### Chapter 101 Participation Conditions

“No need to modify it, it’s already perfect!” Kennedy looked at the sketch and couldn’t help saying, “Ms. Young, I

suddenly found that your design style is somewhat similar to Master Sofia Welch.”

“oh?”

Master Sofia Welch’s works are flamboyant and full of joy, and your revised draft has a bit of the same feeling.” Kennedy looked at the draft in front of him and said, “Why are you all so good... If I can design such a beautiful design Works just fine!”

She sighed and said silently, “I don’t know how long I will have to work hard to get closer to Master Sofia Welch...”

Isabella slightly hooked the corner of her lips, “Like her very much?”

“Yeah! I really like it! I admire it!” Kennedy talked about the myth in the design world, and couldn’t hide the stars in his eyes. “I don’t know if she is a man or a woman, old or not...”

“Not old.” Isabella’s tone was as calm as water, “female.”

“Ms. Young, how do you know? Have you met her?”

You must know that Master Sofia Welch rarely shows up, even the president of Sofia Welch Group rarely has the opportunity to meet her...

“Well... I have seen it before.”

會

“Then is she pretty?” Before Isabella could answer, Kennedy

added in his own mind, “It must be pretty! Judging by her design style, she should be a cool girl with a lot of personality!”

Isabella glanced at her, “Go to work.”

“Ms. Young!” Kennedy hurriedly grabbed Isabella’s arm, “The next time you see Master Sofia Welch, can you ask me for her autograph?”

“I probably won’t have the chance to meet her...” Kennedy lowered his head, a little frustrated.

“There will be...” Isabella said casually, “The international design competition will be here soon, maybe she will be a judge? If you enter the competition, maybe you can meet her.”

“Me? International design competition??” Kennedy felt that Ms. Young thought highly of her!

That match was as far away as a dream...

She dares not even think about it!

“Besides, if you want to participate in the international design competition, you must win the top three in the national clothing design competition next month to be eligible to participate...”

“Oh, let’s sign up.

“Participate in the national competition next month, and then participate in the international competition the next month, just right.”

Kennedy felt that Isabella was teasing her, but seeing

Isabella’s expression, it didn’t look like she was joking at all.

“You are somewhat talented in design, as long as you work hard, you will definitely get a good ranking.”

“...” Kennedy didn’t believe in his abilities at all.

Seeing that she was not confident, Isabella said lightly, “Even if you don’t get the top three in the country, this experience is a good tempering.”

Although Isabella has never paid attention to small-level competitions such as national competitions, she has not even followed international competitions for a long time, but in the eyes of the designer, these two competitions are very important!

Being able to get the ranking is an affirmation of the designer's own strength!

"The clothing company of the Bartley family will also participate in the competition, right?" Isabella patted her on the shoulder and left first.

Kennedy sat back in his seat, dazed for a while, and entered the National Fashion Design Competition with his fingers...

the other side.

Daisy took a photo of the contract she signed and sent it to

Harris for viewing, but only received two words from Harris.

"Congratulations."

Daisy felt that she was about to lose something, just at this time, the class group of the second year of high school. became lively.

"@Daisy, we saw you took second place in the piano competition? Is it true or not? That's amazing!"

"Didn't know you could play the piano @Daisy"

"Daisy, since you returned to the Brown family and transferred to a noble school for your senior year, you haven't contacted us for a long time, miss you so much! @Daisy"

"Did you forget us?"

"Why don't we form a game tonight to celebrate Daisy's second place in the competition! @Everyone"

“Yeah!”

“agree!”

Eighteen years ago, the fire caused Daisy to be picked up by a cleaner to be raised shortly after she was born.

Because she is the child of a cleaner, Daisy received a lot of stares and was often bullied since she was a child.

But now, those people who used to look down on her and bullied her have shown their affection to her one after another, and even want to organize a game for her.

Daisy has mixed feelings in her heart, but more of it is her determination to show off.

“Daisy, I heard that your boyfriend is the son of the richest man in Autumn Town, bring him out tonight and let us meet!”

“Well, he probably doesn’t like to join our party, does he?”

“How come, as long as Daisy asks, her boyfriend will definitely come! Can Daisy still call her boyfriend?”

“That’s right, Daisy, you can bring your boyfriend tonight! Let me tell you first, this party is mainly to celebrate your second place, so you and your boyfriend don’t have to pay for it!”

“Yes, we’ll split it equally!”

Seeing that they talked a lot, Daisy didn’t come out to respond, but sent a screenshot to Harris.

[Harris, what do you mean? ]

[If you're busy, I'll just go to participate by myself, it's okay. ]

[Everyone is just out of kindness, I don't want to let them down. 1

Harris on the other side saw this, and suddenly felt a little guilty. His girlfriend won the second place in the National Piano Competition, but as a boyfriend, he was thinking about Isabella's face these days!

Ever since seeing Isabella at the door of Old Mr. Mason's ward, his heart can no longer be as peaceful as before...

Obviously that girl was wearing ordinary clothes, but that temperament and facial features made him linger in his dreams.

In the past few nights, he even dreamed about her, dreamed that the two of them were dating, and he was close to those lips...

Daisy waited on the other end of the phone for quite a while, but she didn't get a reply from Harris. She was a little worried and was thinking of countermeasures when the phone vibrated twice and a sentence popped up.

[I will accompany you tonight. ]

Daisy was so happy that she sent several kissing and hugging emojis in succession.

[I know that Harris treats me the best! ]

[Harris doesn't like to talk these days, I thought Harris didn't like me anymore. ]

Speaking of this, Daisy also sent an aggrieved expression.

Harris felt ashamed of his changes in the past few days. Daisy was so kind and sensible, why should he think about a cold Isabella?

That Isabella who casually slept with old men is not worth his miss!

Now that he has chosen Daisy, he must hold her hand tightly and walk on firmly...

As for the parents, he will think of a way.

Mainly because of a pure and kind girl like Daisy, there is no other girl in this world...

Chapter 102 Received a message

Just then, Isabella's cell phone received a message.

[Isabella, what have you been up to lately? When do you come to get the Heart Tonic Weed? ]

It was only then that Isabella remembered that she was busy with managing the company recently, and hadn't gone to Kara to get back the auctioned items.

[Let me tell you, there have been a lot of good things in the auction recently. I know you are busy, so I took pictures for you. It's interesting. ]

Isabella's slender fingers replied, "Something that makes you feel good is definitely not that bad."

