

## Chased Her 231

### Chapter 231

"I will respect Isa 's wishes."

"What respect? Could it be that Isa agrees and you can develop further? I warn you, don't even think about it!" Bradley waved his fist and warned. "If Isa is wronged, I will give up Do justice to Isa!"

"You still don't know me?" Benjamin raised the corners of his lips and smiled wickedly. "Although I am not a gentleman, I am not a beast either. Don't worry, I will wait until the day Isabella becomes my wife."

"That day won't happen!" Bradley said firmly.

"Wait and see."

Seeing Benjamin get into the car, Bradley hurriedly opened the car window and said to Isabella, "Isa, if this guy bullies you, just call me and I will clean him up! Also, go home early! No matter what happens outside. If it is difficult, or if it cannot be solved, please find Bradley, and Bradley will help you solve it."

"Don't worry Bradley."

Bradley was very worried when he saw the smiling face of the bad guy, but he was like the family who sent his sister to marry. He could only watch the car go away, feeling distraught...

Bradley, what are you doing here?"

At this moment, a voice pulled back his thoughts.

"Cecilia..." Bradley glanced at Cecilia, and couldn't help but look back at the direction Isabella left. He could no longer see the

shadow of the car, so he turned his gaze back to Cecilia, "You got up so early today?"

Bradley is also very carly. It's rare to have a holiday. Why doesn't Bradley sleep more?"

"Can't sleep."

I originally planned to take little Isabella to go shopping outside today. I wanted to love her well and make up for the lost time in the past...

Unexpectedly, they were all destroyed by Benjamin!

Bradley is in a bad mood when he thinks of his sister getting married so soon and spending less and less time at home.

Bradley, it's rare for you to have a vacation, why don't we go out for a stroll? Our brother and sister haven't gone out together for a long time!"

Just now she overheard Bradley saying that she would take Isabella to go shopping, if she can go out with Bradley, then find a reporter to take a picture of her holding Bradley 's hand...

That heat will definitely put her on trending!

At that time, everyone will know that she is Bradley's most beloved sister....

She can still buy a lot of things, let Bradley be her cash machine!

However, Bradley said listlessly, "Next time!"

Isabella at home, in case Isabella asks him for something??

Cecilia's smile froze, and she forced herself to ask, "Docs Bradley have other arrangements?"

"Yeah." Bradley didn't think too much, just patted her on the shoulder. "Hey, you can play by yourself today."

"..." Cecilia 's face was contorted with anger!

Benjamin drove Isabella to a flower-themed romantic restaurant, took her hand and entered the box.

Daisy, who was sitting in the lobby, thought she had misread. and rubbed her eyes hastily. In the next second. Isabella and a man were no longer in sight.

"You asked me out and said you have something to say face to face? I'm here now, what's the matter, tell me."

Harris, who was sitting across from Daisy, had already put away her previous gentleness, and became a little strange and cold.

After not seeing each other for a long time. Daisy found out that her sweetheart had completely changed There was no trace of sadness on her face. Instead, she took out a marriage certificate and put it in front of Harris.

Brother Harris, don't worry, I'm not here to pester you... This is the divorce letter, and I've signed it'

When Harris heard this, a look of surprise appeared on his face, he suppressed the emotion in his heart, picked it up and looked at it, every word and every word, it was all about Daisy's fault,

voluntarily retiring the engagement, between the lines he defended Moore 's reputation and his character.

On the contrary; it made him feel a little guilty!

"I'm sorry Brother Harris, I made a mistake and copied my sister's music, which shamed you and your family. Although saints make mistakes, I made you unable to hold your head up in front of everyone, and made you embarrassed in front of your uncles and aunts." Do it, I was wrong!"

Having said that, Daisy took out another exquisite bag and put it in front of Harris.

"This is a gift I secretly prepared. I planned to make it public at the engagement banquet, but I didn't expect it to be useless." Daisy laughed at herself, "I'll give it to you as a souvenir."

Harris opened the bag and found a lot of things inside, including a diary, which described what happened from the first day they met to today. Between the lines, you can feel how much she loves him.

After just reading two pages, the past was like a tide, sweeping in at once, Harris was touched, his nose was sore, and the hand holding the diary trembled.

"Inside the bag is the birthday present I prepared for you in advance. I knitted the scarf and gloves for you myself. Although I am clumsy, it took more than forty days to weave it, and my hands..."

When Daisy said this, she pretended to put her hands away.

Only then did Harris discover that seven or eight of her ten fingers were covered with Band-Aids, and asked distressedly, "Are these injured during the weaving process!"

Daisy withdrew her hand and said disapprovingly. "It's not

important. What's important is that my knitting is a bit ugly, no better than the big names you bought in big shopping malls. If you think it doesn't look good, just throw it away!"

"No, it's pretty..." Harris' heart was completely touched by her, and her original determination was shaken severely.

“In the past. I was too naive, thinking that if I loved you sincerely. I would be able to be with you for a long time, but I ignored the fact that the Brown family is currently facing more and more serious difficulties, and my status and status are no longer worthy of being with you. Hand in hand...”

She is invisible, making Harris feel that he is a heartless person who values power and power and abandons the mess...

“Brother Harris, I wish you to find a lady who is well-matched. She will not be as stupid as I am, thinking that loving you

wholeheartedly is enough, and she will bring great help to your career.”

Harris without any trace that it would be impossible to find someone who gave love as purely as her in the future!

“Brother Harris, thank you for loving me before, every day with you is worthwhile and very happy.”

“Goodbye, Brother Harris.”

Daisy stood up and was about to leave.

The next second, Harris immediately grabbed her hand, shaking his heart violently,” Daisy...”

“1

Brother Harris, we have both retired. If you pull me like this, if your future partner happens to see her, she will feel uncomfortable.

The other half who is the same as you will definitely have a stronger personality. In her eyes I can't tolerate the sand, you better let go...”

Harris knows that if he really finds a lady who is well-matched in the future, he will never be as gentle and sensible as Daisy! So silly to pay! So easy to talk about!

Chapter 232 Billion

“I haven’t signed the divorce paper yet!” Harris grabbed her hand, “You are still my fiancée!”

Daisy was ecstatic inside, but she was still terrified on the surface, and hurriedly covered his lips, “Brother Harris, you must never say this again, if your uncles and aunts hear it, it will hurt their hearts!”

Harris could feel the gentle touch of her fingertips, as inviting as her lips.

She was wearing a deep V skirt today, and when she bent down, her beauty suddenly appeared.

Such an attractive figure, such a well-behaved and sensible girl...

The happiness and sweetness of the past came to his mind again.

Daisy realized that she was leaking so she hurriedly reached out her hand to cover it, and pretended to leave, but she walked too hastily, accidentally fell, and fell into Harris’ arms.

“Brother Harris, let me go!” Daisy pretended to get up, rubbing her soft body in his arms.

Harris could smell the aroma of her body, and the heat in her body was stirred up by her.

“Brother Harris, please give me a hand and let me get up.”

“Since you were young, you have been an obedient and good boy.

You have never disobeyed your parents. If you let them see this

scene..."

"This is still a public place!"

Daisy became more and more anxious. her eyes were red.

"Thousands of mistakes are all my fault. My life is not good. The fire 18 years ago caused me to be picked up by the cleaners. Eighteen years later. my family was in this predicament again. It is normal for Brother Harris not to want me...."

Harris looked at her fair and delicate face, his Adam's apple rolled. "Why would I not want you?"

"Brother Harris, it's time for me to go." Daisy struggled to get out of his arms. "If you feel that you owe me something. can you promise me something?"

"What's the matter?" Harris kept holding her hand, unwilling to let

"The wedding room that your family bought for you before...you took me there once, do you still remember that I buried rose seeds in the yard..."

