

Chased Her 271

Chapter 271

"I told you to go out-" Rose slapped the bedside table, shaking with anger.

"Mom, don't worry, calm down first..."

"Get out-get out-don't understand human language? I'll tell you two to get out of here cough cough, get out-" Rose roared with all her strength.

Michael was afraid that going on like this would stimulate her condition, so he had to pull Daisy up, "Then you have a good rest. we will see you again in a few days..."

"Get off, get off, get off-" Rose was hoarse with rage, and her body was shaking violently. After the person left, she found tears on her face at some point.

She laughed at herself, she didn't expect her old age to be so bleak.

People who are related by blood are not reliable.

After a while, she took out a mobile phone from under the pillow with trembling hands, clicked on the recent calls, and dialed Isabella, for no other reason than to hear the child's voice.

"Grandma, what's wrong with you?" As soon as Isabella answered the phone, she found her voice was strange, "Are you in a bad mood?"

"No, I just miss you, what are you up to?"

The movements in Isabella's hands paused, glanced at the massager, and said gently, "It's nothing, just some work matters."

"Don't be too busy, pay more attention to rest. By the way, how many days are left for grandma's operation?" She couldn't wait any longer.

"In three days."

"Three days later..." Rose covered her heart with one hand,

repeating the number of days, wondering if she could make it to that day.

Michael these two days. I always feel my heart hurts and I can't breathe.

Isabella thought she was worried about the success rate of the operation, so she smiled softly, "Grandma, don't worry, as long as you have the operation, your body will definitely be better than before, and you will be recuperated for a period of time to ensure that you live to be a hundred years old."

Rose burst out laughing, "Why does grandma live so long? As long as you can live until you get married, grandma will be satisfied."

"Grandma, don't talk nonsense, no matter how hard it is, we will survive."

Isabella pulls me back when I step into the gate of hell.

"It's just a minor operation, you can rest assured to sleep, when you wake up, everything will be fine."

"Okay, okay, I'm relieved to have a girl like you as the surgeon..." Rose smiled, as if she had no doubts in her medical skills, "Oh yes, after I'm discharged from the hospital, I want to move to that house

in the suburbs.”.

bothered by Michael and the others again.

“Okay, I’ll have someone clean it up.”

“After I’ve been discharged from the hospital for a period of time, you can arrange for me to meet your parents. I want to chat with them face to face.’

“no problem.”

“Then you are busy first, there is nothing else, I will catch up on sleep first.”

“Okay, goodbye grandma.”

After hanging up the phone, Isabella raised her eyes and said to Peter beside her, “Go check if Michael has been to the hospital today.”

“Is nothing wrong with the old lady?”

“No.” It’s just that Isabella felt that her voice was a little sad, and wondered if it had something to do with Michael, “By the way, let Bennett go over and see if grandma is not feeling well.”

“Okay.” Peter came back after finishing, “Boss, that idiot Michael did go to the hospital today, and brought Gail and Daisy with him, probably pretending to be a filial piety!”

What did Bennett say?”

“It is said that the old lady is a little emotional, and there are no other major problems. It is probably because of those three idiots.”

“Do you still have the mini monitor you used last time?”

“Boss, do you want to install surveillance cameras in the ward?” Peter realized immediately, “It should have been done carlier.”

That way, you can see if anyone bullies the old lady on weekdays.

“I’ll find it now!”

After a while, Peter found the last mini-monitor, which was developed by Isabella a long time ago. It looks like a grain of rice. and no one can find it no matter where it sticks.

“Boss, this is the last one, here it is.”

“I’m going to the hospital tomorrow so keep an eye on it.”

“no problem.”

the other side.

Gail, who was waiting in the corridor, saw Michael and Daisy coming out of the ward, and couldn’t help but stepped forward and asked, “What’s the matter? They came out so soon? What did the old lady say? How much did you promise us?”

“Stop talking...” Michael looked downcast and listless.

“Why, the old lady still won’t give you a penny?” Gail asked this, and suddenly noticed the injury on Michael’s forehead, “What’s wrong with your forehead?”

“Mom, you don’t know. Grandma lost her temper and smashed Dad’s head. We all knelt down. Grandma still has no plans to revise the will.”

“That old thing!” Gail cursed to herself, “I’ll go tell her.”

“Don’t go.” Michael grabbed her hand and was about to say something when the phone rang.

Logan Family again? What is he doing to us Brown Group all the time ?”

After hanging up the phone, Michael couldn’t understand why the Logan Family kept suppressing their Brown Group again and again.

Their Brown Group doesn’t even have the qualifications to be a stumbling block for the Logan Family!

What is the Logan Family doing against them all this time?

“What’s going on?” Gail couldn’t help asking, “What happened to the Logan Family ?”

“Since the last time Logan Family uttered harsh words, almost all raw material suppliers have stopped cooperating with us, and we have not received goods for a long time.”

“Although there is still a little inventory and some old orders are in production, suddenly many manufacturers called today and said that they would not cooperate with us in the future and asked us to stop production. Our people asked for a long time before they realized that it was Logan Family, mean.”

“In addition, the shopping malls where many of our physical stores are located have also tried various methods to force us to leave, even at the cost of breaking the contract and paying compensation. There are also some physical store leases that are about to expire, and the other party will not consider renewing the lease with us unless we add ten more, double the rent.”

“Ten times? Why don’t they grab it?” Gail had never heard of it.

“Besides, our old customers are gone...”

“There are also talents in our group. It is said that if they go to any subsidiary of Logan Family, they can get double treatment, even double holidays. Now many people suddenly propose to leave...”

“Could it be because of last time...” Gail suddenly remembered that last time at the Moonlight restaurant, they blocked Williams and Eloise’s way, and Eloise seemed very upset.

Is it because of this that the Logan Family stepped up their attack on the Brown family?

“Now there are internal and external troubles. I heard that there are ghosts in the company who have sold our secrets...” Michael was devastated and didn’t know what to do. “Now the capital chain has been interrupted again. If we don’t make it up, the Brown family will really lose money.” going to collapse...”

Chapter 272

When Daisy heard this, her face turned pale instantly.

No, the family cannot collapse, at least not now!

her and Harris will be held soon, and if she goes bankrupt at this time, she won’t even be able to marry an ordinary rich second generation like Harris!

Then her future life will be completely the same as that of ordinary people...

No. she must not allow such a thing to happen!

“I’ll go in and talk to that old thing...” Gail was about to enter the ward on high heels.

“Now that things are up to now, let’s sell the shares I have in hand first, as long as I can last for a while... Don’t go to her, she won’t help.” Michael sighed, as if he expected the result.

Gail wanted to say something, but Michael interrupted, “You know her character, the more you want her to take it out, the more she won’t take it, we’d better wait a few days before going to see her.”

“You say she’s an old thing, what are you doing with so much cash in her hands! She won’t bring it with her when she dies! She won’t help us either!”

Speaking of which, Gail hated the old lady even more.

The same goes for Daisy, wishing that the old lady would die

sooner, anyway, being alive would not benefit their future generations, her arms are always turning outwards, always facing Isabella!

At least it won’t be an eyesore if you die, and you won’t waste hospital expenses!

“It’s someone else’s property after all! Well, first let me know if there are any acquaintances who are willing to buy our shares at a high price. Remember, this matter must be done quietly.”

Daisy’s engagement banquet is about to begin. If people know that the people in charge of the Brown Group are constantly selling shares, outsiders will definitely feel that the Brown family can’t survive. When the stock price drops, the company’s crisis will be

even worse...

It will be even more difficult to save at that time!

