

## Chased Her 261

### Chapter 261

After Michael lost the money, those relatives insisted on arguing with a few waiters about right and wrong, but Michael hurriedly pulled them away.

“Michael, you are just too talented, let these lowly people bully you!”

“Although the Brown family is rich, we can’t let them cheat so much!”

“If it’s hard for you to show up because of your status as the richest man, you can leave it to me! To deal with this kind of person, I can beat one with one punch!”

There was no room for Michael’s old face, he clasped his hands together and begged in a low voice. “I invite you to dinner today, one is to celebrate Daisy’s good grades in the exam, and the other is to bring her fiancé to meet you in advance, now he is still at the scene, give me something Save face, stop making trouble!”

Only then did everyone remember Harris’ existence, and subconsciously looked at him.

Harris was sitting alone at the table drinking wine, thinking that the meal tonight cost him three million, he felt extremely

uncomfortable.

the other side.

Daisy’s soul was taken away by those two handsome men. Although she didn’t know their names, she just glanced at them from a distance, and her mind was full of their figures.

One looks like the star Bradley, and the other is also suffocatingly handsome. She can’t help but want to find out their whereabouts.

She pretended to go to the bathroom, and found that several elevators leading upstairs were guarded, and there were even two waiters standing at the fire stairs.

She had no choice but to lift her skirt and walk towards the spiral staircase on the other side.

This staircase was not guarded, and she was just thankful that a waiter appeared just as she was about to step up the first step and stopped her in time.

“Sorry Miss, you can’t go up.”

Daisy withdrew her feet, raised a decent smile, and said without blushing, “I’m here to find the bathroom.”

“The restroom is 100 meters ahead, turn left.”

Daisy kept an elegant smile and asked softly, “I would like to ask, is Bradley eating here today?”

“Sorry, we can’t disclose the privacy of customers.”

“Then...can you answer my other question? A handsome man came upstairs just now. He looks like my friend. Can you tell me his name? If it’s my friend’s name, I’ll go up and say hello to him.”

“...” The waiter glanced at her, heh, he has seen this kind of routine hundreds of times...

Why, I want to hook up with the five young masters of Logan, but if I can’t hook up. I miss them Mr. Mason??

This girl doesn’t even pee to see if she is worthy!

Thinking of this, the waiter still didn't change his face. "Sorry miss. please don't make it difficult for me."

Daisy glanced at the direction upstairs, and didn't know when that handsome man would come down. It would be great if he could find out his identity...

If it doesn't work, it can attract Bradley's attention, then whether it is becoming Bradley's girlfriend or entering the entertainment industry in the future, there are only advantages and no

disadvantages!

the other side.

Lily ate something and found that Cecilia hadn't come back, so she couldn't help but look worried, "Cecilia hasn't come back yet, I'll go see if I can help."

She got up and walked towards the bathroom, which was more than fifty meters away from the dining area here.

When she came to the bathroom door, she knocked on the door and called out sweetly, "Silly sister, are you okay?"

Deliberately called the word "kill" into the word "stupid".

The bathroom door was rushed open, and Cecilia threw all the water on Lily's face.

Although Lily blocked it with her hands in time, some water

"You bitch!" Cecilia swung the water and wanted to slap her hard!

But Lily easily took her wrist, "With the surname Logan, do you really think you are a Lady?"

She smiled coldly and said condescendingly. "If it weren't for my aunt to pity you, you would have been living on the street, homeless like a stray dog! Don't talk about lying in front of me, you will eat every bite of this meal tonight Sorry!"

"You!" Cecilia gritted her teeth angrily, but couldn't find any words to refute, her face turned red with anger!

"You said, if we have conflicts, will the Logan Family help our own people or help you, an outsider?" Lily looked at her with interest. gloating in her eyes, as if mocking her humble status.

Holding the dress, Scarlet, who followed Cecilia out of the bathroom, couldn't help but said, "Miss Lily, please let go, you hurt Our Miss Logan!"

Before Lily could speak, Scarlet added with a cold old face, "Otherwise, I can only take a picture of this scene with my mobile phone and present it to Elder Mr. and Mrs. for comment."

"You old dog is loyal!" Lily shook off her hand in disgust, and patted it clean, as if meeting Cecilia was such a dirty thing.

this scene, Cecilia was naturally furious.

Cecilia. I will settle the accounts with you bit by bit! Don't leave this house too soon, or the game will not be fun!" When Lily was about to go to the bathroom, she deliberately bumped Scarlet's shoulder,

Glaring at her, "And you!"

Old and new grudges, let's settle it together!

"Miss Logan, let's go to dinner first." Scarlet followed Cecilia with her dress in her arms, reminding without being ble or humble, "Ms. Bad impression, I thought you purposely smashed Ms. Young 's place... There will be more opportunities to deal with her in the future."

“Even she dares to bully me now!” Cecilia was very angry, “not to mention the other inefficient lamps of the Logan Family! I can see that she has a feud with Isabella, but she dare not be in front of so many people You bullied Isabella so much! Why, why only bully me?”

“Miss Logan, what is the identity of Ms. Young, you naturally know that there are differences between you... Of course others are picking honest people to bully!”

Scarlet’s words made Cecilia even more unhappy, damn Isabella, let her take advantage of everything! she hadn’t come back to this home suddenly, how could Lily ‘s dog dare to be so presumptuous!

After a while, she returned to her seat, and Williams, Eloise and Bradley immediately greeted her with greetings, but because of the overall situation, she still said it was all right, and sneaked another glance at Benjamin.

Benjamin was still bowing his head and whispering to Isabella, he didn’t know what he said, Isabella glared at him, a little feigned annoyance, Benjamin raised the corners of his lips, and smiled dotingly.

That’s Benjamin, how dare Isabella stare at him like that!

The point is, he still smiled, as if he was the one who let Isabella go wild!

Why, why is such an excellent man, why is Isabella’s soul seduced by him!

At this time, Lily came back.

Chapter 262

She trotted all the way to Molly, hugged her arms, buried her face in her arms, and yelled softly and aggrievedly, “Mom!”

She looked as if she had been greatly wronged!

Cecilia got angry when she saw her like this, she didn't know, she thought she was being bullied!

"What's the matter?" Molly lowered her head and saw a make-up palm print on the right side of her daughter's face. If she didn't look carefully, she really couldn't see it.

Guessing what kind of bad idea her daughter was holding back, she still helped with the acting, raised her voice, and asked with concern. "What's wrong with your face?"

All eyes fell on them at once.

"Mom, stop asking!" Lily kept her head buried, her voice still complaining, as if she didn't want people to know about it.

"What happened?" Seeing that she didn't say anything, Molly looked at Cecilia again and asked gently, "Lily just went looking for you, why did you come back like this? Do you know what happened?"

"I..." Cecilia couldn't argue, how could she know what bad idea Lily was holding back!

"Mom, it's none of Cecilia's business, don't ask her!" Lily stopped immediately, "I put on the makeup myself, I think it's fun."

"Who is okay to put a handprint on the face?" Molly felt distressed, and reached out to touch it.

"Ah, it hurts...don't touch it!" Lily was really hurt and she shed

tears.

Now, everyone looked at Cecilia in disbelief.

Did Cecilia hit her?

Molly looked at Cecilia and said with understanding. " Cecilia. tonight I blame Lily for being too reckless and soiling your dress. Auntie says sorry to you on her behalf. Auntie will take you to the mall in a while and pick out a new one." A skirt? Otherwise, my aunt will feel very sorry."

"Auntie, don't say that, I really didn't hit her!" Cecilia felt wronged. it seemed that she was so angry that she hit her because Lily stained her dress! But it didn't happen like that at all!

