

Chased Her 301

Chapter 301 People Are Really Gone?

Rose didn't even have the strength to sit up. she kept falling down. gasping for breath, after a while, she got up with difficulty. stretched out her hand tremblingly, trying to get the phone back.

But how could Gail return the phone to her so kindly, took a step back, and smiled more wantonly. "Want? I won't give it!"

The old lady was so angry that she managed to hold herself up and just landed on one foot.

Gail guessed her intentions at once, "You are a person whose body is about to fall apart, and you still want to go out to call someone? Do you think you can get out of this door? If it weren't for the sake of money, you would have been taken away a long time ago." The bones are buried in the ground!"

Rose was still trying hard, and just as her other foot hit the ground, she heard Gail's threatening warning voice.

"Let me tell you, my patience is limited. Tomorrow, you will ask the people from the American Will Bank to come and revise the will in front of me, and transfer all the property under my name to my name! Do you hear me?"

Rose ignored her, her feet finally landed, and she was about to take a step forward.

Gail reached out and pushed her back on the bed with little effort, "Did you hear me? Are you deaf, old thing?"

Gail also stretched out his hand and grabbed Rose 's car, Rose was

Gail refused to let go, sccing Rose in pain, she couldn't express her joy.

Rose's cars were pulled by her, and the back of his head that hit the bed rail just now was throbbing again, and even his body began to be out of breath.

Seeing Rose covered her heart with both hands, Gail was still sneering, "I tell you, this trick doesn't work for me!"

This old thing can only act in front of Michael, with her, don't pretend to be dead!

"I asked you if you heard?" Gail was still threateningly grabbing her

car.

Rose curled up in pain, like a shivering rabbit, being held by the ears, completely helpless.

Seeing Rose gasping for breath, her face flushed and her eyes staring straight, Gail realized something was wrong and just let go of her hand, Rose fell down on the hospital bed and curled up even

more.

"Don't try to scare me, I won't take your set..."

Rose's throat seemed to be tightly strangled by the devil's hand. She wanted to breathe fresh air, but the oxygen in the ward seemed to have become thinner, and no matter how hard she tried, she

couldn't breathe a little bit.

"Let me tell you, don't try to blame me for this! Even if you want to die, you have to write my name on the property in your name before you die!"

Gail saw her lingering on the bed, it seemed that something was really wrong, and was about to leave, when he opened the door of the ward, he saw two nurses walking towards him not far away.

Gail was so frightened that she hurriedly closed the door of the ward, while Rose on the bed heard the movement outside the door and wanted to call for someone, but no sound came out of her

throat.

She didn't even have the strength to catch her breath, so where would she find the strength to call for help!

Finally, she heard the footsteps of the two nurses drifting away, and she was in despair.

At this point, the nurse will check the room from beginning to end. and it takes too long to find out!

After Gail waited for the two nurses to leave, he ran away in a hurry, for fear of taking responsibility.

helpless and lonely figure of the old lady was left in the ward. She wanted to get the calling bell in the distance countless times, but she couldn't get it. get out of bed...

Finally, the nurse found the ward and found the old lady lying on the ground, unconscious, and hurriedly called the doctor...

But, it's too late!

The video ended here, and the hall of more than 600 people was silent. I didn't expect Rose to be bullied like this...

Michael looked at Gail in a daze, "You, you actually..."

"Michael, you listen to me explain..."

Before Gail finished speaking, a black and white photo of the old lady suddenly appeared on the big screen!

She screamed in fright, "Ah..."

Who did it?

Daisy, who was pinned to the ground and couldn't move, turned pale with fright at this moment, why did the photo of grandma appear here? Or black and white? Has grandma already...

All the guests were shocked. Did the old lady die? Apparition? Came to settle accounts with Gail??

"Mom?" Michael was even more frightened when he saw the huge posthumous photo in front of him. Could it be that his mother died??

All the lights in the venue were suddenly turned off, and the electronic curtains were all closed. In the huge hall, only the light of the black and white photos emanated from the big screen...

Many guests were terrified and their scalps were numb!

They wanted to leave, but the door slammed shut and they couldn't even open it!

Now, the whole audience was in chaos, with screams, panic, and fear, all heard endlessly.

What's the matter?

Gail was trembling with fear, did the old lady really come to her to claim her life??

No, it's impossible...

“The Brown family ‘s engagement banquet, how can grandma be missing?”

Suddenly, a cold voice came from the crowd.

Michael looked along the source of the sound, and vaguely saw a familiar figure!

“Isabella, it really is you! I knew you were responsible for everything!” Michael couldn’t help but get annoyed, “Today is your sister’s engagement party, and if you post a posthumous photo, are you cursing your sister or cursing her?” Where’s your grandma?”

“When a person is dead, shouldn’t the posthumous photos be displayed?” Isabella walked from the crowd to the front of the stage. step by step. with a hint of sarcasm in her cold eyes.

“Is she Isabella ?”

Many guests came to their senses. Could it be that she is the genius girl Isabella that Elder Mrs. Brown said gave the Brown family resources, helped the Brown family deal with the mess, and made the Brown family the richest man in Winter Town?

Simply beautiful!

with Daisy, there is really a heaven and an underground.

Isabella ‘s eyes were still a little red, with a hint of cold killing intent, and her whole body exuded a powerful aura, beautiful and

sassy.

“You, what nonsense are you talking about?” Michael couldn’t believe it, “What happened to your grandma? If it’s just being

rescued, we'll rush there after the wedding banquet is over! You don't have to scare us!"

Heh, by this time, what are you still daydreaming about?

The corner of Isabella 's mouth curved into a sarcasm, and she looked unattainable, "Shouldn't you kneel down and confess to grandma after seeing the photo? After all, you were the ones who killed

her!"

"What did you say? Is your grandma... gone??" Michael was stunned, as if he couldn't believe it, and then looked at Isabella again.

The girl 's eyes were full of hatred, not like she was joking.

Is the old lady really... gone??

Thinking of this, Michael seemed to collapse, covered his face, didn't want to cry, but couldn't help it, paced back and forth, and burst into tears within two seconds.

Chapter 302 Kneel Down and Repent

How could this be!

How could the old lady leave so suddenly!

After this death, all the wills she made before her death belonged to Isabella!

Now the Brown family is really finished!!

Michael was in so much pain that he didn't notice Isabella stepping up to the stage and kicking Gail in the hamstring.

Before Gail could react, his legs plopped and he knelt on the ground, right in front of the photo of the old lady.

Isabella grabbed her hair and forced her to bow her head ten times, so fast it was astounding.

Gail's forehead was bleeding, and he yelled, "You bitch, how dare you..."

It's just a teenager, how dare you treat her like this!

Isabella kicked her to the ground, not wanting to listen to her nonsense at all, stepped on her back, looked at Mrs. Moore coldly, "Get out of the way."

Mrs. Moore, who was riding on Daisy, was stunned for a moment. She didn't expect Isabella's aura to soar so high in an instant, so she stepped aside subconsciously.

She probably wanted to settle accounts with Daisy...

Vouchers

Thinking of this, Mrs. Moore moved a few steps to the side, for fear of being involved.

"elder sister..."

"Another shout, and I'll cut off your tongue and feed it to the dogs."

How could Daisy not know that the mother killed the old lady, and Isabella came here specially to settle the score with their family!

But there were more than 600 pairs of eyes watching her, if she dared to make trouble here, she would definitely go to the bureau to drink coffee later!

Thinking of this, she was still playing the role of Bai Lianhua, "I just want to remind you... so many people are watching, you should let mom go, otherwise..."

Isabella snatched the microphone from the host at the side and slammed it right on Daisy 's mouth.

Daisy was hit in the mouth suddenly, covered her hands with pain, and her mouth was bleeding.

This Isabella is simply too much!