How could Harris have forgotten that she had said at the time that she wanted to plant beautiful roses in her future home...

Thinking of the past bits and pieces, Harris' heart throbbed again.

"When you are free, can you dig out the rose seedlings that have grown and give me one?" Daisy said this, raising a happy smile, "Just treat it as a souvenir you left for me, and there will be no roses in the future." You are by my side, and there is also a rose to

accompany me..."

Harris suddenly felt that she was so stupid. After retiring the engagement, she didn't want a house or money, but she wanted a rose that was so cheap that it was in the dirt?

How innocent and sensible a girl must be to say this?

"Can you, Brother Harris?"

Harris' hard heart was completely melted. "I'm clumsy, and I'm afraid I'll dig the roots. How about I take you there and you dig it yourself?"

"now?"

"Well, now."

Daisy was still worried about how to trick him into living alone and widowed, but he didn't expect him to be hooked so soon!

In fact, Harris just wanted to take her to a place where no one was around, and hug her well, like before...

But how could Daisy be willing to miss such a good opportunity? After she agreed, she took another look at the place Isabella passed by just now, and she didn't know which sugar daddy Isabella came here for dinner with!

I can only inquire later!

At this time, Isabella was sitting at the dining table, letting Benjamin set the tableware for her while she was looking at the messages on her mobile phone.

[ Boss, good morning, the air is so fresh today, go outside and smell it, does it smell like money? |

“...” Isabella replied, “The money is gone again?”

[ The research on XR3 has failed again, and further research will require 100 million. ] The other party sent a grinning expression.

“...” Isabella didn’t expect the project to cost so much money. She didn’t want to swipe Bradley ‘s card, so she could only say, “Wait.”

Seeing that Benjamin went to answer the phone. Isabella opened a mysterious website, and two options immediately popped up on the homepage.

[ Find someone to complete the task ]

[ take the task by yourself]

Isabella clicked [ accept the task by myself ], and a sentence popped up on the page soon: Mr. Logan, welcome back!

In the lower right corner of her avatar, a small green dot immediately appeared, indicating that she was online.

“Fuck. I read that right, right? The boss with the number one ranking is back!”

“He’s online!”

“Mr. Logan hasn’t shown up for half a year! I’m so curious what mission he will take on next!”

“Nonsense, there must be a lot of money!”

This website has a leaderboard, ranking first, with a 100% completion rate and the highest reward, is this person named Mr. Logan.

Click on his avatar, there are two columns under his avatar, the one on the left is the historical tasks she has completed, there are only 16 orders, and each order starts with 50 million rewards.

On the right is the task that others asked her to help complete. There are more than 1.300 tasks that have been asked to her for help. Although the content of the task cannot be seen, you can see the rewards these people gave Mr. Logan, ranging from 50 million to 100 million wait...

Isabella clicked on the task of 100 million. Someone asked her to help crack a drone combat system. That system is the most powerful military technology in N country. Introduce a new system that is more powerful than the opponent!

At that time, the wealth will definitely be in the bag continuously!

Isabella guessed that the person who issued the task must be a businessman with a high status in the United States and has his own professional technical team.

Because after cracking this system, the businessman will definitely need a lot of manpower and financial resources to study the new

system...

Sure cost a lot!

Thinking that the other party was not short of money, Isabella directly changed the amount to one billion.

This move stunned many hackers.

“Ten, one billion?? What kind of mission would make Mr. Logan ask for one billion? How dare you ask for it!”

“I’m so envious of you boss!”

“This task should be harder than studying aliens, right?”

“I’m only worthy of an order of 200,000 USD, and I don’t even have the qualifications to bargain. A boss is a boss! Only worship!”

Just as Benjamin came in after making a call, the phone vibrated again. As soon as he answered, his face darkened a lot!

One billion, the other party really dared to speak!

Benjamin, this opportunity is rare! This Mr. Logan is finally online!”

You know, it’s been three months since they released this mission, and it’s hard to wait for Mr. Logan to go online!!

If you refuse...

Then Mr. Logan will take on other tasks!

“Benjamin, it’s important for us to crack this system...”

Once they know the secrets and develop a new system, not to mention the United States, other countries will spend huge sums of money to rush for it!

The wealth at that time cannot be measured by billions!

“Give it to him.” Benjamin’s voice was cold.

Green on the other end breathed a sigh of relief, and immediately went to arrange it!

After a while, Isabella saw that the other party clicked to agree, and the task took effect automatically, and it started!

Chapter 233 The Conspiracy Succeeded

“Fuck, I read it right, right? The other party agreed? Such a rich sugar daddy...”

“I really want to take orders of one billion...”

“I don’t know what kind of task is worth a billion!”

Isabella used her mobile phone to open the system sent by the other party. The complexity was beyond her imagination, and she would definitely not be able to crack it within half an hour.

At this time, Benjamin came in after making a phone call. Seeing that she hadn’t touched a bite of food and was still looking at her phone, she couldn’t help asking, “Are you busy with work?”

“No.” Isabella put away her phone, glanced at the dishes in front of her, there were more than a dozen dishes. “Why did you order so many?”

She didn’t pay attention just now, she didn’t expect that he ordered so many dishes in a blink of an eye.

“There are some new dishes, I want you to try them.” Benjamin picked one of them for her and put it in her bowl. “How about trying it?”

the other side.

Green saw that Mr. Logan took the money and went offline, and he

was completely stunned. This, this, this, the boss will not take the money and run away, right?

Although everyone said that Mr. Logan is very good, and the task completion rate is 100%, but these are legends. It is also the first time for them to cooperate with Mr. Logan!

If you really run away...

After thinking about it, Green couldn't help calling Boss.

This was the fourth time Benjamin received his call today, and his tone was sullen. "You better have something important to say."

Frequently interrupting his appointments...

Benjamin, that Mr. Logan took the money and went offline! I'm worried about him..."

It's a trivial matter that the money is gone, the main thing is the system, they spent a lot of effort to get it!

If it leaks out...

Then their loss is more than hundreds of millions!

"Dare he run?"

Benjamin doesn't take it seriously at all, as long as he leaves his personal information on the website, it's a breeze to find him.

Green didn't expect Benjamin to be calmer than him, and his heart finally settled down a little.

And the other side.

Harris entered the password, pushed open the door of the villa, and a small garden came into view.

Brother Harris, look, there are so many roses!"

Daisy didn't expect that the flower seeds that were sprinkled randomly at the beginning could produce so many flowers, and she was overjoyed immediately.

"Bell comes here every day to clean and water..." Harris took her by the hand and walked into the garden, saw her smiling like a flower, and his mood improved.

"From now on, the one who will enjoy these flowers with you will be another girl..." Daisy was touched by the scene, pretending to be sad.

Daisy..."

"It's okay, as long as Brother Harris is happy, I'm satisfied!" Daisy pretended to squat down and smell the scent of these roses again.

She pulled a strand of broken hair behind her ears, closed her eyes to reveal her good face, and deliberately exposed the skin on her chest.

Under the sun, her every move is full of pure beauty.

After a while, she stood up and said, " Brother Harris, can you go get me a small bottle? I'll just dig one..."

Harris swallowed, and his voice became heavier, "If you like, you can come and visit often in the future..."

"How about that, this is the home of you and another girl from now on! It's not suitable for me to come." Daisy said this, not allowing

him to answer, and then turned around, " Brother Harris. I'm a little thirsty..."

"Come with me." Harris wanted to take her hand into the house to get water, but she hesitated and stopped in place.

"Brother Harris, I won't go in...in case your significant other finds out that I've been here..." Daisy made an awkward look.

"You are my other half." Harris looked back at her, word by word, and pulled her into the living room without waiting for her answer.