"Auntie didn't say you beat her, you kid is not going to tell you!" Molly smiled pretendingly and said softly, "Don't worry, what happened tonight is indeed Lily 's fault..."

"No, auntie, I really didn't hit her! I don't know what happened to the slap marks on her face!" Cecilia said this, and then looked at Williams and Eloise, "Dad, Mom, I didn't hit her!"

Eloise was also a little confused. Just now Lily went to the bathroom to find Cecilia out of worry, and when she came back, there was a red palm print on her face. She was touched by Molly and she burst into tears. It didn't look like she was pretending.

"Cecilia, what's going on with all this?" Eloise couldn't have

wronged her child, but it was also impossible for Eloise to cover up

her mistakes.

"Just now Lily went to the bathroom to find me, and when I opened the door..." Cecilia suddenly remembered that she had splashed water on her, and the makeup on her face was a little smudged.

Could it be that Lily really put a palm print on herself when she touches up her makeup because her makeup is gone? Just to frame her? The little bitch!

“What’s the matter?” Seeing that she didn’t go on, Eloise thought that something shameful and unspeakable had really happened.

“No matter what Cecilia does to me, as long as she can calm down! Auntie, don’t pursue it anymore! It will hurt the harmony between our sisters and the family! Tonight’s dinner is about Sofia. With brother Benjamin present...let’s call it a day!”

Before anyone else could speak, Lily continued, “I’m really fine! Mom, don’t ask me any more! What a great dinner, the atmosphere has changed!”

After she finished speaking, she tied a strand of broken hair behind her ear.

How could Molly fail to see the carefulness hidden behind her daughter’s action, she continued to ask, “Then why is your hair

wet...”

“It’s too hot, sweating! Anyway, it’s none of Cecilia’s business, let’s cut!” Lily begged softly after saying this, “Don’t embarrass Sofia...”

Cecilia was really furious. Lily said what she meant, but she just wanted to tell everyone that her wet hair had something to do with her, and the palm prints on her face had something to do with her

too! Still pretending to take care of the overall situation, it’s really disgusting!

Cecilia couldn’t hold back, and said a little furiously. “Mom, I really didn’t hit her, she must have made the palm print! Scarlet can testify! From the beginning to the end, I didn’t touch her!”

On the one hand, Cecilia refused to admit it, and on the other hand, Lily covered up the crime for her in a reasonable way...

Everyone’s favorability is biased towards Lily!

Although Eloise feels that it is impossible for Cecilia to do such a thing, but the fact is here, can it be said that Lily is acting without grounds??

“Please don’t look at me, eat quickly...” Lily couldn’t stand the attention of everyone, “If you have anything to say, we can talk about it after the dinner is over!”

Isabella raised the corners of her lips, and it was natural to see that Lily was putting on a show. In fact, the matter was very simple, as long as a bottle of makeup remover water was needed, she would know who was lying, but Cecilia was so angry that she lost her mind, she didn’t expect this.

However, Isabella did not intend to intervene in the conflict between the sisters, but said. “This foie gras is quite delicious.”

When everyone heard the words, they immediately drew back their

attention.

Although Bradley was confused, he always felt that Cecilia would not hit people with his hands, but he also felt that Lily’s sister is usually cute, so she should have no scheming...

He also couldn’t figure it out, so he took the initiative to bring food for them, “Eat first, we’ll talk about anything later.”

Bradley, I really didn’t hit her!” Cecilia had never felt so wronged before!

“Cecilia, no one said you hit me, don’t mention it again!” Lily was still timid during the meal, saying Cecilia to the left and Cecilia to the right, carefully serving Cecilia with food, and kept showing goodwill...

Cecilia is about to explode!

“Cecilia, just now Sofia said that the foie gras is delicious, what do you think?” Lily also raised a smile. “If you like it, I’ll give you some more.”

Cecilia is going crazy!

the other side.

Daisy couldn’t find another way to go upstairs, so she had to go back to the lobby.

The whole hall was in a mess, and she didn’t pay attention, all she could think about was how to get close to those two handsome men...

Daisy, why have you been there for so long? Is your stomach uncomfortable?” Harris was relieved to see her finally appear, and asked softly.

“It’s because the restaurant is too big. I got lost for a while... I kept you waiting.” Daisy looked up and saw Harris’s ordinary face, and she was a little disappointed. Compared with those two men, it was not

a little bit worse...

Daisy, I have a question and I want to ask for your opinion.” Harris raised the matter that he had just considered, “That is, can we invite both parties separately for our new engagement banquet?”

Chapter 263 The Man Beside Isabel”

Perhaps because she was afraid that she might misunderstand. Harris added. “It’s what I meant, it’s none of my parents’ business...”

His parents had already given him full control over everything about the engagement banquet.

Daisy guessed something, but subconsciously asked, “What do you mean?”

“That is, on the day of the engagement banquet, our family will invite all our distant relatives and neighbors to come, and your relatives and friends who have a better relationship can also come, those distant relatives...”

Harris hesitated to speak, but finally chose to speak out, “Your distant relatives, let your uncles and aunts find another time to entertain them again? Do you think it’s okay?”

“Brother Harris, do you think our distant relatives can’t get on the stage, and are afraid of embarrassing your family?” Daisy was suddenly a little angry.

“Daisy...” Harris wanted to explain, but didn’t know how to speak.

She didn’t see how arrogant her group of relatives from the countryside were just now, and he didn’t want to recall it a second time!

If someone from his family sees it, not to mention that he will become a joke, everyone will oppose this marriage!

He just didn’t want to make it too ugly.

“Since Brother Harris doesn’t like us, the don’t have to be responsible for my future.

own family, then you Daisy said angrily.

Daisy. I didn’t mean that!” Harris explained in a low voice, “It’s because just now...”

It was really hard to speak about everything that happened just now, he was afraid of embarrassing Daisy.

“What happened just now? Do you feel left out because I went to the bathroom for too long? Do you think I’m leaving you alone on purpose? Make you lose face?”

“Of course not!” Harris was a little anxious, “You should ask your uncle and aunt!”

Although Daisy didn’t understand what happened, she had a vague premonition. Could it be that something major happened during the time she was away?

Harris poured himself a glass of wine to relieve his boredom, and said after a while, “I promised you earlier that after the engagement banquet, I will buy you a Porsche. will wait a little longer.”

What’s the meaning?

Do you not want to marry her?

Don’t want to pay?

Think you are tall, rich and handsome?

Look down on people?

Dividing into pages now

The two men were so handsome just now, she didn’t say anything to stimulate him, to preserve his masculine dignity.

He doesn’t really think he’s good, does he?

Harris watched her face turn ugly, and explained patiently, “All my private money was transferred to my uncle just now.”

Daisy froze for a moment, what do you mean?

Why transfer money to her father?

Still turn so much at once?

Seeing that Harris didn't intend to speak out, she lifted her skirt and walked towards Michael. After asking the reason, she realized how embarrassing her relative was!

the other side.

Bradley was picking up food for Isabella when his phone vibrated a few times suddenly. He saw that it was a call from his manager and said that he had something to go over.

"Isabella. Bradley has something to do temporarily, you can cat here obediently." Bradley patted Isabella on the head, and said to Benjamin. "Take good care of Isabella, if you make her unhappy..."

He gestured his fists, as if to say: Be careful, I will beat you.

Benjamin raised the corners of his lips and asked with great interest. "Can you beat me?"

Bradley suddenly felt insulted, "Don't underestimate people. let me tell you, fists are not measured by size, but by strength."

"Bradley felt that he was completely underestimated, shit!

"Bradley, I'll see you off."

When Bradley heard this, his eyes lit up, and he looked at Isabella excitedly. "But you haven't finished eating yet..."

"I am full."