Harris on the side was frightened by Isabella 's sternness and was speechless. Unexpectedly, this girl refreshed his cognition again and again.....

Isabella looked at Daisy coldly, "I'm impatient, just kneel down and confess to grandma!"

Isabella, you bloody girl..." Gail, who was trampled on the

ground, hadn't finished cursing when Isabella stomped her hard again, causing her spine to break in pain.

" Isabella, don't mess around..." Michael knew that Gail was wrong about this, but. "How can I say this, the old lady is from the Brown family, and even if you have to teach me a lesson, you should be taught by the Brown family, don't you?" suitable!"

"Who said my fiancée is not suitable?" A cold voice came from off the stage.

Everyone was surprised to find that the person who spoke was Benjamin. his cold eyes were bloodthirsty and murderous, "She is the granddaughter of Elder Mrs. Brown, and the sole heir of the Brown family estate! She is more qualified than you Here, seek justice for the old lady!"

“Mr. Mason...” Michael didn’t expect Isabella to bring Benjamin here, so he was very anxious and angry.

“I see who in the audience dares to meddle in their own business.”

Benjamin swept across the audience, and everyone fell silent immediately. Just now, there was a troublemaker who wanted to take a picture of this scene with his mobile phone. Hearing this, he hurriedly put away his mobile phone.

Who is Benjamin, that’s a big shot they can’t afford!

The Brown family killed the old lady, and the former granddaughter came to seek justice, which is not too much at all!

The point is, Daisy’s indiscretion caused Moore to lose face today. Someone wants to clean up her family, and they are too happy before it’s too late!

“It seems that your cars are not good. You didn’t hear a word my fiancée said.” Benjamin said coldly to the people behind him, “Go and help your young lady.”

This hotel is owned by Benjamin. At this moment, when he said a word, many waiters came to the stage immediately.

Isabella said coldly, “Let them kneel down and admit their mistakes.”

Two waiters pressed Michael, another two waiters pressed Daisy, and the other two pressed Gail, forcing them to kneel down and kowtow to the photo.

“Let go...let me go...” Gail struggled and was pinned to the ground again.

Her forehead is broken, still knocked?

“Isabella. I only found out about this after watching the video...” Michael was forced to hold his head and kowtowed, and could only explain intermittently, “It is true that Gail did not do well, but the most important thing right now is Let your grandma be buried in peace, and other things, we can talk about it later...”

Isabella didn't speak, and the other waiters didn't dare to stop, they kept pressing their heads and kowtowing.

The light from the screen shrouded Isabella, making her look cold and rusty, like a high-ranking queen.

Everyone knew that this girl couldn't be provoked, after all, she was Benjamin's fiancée.....

“Isabella, did you hear me?”

As soon as Michael finished speaking, Isabella gave the waiter next to her a wink, “Tell him to shut up.

“yes!”

The waiter next to him stuffed the handkerchief pinned in Michael's breast pocket into his mouth, and finally fell silent.

“Knock until they admit their mistake.”

Another waiter brought up a chair, and Isabella sat down, crossing her legs, and her whole body was very noisy.

No one in Moore expected that the quiet and well-behaved girl in the past was now exuding the aura of a big boss all over her body... everyone became frightened.

Strong, this aura is too strong.

Daisy's forehead was bleeding, dizzy, and could only say, "I, I know I was wrong. Last night, I shouldn't bother grandma's recovery, but grandma's death is really something we didn't expect..."

Although she also wished that the old woman would die quickly, at least she had to give her the inheritance before she died!

Gail couldn't take it anymore, she felt like she was going to have a concussion," Isabella, you tell them to stop..."

She can support herself, but Daisy can't, Daisy was injured just

now...

A waiter brought a cup of freshly brewed coffee and handed it to Isabella. Isabella took a sip casually and poured it on them again, "It's a little hot."

Kneel Down and Repent

"You..." Gail didn't expect the dead girl to dare to splash them.

"Brew another bucket."

When the waiter heard it, it wasn't a cup, but a barrel, could it be... He looked at the three figures on the ground and understood.

" Isabella, how dare you..." Gail didn't expect this dead girl to become more and more daring since she climbed onto Benjamin! What's more, I didn't expect that no one in the audience really cared about the life and death of the Brown family, not a single person stood up to speak out!

unacceptable!

"If making coffee is a hassle, sulfuric acid will do."

Hearing Isabella say this. Gail 's face changed, "You, what do you want to do... If you have something to say..."

"Woooo..." Michael wanted to say something, but his mouth was stuffed and he couldn't speak.

But Daisy was quite frightened, kowtowed and said to Gail in a low voice, "Mom, Isabella is so angry now, she can do anything, so let's apologize to grandma... All she wants is an apology!"

Chapter 303 This Is Just the Beginning

Although Gail was reluctant, but thinking that the dead girl Isabella could really do anything, she could only grit her teeth and said. "I was wrong, I didn't intend to kill her, who knew she was so fragile!"

That's not what Isabella wants to hear.

The kowtow was still going on, and Gail was miserable, "I really didn't want to kill her. If she died, I wouldn't get any benefits! I wanted her to sell her shares. Her shares are worth 300 million. She After the old man sells it, he can keep 100 million for himself, and the remaining 200 million is for us in case of emergency!"

Gail was pressed forcibly, and his forehead hit the ground again and again, making a dull sound.

"It's not that I won't pay it back! After five years, we will return the money to her. When the value of the Brown family rises, her money can be used to buy shares, and the shares will also increase! How nice, she won't agree!"

The more Gail talked, the more he felt aggrieved," Michael also said yesterday that he can write her a guarantee letter, otherwise the group will collapse, and it will be useless for her to keep the 30% of the shares! It's because she is too stubborn!"

“Mom, mom!” Daisy lost track of what she was saying, obviously angering Isabella, and hastily reminded in a low voice, “I want you to apologize! Don’t say anything else!”

Gail realized that he had gone too far, and said aggrievedly, “I didn’t want to kill her, she died suddenly, it’s not what I expected!”

Isabella raised her eyes and glanced at the time on the big screen. knocked on it for a full ten minutes, then stretched out her hand to stop the waiter from continuing.

The six waiters stopped at the same time, and Gail secretly heaved a sigh of relief, the dead girl must have been touched by the words just now!

This dead girl is really easy to fool, she will believe anything she

says.

And Isabella counted the time, it was almost now, the door of the hall was suddenly opened, and seven or eight policemen walked in.

“What is this doing?” the leading policeman asked sharply as soon as he entered the door.

As if seeing a savior, Gail shouted excitedly. “Mr. Police, you came just in time. The dead girl forced me to kowtow just now. You can see that my forehead is bleeding. Also, she kicked me and stepped on me again. Her back was trampled! She even poured hot coffee water on me and my daughter! Look, all three of us are kneeling here, all because of her force!”

Seven or eight policemen followed the sound source and came to stand in front of Gail. They saw their family of three kneeling on the ground, and the girl next to her was sitting on a chair with her legs crossed, looking disapproving.

Gail coldly, “Do you have evidence?”

“The audience of more than 600 pairs of eyes saw all of them!” Gail said this, looking at the audience, hoping that someone would stand up and testify.

But the leader of the police questioned all the guests, but no one stood up to speak!

The whole hall was silent.

Gail was a little anxious, “You, you... She was so arrogant just now, and you are not blind! You have clearly seen it, don’t be afraid of her power, no matter how powerful you are, you can’t act recklessly in front of the law, you can’t challenge the bottom line of the law!”

Still no one came forward to speak out, and the leading policeman asked again, but still no one came forward to say a word.

“Ma’am, if you say anything indiscriminately, Ms. Young can sue you for slander.”

Hearing what the leading policeman said, Gail became anxious immediately. “It’s obviously this dead girl...”