Except for Bell who comes to clean the house every day, no one else has been to this house, so there is only mineral water in the house.

Harris took two bottles and handed one of them to Daisy, not forgetting to unscrew the cap for her.

Daisy felt his subtle changes, chuckled, drank a few sips of water, and was anxiously looking for a chance to put medicine in his water, when suddenly, his mobile phone rang.

While he was going to answer the phone, Daisy poured the

medicine powder she brought in advance into his water, shook it hastily, and sat on the sofa pretending to be nonchalant, waiting for him to come back.

After a while, Harris went into the room after making the phone call, drank a few sips of water, and didn't notice anything at all.

Daisy secretly breathed a sigh of relief, and then said softly, Brother Harris, will you show me around here one last time?"

"Yeah." Harris took her hand, from the living room, the kitchen, to the bedroom.

Looking at the big bed in the bedroom, Daisy couldn't help but murmured, "In the future, you will be here with another girl..."

She bit her lower lip. pretended to be sad, and was about to leave after shaking off his hand...

Harris grabbed her hand in a hurry looked at the tears in her eyes, the last bit of reason was about to disappear...

"Daisy..." Harris pushed her against the corner and kissed her wantonly, as if out of control.

Brother Harris, don't be like this..." Daisy raised her slender neck and pretended to persuade, "We've already divorced, it's inappropriate..."

Daisy, we won't call off the engagement..."

"What did you say?"

"I want to marry you and be with you!" Harris lost his sanity, leaving only the last promise, "I will be responsible for you!"

I don't know how long it took, Daisy looked at the sleeping boy beside her, with a smile that was sure of winning.

If Mrs. Moore knew about this, she would be pissed off!

Thinking of the crooked face of that old woman, Daisy was secretly proud!

Hmph, Daisy is the one who has the last laugh!

how she will deal with that old woman when she steps into Moore 's

door in the future!

Daisy leaned against the head of the bed and told Gail about this, Gail was overjoyed, which meant that Harris must be responsible for Daisy, and he couldn't get rid of it in this life...

This is a great thing!

"Mom, didn't you say that you want to invite relatives and friends to my high score banquet? It can be arranged, and Harris will go."

"Good good good good!"

Harris didn't open his eyes until it was dark, and heard a soft sob next to his ear, he took a closer look, it was Daisy who was crying!

Daisy leaned against the head of the bed, hugging the quilt, her eyes were red from crying, like a poor little rabbit.

"

Brother Harris, I voluntarily gave it to you just now...I don't blame you, since you are awake, let's forget about it...I, I'm going home..."

She pretended to leave, but Harris hurriedly grabbed her hand, looking at the traces of love on her neck and arms...

Harris was taken aback.

He didn't know how he could do such a bastard thing on the spur of the moment!

Daisy is only eighteen years old...

He actually...

"I'm sorry Daisy, I was too impulsive." Harris hugged her in his arms in desperation. "I said, I will be responsible for you."

Chapter 234 Playground

"Then our marriage contract..." Daisy hesitated to speak, with tears

in her eyes.

Harris said dominceringly. "No more!"

"The uncle and aunt..."

"I'll tell them that the engagement banquet will be held as scheduled!"

..

Brother Harris, you are so kind..." Daisy buried her face in his chest, a look of triumph flashed in her eyes.

the other side.

After breakfast, Benjamin took Isabella to the largest amusement park in Bomsville. This Saturday, there were a lot of people here.

"Have you been here before?" Benjamin lowered his head and asked the girl next to him softly.

"No."

When they were young, Michael and Gail were often away from home, let alone taking her out to play, and they didn't even have time to spend with her.

Benjamin held her hand, "I heard that children like to come here."

So, did he treat her like a child?

It was the first time for the ticket checking staff to see such a

beautiful combination, and they almost couldn't take their eyes back!

The man is noble and the woman is beautiful, as if they are a perfect match.

"I wish you a good time." After checking the tickets, the staff swiped the gate and let them go.

Isabella took a map of the playground at the entrance.

Unexpectedly, the venue is quite large and there are quite a lot of things to play.

“Which one do you want to play?” Benjamin asked softly with his head down.

Isabella ‘s eyes fell on the map, and found that the closest thing to her was the carousel. She looked up, and that thing was too childish.

Benjamin noticed that her eyes fell on the carousel not far away, and thought she was interested, so he took her hand and walked forward.

After all, I was still a child and liked to ride on wooden horses.

“It’s quite sunny today, put it on first.” Benjamin put on the sun hat that he had prepared in advance, and took out the sun protection shirt and sunscreen spray for her, “I’ll spray it on for you.”

“No need...” Isabella doesn’t have the habit of spraying sunscreen. She is usually good at conditioning her body and her skin is very fair.

“It’s better to spray some, don’t get sunburned.” Benjamin sprayed it on her feet, and then said. “You sit here and wait for me, I will line

Shungite pages

up.”

Isabella didn’t expect him to be so considerate, and her heart suddenly warmed up.

Seeing this scene, the aunt on the side couldn’t help bumping her husband’s hand, “Look at him, he is handsome and considerate, and then look at you!”

This big belly, this bald head...

“What’s wrong with me!” The uncle expressed his injustice, “This kind of handsome person is generally unreliable!”

“You are unreliable!”

Benjamin let Isabella sit in the shade and wait while he was in the line.

Isabella found that he was wearing a set of casual clothes today, with a cross-body bag on his back, which belonged to the unique atmosphere of a teenager, just like that.

I didn’t expect him to look good without a suit, with the vigor and youthful vigor of a teenager.

Behind him were several female college students, their eyes were filled with red hearts when they saw Benjamin’s handsome face.

“Handsome, are you alone?”

“Can I add you to WhatsApp ?”

“We are single and don’t have boyfriends yet...”

The girl who spoke had her face flushed, and she waited nervously

and expectantly for Benjamin ‘s response.

“I have a fiancée.” When Benjamin said this, his eyes fell on the girl not far away, and those star-filled eyes softened instantly.

A few girls took a look and found that not only was she famous, but also that the girl's looks really dumped them... They all shut up.

Isabella saw that he was almost done, so she got up and walked towards him.

Benjamin took her into his arms, "Why don't you rest for a while? It's hot here."

"It's almost in line."

Benjamin saw the subtle jealousy in the girl's eyes, and the smiling eyes were warm and handsome. He leaned into the girl's ear and asked softly, "Jealous?"

Did you come here to take an oath of sovereignty?

"You're thinking too much." Isabella didn't change her face, her clear and beautiful face stood out.

After a while, they lined up. Isabella looked at the childish pumpkin carts and big horses in front of her. Although she was not

interested, she didn't know what to play with so many items in the playground, so she simply stepped on a big white horse and moved. Handsome and neat.

Benjamin was sitting on the big horse next to her, holding her hand, as if only her was the only thing left in his eyes.

As the music played, the two horses got up and down, Benjamin looked at Isabella, and Isabella looked at him.

and expectantly for Benjamin 's response.

“I have a fiancée.” When Benjamin said this, his eyes fell on the girl not far away, and those star-filled eyes softened instantly.

As the music played, the two horses got up and down, Benjamin looked at Isabella, and Isabella looked at him.

The female college students behind him were so envious, their fiancé was so gentle and handsome!!

The aunt just now grabbed her husband's car again, "Look at him, he just rides on the merry-go-round with his girlfriend without saying a word, but you want to save face, you think this thing is embarrassing!"

"It hurts, hurts. let me go, in public, can you be gentle..." The uncle covered his ears, "We are here with our grandson today! We are not here for a date! Besides, it is not hot to hold hands in summer!"

"Hot you big-headed ghost! I don't understand the style!"

