

Chased Her 331

Chapter 331 Sweet Kiss

Millic, who was walking in front, suddenly realized that Isabella hadn't followed her. Looking back, the legendary cold and ruthless Benjamin actually held Isabella's face, as if she was acting like a baby??

oh my god it's so sweet...

She hit the candy, the sugar content exceeded the standard!!

Unexpectedly, a man who is so high above him would lower his head and dote on a girl like this...

This is the love in fairy tales, right?

Thinking of everything she had experienced, her eyes suddenly dimmed...

Benjamin touched Isabella's soft and delicate face, and after a long while, he let go. He took her hand and walked towards the dormitory.

I heard that Principal Brown specially built a brand new dormitory building in order to deceive people, just to make the little girl live more comfortably...

Isabella raised her eyes and asked, "You still haven't said why you came today?"

Benjamin's eyes fell on her, "Didn't uncle say that he wanted to buy the land in the University City and build a commercial city for you?"

Isabella didn't expect to turn around. Her family's money was still scammed. This time, it wasn't her father, but her fiancé...

"The engineering team I hired is very efficient, and it can be built within a year. At that time, everything you want to eat, shop, and play will be there."

Isabella raised the corners of her lips. "Aren't you afraid that there will be many things that attract me, and you will be forgotten in a blink of an eye?"

"Then I will appear in front of you just like today, until you think of me." Benjamin's eyes are full of doting.

Isabella finds it funny, "Childish."

"Then do you prefer the childish me or the mature me?"

Isabella asked back, "Have you matured before me?"

At this moment, Green on the side couldn't help but add. "Ms. Young, you don't understand. a man will become a child only in front of the person he loves the most... This shows that you are the person Benjamin loves the most... That's why you haven't seen his mature side..."

"Shut up." Benjamin was a little depressed.

Who wants you to add??

spoil the atmosphere.

"..." Green didn't expect such kindness, but Benjamin didn't appreciate it, and felt a little aggrieved.

Isabella looked at Benjamin and asked with great interest, "The person you love the most?"

"Can't you feel it?" Benjamin leaned over suddenly, "It seems that we have been separated for too long, and I have forgotten where it is in my heart..."

"This is the school..."

The next second, Benjamin pulled off the mask and gently placed a kiss on her forehead.

Green hurriedly looked around. Fortunately, there was no one on the path they were taking, otherwise Ms. Young would be unbearably disturbed if they were seen...

Poll glanced back, just in time to see Benjamin bend down gentlemanly, and kissed Isabella 's forehead, the dotting and tenderness in those eyes seemed to be only for Isabella...

"God..." She was so excited, "They are so sweet."

It's like making a movie!!

The surrounding scenery becomes their background...

They look good, just like the protagonists in the movie...

If the Green in the back is not there, it will be more like...

"Just get used to it." Kara dragged them forward, it was rare for Benjamin to hold back for so many days, it was not easy.

Benjamin put on the mask again, revealing those beautiful eyes, and walked forward holding Isabella 's hand.

“There are quite a lot of brats who like you, have you taken a fancy to it?”

Isabella deliberately teased, “There are a few...”

“How many?” Benjamin asked enviously, “Who are there, let’s hear.”

He promised not to do anything, and let the school expel students, and pack up his things and get out today.

Isabella guessed his reaction, and added with a smile, “A few are annoying, but the others are fine.”

“It’s all okay... What’s the concept? All looks okay? Be a passable person? Boyfriend material?”

Isabella couldn’t help laughing, “Don’t worry, I’m not interested in them.”

“If you dare to empathize with someone else... I’ll break their legs, whoever you see me hitting.”

“You’re pretty brutal.”

“I can also be very docile, as long as you stay by my side obediently for the rest of your life... don’t give up all the time, hear?”

“What if it’s your gossip?”

“I’m not this kind of person. You alone are enough for me to think about it day and night. How can I think about anything else?”

Benjamin held her hand all the time, with an extremely pampering

tone, "Try to go to my place and stay with me in the future?"

"It depends."

"Then I will take it as your promise."

Benjamin stopped when he saw that he had reached Nanyi Building, "I'll wait for you here."

"Um."

Isabella walked up the steps of a dormitory building in the south, and there were three girls waiting for her in front of her.

After Isabella approached, Poll whispered, "Isabella, your fiancé treats you well and even sends you downstairs in the dormitory.

"He's still standing there. Look, another girl came over to strike up a conversation! Your fiancé's eyes are enough!" Millie hurriedly motioned Isabella to look back.

Isabella glanced back and saw Green helping to stop the three or four girls approaching, while Benjamin kept looking at her.

"Your fiancé is so dedicated and affectionate..." Millie never thought that there would be such a boy in the world, no matter how superior his own circumstances, he would put down his body to love a girl...

In the eyes, she can only hold her alone.

On the other hand, Kara raised an eyebrow at Isabella teasingly, "Is your man emotional??"

"Um."

"I guessed it! You used to accompany him every day, but now that you have trained, he must not be used to it..."

"Accompany me every day???" Neither Millic nor Poll expected their relationship to be this good.

Kara got into the elevator, pressed the top floor, and said casually, Benjamin looks for her every day, once in the morning, once in the afternoon, and once in the afternoon... Sometimes, in order to see her more often, I even go to her house to find her parents.

Homely...can you imagine his iceberg face and his elders talking about homely?"

Isabella so badly, that's why he wants to get closer to her...

Millie and Poll are really unheard of, what kind of fairy fiancé is this...

"I'll be with him tonight, don't leave the door open for me."

Hearing Isabella say this. Poll couldn't believe it, "You you you, you mean..."

"Calm down, they are very simple, nothing happened."

Hearing Kara's words, Millic and Poll were stunned again. They often get together and nothing happened...

I can only say that Benjamin can bear it...

“However, what do you do when the auntie dorm checks...” Poll is afraid that the auntie will find out about this, and Isabella will be notified and criticized tomorrow.

“Don’t worry, this matter is on me.” Kara patted her chest, and after she took it off, she still didn’t forget to explain, “Auntie, the

Chapter 332 Like You, Benjamin

“My man is also easy to coax.” Isabella corrected suddenly.

Kara burst out laughing out loud, the little girl is still protecting the calf!

“Obviously it’s better to coax the auntie, okay? Think about it, no matter who it is, as long as you give the auntie a little favor, the auntie will definitely smile and refuse to come... But your man is different, who I want to bribe him, and I promise to be kicked out by him...”

Kara said convincingly, “He doesn’t refuse anyone who comes, only you can make him feel better. Even if you give him the root grass downstairs in the dormitory, he will be happy for a long time!”