Wait, these policemen just arrived, how do they know the name of this dead girl!

Do they know each other?

Thinking of this, Gail suddenly had a bad feeling.

“It’s just in time.” Isabella kept her legs crossed and looked like a big boss, “I reported with my real name that someone killed my grandma here, and everyone saw the evidence just now.”

The leading policeman looked at the other guests, and many guests immediately stood up and spoke.

“Yes, we saw it. It was this woman who beat and scolded Elder Mrs. Brown. The old lady was stimulated, and the rescue failed in time!”

This is Just the Beginning

“I saw it too. The old lady’s ward is equipped with a surveillance camera. Everyone here has watched the surveillance!”

“I can also testify that the old lady was killed by this woman!”

“It’s her!”

“She is the culprit!”

Gail was really cyc-opening, just now she needed someone to testify for her, but no one stood up...

Now that Isabella said a word, they stood up without hesitation?

Never seen such a dog!

“I have already sent the evidence to your official mailbox. In addition. I reported Michael and Gail in real names. I scared Hugh’s daughter from the Brown Group into illness, causing her to suffer from depression. Director Li passed away carly because of their heart attack. There is also Wang Lan, a staff member of the American Will Bank, who was intimidated by them, and was so frightened that he lost his mind.”

When the leading policeman heard this, he immediately raised his hand, “Take the two of them back and file a case for investigation!”

“There’s no need to look it up. I have the evidence of their persecution of these people and the evidence of kidnapping and threatening other victims. I have already sent it to your official mailbox half an hour ago!”

“Take them back!” The leader of the police gave an order, and immediately several subordinates stepped forward and handcuffed

Michael and Gail’s hands.

Isabella appreciatively.

“Don’t take my parents away...” Daisy saw her parents being handcuffed by cold handcuffs, the sky was falling, and she rushed

over, “Dad, Mom...”

what to do?

What should she do?

How can she save them?

“My dear daughter, hurry to find your uncle...” Gail had just finished speaking.

Isabella on the side interrupted casually. “I have also sent the facts about their family evading taxes and committing crimes to the police. At this point, they must have been invited to the police station for questioning.”

“Okay, okay you Isabella...” Gail was really angry, this dead girl just wanted to ruin their reputation and lose everything!

“Oh, by the way, I still want to report her. Without my grandma’s consent, I pried open the door of my grandma’s villa and moved in with my servants...”

All the guests heard Isabella 's words, this is too shameless, right? How could Gail do such a thing?

The leading police officer nodded and said to his subordinates, "Write it down and investigate together."

"Mr. Police, this is all a misunderstanding... The old lady agreed to

lend us the villa before she was alive!" Gail was still quibbling when she was taken off the stage. "Don't listen to the nonsense of this dead girl, how could we pry it open? What about the old lady's door lock... Without her consent, we wouldn't be able to do such a thing!"

"Your family's nanny has already confessed, you ordered it, the evidence is conclusive..." Isabella said this, got up coldly, walked to Gail's side, and curled her lips coldly. "This is just the beginning."

Chapter 304

How did grandma die? Next, she will get back twice as much!

"You. what do you want to do..." Gail was a little scared, "Mr. Police, this dead girl threatened me, she just whispered threats in my car..."

"take away!"

The leader of the police gave an order, and Michael and Gail were immediately taken away under the watchful eyes of everyone.

"Let me go..." Michael had never been so humiliated!

It can be said that the moment he photographed the land was so beautiful, and this moment is so embarrassing!

"I didn't commit a crime. The old lady has a bad heart. I can't blame anyone!" Gail was still struggling, "Let go, I want to see my lawyer, Daisy, call me a lawyer..."

Oh, the money is gone and you still want to hire a lawyer?

Isabella curled her lips coldly.

The leading policeman said respectfully, " Ms. Young, then they..."

"Closed for now, don't need to interrogate, I will take someone to deal with it in a while."

"yes."

Gail suddenly found out that the police officers in charge are very

respectful to Isabella, needless to say, they must know each other!!

It's over, the old lady is dead, will she be beaten to death by Isabella ?!

Daisy also found that begging anyone is not as effective as Isabella. so she rushed to Isabella after the police left.

"Let my parents go! You can come to me if you have anything..."

"Do you think you can escape?" Isabella looked down at her coldly. "Don't worry, it will be your turn soon, I want you to double everything you have done to grandma! None of you can escape Lose!"

Daisy froze for a moment. felt a chill down her spine, and received a blow to the head.

Harris looked at the back of the girl Lengsha, she was hugged and left by Benjamin, the two looked so well matched...

“Brother Harris...”

Daisy has nothing to rely on now, only this man in front of her.

But Mrs. Moore pushed her away immediately, and said disgustedly. “I warn you, don’t pester my son in the future! Shameless bastard! If you dare to miss my son again, I will beat you every time I see you!”

It’s really unlucky. I thought that by holding this engagement banquet. I could get 6 billion. I didn’t expect that the Brown family didn’t have the strength to hold this land in their hands for five years. In other words, they didn’t have the 6 billion. Can’t get it!

The Brown family just took this half of the land, made them happy,

Speaking of which, they still have to thank Isabella, if it wasn’t for her, they would still be kept in the dark by this shit!

Regardless. Daisy raised her sad face with a cheeky face, and Freda said pitifully, “Brother Harris, what Uncle Moore said just now, I hope we will respect and love each other in the future, and share weal and woc... Uncle Moore, it’s not what you said, I hope Can the families of the two sides communicate with each other and live in friendship from generation to generation?”

“Bah—” Mr. Moore didn’t care about his image, with a disgusted expression on his face, “Harris, you are not allowed to contact her from now on, otherwise, even if I donate everything about Moore, I won’t give you half a cent!”

After he finished speaking, he apologized to all the guests in the audience, because they let them go for nothing today.

“Let’s go.” Mrs. Moore took her son’s other uninjured arm and left with him.

From the beginning to the end, Harris didn't look at Daisy more, as if he really didn't miss her anymore...

Daisy was devastated, and just returned to the gate of grandma's villa, and was surprised to find that the luggage of the family of three was left outside the door, and it was a few nannies who did it!

"What are you doing?"

Before Daisy could get angry, several nannies spat and threw objects at her.

You still have the nerve to ask us, Madam asked us to pick the old

lady's door lock, which made us break the law! If Ms. Young is not generous, let us pay 1,000 USD each, we will be detained for ten days Already!"

"I didn't expect you to be so poor. You don't even have a house in your name, and you don't have any savings. Please tell us earlier if you can't afford it, so we can find another house. Now let's move

somewhere temporarily!"

"I still think it's strange. It was supposed to be paid three days ago! Now there are five of us, each with a salary of 8,000 USD, and the compensation of 1,000 USD. Please settle it! If you don't settle it, I will tell the police, you are also instructing us to pick the door lock!"

This time, Daisy really experienced what it means to leave the coffee cold, and the down-and-out phoenix is not as good as the chicken!

"We, the Brown family, have a big business, will we be short of your salary?" Daisy was really annoyed.

"Yes yes yes, you the Brown family are the most amazing!"

"Are you still trying to scare us, saying that you are still the richest man in Winter Town!"

“It’s the old lady who has money now, not you! I heard that the old lady was killed by you, and all the property was left to Isabella, and your parents were arrested!”

“I also heard that your family has to pay more than three million USD in interest every month, and you can’t afford it at all!”

Daisy was taken aback, she didn’t expect news of the engagement banquet to spread so quickly, she was extremely embarrassed.

“Also, look at yourself, how can you still look like a Lady ?”

“Needless to say, the family must have collapsed, and those broken videos were sent out again. She doesn’t want to get engaged to her!”

“The wound on this face is probably caused by the man’s side!”

“I usually pretend to be so innocent, but I never thought that I would play so happily behind my back...”

