

## Chased Her 281

### Chapter 281 Afraid of Revealing Your Identity

"This is your fiancé?" Luman cast his eyes on Benjamin.

Benjamin on the side was tall and straight, with a dignified demeanor. He looked at Luman, shook hands and greeted. " Mr. Will, it's an honor to meet you."

Luman held his hand, looked at him and said, "Not bad, not bad."

The young man was handsome and dignified, and very cultivated. He was already the richest man in the world at a young age.

Luman had heard of his fame a long time ago, but today was the first contact.

"The person my precious granddaughter likes is really extraordinary."

"Mr. Will is awesome."

Taking advantage of the gap between the handshakes, Luman narrowed the distance between the two of them, and revealed in a low voice." Those two heartless dogs from the Brown family have treated Isabella harshly since childhood, and Isabella has received very little love."

Benjamin listened carefully and nodded.

"!

Isabella has only had Rose since she was a child. She was with our group of old people. She may not know how to be alone with the opposite sex of the same age. She looks indifferent, but she is cold outside and hot inside. I'm not boasting, she is really a good boy!"

"I know that I am lucky to be with Isabella." Benjamin held the old man's hand all the time, and the gentleman solemnly promised, "I will cherish her, spend more time with her, and give her a sense of security and happiness., I will do what I say."

"Good boy." Luman patted him on the shoulder, the stone in his heart finally fell, and he looked at the others, "Then I will take my leave first, Isabella, Grandpa will come to see you some other day."

Isabella curled the corners of her lips, "Don't fly around at your age. I'll see you when I'm free."

"Knowing that I am old, then you should hurry up and prepare mentally, and take over the burden in my hands, so that grandpa can enjoy his old age in peace."

"..." Come again!

Isabella has long been tired of hearing these words, but everyone around couldn't believe it. What does Mr. Will mean, as if to hand over Aye Group to Isabella?

Luman couldn't help being happy when he saw the little girl's expression, "Anyway, this is the dowry given to you by grandpa. It doesn't matter if you receive it early or late! Seeing that you are young, grandpa will help you for two more years. Hahaha..."

Williams was shocked again, and hurried forward, "Mr. Will, how can my little girl, He De, win your favor."

The total value of Aye Group has already exceeded 10 billion!

"Hey!" Luman laughed, "In this world, I only have my eyes on this one child. You don't know that I begged her to be my

granddaughter, but I begged her for two full years!"

Everyone was even more surprised...

Luman leaned closer to Williams' ear and revealed mischievously. "The main reason is that I can't annoy her enough, she has to agree to me hahaha..."

Isabella saw him whispering to Benjamin for a while, and telling her little secrets to her father, and guessed what the old man said without even thinking about it.

"Okay, then it's settled, Isabella, when you come another day, bring this kid to see me!" Luman pointed to Benjamin.

Before Isabella agreed, Benjamin took the lead in responding. "No problem, I will definitely visit you sometime."

After Luman left, Lisa was still in an accident. How much identity does his treasured sister have...

It is rumored that Luman's temperament is like a fire and thunder, but in front of everyone, especially Isabella, he is clearly a energetic, cute and interesting old man!

the other side.

Harris, who was at home, received a call, "What are you talking about? A mental hospital? I'll be there right away..."

Not long after he left, Mrs. Moore suddenly received news, "The Brown family took over the land in the suburbs and paid 1.2 billion on the spot? Isn't their family about to go bankrupt? Where did the money come from?" ?"

After the phone call, she told her husband about the matter, and asked anxiously, "Did you say that the Brown family tested our family before? They deliberately pretended to be poor and asked us

for help? But we suddenly showed our true nature and refused to accept others." Thousands of miles..."

Mr. Moore nodded. "It's not impossible."

"This 12 billion cash, give it as you please... This asset is several times ours!"

Now they have photographed the land in the suburbs again. It is said that the land is priceless, and they can earn several times the money!

"If the Brown family is developed, what if the little girl in the Brown family kicked Harris?" Mrs. Moore suddenly felt a little flustered.

"Don't worry, wait for Harris to come back later to ask what's going on. If they really took pictures of the land in the outskirts, we parents will have to show up at the engagement banquet two days later. To give the Brown family enough face, the door The marriage is settled!"

"But..." Mrs. Moore doesn't like the Daisy of the Brown family at all. In terms of appearance, she is not even the slightest difference from Isabella. In terms of temperament, she can't even touch Lady's side. In terms of study and talent, she can't compare to her at all. Isabella!

"Don't even think about it, Isabella. She has a perfect score of No. 1 and is also a piano master. She won't fall in love with your son. Let's go, change your clothes first, and get ready to attend the charity party tonight."

"It is said that Michael paid out 12 billion in one fell swoop today, and someone invited him to attend tonight's charity gala. No matter

what, we must establish a good relationship with them tonight..."

Mrs. Moore suddenly felt that her previous self was too impulsive and too much for the Brown family, and she hoped to have a chance to make amends tonight.

Riverside Villa.

Cecilia answered several calls, and her face became more and more ugly.

Scarlet couldn't help asking, "What's wrong Miss Logan? What happened?"

"My classmate's father participated in a land auction today and said that his parents also went. They admitted that the founder of QY is her daughter in front of everyone, and they even slapped the Brown family in the face for that girl..."

Cecilia was a little anxious, "Now my classmates are asking me what's going on, asking if Isabella is the adopted daughter recognized by my parents? They also said that I haven't invited them to play at home for a long time, and I want to come in two days! Tell me, Isabella 's What about my identity? I can't let my classmates know that I'm a fake lady!"

"Miss Logan, don't worry..."

Before Scarlet finished speaking, the door was opened. Williams. Eloise. Lisa and Isabella entered together. The family of four were talking and laughing. That scene deeply hurt Cecilia's heart!

"Mom and Dad, are you back? Brother, have you returned to the United States? Sister, how did you get together? Did you meet on the road?"

"We participated in the land auction with Isabella today..." Eloise said this, and looked at Isabella with a smile, "Go upstairs and rest for a while, and we will go to the dinner after we have something to eat."

The food at the charity gala was not for eating, but for viewing. Eloise was afraid that Isabella would be embarrassed if she went there, so she didn't dare to let go of her stomach, so she asked the chef at home to cook some food first.

"Oh, by the way, for tonight's dress. I asked Myra to put it in your room."

“Yeah, aren’t you going out with your classmates tonight?” Eloisc asked back.

“I...” Cecilia never expected her mother to ask her what her plans. are for tonight. She said that she would not take her to the charity party when she went out with her classmates...

Will my mother only bring Isabella to attend...

it’s the first time for Ms. Young to participate in such a big event as a charity gala, right? It’s better to let Miss Logan accompany you, and there is someone beside you to talk to, so as to be more courageous.” Scarlet suggested kindly

Eloise took a few sips of the coffee water offered by the servant, and said disapprovingly, “It is enough for me to accompany Isabella, besides, what scene has Isabella never seen! In terms of the world. – Isabella has seen more than Cecilia!”

This sentence immediately left Scarlet and Cecilia speechless.

Eloise smiled, and looked back at Isabella, “Go up and rest, I’ll let Myra call you if you can eat.’

“good.”

Isabella got a call when she went upstairs.

[ Boss, before you asked me to find out the cause of the Hancock Hospital fire on September 10th eighteen years ago, the more I searched, the more strange it became. ]

“What kind of strange method?” Isabella walked to the balcony with indifferent eyes.