“My man can be coaxed with a single blade of grass, but the housekeeper can do it? So it’s better to coax my man.”

“...” Kara always felt that she was involved, and was a little confused for a moment. Why did her Isabella start to favor that

one??

changed!

Really changed!!

Her Isabella began to value sex over friends!!

Isabella went into the dormitory to change out of her military uniform, put on a casual suit and left.

“Have you noticed that the clothes Isabella is wearing are similar to Benjamin ‘s... are they couple clothes?” Millic asked suddenly,

“I didn’t notice...Really? Is it really a couple outfit? I’ll go and sec...” Poll hurried out the door.

“I’ll take a look too.”

The balcony of their dormitory is to see the sea, so they can only run to the balcony in the corridor, and look down, it’s really true!!

The two are wearing couple outfits, and the back view alone makes them a perfect match...

It seems that many male students in the medical university are about to break up in love, because their school beauties are already in favor!!

After getting in the car, Benjamin hugged Isabella onto his lap at once, and kept kissing her.

Green in the driver’s seat is suffering, Benjamin, please consider my feelings...

What did I do wrong to suffer like this? ah??

Can you stop asking me to drive next time this happens??

Although Green tried his best not to look at the people behind him, Benjamin's voice still reached his ears.

Isabella, I miss you so much..."

The coquettish, clingy, aggrieved voice... made Green goose bumps all over the floor.

Benjamin acted coquettishly, let alone a woman, he can't stand a

man...

I can only say that it is too tempting...

Isabella could only coax, "Didn't I come to accompany you?"

"Just these two days, too little..." Benjamin wished he could be with her every day, "When will you graduate? Can it be earlier?"

The four years of college are too tormented....

"I just started school, and you expect me to graduate?" Isabella thought it was funny.

"Four years in college is too long. With your ingenuity, skipping a grade is completely fine... If you like the equipment in the laboratory, I can buy it for you."

His Isabella likes to do experiments, so he has a laboratory at home with all the equipment.

As long as Isabella is by his side, let him see every day...

“Hey, I have other things to do at school.” Isabella patted him on the head, beckoning him to obey.

This was the first time the little girl patted him on the head, and Benjamin grabbed her little hand and kept kissing. “Then you have time to spare as much as possible to accompany me in the future?”

“okay.”

“Is there any better boy in school than me? Huh?”

“No.” Isabella smiled at him, “If there is, I don’t like it either.”

“Then who do you like?” Benjamin insisted on hearing the answer from her.

Isabella raised her pretty eyes and looked at him with interest, “You’ve become more and more courageous recently.”

It’s getting worse and worse.

“I just want to hear it from you once.”

They have been together for two months, and during the whole. summer vacation, he has never heard the little girl say that she likes him!

“Is it hard to say that you like me?”

Isabella just didn’t respond on purpose and looked at him with a smile.

“Who knows if you like Green?”

Green, who was sitting in front, was suddenly called by Benjamin, and a row of ellipses floated in his heart...

A young couple can even get him involved when they quarrel...

He is so innocent...

Isabella glanced at the driver in front of her and said intentionally, "Green is really fine."

Green felt a burning gaze on his back, and before he could speak, Benjamin took a step forward.

"I suddenly remembered that there is a project in Africa, which is just suitable for people like him."

"Let him go, he will definitely take care of it for you." Isabella said along the way.

Benjamin was even more annoyed, "Green, did you hear that? Isabella praised you, come to my place in a while, pack up your things, and you can leave today."

"Huh?? Benjamin..." Green hadn't had time to beg for mercy.

Benjamin then added, "There is really no one more suitable than you for this project. Without my permission, you are not allowed to come back early!"

Benjamin..." Green groaned in his heart, and the young couple bickered, why should innocent people be implicated?

Ms. Young, save me!" Green could only ask Isabella for help.

Isabella sat on Benjamin's lap all the time, looked at his jealous face face to face, and couldn't help laughing. "Okay, stop being jealous, what are you doing to embarrass Green?"

“Who asked you to praise him?”

“Isn’t he worthy of praise? Don’t you think he is reliable in doing things?”

“Green, do you hear me, pull over and let me go immediately!!”

Benjamin...

Green screamed in his heart that the sky should not answer, and the carth did not work, help, someone will save him!!

“Deaf?” Benjamin kicked the driver’s seat, Green wanted to cry, if he really pulled over, he would go to Africa, but if he didn’t pull over, Benjamin was already so angry...

“Okay, I like you, you are the first person I like.” Isabella said suddenly.

Benjamin’s eyes fell on Isabella, and his whole body softened, “What did you say? Say it again...”

Green was very excited, ” Benjamin, Ms. Young just said that shc...”

“Shut up!”

Let’s spoil the atmosphere again!!

It’s hard to hear such words from the mouth of a little girl...

He finally said it out, he doesn’t care, he wants to listen again!!

“Say it again?” Benjamin coaxed. “The people in front of me were too noisy just now, I didn’t hear... Who do you say you like? Huh??”

Green Come on Benjamin! When Ms. Young confessed his love just now, I didn’t speak at all!! How could you wrong me...

It’s so difficult to be an assistant, so wronged, he asked for a ten- fold increase in salary....

Isabella looked at the man in front of her, “Don’t push yourself.”

“I still want to hear it.” Benjamin ‘s voice was unbelievably alluring. “Say it again, one last time.”

“Love you, Benjamin.”

The light in Benjamin ‘s eyes softened, and his face was full of joy and emotion. He held up the little girl ‘s face and kissed it non-stop.

This is the happiest thing he has heard in the past two months of dating!!

Chapter 333

Green, who was sitting in front, heard the sound of their kissing very clearly. This time, there was no suffering, no torture, but a kind of comfort from an old mother...

Benjamin finally got this sentence...

Why is he inexplicably wanting to cry...

“Okay, let go.”

Benjamin kissed for a long time before stopping, looking at her lovingly, "I like you too, very much, very much.'

I like it so much that I can't wait to hold everything I own in front of her to make her happy.

I like it so much that I want to be with her 24 hours a day, with her

all the time.

I like it so much that every expression and every word of her is deeply imprinted in his heart.

I like it so much, I can't bear the sand in my eyes, and I don't allow her to speak well of anyone.

I like it so much that I can't control myself, as if I've changed into a different person...

"Well, Benjamin... Since Ms. Young said that she likes you, well, about going to Africa, can someone else go..." Green added inappropriately.

It's good enough not to have him pulled over, so what are you expecting?