Several nannies laughed, Daisy was annoyed and angry, “You, you...”

“Your videos have been uploaded on the Internet. I advise you to show some face and pay us your salary!”

In a word, Daisy was struck with a bang.

Her persona of pure academic bully and self-motivated lady are all collapsed now? ?

her and Ted spread on the Internet??

Isabella did it ??

Thinking of it this way, she hated that bitch so much!

“Calibrate us now! Otherwise, we will never let you go!”

“Usually being yelled at by you, I didn’t expect it to be worse than us now!”

“Hahahaha that’s...”

Several nannies stopped Daisy from leaving, pushing and embarrassing her. Finally, Daisy had to give them the ring on her ring finger.

“This ring is worth a hundred thousand! Take it!” Daisy’s tone was filled with disgust.

Harris put on her today, enough to cover the salaries of five of them, right?

“The rest, I will give you alms!” Daisy out of sight, out of mind.

But a few nannies didn’t do it, “How do we know if your ring is real? What if you fool us with a fake one? You damn girl has the most evil intentions! It’s not as good as Isabella!”

“You, what are you talking about!!” Daisy was completely irritated.

“At least Isabella is real! You have to keep this pair of ear piercings today...” Several nannies started to pick off her ear piercings.

Daisy was hurt by their rough actions, and her earlobe was bleeding. Seeing that they pulled off and left, Daisy couldn’t catch up, so she was angry and anxious, “Wait for me!”

She, Daisy, will never be so easily defeated!!

They, the Brown family, will definitely make a comeback!!

You all wait for me!!

Chapter 305 Your New Boss

On the way to the Brown Group, Benjamin held Isabella on his lap, like taking care of a child.

“Eat something first.”

In the RV, the chef brought the prepared meal in front of them, and Benjamin forked a piece of steak with a knife and fork, and brought it to Isabella’s lips.

“It’s what you usually like to eat.”

Isabella has no appetite.

“Eat a little bit.” Benjamin advised softly.

Isabella raised her eyes, and her cold eyes warmed a little because she touched him, “You stayed with me for a day today, can the group be busy?”

”

Green is here.” Benjamin fed the steak into her mouth and forked another piece for her, “Is it okay?”

“Yeah.” Isabella was chewy, and in order not to worry him, she ate something together.

Benjamin naturally knew that her grief had not passed, and the departure of her grandma was a great blow to her.

“Grandma definitely wants you to be happy.” Benjamin enlightened. while feeding her, “If she sees you depressed, she will leave without peace of mind. You are not to blame for this from the beginning to

It was grandma’s physical function that could not keep up, which led to the failure of the operation.

But the most unacceptable thing for Isabella is that before her grandma left, she was tortured!

All this is because of the three wolves of the Brown family!

Especially Gail!

“Those three people, if you think it’s dirty, let me handle it.” Benjamin fed her some more.

But Isabella insisted, “I want to vent my anger on grandma myself.”

We must not let those three things die too easily.

“Okay, come to me if you need help.” Benjamin fed her patiently. “The most important thing is, don’t punish yourself for their mistakes. It’s not you who should be punished.”

“Yeah.” Isabella listened to his gentle voice for a lot of advice, and suddenly found that this man really cared about her, and was afraid that she would be overwhelmed and do something stupid.

What a joke, those three things that are not as good as pigs and dogs are still alive, how could something happen to her?!

If something happens, it has to be them!

the other side.

The property management came to drive people away, because Michael was no longer the owner of the villa area, and the luggage

of his family of three were piled up at the gate of the old lady's villa, which was against the regulations.

Daisy endured the humiliation, and after all the good words, the property management finally agreed to give her an hour to move

out.

During this hour, Daisy called many friends, but without exception, no one offered a helping hand. It should be the news that Michael and Gail were in the game reached their cars.

In the end, Daisy had no choice but to walk to the nearest pawn shop and pawn off all the jewelry on her neck and wrist.

The owner of the pawn shop saw her in a wedding dress and looked distressed, so he deliberately lowered the price.

"Do you know what to buy? My necklace and this bracelet are top-tier international brands. I bought them for 600,000 USD at the time! You say 50,000 USD now?"

"That's the price I have here!" The pawnshop owner said nonchalantly, "If you like it, go to another place!"

"you..."

Daisy was penniless and had to be bankrupted in the end. After receiving 50,000 credit information on her mobile phone, she first called the moving company to move her luggage to the Brown Group.

It can be said that it is the last foothold of the Brown family!

In front of the Brown Group.

Isabella said to the man in the car, "You wait for me here."

"Okay." Benjamin was about to get up, but after hearing what she said, he sat back in his seat. "If you need my help, just say it."

"good."

"I'll let Old Tang go with you."

Old Tang is Benjamin's driver. He has been with Benjamin for many years and has a good eye for him.

For Benjamin's peace of mind, Isabella agreed to come down.

The front desk lady saw a beautiful and cold girl walking in with a man, she exuded a cold aura that made people shudder.

The front desk lady couldn't help standing up, "Hello, who are you looking for? Do you have an appointment?"

"Your future Boss, you don't need to make an appointment." Isabella slapped the shareholding book on the table, "Notice, a meeting will be held in five minutes, and all directors, shareholders, and executives must attend!"

The front desk lady was in a daze. She watched the girl walking towards the elevator. She was dazed for a while before calling to report to her superiors.

At the same time, Michael 's secretary also received the news and rushed to the president's office. " Miss Daisy, it's not good..."

After hearing what happened, Daisy couldn't help feeling a little angry, "What are you talking about? The new boss of this group is here? My parents are not dead yet! Who dares to be so rampant? Dare to pretend to be my parents?"

Suddenly, the door of the office was kicked open, and Isabella

"It's you?" Daisy didn't expect Isabella to find this so soon, "You are what they said, the new boss?"

Isabella sat domineeringly on the sofa, took pictures of the

shareholding book and the old lady's will on the table, and leaned on the armrest of the sofa with one hand.

Secretary Una, after you see clearly, please get out the irrelevant people."

Secretary Una was dumbfounded. He picked up the will and looked at it. It was really made by Elder Mrs. Brown. Did Elder Mrs. Brown pass away?

What happened to the Brown family today?

It was obviously Ms. Daisy 's engagement banquet, but it didn't take long to hear that Mr. Brown and Mrs. Bai were taken to the bureau for questioning, and then Ms. Daisy moved to the company with a family of three luggage, and now, Ms. Young He came to the door with this will, saying that he was the new boss of the group.

Daisy couldn't believe it, so she rushed forward and snatched it to see that it was really the will made by that dead old woman!

It states that 30% of the shares, all houses, cars, and deposits under the name belong to Isabella!

After the parents sold the shares before, the one with the largest shareholding in the entire group was that damn old woman!

Although she knew that the will was true, Daisy still couldn't help but get angry, "Isabella, your food looks too ugly? Grandma just passed away not long ago, and her body is probably still warm! You

"So what?" Isabella sat dominceringly on the sofa, looking like a big boss. "Even without this will, I am still the largest shareholder of this group!"

How can it be!!

At this time, Secretary Una found another shareholding document and hurriedly showed it to Daisy.

Only then did Daisy find out in surprise, "You bought all the equity that my parents sold a while ago? You, you..."

Suddenly, Daisy seemed to understand everything, "It's you...you. deliberately released the news, saying that if you take the land, you can double the money when you get it, and if you figure it out, your parents will sell all the shares in their hands." Exchange money..."

At the auction site that day, it seemed that all the people who went there were Isabella 's people?

Mason Group, Logan 's, Mr. Will 's Aye Group...

Could it be that everyone specially set the Brown family up for Isabella ?!

Daisy fell two steps back, she didn't expect that Isabella was so bad in her bones that she dared to plot against them like this!!