[ Didn’t I find out that Viv, the cleaner who picked up Daisy to raise, heard an explosion that night when he was dealing with the stagnant water? The explosion was deafening at first, and she didn’t dare to get

close to it. When she was about to rescue people later, she found several unlicensed black cars leaving in the opposite direction. ]

[ At that time, Viv was in a hurry to save people, so he didn't pay much attention, and didn't know what kind of car they were driving and what they looked like. So I checked her colleagues who were cleaners at the time and asked about the situation of the day one by one, and they were all similar to what Viv said. ]

[ However, a cleaner said that after the explosion that night, several of them rescued many people from the health center. It was raining heavily at the time, and she was tired of saving people. The black car that had left was back. ]

[ In that era, in that place, very few people had cars, and that car, like those black cars, had four zeros on the front. ]

“Audi?”

In that era, there were very few people who could afford an Audi.

Let alone in places like SanScott.

I found photos of cars from that era and showed them to her. The car she said was indeed an Audi, but their cars did not have license plates, so it was difficult to check.

[That night, three people got off the black car that came back. They

looked very fierce, they kept looking for someone among the group of rescued people, and finally left without finding them... ]

| I checked that model, and compared it with the Audi cars that went in and out of SanScott back then, I was almost blind, and only then did I find out a clue! |

Isabella seemed to be used to his secretiveness, so she answered calmly, "Continue talking."

[ The owner of one of the Audis died on September 12th, eighteen years ago! It is said that the accident was caused by drunk driving! If it hadn't been for the accident that night, he would have bought a ticket to go abroad on the morning of September 13th. ]

"What is his job?"

[ Beginning as a vagrant, then driving to pick up passengers, like a taxi driver. ]

"Picking up passengers in an Audi car?" Isabella raised her eyebrows.

Who believes it??

[ I checked that the money he bought the car was won on the table. After winning, he picked up customers for a few days, and died suddenly in a car accident. ]

That's why he felt strange.

"Any other discoveries?"

The drivers of other Audi cars also suddenly got an Audi car, some at the gambling table, some in other places, but they died soon after they got it! ]

When the person on the phone said this, he couldn't help but say, [ Boss, if someone really planned the bombing and killed all the drivers involved that night, and they haven't been caught for so many years, then His power is definitely more than one Scarlet can achieve. ]

"Ok, I know."

Isabella guessed that all of this was caused by Scarlet. Is it possible that Scarlet changed her identity in the hospital and made Cecilia a lady for so many years in order to make her daughter live a better life...

But after checking, I found that things are not that simple.

“I asked you to check the blood relationship between Scarlet and Cecilia, have you found it?”

[ Boss, the strands of hair you gave me last time were fake! I mean, one of the two strands of hair you gave me last time was a wig! ]

“Wig?” Isabella raised her eyebrows. Cecilia can’t be bald. Could it be that Scarlet is wearing a wig?

Thinking of this, she wanted to laugh again.

[ By the way, boss, those Audi drivers are all alone and have no family or friends, but I found that one of the drivers found the same woman several times after getting rich overnight. |

[The woman said that she was very impressed with the driver because he was generous. At that time, she was curious and asked him where a driver got the money. He said that someone sent money to let him do a big thing. He only needed to pick up a few

people to go to a place, and then Bring them back safely... |

[ Boss, do you think there is such a possibility? Assuming that there is a person behind the scenes, he wants to kill someone in the hospital, so he finds a group of drivers to pick up his men back and forth to Hancock Hospital. Approving drivers without family and friends is to make it easier to deal with them later... ]

If it was one of his own people who did it directly, then if you check it again and again, it is very likely that you will find him!

Isabella nodded, “I don’t rule out the possibility.”

[ However, Hancock Hospital was such a ruined place at that time. and the residents were all small people, and no one was worth such a lot of money and death, right? If you really want to talk about big shots, then no one should be stronger than your parents, right? ]

Isabella's eyes suddenly lit up when she heard what he said, "What did my parents achieve back then?"

[You, you mean when you were born eighteen years ago? I'll check later... But boss, why are you asking this? ]

"After cliccking, let me know as soon as possible." Isabella suddenly thought of a possibility, but she was not sure.

"As far as I know, your parents were passing through that small place at that time, and suddenly the amniotic fluid broke. If someone wants to harm them...it can't be calculated that the amniotic fluid will break on your mother's night..."

"If you are stupid, talk less, or your intelligence will be exposed." Isabella said lazily, "Hang up."

"Eh boss?"

What do you mean, it's dead?

Is the boss calling him stupid? But he obviously checked so many contents, if he is stupid, he must be that stupid thing of Troy!

At least he's better than Troy!

Chapter 283

seven o'clock in the evening.

Isabella attended the charity dinner accompanied by Williams and Eloise.

This dinner was initiated by a well-known boss in Bomsville many years ago. It is held once a year. Since his death, it has been held by his daughter for seventeen years.

The annual project of the dinner is to help children in remote areas and help them solve problems such as eating, studying, and getting sick.

attending the dinner were from the upper circles of Bomsville, and it was not open to the public. Those who came were all powerful and prestigious people.

This is the 17th year that Williams and Eloise have participated. The difference is that they brought their own daughter tonight, and the audience was amazed when they appeared.

Isabella 's temperament is as elegant as a lotus, and she looks cold and noble in a black evening dress, like an unattainable queen.

Williams on her left arm and Eloise on her right hand, she attracted the audience's attention as soon as she appeared.

Many guests were curious, who is she? Why does it look like you have a good relationship with the Logan Family?

Thirza, the host of the banquet, saw them, he immediately stepped

forward to greet them, "Baby Yan, you are finally here, and I was worried that you would not come!"

Seeing her holding Williams and Eloise 's hands, Thirza couldn't help being curious. "You know each other?"

It seems that they have a good relationship, otherwise, with the cold personality of the little girl Angela, it would be impossible for them to take the initiative to hold their hands and have such an intimate gesture!

Williams and Eloise were taken aback when they heard her words. how could Thirza know Isabella ?

How extensive is Isabella 's network...

You must know that Thirza is the person in charge of Thirza's family. Since her father passed away, she has been in charge of the family business for a century by herself.

Over forty years old, looks capable and domineering, with sharp and shrewd eyes of a businessman.

"Could they be the relatives you recognize as your ancestors?" Thirza was very smart and guessed their relationship at once.

Isabella nodded without hiding anything. "Well, they are my parents."

"It seems that I guessed right..." Thirza smiled and shook hands with Williams, and then hugged Eloise, "I am very glad that you came to the dinner hosted by our Thirza's family again this year... I didn't expect you to be Isabella 's biological parents. Isabella suffered a lot in the Brown family, from now on, you must love her more and make up for her."

Eloise was confused, "How do you know my daughter?"

"It's a long story..." Thirza smiled. "I'll make a long story short."

Thirza, who lacked everything, suddenly had a dream one day, dreaming that she was wearing a very gorgeous and dreamy dress.

The next day, she approached Sofia, the founder of QY who was just famous at that time, and insisted on making a dress that was exactly the same as the dress in her mind.

At that time, the little girl told her bluntly that the dress was not suitable for her, and the finished product was very ugly, so there was no need to waste time.

She didn't believe it, so she insisted on making the little girl do it. and if the little girl didn't do it, the two of them would have a problem.

Later, she went to great lengths to find other people to produce it, and it turned out that the finished product was very ugly. She didn't even have the desire to collect it, so she just threw it away...

Later, when she fell ill, she hired famous doctors everywhere. Later, through her connections, she managed to find a famous genius doctor. Unexpectedly, she was a little girl again...

After going back and forth, the two became acquainted. Thirza wanted to recognize the little girl as a goddaughter, but the little girl refused to call her mother. In the end, the little girl was so pestered by her that she called her aunt.

Thirza is still unmarried and has no siblings, so it hurts to treat her like a niece!

the little girl to be my niece without your parents' consent!" Thirza

smiled cheerfully, "The main reason is that I like her very much, she is real, unpretentious, capable, and not ostentatious, anyway I like everything."

"It's the luck of my little girl's third life..." Williams never expected her daughter to be so popular in the upper circles. Before that. Luman chased after her and wanted to be her grandfather, and later. Thirza, a strong woman, wanted to be her aunt...