While Bradley was happy, he did not forget to warn Benjamin, "Then don't follow!"

I can finally spend some time alone with my sister!

Even for a short while.

Seeing Bradley leaving with a hook on Isabella 's shoulder, he looked like he had won a multi-billion lottery, and he was extremely happy.

"Isabella, is there anything you want to know about the

entertainment industry? Bradley promises to tell you everything." Bradley hooked Isabella 's shoulder and said dotingly, "Not interested? It's okay, Bradley has one more thing to tell you..."

He talked a lot of gossip with Isabella along the way, from entering the elevator to the lobby on the first floor, he chattered endlessly.

Daisy was about to thank Harris, and accidentally raised her eyes to see, isn't that Bradley!

He didn't wear sunglasses, but he wore a peaked cap backwards, dressed in a trendy outfit, hooked a girl's shoulder and said happily, and that girl turned out to be Isabella!!

Daisy's eyes widened, and she thought she was mistaken, so she rubbed desperately, and after a closer look, it was really Isabella!

"Are you saying it's funny hahahaha..." Bradley couldn't help but laugh.

Isabella was amused by his appearance, and nodded. "It's really funny."

“Really? Bradley has something even funnier to tell you...” Bradley talked vividly about other gossips in the entertainment industry.

Daisy couldn't believe that the international superstar Bradley hooked Isabella 's shoulder so intimately, talking and laughing...

Are they dating??

Thinking of this, she covered her mouth, unable to believe it!

Could it be that Isabella was able to go upstairs to dinner today because of Bradley?

He's a big star, so it's normal to have a meal and a show.

But where does Isabella have the ability to be with such a perfect

man!

Even if she is the founder of QY, she is not qualified!

Daisy clenched her fists, her eyes flushed with jealousy, and after seeing them leave, she walked towards Harris.

Although Harris paid 3 million, looking at his ordinary face, Daisy was not interested, and regretted that she had dedicated herself too early...

Brother Harris, I heard what happened from my father. I'm really sorry that my group of relatives have caused you trouble!” When she said this, she bit her lower lip, “I will find

yay to pay back the

three million. of..."

Although she said so, Daisy didn't intend to pay half a cent at all, she just wanted to make a good impression on Harris.

"Why would I want your money...it's my proposal just now, don't be angry, I just want my relatives here to like you more..."

"I know. I've already told my father that the engagement banquet will be held separately. For those distant relatives, my father will invite them at another time."

Harris finally smiled when he saw her say that.

the other side.

Isabella sent Bradley off and returned to the box. Everyone asked her if she wanted to eat. She said she was full and couldn't eat anymore. Williams and Lew were fighting over the bill.

"Tonight's dinner is organized by me, so it should be me!"

"I'm Isabella's uncle, can you let me do my best as an uncle? I also want to make a good impression on Isabella!"

"You've already given Isabella a gift and returned her bank card. You won't be charged for this meal."

"Brother, have you met me again, have you? Let me tell you, I must invite you for tonight's meal, otherwise, when I go back, your siblings will make me kneel down on the keyboard!"

Chapter 264

“If I ask you to please, I will have to kneel down on the keyboard when I go back! No, no, no...”

Seeing that the two brothers were arguing endlessly, Eloise smiled and said to Isabella, “ Isabella, you send Benjamin off first, and we will find you at the door later.”

“good.”

When Benjamin walked through the lobby on the first floor with Isabella ‘s fragrant shoulders in his arms, Daisy ‘s mouth was so wide that she could stuff two eggs.

Isn’t this the man who made her dream?

He actually hugged Isabella, lowered his head and didn’t know what to say to the little bitch.

The little bitch smiled, and her eyes seemed to be flirting with him!

But didn’t the little bitch just cuddle with Bradley?

unacceptable!

He even stepped on two boats with one foot!

shameless!

The point is, how did she do it? Being able to catch two high- quality men at once, and being able to have both sides without being discovered, they both ate at the same restaurant, but the two men

didn’t realize each other’s existence!

It’s also amazing.

Seeing them leaving the restaurant. Daisy got up immediately and said, "Brother Harris, I'm going to the bathroom."

go again??

Harris wanted to ask her if she had an upset stomach, but when she saw it, she didn't go in the direction of the bathroom, where did she go? Leaving the restaurant for some air? Did what happened tonight upset her?

Daisy hurried to the outside of the restaurant. From a long distance. she saw the man holding Isabella's face in his hands under the dim light, and kissing her passionately

She covered her mouth and couldn't believe what she saw!

Their relationship seems to be better than she imagined!

Benjamin greedily tasted the sweetness of the girl, and it took a while for Poll to let go. "I really want to take you home."

But Isabella, in comparison, was much more indifferent than him, "I'll take the family car later, you go back first."

"Leave me alone again."

This tone sounded a little sad.

Isabella said helplessly, "Be obedient."

"Then give me some compensation,

Isabella saw that the man was always looking for her to make

amends, and she suddenly felt amused. She bent the corners of her lips, stepped on her toes, and kissed his lip "Is it okay now?"

Benjamin hugged her even tighter, knowing the taste, "Too little, be more generous?"

Isabella stood on tiptoe and gave him another kiss.

She stoked Benjamin's anger, and she simply grabbed her head and asked for a long kiss at once.

Daisy, who was hiding aside, saw them kissing so hard, she was so angry that she cursed countless times in her heart: Little bitch!

This routine of refusal and welcome is really played by her clearly!

Suddenly, Daisy thought of something, and immediately took out her phone to take a picture.

In the future, if you have a chance, you must show this man, or Bradley, this little bitch is disgusting! How scheming!

After a while, Benjamin rubbed Isabella's face, "I'll stay here with you until uncle and aunt come out.

"No, you go back first." Isabella seemed to be coaxing a child, "Be obedient, pay attention to safety on the road, and drive slowly."

"Then I'll call you when I get home." Benjamin withdrew his hand, looked at her reluctantly, and then turned and went to the parking lot.

Isabella turned her head and saw Daisy hiding in the grass, she curled her lips coldly. "Have you had enough shots?"

Daisy didn't expect that Isabella could still notice her from such a long distance, and also knew that she had taken a photo, did she have clairvoyance or clairvoyance?

Seeing Isabella walking step by step, although Daisy was a little scared subconsciously, she still did not lose, and walked out voluntarily.

She took the lead, pointing at Isabella and scolding, "You are too shameless, just cuddled with Bradley on the front foot, and then got involved with this man on the back foot! Why, are you just like this in your bones? You can't do it without a man?"

with Bradley?

Still not clear with Benjamin?

Isabella realized it was amusing, raised her hand and slapped her with a slap, which was especially clear and loud in the night.

"Pretend to be smart! It seems that the lesson I taught you last time was not enough. Let me review it this time. When someone else's words pass through your brain, you should not pass through the cesspit, otherwise it will really show that your IQ is extremely low."

"You, you bitch, how dare you scold me..." Daisy covered one side of her face, very angry, and was about to strike.

At this time, an RV drove over, and a driver quickly got out of the car, came to Isabella, and asked respectfully, "Ms. Young, what's the matter? Do you need my help?"

Daisy a wary look.

“Ignore her.” Isabella turned and got into the RV, completely ignoring Daisy.

Daisy was furious, knowing that there was a driver protecting her, if she did it at this time, she would definitely suffer!

“You wait for me, this matter is not over!

Daisy finished her harsh words, and as soon as she returned to the lobby, she saw Michael and Gail rushing in front of a group of people, humbly fawning over them

“Mr. Logan, I didn’t expect to meet you here! I’m Michael from the Brown Group, and I’m hosting a banquet for my little girl here tonight. I don’t know if you have time to come over for a drink.”