“I understand!” Gail didn’t expect that in the end, he didn’t take advantage of the bargain, and he wanted to sell the shares in his hand, so he couldn’t help being a little angry.

Here, not long after Gail released his voice, Peter received the message.

“Boss, your family has intensified the attack on the Brown family. Michael’s idiot can’t stand it anymore. He sold all the shares.”

At this point, Isabella didn’t expect, how could her parents attack the Brown family for no reason, could it be because of her?

Thinking of this, she tapped her finger on the table lightly, thinking, “Let’s spread the news, say that Brown Group is going bankrupt, create some negative news, put some pressure, let the

stock price fall to the bottom, Fred will come forward to buy, Be sure to buy all the shares in Michael’s hands.”

“Yes, no problem!”

Peter knew that he was still old Peter, as long as old Peter got up. nothing else would happen to anyone else!

It used to be too kind to the Brown family.

“Besides the shares, how much assets do they have?” Isabella raised her eyes and asked.

“If the old lady doesn’t count those things, Michael only has a little real estate and a Maybach in his hands, but Gail also has some shares, houses, cars and other things in his hands...”

Michael’s shares that were sold, but Gail ‘s shares were still held in his hands and had not been released.

“Find a way to get them to hand over all at once.”

Since they are always disgusting the old lady and disgusting her, it is better to teach them a lesson.

Anyway, it is impossible for them to repent in this life.

“Boss. Gail loves money like his life. At this time, he will definitely not hand over his assets...”

“Isn’t there a piece of land in the suburbs to be auctioned in two days?” Isabella had already thought up a good idea.

“Yes.” Peter nodded, “ Fred is also eyeing that piece of land and wants to take it for you, but Mason Group is also interested in it, and seems to want to build the largest cultural and tourism complex

Dividing into panes now.

I heard that Mason Group wants to use this land to build the largest Ferris wheel in the United States, next to the most prosperous Sea Opera House, and there are more than 20 large commercial streets, luxury hotels, etc...

Isabella analyzed, “ Michael is in urgent need of money. The shares. in his hand are sold out. He definitely wants to make a big profit. He spread the news, saying that the land is very valuable, and it can be multiplied several times when it is sold... On the day of the auction, I will The others say hello and let Michael take the field.”

“Boss, you...” Peter had to give a thumbs up. “You really are black...”

The value of that piece of land. Michael had to go bankrupt, including all kinds of loans, in order to barely get it...

But that piece of land has a requirement, in short, Michael will definitely regret it when the time comes.

“Spread the news more, say that the land is very sought after, it’s worth a lot... Put more people on Michael’s side to create tension.”

“Yes!” Peter immediately went to get ready.

the next day.

Isabella went to Ward 301 of the hospital, brought some fruits and snacks to the old lady, and stuck the monitor to a high place by the

way.

If you don't carefully observe every inch of the ward, you can't find it at all. It looks like the color of the wall.

With this monitoring, she felt more at ease. In case Gail came to find fault again in the future, she would have evidence to call the police.

In short, this child can always think of what she wants for her. In fact, she has long wanted to install a surveillance camera.

“My mobile phone can see every move in the ward. If you are bored, I can also chat with you through monitoring, but you can't see me.”

“It's okay, I'm satisfied just hearing your voice.” Rose's mood improved because of her arrival, and she wanted to peel an apple for her to eat.

But Isabella took the apple in her hand, “I'll do this kind of thing, and then you can rest assured to recover from your illness. After the operation is over, your body will be stronger, and I will take you to other countries to play.”

“Okay, okay, that's great.” Rose has long wanted to visit other countries. “At that time, you will have winter and summer vacations. As long as you are free, take me there.”

“No problem.” Isabella peeled fruit for her again.

Rose looked at her face with lowered brows, and then thought of Daisy’s pair of sly eyes. There is no comparison, this child is so much better than others!

“Grandma, which country do you like best?” Isabella asked warmly, handing over the cut fruit.

“Any one is fine, as long as you take me there, any one is fine.” Rose also brought her fruit, “You can eat too...”

Isabella took the fruit she handed and took a bite, “Then let’s go to France first, and I will book the hotel and restaurant first, you just need to follow me.”

“Okay, yes.” Rose smiled, “Oh yes, let me meet your boyfriend sometime.”

Isabella raised a smile, “Okay, I’ll bring him to see you after you finish the operation.”

It must be a good boy who can make our Isabella fall in love...” Rose couldn’t wait to see them enter the marriage hall, “I just don’t know what meeting ceremony to prepare for him.”

All the things she had on hand were sent by Isabella, she had been hospitalized for several months, and she didn’t bring any valuable things with her.

Chapter 273 Auction

“He doesn’t care about the formalities,” Isabella said softly.

“When we meet for the first time, there must be a gift. When you are free, go to the suite I lived in before, open the safe, and bring the gold ring inside. It is your grandfather’s favorite treasure in this world. He said he would pass it on to you. Future grandson-in-law.”

Isabella knew the value of that gold ring, “No, you keep it for thought.”

“Things are only valuable if they are handed down, and that’s my wish as a grandma.” Rose patted her hand and said with a smile, “You must bring it for me. I’m giving it to my grandson-in-law, not you.”

“Okay.” Isabella smiled and chatted with her for a while, until she got tired and fell asleep, then got up and left.

two days later.

Michael and Gail successfully sold all the shares, houses, and shops. under their names, borrowed huge sums of money from many township banks in the name of the group, and added several rounds of financing, finally qualified to participate in the auction.

The groups participating in the auction today are all first-tier international groups, including QY, Jessic Capital, Mason Group, Logan’s Group, etc., and even Luman came to join in the fun.

Among these groups, only the Brown Group has the smallest position, compared to them, they are as humble as an ant.

Michael came to the door, looked at the majestic door in front of him, and couldn’t help saying.” Gail, today we must succeed in taking this land...”

As long as this piece of land is in hand, Brown Group will definitely be able to make a beautiful comeback in the future!

All problems will be solved!

Gail became excited, "Our net worth will be multiplied hundreds or even thousands of times in no time, what will Moore be by then! Daisy, that's why I asked you to dress up today!"

The people who appear here today are either rich or noble, as long as Daisy is favored by one of them, he will definitely succeed in the future.

What is Moore, what is Harris, in front of these first-line groups, they are not even a fart!

Daisy was faintly agitated. Ever since she caught a glimpse of Harris last time, she felt that Harris was too ordinary to be worthy of her. If she could catch someone richer and more powerful here today, even if she was older, she would Can do it!

When they were standing at the door, other group representatives passed by one after another. Seeing the exaggerated and grand attire of their family of three, they were a little puzzled and puzzled.

Today is a land auction, but the three of them are dressed very formally, as if they are going to a dinner party...

Especially Daisy, in a tube top dress, looks out of place compared with other men and women in suits and work clothes...

Daisy thought she was pretty and eye-catching, smiling and

nodding to those who passed her, but no one answered her, looking at her like a fool.

Daisy was a little puzzled, and didn't know what the problem was.

Just then, a luxurious car parked at the door.

The driver in formal attire opened the door respectfully.

The first to get out of the car was Williams, and then he stretched out his hand to pull Eloise out of the car.

When Michael saw them, he straightened his clothes immediately, stepped forward and said with a smile like a spring breeze." Mr. Logan, Mrs. Logan, what a coincidence, you are also here to participate in today's auction?"

With a bulging wallet, he finally straightened up today, and seemed to have the confidence to communicate with them.

But Eloise glanced at him indifferently, fool, almost bankrupt and still laughing?

She said coldly. "Smile more, there will be no chance in the future."

