusted her makeup and went

downstairs first.

Benjamin wanted to meet the girl he liked earlier, so he came here 40 minutes earlier. He told Myra not to wake anyone up and let them sleep well.

When Cecilia went downstairs, she saw the man sitting on the sofa. With his noble and aloof temperament, matched with his slender figure, he was indescribably handsome.

"Benjamin, why did you come here so early? My sister doesn't have the habit of getting up early..." Cecilia stepped forward with a smile, "How about I pour you a glass of milk first?"

"Need not."

"If you go out so early, you must not have eaten yet. Drink some milk to pad your stomach..."

Just as Cecilia was about to go to the kitchen, he heard him say flatly, "No, I'll wait for Isabella."

Cecilia's smile froze on her face, and she quickly said, "Since you want to wait for sister, instead of waiting here, why not go for a walk in the garden? You haven't been here for a long time...the garden has planted a lot of new varieties, See if there's anything Old Mr. Mason likes, bring him some..."

"No."

"The air in the garden is quite good, which can bring you a good mood all day long. It's still early, shall I go for a walk with you?"

"I want to be alone."

Benjamin's meaning was already obvious, but Cecilia suddenly squatted down, put her little hand on his knee lightly, and said aggrievedly, "Benjamin, since my sister came back, you have become more and more indifferent to me."

Before she finished speaking, Benjamin showed displeasure and moved to the side, "Please respect yourself."

Cecilia's little hand was empty, and she was even more aggrieved, "I know you like my sister, but it won't hurt to say a few words to me! She is such a generous person, she won't mind. Besides, we have nothing It's just a chat."

The meaning of this sentence is that if Isabella minds them chatting, Isabella is a stingy person, they just say a few words...

Seeing that she still wanted to lean in, Benjamin's eyes were as cold as frost, "I mind, please respect yourself."

Seeing his refusal, Cecilia looked up at Scarlet in the distance. Scarlet hinted something with his eyes, and Cecilia was cheeky again, touching his knee with her little hand.

Now, Benjamin stood up immediately, looked down at her, "Enough."

"Benjamin..." Seeing that he was about to leave, Cecilia immediately grabbed the hem of his clothes, "I like you, can you turn around and look at me?"

At this time, Scarlet in the distance coughed twice, as if to remind him of something.

Cecilia followed Scarlet's line of sight and saw Isabella walking down the stairs step by step, so scared that she hurriedly let go of her hand, saying incoherently, "Don't get me wrong."

Too bad, will she tell her parents about it?

Will her parents feel like kicking her out of the house?

If that's the case, she's finished!

"Go ahead." Isabella casually walked towards the kitchen.

She was watching this good show upstairs just now, and she was hungry and didn't want to watch it.

Benjamin g

Cecilia a displeased look, and immediately

caught up with Isabella, explaining with concern an

anxiety, "Isabella, things are not what you think..."

"Oh? What's that like?" Isabella said as she walked towards

the kitchen with a disapproving tone.

"She just touched my clothes." Benjamin immediately took

off the suit jacket and threw it in the trash.

Cecilia, who was standing there, seemed to have been slapped severely, feeling ashamed!

He actually disliked the dirty clothes she touched!

¶

"Isabella..." Benjamin took Isabella's hand, "Are you angry? I'll change my pants."

He called Adam on the way upstairs, "Which pair of pants in the cloakroom are you missing?"

"What's the situation?" Adam sat up from the big hotel bed all of a sudden, his handsome face was full of surprise, "Benjamin, are you bankrupt? You don't even have to wear pants?"

"What are you doing at my house so early in the morning?" Adam is the fifth son in the family, and he is away all year round. He suddenly realized, "You're not so poor that you want my family to take you in, are you? How about I transfer some money to you for relief, so I can't lose face..."

"Which one hasn't been worn?" Benjamin resisted the urge to beat him, and pushed open the door of his cloakroom, which was about twenty square meters, and there were different seasons, different occasions, and different materials of clothes in different categories, but it was not Benjamin's style.

"The one on the left is a gift from the brand, and it was washed before entering the cloakroom. How did you go bankrupt? Tell me about it. It's such a big deal, it's not even on the hot searches..."