Isabella looked into Benjamin's eyes, and there seemed to be a fire burning in the Milky Way, burning hot inside.

"Don't you think it's childish?" she asked softly.

If the executives of the group saw their president sitting on the merry-go-round, their jaws would drop in shock.

"Isabella, you don't know." Benjamin took her hand and said, "I feel happy every moment with you. No matter what I do, as long as I see you happy, I will be happy."

At this moment, a flashing light caught their attention. Isabella turned her head and found that the female college student just now secretly took pictures of them!

The female college student was terrified. She just thought the picture of them holding hands and looking at each other was beautiful, so she couldn't help but take a picture...

Benjamin's eyes turned cold, "I'll deal with it."

He was about to dismount when Isabella held his hand tightly and said, "No, it's fine."

Let her take as many pictures as she wants, anyway, that girl doesn't know their identities, so she poses no threat to them.

Benjamin found that the girl was holding his hand tightly, and his heart warmed up, and he subconsciously held the girl even tighter.

“How many pictures shall we take?”

“Huh?” Isabella was a little surprised that he would make such a request. “Okay.”

Benjamin took out his mobile phone and took a few photos. He felt that the distance between the two was too far, so he simply dismounted and shared a horse with Isabella.

“you...”

Not to mention that it is stipulated here that two people cannot ride the same horse, such a close distance makes Isabella's face heat up.

“It's better to shoot like this.” Benjamin hugged her from behind, his handsome face resting lightly on her shoulder.

The staff maintaining order pretended not to see such a handsome man, she couldn't bear to step forward and ask him to come down...

“Do couples take pictures like this?” Just as Benjamin finished speaking, he kissed her face lightly, Isabella's expression was a little surprised, and this scene happened to be captured by Benjamin's mobile phone. Benjamin!”

“Isabella, look at the camera.” Benjamin put one arm around her, his eyes were as bright as the sky.

He seldom smiles usually, and people in the group see his cold side. but here at Isabella, he smiles a lot,

Chapter 235 Don't die?

Isabella cooperated with him to take a lot of photos until the carousel stopped. Benjamin dismounted and took her by the hand.

“What do you want to play next?”

Isabella felt that the items in the playground were too naive, so she took out the map and looked at it. The more exciting items were the roller coaster and the jumping machine.

“Are you afraid of heights?” Isabella raised her eyes and asked the man in front of her.

“Afraid of you.” Benjamin looked at the girl and said word by word, “I'm afraid you don't like me and leave me. I'm not afraid of anything else.”

“...” Isabella was inexplicably confessed, and walked straight forward.

Benjamin followed her steps and held her hand, “ Isabella, are you afraid of heights?”

If you are afraid, you can change to another project.

Isabella hooked her lips: would she be afraid?

If it wasn't for the small space, she could eat french fries with her legs crossed, provided she had french fries on hand.

“Please fasten your seat belts,” the staff reminded, “Be sure to fasten your seat belts! Safety first!”

After Benjamin tied it for Isabella, he didn't plan to tie it himself.

Isabella reached out and gently buttoned it for him.

“Afraid of my death?”

“No.” Isabella said disapprovingly, I'm afraid that you will be paralyzed, and you will have to take care of you for the rest of your life.”

Benjamin raised a sinister smile, “If I can exchange for your company for the rest of my life, I'd love it.”

Isabella glanced at him, did she curse herself like that?

“You are a girl, it is too hard to take care of me. I will take care of you for the rest of my life.” Benjamin held her hand and raised the corner of his lips and said, “Don't worry, for you, I will be healthy and safe.”

The roller coaster starts quickly, with Benjamin and Isabella hearing the screams of others.

When going uphill, it was very slow, and when going downhill, it rushed straight down. The roller coaster suddenly overturned and bumped again, and the screams in my ears kept coming and going.

Benjamin noticed that the girl's face didn't change, but he didn't expect the little girl to be quite courageous.

That's right, how can a person who dares to play with guns and lead an entire organization be so timid?

Five minutes later, the roller coaster stopped, and many people rushed to vomit.

Benjamin took Isabella's hand and asked, “We ride the roller coaster together, do we count as experiencing the peaks and troughs of life together?”

A lifetime is too long, just five minutes seems like a lifetime.

They seem to have experienced all kinds of dangers and trials. together, but they never let go of each other's hands on the way.

“I suddenly realized that every time I see you, it's like riding a roller coaster.”

Up and down, the heart beats very fast, which probably describes his liking for her.

Isabella raised her eyes and couldn't help asking, “When did you start liking me?”

Benjamin smiled softly, “I saw you saving grandpa in the hospital for the first time, and I thought you were very special.”

At that time, he didn't know that he had already fallen in love with-

her.

Before meeting her, he didn't believe in love at first sight, and even felt that love was dispensable and unimportant in his life.

But after meeting her, all his thoughts and concepts changed.

In such a big life, it was the first time he wanted to hold a girl's hand, the first time he wanted to protect her, the first time he had a future with a girl and a home of his own.

It is also the first time I have tasted the torment of missing...

His mood was completely changed because of a girl!

I would be disappointed because Isabella didn't reply to his message.

He also feels happy because Isabella smiles at him,

"Then what do you like about me?" Isabella asked, raising her eyes.

Benjamin caressed her face and said softly. "I like your eyebrows. every look of yours, every expression, when you are angry, when you are jealous, when you are happy... I like that you radiate from the inside out I like the light in your eyes when you look at me."

Isabella disagrees, "In the end, you are someone who likes to look good."

"I like you." Benjamin corrected, "As long as it's you, I like everything about you."

"..." Isabella's heart warmed up, and she changed the subject. "Where are you going next?"

"Listen to your arrangement."

Isabella arranged for the jumping machine, and then played the rapids together.

In the narrow waterway, Benjamin held her in his arms, and both of them had happy smiles on their faces.

After that, it's a haunted house.

Benjamin's eyes fell on the haunted house not far away. If Isabella is afraid, he can protect her!

"That's it." Isabella's tone was casual, "Go and see."

the LA she once stayed in is scary.

When Benjamin heard her tone, it didn't look like she was going on an adventure, but rather like going shopping. The little girl's courage was really bigger than he imagined.

Before entering the haunted house, you have to go through a narrow and long dark passage.

Benjamin held Isabella's hand tightly. "Be careful where you step."

There were many switches on the road, and after they avoided them one by one, they saw skulls hanging everywhere on the walls and bloodstains everywhere.

This blood is too fake.

Isabella was depressed in her heart, and the blood was not done realistically, which made it difficult for people to be personally on the scene.

And the couple who were following behind them screamed in fright and ran back!

Is it that scary??

Isabella didn't understand. From time to time, ghosts jumped out to scare them. Not only was Isabella not afraid, but the cold aura emanating from her body surprised the ghosts.

The aura of this couple is too strong??

Going further down, there is a secret room where the coffins are placed. As soon as they entered with their front feet, the rear door was automatically locked.

There seems to be no exit, only the sound of ghosts in the cars, and the flickering of shaking lights.

“Don’t be afraid.” Benjamin ‘s voice was gentle.

Afraid??

Isabella was a little scared, afraid that when the ghost jumped out after a while, she couldn’t resist kicking him away.

After all, she had a subconscious reaction several times just now. If it weren’t for Benjamin’s presence, she would have kicked the staff member playing the ghost into the corner in the next second.

At this moment, the mechanism was activated, and a dozen darts were shot at them one after another.

“Be careful!” Benjamin held Isabella in his arms, and quickly avoided many hidden weapons.

A lot of ghosts popped out of the coffin and other corners. They attacked the couple with knives. Isabella pulled the curtains flying next to them to block them, and found that the curtains were pierced several times by knives.