"Of course,~ they are all good babies!" Kara continued to speak, "Do you have time tonight? There is a newly opened club, let us go to join us, it's free. "

"OK."

[Then I'll pick you up tonight, and you'll send me the location later. ]

" OK."

After Isabella sent the message, she said to Benjamin beside her, "I have something to do tonight, so I need to go home. early."

"Okay." Benjamin's eyes were soft, and he thought she had something to do at home, so he agreed without thinking too much.

And the other side.

Daisy's classmates shared the location in the group. It is a newly opened high-end club.

Because there were activities to be done, and the whole class shared the expenses equally, they chose a relatively high- end place.

One is to take the opportunity to see what a high-end club looks like, and the other is to take the opportunity to meet rich people.

For tonight's party, Daisy took a shower and changed clothes early. In order to get a better stomach effect, she didn't even eat a few mouthfuls of dinner.

At this time, she came down from the spiral staircase at home, wearing a gorgeous dress with a narrow waist, and expensive jewelry on her ears, neck, and wrists, which was somewhat charming and elegant like a little woman.

The nannies in the living room were stunned, "Miss Daisy, you are really beautiful!"

Even Harris, who came to pick her up, was stunned for a few seconds. He didn't expect Daisy to dress up carefully and look a bit elegant.

She was originally weak, but after dressing up, she was not only gentle and decent, but also a little mischievous and

“Harris, are you here?” Daisy even softened her voice a little, she stepped forward and took Harris’ arm.

Harris’ heart seemed to be melted by something. The indifference of the past few days is gone, replaced by gentle concern, “Are you ready?”

“Yeah!” Daisy knew his change, and she was attracted by her beauty in all likelihood, and chased after the victory, “Harris, if my classmate asks you if you are my boyfriend or fiancé, how should I introduce you?”

“Of course, the fiancé.”

“But my aunt... doesn’t seem very satisfied with me.” Daisy drooped her long false eyelashes, and said in a low voice, “Will there be any changes in the future to make my classmates laugh?”

“How could it be?” Harris comforted her in turn, “My mother, I will try to find a way.”

Michael and Gail, who were hiding and eavesdropping, were so happy from ear to ear, they hurried out.

“We believe that your intentions for Daisy are true. Daisy, don’t think too much about it! He said so, could he lie to you? You will be fine in the future!”

“Aren’t you going to the class reunion soon?”

Daisy raised a smile, and held Harris even more clingingly. When no one saw her, her plump part rubbed against Harris’

arm intentionally or unintentionally.

Harris could feel the softness coming from somewhere, his face was a little red, but at the same time he liked the touch very much, and he didn't reject it on the surface.

There are already seven or eight students waiting at the door of the clubhouse. They can't wait to know what kind of car Daisy came by, and how good-looking her boyfriend is....

Until a Porsche Cayenne appeared, everyone's eyes widened. This car must cost at least two million!

Under the eyes of several classmates, Harris got out of the black car, politely helped Daisy open the car door, and held her hand intimately.

"Wow... Daisy, it's Daisy!"

"You finally came!"

"Long time no see, you have changed too much, right?"

"Your dress is too pretty, isn't it?"

"And earrings, so beautiful!"

"Is your necklace expensive?"

Several girls stepped forward and surrounded Daisy, scrambling to hold her hand.

Harris closed the car door, handed the car keys to the parking officer, and greeted everyone politely.

"Hello, I'm Daisy's fiancé, Harris."

He has a nice voice, looks very sunny and handsome, and his every move reveals an excellent upbringing.

Several girls couldn't help exclaiming:

"Are you engaged?"

"So, he's not your boyfriend, but your fiancé!"

"so hot....."

"Daisy, you are so lucky! You have such a good-looking fiancé!"

The point is, a Porsche Cayenne was also driven!

Unexpectedly, after Daisy returned home, not only the material aspects improved a few levels, but even her fiancé was a top match!

This fate is too good!

"Daisy, I heard that your fiancé went to the best university, isn't it amazing?"

"You're only a freshman, right? Can you drive at such a young age?"

"Daisy, I envy you..."

Several girls surrounded her into the clubhouse, and the remaining two or three girls surrounded Harris, taking the opportunity to flatter her.

"Daisy, this is the box we booked for you, how about it?"

The party organizer Susan opened the door of the box without waiting for Daisy's exclamation.

Daisy looked at the environment in front of her, was stunned for a second, raised a smile, and said gently, "It's pretty good, but there are a little too many people in our class, but it's okay, the main thing is to make fun of it."

Susan heard what she meant, and her face froze. She chose this room because there were no activities in the larger room, and no snacks and drinks were provided.

Daisy should have returned to a rich family and is used to seeing good occasions, so it's normal that she didn't like such a private room.

"Today I treat guests." Unexpectedly, Harris behind him said softly, "You guys set up for Daisy, and I'm Daisy's fiancé, so I should pay for it."

Seven or eight students were stunned when they heard this.

"I asked them to upgrade the box." Harris looked at Daisy, his eyes were full of gentle light, "Students want to help you celebrate, I will be responsible for all the consumption today, everyone just enjoy themselves."

While Daisy was moved, she felt that she was stealing the limelight, and she was so proud of that mood!

Susan couldn't help reminding, "Harris, that...better box needs to be recharged."

"How to recharge?" Other students couldn't help asking.

"In this clubhouse, there are top-level boxes, high-level boxes, upper-class boxes, medium boxes and small boxes... Our box is considered medium-sized."

If it is the first three boxes, you need to recharge.

## Chapter 103 Fiancé

“The recharge amount of the top box must be more than 10 million, and you must make an appointment in advance to enter.”

“Premium boxes do not need to be reserved, but the top-up amount must be more than three million.”

“The first-class box is cheaper, and the top-up amount is more than one million.”

Hearing what Susan said, Daisy felt a little anxious in her heart. It would take so much to recharge casually. Although Harris is rich, he may not spend so much money for a party.

But all the words have been released, if you don't upgrade the box now, wouldn't it make the students laugh?

“Harris, I think this box is pretty good, there is no need to upgrade...”

“I'm going to ask if the top box is available for reservation.” Harris has always been a face-saving person, and he let his words out. It is impossible for him to embarrass himself and embarrass the girl he loves at the same time.

“Daisy, your fiancé treats you well...”

The top-up amount of 10 million was agreed without blinking an eyelid.

Daisy didn't expect that Harris would love her so much...

At this time, a waiter passed by, and Harris politely stopped him and asked about upgrading the box.

Seeing his gentlemanly and elegant appearance, not only Daisy, but also several female classmates began to be moved...