Green drove silently, thinking to himself, Ms. Young is the best, one word can control Benjamin 's mood...

Benjamin 's enemies should be jealous, after all, they have thought of many ways and means, it is not as effective as Ms. Young's words...

Ms. Young about going to Africa later, he must not go, otherwise his face will be like black charcoal...

training these days? Has anyone bullied you?" Benjamin held Isabella's face and said. "If you are wronged, you must tell me as soon as possible."

“Don’t worry, everything is fine.”

Not to mention the school, looking at the entire United States, there are probably not many who dare to bully her....

Benjamin touched her fair and clean face, the midsummer sun was so fierce, but she was not tanned at all, her skin was still so white.

Does the little girl have some kind of magic, the whole person is like a fan, and everything is hard to see through.

“Can you record what you said just now and use it as a present for me next time? Huh?”

It was the first time Isabella saw someone asking for a gift, so she couldn’t help asking, “The gift you want is as simple as that?”

“Well, a word from you can make me happy for a long time.”

He doesn’t need any material gifts, just saying that he likes him is enough to make him go to the whole galaxy and come for her.

“Okay.” Isabella readily agreed, and made Benjamin kiss again and again...

He is always like this, a single sentence can make him happy for a long time...

After finally reaching the residence, Green stopped the car and opened the door for them.

Benjamin got out of the car with Isabella in his arms, and walked towards the gate of the villa step by step with his long legs, still bowing his head and kissing non-stop...

Green saw Benjamin walk to the gate, and kissed Ms. Young against the door. After kissing for a long time, he pressed his finger on the fingerprint reader, and after entering, he kissed again all the way.

Green couldn't help but sigh in his heart, young people nowadays...

Before he could finish his emotion, he received a call on his mobile phone, "What? Why didn't you tell me in advance about such an urgent matter... Benjamin, he is now... Anyway, you are late!"

The people on the other end of the phone were stunned, completely unaware of what was going on, "What, what do you mean by being late, Benjamin...is gone?"

"Bah, bah, you're gone! Who is Benjamin, and who can let him. have an accident?"

"One hour, you might as well kill me!" The person on the phone complained, this hour is too long!!

But Green thinks that one hour is really not long, and with how much Benjamin likes Ms. Young, it may not be until tomorrow...

The servants in the villa were transferred from Moon Lake, the

butler Richie and the chef Ned.

They heard that his wife Isabella was studying at a nearby medical university, and that Mr. Mason would live here permanently from now on, so they also came to take care of her...

When Benjamin hugged Isabella and kissed all the way in, the two of them were shocked, although in Moon Lake before, it was not uncommon to see a husband kiss his wife...

The faces of the two men turned red when they saw the husband hugging his wife and kissing all the way upstairs, they didn't even have time to say hello...

It seems that dinner can be prepared later.

Benjamin carried Isabella to the bedroom and put her on the bed while kissing.

"Okay." Isabella was breathless from his kiss, her face was red, and she looked at him. "Don't forget what you promised me."

"I won't mess around."

But kisses and hugs are indispensable....

Benjamin leaned over to kiss her again, God knows how attractive

she looked.

Isabella was suppressed and couldn't move," Benjamin, if you do this again, I won't come next time."

Benjamin could only restrain the last sliver of reason, stopped, looked at her with blurred eyes, his voice was hoarse, "Okay."

Who made her young, it can't scare her.

Isabella sat up and looked at everything in the bedroom, "When did you move in?"

There are traces of his life everywhere...

“Your first day at school.” Benjamin approached her ear with a charming voice, “I’ll take a cold shower first.”

Lower the fire.

Isabella :...

Seeing him open the closet, Isabella found that there were only a few sets of clothes hanging in it, all of which were gifts she gave him before...

Did he only bring these sets? Enough for a change?

I heard from Green that he wears the same clothes every day, but now there are only a few sets, is it too little?

Thinking of this, Isabella felt that it was necessary to prepare a few sets for him again, otherwise the sets would not look so new after being washed and dried too many times.

Chapter 334

After a while, Benjamin ‘s cell phone rang.

Isabella knocked on the bathroom door, “Your phone has been ringing many times, would you like to bring it here for you?”

It should be something urgent in the group, otherwise it wouldn’t be so urgent.

“Just pick it up for me.” Benjamin responded from the bathroom.

“I??”

Not suitable??

“If it’s a business matter, let them go to Green, if it’s a personal matter, you decide.”

Isabella picked up his cell phone and saw that it was Elder Mr. Mason calling.

“Hey, Grandpa, it’s me.” Isabella glanced in the direction of the bathroom, and was about to explain that Benjamin was taking a shower, but she was afraid that the old man might misunderstand...

Unexpectedly, Pius took the first step and said excitedly. “Are you with Benjamin? My dear, is the training hard or tired recently? Did Mr. Brown take care of you? Did anyone bully you at school?”

Isabella put on a smile, “It’s all good.”

“If someone bullies you, you must tell grandpa, grandpa will clean them up! Is the school environment okay? Are you used to the food? Is there anything missing? Grandpa will send it to you personally!”

“No, everything is fine.” Isabella didn’t expect Elder Mr. Mason to care about her so much, and her heart warmed up.

“It’s fine, it’s fine if you haven’t been bullied.” Pius reassured, “Oh, by the way, what is that kid Benjamin doing! He didn’t answer so many calls.”

“He...” Isabella glanced in the direction of the bathroom again, “Going to the bathroom.”

“Oh, so I went to the bathroom, so I just said...”

“Grandpa, is there something urgent?”

“Great news! Your grandma!!” Pius ‘s tone was so excited, “She woke up a few times before, but each time was very short. Call her, she responded, but it’s not like today! Today is really too much.” Surprised me!”

Elder Mr. Mason was so excited that he hurriedly shared the situation with Isabella, “I called her nickname, and she answered, and also called my nickname, saying that she was thirsty, and after I gave her water, she asked me What is the date of today, ask her how long she has been asleep!”

my husband woke up a few times before, he never took the initiative to chat with him! Just a little awareness!

Everything that happened today made Pius unbelievable! Even ecstatic!

“She also asked me where is Benjamin, I said she has been asleep

for a long time, Benjamin has found love, and I gave the necklace to the girl, she said she wants to see you... when do you have time Come and see her?”

“Is she still awake?” Isabella asked softly.

“I’m asleep now, but I feel that she wakes up more and more. recently, and the time is getting longer and longer. Although she can’t get out of bed and walk, she has to be fed, just like a child... But You can already communicate with me simply...”