Think again about the multiple identities on her daughter...

All these years, she has worked so hard to look effortless...

Thinking of this, Williams felt even more distressed.

“Auntie asked you to come to the dinner hosted by Thirza’s family. She told you not to come for three years. Tonight, for, the sake of your parents, you did come! Sure enough, your parents hold more weight in your heart!” Thirza said this, pretending to be jealous.

“You’re here again!” Isabella saw through her pretense at a glance.

Thirza chuckled, put his hands on Isabella’s fragrant shoulders, “I specially asked someone to invite Moore tonight, and I will deal with them in a while, so I can vent your anger on you.”

A question mark popped up in Isabella’s mind, “I’m not familiar with them.”

“I heard that as soon as Yao from the Brown family came back, that brat who had a marriage contract with you moved on and fell in love with him. Anyway, today, I won’t let them go.”

When Thirza said this, he raised his eyebrows at Isabella again, “I heard that some guests have invited the Brown family, and we will clean up together later.”

Isabella saw her beaming, and couldn’t help reminding, “Don’t go too far.

“Auntie is doing business, don’t worry.” Thirza patted her on the shoulder, “Then you can do whatever you want! Auntie prepares your favorite pastries every year. When I heard that you are coming tonight, I asked people to prepare more. Those few people over here have you seen the big table? It’s all your favorite food.”

Isabella was amused by her winking expression, “If you smile like his again, your personality will be lost.”

After all, she has always been a strict and unsmiling person in front of employees.

“Auntie is winking with her own children, what’s wrong, who dares to say anything!” Thirza said this, looked at Williams and Eloise again, and resumed his usual smile, “Then Mr. Logan, Mrs. Logan, you can do whatever you want, I will entertain other people.”

“Okay...” Seeing how familiar she was with her daughter, Eloise was surprised and a little envious at the same time.

She also wanted to hook shoulders with Isabella and chat

unscrupulously, but she was afraid that Isabella would think she was unstable...

Isabella, you have taken care of you so much in the business field and supported your seniors. When you are free in the future, you can invite them to play at home more, and your parents can also take this opportunity to thank them.”

“Okay.” As soon as Isabella finished speaking, many guests came forward to greet Williams and Eloise, and took the opportunity to ask her identity.

“I’m here on behalf of QY.” Isabella didn’t make it clear, but when the guests heard the name QY. they still couldn’t help but get close to her.

The guests in twos and threes came forward and kept greeting with them. Isabella found an excuse to escape, went to the table Thirza had prepared for her, picked up a piece of pastry and ate it.

Chapter 284

Every pastry here is indeed her favorite taste.

Isabella was eating a piece when someone said that the Brown family and Moore came together!

“I heard that the Brown family spent 12 billion to buy the land in the suburbs today. I can’t believe that the richest man in Winter Town has such strong financial resources.”

The perfect matches of Moore and the Brown family are also here. I heard that the two are very talented and beautiful. They are very suitable. There will be an engagement banquet in two days.”

The Brown family is really full of good things...”

Isabella ate the pastries in disapproval. The family of three was quite strong psychologically. Not long after they were sent to the mental hospital, they were able to attend the charity dinner again in a blink of an eye.

Didn't the mental hospital leave a great psychological shadow on them?

In order to climb up, it is quite hard.

It was the first time for Michael to attend the dinner party of the high society in Bomsville. This is the private house of Thirza's family. It is magnificent and ten times bigger than the villa he lives

in!

From the moment he stepped into the garden, he couldn't stop sighing, it's really luxurious. Sure enough, the vision, courage, and foundation of a hundred-year-old wealthy family are not comparable to these small wealthy families...

Thirza's family has been in business for generations and has a history of more than 100 years in Bomsville. It has deep roots and is very influential in Bomsville.

At this time, a guest saw him and stepped forward with a smile.

“Mr. Brown. I heard that you spent 12 billion in one go today. You must be on the list at the charity gala tonight, right?”

“Hahahaha I dare not take it, I dare not take it...” Michael laughed a little guilty, except for the Maybach outside and Daisy’s engagement party outfit, there was nothing valuable in their family!

On the way here tonight, he and Gail are still discussing what to donate and how much to donate...

“Mr. Brown is too modest. He spent 12 billion dollars. Tonight’s donation must be several zeros more than ours hahahaha...”

“I hope that Mr. Brown will also take care of the feelings of our small family. Don’t donate too much at one time... We plan to donate a little over 10 million in a while. Mr. Brown, how much do you plan to donate?”

“Hey, why don’t we talk about the amount, and donate almost in a while! How about it?”

“Hahahaha, I think so too. I wonder what Mr. Brown ‘s psychological price is?”

Although Thirza’s family only holds a charity dinner once a year, her family is not the only one in the upper class. They are rich people who donate to disaster areas, mountainous areas, natural and man-made disasters, and the elderly and children all year round... ..

You can’t be generous every time..

Hearing their psychological price, Michael felt even more guilty. with a forced smile on his face, “My wife and I haven’t discussed it yet. This is the first time we’re participating, so we don’t know how appropriate it is...”

On the way here, he discussed with Gail, if he donated the watch on his left hand, at least a million!

Gail was reluctant to...

But now that she heard other people’s psychological prices, her feet felt weak, and she couldn’t help asking, “How much did you donate in the past?”

“Hahaha, when I first started donating. I was ignorant. I thought that I would donate only a few charities a year, and I would donate 30 to 50 million USD...the most one even donated 100 million

USD!”

When Gail heard this, he almost couldn't keep his smile, one hundred million...

Mrs. Moore thought their family was rich, so she held Gail 's hand and smiled affectionately, ” Gail, we will follow as much as you donate later...don't donate too much, ten to twenty million is enough. ”

Gail twitched the corners of his mouth, and said without tears,

“Okay.”

what to do...

After the meeting. Thirza spoke on the temporary open-air stage in the middle of the garden, and then everyone was free to donate to several donation boxes next to the stage.

There is no order, and there is no amount requirement, everyone can do whatever they want.

Some people put a check in, some took off their priceless jewelry. and some directly scanned the QR code to pay...

Michael and Gail glanced at each other, planning to go to the bathroom, but they were surrounded by several guests, asking them how much they donated.

“It's the first time to donate, you have to make a meaningful donation.” Gail smiled elegantly, and pretended to say to Michael, “Why don't you just donate the ring we bought when we got married, that ring means a lot to us and it also proves that This has strengthened our determination to do charity from now on!”

Everyone thought they were donating some kind of treasure. Thirza specially asked someone to cast two spotlights on them. It turned out that what they cast was a pair of platinum rings with only a little diamond on them. According to visual estimation, the two rings together cost no more than 20,000 USD....

After they donated, they smiled and nodded at everyone, showing no signs of lack of money.

Everyone was speechless, they didn't expect that the person who bid for the land with a huge sum of 12 billion would be so stingy when

donating!

This pattern...

really...

Thirza gave the others a wink, and the others immediately said, Mr. Brown, Mrs. Bai, this is just your appetizer, right? The bigger ones are in the back?"

"Mr. Brown is definitely planning a big move. Let's see what Mr. Brown and Mrs. Bai will donate next..."

"This land cost 1.2 billion, and the donation must not be too small!"

"Mr. Brown, you don't have to scare us!"

"that is."

Michael and Gail were about to leave, but the applause around them made it impossible for them to move!

Seeing everyone's expectant eyes, Michael and Gail finally took off their outfits, including famous watches, necklaces, earrings, and bracelets, and Poll reluctantly put them in the donation box...

Seeing that they were only about two million without all their outfits. Thirza raised an eyebrow at Isabella, as if to say that the best is yet to come.

Someone in the crowd asked, "Mr. Brown, I heard that your family held a sensational event at the auction site today. What is it?"