“There is only one top-level box. Our boss wants to keep it for entertaining friends tonight. I’m really sorry. You can consider a high-level box or an upper-class box.”

Harris secretly breathed a sigh of relief, “Let’s go to the premium box.”

“Premium boxes need to be recharged for more than 3 million...”

“Well, yes.” Harris said gently, “Open a room for me first, let them go in for a rest, and I will open a card with you.”

“Okay, no problem, this way please.”

the other side.

Kara came to the entrance of the clubhouse in a tens of millions of sports cars, played with the car keys and asked, “Where’s Conner? Didn’t you mean to come out and park the car for me?”

“Don’t talk about parking the car, I can do anything!” The person who spoke was the owner of the club, who came out to greet them immediately after receiving the news of their arrival. He was unexpectedly handsome and young.

Isabella raised the corners of her lips. It’s been a while since

I saw him. This guy looks even more sleazy, exuding a flamboyant aura all over his body.

“How is it? How about the biological family?” Conner raised his chin and asked, “You haven’t been bullied, have you?”

The stud on his left ear is very prominent.

Isabella said lightly, "Very good."

"If something happens, I'll settle it for you."

"I haven't seen you in a while and you still owe it so much! Who is he, you need to settle it?" Kara threw the car keys to him, "Take it easy, and if you miss it, the maintenance fee will be on your head."

Conner raised a naughty smile, "If it breaks, I'll pay you for a new one."

After Kara entered the door, she said to Isabella next to her, "You go to the box first, I'll go and see this guy's top collection!"

When he was decorating the clubhouse before, he said that in his private lounge, there is an entire wall of sky-high collections, and everything is the best of the best.

"Well, take the expensive one." Isabella raised the corners of her lips.

"no problem!"

The waiter on the side twitched his mouth, this is a real

friend! It seems that the boss is losing money tonight! The

price of the collection wall at that day, it costs a lot of money to get it...

After Kara left, Isabella followed the waiter to the top box. when she heard someone call her name.

"Isabella?"

After Harris opened the card, he found Isabella's back and called out tentatively, it was really her!

“Why are you here?”

Harris stepped forward, and suddenly remembered that there was a job advertisement posted on the door of the clubhouse. He couldn't believe it, “You, are you here to apply?”

Isabella:??

“Isn't the money enough to spend?” Harris frowned slightly when he saw that she was wearing a big-name dress today. No amount of money would be enough for her way of spending.

“You left the Brown family, you have to exercise restraint.”

Isabella:??

Is this man mentally ill??

“I accompanied Daisy to the class reunion, and I just opened a card for her.” Harris flicked the card in his hand, as if the card was a symbol of his financial resources.

He thought Isabella would be tempted, so he invited him in a gentlemanly manner, “If you have time, can you play with me?”

Isabella didn't even bother to say anything, and turned around to leave.

“Stop.” Harris didn't expect the girl to ignore him, with hot embarrassment and shame on his face, “Even if you're jealous that Daisy is with me, you should still be polite. When you see an old friend, shouldn't you say hello?”

Isabella raised her displeased eyes, “I don't want to talk to the mentally retarded, is there a problem?”

“You... just haven’t seen each other for a few days, and your language has become vulgar. What kind of person are you with to become like this?” Harris looked heartbroken.

Isabella was really speechless, “What kind of person I’m with has something to do with you? You live by the sea, so you have such wide control? If you have a mental illness, take more medicine and don’t come out to jump around.”

“You...” Harris was very angry at first, but when she thought that she came out to apply for a job, and even accompanied so many old men, she just wanted to live a better life, and suddenly felt a little sympathetic to her.

“Do you have any difficulties? Tell me, and I can help you.”

Isabella gave him a blank look, “Crazy.”

Then he followed the waiter away.

Harris saw her walking towards the end, which was the top box. Could it be that she didn’t come to apply for a waiter job, but went to the top box to serve important people?

Thinking of this, he suddenly realized, no wonder he opened a three million card, but people didn’t pay attention to it, and people who dare to love are going for big goals!

It must be so!

At this time, the door of the premium box was opened, and Daisy found Harris standing in the aisle, and asked

inexplicably, “Harris, have you finished unlocking the card? What are you looking at?”

Why does he look a little unhappy?

Following Harris' line of sight, Daisy saw a figure who looked like Isabella, and suddenly turned into a top box.

She was stunned and couldn't believe it, "Isabella? She's here too?"

"People who don't love themselves." Harris' tone was very displeased, Daisy understood, that person must be Isabella!

Otherwise, Harris wouldn't be angry!

In order to prove his conjecture, Harris called the passing waiter, "Let me ask, is there any special service in your clubhouse?"

"Special service?" The waiter thought for a while and said, "There are quite a lot of them. I don't know which one you want, sir?"

For example, there are entertainment, leisure and sports, and these types are divided into many kinds...

All are fun.

Harris clenched his fists, as expected, Isabella went to the top box to serve the big man!

Thinking of this, he became even angrier, gritted his teeth and said to the waiter, "It's nothing, you can go down first."

Chapter 104 Ask a few people to test the test

"Harris..."

Daisy was about to say something when Harris said, "I'm going to the bathroom."

Looking at the back of him leaving, Daisy was a little annoyed. It's Isabella again, why is she everywhere? Are you bothered?

At this moment, a few more classmates came, and Daisy greeted them with a smile, and walked into the box with them.

"Students, today is a treat for Daisy's fiancé. Everyone wants to eat and drink whatever they want. Feel free to do it, but don't waste it. Don't leave a bad impression on other people's fiancés, and don't lose Daisy's face!" Susan opened the chair road.

While many students recognized her, they began to compliment Daisy, saying that she found an excellent fiancé, and gossip about her fiancé's family background.

"His father is the richest man in Autumn Town..." Daisy pretended to be calm and spoke.

"The richest man in Autumn Town? Too rich?"

"No wonder the 10 million private rooms were considered to be opened just now. It turns out that his family is so good..."

"What 10 million boxes?"

"You guys didn't know how domineering Daisy's fiancé was just

Today she was wearing a tube top dress, and he missed her proud figure.

Gary is a bad student in the class. With a little money at home, he has a domineering personality. He became a gangster outside the boss and started a small gang. Twenty or thirty people followed him.

He picked up the wine bottle in front of him, smiled badly, and drank the whole bottle, many people clapped their hands and applauded.

"Tonight, I'll take care of it." He threw the bottle aside, and someone immediately stepped forward to catch it.