"Are you still human?!" Daisy scolded angrily, "I've never seen you hurt your parents so much!"

Chapter 306 Throwing Her Out

"That's your parents, what's none of my business?" Isabella raised her eyes and glanced at Secretary Una, "Do you want to leave with your old master, or stay and work for me?"

Secretary Una looked at Isabella and then at Daisy, as if weighing the pros and cons in his heart.

Daisy gave him a warning look, as if saying: Do you dare to change hands?

"Stay here and double your salary."

When Isabella said a word, Secretary Una immediately turned his back. "I am willing to stay and work for Ms. Young."

"Okay..." Daisy didn't expect Secretary Una to turn her face faster than a book. She was respectful to her just now, but it changed again in a blink of an eye.

"Throw her out, and throw out everything related to her. I will replace all the things they have used in this office with new ones."

"Yes, Ms. Young." After Secretary Una finished speaking, she turned her head and asked politely, "Miss Brown, please take your luggage and leave."

Secretary Una, you are too much!" Daisy gritted her teeth and stared at him, "When my dad was the leader, he did you a lot of good things!"

“But he also beat and scolded me a lot.” Secretary Una smiled,

rolled up his shirt sleeves, showing his bruised arms. “He didn’t develop well during this period, and he took it out on me in various ways, if I didn’t have a mortgage car I have to repay the loan, I have a wife

and children to support, and I have resigned a long time ago.”

It is also a good thing for him to be able to change to a new master now, the key is to double his salary.

“you you...”

“This way please.” Secretary Una gestured for her to leave.

Daisy was very angry, and glared at Isabella, “Don’t be too happy!”

Isabella raised her eyebrows when she heard that, “Secretary Una, she came into my office. I don’t know if she took something along with her, check it out before letting her go.”

“You...” Daisy didn’t expect Isabella to become ruthless now and dare to treat her like this.

“Yes!” Secretary Una made another inviting gesture, “Miss Brown, please come to the next door to cooperate.”

“What are you doing? You still want to be searched? Let me tell you, it’s illegal!”

“I will ask law enforcement to come and investigate.”

Sitting on the sofa, Isabella added in a nonchalant manner, “I suspect that the things she brought hid company secrets and let law enforcement officers go through them.”

“You...” Daisy didn’t expect Isabella to be rampant now, it’s too

much!

In the end, Daisy was searched by the law enforcement officers, and her luggage was turned into a mess. Immediately afterwards, she was thrown out of the group with her belongings.

At this time, Isabella held a meeting, confirmed her identity, announced the company’s next development direction, and salary treatment, fired several people from Michael, and left the group.

Bureau.

Gail kept wailing, saying that she was innocent for a while, and then saying that Isabella was responsible for all this. After all, she was so talkative, but no one paid attention to her.

She looked at the small room, it was empty, there was nothing there, only a lamp dangling on the ceiling, which made people feel flustered.

Not long after, the door was pushed open.

Gail thought that the lawyer Daisy had hired for her had arrived, and just wanted to get excited, but when she looked up, she saw Isabella walking in with two of her men.

Seeing Isabella, she felt frightened from the bottom of her heart, and was about to back up when she was held in front of Isabella by two subordinates.

“You, what do you want to do? This is the bureau! If you dare to mess around...”

Isabella grabbed Gail’s hair, the same way Gail grabbed the old lady’s hair, even harder than she had.

“At that time, that’s how you slapped grandma!”

While grabbing her hair, Isabella slapped her hard with the other hand and pushed her away forcefully.

Gail’s body hit the wall, and he was miserable.

At the beginning, she slapped the old lady like this, pushed the old lady away, and caused the old lady’s back to hit the head of the bed.

Gail didn’t expect that Isabella would come to restore the “crime scene” today, and she was terrified and wanted to call out, “Come, come...”

Isabella gave a wink, and one of his men immediately covered Gail’s breath.

Like before, Gail held the old lady’s breath.

Gail couldn’t breathe and struggled desperately, but couldn’t match the man’s strength.

“How does it feel to be suffocating?” Isabella asked coldly.

Gail didn’t expect that this girl was simply a devil, with no humanity at all!

“Feel how grandma felt before she left.”

Isabella leaned against the bed, saw that Gail was about to suffocate, and was released by his hands again, finally took two breaths, and was covered again, repeatedly.

Gail shook hands and wanted to call someone, but Isabella took out her mobile phone and waved it in her hand. “Do you want it?”

Gail saw the mobile phone in her hand in despair, and desperately wanted to rush to grab it, but how could Isabella's two subordinates.

Isabella looked at her even more coldly. "Want? I won't give it."

Gail was tidied up for a while, then fell to the ground, gasping for breath, his head was deprived of oxygen.

She wanted to call someone, but no sound could come out of her throat. In a trance, the appearance of the old lady who was about to suffocate appeared in her mind. At that time, the old lady should be as angry and desperate as she was...

"Admit all your crimes, reflect on yourself in prison, and reincarnate as a human being in your next life, and don't be anything worse than a pig or a dog."

After Isabella finished speaking, seeing that she didn't respond, she raised her volume coldly. "Didn't hear? Deaf?"

Gail subconsciously covered her ears, afraid that Isabella would pull her ears like she pulled the old lady's ears.

Isabella found that she reacted quite quickly, "Do you think you can hide?"

"Isabella, what the hell are you trying to do?!"

"How many slaps grandma received, how much suffering she endured, and how long her cars were pinched...I want you to pay back twice as much!"

"I am your mother anyway! You will be struck by lightning if you treat your former parents like this!"

“When the sky strikes, you must be the first one.” Isabella didn’t think so, and said with a cold brow, “Now, you still want to play the

“Even if you don’t recognize me as a mother, but Michael, he is the father you have called for eighteen years, and the old lady’s own son... If the old lady sees that you have locked her own son in the bureau, she still wants to ruin it. Everything about the Brown family...”

“Oh, I forgot to mention.” Isabella leaned against the wall, looking cold and rusty, “I found out on the way to the engagement banquet that grandma did give birth to a son, but he died right after birth. In

order not to make her sad, Grandpa happened to have an abandoned baby boy, so he took him to raise him.”

“You, what did you say?” Gail couldn’t believe it.

“So, at the last moment, grandma didn’t know that Michael was not her own son, and when grandpa was alive, although he knew about it. he raised Michael as his own son.”

Chapter 307 Don’t Mess With Her Again

Gail shook her head, her face pale, “No, it’s impossible...”

“Believe it or not.” Isabella had already guessed her reaction, and said disapprovingly, “Oh, by the way, before I came here, I had someone do an identification. There is indeed no blood relationship between Michael and grandma.”

Gail’s face turned even paler, as if losing the last straw, he murmured, “No...it’s not like this...”

If there is really no blood relationship between Michael and Rose, then Michael is equivalent to an outsider of the Brown family, not only cannot inherit anything from the Brown family, on the contrary, Isabella will not miss the old feelings and let them go.

No wonder at the engagement banquet, Isabella made them kneel, humiliated them, kicked her, stepped on her...

Isabella knew about it at that time...

Before, Isabella had always left room for them because Michael was Rose's only biological child!

But now...

"You lied to me! You lied to me! What you said is not true!" Gail yelled, "You make up such an excuse, don't you just want to laugh at me?"

"It's so pitiful." Isabella looked at her casually, then closed her gaze, and lazily said to her subordinates, "You two, treat her well."

"Isabella, Isabella!!" Seeing the back of the girl who was about to leave, Gail rushed over and begged, "Let me live... Please! I really didn't mean to kill your grandma!"

Isabella looked back and saw her crying and trembling with fear, and said coldly. "You begged me not because you really realized that you were wrong, but because you know that there is no last straw. It's..."

Without the protection of this layer of blood relationship, Isabella wanted to clean them up easily.