Michael and Gail both showed embarrassing expressions when they heard this.

Isn't the big event today that the Brown family bowed their heads to Isabella to admit their mistakes!

And Daisy was beaten into a pig's head!

Why did the news spread so fast, it reached them all at once!

"Mr. Brown, how did I hear that you went to a mental hospital today? Did you go to donate money? Or..."

Michael and Gail's expressions became even more embarrassed. they hurriedly left the donation box and pretended to go to the bathroom...

Many guests were curious, what is the mental hospital, what is the big deal, what is going on??

Harris in the crowd saw that cool and noble figure and went to eat pastries as if nothing had happened. Needless to say, she must have revealed it!

Thinking of being in the mental hospital today, Daisy threw herself into his arms and cried sadly, saying that Isabella's lies deceived the public. and people sent the family of three to the mental hospital, and Daisy's face was swollen before being sent to the mental hospital!

## Chapter 285 Was Beaten

This ungrateful white-cyed wolf, the Brown family has raised her for eighteen years, but she is so ignorant, embarrassing the Brown family time and time again!

Didn't he just like him and couldn't get it, so he made trouble on purpose!

Harris made up his mind to go over and talk to her!

Isabella was eating pastries at the table when she heard an angry voice.

"Isabella!"

I saw Harris walking towards her angrily, and asked in a cold voice, "Are you still in the mood to eat?"

A question mark popped up in Isabella's mind, so she swallowed the pastry in her mouth, without even looking at anyone, and then took another glass of coconut water

Harris saw the slender neck and charming collarbone, and he couldn't help swallowing.

It is true that this girl is arrogant, but it is also true that she is good-looking...

I hadn't noticed her beauty before, but since she left the Brown family, her cold and haughty look is simply tickling.

He almost forgot the business, "Why did you send Daisy and the

others to a mental hospital today?"

Not far away, Daisy saw that Harris was looking for Isabella again, and hurried over to hold his hand, and asked with a vigilant smile, Brother Harris, what are you talking about?"

Harris didn't answer her, but stared at Isabella, this girl obviously cared about him, but pretended not to talk to him!

It must be because of Daisy 's presence!

"I'm asking you something!" Harris continued, "Did you do something to Daisy? Look at what you did to her face!"

Daisy was beaten into a pig's head today, and tears rolled in her eyes when she was putting on makeup, but for tonight's dinner, she still put on thick layers of makeup.

It seems that the face is very swollen, and it matches the facial features, which is a bit funny.

Isabella didn't pay attention to Harris, but gave Daisy a cold look, "My dog didn't pay attention, and ran to bark in front of me?"

dog...

The girl called him a dog!

Isn't it because she was clearly chasing her some time ago, but after chasing her, she disappeared again, so she was angry!

Wasn't it because he chose Daisy instead of her, decided to get engaged to Daisy, and abandoned her...

So remember to hate him!

Isabella was too lazy to talk to the two of them, and was about to leave, but Harris grabbed her wrist all of a sudden!

“Isabella, speak clearly!”

This time. Daisy was stunned. She didn't expect Harris 'brother to grab Isabella 's hand in public...

Harris didn't even think that he would lose control, Isabella's wrist was tender and slippery, which made him reluctant to let go...

I didn't expect this girl's skin to be better than Daisy's...

At this time. Isabella frowned, and shook off his hand directly, her eyes were stained with anger, “Are you finished? Don't you want your hands?”

In a word, it directly brought Harris back to reality.

“Can you calm down your hostility?”

Harris knows that she is Sofia, a piano master, and a perfect score of No. 1. so she is naturally proud!

But you can't just look down on others and send people to a mental hospital just because you have a little ability?

This is too much!

Not far away, Mrs. Moore was worrying about not having a chance to get close to Gail, when he suddenly saw this scene, he rushed over to embarrass Isabella.

“You bitch! My son is going to be engaged to Daisy in two days, and you are still entangled here? In front of my daughter-in-law? Why are you so shameless?”

Although she knew that Isabella was a piano master with a distinguished status, Mrs. Moore thought to herself that no matter how powerful a master is, it can't compare to the 12 billion land won by the Brown family!

In terms of benefits, the Brown family still outperformed Isabella!

Daisy was surprised when she heard the word "daughter-in-law". She didn't expect Mrs. Moore to admit her identity in public, and her waist straightened immediately

"I'm pestering your son?" Isabella thought it was funny, and raised the corners of her lips, "Are you blind or out of your mind? Do you need someone to register for you?"

"you..."

"What capital does your son have to make people look up to? Or do you Moore have the throne to inherit? You take yourself so

seriously, I don't know if you think you are the royal family."

"You, you..." Mrs. Moore didn't expect this girl to be so unqualified. and dare to taunt Moore in front of everyone!

Their Moore is also a big man with a head and a face!

Although she is not a member of the royal family, she is not something a little girl of her age can afford to provoke!

"Forget it, don't be as knowledgeable as her." Gail has learned how powerful Isabella is today, knowing that she is the biological child of the Logan Family, and the granddaughter admitted by Mr. Luman himself. The most important thing is that the Logan couple are also here today!

The Logan Family and the Thirza's family are friends, and making

But Mrs. Moore didn't know the relationship between the Logan Family and Isabella, so he said confidently, "Gail, you don't need to how her face! You used to indulge her too much, so she dared to tep on you! Today, Il will teach this ungrateful white-eyed wolf for 'ou!"

Many guests around were watching thinking, who is this Mrs. Moore? Today they clearly saw Isabella holding the hands of the ogans and his wife to attend together, and it seemed that they had very close friendship.

lid Mrs. Moore have the guts to provoke someone related to the Logan Family?

The point is, they also saw Thirza hooking up with this girl...

Mrs. Moore didn't want to be ashamed because of the stares around ner, so she raised her hand to teach Isabella a lesson.

But Isabella held her wrist coldly. She didn't expect that there were quite a lot of people who wanted to die today.

She shook off Mrs. Moore 's hand all of a sudden, "The upper beam is not straight and the lower beam is crooked!"

"You bitch, who are you yelling at!" Mrs. Moore was about to rush up and do his best!

Today, for the sake of her son's marriage and Moore 's future, she must perform well in front of Gail!

Thirza had thought of a lot of ways to deal with the Brown family and Moore, but now that they were arguing, the corner of his mouth curled up, and he stepped on his high heels and walked towards them.

"Let me see which blind thing came to my place to make trouble."

Seeing Thirza appearing in person. Mrs. Moore suddenly became confident. "You came just in time! This bitch didn't know who invited me here, but she seduced my son in public! You may not know that my son is due in two days." Engaged to Lady and Daisy from the Brown Group!"

When Mrs. Moore said this, he didn't give Thirza a chance to speak, and deliberately raised the volume to let the people around hear him. "We even booked the engagement banquet! But this bitch..."

Suddenly, a slap fell hard on Mrs. Moore's face.

Everyone couldn't believe it, and looked at Thirza one after another!

Even Mrs. Moore was stunned, for no reason, she was slapped by Thirza!

Still in front of everyone!

Chapter 286 Benjamin is Coming

At this moment, Mr. Moore and Michael couldn't sit still, and hurried over. "You are..."

"Bite a bitch in front of me, come to my place to bully my niece? Really think I'm Thirza a vegetarian!"

Everyone was shocked when they heard it...

niece??

Isabella is Thirza 's niece??

How is it possible, isn't Thirza still unmarried? ?

A person who doesn't even have a spouse, where can he get a niece??

Did you admit it??

The faces of the Moore people and the Brown family were shocked...

“I remember that I don’t know you well, so I didn’t invite you to the dinner tonight, did I?”

As soon as Thirza finished speaking, a person hurriedly walked out of the crowd, and said respectfully, “I’m sorry, Thirza, I invited you...”