"You're one step too late." Susan teased, "Daisy's fiancé has already recharged 3 million dollars, so he's going to book this high-end box directly. All the consumption tonight is his treat!"

Hearing three million, Gary glanced at Harris coldly and arrogantly. In the whole box, he had the most outstanding temperament.

Needless to say, he must be Daisy's fiancé.

"Hello, my name is Harris."

Although Harris didn't like this messy boy from just now, but he is Daisy's classmate, Harris still politely extended his hand to show his friendliness.

Unexpectedly, Gary didn't take him seriously at all, but raised his voice and said, "Did you hear, Daisy's fiancé treats guests, whatever you want to eat and drink, let me take it!"

Hearing this, several people made a special effort to catch y

“Gary...” Daisy stepped forward, trying to calm him down.

Unexpectedly, Gary looked at her with naked eyes and a smirk.

Harris felt that the interaction between the two of them was a bit strange. At this time, Susan stepped forward to smooth things over, “Gary, today is to celebrate Daisy’s second place in the piano competition. Let’s toast together and congratulate Daisy, shall we?”

She forced the wine glass into Gary’s hand, hinted him not to make trouble with her eyes, and even told the others not to make a mess. The whole class raised their glasses and cheered together.

But the others dared not listen to Gary’s order, and ordered a lot of expensive drinks.

“Daisy’s fiancé? Since Daisy won the second place, shouldn’t he drink two more glasses?” Gary drank the wine in his hand and waited for Harris to say.

“Harris...” Daisy immediately regretted, why did he come, this Gary never cared about anyone.

Harris picked up a glass of wine, gestured gentlemanly, and drank it down.

In comparison, he is more elegant and educated than Gary, and the other girls look at him with undisguised love and admiration.

Gary continued to drink a few more glasses, and Harris, not to be outdone, continued to drink a few more. Today, because Isabella is in a bad mood, these few glasses of wine just relieved his worries.

Gary picked up the bottle again and drank straight to his mouth.

When Harris still wanted to follow, Daisy immediately took his

arm, "Harris, that's enough. I've already received your congratulations. I can't drink anymore, how can I go back after drinking too much?"

"Men, what if you don't drink?" Gary looked at the boy in front of him wickedly. "To make everyone more enjoyable today. I called some people over..."

He clapped his hands, and seven or eight women came to the door immediately. They were all beautiful, and they looked like professional women.

"1

You finally asked us to come in! Our legs are numb from waiting. you have to rub your sisters!" Several women surrounded Gary coquettishly.

Gary waved his hand to let them go away, "I have a friend who is engaged, and I asked you to come today to test her fiancé..."

"Hey, is that the young talent in front of you? I don't know what type my little brother likes? Fierce or gentle?"

Seven or eight women surrounded him at once.

"Gary, don't go too far!" Susan said immediately.

Daisy also held Harris' arm tightly, "Stay away from my fiancé."

"I'll go to the bathroom." Harris had tolerated this Gary for a long time, but years of upbringing allowed him to restrain himself without losing his demeanor.

Seeing him leave, Gary sneered, "Is its bad kidney? Or can't control it, go to the bathroom and solve it first?"

Several people followed and laughed.

Daisy gave Gary a hard look, and was about to leave when Gary grabbed his hand suddenly.

Harris went to the bathroom to wash his face, and felt that Daisy's friends were all little people, and instead of wasting time here, he might as well go back carly.

Just as he was thinking, there were sounds of a few girls washing their hands and talking outside.

"I really don't understand why the son of the richest man in Autumn Town fell in love with Daisy?"

Chapter 105 Superficial "I can't figure it out either! Which of our girls is not better than her?" "I was brought up by cleaners since I was a child, and I exude a kind of poverty!" "Obviously wearing brocade clothes and expensive jewelry, but it just can't cover up the smell on her body." "It's funny to see her wearing so many jewels. They obviously don't match, but they are forced to wear together, isn't it just to show off in front of us?" "Too superficial!" Harris was about to go out and warn them not to talk nonsense, when he heard one of the girls say, "That's good luck, whoever let the family have the richest father, how is it like us? No one cares about good girls!" "I think Harris is quite gracious towards Gary. You probably don't know that Daisy and Gary dated before?" "Not only have we dated, but we've even kissed on the mouth!" "I'll watch a good show for a while." Harris' footsteps seemed to be stuck by something, and he couldn't move at all. When they were far away, he still stood there motionless. 1/6 O Still kissed? Didn't Daisy say before that he was her first love? I still remember that when I kissed her not long ago, her kissing method was a bit clumsy, saying that it was the first time... Could it be that they all lied to him?

And in the box on the other side. Conner clasped his hands together and begged, "Let me go, you two. If this goes on, I'll have to lie in the hospital for emergency treatment." "Seeing how promising you are, why don't you open two bottles of wine?" Kara said, opened the wine opener and opened another bottle.

Conner looked regretful, "Grandma, this is a limited-edition. whiskey, ten million dollars. Isabella, don't you care?" "Why, our friendship isn't worth ten million?" Kara asked with raised eyebrows. "Yes." Isabella nodded in agreement. "It's worth it...it's worth it..." Conner wanted to cry, "It's not about the money, it's mainly because I'm afraid you won't be able to get up tomorrow!" "If you have wine today, you're drunk today, right Isabella?" Kara sipped a glass of wine. "Yes, good wine! As expected, it's a limited edition, but it's a pity that the alcohol is too strong, and Isabella can't drink it." Superficial Isabella raised the corners of her lips, "Okay, let's go." If he didn't leave, Conner was going to have a heart attack. "You guys go first." Kara got up and said, "I'm going to the bathroom, Conner, you get out of my car first." "As ordered." The smell of alcohol in the box was a bit strong, Isabella walked out of the box, and saw Conner handing over a card. She is a little confused.

"It was previously on credit." Isabella remembered that the previous few times Conner asked her to get a lot of medicine because the family members were sick. She pursed her lips lightly, "No need, I'll give it to you as a drink." Anyway, those medicines are readily available, but Conner's wine is a limited edition. "How can I do that? How can I, a man, take advantage of you? Besides, although I feel sorry for you opening those bottles of wine tonight, I am happy to drink them for you!" Conner stuffed the card into her hand, "Hold it." He also stroked her hair. This scene was seen by Harris not far away, and he couldn't bear it anymore. "Isabella!!" Superficial Isabella and Conner raised their eyes together, and saw Harris walking towards them angrily, as if he was the real boyfriend. "This is the person you serve?" Harris glanced at Conner and had to admit that he looked handsome, cool and rich, so it's no wonder Isabella would like it. But the more this happened, the more he hated it, "Are you still shameless?" "What did you say?" Conner grabbed Harris by the collar, "Tell me again! What did you just say about her?" "Before you, she didn't know how many people she served!" Conner swung his fist straight away. It happened that a waiter was carrying several bottles of good wine to deliver to the guests, but when Harris hit him, all the wine fell to the ground and broke. The loud noise startled many people. Someone opened the box door, "Daisy, your fiancé was beaten! Come and see!"