“There is a problem!” Not only Isabella found out, but Benjamin. also found out that it was not the staff who attacked them at this time. This skill is obviously at the killer level!

Who sent it? ?

Don’t die?!

Isabella, be careful.” At this moment, Benjamin protected her behind, kicked one of the ghosts away, and quickly knocked down another person who rushed over.

The target of these people is obviously him!

Chapter 236

Whoever scares his Isabella will be damned!

Isabella was protected by Benjamin, looking at his handsome profile, she suddenly felt warm in her heart.

One after another ghosts were beaten to the ground by him, Isabella was a little puzzled, these people's skills were too good, how could they have the courage to assassinate them?

It's time to go back and practice.

This level is so insulting.

After a while, Benjamin kicked the last man to the corner, and the man groaned in pain and fell to the ground.

Looking at the screaming people in the room, Benjamin whispered to the girl behind him, " Isabella, turn around and cover your ears.

"Oh." Isabella knew what he was going to do and cooperated with him obediently.

Benjamin's eyes glowed with ice-cold light, he crushed the hand bones of one of them with his foot, and said in a cold voice. "Who sent you here?"

"Ah..." The man could hear the sound of his bones breaking, and fainted from the pain.

The others were terrified and ran towards the exit one after another. wanting to leave here.

Benjamin only used three points of force, and the coffin lid flew out and hit them directly, and there was another scream.

“Run out and be caught by me again, it’s not just as simple as a beating.” His voice reminded him ruthlessly.

Knowing that they could not escape, everyone hurriedly knelt down and begged for mercy, with expressions of fear of death on their faces.

“Mr. Mason, please spare us! We are also greedy for money and obsessed with ghosts...”

”

“Who wants your life, we really don’t know...”

“That person is very mysterious, we...”

Before they finished speaking, Benjamin stepped on the coffin board, and the people underneath were crushed and screamed...

“Today, you scared my people.”

Everyone was surprised, and after realizing it, Qiqi looked at the thin and slender girl with a back. That girl is very important to Benjamin?

Are they dating??

Because of the assassination and scaring the girl, why did Benjamin get so angry?

That is. Benjamin cared about that girl? Better than your own life??

Before they could think about it. Benjamin exerted more force and stepped on the coffin board.

One of the killers was overwhelmed and spat out a mouthful of blood.

This coffin board is pressed against the body, it is too heavy, too uncomfortable...

“Haven’t remembered? Huh?” Benjamin’s voice seemed to come from hell, making people shudder.

One of them was trembling with fright, and he didn’t dare to hide anything anymore, and honestly confessed. “It’s Mr. Colins! Mr. Colins spent one billion to kill you!”

Mr. Colins? James Colins?

One of Benjamin’s competitors, recently the two sides are competing for a piece of land with a total area of 400,000 square

meters.

Is he doing this behind his back?

Benjamin’s eyes became colder, and his voice was even colder and ruthless, “You just take one billion? Huh?”

“ah?”

“My life is so worthless in your eyes?”

“No, it’s not Mr. Mason, we are short of money, it’s none of your business...”

“Next time there is a shortage, there must be a bottom line.”

The man reacted and nodded hastily, “Yes, the villain understands, the next time someone bids, we will definitely not accept it if it is not ten billion! Oh no, the next time someone wants your life, we

will definitely notify you as soon as possible.....’

”

I dare not accept orders related to Benjamin.

“I need your notice?” Benjamin ‘s eyes were filled with deep disdain.

“I, what I mean is, we will never do this business again from now on!” The man cried in fright, and no longer caring about his image, he kowtowed and begged for mercy. “I beg you, my lord, has a lot of people, let us go! ”

“Let go?” Benjamin raised his lips. “You should be glad she’s here...”

Everyone was shaking with fear, what did Benjamin mean, if the girl wasn’t here to scare her, he would have killed them?

who is that girl Which Lady?

If I had known earlier, I would have kidnapped her!

Benjamin is so tough! It’s casier being a girl.

Benjamin stood up, took out his mobile phone and called Green, “The haunted house in Fairy Tale Amusement Park, come and deal with it.”

As soon as he finished speaking, he realized that someone wanted to slip away from under his nose.

“I made you move?”

The man was almost frightened, and hurriedly lay back to his original position, trembling.

Only then did Benjamin walk up to Isabella, took her hand, and said softly, “Don’t be afraid, I’m here.”

His eyes checked the girl up and down, “Where is it hurt?”

Isabella shook her head.

After confirming that she was not hurt at all, Benjamin picked her up and looked at the people on the ground, “Lie down for me.”

If one is missing, the others will die!

All the killers wanted to cry, but they wanted to run, but they couldn’t move. Just now, Benjamin hit too hard. Several of them were kicked with broken ribs, and they were injured in many places...

They feel pain to the marrow of their bones even if they move, how can they run?

Isabella was carried out of the secret room by him, and said softly. “Put me down, I will go by myself.

“It’s dark here, if I accidentally fall I will feel bad.”

“I can see the road.” It’s not that she doesn’t have eyes, this kind of road, even if she walks with her eyes closed, she won’t fall down!

Benjamin really took care of her like a child.

“What if there is still danger?” Benjamin hugged her and walked forward step by step, “Be obedient. I will let you down as soon as I get out.”

Isabella looked up at his sharp chin “Did you get hurt just now?”

“Are you concerned about me?” Benjamin raised the corners of his lips, “I wish I could get hurt, so that you can bandage my wound and always remember my injury.”

“...” Isabella couldn’t help but said. “You think too much.”

“Can’t you miss me even if you’re injured?” Benjamin lowered his head and rubbed her face. “Little heartless.”

Why is it so difficult to get her attention?

Benjamin carried her out of the haunted house, and Green led people to her back.

Benjamin, are you and Ms. Young okay?”

“Um.”

“That’s good.” Green heaved a sigh of relief, luckily nothing happened, otherwise the sky in Bomsville would have changed!

He hurriedly took people in to deal with the aftermath.

At this time, the person in charge of the amusement park who heard the news, the person in charge of security in this area, and other high-level officials rushed over and bowed desperately to apologize.

“Mr. Mason, it was my negligence. I didn’t find someone

pretending to be a staff member and trying to attack you! I'm really sorry, it's all my fault!"

"It's great to see that you're all right! If something happens to you here, even if I die, I won't be able to apologize to you!"

"Mr. Mason, it's all my fault. There is a problem with the law and order here, and I have an inescapable responsibility!"

Benjamin glanced at them and said indifferently, "It's good to know."

The two persons in charge, as well as the subordinates who followed them, were frightened and lowered their heads even more, fearing that Benjamin would make trouble

What to do. Mr. Mason and his girl almost had an accident, and their apologies didn't seem to help!

Chapter 237 Comes with a big gift package

Thinking of this, more sweat broke out on their foreheads, and they panicked.

"Mr. Mason, please give us another chance! I'm so sorry!"

"Next, we will definitely strengthen our defenses and never let such a thing happen again!"

"We are willing to guarantee with our lives!"

Benjamin just dropped a sentence of "you can do it yourself", and left with Isabella in his arms.

"Didn't you say let me down?"

“We’ll meet again.” Benjamin originally wanted to take advantage of Saturday to have a good date with her, but he didn’t expect to be spoiled by Colins. Robbing his business is less important than ruining his date.

Don’t turn around easily!

“I’ll take you somewhere else next time.” Benjamin said softly.

Anyway, I have played a lot of items in the amusement park, so I have been here.

“What do you usually do on weekends?” Isabella asked, raising her eyes.

“Before I met you, work.”

After meeting her, I think about her every day and want to spend more time with her.

At this moment, someone saw Benjamin walking towards the exit with Isabella in his arms. Under the sun, their looks were too dazzling. Their height and temperament made them a perfect match.