Michael was stunned for a moment, thinking that Eloise meant that their Brown Group couldn't afford land, so he laughed even more.

Mrs. Logan, what you don't know is that our Brown Group is bound to win this piece of land today."

"Oh, none of my business." Eloise walked past them regardless of whether he got it or not.

The four security guards at the gate recognized the identities of Williams and Eloise, and hurriedly bowed down to welcome them,

Mr. Logan, Mrs. Logan, are you here? Please come in."

"Has the founder of QY arrived yet?" Eloise asked quietly.

"I haven't seen her yet. I'll send someone to tell you when she arrives in a while."

Auctions like this have been held more than once. The security guards all know Isabella and know that she is the founder of QY at

a young age.

“Hmm.” Eloise walked in, holding her husband’s hand.

“That Mrs. Logan seems to have a grudge against us, every time he speaks, he is thorny!” Gail looked at the back of Eloise leaving, a little unconvinced.

Although the family is indeed rich, and the difference between the Logan Family and the Brown family is not sporadic, but every time Eloise speaks high and high, it shows that the Brown family is very humble!

“They have that capital. After we go in later, you should have a better attitude and try to build a good relationship with them. If you get land, there will be more opportunities to contact them in the future.”

“Got it.” Gail looked at Eloise’s back, wondering why she was so lucky to marry the richest man!

Just then, a car stopped not far away.

A man with a stern face and a dignified appearance came over. Daisy couldn’t take her eyes away when she saw him.

What a handsome man!

Different from the two men she saw at the Moonlight restaurant before, this man was tall and straight, with outstanding facial features, and exuded a powerful aura all over his body.

When participating in the design competition before, Daisy had the honor to meet him and knew that he was the head of the Logan Group and the richest man in the United States today.

As soon as Michael saw him, he immediately stepped forward with a smile, "Mr. Logan, long time no see, you are also here to participate in today's auction? Just now I saw your father and Ling Tang went in first, and wondered why I didn't see you..."

Lisa just glanced at him and then looked away, obviously not impressed by him.

And the secretary who was following Lisa just stretched out his hand to stop Michael from going any further.

Gail suddenly felt a little embarrassed, no matter who they greeted today, the other party always looked indifferent!

Hmph, when they climb to the highest point, let's see if these people dare to treat them like this!

Thinking of this, Gail suddenly noticed her daughter's obsessive gaze, and couldn't help but said, "Turned? Such a man is your target, what is Harris! In the future, take a long-term view and use your tricks to deal with Harris, and let him earn money." in the bag."

"Mom, don't worry, I have a sense of proportion." Daisy looked at the back of the other party and secretly made up her mind that as long as she found a better one, she would kick Harris.

"Okay, let's stop standing here and go in first."

There was still half an hour before the auction would actually start, and Michael planned to find those big groups to get close after he went in.

"Let me tell you first, when I see Isabella later, you all behave better to me, do you hear me?"

"If we take this piece of land, it doesn't matter whether the girl has settled down with us or not..."

"You're short-sighted again. With Isabella's resources and

connections, it's better to have one more friend instead of one more enemy!"

Hearing what Michael said, Gail nodded, "Yes."

Chapter 274 That's Isabella

Just when Michael showed the SMS invitation letter and wanted to take his wife and daughter through the gate, one of the security guards stopped him immediately.

"Excuse me, which group are you a representative of?"

Michael was stunned for a moment. "You didn't read the text message just now, haven't you heard of the Brown Group?"

"Bai, Brown Group ??" The security guard seemed to have never heard of this name. All the people who came to bid for the auction today were first-tier big groups. They really had never heard of such a small group.

The security guard hurriedly asked another colleague beside him, "Is there any Brown Group participating in the auction today?"

"I don't know. I don't think I've heard of this name before. I'll check it out."

"Excuse me, please wait a moment.

The three members of Michael's family were left hanging outside, and they couldn't help but feel a little angry, "You guys sent me a text message reminding me to come over today, can it still be fake? Why, even text messages can't prove my identity?"

Gail couldn't help but said, "This is the richest man in Winter Town!"

“Dong, Winter Town ?” The headed security guard was stunned, apparently he hadn’t heard of it.

Another security guard also looked blank, “Winter Town? Where is it?”

The third security guard couldn’t help whispering, “Bomsville has four districts, cast, west, north, south, the most backward is the North District, and the North District has four counties, the most backward is the Right County, and the Right County has four more The towns are spring, summer, autumn and winter, and the Winter Town he mentioned is the most backward Winter Town among the four towns.”

The other two security guards were speechless, and finally

understood, dare to be a small richest man in a small town on the edge of Bomsville, how big do you think they are, let’s see how they can stand...

Seeing the depressed and speechless expression on the security guard’s face, Michael and Gail were extremely embarrassed.

Even Daisy felt embarrassed that these security guards who had never seen the world had never even heard of Winter Town!

No matter what, it is also a small town on the edge of Bomsville, which is more than enough than the top!

“How long does it take to check?” Gail never expected that the auction would go wrong before it even started. Will there be any changes today?

The security guard who went to check came back soon, “Sorry, this way please.

“In the future, open your dog eyes and show me clearly. Remember,

we Brown Group will definitely be able to win this land today! There will be more opportunities to meet in the future!”

The four security guards don't know where their self-confidence comes from. The Mason Group that participated in the auction today can crush them to death...

Not to mention there are other big groups.

However, they didn't say much, but made a way for Gail and the others to pass by.

Daisy, did you see that? The four watchdogs just saw Williams and Eloise, and they looked so respectful and ingratiating... We must climb up and become masters. Only in this way will we not experience the embarrassment just now!”

“Well, I remember.” Daisy also wanted to fly on a branch and become a phoenix, and she made up her mind again that today she must seduce a rich man who is more powerful than Harris.

Michael looked at the seats in the text message, looking for them, but never thought that their seats were at the edge of the last row...

“Isn't this too far away?” Gail couldn't help but feel a little worried, “We'll raise the sign later, can the host see us?”

“That's the only way to go.” Michael didn't expect that the organizer would arrange such an unlucky location for them, especially close to the toilet... Although he was angry, there was nothing he could do, at least they were also part of the auction.

“It's good to have a scat. Look at how many groups outside want to come in, but they are not qualified.” Michael could only comfort himself.

When they came in just now, they found that there were many small groups and people from small companies standing outside, waiting for the auction to end and want to meet the big shots here.

“People we can easily see, those outside have to wait!”

After being told by Michael, Daisy’s mood immediately improved, and she felt that it made sense.

It’s just that it’s so far from the front, Gail pondered, not knowing how to get along with those expensive ladies in front.

At this moment, Daisy exclaimed, “Dad, Mom, look, it’s Isabella!”

Isabella was held by a man as he walked past them.

Because it was only a blink of an eye, Michael and Gail could only see their backs.

Daisy covered her mouth and was shocked for a while before saying, “It’s the man from last time!”

“Which one?” Gail had no idea what she was talking about.

“The last time I saw my sister with this man at the Moonlight restaurant!”

But last time Daisy just guessed that this man was rich, but he didn’t expect him to be so rich that he could step into this auction!

This shows that he is at least a high-level executive in these first- tier large groups.....

At such a young age, he can become a senior executive of a large group...

Daisy was so jealous, she didn’t know how Isabella was so lucky to find such a rich, young and handsome man...

“Last time at the Moonlight restaurant ? I didn’t see it...” Gail didn’t know who the man she was talking about was, but looked at the man’s back. “He looks quite young, but I don’t know which group he is from, no Thinking of that little... little girl, she actually got a boyfriend so soon!”