"What??" Daisy hurried out to see that a cynical-looking man was picking Harris up from the ground and beating him violently, warning him word by word. "Isabella is protected by me, if I hear you speak ill of her again, I will prevent you from seeing the sun tomorrow!" Harris was punched again, and Conner threw him in the shards of Superficial broken glass. Many students saw it and were dumbfounded. What's going on? Isn't Harris the son of Autumn Town's richest man? Why are you still being beaten? "Harris, are you okay?" Daisy hurried forward to help. Daisy couldn't help raising her angry gaze when she saw that Harris' arms were pierced with glass shards. "Sir, my Harris has provoked you? You hit people casually, is there any law?" "I'm the law here!" Conner looked at them from above, "Not convinced? Sue me!" Because this club is newly opened, everyone doesn't know that he is the owner of

the club, but after hearing what he said, they vaguely feel that there is a lot of power behind him, especially his flamboyant and presumptuous aura, and the expensive clothes... "What's wrong?" Kara came out of the box after going to the bathroom, and was a little surprised to see this scene. Daisy cast her eyes on the girl behind Conner, gritted her teeth, "Don't you say something? Harris is doing it for your own good, in case you go astray, he kindly pulls you back on track, but what about you, seeing Harris Don't you feel a little bit guilty for being hurt for you?" Isabella didn't bother to talk to them, and said to the people around her, "Let's go." "Wait a moment!"

It is impossible for Daisy to lose face in front of all her classmates. She helped Harris up and said loudly, "Do you dare to tell others how many old men you have served in total?" The classmates behind were all surprised. What's the situation, this beautiful girl is actually being taken care of by an old man? And it sounds like she was taken care of by many old men? "Which cyc of yours saw that I was taken care of by someone?" Isabella raised her eyebrows, her casual aura was like that of a high-ranking queen. "Why, do you dare to do it or admit it? How many luxury cars have you gotten into? You even accompanied the old man to the hotel. Do you think it's true?" Isabella:?? Accompany the old man to the hotel? She remembered that the most recent time was indeed to accompany grandpa to the hotel, but it was to get Old Madam Brown's birthday present... Thinking about it this way, Old Madam Brown's birthday is coming up, so I should prepare something.

Chapter 106 Lost a lot of money "What? Is there nothing to say?" Daisy thought that Isabella was being talked about, so she had nothing to say, and said with a sneer. "It's rare that there is a benefactor who doesn't think you're dirty..." Kara rolled up her sleeves all of a sudden, "I can't do it, I have a bad temper, don't stop me today!" She stepped forward and grabbed Daisy's hair. Harris wanted to protect, but was kicked away by Kara, and fell into the glass slag again. "Don't discipline your girlfriend well, and trouble me to manage it for you personally?" Kara grabbed Daisy's hair with one hand, and slapped Daisy hard on the face with the other. "Who is dirty? Say it again. Say it, let me hear it!" "Who are you?" Harris, who fell into the glass shards and couldn't stand up, said angrily, "Don't go too far! I will call the police!" "Okay, you report! If you report to win, I will kneel down and kowtow to apologize to you!" Kara then slapped her face, "Call me too much? I am really too much! I gave you time to bully my Isabella! What are you? Dare to jump in front of Isabella? I will tell you today, stay away from our Isabella in the future!" Daisy was beaten up by Kara inexplicably and thrown into the glass slag...

Lost a lot of money The other students were stunned, and no one dared to step forward to help... I didn't expect this girl to be so scary. "I'm going to put my words here today! Whoever dares to bully Isabella will have trouble with our Long family! I'll see you beat you once!" Kara's eyes fell on everyone, with a cold aura, "Dissatisfied? Come to Long Group to find me!" The students around were stunned. She dared to reveal her identity. which showed that she was not

afraid of anyone! Those who knew the Long Group shrunk their necks... That is a top consortium!

It is said that there is a princess in their family. Could it be the one in front of me? "My name is Kara Long, remember everything for me!" Kara uttered harsh words, then turned around and said to Isabella

with a smile. "For your sake, I have already refrained from exerting myself." Isabella could tell that she had collected a lot, instead of killing and maiming directly. Anyway, the Long family is so powerful, there is nothing to be afraid of. Today is the first day of the opening of the new clubhouse, and Kara doesn't want the place to be stained with blood, and it's the blood of this group of garbage...

things over. "That's the end of today's party." Daisy's face was already swollen, and she helped Harris to the front desk. Harris also felt extremely ashamed, and just wanted to pay the bill and leave. 3/6 r 4/6 "

This party is a killer!

Harris had heard some rumors in the bathroom, and said pitifully, "I only found out from my classmates tonight, he himself Set up a small gang, dawdling outside..." "You go home and apply some medicine yourself." Harris said suddenly. Daisy thought that Harris believed her and cared about her, so she hurriedly said, "You too! When you go back, you must disinfect the wound first, and then apply medicine, so you don't let the wound get infected, you know?"

Chapter 107 You can "Yeah." Harris responded perfunctorily, and sent the man to the door without even getting out of the car, meaning, you can go. "Harris..." Daisy looked at his indifferent side face, and subconsciously took his hand, "I'm sorry for costing you tonight. and I'll pay you back the extra money later..." She doesn't have so much money at all, she just talks about it. "No need." Harris glanced at her, her face was swollen from Kara's beating, the jewelry on her ears and neck were crooked, her hair was messy, and her clothes were also stained. He suddenly remembered what those classmates said, saying that she wore so many jewels, which obviously didn't match, and they were forced to wear them together. He also said that even though she was wearing expensive things, she still exuded a sour smell that couldn't be put on the table. From this point of view, there are quite a few points. "Harris..." Daisy noticed that his eyes were a little cold, even showing a trace of disgust. Did her current appearance turn him off? Thinking of this, Daisy hurriedly arranged her hair and jewelry. But the more she tidied up, the more chaotic she became... "I'm injured, so I won't send you out of the car." Harris clearly meant that you can leave now.

