Chapter 80 Are you punishing me

“Are you punishing me?” Benjamin pestered her, “As long as you forgive me, let me do anything.”

When Isabella heard it, her eyes lit up, “Really?”

“Yeah.” Benjamin nodded seriously, waiting for the girl’s punishment.

“Then punish you not to look for me for two days, and let me be quiet.”

She needs time alone too much, and there are many things waiting for her to do it herself.

I’ve been pestered by this guy recently, and I can’t do many things!

This is not a good opportunity.

“Isabella...”

This punishment is too harsh for Benjamin!

His heart seemed to be torn apart by something, and at the same time he was in pain, he coaxed softly, “Change to another one?”

Isabella was speechless, “Didn’t you ask me to mention it?”

“Don’t say two days, I can’t do it for two hours.” Benjamin looked at her seriously and honestly, “How could I not find you?”

“Then punish you to keep a distance from me for two days and don’t touch me.”

At least less noticeable in public...

This punishment is also very heavy for Benjamin. He pestered the girl to bargain, “Can I have other punishments? For example, hire someone to beat me up, and I will pay the employment fee?”

“you?”

“Or starve me for a few days without eating, punish me to kneel on the keyboard...”

Cecilia on the side was really angry and couldn’t listen anymore!

“I just had a few words with Benjamin, why are you embarra*sing him? Your temper is too...”

“What do I have to do with you?” Isabella raised her eyes casually, as if she didn’t take her seriously, and her superior aura made people feel a little afraid.

on the side carefully looked at the girl’s beautiful face, “Even if I am punished to kneel for three days and three nights, I have no objection.”

“Have you heard?” Isabella looked at Cecilia with a disapproving tone, “It’s not your turn to talk about our affairs.”

When Benjamin heard it, he was very happy, and Isabella

said "our business"! "us"!

Cecilia was so angry that she could only look at Benjamin, "Benjamin, the girl can't be used to it all the time, if this goes on, you will..."

"I am willing." Benjamin was still immersed in the joy just now, and gave Cecilia a dissatisfied look. "The fiancée is meant to be spoiled. I am happy with whatever Isabella does to me."

Cecilia was really angry, "I'm afraid that in the future..."

"If you get angry with me in the future, it can only show that you care about me." Benjamin looked at the girl in his arms with gentle and loving eyes.

"Hey, it's early in the morning, am I not here at the right time?" Williams hurriedly stopped, hugging Eloise's shoulders with a smile, "Honey, let's go to the garden for breakfast? Leave space for the children..."

"Okay..." Eloise grinned from ear to ear. Seeing that Cecilia was still sitting at the dining table, she immediately said, "Cecilia, what are you still doing? Let's go..."

Leave Benjamin and Isabella alone!

Cecilia glanced at Benjamin reluctantly, not knowing why this man was fascinated by Isabella!

What the hell is so good about Isabella!

With no one else present, Benjamin became unscrupulous, pestering Isabella endlessly.

After finally arriving at the company, Isabella finally

breathed a sigh of relief. When she saw Frank, she ordered in a low voice, "Go and call the manager of the production department and the team leader of Line 4 and Line 5 to my office."

"Yes." When Frank went to call someone, many employees of the company started chatting again.

Since Isabella took over the company, as long as someone is summoned by her, it will definitely end badly!

This time, she asked Frank to call the manager of the production department, the leader of production line 4 and

5...

Quite a few curious employees secretly followed their steps, wondering if there were any big melons among them.

"Ms. Young, are you looking for us?"

The manager who entered the door was about forty years old, tall and thin, and looked a little malnourished, but there was a gleam of brilliance in his shrewd eyes.

The other two team leaders looked a little timid and uneasy, but they still squeezed out a smile and said in unison, "Good morning, Ms. Young."

Isabella didn't waste any time, and directly through the phone on the table and played the recording.

[You are the team leader of Line 4, how can you take the lead and fight against me? You have to do this if you agree to this matter, and you have to do this if you disagree...]

[Mr. Barnes promised at the beginning that each of us will have hope in life, at least food and clothing.]

[Did Mr. Barnes treat you badly this year? Can't you see it? Now there is a Ms. Young in the company, who has to check everything big and small. Lines 4 and 5 must be stopped, and the stock in the warehouse must be out of the warehouse for two days. Otherwise, let alone you and me, Mr. Barnes will be in trouble!]

When the manager and the team leader of Line 4 heard this, their faces turned pale!

This is what they said in the corridor, and it was clearly recorded...

Is there a bug in the corridor?

Or was Isabella really eavesdropping in the corridor last night?

"Ms. Young, this..." Manager Chen couldn't believe it, and didn't know how to explain it!

impossible!

He obviously had someone check the surveillance cameras. No one entered or left the company last night. He also deliberately checked the surveillance cameras. The time was recorded every minute and every second. If anyone appeared, they would definitely be recorded!

Unless that person will be invisible!

How else to explain all this?

Is there really a bug?

"Don't rush to explain." Isabella's tone was casual, and she clicked on another recording.

[If Ms. Young really came to the company and knew that we were producing those goods, what should we do?]

[According to Ms. Young's investigation, it didn't take long for all of our secrets to be hidden!]

[Will we lose our jobs because of this?]

[On the way to and from get off work, if someone accidentally gets into a car accident or other accidents, we can't blame us... we can only blame her bad luck.]

The manager was terrified. He was the one who said the last sentence. Now that Isabella released it to his face, his face was extremely bleak, with no blood at all. He faintly felt that the sky was falling, it was over!

The other two team leaders were also so frightened that their legs became weak and they couldn't even stand still. They couldn't believe that what they said in the warehouse last night was completely recorded!

They didn't even have a chance to argue.

It turned out that the manager heard it right last night. At that time, there was a vibrating sound of the mobile phone. It should be someone hiding in the warehouse to record!

But who and how did it happen?

They obviously searched the warehouse in front and back, inside and out several times, not to mention people, not even a mosquito could fly out of their sight!

How did this recording come about?