“You are not very good at recruiting people, and you must not do a good job at work. If I don’t see your resignation letter tomorrow

morning, then I will block you in this industry!”

When the man heard this, his legs went limp in fright. “Thirza, Thirza...”

“Still getting out!”

“Yes...” The man didn’t expect to lose his career because of this. and looked at Moore and the Brown family with resentment in his eyes!

Thirza looked at Moore and the Brown family coldly, “I invited my niece for three years, the little girl finally came to my dinner party, but I was disturbed by you self-righteous things.”

“Madam Thirza...”

Before Mrs. Moore could finish speaking. Thirza continued, “My precious niece, I can’t bear to speak too loudly, Mrs. Moore is quite majestic? Did you come to my place to teach my niece a lesson?”

“Madam Thirza, please listen to my explanation...”

“My niece needs you to teach me a lesson? You little wealthy families of all ages don’t know the rules. Today, I, Thirza, will teach you what the rules are!”

Thirza raised his hand again and slapped Mrs. Moore hard.

Everyone was shocked again and gasped.

“Respect is mutual. Since you don’t respect my niece, then I don’t need to be polite to you!”

After Thirza finished typing, he picked up the sterile towel on the servant’s tray and wiped his hands, then threw it aside in disgust.

“Just now I clearly saw that it was your son pestering my niece, who already has a fiancée, and even grabbed my niece’s hand. Someone. come and interrupt me.”

When everyone heard it, they were speechless!

Thirza’s nickname of “Iron Lady” is not fake, she has always been vigorous and resolute, and she is not afraid of heaven and earth!

Now that Moore and the Brown family don’t have eyes, they provoked her!

It must end badly.

“You can’t do that!” Mrs. Moore immediately stood in front of his

son.

Mr. Moore also protected his son, "It will be my son's engagement banquet in two days..."

"Oh, what does it have to do with me?" Thirza obviously didn't take them seriously, but they were just two small families, running up to her to put on airs?

Harris hurriedly stood up and explained, "It was Isabella who beat my fiancée today, and ordered my fiancée's family to be sent to a mental hospital. That's why I'm so angry, I want to ask why!"

It's good that Harris didn't make a sound. When he made a sound, everyone knew that the Brown family was sent to a mental hospital today...

"So it's rumored that something happened to the Brown family today and they were sent to a mental hospital?"

"I didn't expect the Lady of the Brown family to be beaten. What's

"So they're coming from the mental hospital for dinner tonight?"

Michael and Gail managed to hide this matter, but Harris revealed it, and they were extremely embarrassed!

And Mrs. Moore was completely stunned, "What mental hospital? Daisy was beaten? What happened?"

How come her silly son never told her about it!

"You will bully my precious daughter in the auction today, is it reasonable?"

Now, everyone follows the prestige

I saw Eloise walking towards them angrily, protecting Isabella and saying." Who slapped Daisy 's face in the end, have you asked clearly?"

Everyone was even more shocked!

What does Eloise mean by that??

How did the little girl in front of me become her daughter again??

Is it the goddaughter you just met??

No matter when they recognized each other, as long as they got involved with the Logan Family, the Moore and the Brown family would provoke two big families today!

The point is, there seems to be something hidden about Daisy being

beaten?

The three members of the Moore family were shocked. Isabella turned out to be the flesh and blood of Williams and Eloise ? dear?

Oh, by the way, in the last news report, it was written full score No. 1 Isabella...

Isabella's surname is Logan...

Could it be that she is really the biological child of Williams and Eloise...

It's over!

Mrs. Moore asked Gail in a low voice, "Why didn't you tell me about Isabella 's identity..."

“I didn’t I stop you just now and tell you not to trouble her...”

“you...”

Mrs. Moore was suddenly very angry.

\*

And Harris looked at Daisy in disbelief, “Who slapped you on the face? Why did Mrs. Logan say you bullied Isabella? That’s why you were sent to a mental hospital?”

“I. Brother Harris, you listen to my explanation...”

Harris shook off her hand, not wanting to hear her lies again!

During this period of time, he discovered that the girl had been lying, especially about Isabella, and had been deliberately hiding it!

Damn them Moore messed with both the Logan Family and

Thirza’s family tonight...

Mrs. Logan, I’m really sorry... what a farce!”

Mr. Moore didn’t expect the situation to turn out like this, and hurriedly kicked his son. “You stupid thing, what are you doing in a daze, don’t hurry up and apologize to Mrs. Logan, Mrs. Thirza, and Isabella!”

Harris did not expect that this girl, Isabella, would once again stand on the top of the unattainable...

How on earth did she do it...

Why are there so many identities...

Any one of them is much better than the two of them!

"Apologize soon?" Mr. Moore patted the back of his son's head.

Harris endured the pain and humiliation and walked in front of Thirza, "I'm really sorry, I misunderstood Isabella, I didn't intend to make trouble in your territory, I'm sorry."

Thirza turned his face away, not even giving him a straight look.

Harris looked at Eloise again, "I'm really sorry, please forgive me

this time."

Eloise put her arms around Isabella's shoulders and said very firmly, "I will not forgive anyone who bullies my daughter!"

Harris had no choice but to look at Isabella, "Isabella, I'm sorry, I misunderstood you again without checking clearly, please forgive me!!"

Before Isabella could speak, she heard a calm voice behind her.

"Why, the person who bullied me just wanted to turn the page with a light apology?"

Everyone followed the prestige and saw that it was Benjamin, everyone was shocked....

"Mr. Mason..."

Mr. Mason ?”

Mr. Mason...”

Too many guests greeted Benjamin, and Benjamin just nodded slightly, which was considered to be all in response.

Chapter 287

Isabella was a little surprised. “Why are you here?”

“If you don’t come, you won’t know that someone is bullying you.” Benjamin patted her head and looked at Mr. Moore coldly. “Is Mr. Moore planning to educate the child himself, or my people will help teach him?”

When Mr. Moore heard this, his legs were so frightened that his legs went limp, and he smiled again and again, “Well, I won’t bother Mr. Mason with such a small matter...”

Looking at the intimate behavior of Benjamin and Isabella, they are clearly a couple!

Knowing that his son got into a catastrophe today, Mr. Moore had no time to regret it, so he could only wipe the cold sweat from his forehead, gritted his teeth and walked towards his unfilial son.

“dad...”

Before Harris could finish his sentence, he slapped his father firmly.

“You rebellious son! Mr. Mason’s people, you can touch their hands!”

Harris was raised pampered since he was a child, but he was almost knocked to the ground by his father's sudden slap.

"Brother Harris..."

Daisy was terrified, she didn't expect Mr. Moore to hit her son so

hard.

It's good that she didn't make a sound, but as soon as she made a sound, Mr. Moore noticed her, with a flash of resentment in his eyes, "Your account, I'll settle it with you later!"

Daisy was quite frightened, and vaguely felt that the eyes of the surroundings fell on her, and her face was a little embarrassed.

The slap just now made the corner of Harris' mouth bleed.

But Mr. Moore didn't intend to let him go, and slapped him several times in a row, "You bastard! I'll take this opportunity to educate you today! Remember it clearly in the future, Mr. Mason's people. Roll as far as you can! If you dare to touch it again, I will chop off your hand!"

Harris was slapped until his eyes were staring and his ears were buzzing. He never thought that the godlike man was actually Isabella 's boyfriend.

Before, he thought that Isabella was indifferent to him because she was angry because she chased her some time ago and disappeared after chasing her.

He thought it was because he chose Daisy instead of her, decided to get engaged to Daisy, and abandoned her...

So Isabella hates him!

Because I couldn't get him, I made trouble on purpose...

I dare not talk to him because Daisy is there...

Unexpectedly, after a long time, people didn't take him seriously at

all!

Her boyfriend is the richest man in the world, the man standing at the top of the pyramid, young and handsome, rich beyond compare.

How could people fall in love with him?