This was enough to make Pius ecstatic!

She can wake up, communicate consciously, and remember people... something Pius had never imagined before...

Isabella curled up her lips and said, "As long as you keep taking the medication, you will recover better. In a few days, if you help her walk slowly, or let her use crutches, she will be able to walk on her

own."

Pius suddenly covered his face and cried with excitement.

Through the phone. Isabella could hear his subdued crying, and couldn't help but say, "Grandpa..."

"If it weren't for you. I really can't imagine this day, I can't even dream of it..." Pius cried with joy, and cried for a long time before saying, "Good boy, thank you, fortunately, you have saved me Several times, I saved your grandma again, our Young Family owes you too much kindness..."

"Grandpa, don't say that. I'm also very happy to do my best."

This is what she should do.

"You are the only granddaughter-in-law recognized by Pius in my life! No one can replace you! If that stinky boy Benjamin dares to do something wrong to you, I will break his leg immediately! How can our Young Family have you Such a beautiful and intelligent. daughter-in-law..."

Pius 's voice was still crying.

Isabella couldn't help laughing, "Wipe your tears first, we will go to your place later."

"Hey, okay, that's great..." Pius hurriedly wiped away his tears, his voice couldn't hide his joy.

Benjamin came out of the shower and hugged the little girl from behind. "Grandpa called?"

He heard the last conversation just now and guessed that the other end of the phone was Grandpa.

“Well, grandma is awake, shall we go and have a look later?”

“good.”

“Do you want to speak to Grandpa?” Isabella handed him the phone.

But Benjamin ‘s hands were always around Isabella, and he lowered his head to smell her breath, “No need, just hang up.”

Anyway, it will pass in a while, if you have anything to say, I will talk about it later....

Pius, who was still choking up, became a little angry when he heard his grandson’s words. This heartless brat, after having a wife, he forgot about his grandfather, and he didn’t even want to talk on the

He didn’t want to spend too much time talking with this brat!

“Isabella, you guys made a special trip to have dinner at Grandpa’s place tonight.”

“Okay, see you later.”

After hanging up the phone, Benjamin kissed Isabella ‘s lips again, endlessly...

When going downstairs, Richie hurriedly bowed, “Sir, madam...”

How did it end so quickly??

It’s only been half an hour, and my husband has even taken a shower. Is this too fast?

It shouldn't be....

"We're not eating here tonight, you tell Ned that you don't have to be our share." Although Benjamin noticed the surprise and surprise. in Richie's eyes, he didn't think much about it.

"Yes, sir."

Seeing Benjamin take Isabella 's hand and leave, Richie went to the garden to call Ned, Ned was also a little confused, Mr. left?? That's it? ?

Green, who was playing games in the car, suddenly heard someone knocking on the car window, looked up, and frightened the phone off.

Benjamin, you, how do you..."

It took less than half an hour to go in. I didn't expect that Benjamin looked vigorous and strong, and the time was so short...

Ms. Young has been so wronged in this life!!

"Look at what? Open the lock." Benjamin didn't know what he was thinking yet.

"Oh, oh..." Green hurriedly pressed the unlock button, Benjamin opened the car door, let Isabella get in the car first, followed by himself, and continued. "Go to Lake Mansion."

"Huh?? Now??"

Could it be that something happened to the old man??

"Grandma is awake."

“oh oh...”

So it is!

Green hastily started the engine.

Benjamin hugged Isabella on his lap. Originally, he wanted to have a romantic candlelight dinner with the little girl tonight, and set off fireworks with her after the meal. It seems that it has to be another

day.

“What’s grandma’s favorite?” In the car, Isabella suddenly said, “I didn’t prepare a meeting ceremony, it’s not good to go empty-handed...”

Chapter 335 Necklace, take it off

“You are the best meeting gift.” Benjamin touched her face and gave her a booster shot, “Grandma must be very happy to see you.”

“You can’t go empty-handed, either.” Isabella asked, “What was Grandma’s favorite?”

She has to prepare something?

“Ms. Young, the old lady likes viewing flowers, paintings, and playing chess... Oh yes, she has also heard your music.”

“...” Isabella obviously didn’t believe it.

“It’s true! Ask Benjamin if you don’t believe me.”

“Yeah.” Benjamin looked at her tenderly, “Grandma did listen to your music before and expressed her appreciation.”

That is to say, it will be fine for her to come and play a couple of songs in a while??

If you like to play chess, she has a set of high-quality chess, which is made of sky-high jade. Even the chessboard is crystal clear and priceless.

But if I ask my subordinates to deliver it now, it is obviously too late...

“Didn’t you give grandma an emerald bracelet before?” Benjamin reminded.

Isabella remembered that there was such a thing. Last time she took a piece of fine jade and designed two bracelets by herself, one for Mrs. Brown as a birthday present and one for Elder Mr. Mason, saying It’s a gift for Mrs. Mason.

“That bracelet is still on grandma’s hand. There is no need to prepare anything else, as long as the person arrives.”

Finally, under Benjamin’s persuasion, Isabella intends to bring that set of chess pieces next time.

Not long after, their car stopped at the gate of Lake Mansion.

Benjamin took Isabella’s hand and walked through the gate, with Bob leading the way.

“The old lady just woke up, I must be very happy to see you in a while!”

Bob’s tone was also filled with uncontrollable joy.

I didn't expect that the old lady could wake up and have a simple conversation. It was really unexpected!

And all this, thanks to Grandma Mr. Mason!

Arriving at Pius ' bedroom, sitting on the big bed, a grandma dressed in elegance and luxury, was drinking the soup fed by Pius.

"Grandpa, grandma." Benjamin and Isabella said in unison, causing the two old men to look at them at the same time.

"Hey, the granddaughter-in-law is here! Darling, this is the Isabella I told you about! Isabella! Williams' daughter!" Pius put down the bowl and hurriedly called Isabella to come and sit down, completely treating Benjamin as transparent...

Benjamin had already seen the strangeness, took Isabella 's hand, walked to the bed, and sat down.

The kind woman was neatly dressed, and there was nothing inappropriate about her body. She looked radiant and exuded a dignified and unattainable aura.

She raised her kind eyebrows, glanced at Benjamin first, and murmured, "Growing taller, more mature, and more stable."

She dragged her tail, her voice was gentle and pleasant, and she looked very aura.

Darling, let me tell you, there used to be a well-known genius doctor Selby Brown in the world. I couldn't get in touch with him. Later, through various relationships, I finally invited him. Guess. what, that genius doctor Selby Brown is Isabella! You say it's a coincidence hahaha..."