“She is the founder of QY. Isn’t it normal for her to find a boyfriend of the right family? Besides, it’s not surprising that she has a boyfriend at her age. Daisy already has a fiancé!”

Hearing what Michael said, Gail did not forget to remind, “Daisy. you remember, once you find a better one, you must kick Harris out, preferably before the engagement banquet...”

“Mom, don’t worry, I know it.” Daisy looked at the man’s back, and said in surprise., “Mom, look, the seats of that man and Isabella are in the first row, right in the middle!”

Sitting with them, there are Williams, Eloise, Lisa and others...

They are all big shots who they want to curry favor with, but can’t!

But they all sat with Isabella!

‘Daisy, don’t worry, when we win today’s land, we will have a share in that position in the future!’

Hearing her mother’s comfort, Daisy felt better. That’s right, as long as they win today’s land, their Brown family can turn around!

“It’s just mom, where are we staying tonight? Is it a hotel?” Seeing no one around, Daisy couldn’t help whispering, “We even sold the last house...”

“As long as you take over today’s land, why worry about having no place to live in the future? If not, let’s move to the old lady’s first. She still has a few houses under her name. I remember there is a villa in the suburbs...”

Daisy felt more at ease, as long as she could afford it, the only thing their family could afford now was the Maybach...

Everything else is sold!

Even jewelry is sold!

Only the day of the engagement banquet was left, the outfits of the three of them were still there, and everything else was gone.

Chapter 275 Bidding

After a while, Daisy finally noticed something strange. "Mom, look at the clothes they are wearing..."

All of them are very formal, even Isabella is wearing a light pink suit, her hair is tied into a ball, and she exudes a rustic and cold

aura.

And the three of them are like clowns...

"Are we wearing the wrong clothes?" At this moment, Daisy felt that the dress she was wearing was particularly piercing, no wonder others looked at them with a bit of puzzlement and depression just now at the door.

It turned out they were wearing the wrong clothes!

Gail also noticed this, and his face was a little embarrassed. They had never participated in land auctions before, and they didn't know what to wear today.

Michael comforted, "If you make a mistake, you will make a

mistake. For a while, people only care about who took the picture of the land, and no one cares what kind of clothes you wear.”

Benjamin and Isabella sat side by side in the first row, their fingers clasped together, and Lisa at the side said coldly, “Be careful.”

“The air conditioner is too cold. I will warm Isabella’s hands for a while, and it will relax after a while.”

Hearing what Benjamin said, Lisa’s eyes fell on Isabella, and she

cared softly, “Is it cold?”

“Yeah.” Isabella could only nod in agreement.

Lisa took off her coat and gently covered Isabella’s knees, “Put it on first, brother let someone turn up the temperature.”

“No need.” Before Isabella finished speaking, Lisa had already communicated with the staff.

“You look good with a bun.” Benjamin stretched out his hands to smooth out the hair on Isabella’s forehead, looked at her beautiful facial features, and said softly, “You look good in a suit, too.”

“You look good today.” Isabella looked into his eyes and said gently, “I’ll give you this land later

“give me?”

“Hmm.” Isabella raised her eyebrows, “Didn’t you want to build a Ferris wheel? And a commercial street?”-

Benjamin didn't expect the news to reach her.

It was originally planned to be given to her after it was built, and the name was all thought of

But Isabella didn't know, and thought he was interested in the commercial value of the land, "Anyway, someone offered me more than half of the price, and I also borrowed flowers to offer Buddha, but it will take two days."

"My baby Isabella thinks of me for everything..." Benjamin moved closer to her, his breath falling into her car.

Lisa had just finished communicating with the staff, and suddenly

found that the two of them were whispering together again, and she was a little puzzled.

When the people around saw their intimate behavior, they couldn't believe it, and their eyes widened.

It was the first time they had seen Benjamin speak so softly to a girl in public.

The point is that the girl looks only seventeen or eighteen years old. and she probably hasn't graduated from high school yet.

Who the hell is it that can subdue this great Buddha?

Can the tutorial be taught online?

Daisy, who was sitting in the last row, saw Benjamin bowing his head to talk to Isabella from time to time. His considerate and heart-warming behavior made her mad with jealousy!

Why, why is that man so nice to Isabella!

There seems to be endless things to talk about between them...

It looks like a couple in love!

Isabella was not interested in Harris before, and the lovers have a better choice...

Before the auction started, many group bidders got up to get close to Benjamin, Williams and Lisa in the first row.

Gail noticed that Isabella got up and left, not knowing what to do, and not long after, Benjamin followed her...

Seeing that there was no one in Isabella 's scat, Gail stepped

forward, sat on Isabella 's scat, and greeted Eloise on the left.

"Hi, Mrs. Logan, we meet again, do you still remember me? I am Michael's lover from the Brown Group, and my name is Gail..."

Eloise was talking to several expensive ladies, and suddenly noticed. that Gail was sitting on the baby girl's scat, and couldn't help but feel a little displeased. "Who asked you to sit here?"

The smile on Gail 's face was a bit awkward, noticing the mocking gazes from the noble ladies, she smiled, "I, I was watching Isabella go to the bathroom, so..."

Isabella is also what you can call?" Eloise immediately stretched out her hand, gesturing for the staff to come over.

Mrs. Logan, listen to me..."

Before Gail finished speaking, the staff member said politely, "Excuse me, which group representative are you? Please go back to your seat and sit down."

"I..." Gail wanted to say that there are so many people here, why do you ignore them and just mention her?

But with so many eyes watching, she still had to stand up and smile,

Mrs. Logan, we'll talk about it later."

"What are you talking about? Mrs. Logan doesn't know you at all, and I don't know where your face is coming from!"

"That's right, there are many people who want to curry favor with Mrs. Logan, but you are the first one who is as uninterested as you!"

"Aren't you going fast? I don't know where the little people came out. They can step into this door and think that they are capable and

have the capital to talk to Mrs. Logan."

"Today's land must belong to the Logan Family!"

Mrs. Logan in advance..."

Eloise reached out her hand to signal the noble ladies not to congratulate too early, she is not interested in this land at all, and it is even more impossible to take pictures of this land, which will ruin the good things of the precious daughter.

The reason she was here today with her husband was because the baby girl was going to a dinner party with them in a while.

But the others didn't know, and they thought that the members of the Logan Family were dispatched together because they were optimistic about this land and they were bound to win it!

I feel that this land has potential commercial value.

After Gail hit a wall, she secretly swore in her heart that she must look good to them in the future!

However, out of the corner of her eye, she suddenly noticed what Eloise said to the staff, and after a while, the staff replaced Isabella with a new chair!

Gail gets angry when she sees this, she's not a virus, she just sits down, as for?

Isabella had lived in her house for eighteen years before, and they had sat in chairs together countless times...

This Mrs. Logan, I don't know why he is so partial to Isabella, and he is targeting her!

After a while, the auction will begin.

The host talked about the purpose of the land, the area, the planning requirements, etc., and started bidding.

The starting price is 3 billion, as long as you raise the sign in your hand once, the price will increase by 500 million.

"I announce that the auction begins." The host hammered down the small hammer, officially kicking off the auction.

All groups bid.

At the beginning, everyone was scrambling for the first place, until the price soared to 8 billion, and there were fewer and fewer bidders.

Isabella is still insisting, Mason Group is not far behind, and Logan 's Group is also catching up.

Michael wiped the sweat from his forehead, trembling hands, every time he raised a card, his heart couldn't bear it.

Chapter 276 Got it

Gail was a little anxious, "Why are they biting so hard? What to do. all the funds we have on hand are only 12 billion. If this continues, the land is likely to be snatched by them!"