You can "Then you go home and have a good rest..." Daisy knew that it was pointless for her to stay, and after getting out of the car, she waved her hand gently. "Then Harris, drive slowly, and give it to me when you get home..." Before she could finish her sentence, Harris left. Michael was tasting wine in the living room, when he saw Daisy walking in in a mess, he couldn't help asking. "Daisy, why are you looking like this? Aren't you going to the class reunion?" "It must be fun, I guess every classmate's clothes are like this?" Gail didn't think so at first, but after

taking a sip of wine, he suddenly realized something, "Huh? Why didn't Harris bring it in? Is he still outside? Let him in Sit down? Your father just opened a bottle of wine, which was given by the lady next door..."

After Daisy approached, Michael found that not only her clothes were dirty, but also her body was injured, and her face was also swollen! "Daisy, what's going on? The wound on your face..." Gail also noticed it, and asked in surprise, "And your hand..." "Miss Daisy, I'll get you the medicine box." "Miss Daisy, wait a moment, I'll put an ice pack on you..." The two nannies realized that something was wrong and hurried to get things. Sitting on the sofa, Daisy burst into tears with anger, "Dad, Mom, we met my sister tonight! She went to the top box to serve a man, and Harris said a few words to her for her good, but I didn't expect..."

"Mom, that person's status is very noble, we can't afford to provoke him...." "What can't be offended?" Gail didn't believe it. "You've been beaten like this! Even if you lose everything, I want that person to kneel down and apologize to you!" "Dare to bully my precious daughter? Not only do I want her to kneel down and apologize, I also want the whole family to come to the door together and bow to my daughter to say sorry!" "They have to pay for the medical expenses!"

This deal is not worth it! "Daisy... I know you have been wronged, and all this is caused by that dead girl Isabella! Just wait, mom will settle the score with her!" Gail knew that with his current abilities, there was nothing he could do about the Long family. He could only vent his anger on Isabella. Who made Isabella's family poor and did such a shameful thing... "It's really Isabella's fault. She went astray, and Daisy pulled her back with good intentions. She didn't listen, and even encouraged her friend to beat someone!" Michael pointed to the phone and said. "It's time to call and scold her! Let her Apologize to Daisy, call now without further ado!" Seeing that they didn't dare to do everything they could to compete with the Long family, Daisy was a little disappointed, but at the same time helpless. Who made them the Brown family not as powerful as the Long family. As soon as Isabella arrived at the door, her phone vibrated. She saw that it was Gail calling, and she knew why without thinking. She hung up directly, blocked the call, without a word of nonsense, and walked into the main hall with long legs. Old Madam Brown was kind to her, with only a son like Michael under her knees, she would not kill them all unless it was absolutely necessary. Thinking of Old Madam Brown... She went to the bedroom and called Bennett to ask how the old man.

Chapter 108 Afraid "Is she emotionally stable?" Isabella asked softly. "It's pretty stable, but I miss you a lot. She asked the nurse to borrow her mobile phone several times and wanted to call you, but the nurse said that you often go to the hospital to see her. As long as she wakes up a little longer, you can meet." Old Madam Brown's mobile phone was confiscated by Gail, because Gail was afraid that the old lady would suddenly wake up and contact Isabella, and would be confused and give Isabella all the inheritance, so Gail didn't let her have a mobile phone with her. "I'll see her tomorrow." Isabella said softly. "Okay, I still have a tricky case here, come and help me look at it tomorrow." "good." After Isabella ended the call, she saw Gail sending a bunch of messages. [Shameless little bitch, you like to stretch your legs to sleep with men so much? Have you forgotten what the Brown family taught you all these years? ] [Daisy pulled you back on track with good intentions, so forget it if you don't listen, and even instigate your friends to beat her? Do you see how she was beaten? ] [I want you to come over right now and apologize to Daisy.

[If I were you, I would come here right now to get Daisy's forgiveness. ] [I told you to come here immediately, do you hear me?]

Isabella replied "mentally retarded", and then blocked her message, ready to take a shower and sleep. Just then, Myra's voice came from outside the door. "Ms. Young, are you asleep? Madam told you to go down and eat some bird's nest." Isabella wasn't hungry at first, but since it was her mother's wish, she didn't refuse, and went downstairs after collecting the medicine for tonight. Cecilia filled a bowl of bird's nest and placed it in front of Eloise, calling sweetly, "Mom, this is your bird's nest with red dates." Then filled another bowl and handed it to Williams, "Dad, this is yours." "You don't need to do these things." Williams smiled, always thinking that the child would become more sensible as he grew up. Eloise also smiled, "Cecilia, you don't need to worry about this little

Isabella picked up the spoon and took a sip, and as soon as it reached her mouth, she smelled a familiar smell. This Yushon Medicine is often used in combination with other medicines to treat constipation. But Isabella also smelled another drug. The corner of her lips curled up, did she want to cause her diarrhea? Isabella raised her eyes and found that Cecilia and Scarlet were secretly looking at her. Seeing her. she looked away in a panic... Isabella put down the spoon, the smile on her lips deepened.

"Presumably you cannot live without Scarlet's careful teaching. You served this bowl of bird's nest with your own hands, so it should be given to Scarlet first." When Scarlet heard it, she immediately felt bad. "Ms. Young is too polite, how can I eat such an expensive thing." "Of course, you can." Isabella put the bird's nest in front of her, with a smile on her lips, "It's just a bowl of bird's nest, right? Dad, Mom?" Eloise smiled and said, "That's right, Scarlet has worked hard on weekdays, it's just a bowl of bird's nest, you just sit down and eat together." "Yeah, kindness from Isabella... just eat it!" Williams added with a smile. How dare Scarlet eat the bowl of bird's nest in front of her, swallowed her saliva, and smiled awkwardly, "I have a bad stomach recently... This bowl of bird's nest, why don't I give it to Ms. Young first? Thank you for your kindness Ms. Young.... "Bird's nest contains a lot of protein, rich in amino acids and trace elements, which help to enhance the repair ability of the gastrointestinal mucosa. Scarlet has a bad stomach, so you should eat more." When Isabella said this, before Scarlet refused, she added with a smile, "There are a lot of good

