Chapter 85 The only thing I like is you

“Isabella, such a good employee, should I give him a raise?” Benjamin’s words came from the other end of the video.

When Frank heard it, his heart was filled with joy, and he looked at Isabella with pleasure and expectation.

“If you don’t leave, I will help you donate this month’s bonus to charity.”

Hearing what Isabella said, Frank’s heart almost couldn’t bear it, and he immediately raised his leg, “I’ll go right away!”

“Talk well after you go out.”

“Yes, Ms. Young, don’t worry, I will never tell anyone about your relationship...” Frank slammed into the office door, ignoring the pain, and went out clutching his forehead.

“Satisfied?” Isabella looked at the man on the phone with a hint of helplessness in her tone.

Benjamin raised an evil smile, “It would be great if the whole world knew about it.”

“Isabella, when will my identity be revealed?”

Just now I heard from Frank that there is a man in the company who wants to confess to her? Simply impatient to

Looking at his handsome face, Isabella was a little. overwhelmed, “I’m dead.”

“Wait.”

“Is there anything else?”

“I haven’t seen enough of you yet.” Benjamin leaned closer to the screen, his handsome face suddenly magnified several times, and those black pupils exuded endless tenderness.

“Don’t you still have work to deal with?” Isabella heard Green’s voice just now, and knew that Benjamin still had things to do.

“Have you?” Benjamin’s eyes fell on Green.

Green bit the bullet and said, “No...”

“What are you doing here without you?” Isabella didn’t expect that even Green would learn to lie, it was all forced by Benjamin.

“Ms. Young... I just came in to see what Mr. Mason needs. I didn’t expect that he only needs you. I’m redundant. I’ll go out first...”

Speaking of which, Green put the documents on the desk, clasped his hands at an angle that Isabella couldn't see, and begged Benjamin to deal with it quickly. You must know that these projects are very urgent, and a group of people below are waiting!

Benjamin raised his chin slightly, agreeing, and Green was relieved, and hurried down.

After being pestered by Benjamin all morning, finally at noon, Benjamin was already waiting for her downstairs in the company.

As soon as Isabella got into the car, he forcibly pulled her over and sat on his lap inexplicably.

"Benjamin, you're going too far!"

Isabella looked at his super handsome smiling face and wanted to get down, but was forcibly hugged by him.

"If you move any more, I'm going to kiss you."

Isabella looked at his beating face, "Can you be more shameless?"

"Okay." Benjamin kissed her lips, caught off guard.

Her lips were as soft as jelly, and she intended to tease her, but after tasting it, Benjamin wanted to absorb more of her sweetness.

Through the clothes, Benjamin could touch the delicate skin inside.

"Benjamin!"

Isabella wanted to push him away, but Benjamin grabbed the back of her head with his other hand, grabbing her breath even more greedily.

His kiss caught Isabella off guard and she couldn't hold back, her little hand pushed him again, "Enough."

It was clearly a warning voice, but to Benjamin it sounded like he was whispering to his lover, with a hint of flirting.

He, who has always been calm and self-controlled, is on the verge of losing control.

Isabella could feel his increasingly endless entanglement, and pushed him hard, "Benjamin, I'll be angry if you do this again!"

Benjamin stopped, with deep affection in his eyes.

There was a tinge of coquettishness in her eyes that she couldn't see normally, and the fire that Benjamin had finally suppressed was ignited once again.

"Isabella..."

He had only tasted a little of her, not enough, and before Isabella could refuse, he kissed her again.

His moist and hot lips entangled her, deepening the kiss. constantly.

Isabella's body weakened little by little, unable to resist. Green felt hurt. Does no one care about his feelings?

God knows what mood he is driving now! In addition to suffering, it is still suffering!

He thinks he is superfluous!

I don't know how long it took, the long kiss finally ended.

Benjamin's eyes were still a little blurred, and his voice was filled with deep affection, "Isabella, I like you."

Isabella's shoulders heaved slightly, and she was panting.

There is endless love in Benjamin's eyes, "I like you very much, very much."

"Are you still short of people?"

"Huh?" Isabella didn't understand what he meant.

"I want to be your a*sistant."

"Personal bodyguards are also fine."

"Cleaning up in your office is fine too."

Benjamin held her face in his hands and said lovingly, "I like you. I want to have you in spring, summer, autumn and winter, for three meals a day, at home and outside, and every moment."

Isabella's heart seemed to be touched by him, his eyes were sincere and his expression was more focused.

"I don't like Cecilia." Benjamin held her face and said word by word, "The only thing that can make me happy is you. It was you before, it is you now, and it will be you in the

"Understood." Isabella didn't expect him to be so eloquent, so she turned her eyes away and deliberately looked at the scenery outside the window.

Benjamin raised the corners of his lips evilly, "You're blushing."

"Isabella, are you shy?" Benjamin rubbed her face lovingly, "You're so cute."

Before meeting Benjamin, no one ever said she was cute, but most people said she was cold and unreasonable.

Benjamin held her face and said, "You look good when you are shy, you look good when you are angry, and you look even better when you are jealous."

“Who’s jealous?”

“This morning.” Benjamin held her face in his hands and said, “You are so cold, you turned me away.”

Isabella didn’t feel jealous anymore. Although she doesn’t like Cecilia’s behavior, it’s not enough to get angry.

“If you

don’t mind, next time another woman approaches me...” Benjamin deliberately joked to see her reaction.

“And next time?” Isabella raised her eyebrows with a warning tone.

Benjamin raised a wanton smile, his eyes were full of doting and joy, “I promise, there will never be a next time.”

Green wants to beg you! Can you consider other people’s feelings, and talk about love in another place?

It’s really hard for an a*sistant these days to survive. What did he do wrong to suffer this kind of torture...