”

Before Adam finished teasing, Benjamin ended the call directly.

After changing his pants and going downstairs, Benjamin saw Isabella on the phone on the balcony. Her slender back was indescribably pleasing to the eye.

Seeing her finish talking on the phone in a few words, Benjamin stepped forward immediately, "Isabella, I've changed it."

Isabella saw that he had really changed into a pair of new pants. Why did he have pants at her house?

"Isabella..." Benjamin wanted to hug her.

But Isabella didn't let him succeed because of the servants

around her.

Benjamin's heart seemed to be missing a piece, "..."

"Benjamin, are you here so early?" At this moment, Williams went downstairs with a smile and stretched himself.

"Good morning, uncle." Benjamin looked at the girl in front of him with concern, her expression was indifferent, as if she

was angry,

Williams was smiling, and he was in a good mood early in the morning, "Morning, Isabella, Cecilia, you are awake too? You go to have breakfast first, I will wait for your mother..."

"Okay." Cecilia glanced at Isabella anxiously, seeing that Isabella was walking towards the kitchen without any

intention of suing, she breathed a sigh of relief inwardly.

Fortunately, if her parents knew that she pulled Benjamin's clothes, they would definitely think that she had ulterior motives...

At the dining table, Benjamin took a spoonful of porridge, blew it gently, and brought it to Isabella's lips, "It's not hot anymore, you can eat it."

Isabella didn't eat it, but reached out to pick up a cute bread, gnawed it casually, thinking about what Kai said on the phone just now.

Benjamin picked up a gla\*s of milk and brought it to her, "Have some milk?"

Isabella didn't intend to drink, and Benjamin offered another gla\*s of juice to her lips.

"Are you finished..."

Benjamin didn't have the slightest temper, and asked again, "Do you want mushroom soup? Or pumpkin soup?"

Isabella remembered that Kai said that several brothers were injured, and it was done by people from S TEAM, with a hint of anger in his eyes.

Seeing her finish one, Benjamin brought her a small plate of toasted apricot bread.

Isabella felt helpless, "Can you eat your own?"

"How can you not be angry?"

"I'm not angry." Just as Isabella finished speaking, the phone suddenly vibrated a few times. She glanced at the incoming call, got up and walked to the side to answer it.

[Boss, S TEAM sent a message that we have to give up our territory within three days, otherwise we will be killed. ]

There is a place outside the border, because it is outside the boundaries of the three countries, and it looks like a triangle. when viewed from the sky, so everyone calls it the “illegal area”.

There is a three-way zone, with countless small gangs ruling the roost, and there are four or five big forces, and Isabella is one of them.

Most of the time, the gang she led lived in peace with other gangs, but since the boss of S TEAM was poisoned a few days ago and the new boss took over, she sent people to provoke them from time to time, trying to get them to give up their territory.

There is a medicine mountain on their site, which contains many rare herbs, some of which were originally owned, and some of which were planted by Isabella later, which are invaluable.

Today, S TEAM released harsh words, and they must not wait any longer, and want to take it into their pockets.

“You can deal with it.” Isabella had just returned to this home recently, so she couldn’t go there in person.

Just then, Benjamin hugged her from behind.

“I’ll hang up first.”

“Isabella...” Benjamin’s voice was deep and charming.

“Are you still eating?” Isabella didn’t expect this guy to be so clingy.

The point is, from just now until now, Cecilia has been sitting by the side watching, and can’t even eat breakfast, full of grievances and anger!

Cecilia couldn’t believe that Benjamin, who was always aloof, had times to humble himself!

He has no temper in front of Isabella!

Even if Isabella made things difficult for him and snubbed him, he still tried to curry favor and show weakness!

Such a good man, how could Isabella be willing to bully him?

“Forgive me.” Benjamin hugged the girl in his arms, “Justify me.”

Isabella was really speechless, “Didn’t I always respond to you?”

“You have become indifferent.”

“How can you understand me?”

“Talk to me like you used to?” Benjamin held her tightly.

Isabella really can’t remember how she communicated with.

him before. She seems to have remained the same. Could it be that when she was distracted just now, she didn't pay attention to what he said, and he felt left out?