"This piece of land can be won for about 8 billion USD, but now..." Michael looked at the numbers on the screen, and the bidding has reached 8.5 billion USD, and the cold sweat on his forehead grew more and more.

Daisy also clenched her fists, extremely nervous, this land must be taken, otherwise they will be finished!

"Nine billion."

"Nine and a half billion."

"Ten billion."

Finally, Isabella stopped raising her placard.

Lisa on the side asked Benjamin softly, "How much money does the Brown Group have on hand?"

"Twelve billion."

So. Lisa raised the sign again.

“10.5 billion! Logan ‘s Group bid 10.5 billion!”

Following the host’s voice, the audience held their breaths, never expecting such a high price for this piece of land!

Gail grasped Michael ‘s hand subconsciously, “What to do with my husband, it’s already taken 10.5 billion!”

Michael’s hands kept shaking, they put all their eggs in one basket for today, but now...

“10.5 billion for the first time...”

“Dad, quickly raise your sign!” Seeing her father’s pale face and cold sweat breaking out on his forehead, Daisy hurriedly reminded. “We still have a chance, Dad? Quickly raise your sign, did you hear me? Dad!!

“10.5 billion for the second time...”

Michael finally came to his senses and raised his hand.

The host saw him and exclaimed, “11 billion! The gentleman behind offered 11 billion...”

Because the seat was at the end. the host didn’t remember which group he belonged to, so he could only use “that gentleman” instead.

The audience was in an uproar.

They were all curious about what kind of group could afford such a sky-high price...

They looked up and found that someone had raised a sign at the edge of the last row.

“Which group is it? So rich?”

“I need to pay in cash later, and it’s not okay to use real estate as collateral... What kind of group has so much spare money on

hand?”

“Why haven’t I seen them before? The location is so late? Can they really afford this money?”

Hearing the whispers around her, Gail sat up straight. Today, she will show everyone the strength of their Brown Group!

“I won’t follow.” Lisa said to Benjamin beside her, “You come.”

Benjamin raised the sign in his hand, and the audience was shocked again.

“11.5 billion! Mason Group bid 11.5 billion!!!”

Daisy was too shocked to speak.

It turns out that handsome man is a senior executive of Mason Group!!

I finally know his identity, but at this time, the Brown family ‘s funds are running out!

“What should we do, we only have 12 billion...” Gail couldn’t figure out that Mason Group would follow so closely, and now only Mason Group was left to challenge them!

They ignored the strength of Mason Group!

As long as Mason Group wants to, the little money they have on hand is not enough to compete with others!!

“11.5 billion for the first time...”

Michael’s heart couldn’t take it anymore.

“11.5 billion for the second time...”

“Raise your sign, Dad.”

“Michael, what are you doing in a daze, raise your sign!”

Before Michael came back to his senses, Gail and Daisy had already grabbed his hand and raised their cards at the same time.

The host was shocked, “12 billion! It’s the gentleman from just now again! Bid 12 billion! Do you continue to follow? Have you??”

Michael came back to his senses, followed Gail and Daisy to look around the audience nervously, but no one else bid!

Even Mason Group gave up!!

“What group dares to challenge the Mason Group? It’s incredible...”

“The point is, they seem to be winning...”

“QY. Logan ‘s and Mason Group have all given up. This group is too powerful, what’s its name? They can have the last laugh...”

“12 billion for the first time...”

“12 billion times...”

“12 billion for the third time, deal!”

The host slapped down the small hammer and said in an extremely excited voice. “Let’s congratulate the gentleman in the back for

successfully photographing today’s land with warm applause! I

announce that this auction will be successfully concluded! Please let the gentleman in the back Come to me, sir, let’s sign the

agreement...”

“We got it, we got it...” Daisy cried out excitedly as if in a dream. and hugged her mother!

Gail also burst into tears with joy, “We really did it! We defeated QY. Logan ‘s and Mason Group, and we got today’s land!”

Is she dreaming?!

So unreal!!

Michael!!!” Gail couldn’t help but hugged Michael next to him again, and the family of three hugged together.

From childhood to adulthood, Michael has never been as powerful as he is today. You must know that the groups present are all international first-tier groups, but he actually defeated them and successfully won this land!!

“Don’t get excited, don’t get excited. I’ll go up and pay...” Michael hugged the mother and daughter, then got up.

Along the way, several groups of people took the initiative to greet him, and he responded politely with a smile, as if he was already a successful person.

Gail feels that her good days are coming, and from now on, she no longer has to suffer cold eyes from others!

All humiliation is over!!

“Tch, what’s the big deal, but it’s not for Logan, right Mrs. Logan ?”

5/7

“It’s just a piece of land that makes them happy. It’s better than this land. Mrs. Logan won’t know how many pieces he got when he was young!”

“I’ve never seen the world before, Mrs. Logan. Today’s land must be lost by you, so they have a chance to snatch it. Otherwise, with Logan’s strength, if they really want it, how can they get it!”

“that is!!”

Several expensive ladies flattered Eloise, and Eloise smiled, “I’m very happy that they can take pictures.”

I was worried that they would not dare to follow!

Now they are not far from death...

Of course Eloise was happy.

Several noble ladies thought that Eloise was talking politely, and hurriedly flattered her.

“Look at Mrs. Logan’s mind, this layout, and look at them, it’s really a heaven and an underground!”

“Mrs. Logan, you have such a heart, no wonder the Logan family has developed so well over the years!”

“Mrs. Logan, why don’t you go to my new restaurant for dinner?”

“Hey, let’s go to my place. My family has opened a new resort nearby...”

“No, no, let’s go to my hot spring, my husband just bought a hot

Eloise smiled. “I have a dinner party tonight, so I’m sorry.”

“Ah? That’s a pity...”

Isabella whispered to Eloise, “I’m going to the bathroom.”

Chapter 277 Didn’t See My Fiancee Teaching People?

“Okay.” Surrounded by several expensive ladies, Eloise stood still and chatted.

“Mrs. Logan, I heard that your daughter Cecilia scored more than 700 points in the Enter University exam this time, which is much better than my brute.”

“Isn’t that right? My daughter only scored more than 600 points in the test. Mrs. Logan is not only beautiful, but also skilled in her husband, and she is also a good teacher... She is really a winner in life.”

Several expensive ladies kept praising Eloise.

While excited, Daisy accidentally found that Isabella went to the bathroom accompanied by that man, a sly light flashed in her eyes. and she immediately got up to follow.

Isabella went to the bathroom and was washing her hands when she heard a smug voice.

“I didn’t expect the Brown family to take pictures of today’s land. did you?”

Daisy walked up to her, raised her haughty chin, and squinted at her. “I see that you really wanted this piece of land just now, why don’t you kneel down and beg me, I can intercede with Dad and ask him to sell it to you at a lower price. ”

“Sick again? I told you to go to the psychiatrist. If you don’t go, you’re going crazy here?” Isabella rolled her eyes at her and was

“Isabella! You son of a bitch, even if you start QY, you won’t be noble!”

“The blood of the inferior people is shed in your bones! I don’t know who you are showing this cold appearance all day long!”

“That man is really blind to fall in love with you!”

“I don’t know what kind of poor and humble family would give birth to such a thing as you!”

“You are so disgusting!”

“Disgusting!”

Isabella :???

Daisy found that the handsome man was still waiting outside, so she continued to irritate in a low voice. “You are like that old bastard in the hospital, wasting air alive, you should have gone to see Hades...”

Immortal?

Isabella ‘s eyes were completely cold, and she walked towards her in two or three steps.