Harris laughed at himself in his heart, no wonder Isabella showed a look of disdain and indifference every time she saw him.

It turned out that people really looked down on him, despised him, and even thought he was mentally ill!

And he waited until this moment to find out...

shame!

It's really embarrassing!

"Do you remember clearly?" Mr. Moore was tired of slapping, and he slapped hard again.

Harris curled up on the ground and was kicked by his father, almost blinded by the pain.

In his life, he had never been so ashamed!

Especially in front of so many prominent people!

“Mr. Moore, once you’re old, don’t get tired...”

At this time, Thirza kindly dissuaded.

Mr. Moore didn’t expect that Thirza would help to speak, and felt that his tactic of righteously exterminating relatives was very useful, so he hurriedly thanked, “Thank you Mrs. Thirza for your concern, then this matter...”

you

“It’s better to use some tools and save some effort. After all, have to educate him when you go back..... I happen to have tools at home! Wait a moment, and I’ll get them for you.” Thirza ordered someone to bring a club.

Mr. Moore didn’t expect that Thirza was not helping him, but adding fuel to the fire, and his face turned ugly.

“Fortunately, you came today and taught yourself, otherwise all of my people are young, vigorous and strong. If you accidentally hurt your son, then you, Moore ‘s incense, will be...”

Thirza ‘s meaning is obvious.

Either you continue your education with a bat, or my people come. If you accidentally get hurt, don’t blame us!

Mrs. Moore was so distressed, but she couldn’t stop it, after all, her son offended three families at once today!

All of them have distinguished family backgrounds!

I can only smash my teeth and swallow it in my stomach!

Mr. Moore closed his eyes, raised his club, and hit Harris one by

one...

“You unfilial son, wicked beast, Moore ‘s face has been completely humiliated by you...” He slapped him for a long time.

“Mr. Moore, forget it, don’t hit it.” Thirza stopped again, “I don’t think the effect of this bat is very good. Come and change Mr. Moore.”

Everyone:???

In terms of ruthlessness. the Iron Lady is still ruthless! Ordinary people really can’t stand such a vigorous and resolute style of work!

Mr. Moore was stunned, “Mrs. Thirza...”

“This one is strong and easy to use!” Thirza handed a knife to Mr. Moore, smiling and looking very sincere.

Mr. Moore repeatedly declined. “This is not good...”

“Why not?” Thirza suddenly slapped Harris’ hand hard.

As luck would have it, it was Harris who touched Isabella ‘s hand.

Maybe he didn't expect Thirza to act like this, Harris screamed in pain and trembled...

Thirza raised his eyebrows as if nothing had happened, and greeted everyone. "Did you hear that? This effect is better than just now..."

Everyone:!!!

"I beg you to let my son go! My son is already like this... I. I kneel down for you!" Mrs. Moore cried and knelt down in front of Thirza.

Thirza looked at the knife in his hand and said with a smile, "It's no use begging me."

Mrs. Moore had an epiphany, knelt down in front of Isabella again, kowtowed and cried bitterly.

Isabella, my aunt wronged you just now. I thought it was your entanglement with Harris. It was all aunt's fault. Auntie kowtowed to you to admit your mistake. Can you spare Harris?"

Mrs. Moore kowtowed several times in succession, "It's all because

of my aunt, who doesn't distinguish between indiscriminate and wrong, and believed the wrong words of the villain!"

Hearing the word villain, the three members of Michael's family were all shocked, lest this incident would involve them.

"Auntie is wrong. Auntie will never dare again. Auntie will definitely keep Harris away from you in the future, okay?"

"Is Mrs. Moore making things difficult for my fiancée?"

At this time, a cold voice suddenly sounded, and then everyone saw Benjamin hugging Isabella in his arms, looking at Mrs. Moore with cold eyes.

fiancée??

Mrs. Moore 's tears were stuck in her eyes.

Everyone was shocked, fiancée?!

The girl in front of me turned out to be Benjamin 's fiancée?!

It's over for Moore!!

Mr. Moore's mind flicked and went blank for an instant.

Harris, who was in pain, couldn't believe it. Isabella was not Benjamin 's girlfriend, but his fiancée?!

The status of a fiancée is much more important than a girlfriend!

It's over, it's really over for today!

"It's not too much to pay for touching my fiancée?"

Mr. Moore knew that his son would have to pay a heavy price today, so he bent down humbly, "No, not too much..."

"dad??"

Mr. Moore took the knife from Thirza's hand, and looked at his son with mixed feelings, "If you want to blame, blame yourself for not being good-looking, and touching someone you shouldn't touch!"

## Chapter 288

“Dad!” Harris reluctantly moved back, absolutely unable to believe that his father was really determined to attack him.

“Which hand did you touch someone?”

Seeing his father approaching step by step. Harris’ voice was full of tears. “Dad, I won’t dare anymore...”

“I asked you which hand touched someone!!”

“Dad!!” Harris was shaking with fear and crying.

After a while, there was a scream from the garden, piercing the sky.

Benjamin covered Isabella’s eyes, and said softly, “Don’t look.”

The picture is not suitable for children.

Isabella took his hand away and say that Harris was bleeding from one hand...

Although he didn’t break his tendon, he left a long scar on his arm. It is estimated that ordinary doctors can’t help him, and he can only leave the scar for a lifetime.

Mr. Mason, I don’t know if you are satisfied with the result...” After Mr. Moore finished making a move, the first thing Mr. Moore did was not to see his son’s injury, but to bend down in front of Benjamin to ask for instructions.

Seeing his humble and respectful look, Benjamin’s voice was as

indifferent as ever, "You asked the wrong person."

Mr. Moore hurriedly bent over and turned to Isabella, " Ms. Young, I don't know if this is okay? Can you let us go... I will continue to teach this unfilial son a lesson when I get home in a while!"

"Yeah." Isabella said indifferently, "Let's go.

Mr. Moore immediately bent down even lower, "Thank you, Ms. Young, then we'll get out of here, so you don't get in the way of your eyes..."

Daisy pretended to help Harris, but was pushed away by Mrs. Moore before touching anyone, "You bitch, it's all because of you!"

Daisy looked surprised, "Auntic..."

"If you hadn't been fanning the flames in Harris' cars, why would Harris have gone to Isabella to stand up for your family?"

Mrs. Moore and her husband helped up their son, wishing they could strangle this little bitch to death!

Michael and Gail signaled their daughter to stop meddling and were about to leave when Benjamin said. "Slow down."

The three members of Mr. Moore's family immediately turned their heads, thinking that Benjamin had repented again, their faces changed in fright, " Mr. Mason..."

Didn't Isabella agree to let them go?

"I didn't let you go."

Realizing that Benjamin was talking to the Brown family, Mr. Moore's family breathed a sigh of relief and hurried away with

their son.

Michael looked at the aloof Benjamin in fear, with a humble and flattering tone." Mr. Mason, I don't know what else you can teach me?"

Benjamin didn't answer his words, but looked at Thirza, "Borrow a few people for use."

He only brought Green here tonight, not many people.

Thirza replied straightforwardly, "No problem, use whatever you want."

Benjamin said coldly, he didn't even bother to say a word of nonsense. "Drag it on, beat me up.

Green stepped forward and grabbed Michael 's arm first.

As soon as Thirza waved his hand, several bodyguards immediately stepped forward to grab the others

"Mr. Mason, is there some misunderstanding? What happened tonight has nothing to do with us..

"Clearly that kid Moore touched Isabella, we didn't do anything... let us go, let go..."

"Sister, say something, sister..."

Isabella felt irritated when she heard Daisy 's voice, and Benjamin noticed a trace of hostility in her brows, and added, "That girl...teach her a lot while she's young."

Isabella was a little surprised, I didn't expect Benjamin to be able to sense her emotions, and even asked Daisy to beat Daisy a few more

times...