“My husband doesn’t drink.” In front of the crowd, the noble and glamorous Eloise said coldly, “Even if you’re free, why do you want to show your face?”

She didn’t even ask them to settle the matter of bullying their precious daughter before!

Still have the face to run up to them to be disgusting?

“Mrs. Logan, I’m sorry, my husband can’t speak, don’t be angry...” Gail bumped Michael’s elbow, motioning for him to apologize.

Michael hastily put on a smile, slapped himself on the mouth twice. and smiled humbly, “Yes, yes, I am stupid and can’t speak, Mrs. Logan, don’t take it to heart, I mainly see you tonight We are happy. so I was in a hurry and wanted to buy you a drink, but Mr. Logan doesn’t drink...”

The aura of the Logan Family is too strong. Whether it is the Williams family or the Lew family, they seem to be watching people from the clouds. Under the strong aura of a big family, Michael feels like an ant, extremely humble.

“But I see that you are very upset. Didn’t Mr. Brown hear a word? Good dogs don’t get in the way, please move.”

Seeing that Eloise didn’t want to waste time with them at all, Michael felt ashamed and at the same time reluctant to miss such a good opportunity!

Gail, too, asked with a lost smile, “Mrs. Logan, I don’t know if there was some misunderstanding between us earlier? A few days ago. Mrs. Logan said...”

Before Gail could finish speaking, Eloise raised her eyes and glanced at the lobby manager.

The lobby manager immediately understood and stepped forward. “I’m sorry Mr. Brown, please excuse me...”

He blocked a path with his hands, and the Logan Family passed in front of them one by one. The powerful aura made the Brown family daunting.

Looking at the backs of Williams and Eloise going away, Michael couldn’t help calling, “ Mr. Logan, Mrs. Logan...”

Chapter 265 I Don’t Know What I’m Conspiring

How much he wanted to go forward and say a few more words, even if they hated and despised him...

But the lobby manager blocked the way with a few waiters. obviously not wanting Michael and Gail to come forward.

As expected of the richest man in the United States, that big family and temperament are not comparable to ordinary small wealthy families.

Take Moore as an example, Moore is much superior to the Brown family, but Moore is not as strong as Eloise alone.

The elegance and nobility cultivated in those years, as well as the pampering between the eyebrows and eyes, are not comparable to

anyone.

“Why haven’t they gone bankrupt yet? Are they still in the mood to treat guests to dinner?” Eloise walked out of the restaurant with a hint of annoyance on her delicate face.

Williams coaxed dotingly, “It’s almost there, there’s only an empty shell left. I guess tonight’s dinner will be tough.”

The Brown family now has no partners, no cash flow, and internal

chaos.

Michael tonight, he is obviously aging a lot, the spirit in his eyes is gone, replaced by depression and defeat.

“When did this kind of small family make you unhappy? I’ll find

someone to deal with it later.” Molly on the side showed a lady’s smile and said softly. “We don’t have to be angry with such a villain, it’s easy to grow old.”

In the eyes of real giants, these little people are not enough to look

Lew on the side sneered, “Isabella was the only one who got full marks in the Enter University exam this year? Just now, the family held a banquet and held up a banner saying that her daughter got a high score in the Enter University exam, and the future is promising. Knowing that, I thought it was amazing, after all, I am a small family, and I can show off a little achievement.”

Little do they know that the real strong are all restrained.

After all, the layout is small.

“Let’s not talk about them. Be careful on the way back.”

Hearing what Eloise said, Molly looked at Cecilia again, and asked dotingly, “Then Cecilia, go to the mall with aunt and pick out a new dress?”

Cecilia stomped her feet anxiously. “I really didn’t hit Lily! I didn’t hit her because of the dress, no, no, I didn’t!!”

“Look at this kid, he’s in a hurry.” Molly couldn’t help laughing. and looked at Cecilia with a pleasant face, “Okay, auntie didn’t mean to blame you, since you don’t want a dress, then auntie will bring you other gifts later, Brother, sister-in-law, let’s make an appointment to meet later.”

“Auntie, listen to me...”

Before Cecilia had time to explain, Lew said with a smile, “Our

whole family likes Isabella very much. Let’s get together and let us see her more often.”

Seeing his own driver coming. Lew opened the door to let his wife and children get in the car, and then said a few polite words and left.

Seeing them leave, Cecilia was really anxious when no one listened to her explanation, “Dad, Mom. I really didn’t hit her!!”

“Okay, let’s go back and talk about it.” Williams reassured.

“If Isabella didn’t think of Elder Mrs. Brown’s kindness in nurturing. I really want to beat them to death!” Eloise said with a hint of displeasure on her delicate face, “Don’t tell Isabella what happened just now, don’t disgust her.”

“Okay, it’s up to you.” Williams laughed.

Eloise was about to get into the RV thought for a while, then suddenly turned around and said, “Go make them some more trouble.”

You can’t hammer them to death at once, then torture them slowly. In short, you can’t let them have a good time!

Who let them bully baby Isabella for so many years!

“No problem.” Williams agreed.

Early the next morning.

Michael and Gail came to Cameron Hospital ward 301 with large and small gifts, and as soon as they opened the door, they saw Rosc talking to a strange woman.

The strange woman was sitting by the bed, she was dressed like a secretary, with a trace of rigor and professionalism in her eyes, she nodded her head, seeming to agree with at Rose said.

“Mom, are you awake? This is...” Gail was curious and wary of this strange woman as soon as she entered the door.

It’s only 7:30 in the morning, this woman came so carly. what is she plotting with the old lady?

As soon as the strange woman saw them, she immediately got up and politely said to Rose, “That’s nothing, I’ll go first.”

“Hmm.” Rose responded softly, seeing her son and daughter-in-law carrying a lot of presents to see her her expression immediately darkened, “Who told you to come? Get out!”

“Mom, you haven’t said who this person is yet?” Gail only wanted to know the identity of this woman in his mind, what kind of old lady is she, what did the old lady tell her to do, is it related to the will?

Thinking of this, she immediately stopped the strange woman’s way, and asked with a smile, “Are you a relative of our family or who? I’m sorry, I don’t seem to have seen you before?”

The strange woman didn’t answer her question, but politely said, “I’m sorry, please let me go.”

Gail didn’t intend to let her go at all. It seemed that this woman didn’t take her seriously at all, and she was not only a little annoyed.

Seeing that she refused to let her go, the strange woman squeezed past her, closed the door of the ward and left.

Gail was even angrier, what kind of quality and attitude! She will look good in a while!

“Mom, you don’t know how to buy insurance, do you?” Michael couldn’t help asking when he saw that the woman was wearing a black suit just now, which looked a bit like the clothes of an insurance officer.

“Oh, one or two of you wish I could die sooner! Even if I donate my property after I die, I won’t leave you half a penny!” Rose coughed a few times angrily, and said sarcastically, “Why?, come this time, do you want to take my mobile phone, bracelet, or flower made of gemstones?”

Last time Gail took all the things Isabella gave her while she was unconscious, which made her sicker.

Isabella finally got the things back and gave her expensive medicine, otherwise, the grass on her grave would be half a meter high now.

They have to go to the grave to see her!

“Mom, how dare we miss your things?” Gail pretended to say, “Last time I saw you unconscious, I was afraid that your things would be too expensive and would be missed by thieves, so I kindly helped you keep them... You are lucky, you not only misunderstood us With some good intentions, I even got Isabella to come to my house and make a big fuss, so I fell down and my waist shivered, and I couldn’t get out of bed for a few days because of the pain...”

“It deserves it.” Rose didn’t have a good face, and she still taunted. “Aren’t you the biggest thieves in the family? The real thieves are three points inferior to you.”