Daisy succeeded, and immediately took some water from the tap and poured it on her, and then ran out of the bathroom as fast as possible, messing up her hair by the way, creating the illusion of being bullied by Isabella in the bathroom.

want to run??

Isabella took two steps forward and grabbed her, threw her against

the wall, and slapped her hard.

The huge inertia caused Daisy to fall sideways.

“Ah...” Daisy got her wish.

As long as she falls into that man’s arms and the man subconsciously supports her, then her plan will be half successful!

But she never expected that Benjamin walked towards Isabella as if he didn’t see her, and asked with concern, “What’s wrong?”

“Don’t worry about it.”

Isabella walked towards Daisy, her icy eyes were burning with raging anger, she grabbed Daisy, grabbed her neck with one hand, and pushed her against the wall, “Who is immortal? Say it again!”

“Sister. I don’t know what you’re talking about, I can’t breathe, let go, help, help...” Daisy made a painful expression.

“Isabella, what are you doing!!!” Gail yelled and rushed over immediately.

The few eyes left in the audience were all attracted by them.

Seeing Gail walking towards Isabella angrily, as if to make trouble for Isabella, Eloise rushed through the crowd at once.

“Intentionally provoke me? For whom?” Isabella increased the strength in her hands. “Believe it or not, I can strangle you to death in a second.”

“Isabella—” Gail rushed over, but unexpectedly, a handsome figure blocked her footsteps.

She looked up, surprised, “ Mr. Mason ??”

The helm of Mason Group, the youngest richest man in the world, the world!!

How could he meddle in such nosy business?

“Didn’t you see my fiancée teaching people?”

The cold-blooded and ruthless voice made Gail thunder, and couldn't believe what he heard, what did it mean?

fiancée??

Isabella is Benjamin 's fiancée???

How can it be!!

Her body softened all of a sudden, and she almost sat on the ground.

Michael who rushed over was shocked and unbelievable. What did he hear, Benjamin admitting that Isabella was his fiancée??

“Who did you curse just now? Are you dumb? Stop talking?” Isabella increased the strength in her hand, exuding a terrifying aura all over her body, her cold eyes seemed to swallow the clown alive.

Daisy is still in shock and hasn't reacted yet. The man just said that Isabella is his fiancée, and his mother called him Mr. Mason in panic. Could it be that he is not a senior executive of Mason Group, but the world's richest man Benjamin!!

How can it be!!

How could Benjamin, the richest man in the world, have a fiancée?

How could the fiancée be Isabella

What the hell is going on with all this??

She must have heard wrong!

definitely is!

Isabella looked at the clown in front of her coldly, "Since you want to play. I'll play with you as much as you want."

She slapped Daisy hard one after another. From a distance of about two meters, Michael couldn't help becoming anxious when he saw his daughter was beaten helplessly.

"Mr. Mason, I'm sorry, the one who was beaten is my daughter, please let me go, there may be a little misunderstanding between them. I can go to mediate and it will be fine..."

"It's your daughter who upset my fiancée?" Benjamin 's icy eyes were as cold as ice, "You have no way to teach a daughter, and I haven't settled with you yet."

Now Michael can be sure that Isabella is really his fiancée, it's over, it's over, when will Daisy provoke Isabella, but in front of

Benjamin...

It's over!

Isabella slapped Daisy more than a dozen times at once, and each slap was full of strength.

Daisy's ears were buzzing from the beating, and her eyes were full of stars. She saw Isabella 's face turned into several shadows, and the people around her were blurred into a ball...

Isabella!!" Gail saw her biological daughter was beaten until the corners of her mouth were bleeding, both sides of her face were swollen, her makeup was messed up, and her hair was messed up. She felt so distressed!

She really wanted to beat Isabella to death, but at this moment, she could only persuade her, “Why did you hit Daisy for no reason! Look at how you beat her up... so many people are watching, you should let her go.....”

If it was before, Gail would have rushed over to fight Isabella.

Isabella in as polite a tone as possible.

“Why did you hit her?” Isabella sneered, looking at the clown in front of her. “Of course it’s because she deserves to be hit!”

“You, what is your reason... You are not afraid of making other families laugh at you when you say that!”

There are many people standing around, all of them are people with status and status...

Gail couldn’t help fanning the flames, “Our Brown family just took the land you want, why are you beating people? You are the founder of QY, and the situation is so big?”

Chapter 278 Everyone Protects Isabella

“Huh? So she is the founder of QY? She’s so young...”

Fred was very polite to her before, and I guessed that she was the daughter of the founder of QY...”

“I always thought that the founder of QY was a man.”

“I thought she was the top executive of the founder of QY...”

Everyone never thought that Isabella is the real founder of the QY brand!

so amazing...

But, is it really like Gail said, because he couldn't get the land, so he beat people up??

"Why, didn't my daughter speak clearly enough?"

Gail a cold look, with a hint of sarcasm in her voice.

"My daughter said that your daughter should be beaten. You don't find the reason from your own daughter, but dare to question my daughter? Who gave you the courage!"

Gail was shocked when he saw the person coming, "You, what are you talking about..."

Eloise even said that Isabella is her daughter...

How can it be??

Thinking of this, a piece of news suddenly flashed in Gail 's mind. Enter University exam full marks No. 1Isabella...

Isabella's surname is Logan.....

Could it be that Isabella 's biological family is really the richest man, the Logan Family??

No, it's impossible...

"Your daughter is so thick-skinned, my precious daughter's hand hurts, please all of you, apologize to my daughter!"

Hearing Eloise 's words, Gail couldn't believe it. He has seen unreasonable ones, but he has never seen such unreasonable ones!

Isabella is clearly the bully, but you still think her daughter is thick-skinned? Hurt Isabella's hand??

unacceptable!

"The makeup on your daughter's face stained my fiancée's hands. please all of you, apologize to my fiancée."

The speaker is Benjamin.

Everyone looked at him in unison, especially Michael, terrified and thunderbolt.

Even Benjamin spoke out...

"Dare to bully my sister under my nose? Isn't the recent crisis of your Brown Group enough? Too idle?"

Another person stood up!

It's Lisa!!

At this moment, Michael and Gail both fell back two steps, their heads went blank, and their expressions were extremely gloomy.

Even Daisy was struck by a thunderbolt from the blue sky, and thousands of arrows pierced her heart. How could Isabella be the daughter of the Logan Family? Benjamin's fiancée again??

How could her status be so noble?!

"As far as I know, you have bullied my baby girl a lot in the past. If my baby girl is not satisfied with today's matter, then there is no need for your Brown Group to exist!"

Hearing Williams' words, the three members of the Brown family turned pale and terrified.

The two big families joined forces to make things difficult for them. but they had no choice but to suffer...

The ladies around couldn't understand why Eloise said that Isabella was her own daughter, but the person Eloise wanted to protect, they just helped protect them!

Thinking of this, they all opened their mouths and said:

"How can there be people who don't have eyes these days and bully the Logan Family? Do you really think you have nine lives?"

"Mrs. Logan, which group is this? You think it's a big deal to get a broken piece of land!"

"You have a noble status, let me teach you a lesson for this kind of villain!"

"Mrs. Logan, which one is not pleasing to your eyes. I will teach her a lesson for you."

Gail couldn't believe it. terrified. "You, you..."

These flexible villains are too despicable!

"Why, our Roy Family taught you a mere small group, isn't it qualified?"

"It's an honor for you to be taught a lesson by me. After all, not everyone is eligible to receive the reward from our Wayne Family! If it weren't for Mrs. Logan, little ants like you. I wouldn't bother to do it today."

“That’s right, I’m afraid that my identity will be lowered!”