ingredients in it, Scarlet should really try it herself." Scarlet felt that the girl in front of her was a devil, she had just smelled it, how could she know what was in it! 4/6 ||| Chap 100 Ad "Scarlet thinks that I took the spoon just now, it's dirty, so I don't want to eat it?" Isabella changed her a new spoon, and seeing that she was still motionless, she lowered her depressed eyes. "Did I just go home and talk to you?" It doesn't matter anymore." "Scarlet!" Williams couldn't bear his precious daughter's self-doubt, and hurriedly said. "Isabella wants to give it to you, so you just eat it! It's just a bowl of bird's nest." "Isabella, don't think too much, why do your words have no weight?" Eloise said distressedly. "Maybe it's because I came back to this house too late. Everyone listens to my sister... Even if you want to let her eat something good, she doesn't appreciate it..." As soon as these words came out, Williams and Eloise suddenly realized something, yes, these servants have been with Cecilia for a long time, so they naturally prefer Cecilia! Isabella must have a gap in her heart! Thinking of this, Eloise made up her mind, no, she needs to get some newcomers, and she can't make baby Isabella feel wronged. "Cecilia, why

don't you persuade Scarlet to eat? If Scarlet really loses her appetite, you can eat for her? Scarlet doesn't listen to me, but as a younger sister, you should listen to her, right?" When Cecilia heard this, her face turned pale, fearing that the plot would be exposed. "Ms. Young's kindness, I'll just eat it." Scarlet knew that she couldn't eat it, trembling slightly, picked up the spoon. Isabella raised a clear and beautiful smile, "That's right, is it delicious Scarlet?" Scarlet was in a state of distress, took two bites, and smiled. "It's delicious." "You should eat more later."

"Thank you Ms. Young for your kindness. One bowl is enough for me, and I can't eat any more." "There is a lot of material in it. You have worked hard at ordinary times, so you should make up more." "Thank you Ms. Young for your concern." Scarlet finally finished eating the bird's nest, she found an excuse and hurried away.

Chapter 109 Isabella's Warning Isabella knew that when the two medicines were added together, although diarrhea would not occur immediately, after half an hour or so, it would definitely make people doubt their lives! Those two medicines were very powerful, and Scarlet suffered tonight. Isabella raised her eyes to look at Cecilia, Cecilia hurriedly lowered her head, and even knocked over the bird's nest in a panic. "Are you all right, Cecilia?" Eloise asked in concern. Someone came forward to help Cecilia clean up the leftovers in front of her... Cecilia said absently, "It's okay..." "Isabella, you are too filial, and you still care about the servants in your family." Williams praised her, "But you should eat more yourself, don't just care about others and forget about yourself." "Okay." Isabella filled another bowl for herself and ate it slowly, while Cecilia fidgeted and found an excuse to slip away. the other side. As soon as Harris got home, he saw his parents waiting for him on the sofa in the living room with dark faces. Mr. Moore wanted to get angry at first, but when he saw that his body was covered in injuries and his clothes were messed up,

My son who always loves cleanliness has messy hair, dirty white shirt, wine stains, and blood stains... There are also a lot of blood on both arms...

"It's okay." Harris just wanted to go back to his room and take a shower to wash off all his embarrassment. "Stop!" his mother snapped, looked him up and down, and asked angrily. "Did you go out with Daisy tonight? What did you buy her? Why did you spend so much money? This ghostly look?" The few million that were recharged earlier were Harris' own private money, but later the club asked him to pay an additional 4.7 million, so he could only use the spare funds given to him by his parents. He had just swiped the card on the other side, and his parents received a text message to remind him not long after. "You spend so much on her before you are married, and you still make yourself like this? Look at you now, how can you look like a young master who is superior to others? I don't know, I thought you were a local hooligan, a gangster on the street!" "If you fall in love with Isabella, I can still understand her aloof and haughty demeanor, but if you fall in love with Daisy, what are you trying to do? Hypocrite?" "Mom, I'm tired." Harris didn't want to say anything at this moment, and walked upstairs. "Look at him..."

in his own business and suffers for himself! But what's going on with the four million dollars tonight?" "What more than four million, I don't know what you're talking about! He just accompanied Daisy to the class reunion..."

"A class reunion cost more than 4 million dollar? You're using my son as an ATM before you're married? And you're withdrawing so much at once? Those who don't know think you didn't teach your daughter at home!" "Mrs. Moore, please be more polite. Are you mocking my daughter for being uneducated?" "It turns out that you can understand human language! I'll put the words here today. We, the Moore family, don't welcome Daisy to step in this door! I will use the four million dollar tonight as a breakup fee, and don't do it again in the future." Contacted our family Harris!" "You..." Before Gail finished speaking, the other side hung up the phone angrily. Mr. Moore on the side was a little anxious. "Who he likes is his business, not to mention that the two families have a marriage contract... How can I explain to the old lady if you do this?"

"She can't protect herself, so how can she care so much! Besides. she doesn't want to see Daisy, the granddaughter!" "You...then you can't directly regret the marriage like this..." "How old is Daisy? She spends more than 4 million in one night, and if this goes on, she will spend all the money of the Moore family!" "I'm so pis sed off!" Gail was sitting on the sofa in a fit of rage. She called Daisy over. She wanted to ask what was going on, but found out that the expenses tonight were more than four million dollar, and Harris's previous recharge At five million, the whole person was stunned. So, tonight's class reunion cost Harris almost 10 million in one go? No wonder people have opinions! Early the next morning, when Isabella was about to go to work, she saw Scarlet coming back from outside weakly, still holding a medicine bag in her hand. Her face looked a little pale, she must have suffered a lot last night.

Seeing Isabella, Scarlet subconsciously hid the bag behind her back, deliberately opened a little distance, and said with a smile, "Ms. Young, good morning." She was about to leave when she heard Isabella's voice. "stop." Scarlet stood still guiltily, and although she bravely raised her head

bella's Wuming to look into Isabella's eyes. her eyes were flickering and timid. "Do you know why I didn't expose you last night?" Isabella's cycs were like paint, and her demeanor was refined. Scarlet pretended not to understand, "Ms. Young, I don't know what you're talking about..." "Didn't anyone tell you that the stuff you pull out can also be sent for testing?" Isabella looked at her with an elegant expression and bright eyes, and said, "Laxatives? You can figure it out." "Ms. Young, I was confused for a while..." Scarlet didn't expect that she even knew the ingredients in it, so she bent down and bowed in fright, "Please give me another chance..." Isabella looks at people with a charming aura. She said casually, "If it weren't for the fact that you have worked so hard for this family for eighteen years. I would have exposed you long ago." Without waiting for Scarlet to answer, Isabella added flatly, "Whether you are confused for a while or have planned it for a long time, no matter whether you will make small moves in the future, you can do it yourself." Scarlet looked at the back of the girl leaving, her hair was dancing with the wind, carrying a cold aura. I don't know why, but it makes people feel scared. Not far away, Cecilia saw Isabella leaving, so she hurried forward, "Scarlet, what did she say?" "It's okay..." Scarlet remembered Isabella's warning, and suddenly realized that something was wrong with her stomach, and hurriedly covered her hands, "Ms. Logan, excuse me, I'll go to the bathroom