Pius laughed loudly when he said this, and then said, "Before I invited Selby Brown, I heard from Green that Isabella heard about your illness and went to find medicine for you in private! Green said she went to That place is very dangerous, and if you are not careful, you will lose your life."

But the little girl didn't back down. Originally, she didn't have to go alone, she could have asked others to do it, or she could have

nothing to do with herself, but she didn't...

"Later, she found all the medicine for you, and worked tirelessly to prepare it, just to save you..."

been bumped into by Benjamin and Green when she went to that place, we wouldn't have known that she was unknown in private and had given so much!"

No need for others to say much, she has already taken the initiative to save people, she didn't take the opportunity to claim credit, and she didn't give herself a favor...

This pattern, this mind...

Isabella was embarrassed by Pius' praise. "At the beginning. I just tried it, and I was not fully sure. The main reason is that grandma is in good health and can withstand the effects of the medicine."

Unlike Mrs. Brown, whose body is as fragile as a cardboard man...

Thinking of Mrs. Brown, Isabella's eyes dimmed again, which naturally did not escape Benjamin's eyes.

He squeezed the little girl's hand tightly, knowing that the little girl remembered Mrs. Brown, and gently stroked the back of her hand with his thumb to comfort her.

The depression in Isabella's eyes quickly passed away, and she raised her eyes again and said. "The main reason is that grandpa trusts me and fully supports me in doing it."

Back then Pius said that even if he was only 10% sure, he would support Isabella in trying her best.

It was Pius who gave her great confidence and trust that today's miracle happened.

At that time, although Isabella was 70% to 80% sure, there were still 10% to 20% variables, which cannot be ignored. Fortunately, all the hurdles have passed, and Mrs. Mason can sit here and listen to them.

“Oh, by the way, the jade bracelet on your hand was given by Isabella.” Pius held his wife’s hand and said with a smile, “The

crown necklace you gave Isabella... Isabella, have you worn it today?”

“Yes.” Isabella took the necklace out of her collar.

Benjamin added, “ Isabella wears it every day.”

Mrs. Mason looked at the beautiful crown necklace, and said suddenly, “Take it off.”

Pius and Benjamin thought they heard it wrong!

“Grandma?” Benjamin didn’t understand, is grandma not satisfied. with Isabella ??

“Darling, didn’t you say that this necklace is going to be given to your granddaughter-in-law...” Pius was also in a daze. Could it be that Darling lost his mind again and thought that someone else stole her precious necklace??

Benjamin held Isabella ‘s hand tightly and said, “Grandma, Isabella is the person I love the most in my life, and I will only marry her.”

“I said, take it off.” Mrs. Mason seemed to say it with all the strength in his body.

Seeing the look in Mrs. Mason ‘s eyes, Isabella reached out and returned the necklace with both hands.

Benjamin's eyes were dark, and Pius couldn't believe it when he watched Darling take the necklace...

"Grandma, I want to put it on for you myself." Mrs. Mason's voice is full of kindness and love.

The strings in Pius and Benjamin's minds suddenly relaxed.

"come over."

Isabella had already seen what she meant, obediently went over, and squatted down.

She knew that grandma couldn't speak fluently like a normal person, and she would get better gradually.

Darling, you scared me to death..." Pius patted his chest, wondering how could Darling be dissatisfied with such an excellent grand-daughter-in-law Isabella who couldn't find it with a lantern, because he wanted to wear it himself...

Mrs. Mason has just recovered, her hands and feet are weak, and she didn't put on the necklace after wearing it several times.

"Grandma is clumsy..." Although the old man tried his best to put on this extraordinary necklace for his granddaughter-in-law, the clasp on the back was not so easy to snap on.

Isabella was not in a hurry, "It's okay, take your time, don't worry."

"I'm afraid you're tired from squatting..."

Chapter 336 Don't Eat Dinner

The old man tried several times, but he still couldn't put it on, and he became even more anxious.

Benjamin on the side saw it, and approached intimately, "Grandma, I'll help you."

He helped grandma hold one end of the necklace.

The old man took the other end, tried several times with trembling hands, finally passed through the small hole, and finally put the necklace on.

"Good boy, are you tired from squatting?" Grandma's tone was tinged with guilt, blaming her for being clumsy after recovering from a serious illness, making her precious granddaughter-in-law suffer.

"Not tired." Isabella smiled Lily all the time. "Thank you grandma."

Today, she was finally able to thank grandma for the necklace in front of grandma.

"The threshold of the Young Family can welcome you, a girl, because the ancestors of the Young Family have manifested..."

Mrs. Mason looked at her with satisfaction. The little girl was not inferior to her grandson in terms of appearance or temperament. The two were really a good match.

The more I look at it, the more I am satisfied, and the more I look at it, the happier I am, not to mention that the little girl still has so

many identities...

Benjamin literally brought home a treasure!

At this time, Bob brought a bowl of soup, "Old lady, your soup is cold, I will serve you another bowl."

"I'll feed you." Isabella stepped forward.

Mrs. Mason hastily stopped, "No, just let your grandpa come..."

How could she be willing to trouble the little girl.

But Isabella didn't find it troublesome at all. Instead, she took a mouthful of soup and gently handed it to grandma's lips.

Mrs. Mason was a little embarrassed, took a sip, and said with a smile, "The soup my grandson feeds is sweet."

The light in Benjamin's eyes softened. Looking at the two people who got along well, he asked softly, "Grandma, how is your health these two days? Is there any discomfort?"

It just so happens that the doctor is here to answer questions.

"No... Isabella's medicine is very good..." Mrs. Mason said with a smile. "It's my head, maybe I've slept for a long time. I'm a little confused, my reaction is slow, I don't even have the strength to get out of bed and walk, Everywhere you go, you have to be pushed in a wheelchair..."

"This is normal." Isabella smiled and fed her soup, and explained softly, "It will be fine after a while."

After all, he has been asleep for too long, and it will take some time to return to his previous state.

even more!" Pius played tricks, purposely to stimulate Darling's appetite, and wanted Darling to talk to him.

But Mrs. Mason didn't answer him, and took Isabella's hand and chattered non-stop.

Seeing that Darling wasn't curious at all, Pius couldn't hold back, so he could only burst out, "Didn't you often listen to Tanya 's music before? Isabella is Tanya!!"

"Isabella is Tanya ?" Mrs. Mason couldn't believe it, looking at the little girl in front of her, how old is she, and she is already a famous piano master at home and abroad??

"Well, shall I play a song for you?"

On the way here, Isabella had already thought about playing a few tunes for grandma to add to the fun.