“Today, for Mrs. Logan, we will try our best to teach you a lesson, let you know that not everyone can be provoked!”

“If you can’t get along with the Logan Family, you can’t get along with our big families!”

“That’s right!”

Michael was really panicked, and hurriedly said, “Ladies and gentlemen, you have misunderstood... Mr. Logan, Mrs. Logan, Mr. Logan, Mr. Mason... This must be a misunderstanding! Isabella, why don’t you talk about the situation just now?” What happened? If Daisy did something wrong, take this opportunity, we parents can teach her well!”

Isabella sees that he still doesn’t give up, so she succinctly recounts what happened just now.

The people around have never heard of it, especially the anger of

Williams, Eloise and Benjamin, burning more than before.

A few noble wives were the first to ridicule.

“You say Ms. Young is a bastard born of a bitch? Your mouth stinks like a sewer!”

Mrs. Logan’s status is so noble, you have become an inferior person? I still don’t know which noble family you are a lady from? Tell me, what is your family’s ranking in the United States ?”

“If the Logan Family is considered a poor family, then what are you?”

“I think the most disgusting thing is you!”

Ms. Young slapped you a few times, it's really cheap for you."

"Apologize!"

"You still say that Mr. Mason is blind because he fell in love with Ms. Young? I think you are the ones who are really blind! A group of despicable things actually ran up to Mrs. Logan to make a joke?"

"Please apologize to Ms. Young, and Logan Family, Mr. Mason!"

"Apologize!"

"Apologize!"

Everyone around was mobilized to attack the Brown family.

Michael and Gail never expected the situation to become like this!

Even Daisy was trembling with fear, shaking involuntarily...

"I'm really sorry, it's because I have no way to teach girls..." Michael could only bow and apologize to the people around him.

The same goes for Gail, who finally felt that he had captured the scenery of the land today, but now he is like a bereaved dog, wagging his tail everywhere.

"Mr. Logan. I'm really sorry. I didn't know that Isabella was your daughter..." Michael came to Williams and bowed sincerely. He suddenly remembered that the Logan Family targeted the Brown family for no reason. It turned out that it was all because of Isabella...

Isabella 's true identity until now...

Williams snorted coldly and turned his head to refuse his apology.

With a cheeky face again, Michael bowed down to apologize to Eloise. "I'm really sorry, Mrs. Logan, it's because I didn't teach my daughter well, that's why she uttered wild words..."

"Since you haven't taught it well, it's better to hit the sun if you choose another day. Teach me well now!" Eloise said this, looking at Isabella softly again, and even her voice became gentle, "Isabella, come here quickly, don't let me go!" Dirty your hands."

Isabella gave Daisy a cold look, let go of her hand, and walked towards Eloise.

"Baby girl, do your hands hurt? Let others do this kind of dirty work in the future!" Eloise also asked someone to bring a wet tissue, and personally wiped and massaged Isabella's hands, as if touching Daisy was like touching germs.

Chapter 279

Michael. Gail and Daisy all felt they were humiliated!

Eloise even said that beating Daisy is dirty work?

How dirty is Daisy 's face??

Seeing that everyone in the Logan Family was attacking together. only Lisa remained unresolved, so he tentatively called out with the last hope," Mr. Logan..."

"Still doing it?" Lisa looked at him coldly, cutting off his last trace. of fantasy, "Do you want someone else to do it for you?"

Everyone wants the Brown family to educate their daughter well.

In the end, Michael couldn't get off the tiger, so he could only walk over, gritted his teeth, closed his eyes, and slapped Daisy hard.

Daisy had already slapped Isabella more than a dozen times just now, and now she slapped one more, and she was deaf in one ear. That painful expression didn't look like it was fake.

But a few expensive wives around are still talking sarcastically.

"The beating is so light, those who didn't know thought you were tickling your daughter..."

"You want to turn this matter over with a slap? Let me tell you, there's no way!"

"Insulting Mrs. Logan is insulting us. Since you can't do this, let us

do it!"

"If you don't smash the face of this little trash today, your family of three will never even think about stepping out of this door!"

Daisy saw her parents being made things difficult by everyone, and tears welled up in her eyes. She cried, "Don't force my parents, it's me who said something wrong, and I will bear the consequences. Slap. I will slap myself!"

She slapped herself while crying, Freda looked pitiful, as if she had been wronged so much.

But except for her parents, no one would like her, especially those few expensive wives, all of them made disgusting expressions.

Daisy..." Michael didn't expect that she mustered all her strength in every blow, and suddenly she was so distressed that she couldn't bear to look directly.

"Enough, stop beating..." Gail saw her slap again and again, the corners of her mouth were bleeding, and felt even more distressed. " Daisy, stop beating! Mom please...look your face is swollen What is it like!"

Daisy slapped herself more than a dozen times, she lost hearing in both ears, and her vision became even more blurred. She didn't know if she was slapped too hard. She suddenly fainted and lost consciousness.

Daisy, Daisy ???" Gail broke through the crowd and rushed over to help him. "Are you okay?"

Seeing her daughter's face like a pig's head, she couldn't help it

anymore, and tears welled up in her eyes.

"Mr. Logan, Mrs. Logan, my daughter has fainted, can you turn this matter over today? It is because we have no way to teach girls, here I am once again ashamed and solemn to say sorry to you, especially Isabella!"

Michael bowed very formally, bowing ninety degrees in apology.

But Eloise saw through Daisy 's trick at a glance, and lazily said, "I'll count to three, if she doesn't wake up, you Brown Group will never get a foothold in Bomsville from now on."

"Mrs. Logan, my daughter has fainted, and you..." Gail didn't finish speaking.

Eloise started counting indifferently "One."

"Her face is swollen like this, and the corners of her mouth are bleeding. Mrs. Logan still refuses to let her go? As an elder, you are not afraid to embarrass a junior like this..."

“Two.” Eloise continued to count disapprovingly, what was she afraid of, why was she afraid of a few small ants?

“Mrs. Logan, you...”

Eloise was about to say three when she saw Daisy open her eyes all of a sudden, and asked pretending to be flustered, “Mom, why am I here? What’s wrong with me?”

Daisy, are you awake? Are you okay?” Gail wanted to touch her face, but he was afraid of hurting her, so he couldn’t help asking, “You fainted just now, is there any discomfort? Does your face hurt?”

“I’m not in the mood to watch you act.” Eloise said bluntly, “I won’t repeat the same thing for the third time, please all of you, apologize to my daughter!”

Michael and Gail’s flirty apology just now was not enough, what Eloise wanted was for the whole family of three to bow in front of Isabella and admit their mistakes!

Several expensive wives around are asking them to apologize.

“No apology, don’t even try to hang out in Bomsville from now on.”

“Apologize!”

“All of you, please apologize to Ms. Young!”

In the end, Michael, Gail and Daisy could only bear the humiliation, and came to Isabella, bending at ninety degrees.

“sorry.”

They said in unison, they had never been so humble in their life.

Isabella, it's my father... No. it's my former father. I didn't educate your sister well and made you unhappy. I'm sorry!"

Isabella, please forgive Daisy, for the sake of the family, the former mother begs you."

"I'm sorry sister... Oh, Isabella, please forgive me! I won't dare to talk nonsense anymore."

The three of them were bent over all the time, not daring to raise

their bodies

This is the first time in their life that they bowed their heads to Isabella to admit their mistakes!

Benjamin stroked Isabella's hair and said dotingly, "If you don't feel relieved. I'll make them kneel down and admit their mistakes. 1 or do you want to see them go bankrupt?"

The faces of the three members of the Brown Group changed drastically, lest Benjamin really tell these things to the truth.

Because he has this capital!