“Look, that girl is so happy, being hugged by her boyfriend...”

“It’s so sweet... I also want to be hugged by my boyfriend like this.”

“Please, you don’t even have a boyfriend!”

“Although I have a boyfriend, he would never hug me in front of so many people! He felt embarrassed.”

“A good boyfriend is someone else’s family. I’m so envious!”

“Did you find that man looks familiar? I seem to have seen it somewhere!”

“You say so. I seem to have seen him somewhere, where is it...”

Benjamin put Isabella in the passenger seat, fastened her seat belt, and unscrewed a bottle of water for her.

“Drink it first, and I’ll take you to drink something else later.”

Isabella looked at the KonaNigari printed on the bottle. Such a bottle of water costs more than 2,000 USD. It comes from the seawater extracted and desalinated thousands of feet under the seabed of Hawaii Island. It is not only good for your health, but also improves your skin condition. A small bottle is outrageously expensive, is this okay to drink?

the other side..

Harris sent Daisy back to the Brown family, and he came to the showdown with his parents.

Daisy and I have already dated, the engagement banquet must be held as scheduled, and I will be responsible to her till the end!”

When Mrs. Moore heard about them, she was furious. “How could I have given birth to such a fool like you! Can’t you see it? That girl plotted against you, and she deliberately let you get it!”

Harris interrupted impatiently, “Mom! You have too much prejudice against Daisy! You don’t even know how kind she is! In order not to embarrass me, she voluntarily resigned and even defended our marriage every word in the resignation letter.” Dignity! She left me with no house, no money, no compensation, just a rose representing the past!”

How kind and innocent a person must be to make this request.

“You, you idiot, you’re so stupid!!” Mrs. Moore slapped the table angrily, her temples hurt so badly, and her heart also ached.

“You unfilial son, look how angry your mother is!” Mr. Moore hurriedly patted his wife on the back, and then said, “Next Monday is the originally agreed wedding date, so let me ask you a question. you Are you sure you want to marry her?”

“Yes!” Harris was decisive, as if determined to risk everything for love.

“Okay, I will do as you wish!”

“Husband!!” Mrs. Moore was about to say something, but Mr. Moore signaled her not to worry, it was just an engagement banquet

anyway, let the Brown family think that the wedding is over, so relax their vigilance, if something disappoints their son It’s a matter of fact, so it’s only natural to divorce!

“It’s just that we’re getting old. You can handle the ostentation of the engagement banquet, the guests, and so on.” Mr. Moorc obviously didn’t pay attention to the little girl from the Brown family, and didn’t pay much attention to the wedding banquet at all.

But Harris is already satisfied, and he is more happy to handle him by himself, and ask Daisy ‘s opinion later, the engagement banquet must be arranged in the way Daisy likes!

Seeing that he left happily, Mrs. Moore questioned, “It’s fine if you don’t stop him, and you are still messing around with him? That little girl from the Brown family is not a fuel-efficient lamp, she has a bad heart! Marry her? Why not?” How about marrying Isabella!”

Isabella is a piano master, and she likes your son? Don’t worry, the Brown family won’t last long. Their financial problems are getting more and more serious, and they went bankrupt just recently! At such a critical time, we, Moore, have always Emphasis on love and righteousness, holding the engagement banquet as scheduled, can gain a good reputation.”

“But...”

“It’s just an engagement. Let the Brown family think that the marriage is over. Once they lose their composure and do something that disappoints their son, the divorce will be a matter of time...”

“Then what if they didn’t do anything to disappoint their son?”

“Did you forget? The little girl from the Brown family was picked up by a cleaner to raise her when she was a child. I found out that

the Brown family treated that cleaner very badly. After getting engaged, if we really don’t want it, we can reveal this.” Scandal, even the mother who raised her for eighteen years is not filial, how can she be filial to her parents-in-law after marriage?”

“It makes sense...”

“Just relax, what we have to do is to help our son let go of her step by step...”

”

the other side.

Benjamin took Isabella to lunch before taking her back to Moon Lake.

“It’s my lunch break today.” Benjamin patted her head, “I’ll go to the study to deal with the work first, you can sleep, and I’ll take you to another place in the afternoon.”

There is something urgent at the moment, and he must use the computer to deal with it immediately.

“good.”

Isabella waited for him to leave before taking out her mobile phone to crack the combat system.

The system is very complicated, and it can be seen that the team who researched the program of this system is of a high level, but under her operation, the system still fell apart a little bit.

After a while, she sent over the cracked system and a big gift package as a gift. It took thirty-two minutes in total.

After finishing her work, she came to the balcony to enjoy the vanilla all over the sky. Under the sun, the sea of flowers bloomed in the wind, and the beautiful Crescent Lake sparkled in the sun.

With nothing to do, she leaned on the bed and played with her mobile phone. First, she sent the one billion she earned to her subordinates, and then glanced at the task list to see if there were any simple and easy high-paying tasks.

And the other side.

Green excitedly called and told Benjamin, “ Benjamin, that Mr. Logan cracked the system in less than half a day, and he even gave us a big gift bag!!”

“What big gift bag?” Benjamin asked in a deep voice.

“She probably guessed that we would develop a new system after we cracked the system, so she directly built a preliminary model of the new system for us. I didn’t expect her to have such a high talent in this area! Benjamin, why don’t we take her In the bag?”

Chapter 238 I lost my identity again

“Do you think a person who dares to charge one billion will be willing to work for others?” Benjamin asked back.

“...” That’s right, the main reason why people accept orders online is because they have free time to finish, and they don’t have to clock in from 9 to 5.

“What’s more, in less than half a day, he can crack the original system and establish a new model. With his level and ability, how can he be willing to cooperate with the rest of the team and spend every day in the research room?”

He can create a new system by himself, so why do other people need it? Is it in the way?

Green thinks it makes sense, but it’s really a pity to let such a boss not want it!

The ability of the boss is definitely above their research team!

Such talents, if they can recruit them, will be of great help to their group’s future development.

“How about we give him a dividend? As for working hours, he can come whenever he wants! As long as he helps us create a more powerful system? Or invest in other research?”

“Instead of this, it’s better to give him another billion and let him build a brand new system.”

“Too...”

“This new system is important to us, preferably on our own.”

No matter how powerful the other party is, if they have different intentions in the future, in the end, it will be their own losses.

“Understood.” While regretting, Green could only give up this unrealistic idea.

After Benjamin ended the call, he worked in front of the computer. After half an hour, he got up and walked towards the bedroom.

“Isabella, are you asleep?”

He knocked on the door, but no one answered.

I don't know if the little girl is covered with a quilt. It's summer, and if the air conditioner is too cold, it will be bad for her to catch a

cold.

Thinking of this, he turned the doorknob, and the bedroom was quiet, only the breeze lifted the curtains, and the girl was sleeping on the bed, as beautiful as a painting.

Benjamin suddenly wished that time would stand still like this, because the scene in front of him made him feel that time is just as good as it is.

The white quilt made Isabella feel like she was in the snow. Her skin was already white. Lying on the huge bed, she was fair and beautiful, yet petite and cute.

Benjamin approached lightly and pulled the quilt for her, and the phone suddenly fell from the quilt to the floor.

Didn't expect little girls to play with mobile phones before going to bed?

As soon as Benjamin picked it up, he found that the page hadn't been closed yet. It should be the little girl swiping her phone, and fell asleep while swiping.

The page displays the personal homepage in the background, and the user's nickname is only two characters: Mr. Logan.

The little girl is Mr. Logan?

Looking at the task bar on the page, it shows that one billion tasks have been completed an hour ago, and looking at the specific completion time, she only took 32 minutes for the whole process. and she completed it after a date and in her spare time!