"Isabella... We have been together for eighteen years. Although I rarely appeared in your life during these eighteen years, I really treat you like a daughter!"

Michael and I went to the temple to pray for blessings. At the foot of the mountain, we met a fortune teller. He said that our daughter is our daughter. The nemesis in the lives of husband and wife will destroy us forever..."

Michael and I thought about the fire on the day you were born, but on the way out of the temple I fell down again and rolled down several steps. so... from then on, we alienated you and handed you over to the old lady bring.”

“It’s all my fault for being superstitious...”

It turned out to be because of this.

Isabella curled her lips coldly, “That fortune teller is quite accurate.”

Gail froze, not understanding what she meant.

Daisy is indeed the nemesis in your life, it’s not me, it’s her who made you doomed.” Isabella dropped these words, turned and left.

And Gail slumped on the ground, thinking about it carefully, the Brown family has indeed experienced ninety-nine or eighty-one difficulties since recognizing Daisy back...

Could it be that the daughter mentioned by the fortune teller is not Isabella, but Daisy ?!

Thinking of this, Gail regretted the past, never thought that because of superstition, she would be harmed like this.

Isabella better in the past eighteen years, the ending would not be like this...

After Isabella left, her two subordinates took turns to tidy up Gail, put her head in the water again, let her come out to catch her breath when she was about to suffocate, and repeated...

He beat her again and tortured her for quite a while...

It wasn’t until Daisy came that the two subordinates bumped into Daisy and left in a daze.

After Daisy was allowed by the law enforcement officers, as soon as she entered the small secret room, she saw her mother being tortured in a terrible way.

She was so frightened that she hurried over to help her, "Mom, what's wrong with you? Did those two people do it?"

Those two people, one of whom Daisy had met, belonged to Isabella!

I didn't expect Isabella to be so rampant now that she dared to order

Don't Mess With Her Again

her subordinates to do such things in the bureau!

Gail broke down and cried like a drowned rat, "It's over... Daisy, we're really over now..."

"Mom, don't be afraid, don't you still have dad? Dad will definitely figure out a way..."

Gail shook her head in despair, knowing there was no escape this time.

Isabella is responsible for the land matter..." Daisy said her guess, and then added. "The shares you sold a while ago are all in her hands! Also, she took With the shares and grandma's will, she has become the group's top person in charge! She also changed the name of the group! It's called Nianyuc Group!"

Gail nearly passed out.

"Also, we were kicked out of grandma's villa..." Daisy told Gail what happened at the entrance of the villa, "I used the money I got from pawning jewelry to rent a two-bedroom, one-living room. Can handle it for a while... Those creditors call me every day..."

“Daisy, it’s my parents who are sorry for you...” Gail hugged Daisy and cried again. She thought bringing her back would allow her to live a good life, but unexpectedly, in the end, she couldn’t even pay for her college tuition.

Isabella did all of this!” Daisy hated Isabella in her heart, and wished she could skin her and draw her blood.

“Daisy, mother told you...” Gail seemed to think of something impromptu, and hastily wiped away tears, confessing, “From now on, don’t provoke Isabella again...”

Don’t Mess With Her Again

Daisy asked puzzled, “Why?”

“Because your father is not the old lady’s own child... I killed the old lady, Isabella will not let me die so easily, she will torture me, torture your father, and even make trouble for you... You must remember, don’t provoke her anymore! Otherwise, I don’t know how I died!”

When Daisy heard this, she was stunned, how could it be...

The Brown family she is proud of The identity of Lady is gone...

“You must remember my words, for sure!” Gail exhorted thousands. of times, and added worriedly, “Without the protection of this blood relationship, Isabella has no worries about taking care of us, you must remember! Promise mom!”

Daisy bit her lower lip unwillingly, “I remember.”

When Gail said this, he remembered something. “Where’s the lawyer? Why didn’t you come with you?”

“Mom, I don’t know if Isabella released the news, no one dares to help us now...”

On the way home. Benjamin found that Isabella was asleep. There was still a teardrop hanging on her long eyelashes. He wondered if he had dreamed about grandma.

When the RV arrived at the gate of Riverside Villa, Benjamin didn't wake her up, but let her go back to sleep.

It would be a kind of comfort to her if she could dream of grandma in her dreams.

Don't Mess With Her Again.

Thinking of her surgery, she persisted from two o'clock in the morning to one o'clock in the afternoon, and went to the engagement banquet, the Brown Group, the bureau... I was tired.

Benjamin held her carefully and let her sleep in his arms.

Chapter 308 The Endless Torture

The chef at the side saw the young master hugging Ms. Young to sleep the whole time, and wanted to ask, are your hands sorc?

But seeing the young master's contented and doting look, needless to say, he enjoyed it.

Benjamin beckoned him to get a blanket, the chef took it lightly, and Benjamin took it and gently covered Isabella.

Eloise saw the surveillance camera in the house and felt strange. Benjamin's car had been parked at the door for a long time. Why didn't Isabella get out of the car? She was crying. Is Benjamin comforting her, or what?

After a while, Eloise decided to go and see for herself. As soon as she walked out of the gate, the chef tiptoed out of the car and reported.

“Hi, madam. Ms. Young fell asleep. The young master thinks she is too tired and wants her to sleep for a while before going in.”

“So that’s how it is...” Eloise nodded, and finally understood, “Then I’ll ask the kitchen to make something to eat. After Isabella wakes up, you let Benjamin come in for dinner together...”

“OK.”

I don’t know how long it took, when Isabella opened her eyes, she found that she was still in the RV. Benjamin, who was replying to the message on the mobile phone, noticed the movement in his arms, and his eyes fell on her, with a soft voice.

“woke up?”

“How long have I been asleep?”

“Not long.”

Isabella stood up and saw that this posture was very ambiguous. It was dark outside the window, so she couldn’t help asking, “What time is it?”

“It’s past seven.”

Isabella didn’t expect to sleep for several hours, and suddenly felt a little guilty, “Your hands must be sore.”

“It’s not sore, don’t say seven o’clock, it’s fine to hold you until twelve o’clock.”

Isabella gave him a pinch, and Benjamin couldn’t bear her being tired, so he held her little hand and said, “I’m just a little hungry. My aunt invited me in for dinner. Would it be bad if I didn’t go?”

“...” “Isabella found that there was something in his words and couldn’t help laughing. “You can go if you want, and if you need to deal with something urgent, you can...”

Before she could finish her sentence. Benjamin immediately said, “It’s okay, the group and Green have handled it pretty well.”

At this time, Green wanted to cry in the group, not good, not good at all, he still has a lot of things to deal with... It is estimated that he will have to work overtime again tonight until twelve o’clock!

“Then let’s go.” As soon as Isabella got out of the car, a suit jacket was draped over her shoulders.

“You just woke up, don’t catch a cold.” After Benjamin helped her put it on, he took her hand and went in together.

The chef on the side looked at their well-matched backs, and wept silently in his heart. He could only make dinner for himself in the RV...

Seeing his sister coming back, Bradley rushed to her, “ Isabella, are you awake? The food is ready! Come in and eat!”

Benjamin at the side, he said depressedly, “Why are you here?”

“My aunt invited me.”

Seeing Benjamin ‘s eyebrows almost raised to the sky, Bradley was depressed for a while, and then said to Isabella, “ Isabella, you must be hungry! Tonight’s food is all your favorite!”

He has heard about today’s events, knowing that Isabella lost her grandmother, ruined the engagement banquet, and cleaned up a few scumbags...

He didn’t dare to mention anything related to today, for fear that his sister would be in a bad mood.

Isabella suddenly realized, "The past two days... why are you always wearing this outfit? And this movement..."

He made a few movements just now, which were really too

deliberate, as if he was making a concave shape, which made people feel strange.