The surrounding guests were amazed, they never expected to eat so many melons at the charity dinner tonight...

Seeing Michael's family of three being dragged away. Thirza walked to the center of the stage, raised a charming smile of a mature woman, "I announce that tonight's charity dinner has come to a successful conclusion, thank you for participating!"

round? Full? Knot? bundle?

All the guests were surprised again and said:

"Yes, it is very satisfactory. If someone asks about it tomorrow. I will say that the donation session tonight is very impressive!"

"That's right, that's right, the Brown family is really picky to the extreme. I must bring this matter up..."

"Apart from this, nothing else seems to have happened?"

"My memory only stays in the donation link..."

"Me too."

"I drank too much tonight, I guess I won't remember anything tomorrow..."

Seeing that each of them had a strong desire to survive, Thirza smiled and said, "Then I won't send you off."

“Mrs. Thirza stay here.”

“Farewell.”

“Goodbye.”

the screams of the three members of the Brown family came from the back garden, but the other guests seemed not to hear them, and left the front garden talking and laughing.

No one dares to talk about the Brown family ‘s shit!

“Isabella, this is your fiancé?” Thirza reached out and shook hands with Benjamin, raising a successful woman’s smile, “I didn’t expect you to change into my niece and son-in-law!”

“It’s a pleasure to meet you, Auntic.”

“You’re pretty darn good! I didn’t realize Isabella called me aunt, why do you call me aunt, how old do I think I am?”

“Auntie has always been graceful and graceful, there is no old saying.”

“My Isabella was deceived by your mouth, right?” Thirza smiled, and looked at Isabella again, “Auntie is waiting to drink your wedding wine.”

What this means is that she recognizes this niece and son-in-law!

“Not so fast.” Isabella didn’t refuse, this answer surprised Thirza a bit.

“I’m causing trouble for Mrs. Thirza today.” Williams didn’t expect that the charity dinner tonight would turn out like this.

“What’s the trouble? It’s just because I’m on my own territory, so I can better vent my anger on Isabella, right? Originally, I also wanted to find a chance to deal with them. That kid Moore just hit the gun, which just saved trouble.”

“We’ll visit again when we’re free.” Eloise hugged Thirza and warmly invited, “You can come to our house when you’re free.”

“I will definitely go, and I will definitely visit you when I find a time.” Thirza hugged back, and then hugged Isabella.

“Those three things, take it easy.” Isabella reminded aloud, don’t play with people.

“Don’t worry, I will definitely take a breath! I still want to see how they go bankrupt. It must be very interesting.”

Seeing Thirza ‘s beaming look, Isabella couldn’t help laughing. “Then let’s go.”

“Come and find Auntie when you have time!” Thirza couldn’t help nagging, “You can also call Auntie once in a while! Don’t let Auntie call you every time.”

“knew.”

“Then drive slowly on the way back, pay attention to safety...”

Thirza sent them to the door, Eloise suddenly said, “Oh right, I suddenly remembered that I have something to do, Isabella, you go back by Benjamin ‘s car, the chef is not feeling well tonight, no one is making supper, you and Benjamin go casually How about some food outside?”

Isabella :...

Is this meaning too obvious??

Don't you just want the two of them to stay together for a while and go back after supper?

"I'll take care of Isabella." Benjamin was the first to agree.

Isabella :...

Chapter 289 Ingratitude

the other side.

The house that Michael used to live in has been sold.

Adjacent to the original house is one of the villas owned by the old lady.

Before Gail attended a charity dinner, he once asked the family nanny to pick the door lock of the old lady's villa and move in directly.

Otherwise, their family of three with four or five nannies living in a hotel every day is not a solution!

Not long after the four or five nannies had just moved in, a plainly dressed woman suddenly came in front of the villa where Michael used to live. When she learned that Michael had moved to the next door, she found the next door again

When one of the nanny saw her, she immediately lowered her face. "Why is it you again? Didn't I tell you not to come here?"

"I heard that two days is Daisy 's engagement banquet..."

The woman's tone was humble, and before she finished speaking, the nanny rolled her eyes. "What's your business with my lady's engagement banquet? Don't take a pee to see what kind of virtue you have! The Brown family won't invite you to attend! If you don't leave, we will call the property security!"

When the woman heard the words, a look of depression flashed in

her eyes, and she quickly explained. "I don't want to attend the engagement banquet..."

At this moment, a van drove quickly and stopped at the door of the Brown family.

Before the nanny and the woman could react, they saw Michael, Gail and Daisy being thrown out of the car.

The van left like a gust of wind.

The three people who were thrown out of the car were tied with ropes, their noses were bruised and their faces were swollen, and their mouths were stuffed with smelly socks.

The nanny was surprised for two seconds before she realized, "Master, madam, miss! What's wrong with you? Come, come quickly! Master, madam, miss is injured! Help them into the house!"

Daisy? How did you get beaten like this?" The woman outside the door rushed up immediately, just about to untie the rope on Daisy's body.

Daisy bumped her away with her body, "What are you doing here! Didn't I tell you to roll as far as you can!"

Daisy, Mom wants to..."

Before the woman finished speaking, Daisy interrupted impatiently, "What mother! This is my mother! Mom, are you okay? Did you fall somewhere?"

Looking at the well-behaved and sensible daughter in the past, asking about Gail's health, but her nose is not her nose, her face is not, her face...

Viv's heart is not feeling well.

Gail was supported by the servants to stand up, and just as the rope on her body was untied, she raised her hand and slapped the

woman!

"I gave you 100,000 before and you don't want it. Why, do you regret it? Came here again?"

Gail mocked without waiting for her answer, "Did you find out about the fact that our family spent 12 billion to buy the land today? You know we are rich, so you want to talk to the lion?"

The nanny at the side gave Viv a blank look, and added coldly, "Ma'am, she just mentioned Miss Daisy's engagement banquet..."

"Heh, you don't want to attend Daisy's engagement banquet as a mother, do you? Bah! Let me tell you, there is no way!"

Seeing Gail's aloof appearance, Viv handed the things in his arms forward, endured the humiliation and said, "Daisy, I heard that you are getting engaged, this is an engagement gift for you."

Daisy frowned when she heard this, obviously knowing that the broken bag contained no good things.

At least not bank cards, or expensive jewelry.

"I know that you are not short of money, and you must have everything you want for your engagement banquet, so I embroidered a set of mandarin duck bedding for you, including a bed cover, quilt cover, and a pair of pillow covers, which symbolize the love between husband and wife, and a happy marriage for a hundred years..."

Gail rolled her eyes, thinking it was a good thing, really, wasting

time listening to a bunch of nonsense!

“I don’t need these things, you take them!” Daisy held Gail’s hand and was about to enter the door.

“Daisy!” Viv hurriedly called to her, looking at her daughter’s strange back, with tears in her eyes. “This is the last time I will see you, and I won’t show up in the future... Just accept it! Accept it I’ll go!”

It can be regarded as the best wedding gift she gave to her former daughter.

Daisy was a little impatient and gave the nanny a wink, and the nanny snatched the bag from Viv’s arms.

That rude action and look of disdain undoubtedly trampled on Viv’s dignity.

“Our lady has accepted them all, why don’t you leave?”

“Daisy...”

Just as Viv was about to say something, Daisy became impatient, “I’ve accepted it, what else do you want? Didn’t you see that we were all injured? We want to go into disinfect the wound and apply some ointment, is that okay?”

Viv’s eyes were blurred by tears, he nodded, his voice was crying, “I wish you happiness.”

Daisy’s body froze instantly.

“Call the property management and tell them to be more careful in the future, don’t let any messy people in!” Gail’s posture seemed to regard this place as his own home and himself as the hostess!

Viv hadn't gone far, when he heard Gail 's words suddenly, he smiled self-deprecatingly.

Over the years, she worked hard to bring Daisy to eighteen years

old.