Green thought it took her half a day at first, but she was amazed. After all, their people failed to crack it after several months...

But unexpectedly, the little girl didn't spend half a day, but thirty- two minutes!

In thirty-two minutes, they solved a problem that their entire team could not solve for several months!

If Green knew, he would probably be so shocked that he doubted his life...

Benjamin 's eyes fell on the little girl's fair and beautiful face. another new identity, just now Green suggested to poach this big hacker to work for them?

Benjamin raised the corners of his lips, he didn't know how much the little girl's identity was!

One is more powerful than the other, and one is more amazing than the other.

Gently covering her with the blanket, Benjamin leaned over and planted a kiss on her soft lips.

“sleep well.”

Benjamin stared at her repeatedly, as if he couldn't get enough of her. After a while, he locked the screen of his phone, put it on the bedside table, and left slowly.

I don't know how long I slept, but when Isabella got up, she found that the hour hand was pointing to 4:30 in the afternoon. In Benjamin's place, how could she sleep so soundly and comfortably.

The white curtains in the bedroom fluttered with the wind, as gently as a beautiful scene in a movie. She turned on her mobile phone. and suddenly found that someone had asked her to place an order again, a billion, the task was simple, be nice to those around her.

What does it mean??

Did that person place the wrong order???

If she is kind to the people around her, that person will give her a billion? Are you sick??

But the money has already been credited into her account, and the task takes effect automatically.

She could only open the chat box and send a question mark.

After posting, she got up to tidy up and went downstairs.

Benjamin stood in front of the huge floor-to-ceiling windows, his back was slender and straight.

He held a red wine glass in one hand and looked at the scenery

outside the window, not knowing what he was thinking.

"Didn't you take a nap?" Isabella thought he would take a lunch break after finishing his work, but he didn't expect him to be standing here. Did he encounter any difficult problems?

“Are you awake?” Benjamin turned his head, put the red wine glass on the servant’s tray, and walked towards Isabella in two or three

steps.

He touched her face and kissed her “Did you stay up late last night?”

“without.”

“I asked someone to prepare afternoon coffee, and we went to the garden to eat some.” Benjamin held her hand, his tone was very gentle.

When the housekeeper put the things on the table in the garden, he couldn’t help but glanced at Isabella again. Ms. Young was even more beautiful than the one she saw before. I don’t know if it was because she just woke up, but her eyes were as clear as water., like the stars in the sky.

Mr. is so lucky to have such a significant other.

“You slept soundly just now.” Benjamin said warmly, did he like his bed, or his breath?

Isabella suddenly reacted, “You came in just now? So, my phone...”

Was seen by him?

Benjamin raised his lips and realized that she was smart, and he realized it in less than two seconds.

“When the quilt was covering you, the phone fell to the ground, and you forgot to lock the screen.”

“So, you have seen it all? You are the one who placed the order? Are you Mr. M?”

“Mr. M is Green ‘s account, but I did ask him to place the order.”

At the beginning, they placed an order to find Mr. Logan, a top hacker, to crack the system. Later, they found out the identity of the little girl and added another billion.

“...” No wonder, he is the only one who would do this kind of thing. spend a billion dollars, and hope she treats him better??

“Am I not nice to you?” Isabella asked with raised eyebrows.

“It’s good.” Benjamin picked up a piece of pastry and fed it to her. “but if it could be better...”

“For example?” How good is it?

“For example...you feed me one too.”

“What a beautiful idea!

“Isabella ‘s technology is too little to give one billion.” Benjamin continued to feed her, with a smile on his lips. “If you know that you are the number one on the list, I will give an extra zero.”

Ten billion??

“Anyway, all the money you make is spent on your daughter-in-law. It doesn’t matter whether it’s the same sooner or later.”

Isabella didn’t expect that after a long time, he was the one who wanted to crack the system. After thinking about it, he came up with an idea.

Didn’t he place an order of one billion to make her treat him better?

She will create a brand new system for him tonight, and she will not take the billion in vain.

Chapter 239 Invite Them Out

night.

Bradley was sitting on the swing in the garden, his eyes always looking in the direction of the gate

What time is it!

Isa is not back yet!

Where did Benjamin take her?

He wanted to call and ask Benjamin, but he held back after thinking about it!

In case they're coming soon.

Looking at his lonely back. Myra smiled while pressing Eloise's shoulder, "Fifth Young Master is like a sister-in-law stone."

"Let him wait! Who told him not to go home and see Isabella sooner."

"I heard that the fifth young master participated in a variety show and was a tutor in it. He was very busy and couldn't take time off."

"Is it important to have a sister to make money?"

“Of course it’s important. Fifth Young Master’s money is for my younger sister.” Myra smoothed things over with a smile, “I heard that Fifth Young Master gave Ms. Young a card with no limit.”

“real?”

“It’s absolutely true.”

Eloise thought to herself, she gave less! You must not be compared to your son!

Thinking of this, she decided to wait for Isabella to come back and give her a card with no limit!

After Isabella had dinner at Moon Lake, Benjamin pulled her out to watch a movie. In order not to attract attention, Benjamin did not book the show, but went to the box office to buy tickets like ordinary couples.

the store manager saw Benjamin, he thought he was wrong, rubbed his eyes, and realized that the person in front of him was their president. Benjamin ??

Not to mention this movie theater, this whole big shopping mall is under the name of the big president!

Is the president here to inspect?

still?

The store manager’s eyes fell on the little girl next to Benjamin, she is so beautiful, does the president have a girlfriend, and he brought her out on a date today? Feel the life of ordinary people??

Mr. Mason...” The store manager just wanted to say that movie tickets are free.

Benjamin said, “Just treat me as an ordinary customer.”

understood!

Mr. Mason really brought his girlfriend out to experience life!

“Are there any movies that little girls like to watch recently?” Benjamin asked aloud.

The little girl... Are you talking about the little girl next to Mr. Mason ?

“Yes, yes.” The store manager replied hastily. “There is a very popular romance movie starring top star Bradley...”

“Change one.”

“Huh?” The store manager didn’t expect Mr. Mason to refuse so quickly. Doesn’t he like Bradley? Thinking of this, the store manager suggested, “There is another youth film, very inspirational and exciting, but none of the actors are famous...”

“Two tickets.”

“OK, just a second.”

Although the store manager would like to remind Mr. Mason that everyone no longer buys tickets at the ticket office, but orders directly from the mobile phone to select seats...

But after thinking about it, Mr. Mason is a very busy person, so he probably doesn’t understand this, and he is not short of money, so it’s useless to talk to him so much, so he hurriedly prepared two tickets, and bowed very politely, “Over there Please, enter A!”

Benjamin took the ticket, took Isabella’s hand and walked forward.

Looking at the backs of their handsome men and beautiful women, the store manager really wanted to take out his mobile phone to take a picture, but he didn't have the guts!

Mr. Mason is in love!

How many girls' love dreams are about to be shattered!

Before entering the venue. Benjamin saw other girls' boyfriends buying popcorn and drinks, so he asked in a low voice. "What kind of drink do you like?"

Isabella wanted to say that the drinks in the movie theater were not good, but then she thought, this is a movie theater under Benjamin's name, so she said casually. "Orange juice."

"Okay, wait for me here." It was the first time Benjamin used a vending machine to buy things. He glanced at the process and quickly bought drinks, popcorn, potato chips and so on.

Seeing that he bought so much, other girls were sour and envious. Sure enough, other people's boyfriends were not only handsome, but also generous!

Seeing that he was holding a lot of things, Isabella took the initiative, "I'll get it."

"You hold me."

In fact, he could have asked for a bag for snacks, but in order to get Isabella to take the initiative to save him, he still played a trick.