Although Gail was feeling uncomfortable, he still put out all the breakfasts, “Mom, you are teasing us again! We asked the nurse last night, you can eat these breakfasts, can you eat something first?”

Since seeing their wolfish ambitions last time, Rose has hated them even more. At this moment, she glanced at the breakfast in front of her coldly, “Take it.”

Maybe it was poisoned inside!

Chapter 266 Regret

“Mom, don’t worry, it’s not poisonous.” At this moment, Michael sat on the edge of the bed, looked at the old lady’s face and said helplessly. “We know you are angry, yes, that’s right, we shouldn’t. we shouldn’t. You shouldn’t have put Isabella on the relative search website, causing your grandchildren to be separated...”

Rose was a little surprised when she heard this. The sun came out from the west today?

Her son will also repent?

It’s really rare.

“The last time I came to see you, we savored what you said carefully when we went back.” Michael looked as if he really knew that he was wrong, and lowered his head, remorseful.

Rose once said that since they put Isabella on the family tracing website, the Brown family has been defeated. They didn’t even know that they sent Wealth God away...

“It turns out that Isabella’s grades have been so good since she was a child, and you never told me about it.”

Hearing this sentence, Rose found it funny, and sneered, “When did I not tell you? Every time I call you, you just hang up impatiently when I talk about Isabella, saying you are busy, saying You are in a meeting, talk about what you are doing, in short, you just don’t have time to listen to me...”

It was true, and Michael couldn’t argue with that.

“It’s not easy for you to make a phone call. You are always asking me for money and the contact information of the boss. I thought I gave the money and the contact information, and then told you about the child’s recent situation. Say a few words and hang up the

phone in a hurry!”

“Then you can text me!”

“Don’t you know that since Isabella entered junior high school, the school system will automatically send you the child’s daily

homework and monthly test results? In order to make you like her more, Isabella gets full marks in every test!”

Michael was a little surprised. He didn’t expect that child’s grades to be so good these years, and he didn’t expect that the child has been looking forward to their love for such a long time...

In this regard, they really did a bad job.

But he was totally unaware of the assignments and grades issued by the system...

On the other hand, Gail, who was on the side, looked a bit ugly, and suddenly remembered what happened. At that time, she was so busy every day that she only wanted to make money, but the school sent some spam messages every day telling her what homework the child had today and what to write silently Words, write a few test papers!

Sending it every day, every day, until she got impatient, and finally she called the school to scold her, and the sending of text messages stopped...

But Isabella didn't know about it, and thought her parents could see her grades, so she worked hard every day.

"Then Isabella is about the founder of QY, and you didn't tell us about it!" Michael said with a hint of complaint.

"You don't care about your children, and now you are blaming me instead? Isabella is not yet an adult. She doesn't want you to think that an underage child is better than you idiots. She is always concerned about your feelings. She has exhausted all kinds of things behind her back all these years of obscurity. Resources to help you... Otherwise, with your two pig heads, can the Brown family be where it is today?"

Gail was not convinced when he heard this, "Mom, although Isabella is the founder of QY, the Brown family's success today is obviously due to the hard work of Michael and I over the years..."

"Working hard?" Rose sneered, "You two losers! Just take a while ago, you wanted to invest in a few projects, and Isabella asked you to show you a few bright ways, and you almost gave away the money. Let you count it in front of you! It's good for you, I will lose everything, and Isabella will give you a full 100 million dollars behind the scenes! US dollars!"

Gail and Michael were both taken aback when they heard this, in disbelief.

“There are countless things like this. The child has given you all his heart and soul, but how have you been doing all these years?”

Michael was shocked and shocked for a long time before asking, “Mom, is what you said true?”

Isabella do this a long time ago?

Is she really that good to them?

“Is it true or not? Don’t you have any idea? Don’t talk about other big groups, just take QY as an example. They have such a strong momentum and such a good development prospect. Why did they find a small company like yours to cooperate with? It’s because of the two of you.” What are you looking for? What resources do you have in your hands to attract QY to take the initiative to bend down and ask you to cooperate? No?”

Michael and Gail were extremely embarrassed by what their mother said.

“If it weren’t for the various wrong decisions you two idiots have made over the years. Isabella had to wipe your ass behind your back. With her ability, let alone the richest man in Winter Town, you would have been the richest man in the United States long ago!”

Although Gail didn’t believe it, seeing the old lady’s words filled with righteous indignation, and thinking about all the things that happened before, including Isabella’s ability to start such a big QY, she still believed it a little...

“Holding fish eyes like pearls! It deserves it!” Rose was so angry that she couldn’t help coughing again. After a while, she said, “I can sit here with this breath, you have to thank her!”

Michael and Gail were surprised and looked at her, not believing what Isabella had done!

She doesn’t understand medicine, and she doesn’t have any money, so what can I thank her for?

Seeing their appearance, Rose laughed angrily, "You don't think you two can let me stay in the VIP ward for so long, do you?"

This is Cameron Hospital, although it is an ordinary VIP ward, but

with only a little money, you can't live in it at all, you still rely on contacts!

"Bennett will be my attending doctor for Isabella's sake!"

"Also, I have to take medicine twice a month, 10 million USD each time, and I have to take it for three consecutive months before the operation! The medicine is given by Isabella!"

"And the two of you, think that if you pay some hospital expenses, it's filial to visit me once in ten days and half a month? Hah..."

"Isabella and I have no blood relationship with you, but you helped us the most in the end! You are not satisfied, and you hurt her and humiliate her again and again..."

Rose said next, Michael couldn't hear, his whole head was buzzing.

He suddenly remembered that a long time ago, he was afraid that Isabella would come to the hospital to pester the old lady again, so he thought about transferring the old lady.

But Bennett told him that the best medical resource in the United States is in Cameron Hospital, and if he is transferred, the old lady will report to the God of Death soon.

He asked Bennett again, besides staying in Cameron Hospital, is there any other way to save the old lady.

Bennett once said that there is a drug that is only available on the black market, a drug worth 10 million USD, and the old lady needs to take it twice a month, and after taking it for three consecutive months, she can directly undergo surgery.

At that time, he was reluctant to give up the money, but he didn't expect...

What the old lady said was exactly the same as what Bennett said. If Isabella didn't give the old lady these medicines, how would the old lady know the black market market, the price of the medicine, and how could she recover to what she is now? In the past, many doctors could do nothing about her condition...

Chapter 267

Michael recalled that once when Bennett was angry, he said that the old lady is today thanks to Isabella

Could it be that the child's strength is really stronger than they imagined?

Suddenly, he felt that they were a little ridiculous in the past. How could he feel that Isabella had to work part-time to serve the benefactors so that she could stay in Bomsville?

Three years ago, the QY brand was born out of nowhere. With the identity of the founder of QY alone, she has much more funds and resources than them. She doesn't need to go out to work at all, and relies on men to support her!

In addition, she is the piano master Tanya, and she is the perfect score No. 1 for prestigious schools...

No wonder her face was full of sarcasm and disdain every time they criticized her for not loving herself. It turned out that they really misunderstood her!

She stayed in Bomsville by strength.

Every time she came to the hospital, it was to give the old lady a sky-high price of medicine, not for the will.

The stock in the hands of the old lady is worth 300 million USD, but the sky-high price of medicine alone cost her 60 million USD. plus the mobile phone, bracelet, flower made of gemstones and other things she gave...

It has long exceeded the total value of the old lady's shares.

She didn't hook up with men, because she new Bennett and said hello to Bennett, so Bennett was the old lady's attending doctor.

She is the founder of QY, so it is normal to get close to Fred from Jessic Capital.

She has no shortage of money, no resources, and no need to rely on men!

It was they who thought they were smart and misunderstood her!!