Mrs. Mason was overjoyed and surprised, and hurried to get someone to move the piano. Isabella sat in front of the piano, and as soon as she put her fingers down, the melodious melody spread to everyone's ears, making people mesmerized.

Mrs. Mason couldn't help closing her eyes, completely immersed in the artistic conception of this piece.

wonderful!

Wonderful!!

I don't know if this is a new song that Tanya released later, listening to the style of the song, this artistic conception, this melody, it is definitely from Tanya 's hand!

Ordinary people never have such a level and realm! I can't even

write a song like this!

Unexpectedly, her precious granddaughter-in-law is not only at miracle doctor, but also a piano master!!

I heard from my wife before that the little girl also founded an international first-line brand and manages the company of Logan Family...

Really excellent!

The song Isabella ended, and Mrs. Mason couldn't get enough of it. When she opened her eyes, her eyes were full of recognition and love for the little girl...

"You are Tanya..."

Mrs. Mason was moved, and her love was beyond words, "Tanya's style, I will not admit it... Is this the new song you released later?"

Never heard of it before...

Isabella smiled, "Improvisation."

Mrs. Mason's expression was shocked again, improvising, how could he create so well??

It is a higher level than Tanya's previous songs. It can be seen that the little girl has improved a lot during this time...

"You like it? I'll play two more songs for you..."

"Wait!" Mrs. Mason stopped her suddenly, and looked at Bob beside him, "Bob, hurry up and find a recording device, and record all the songs that Isabella is going to play next..."

It sounds so good, she wants to listen to it over and over again!

Isabella was amused by her operation, "If you like to listen to it, I will create some new ones someday, and send them to your mobile phone, so you can listen to them anytime."

“Okay, that’s great...” Mrs. Mason didn’t expect that her own family would be convenient, and Tanya could compose songs for her anytime, anywhere... I was happier...

Young Family really found a treasure!!

Pius and Benjamin, who were ignored by the side, felt uncomfortable. One hated that he was not Tanya, and the other hated that he was not a grandma...

Seeing the two of them chatting endlessly, Pius and Benjamin looked at each other, why don’t they have dinner??

If you eat any more, the other half will be gone...

Isabella played two more songs, Mrs. Mason couldn’t stop praising her, and asked Isabella for her autograph like a little fan.

Isabella is confused, signature??

Autograph for grandma??

Bob hurriedly handed over the pen and paper, and Mrs. Mason waited for the little girl to sign, the more she looked at the beautiful handwriting, the happier she was.

I didn’t expect the little girl to write so beautifully!

“Hey, can you write your best wishes to grandma next to this signature?”

Hearing Isabella’s words, Lily smiled, picked up the pen again, and wrote: healthy, safe and happy, always smiling.

Chapter 337 Uninvited Guest

In front of the signature, Isabella also added words, which together read: Isabella who loves you forever (Tanya)

Seeing this, the old man smiled from car to car, and immediately asked Bob to find a photo frame and frame the paper himself.

“Well, Darling, it’s almost time, the children are also hungry, let them have dinner first...”

Pius ‘s words did not get a response from his wife.

After framing Isabella ‘s words, Mrs. Mason put the frame on the bedside table, and asked Benjamin to help her take a photo with Isabella...

Pius hurriedly said, “I want it too, I want to take a picture with you too...”

“You get out of the way first.” Mrs. Mason wanted to take some pictures with Isabella alone.

Pius stood aside with his mouth curled up. Seeing Darling hugging his daughter-in-law again and looking at the camera with a happy smile, he immediately envied the little girl...

He hadn’t been this close to Darling since he woke up.

After taking the photo, Benjamin saw the mixed-feeling grandpa beside him, and said with some conscience, “Grandpa, it’s your turn.”

“Let’s not talk about twenty cattics, if I gain another five cattics, your old waist will probably lose weight...” Mrs. Mason could see that he was struggling to hug.

“Who said, it doesn’t matter how much weight you gain! Next, I will keep fit...” Pius said this, and looked at Bob, “ Bob, next you supervise me!”

“Yes, old sir...”

The family of four chatted and laughed, and came downstairs, where the table was already full of exquisite dinners.

“Grandpa, you have prepared too much...”

Isabella could tell that there were at least twenty dishes here, and the four of them couldn’t finish them all.

For every dish, not only the ingredients are hard to find, but the workmanship is also a test of a chef’s cooking skills...

It can only be said that this dinner was too extravagant.

“Your grandma said it was the first time she had dinner with her granddaughter-in-law, so she must not be neglected...” Pius added. with a smile.

Mrs. Mason handed the fork to Isabella herself.

Isabella looked at her trembling hands. Although she hadn’t fully recovered, the old man still wanted to do something for his

granddaughter-in-law.

Isabella's heart warmed, and she took the fork. "Thank you grandma."

"When you came here before, your grandfather must have told you that you should treat Lake Mansion as your own home... Today, grandma also said the same thing. In your own home, you don't have to be cautious. You can eat whatever you want and what you don't like. Feel free to say..."

After Mrs. Mason finished speaking, he looked at his grandson again, " Benjamin, you put more food for Isabella, you know Isabella 's taste, give her more."

"I will." Benjamin looked at Isabella tenderly again.

Isabella can feel the love of the two old people, especially the grandma, who obviously has no strength and needs to be fed, but she still trembles and insists on picking up food for Isabella...

Isabella said emotionally, "Grandma, don't bother, I will do it myself..."

A meal is finished in a harmonious and harmonious atmosphere...

Isabella suddenly thought, if there was such an atmosphere in the Brown family before, even if it was only a little bit, would the ending be different...

Benjamin seemed to read her thoughts, and said softly, " The Brown family is not your home, this is."

Isabella raised her eyes and looked at him in surprise, how could he be so sure of her inner thoughts?

"The two from the Brown family are unfamiliar white-eyed wolves. This kind of atmosphere is impossible, so there is no if."

Everything is destiny.

When Isabella was surprised, she softened her eyes again, unexpectedly, he knew her thoughts well.

After dinner, Mrs. Mason was very excited and invited Isabella to the living room for coffee.

But Isabella could see that her energy was obviously not keeping up. She planned to drink this cup of coffee and leave to let grandma take a good rest.

At this moment, Bob reported, "Old man, old lady, Mr. Ray heard that old lady woke up, so he came here to check."

"Ray is here?" Pius smiled and asked Bob to invite him in.

"Since there are guests coming, grandpa, I'll..."