Chapter 110 Old Madam Brown Wakes Up Not long after Isabella arrived at the company, there was a knock on the office door. "Enter—" "Ms. Young." It was Kennedy who came in, holding a bag in her hand, and said with a smile, "This is the meal my mother made early in the morning, so I must bring it to you..." "You helped us so much, and we feel really sorry..." Kennedy handed the bag in front of her, "I know you don't like spicy food, but you like meat, so I asked my mother to put more meat for you." "Thank you, auntie." Although Isabella had eaten breakfast, she still opened the bag and found a crisper and a thermos inside. Isabella was a little puzzled, what was in this cup? "Milk!" Kennedy laughed. Isabella took a bite of the bread, "It's delicious." Kennedy unscrewed the thermos for her, "Then you eat slowly, I won't disturb your work." Not long after she went out, Frank smelled the fragrance coming in. "Ms. Young..." He rubbed his stomach, the smell of breakfast is too tempting, isn't it? He overslept this morning, hadn't had breakfast yet, and was

Madam Brown Wales Us hungry. "You want to cat?" Isabella asked with raised eyebrows. "Yeah!" Frank looked at her expectantly, hoping she'd share something. "Come and get it." Isabella was generous. Frank happily took two pieces of bread, not to mention, it tasted so delicious after biting into it!

At this moment, Isabella's cell phone vibrated, and she saw that it was the people from the Piano Association.

"Ms. Young, then I won't bother you..." Frank knew she was busy so he went out consciously. Isabella picked up the phone, "What's wrong?" "In two days, there will be a piano awards ceremony in the theater. I wonder if you can do me a favor and present an award?" There was a flattering tone on the phone, cautiously, "I mainly want to cheer up the juniors, otherwise we have not had any heavyweights come to this competition for three years." It is absolutely impossible for Richard to present awards to the winners of such a small competition. Even the organizers of international competitions invited him countless times, but he didn't even bother to go! Although Isabella is very unlikely to appear on the stage, the other party still has a good fantasy. "Don't refuse it? Think about it? If the students know that you are coming, they will definitely be on the piano. This road is getting farther and farther! You should support || O www. Chap 110 Madam Brown Water Up them? Your appearance means a lot to them!"

National Piano Competition? 10 Isabella remembered, the first was Cecilia, the second was Daisy... She doesn't show her face very well. "let me consider it." Seeing that she didn't refuse in one breath, it meant there was still hope, the other party was overjoyed, "Okay, then I'll wait for your news..."

At noon, Isabella didn't go out to cat with Benjamin, and went directly to the hospital after get off work. "Isabella, you're here!" Bennett was eating a boxed lunch in the office, and when he saw her appear, he hurriedly asked her if she had eaten. Knowing that she hadn't eaten yet, Bennett put down his fork and went to the cafeteria to pack for her. Isabella said no, because she wanted to finish watching Old Madam Brown, and then go to the company cafeteria to have a meal to see how the recent dishes are. But Bennett was afraid that she would be hungry, so he quickly went downstairs to pack. Isabella came to the ward, and saw a slender bracelet on Old Madam Brown's hand at a glance. That was the first time she made money to buy for the elderly...

old man wakes up, he will look for this thing, and when he finds it, he will hold it tightly in his hand. Isabella sat on the chair beside the hospital bed, and gently took the bracelet out of her hand. Unexpectedly, the old man on the hospital bed seemed to notice it, and slowly opened his eyes. "Isabella, are you here?" Alexis had gray hair and kind eyes. Seeing Isabella, his voice was weakly excited, "You're finally here..." "grandmother." As soon as Isabella opened her mouth, the old man's tears began to flood, "I have been sleeping for so many days, and I finally heard the voice of my precious granddaughter..." "Your body is not well yet, so don't get excited." Isabella wiped away her tears, raised the head of the bed slowly, and poured her a glass of water, "Moisten your throat first." "Hey, good..." Alexis took the water she offered, drank it obediently, and then held the girl's soft palm, "Gail and the others bullied you, didn't they?" Isabella smiled, "No." "A few days ago, I woke up in a daze and heard her say that she sent you back to your original

family..." Alexis was very angry when he thought of this, and almost didn't bring it up in one breath. Isabella hurriedly stroked her back, "Don't get excited, my biological parents are very kind to me..." "real?" "Hmm." Isabella smiled softly, "Do you see anything about me that

Matam Brown looks like I've been mistreated?" Alexis has been pampered and pampered for many years, and it is natural to see that the clothes on her are all advanced customization. Although she couldn't tell what brand it was, the material and style were all high-quality, and she even wore a beautiful crown necklace around her neck. She was taken aback. Why does this necklace look so familiar? I seem to have seen it somewhere... But after searching in her mind several times, she had no memory at all, so she simply gave up thinking about it. Look at the beautiful butterfly bracelet on Isabella's wrist, which is made of many high-quality diamonds. Her biological family should be in good condition! It's just that when Alexis thought that such a well-behaved and lovely child was not her own granddaughter, her heart ached. Especially Gail's heartless thing, who drove such an outstanding child away without any family affection at all! "Grandma, if you see me so excited, I won't dare to come here in the future." Hearing Isabella's joke. Alexis smiled through his tears and hurriedly wiped away the tears, "No, come and see me when you are free...otherwise I miss you so much, and I don't know where to find

you." Isabella smiled lightly, "Don't worry, I'll come and see you as soon as I'm free." "Although you don't have the blood of the Brown family on your body, grandma has treated you as her own granddaughter for so many years, and grandma still expects you to get married!" Isabella smiled. "I'm afraid it will keep you waiting for a long time." "I'm not afraid to wait, as long as you meet someone you love. that person will really treat you well... Then grandma will really have nothing to worry about in this life!" Alexis patted the back of her hand and said, "If your biological family treats you badly... Well, don't hide it either." Isabella: "When I recover from illness, you will come back to this house! Grandma bought a new house, and the two of us will live together, not with them..." Isabella knew that it was impossible to return to the Brown family in this life, but she still said softly, "I will accompany you more in the future."