“Mom, to hear you say that, I really regret it and blame myself.” Gail covered his face and cried, and after a while he raised his tears and said. “We really owe that child so much! ”

Before Rose could speak, Gail 's tears flowed down again, and she said remorsefully, “Mom, can you help us, be a middleman, and let us and that child settle down, okay? As long as you speak, she will definitely forgive us.”

Rose shook off her hand and said coldly, “I can't get rid of this old face.”

“Mom, besides you, we don't know who else to ask, please help us!”

Gail held her hand again, and pleaded sincerely with tears, “We thought we were very good all these years, but we didn't know that Isabella was contributing money and efforts behind the scenes. We really regret it and feel very uncomfortable. Please come forward to help Help us, give us a chance to correct, to make amends?”

Rose didn't speak, turned her face away, obviously not believing her

words.

Dividing into pages now

“You don’t want to see that our family is not a family, and we are like a mess? If Dad is alive in heaven, how sad and sad will he be when he sees the relationship between Isabella and our family has become what it is now?”

Standing by the side, Michael bent his knees, slowly knelt down, raised his head, and said with wistful eyes, “Mom, just come out and help us! Recently, many things have happened to the company. and many houses and houses under my name The shops are all sold. but it still can’t stop the decline, if this continues, the company will go bankrupt!”

“The company was not developed by you, even if it collapses, it’s not your turn to cry here!”

Rose understood that they didn’t really regret it, but they were reluctant to go bankrupt, lose their status as the richest man in Winter Town, and lose their life of wealth and wealth.

That’s all they really care about!

“Even if the company goes bankrupt, it will be your retribution.” Rose said angrily.

Michael knelt two steps forward, grabbed his mother’s hand and begged, “Mom, you don’t know, it’s not just about the company, Daisy said a few careless words a few days ago, I didn’t expect that child Isabella to take it to heart, and It is said that Daisy will be sued...not only for compensation, but also for Daisy to make a public apology, and Daisy may also face a sentence of detention.”

This shows that the child doesn’t give any face, and is determined to make Daisy pay the price!

“Then Daisy must have said something extremely outrageous, and

Isabella will do that!” Rose didn’t ask what happened, but instead said, “ Isabella did the right thing!”

Isabella did the right thing without asking? Is Daisy your granddaughter? How can you let an outsider bully your granddaughter?”

Gail was so excited that she almost forgot to act, if Michael hadn't glared at her, she would have continued talking.

"Mom, it is indeed Daisy's fault." Michael took the words and said shamelessly, "I also asked Daisy to apologize in private, Gail and Daisy both knelt down to Isabella, and I also said all kinds of good things, but there is no other way. The children give up on us."

Seeing that Rose still ignored him, Michael took another step forward, "Mom, can you see if this is okay? You call her, and in front of you, the three of us apologize to her again, even if we kneel down and admit our mistakes!"

Gail clenched his fists and knelt down to the dead girl to admit his mistake? Really throw their dignity on the ground? This Michael was stupid enough to make such a suggestion.

"You kneel down and admit your mistakes, do you really know that you are wrong?"

Before they could answer, Rose sneered and said sarcastically, "You are all for your own glory and wealth, and you are reluctant to be in your current status. With a few simple apologies, you want Isabella to give everything she has done like before. All? Do you think it's possible?"

Michael's old face froze, he didn't expect his mother to see the whole thing so thoroughly, and he wasn't distracted by their tears

and good words at all.

He could only continue to plead with cheeky face, "The key to this matter is you. That child respects you very much and honors your elder. She asks for this kindness, and she will definitely repay it!"

Don't suc Daisy, help the Brown family through this crisis, Isabella sure can do it!

The smile on the corner of Rose 's mouth became even colder. She didn't expect to live to this age. Now that Angela 's son-in-law is so daring, let her go to Isabella to ask for something in return?

“Where do you have the face to tell me this?” Rose raised her hand and swept all the breakfast on the small dining table on the bed to the floor, and said angrily, “You guys are stubborn and just want to squeeze Isabella dry and get her from her.” Take all the benefits!”

“mom...”

“Get out of here, you don’t have to come here anymore!”

Gail was taken aback by Rose’s action of sweeping away the breakfast, if the food hadn’t been swept to the other side, they would be the ones who suffered now!

You must know that she came to the hospital today and wore an expensive skirt, which almost got dirty.

Fortunately, nothing happened, otherwise I would have to pay another dry cleaning fee.

Seeing that his mother was so angry, Michael hurriedly stood up and stroked her back, “Mom, don’t be angry, we really want to settle down with Isabella, not what you think...”

“Get out-” Rose didn’t want to hear any explanation from them anymore, she coughed so angry that her face turned red.

Chapter 268

Michael was afraid of irritating her condition, so he hurriedly said, “Okay, let’s go now, don’t be angry, there is still breakfast in the bag, you can eat it later...”

“Don’t get out. I’m calling someone! Take your things and get out!”

“Okay, okay...” Michael hurriedly helped Gail up, motioning for her to leave together.

Gail gave him a hard look, what are you going to do, the matter hasn't been done yet, the old lady must help with this, otherwise the girl Isabella won't give up on the prosecution, and she won't give her heart and soul like she used to.

Just now they were crying and kneeling, and wasting a lot of expensive breakfast. Today, this matter must be done.

Otherwise, it will be a big loss!

"Let's go!" Michael grabbed her hand and forced her to leave.

As soon as he walked out of the ward door, Gail couldn't help but shake off his hand, and scolded. "What are you doing! As long as the old lady let us go, maybe Isabella will even give us QY... Don't tell us, let's go in and find a woman." A half-time official,

nominally as a major shareholder, isn't the treatment better than it is now?"

"The old lady is so angry, didn't you see?" Michael glanced at the door of the ward, and said helplessly. "Let's go. go back and think about countermeasures."

"I don't know if this old lady is really old and confused. She treats an outsider better than her own relatives!" G

really couldn't figure out what's so good about that girl Isabella.

Apart from good looks, a little strength, and a little money, his cold personality and wild wantonness in his bones seemed unpleasant.

"The old lady, let's come here a few more times in the future. The old man is soft-hearted, and he will agree sooner or later, but that woman today..." Michael thought of the woman who was sitting by the hospital bed talking to the old lady when he came in the morning.

Who is she?

What did you say to the old lady?

Why did you get up and leave as soon as you saw them coming?

Is there any secret that they can't let them know?

“Isn't that simple?” Gail took out his mobile phone, dialed a number, and ordered, “Help me find someone. The woman who left Cameron Hospital ward 301 at 7:30 this morning is about twenty- six or seventeen years old, with short hair. Wearing a pair of glasses and a professional suit, I found her and took her to the old place, and I will clean her up myself.”

That woman didn't even look at people in the old lady's ward. When asked who she was, she didn't say anything, and just left!

You can't do anything to the old lady, but the people around the old lady, if you want to pinch it, it's okay!

the other side.

Isabella went to Woods Villa early in the morning to prepare birthday gifts for the old lady and it will be the old lady's birthday in a few days.

In the past years, she has sent many clothes, cups and other daily necessities designed and made by herself.

A lot of precious jewelry was sent later.

This year, she made a medicine bag for the old lady, which can be hung on the bedside to help her sleep.

She sewed the medicine pouch with her own hands, embroidered the old lady's favorite mandarin duck on it, packed a lot of rare medicinal materials inside, and sewed up the opening stitch by stitch.

“This is the most expensive medicine sachet I've ever seen...” The subordinate on the side propped his chin to watch her busy, and couldn't help but sigh with emotion “Boss, other people's own sons are not as filial as you... don't say you have the patience like you. Going through the needle, even if you asked him to buy one with cash, he would be reluctant to part with you, believe it or not?”