Isabella just wanted to get up and say goodbye, when Pius waved his hand and said, "Just in time, I want to introduce... Don't rush away, I have to make Ray envious, I have a granddaughter-in-law hahaha..."

When Bob led a respectable old gentleman in, there was a young girl behind him.

The girl looked to be only seventeen or eighteen years old, with black long straight hair hanging over her shoulders. her skin was as snowy as snow, and her eyes were full of cold arrogance, which surprised everyone present.

"

Jennifer came to celebrate my birthday. I heard that Elder Mrs. Manson woke up, so we wanted to hurry over and have a look..." Mr. Ray didn't expect that the old lady was really radiant and sat on the sofa seat, and greeted him.

"Please sit down, please sit down..." Pius beckoned them to sit down, "My old wife can wake up this time, thanks to my granddaughter-in-law!"

“Yo, granddaughter-in-law???” Mr. Ray looked at the girl next to her, who was prettier than her granddaughter, with delicate features and refined temperament.

Isabella also greeted her with a smile.

Mr. Ray is a bit confused, the Young Family is engaged to the Logan Family, isn't Benjamin going to marry that Cecilia ??

Why did she suddenly become this girl??

Who is this female doll? She looks much prettier than Cecilia, and she has a good temperament and voice...

I just don't know who she is, but she was able to pass Cecilia and be with Benjamin...

Could it be that some tricks were used behind the scenes...

Thinking about it this way, Mr. Ray 's impression of Isabella is a bit

worse...

Isabella an arrogant look, seeming somewhat hostile.

Chapter 338

“My granddaughter-in-law is very powerful. Let me tell you, she can't finish talking about her advantages for three days and three nights...”

When Pius said this, he saw Bob bring coffee water, and greeted him again. “Take a sip of coffee first. This is the coffee leaf produced by the 300-year-old tree on Mountain. It tastes very mellow!”

When he said this, he looked at Isabella with a smile, " Isabella, try the taste, if you like it, bring some to school."

Jennifer heard that such a good coffee cost 10,000 USD per gram at the auction a few months ago. Elder Mr. Mason actually asked this girl to take it to school to drink?

Isn't this reckless?

For such an expensive coffee leaf, it is only meaningful and valuable to drink it on a high-class occasion and with high-class people...

Let this girl take her to school for a drink...

It seems that in Elder Mr. Mason's heart, this girl has a very high

status.

When Isabella saw this coffee, she remembered the scene when she returned to Riverside Villa for the first time. At that time, Eloise had someone serve her this kind of ancient tree coffee. In the Qing Dynasty, only the emperor had the right to such rare coffee species.

enjoy.

She took a sip. the coffee was fragrant and mellow, lingering on her lips and teeth, it was the best coffee.

After taking a sip, Jennifer took a special look at her, probably she has never had such an expensive coffee in her life, right?

I don't know what method I used to stay with Benjamin and make Elder Mr. Mason love him so much...

I thought everything would be fine when compared to Cecilia, but I didn't expect this girl to appear again...

After taking a sip of coffee, Mr. Ray expressed curiosity about Isabella's identity, and couldn't help asking Pius, "Your granddaughter-in-law is still in school?"

"Yes, the medical university begged her to go! Originally, she didn't need to study because of her intelligence and intelligence, she just went there to play for Mr. Brown's face-" Pius 's tone was quite proud, with a hint of showing off.

Begging to go??

That strange old man in the medical university, no matter how good the students are, he is very ordinary in his eyes, and he can make them beg...

Before Mr. Ray could ask a question, Pius couldn't hold back, and took the lead to reveal, "Not only Medical University, but also Nanjing University, Polytechnic University, Bomsville

University...even those well-known foreign universities have rushed to recruit her as a student...she is this year's full score No. 1 Isabella!"

"It turned out to be the perfect score No. 1... no wonder." Mr. Ray was a little surprised, he didn't expect that the perfect score No. 1. which was hated by his precious granddaughter for half a summer

vacation, was right in front of him...

it would not be a problem to win No. 1, but on the day of Enter University exam, she had diarrhea and collapsed...

In the end, the results of the Enter University exam came out, which were far worse than usual, and I had to reluctantly choose a medical university.

Not only did this girl get No. 1, but she also got full marks...

It seems that learning can be done...

“So, my Jennifer, and one of your schools...”

Pius was a little surprised when he heard this, “Jennifer is also studying at a medical university? You must have heard of my granddaughter-in-law! I heard that my granddaughter-in-law caused a sensation on the first day of school...”

“Hahaha...” Mr. Ray didn’t expect Pius to be so satisfied with this quiet and well-behaved girl, he laughed and said, “Aren’t all universities training recently? My Jennifer is afraid of getting sunburned, so she didn’t go...”

“Hey, what a good opportunity to exercise, you won’t get tanned, look at my granddaughter-in-law who has been there for a week, she is still so white hahaha...”

Isabella saw that the two old men were arguing inside and out, and suddenly, her mobile phone vibrated.

She picked it up and saw that it was a call from her subordinates, so

she hung up immediately.

The subordinates on the other end were a little confused, the whole person was in a mess in the wind, and the boss hung up on him again??

Since being with Benjamin, the boss has hung up on him more and more often...

The boss has changed!

I don't like listening to him chatting anymore!

Unwilling, he called again. This time, Isabella guessed that he had something urgent to report, so she got up and said, "Excuse me, let's go to the bathroom."

Pius was still chatting at first, but he hurriedly said, " Bob, show Isabella the way."

"No, I know the way."

Jennifer raised her eyebrows, she seems to be a regular visitor??

Lake Mansion is so big, if you haven't been here a few times, you will definitely get lost!!

This place is the private residence of Elder Mr. Mason and Mrs. Mason, ordinary guests will definitely not be able to come!

Only those who have a deep friendship are eligible to come...

Who the hell is this girl who can become a frequent visitor here!!

wrong!!

Elder Mr. Mason said just now that this girl's surname is Isabella...

Could she be from the Logan Family??

Williams and Eloise have only one daughter, Cecilia. Is this girl's surname Cecilia's cousin?

Cecilia 's child?

Jennifer is not very familiar with the children there, and vaguely remembers more than one girl there...

Unexpectedly, this girl was so close to the water, she stole Cecilia 's fiancé...

Heh...it's really interesting.

If it's Cecilia 's identity, maybe it can make her a little bit jealous. but if it's from the uncle and aunt... then there's no need to be polite at all!

Who doesn't know that Cecilia 's uncles and aunts are not as good as Williams...

If you have to compare, it's not as good as their Ray Family!