"No need." Isabella didn't want to see them again, so she said impatiently, "Get out."

Michael came back to his senses, raised his eyelids, and saw the daughter they had despised and despised, now turned into something they couldn't afford to provoke, and suddenly had mixed feelings.

I thought her original family was in a poor mountain valley, and I wished to get rid of the relationship...

now...

“Thank you, thank you...” He himself never imagined that one day, he would actually want to thank Isabella for letting them go and stop humiliating them...

He took Gail and Daisy and was about to leave in despair.

“Wait.”

A vigorous and powerful voice suddenly sounded.

Everyone followed the prestige and saw a hale and hearty old man

walking out of the crowd.

Wearing an expensive American tunic suit, he walked step by step followed by two blond assistants on the left and right.

Michael immediately recognized him as the helm of Ayc Group. a well-known foreign venture capital group.

His group is bigger than Jessie Capital Group. He used to make a fortune from a small business, but later he has sufficient funds and focuses on investment.

His eyes are fierce and vicious, as long as he takes a fancy to the project, he will make an accurate shot. In the past few decades of development, he has invested in many industries, and his personal wealth is extremely strong.

Michael had the honor of meeting him a few times before, and

knew that he was an old friend of his mother Rose, because he was abroad all the year round, and the number of times he met was only a handful.

He appeared here today, could it be for the land?

What happened just now happened to happen to him, so, for the sake of his mother, he decided to stand up for the Brown family?

Thinking of this, Michael felt that he had a backer, and hurried forward and said, " Mr. Will, long time no see."

Chapter 280 Sent to the Mental Hospital

"Mr. Will, I didn't expect you to come to today's auction..." Gail saw him. his nose was inexplicably sour, and he immediately wanted to tell him all the grievances in his stomach. They were really humiliated just now!

The last time we met, it seemed like three or four years ago?

But this does not hinder their friendship between the Brown family and Will Family!

If Mr. Will hadn't been abroad all year round, she would have almost forgotten that the Brown family has such a big backer!

Thinking of this, her voice became even more aggrieved, "You have seen what happened just now, we..

"You are deceiving people too much."

Luman's sudden accusation made all three of Michael's family change their faces. What does it mean?

Isn't Mr. Will here to stand up for them?

It looked like they were here to trouble them!

“My precious granddaughter doesn’t care about you, it’s her generosity!”

Michael was stunned, and it took him a while to realize that this precious granddaughter was referring to Isabella...

“Mr. Will, you, you have been abroad all year round, and you may not know that Isabella is not a member of our Brown family. She has already recognized her ancestors, and you don’t have to treat

her as a granddaughter...”

It turned out that Mr. Will thought that Isabella was the seed of the Brown family and Rose’s granddaughter, so he wanted to help out.

Really, Michael breathed a sigh of relief, luckily it wasn’t...

Speaking of which, Mr. Will is single, unmarried, and has no children. If Daisy can be his granddaughter, then the huge amount of wealth in his hands will belong to Daisy alone...

“It’s not my own grandson, it’s better than my own grandson!” Luman’s voice was like a bell, knocking on everyone’s hearts, “I. Luman, can discuss everything in my life, but my precious

granddaughter is my bottom line, no one can touch it! But you guys today unacceptable!”

The three members of Michael’s family were stunned for a moment, unable to believe what they heard.

“As far as I know, not only did my granddaughter not get the care and care she deserved when she was with you all these years, on the contrary, you have the status you have today, and you are all thanks to my granddaughter!”

Luman 's clothes were neatly dressed, and even his voice was powerful and powerful, revealing the look and majesty of a big man.

“Now you still dare to bully my granddaughter in front of me, come here and take them to a mental hospital for an appraisal to see if there is any problem with their nerves.”

As soon as he finished speaking, several people immediately stepped forward, grabbed them and walked out.

“Mr. Will, you have no right to do this...” Gail was terrified, struggling hurriedly, “Let me go, what are you doing, let me go!”

“Mr. Will, when you do this, have you ever thought about the friendship between you and my mother...” Michael couldn't break free, so he could only ask loudly.

Luman's eyes were sharp and angry “If it weren't for the friendship between me and Rose, you would never even think about leaving the mental hospital in your life.”

The faces of the three members of Michael's family changed in disbelief.

Daisy cried bitterly, “Mr. Will, I'm also grandma's granddaughter, I'm still young, please forgive me..

Crazy, she doesn't want to go to a mental hospital for an appraisal!

Even if it needs to be identified, it must be done in a normal hospital!

Find an excuse to throw them in the mental hospital, isn't it because you bullied Isabella and want to take the opportunity to clean them up?

When she is stupid!

“It’s because you are still young that you need to teach! Your grandma is in poor health. I can’t let people like you appear in front of her and disturb her mood.” With a wave of Luman’s hand,

Michael’s family of three were immediately dragged down...

The whole audience sighed.

Luman looked at the people watching the excitement around him, and said every word, sonorously, “Although I am often abroad. nothing about the United States can be hidden from my eyes.”

His eyes scanned the audience, “ Isabella is the only precious. granddaughter I have identified in my life. Whoever dares to make trouble with her will make trouble with me!”

The implication is, before bullying her, weigh the consequences first!

Unless your group does not need to receive funding from the Aye Group in this life, does not plan to develop abroad, and is not afraid of some potential forces in the United States, then just try to bully

one...

“Mr. Will was joking. Isabella is from the Logan Family and Mr. Mason ‘s fiancée. Now she is your precious granddaughter. Who dares to bully her?” one of the noble ladies smoothed things over with a smile.

And everyone in the Logan Family hasn’t come to their senses yet, how could Isabella know a big man like Luman, and how could he be so appreciated by his old man?

Williams bent forward and reached out to shake his hand respectfully. “ Mr. Will, I wonder if you remember me?”

Years ago, they met once, at an international entrepreneurial conference, Williams and Luman, who attended as representatives of the Americans, once gave up their seats to each other,

mes that he is a invict and should give up the C

position to the elders.

But Luman believes that in terms of achievements, Williams achievements at this age have already surpassed him, so the two sides gave in to each other.

Although it was only a small matter. Williams' politeness and self- cultivation were deeply imprinted in Luman 's mind.

"I didn't expect to meet again, it would be at this moment." Luman also happily responded to his handshake.

Seeing that they knew each other, the spectators around didn't have the nerve to stay and listen to their chat, and dispersed one after another.

Eloise on the side couldn't help asking, "Isabella, what's going on? You and Mr. Will met before?"

Michael said just now, this Mr. Will seems to be an old friend of Rose, and Isabella was brought up by Rose before, is it because of this relationship?

"Well, it was Mr. Will who guided me on the road of

entrepreneurship and taught me a lot of experience and methods."

Upon hearing this, Williams bowed down and shook hands. respectfully again. "So you are my little girl's teacher... Isabella is able to found QY, you have contributed a lot! Please be respected by the younger generation."

Luman patted him on the shoulder with a smile, " Mr. Logan is too serious, I owe less than 1% of Isabella 's success today, and the rest is due to her personal efforts and talents."

be as successful as she is today? You are the light on her

entrepreneurial journey. Please follow me to the restaurant near me. Let's sit down and have a good talk."

Williams wanted to invite Luman to dinner and express his thanks, but Luman said with a smile, "I came today to support Isabella, and I still have some things to deal with."

His precious granddaughter is going to be in the game and invites you into the urn, so he, a grandfather, will naturally come to help and increase the credibility of the auction...

"The main reason is that the little girl is busy, it's really hard to see her..."

Williams can hear Luman's dotting and love for Isabella between the lines...