“Go away.” Isabella couldn't bear his chattering, and after sealing the medicine sachet, she made a lot of herbal medicine bags for the old lady, which she could throw in the water to soak her feet going to bed.

“You are so kind to the old lady. It's such a grand occasion for a birthday.”

ore

They also made medicine pouches and herbal medicine packs, and even designed a massage device by themselves.

The massagers on the market are all micro-current, and many people don't like them. They refer to traditional massage methods. Although many Thirza's families have slogans about physical massage, they really imitate human hand pushing and kneading, and are really successful., only her

The one she designed is like a pair of real hands massaging the shoulders, and it took her ten days of free time to debug it a little bit.

Seeing that she had finally finished the work, the subordinates. couldn't help stretching out their hands and said, “Boss, let me experience it?”

Isabella glared at him, and he immediately withdrew his hand. knowingly.

Oh my god, the look in the eyes of the boss is really scary. Those who didn't know it thought that it was not a massage device, but her life.

“Boss, do you want to sell this product on the market? I feel comfortable pressing it.”

“It’s for old ladies.”

The implication is that it is not for sale.

This massager has various functions, such as hot compress, finger massage and so on.

At this moment, Isabella’s cell phone vibrated, and she saw that it was Mr. Will calling.

“Grandpa.” She put on the earphones, clicked to answer, and continued to work on the matter in hand.

Girl, what are you up to?” Luman’s healthy voice came from the phone, full of air.

Through the phone, Isabella can imagine his hale and hearty appearance.

“You’re calling to remind me that grandma’s birthday is coming up. right?”

“You little clever ghost, you really can’t hide anything from you.” Luman smiled heartily, “What birthday present are you planning this year?”

Isabella said it for him to refer to, “a medicine sachet to help sleep. some herbs to soak feet, and a massager.”

“Give me one too?” Luman really likes her tinkering with these things, they are very useful, just take the pills she gave last time, for example, after taking the pills, I feel refreshed and energetic every day.

Isabella quickly agreed, “The medicine is fine, but the massager is not. I’ll take the trouble to make another one. You can buy it

outside.”

“You girl...” Luman laughed again, how many people lined up to give him something, this girl is good, even if the opportunity is in front of her.

“Did your grandma take the medicine six times before and after? Will she be able to have surgery in a few days?” This is the question that Luman is most concerned about.

“Yes.”

Because of taking the medicine, her body is not as fragile as before.

At least Isabella can lie on the operating table so that Isabella can

safely operate.

“How sure are you?”

Hearing Mr. Will ‘s question, Isabella raised the corners of her lips. “You can’t trust my medical skills, why don’t you let Dr. Robinson come?”

“I don’t want his old thing to do it! At his age, his eyes are dazzled, and he probably can’t see where his heart is. It’s up to you, I don’t worry.”

The smile on the corner of Isabella’s mouth deepened, she knew that Mr. Will cared about grandma, but this kind of heart was not visible.

“I heard you say that your grandma doesn’t want to live with her son and daughter-in-law after she is discharged from the hospital?”

“Well, she has several apartments under her name, but she doesn’t know which one she lives in, and it hasn’t been cleaned yet.”

“It’s simple. When the time comes, you give me the address, and I’ll send someone to clean it! If she doesn’t want to be disturbed, the house under your name, or under my name, as long as she likes, she can live in it. What does she think? Type, any style! Just choose.”

## Chapter 269

“I don’t need to trouble you about cleaning.” Isabella fiddled with the things in her hands, and said lightly. “It’s just a little thing, and your people don’t need to do it.”

She’s not unavailable either.

“Okay, anyway, just call me if you need help.” Luman smiled cheerfully. “By the way, you got full marks in the Enter University exam this time, and some of us old men have prepared a small gift for you, and it has been delivered to you That’s it.”

Isabella’s focus was on the massager in front of her, and her voice was very flat, “Well, I see, it hasn’t been dismantled yet.”

In the past two days, she was busy preparing birthday presents for the old lady. Every time she passed the mountain of presents, she didn’t have time to stop and open them.

“Could it be Fangben again?”

Luman immediately denied, “I’m not as vulgar as Mr. Mick!”

“Is that jewelry? Jewelry?”

“That’s what Mr. Brown would do. not me!” Luman Will said with

some air.

“Is that an antique treasure? A precious calligraphy and painting?”

“No, no, that’s Mr. Nick ‘s style, the one I gave is different from theirs!”

“Is that a bank card?”

“Only Mr. Watson would send something so simple and rude.”

“Oh, then I sec, it’s shares.”

“Baby girl, you guessed it so quickly? Did I give it something new?” Luman thought she would never guess it, but she didn’t expect it to take less than 30 seconds.

“That’s all you send back and forth. It’s really nothing new.”

Although she said so, Isabella knew that they had already given her the best, “There is no need to send them in the future.”

“If you want it, we are happy to give you a gift...” Luman said this. looked at the time, and sighed helplessly, “Okay, Grandpa still has a meeting to hold, let’s not talk about it, hey, When will you grow up and help me manage the group, grandpa also wants to enjoy the happiness...”

“I’m still young, let’s talk about it after another ten or twenty years.

“Little heartless, I don’t feel sorry for grandpa at all! Well, call grandpa if you have nothing to do! You can talk to grandpa if you have something to do, and you don’t need to ask other old men for help. They are so annoying! You should still call me if you have something to do Find me if you have anything to do.”.

Isabella couldn't help but smiled, "Okay."

the next day.

Gail pushed open the door of Ward 301 angrily, and asked angrily as soon as she came in, "Mom, how could you do this? Are you confused? You actually left a will in advance in the American Will Bank. You put everything in the house To Isabella ? How could you

do that? Have you ever thought about ow we feel?"

She didn't even use honorifics to the old lady, and she was shaking with anger.

Rose sat on the bed and was reading the book Isabella gave her before. Hearing this, she raised her eyes and asked unhappily, "It's mine. I can give it to whoever I like, but you, what right do you have?"  
Breaking in to question? I agree with you coming in? Get out! Knock on the door again!"

Michael pulled Gail desperately aside, although he was angry, he was not as impatient as his wife.

Gail wanted to argue with the old lady, but was pulled by Michael.

Michael persuaded in a good voice. "Come out and knock on the door first, don't do that."

After he closed the door, he knocked again. After waiting for a long time, he didn't hear his mother agreeing to let them in.

Gail couldn't hold back his breath, so he pushed open the door and asked angrily, "Mom, didn't you hear the knock on the door? You were so sick that you couldn't use your cars? We've been knocking on the door for a long time! How long do you want to leave us alone? You must give Michael, me, and Daisy an explanation for today's matter!"

pulled Daisy who was behind her forward. Daisy's eyes were red. and she seemed to be extremely wronged because of the will. She looked like the whole world owed her.

“What happened to Salome ?” Rose didn’t answer her, but asked angrily, “Is Salome with you?”

Salome is Rose ‘s exclusive consultant. Simply put, he is the person who helps make the will.

If it wasn’t for coercion, with Salome ‘s character, it would be impossible to reveal the contents of the will!

Just now when Gail rushed into the ward to question. Rose guessed that something might have happened to Salome. After Michael pulled Gail out of the ward, she hurriedly called Salome again, but no one answered after several calls.

Because she was worried about Salome ‘s safety, Rose became even angrier, and pointed at Gail tremblingly and asked, “I ask you, what did you do to Salome ?”

“Whoever made her ignorant, she didn’t say anything after suffering a lot, but her mouth was so hard that she couldn’t pry it open.” When Gail said this, he sneered, remembering the panicked expression of the woman when she was caught in the warehouse. The expression, as well as the pain after being taught a lesson, it is really relieved to think about it.