After Daisy recognized her ancestors, Michael and Gail wanted to give her 100,000 USD as a thank- you fee, but she didn't want to. She just wanted to see Daisy when she was free, but Daisy didn't recognize her and didn't want to have anything to do with her, the The Brown family also refused to visit her again.

She has come here a few times with a cheeky face, but every time she was chased away by the servants...

Although she knew that Daisy now recognized her ancestors and returned to a wealthy family, her life must be better than before...

But Daisy doesn't miss her kindness, which still makes her sad.

"What the hell! The embroidery is really ugly!" The nanny opened the bag as soon as she entered the house, took out the contents, looked at it and said in distaste, "This needlework, if you don't know, you might think that our Brown family can't afford a bed. " It's a second-rate product bought at a roadside stall!"

Gail glanced at it and said coldly. "Throw it away!"

Even if Daisy gets married in the future, how can she sleep with such rough bedding, she will have nightmares!

Daisy glanced at the mandarin duck on the pillowcase, and vaguely remembered that when she was a child, Viv embroidered in front of the lamp every night in order to pay her tuition.

Viv embroidered flowers very well, among which mandarin ducks

were the best, and the embroidered mandarin ducks were lifelike. In that slum, every family would like to ask Viv to embroider a pair of mandarin duck pillowcases for happy events.

Viv also earned some extra money, paid tuition fees, and had money to buy sweets for her daughter.

But those days were too bitter, so bitter that Daisy still doesn't want to recall it a second time.

Such a humble life is so different from the Brown family!

The nanny threw the bedding into the trash can, and said in distaste, "When Miss Daisy marries Moore, she will naturally use the most popular, most comfortable and best-looking bedding! I think that Viv deliberately let the Moore people know, Miss has a shady past! I deliberately used this thing to disgust people! I want Miss Daisy to feel uncomfortable after seeing it!"

Gail didn't want to hear about Viv anymore, and raised her hand, "Go get the medicine box."

Chapter 290 It's Really Over

Tonight they were beaten up by Thirza 's people, and they were in pain all over, and they didn't have the mind to reason so much.

"Ma'am, wait a moment, I'll go and see if there's a medicine box here, and find out where to put the medicine box..."

This is not their villa after all!

After a while, the nanny finally found a medicine box, opened it, and found that some medicines in it had not expired.

Michael was in so much pain that he couldn't even stand still, he lay on the sofa and let his servants take the medicine, "Take it easy... oh my old waist..."

"Mom, tell me, how could Isabella be Williams and Eloise's biological daughter? How could she be Benjamin's fiancée? She is also the granddaughter recognized by Mr. Will, the niece

recognized by Mrs. Thirza..."

With so many identities, each one is nobler than them!

who was disinfecting Daisy's wound was shocked when she heard this, and exchanged glances with the other nanny. I didn't expect Isabella's status to be so honorable!

Too bad, I neglected her before!

It's too late to regret now!

Daisy was lying on the sofa, allowing the servants to apply the

medicine, gritting her teeth, extremely unwilling!

Why, why all the benefits are taken by her bitch!!

Gail lay on the sofa, reluctantly said, "We, the Brown family, have raised her for eighteen years. It's kind enough not to ask the Logan Family for nurturing grace, but how did they treat us... Oops, take it easy! Do you want to hurt me to death?"

“I’m sorry Ma’am, I didn’t mean it...” The nanny overheard them, lost her focus for a while, and immediately apologized.

“You have to show some face. People have already said that their daughters have not received the care and care they deserve when they are with us all these years. On the contrary, our current status is all thanks to their daughters! It’s not bad that they didn’t take away everything we have now, and still want to ask for the favor of nurturing?” Michael said while crying.

Gail knew he was wrong, “I’m just talking! That Mrs. Thirza went too far tonight, she hit so hard...”

They wailed and screamed all night, and the next morning, Michael received a call, and the whole person was dumbfounded, “You, you, what are you talking about?”

After hanging up the phone. he couldn’t stand upright and fell down on the sofa.

Seeing him like this, Gail was frightened all of a sudden, “What happened?”

“Why, how could this be...” Michael couldn’t even speak, his mind went blank.

Daisy, was holding on to the banister of the stairs to move down the

stairs a little bit because of her foot pain. Hearing this, she couldn’t help but ask, “Dad, what happened?”

“Michael, talk quickly! What’s wrong with you?” Gail stroked his heart again, patted his back again, served coffee and water, and comforted him softly. Finally, Michael Only then did he recover.

“The land we bought must start construction within one month, and it cannot be bought or sold within five years, nor can it be used for bank mortgages...”

The implication is that within five years, this land can only be rotten in their own hands!

You can't use this land to borrow more money from the bank, and you can't sell it to others. Construction must start within a month! Otherwise, it is a breach of contract!!

Daisy was dumbfounded after hearing this!!

"You, what did you say? Is the news accurate?" Gail was even more unbelievable. "We don't have any money on hand now, and we still hope to sell this land to turn around! You said that we can't buy or sell within five years? Then we owe those How can you repay the loan from the township bank with millions of interest per month!"

There is also the money they borrowed from other people, and they agreed to repay the interest every month. The bank interest plus the interest of these totaled more than three million...

Their Brown Group 's current operating profit is distributed to them every month, not even half a million!

More than three million, how can they pay it back!!

I can't afford it at all!!

"Who told this news? True or false? Did you ask?" Gail asked with the last hope, "Why didn't we hear it before?"

"Other groups know about this, so the first-line big groups participating in the auction this time, because they are the only ones. with spare cash on hand, even if they hold the land in their hands for five years, they are not afraid of affecting the operation of funds..."

But they can't!!

They borrowed money from many township banks, and borrowed money from other people, and managed to get together 12 billion!

They originally planned to buy the land and sell it immediately...

Not going to keep it in hand at all!

“On the day I said I took the photo, it was mentioned in the signed document...” Michael regretted it too much!

At that time, he was so excited and happy, he just focused on signing his name, and didn't read so much content at all!

“Also, before the auction started, the organizers mentioned this issue... But we all heard the news and decided to take the land after receiving the news, so we didn't inquire so clearly...”

Gail's eyes darkened, and he hurriedly stretched out his hand to hold onto the sofa, and said after a moment of relief. “In other words, our the Brown family is really doomed this time... No wonder there are so many small groups and no one dares to take over this land... The funds are On the one hand, and on the other hand, if you get the picture, you will have to let it go for five years...”

Don't say five years, they can't afford to wait for five months!

With so much interest paid every month, how could they survive!!

“Michael, what should we do now?” Gail cried anxiously, “How can we have any spare money to start construction on such a large land, and what's more, the monthly interest of more than three million USD, how can we pay it back? I can't even afford it!!”

Michael also felt that the sky was falling, so he remained silent.

Daisy was so scared that she was trembling all over. She couldn't believe it. She thought that the Brown family would be able to make a comeback after taking pictures of this land, and she would become a wealthy lady from a young lady...

But now, everything has changed!

If Moore knew about this, her engagement party would be over!!

Mr. Moore and Mrs. Moore wanted to strangle her to death last night. If they knew that the Brown family had no spare money to start construction on this land...

Then her future will be ruined!!

No!!

no!!

Although she doesn't like Harris, at this moment, Moore is better than their Brown family!!

She must hold onto this straw firmly!!

"Dad, Mom, don't worry, don't we still have grandma? Grandma

still has shares and funds on hand...should be able to help us deal with it for a while!"

It's okay if Daisy doesn't say anything, but Michael and Gail immediately see hope!!

Yes, they still have old ladies!!

The old lady still has shares, funds, RV, etc...

How can help!

Gail, come on, let's go to the old lady..."

No matter how much I ask this time, I also ask the old lady to let go of her help!

Michael didn't even have time to change his clothes, and neither did Gail, pulling Daisy and hurried out.