When Bradley saw her asking, he hurriedly said. "Didn't you praise my brother for looking the best in this outfit before! And the moves just now, didn't you say that my brother looks very handsome?"

As he spoke, he brushed his hair again.

Just now he deliberately made a concave shape, and appeared in front of his sister wearing the clothes that his sister likes, just to hope that her mood will be better...

Isabella :...

Although he understands his brother's intentions, it doesn't seem to have much effect.

During the meal, Cecilia thought that she could see Isabella's downcast side, but unexpectedly. Isabella was still the same as usual, not at all sad, she should eat and drink.

Sure enough, she is a heartless person. The grandmother who raised her for eighteen years was killed. She was able to sleep just now, and now she can eat!

Still not human?

Before the dinner table, Williams and Eloise cautiously asked about the old lady's funeral, but were interrupted by Bradley again.

"Dad, Mom, can you let my sister have a good meal?"

I heard that she didn't eat much today. If she is too sad, her body will collapse.

"Yes, yes, let's eat first, come on, Isabella, eat more, this is your favorite food too..." Williams hurriedly brought food to his daughter.

Eloise was afraid that the corpse would be kept for a long time. Firstly, the weather was sweltering, and secondly, it was better for the old lady to be buried in the ground as soon as possible.

Unexpectedly, Isabella took the initiative to mention. "I think tomorrow will be a good day, so let's do it tomorrow. Tonight I will inform you that those relatives and friends that grandma has made come over tomorrow to see grandma for the last time."

As for Michael, Gail and Daisy, there is no need to show up, presumably grandma doesn't want to see them, not to mention, they have no blood relationship with grandma, so they don't need to

come.

"Then the location is..." Eloise asked cautiously again, "Or should I ask someone to find a big one with a good environment?"

"No need, grandma has already chosen a place before she was alive."

It is the Brown family cemetery. It is her old man's wish to be buried with her grandfather.

She is a member of the Brown family, and she also wants to be the soul of the Brown family after death.

Eloise thought it was the same. The old lady had stepped into the gate of hell with one foot several times before, and it was normal to choose a place in advance, so she didn't ask any more.

"Then tomorrow... do you need help from mom and dad?" Eloise asked again, "Mom and dad want to send the old lady off for the last time."

“Okay.” Isabella nodded and said, “Grandma must be very happy that you can come tomorrow. You don’t need to help with other things, I will be ready.”

It means, as long as you arrive, you will be fine.

Williams didn’t expect that her daughter was really an adult, and she could even take care of things like funerals by herself, taking care of all the processes by herself.

How much has she suffered all these years...to develop such an independent personality!

“As for the Brown family, do you need Dad to tell you...to make them suffer?” Williams asked again.

“No, I’ve already explained it.”

Although Michael didn’t directly kill grandma, but his greed and selfishness allowed Gail to get worse and killed grandma.

Michael’s threats and temptations behind the scenes, bullying those in the group, making others insane, dying of illness early and so on, are enough for him to stay in prison.

And Gail will spend the rest of his life in prison.

Isabella wouldn’t let her die easy.

As long as they are sentenced to life imprisonment, what awaits them is endless torture.

Chapter 309 Funeral

As for Daisy...

her having sex with Ted has already been fermented on the Internet.

Her innocent persona couldn't be kept, and the engagement banquet was messed up...

Not to mention marrying into a wealthy family in this life, even the threshold of an ordinary family is difficult to advance.

After all, ordinary men don't want a scheming girl who has her checks caught and is burdened with huge debts.

Moore's more than 600 mouths have already shaped her into a vicious image of an undisciplined, femme fatale, and deep in the city.

This image is deeply rooted in people's hearts.

After dinner, Isabella went back to her room and ordered her staff to prepare for the funeral.

"Oh, by the way boss, Daisy called the police, saying that you seriously damaged her reputation by posting those videos of her online."

Isabella didn't take it seriously, "Don't bother with her, I'll sue her for slander after the police find out."

The subordinates did not expect that since the boss found out that Michael was not Rose's biological child, he would be merciless in

cleaning up the scum of the Brown family.

After Daisy called the police, it took a while to find out that the source of the video had been posted on a certain website a year ago. After police investigation, it was found that the person who posted it was Ted, whom she had dated, and had nothing to do with Isabella!

At that time, Daisy was the daughter raised by a cleaner, and many classmates bullied her and isolated her.

It just so happened that Ted was interested in her. Ted 's family background, at that time, made her an unattainable existence.

In order to hold the boy firmly, she volunteered her life.

Knowing that Ted has a bad taste and likes to be exciting, in order to cater to him, he asked him to make a video.

But she never expected that these videos would become a stumbling block on her way to a wealthy family!

If these things were not seen by Moore, she would already be Moore 's daughter-in-law-to-be, even if something happened to her parents, Moore would help her...

Blame that bastard Ted!

With that in mind, Daisy sent Ted from WhatsApp When it was released on the black list, it was just a scolding.

Ted replied disapprovingly, "You agreed with me to post it at the beginning, and I still keep the chat records. You said it yourself, no matter what I do..."

"Bastard, you are shameless!!" Daisy was furious, and after a

while, I heard the police say that Isabella sued her, saying that she slandered...

Early the next morning.

Isabella got up early. As the sole person in charge of the funeral, she first went to the hospital to take her grandma's body to the Brown family cemetery, and asked the funeral master to cleanse her body and put on a shroud.

She quietly accompanied her until grandma finished dressing, and people outside also dug the place for the coffin.

At nine o'clock in the morning, many friends and relatives of the old lady appeared in twos and threes, all dressed in black, with sad expressions on their faces.

The wreaths they sent were neatly arranged in ten circles, like ten long dragons guarding the entire cemetery.

Some people began to cry before they stepped into the gate of the cemetery, and some old people even cried so much that they couldn't walk.

Isabella recognized the old man who was sitting on the ground crying and grieving so much that he couldn't control himself. He was Val, the best girlfriend of grandma when she was alive.

Isabella stepped forward to help her. "Take care of yourself."

Obviously she was the one who suffered the most, but as the sole person in charge of the funeral, she was the one who comforted the guests.

"Isabella, why did this happen? Ah'e called me a while ago and said that when she recovers from the operation, she will come to

me..." Val cried uncontrollably, "How could this happen? ah...'

"It's cold on the ground, you get up first." Isabella tried to help her up several times, but she cried so sadly that she couldn't even stand

1.

Isabella held her wrist, felt her pulse inadvertently, and found that her body was very weak.

“Grandma said that it was Grandpa who came to pick her up, and she said that she has no regrets in her life...”

Val was still sitting on the ground crying, Isabella could only comfort her softly, until she was in a better mood, and then helped her to sit on a chair beside her.

The whole scene is arranged in black and white, magnificent.

Many mourners found that Isabella had grown up and received guests as maturely and steadily as an adult. Although there was a sad look in her eyes, she seemed to be able to handle herself.

Even though she was only eighteen years old, she was the most capable person in the audience.

After a while, Luman came. I haven't seen him for a day, his hair has turned white, and he looks a lot older.

He looked sad, his eyes were dimmed, he was supported by an assistant, and with a cane in the other hand, he walked into the cemetery tremblingly, as if he existed like a walking dead.

Isabella knew the grief in his heart, so she just took his arm lightly, and he nodded as a response, and was helped in.

At ten o'clock, everyone came together, and Isabella first announced

that Michael was not Rose's biological child, which caused the shock of the guests...

The reason why Isabella announced this matter was to let grandma know. It wasn't because grandma didn't teach well. If it wasn't for other reasons, the main reason was that Michael wasn't born to her, so naturally he didn't look like a member of the Brown family in his bones.

Secondly, I also want all relatives and friends of the Brown family to know that when they see Michael in the future, they don't have to treat him as a member of the Brown family.