“So, you took her daughter and threatened her? Answer me?”

Salome is a single mother, and her daughter is her only weakness.

“What did you do to her daughter!”

“It’s just a scare, but you didn’t die! Why are you so excited?” Gail didn’t understand why Elder Mrs. Brown always cared about outsiders more than his own. Could it be that he was really sick and his brain was burnt out?

“Let them go!” Rose was so angry that she slapped the book on the bed rail and slapped the bed rail, “I told you to let them go!”

“It would have been released a long time ago.” Gail said disapprovingly. “If she had been honest at the beginning, she wouldn’t have had to suffer so much, so I said she was ignorant.”

But the will made by the old lady has already entered the will bank. Unless the old lady herself agrees to amend it, no one can take out this will, nor can it be invalidated.

That’s why Gail had to find the old lady.

Rose was so angry that she threw the water glass on the bedside table over.

Michael tried to stop him but couldn’t, the water glass hit Gail, Gail groaned in pain, and his skirt was wet.

“Mom, are you crazy? Why are you hitting me!”

“You are the one who smashed it! Calling you a robber is an insult to the robber! The three of you are doing everything you can to make your will, your conscience has been eaten by dogs, and you have done so many stupid things cough cough cough...”

Rose was so angry that she coughed and covered her heart with one hand, as if she was too angry, her heart hurt too much.

Gail felt aggrieved, “How can you say that? You are only Michael’s son, and you don’t leave things to him, at least to Daisy? Who is Isabella? She is just an outsider with no blood relationship! It is the founder of QY again. She is also a piano master, she is not short of money at all, what are you going to do for her!”

“It’s mine. I can give it to whoever I like. It’s up to you?” After coughing. Rose pointed to Gail and asked. “Didn’t you cry and kneel yesterday and say that you owe Isabella too much, and want to clear up the past, want to get back together?” As a family like before, why do you become an outsider without blood relationship now?”

## Chapter 270 Head Bleeding

“Mom, we did neglect Isabella before and wanted to make up for her, but this is different. Shouldn’t the things you have on hand be reserved for the closest relatives?”

Gail didn’t wait for her to answer, and then said angrily, “You know the situation at home now, it’s almost unbearable, we have begged you for help several times, but you are indifferent, we never thought that you would carry us behind your back, in advance After making the will, what kind of ecstasy soup did that girl give you, why are you so partial to her?”

When Gail said this, he was so angry that he couldn’t, speak, “ Daisy and Harris’ engagement party will be in two days, and she has no outfit at all, wouldn’t it be a joke to attend the engagement party in old clothes! Also, she will graduate from college in two years and will marry into Moore, how can she do without a dowry?”

Gail didn’t give Rose a chance to speak, and continued to accuse. “If you have half of what you have on hand, I won’t say anything, but you gave it all to Isabella, and when we need you to give charcoal in a timely manner, if you don’t give it, people don’t need it.” You add to the icing on the cake, you have to add to it, why should you!”

Daisy was crying silently beside her as if she was sad and disappointed by her grandma’s eccentricity.

Rose was so angry that she clutched her heart, already unable to speak from the pain.

Seeing this, Michael pulled Gail behind him, hurried forward and said, “Mom, are you alright? Is your heart uncomfortable?”

“Stop pretending! You must give us an account of today’s matter! Otherwise, there will be no end!”

Seeing Gail’s hands crossed in front of his chest, Michael turned his head and glared at her. This old lady doesn’t look like she’s just pretending. If she gets angry, wouldn’t it be worth the candle?

Rose was shaking with anger, she touched the things on the bedside table, there were heated coasters, tissue boxes, reading glasses and so on, she picked them up and threw them at Gail.

Gail hurriedly avoided, "Mom, are you being unreasonable? What are you doing? You're enough!"

When there was nothing to throw away, Rose touched the service button with a wire next to the bed, trying to ask someone to drive them away.

But before her hand touched the button, Michael found out. Michael hurriedly put the wire away and put the button on a high place to prevent the old lady from calling someone.

"Mom, what are you doing? Take a breath first..." Michael hastily stroked her back, then turned to Gail and said, "You go out first, Daisy stays here."

"Why should I go out?" Gail still wanted to argue with the old lady, but she noticed that the old lady's face had indeed turned pale, as if it wasn't fake, so she reluctantly walked out of the ward.

Rose's heart hurt so much, she endured it for a while, and the severe pain passed. Michael poured her a glass of water. Unexpectedly, after Rose took it, he poured it on his face.

"I Rose, without a son like you, get out of here."

It's too much to take a daughter-in-law to bully an old man!

Michael understood his mother's anger. He wiped the water off his face with his hands, knelt down, and said sincerely. "Mom. I can understand why you blame me and hate me. but you don't

understand me. However, at this time, you have made a will in advance..."

He didn't know that the will was made by Rose a long time ago. He called Salome yesterday to amend some of the items. Don't leave them half a penny for Gail!

“Mom, can you reconsider?” Michael begged on his knees. “Even if you give us a little money to save the emergency...”

Rose didn't expect that this bastard would dare to make such a request until now, and was so angry that he smashed the cup in his hand on his head.

For a moment, the cup didn't crack, but Michael 's forehead was already bleeding.

“Dad?” Daisy covered her mouth in fright. She never thought that grandma was so cruel that she even smashed Dad's head.

She hurried forward, took a tissue to help stop the bleeding. her small face was slightly angry, “Grandma, how could you be like this, can't you say something well? Throwing things and hitting people... He is not only your son. It's still my dad! How did you do it?”

Daisy, kneel down.”

Daisy 's hands froze suddenly, “Dad?”

“Kneel down!”

Daisy could only swallow her anger and knelt down. Fortunately, she was wearing a pair of sunscreen trousers t y, so that her delicate skin would not be hurt when she knelt down.

“Mom, this is your granddaughter. She has suffered so much and suffered so much grievance since she was a child, and she finally came back to this home. As a grandma, you really don't feel sorry for her at all. Make up for her?”

Rose glanced at Daisy, she is her own granddaughter, how could she not be in pain and not want to make up for it?

But this child has too many bad things in his heart, those sneaky eyes are always thinking of some bad ideas, and he always targets Isabella, so she can't like it.

Isabella when she returns to this home, be sensible, and settle down. then she will have her share of the inheritance!

It was her affectation, as well as the wolfish ambitions of Michael and Gail, that made Rose completely determined not to leave them half a point!

“Since I was a child, Isabella has been by my side and performed filial piety on your behalf.”

Isabella who took care of me countless days and nights beside my hospital bed, who bought me expensive medicinal materials everywhere, and who tried her best to pull me back from hell! ”

“She poured me water, massaged, scrubbed, turned over, changed the urine bag... none of you have done it!”

“How many times have you been here? If it wasn't for the recent crisis at home, you wouldn't even come to see me!”

“It's fine if you don't come to visit, and try to drive away all the old people I left in the group. It's fine if you find a

xcuse to drive them away, but I have never heard of your shameless methods!”

“You call me mom, but you don't treat me like a mother at all! I'm just a cash machine in your eyes, and the only value I have left in your eyes is money! If this inheritance is given to you, my old age will be real. miserable!”

“Stop talking to me about inheritance, I'll give it to whoever I like.”

When Rose said this, her face became even colder, and her voice sank, "Go out, you don't have to come back in the future!"

"mom..."

"If you disturb my recuperation again, I will ask Isabella to transfer me to a place where you can't find me!"

"Mom, don't be angry, and remember what I said first." Michael is still trying his best to fight for it, "If your son is promising, has a lot of money on hand, and doesn't worry about food and clothing, then you can give it to whoever you like I have nothing to say! But the problem now is that the company is facing an unprecedented crisis..."