Isabella sees through but doesn't tell the truth, and puts a hand on his arm, unexpectedly this guy has a lot of tricks and schemes.

After checking the tickets, she walked into Hall 1. Benjamin found two central seats, put down the things, and helped her put down the

seats.

After a while, the movie started.

Benjamin held her with one hand and fed her drinks and snacks

Not long after, Isabella felt someone kick her seat behind her, and after a while, kicked again.

The people in the back row seemed to be doing it on purpose, kicking it once and for all.

Benjamin turned around and found that the kicker was not the girl just now, but her boyfriend.

That boy looked like a rich second generation, with a look of contempt and arrogance.

"On purpose?" Benjamin's voice cooled down, "You don't want your feet anymore?"

"What's wrong with it on purpose? Can you still break my foot?" The boy said, kicking Isabella's chair back again in front of Benjamin.

Isabella looked back and found that the boy was deliberately causing trouble.

A lot of people around looked at it, and the boy was turned around by Isabella, and he cried out in his heart, he didn't expect this girl to be so good-looking!

If I knew it earlier, I would not have kicked it. It would be nice to have a contact information.

Thinking of this, he raised his eyebrows, and said in a cool way, "What's the phone number? Make friends."

“What are you doing!” The girlfriend hit him angrily.

But the boy didn't care, remained indifferent, and was still staring at Isabella naked, “I don't think your boyfriend is useless, you might as well follow me.”

useless??

Very good, belittle him in front of him, the one who robbed him?

Benjamin took out his mobile phone and dialed a number, Moonlight Cinema, hall 1, 15, 16 in row 7, please get them out.”

Chapter 240 Father is Coming

The boy thought it was funny, “Boy do you know who I am? Have you ever heard of the Adam Group in Bomsville? We are good friends with the Mason Group!”

This is a movie theater owned by Mason Group, and you want to invite him out? Overwhelmed!

“Are you Adam 's son?” Benjamin asked suddenly.

“It seems that you know my family?” The boy said proudly, “Yes, I am Adam's only son, Frank, nicknamed the nightclub prince!”

“...” Isabella thought to herself, the name and nickname were quite ugly.

“You know my dad's name, you must also know that he is famous for loving his son! In this world, there is nothing that I, Frank, can't get, including people!”

Isabella raised her eyebrows, her tone was casual, "Oh, that is to say, if I don't go with you today, you will make things difficult for us?"

"You're pretty smart!" Frank smiled flamboyantly and proudly, "But, as long as you're obedient, I can let your boyfriend go."

"What if you don't listen?"

"Then your boyfriend will suffer a lot!" Frank crossed his legs. proudly. "As long as I give you a call, I guarantee that your boyfriend will not see the sun tomorrow."

As soon as he finished speaking, the lights in Hall 1 were turned on. the movie was paused, and a staff member said apologetically through the microphone on his collar, "Excuse me, excuse me."

Several security guards quickly came to No. 15 and No. 16, and directly took Frank and his girlfriend out.

"What are you doing? Let me go! Do you know who I am?"

He was taken away in public, and his girlfriend also felt ashamed and yelled. "Do you know who he is? He is Adam 's son! Have you heard of Adam Group? Are you deaf? Didn't you hear me?"

The security guards didn't change their faces and dragged the person out.

Room 1 is quiet.

The lights went out, the movie continued, and Benjamin called. "Turn off first."

I'll deal with that little bastard in a while.

Green on the phone asked respectfully, "Benjamin, would you like to call Adam to come over?"

"No need, someone will call later."

He didn't want to disturb Isabella 's interest in watching the movie. and then fed the girl snacks and drinks.

Frank was dragged to the open space in Hall 7 next door, where there were no movies and no customers.

Several security guards mercilessly pushed them to the ground. forming a human wall.

Frank cursed, "Damn it! Open your eyes and see who I am! How dare you push me! You got us here! Are you bored?"

Unexpectedly, the man just now has some skills, and he can even call the security guard of the movie theater!

"Frank, what do we do now?" Jill grabbed his arm in fear.

"You guys. I remember!" Frank was about to leave with his arms around Jill, but the security guards blocked the way and seemed not to let them go.

"What are you doing? Get out of the way, and you are still illegally imprisoned? Don't get out of the way, my master will make you look good!"

Frank rolled up his sleeves and wanted to punch them!

But the security guards are all professionally trained, more than enough to deal with a dude!

In a few seconds, Frank was thrown to the ground by the security guard, and he was in dizzy pain!

“You guys are crazy! This is the young master!” Jill was terrified, and hurriedly bent over to help. ”  
Frank, are you okay? Your face is swollen...”

“Damn!” Frank was so angry that he called his father directly.

half an hour later.

The movie ended, Isabella took Benjamin ‘s hand, “Go, go and see.”

The little girl took him!

Or take the initiative?

Benjamin raised the corners of his lips, held her hand, and walked towards Hall 7 with her.

At this time, Adam came to Hall 7 first, and saw his precious son sitting on the ground with his face swollen, and immediately rushed forward, ” Frank, my baby, are you okay?”

“Dad. why are you so slow!” Seeing his father bring more than a dozen bodyguards, Frank felt that he had won the game, and his arrogance became arrogant. The man in the hall told them to do this, you take someone in and arrest the man sitting in row 6, No. 15!”

“I heard that you want to arrest me?”

Benjamin stepped into the gate of Hall 7, when several security guards saw him, they finally spoke.” Mr. Mason, according to your instructions, keep him locked up here, but he was restless and beat people first, in order to protect himself, we accidentally wounded him.”

Mr. Mason??

Benjamin ???

When Adam saw him for the first time, his feet softened suddenly, and he shyly stepped forward, "Mr. Mason, why are you here?"

"Your son didn't tell you?"

Adam was stunned, faintly aware that something was wrong, and hurriedly looked at his son.

When Frank heard the security call this man Mr. Mason just now,

he was already frightened, and seeing his father's flattering look, he felt cold sweat all over his body.

This man is Mr. Mason, Benjamin of Mason Group? It's over!!!

Seeing that his son was confused. Adam knew that there was no hope, so he hurriedly bent down and asked Benjamin, "I don't know what the dog did wrong to make Mr. Mason unhappy. I apologize to you! Admit your mistake!"

"It's nothing, just bullying my fiancée in front of me, and wanting her to be your daughter-in-law."

What? ? ?

Adam was so frightened that his whole body went limp!!

Although he knows his son's virtue, what is Benjamin's identity!

“You bastard!” Adam turned his head angrily, and slapped his son hard!

Frank has never been scolded by his father since he was a child, but now he is suddenly slapped by his father, and he is completely dumbfounded!

Jill on the side was too scared to speak. It’s over. When she was watching a movie just now, she found that this man was pretty good-looking, and he was very considerate to his girlfriend. He was feeding and kissing at the same time. Kicking Isabella’s chair back...

Later, Frank deliberately kicked Isabella’s chair back in order to stand out for her...

It’s over, it’s over!

“Mr., why didn’t I know that Mason Group and Adam Group are good friends?”

“This...” As soon as Adam heard it, he knew that his son was bragging too much. What kind of good friends, they, Adam Group. are not even qualified to shine Benjamin’s shoes!

Normally, it was fine for his son to brag in front of outsiders, but now, he actually blew nonsense in front of Benjamin!

Adam felt that he couldn’t stand anymore, his eyes turned black, but he still forcibly stabilized, “I’m sorry, Mr. Mason, it’s because I can’t teach you well, and please forgive us this time!”

Having said that, he turned around and scolded again, “What are you doing in a daze, why don’t you roll over and apologize to Mr. Mason and his fiancée!”

He looked up at Mr. Mason’s fiancée, his face paled instantly, was it her?!