Then, Isabella announced that her grandmother was brutally treated by Gail during her lifetime, resulting in her death, including the case of Michael and Gail persecuting the people around her. Isabella succinctly stated everything, which shocked the audience...

Some of these guests went to the engagement banquet yesterday, watched the video of Gail bullying the old lady, and then told the relatives and friends around about it...

After listening to them one by one, righteous indignation filled their faces!

In the end, Isabella briefly talked about her grandma's life, and then asked people to move her into a coffin with mattresses in front of everyone, ready to be nailed.

There was another sobbing sound at the scene, which seemed to convey reluctance.

Seeing that the coffin was nailed and sealed, the sobs became more and more loud, and gradually turned into sad sobs...

Val was even more moved by crying, almost passed out several times...

Isabella led the audience and watched the coffin being lifted and sent into the pit.

She stepped forward, picked up a handful of locss, put it on the coffin, and said in her heart: Grandma, you can go at ease, and I will be strong for the rest of my life.

The cries behind Isabella grew louder and louder, and four funeral directors scooped up dirt to bury the coffin.

Isabella replays scenes of experiences with her grandma in her mind, all of which are happy pictures...

However, she was so sad that she didn't shed a single tear.

After the monument was erected. Isabella knelt down, and all the guests bowed and bowed three times to see the old lady off.

As for Isabella, she kowtowed three times solemnly.

Chapter 310 Don't Dirty Grandma's Grave

Someone brought the prepared paper houses, paper clothes, paper money, etc. to Isabella.

Everything piled up was as high as a hill.

Isabella lit the fire herself. I heard that this custom can make the dead live in heaven and earth, have a house and money, and live a good life.

After burning the sacrifices, Isabella took out the things she had prepared.

"These are famous tourist attractions abroad. I wanted to take you out to play. I will be with my grandpa in the future. You two can go wherever you want. I have drawn the road map for your reference."

Isabella burned the things to them, "Also, this is the medicine. pouch I made for you on your birthday. Even if you reach the sky, you should sleep well."

Rose's favorite mandarin duck was also embroidered on the medicine pouch. Isabella's nose felt sore when she watched the mandarin ducks burn to pieces in the fire.

Enduring her grief, she put the herbal bag, massager, and the scarf that Mr. Will woven for grandma, etc., into the fire with her own hands.

Massage instruments and other instruments produced small explosions during the combustion, making the flames even more brilliant.

Don't Dirty Grandma's Grave

At this moment, a figure rushed over and shouted sadly, "Grandma, I miss you..."

Hearing this voice, Isabella's eyes filled with displeasure, and she looked at the guards at the side.

The subordinate was infected by the boss's sadness just now, and was distracted for a while, but Daisy took the opportunity to sneak in.

Daisy wanted to throw herself on the tombstone and cry loudly, but was blocked by Isabella, "Don't dirty grandma's grave."

"Isabella, I'm grandma's granddaughter. You held a funeral and didn't invite me, and didn't notify my parents. You invited all the relatives and friends of the Brown family, but they didn't belong to our family of three! You....."

Before Daisy finished speaking. Isabella coldly interrupted. "Grandma recognizes you as a granddaughter? You have a little blood relationship with the Brown family? How did grandma die, do you need all the guests to tell you?"

Daisy didn't expect that Isabella would embarrass her in public, so she gritted her teeth. "I called her grandma, and in my heart. I have already treated her as a grandma... I know that my mother has an unshirkable responsibility for her death. I am here today, also apologized on behalf of my mother, and gave grandma a ride..."

"Throw it out." Isabella didn't want to see her, or listen to her

nonsense.

The two subordinates immediately stepped forward and took Daisy's

arms.

Dont Dirty Grandma's Grave

The other guests were condemning her for being shameless, the old lady was buried in the ground, and she was not allowed to rest.

"I really want to give my grandma a ride... Let me go, Isabella, my mother did something wrong, but can't you let them live because of the past?"

So this is the purpose of her coming here today!

Before Isabella got angry...

"Get out—" Rose's former best friend picked up a paper cup angrily, and poured the water on Daisy.

If someone who had been to the engagement banquet hadn't told her what happened, she would never have imagined that He's death was related to Daisy's family of three!

It was they who went to He again and again to ask for shares and deposits, and it was Gail who beat He, tortured her, and caused her to have a heart attack, causing her heart to rupture...

Now this girl, how dare she come to the funeral and ask Isabella to let her parents live?

Daisy originally wanted to cry at her grandma's grave, and then play emotional cards with Isabella, to see if she can let Isabella let go of Michael and Gail with the help of other relatives...

Unexpectedly, all the guests were condemning her and scolding her...

The two subordinates threw her out of the cemetery and beat her up. The injuries on her body became more serious, and her whole body was in unspeakable misery...

Dont Dirty Grandma Grave

Isabella 's gaze returned to the photo on the tombstone, and the displeasure gradually dissipated, leaving only deep sadness and reluctance.

"Family and friends pay homage, the dead rest in peace..." the funeral host said in a sad voice.

Isabella stood in the first place and led all the guests to bow and worship.

"The funeral is over, and the family thank you..."

Isabella turned around and bowed to thank the guests leaving the cemetery one by one.

for all guests to be sent to the Logan Family's nearest restaurant for the funeral.

After the guests left, Isabella looked back at the tombstone again, couldn't help but walked up to it, knelt down, and gently stroked the photo on it.

The photo was taken by Rose a few years ago, and Isabella made it black and white.

The years have not left vicissitudes on the face of the old man, but only the tenderness and elegance between the eyebrows and eyes.

Isabella's grief was choppy and nearly swallowed her strength several times.

She touched the photo and said gently, "Grandma, with grandpa accompanying you in the sky, you should not be alone anymore. Next, I will study medical skills so that I can save more people by myself. Don't worry."

Don't Duty Grandman Grave

Just then, a person knelt down beside Isabella.

Isabella turned to see Benjamin's profile.

"Grandma, I haven't officially introduced myself yet. My name is Benjamin, and I'm Isabella's fiancé."

Isabella didn't expect him to stay, looked at the tombstone again, and said gently, "Grandma, this is the Benjamin I mentioned to you, he was very good to me."

"Grandma, leave Isabella to me. Don't worry about you and

grandpa. I will take care of her, protect her, and love her in this life. My grandpa also likes her very much. She is the daughter-in-law recognized by our Young Family. In our case, she is not will be wronged."

When Benjamin said this, he held Isabella's hand, "Shall we kowtow to grandma together?"

"good."

Isabella and him bent down together and kowtowed three more times before getting up and saying in unison, "Grandma, have a good journey."

When they walked out of the cemetery, they saw an old figure standing outside the railing, looking in the direction of the tombstone, unwilling to leave for a long time.

“Mr. Will, are you still here?” Isabella approached and found that Luman’s eyes were already red.

“I, I’ll wait a little longer...” Luman said, his voice choked up again, and he held a tissue tightly in his palm. After wiping his tears, he said with grief, “Go and entertain the guests first, I’ll We’ll be there

in a while...”

Isabella nodded. “Take care.”

After she finished speaking, she raised her eyes and said to Luman ‘s assistant, “Take care of Grandpa.”

“Yes, Ms. Young.”

Benjamin escorted Isabella into the car, and glanced back at Luman, who arched his back, as if Rose’s leaving this matter was the last straw that broke him.

His back is so helpless and desolate.

Reminiscent of the day grandma left, Luman cried and collapsed in the hospital, it was definitely not from the emotion between friends.

Does Mr. Will like or have a crush on grandma?

Thinking of this, after getting in the car, Benjamin said to Isabella, “Mr. Will looks very sad, between him and grandma is...”

“They were once a couple who were forced apart.”

Sure enough, as Benjamin guessed.