Benjamin knew that the little girl had a phone call and she should have something to discuss, so he didn't accompany her.

"Grandma, why don't you have some coffee?" Jennifer waited for Isabella to leave, took the initiative to take a cup of coffee, and brought it to Elder Mrs. Manson, with a gentle eyebrow, "We are really very happy to know you woke up..."

"That's right, we just received the news and wanted to come and see you as soon as possible..." Mr. Ray added.

"Thank you, I can't drink it." Mrs. Mason smiled kindly and didn't take the coffee cup. It was strong coffee and she was recovering from a serious illness and couldn't drink it.

"Then let me get you a glass of water?" Jennifer put down the coffee cup and asked Bob to pour water, as if she was the little master hcr.

“It’s so hot, if it wasn’t for my birthday, Jennifer wouldn’t be willing to accompany me out for dinner...” Mr. Ray said with a smile, “Oh yes, on the way here, she remembered that she had a gift to give Old lady, so I folded it home again, Jennifer, hurry up and get out the gift.”

As soon as he finished speaking, Bob stepped forward and said, “Old man, old lady, there are guests here again, it’s Mrs. You and Mrs. Stone...”

Mr. Ray’s words were interrupted, so he could only give up temporarily and wait for the opportunity.

Mrs. You and Mrs. Stone are the daughters-in-law of Pius’s old friends. They probably came to see Darling when they heard that Darling had woken up.

Due to the affection of old friends, Pius still asked them to come in.

“Old lady, are you finally awake? Great, it seems that I, Nora, burning incense and praying for blessings is really useful...” Mrs. You couldn’t help her nose sore and her voice choked up when she

came.

Mrs. Stone, too, said with tears in her eyes. “Thank God, you finally woke up! God has eyes, old madam, you are deeply blessed, and it must be the old gentleman’s love for you that has moved heaven...”

Chapter 339 This is Fake

They brought a lot of gifts, and as soon as they sat down, they found that Benjamin and Ray Family were also there, and they exchanged pleasantries.

“Jennifer, the gift you want to give grandma hasn’t been brought out yet...” Mr. Ray reminded with a smile.

Jennifer took out an exquisite gift box from the bag at hand, and handed it over with both hands.

“Grandma. I’m glad you woke up, this is a birthday present I wanted to give you a long time ago, I didn’t

expect that something happened to you then..... Today I finally have the opportunity to bring the gift to you...you must accept it!”

“How can I accept a gift from a junior, not to mention it’s not my birthday...” Elder Mrs. Manson waved his hand, smiling, but didn’t

accept it.

But Jennifer always maintained the posture of sending it out, “Grandma, you should open it and have a look first, you will definitely like it.”

Mrs. Stone at the side was a little curious. “Madam, since this junior is so caring, you should open it and have a look!”

“Yeah, let us see what a good thing it is!” Mrs. Lawrence has always been on good terms with Ray Family, so she intends to help Ray Family speak.

Elder Mrs. Manson thought, since it was given away, she would open it and take a look, and return it after reading it, so that the

younger generation would not lose face...

With the help of Elder Mr. Mason, open it, and inside is a pair of high-quality chess pieces and a crystal clear chessboard!

“It’s golden chess!”

“This is the best of the best!!”

Mrs. Stone and Mrs. Lawrence exclaimed, they didn’t expect a junior to be so generous...

What's more, she didn't expect that at such a young age, she would have a way to purchase...

Gold of this level is very rare in the first place, and those with gaps, uneven color, cracks, too small materials, etc., cannot be selected as polishing materials...

It is said that it took three years to select the material for this chess piece.

Next, it took another three years to make these 361 chess pieces, all of which were handmade...

Each worth 200,000!!

The point is, as soon as this pair of chess pieces came out, it attracted countless chess collectors to compete first. In the end, it was photographed by the famous Mr. Tomson at a price of 180 million and has been held in his hand...

It's useless for anyone to buy...

Mrs. Stone couldn't help asking, "Jennifer, how did you buy it?"

Elder Mrs. Manson looked at the chess set in front of him, and felt incredible. Jennifer was able to buy this chess set from Mr.

Tomson...

At this time, Isabella came back and found that there were two more guests in the living room.

Mrs. Stone and Mrs. Lawrence were also stunned. They didn't expect a girl to appear in Lake Mansion. The point is, they had never seen it before!

Isabella is back?" Elder Mrs. Manson introduced with a smile, "Let me introduce to you, this is my granddaughter-in-law Isabella..."

Sun, sun, grandson's daughter-in-law???

Mrs. Stone and Mrs. Lawrence were even more unbelievable. Where did this little girl come from, and how did she replace Cecilia as the granddaughter-in-law of the Young Family??

This method is too powerful, right??

The point is, Jennifer is still here. I saw that Benjamin didn't like Cecilia before, and I thought Jennifer had the best chance...

did not expect...

Isabella, this is Mrs. Stone, and this is Mrs. Lawrence." Elder Mrs. Manson introduced again with a smile.

Isabella nodded to them and smiled slightly, "Mrs. Stone is good, Mrs. Lawrence is good."

"Hey, hello..." Mrs. Stone noticed that since Isabella came back, Benjamin had hugged her waist, and it seemed that he was very

Mrs. Lawrence also saw Benjamin leaning his head close to Isabella's car, asking something in a low voice, and Isabella whispered back a few words.

That looks like a couple in love!!

Unexpectedly, the granddaughter-in-law of the Young Family was changed...

Can conquer the old gentleman and old lady at once, and the most difficult Benjamin...

This girl's means can no longer be described as powerful...

"Being the granddaughter-in-law of the Young Family must be something special! Why don't Isabella take a look at this chess set... How is the workmanship? Does it look good?" Mrs. Stone intends to take this opportunity to explore the girl's family background.

If it is a rich family, they must know the source and value of this chess set...

If you were born poor, you definitely don't know what to do...

Isabella just glanced at it and said calmly. "It's very ordinary, nothing special."

This sentence was a blow to the head, and everyone in the audience was dumbfounded?!

She actually said that there is nothing special about such a sky-high price chess set, it is very ordinary?!

Sure enough, he was born poor! No experience!

Jennifer was almost annoyed. "It seems that Lady Logan doesn't know the value of this chess set."

"This is a well-known golden chess. It was bought by a collector for 180 million..." Mrs. Stone couldn't help smoothing things over, "I think you are still young, so you probably haven't touched it yet."

Knowledge of chess..."

"It's not the golden chess set." Isabella said calmly, "It's not the one you said."

As soon as these words came out, everyone was dumbfounded again...

She, what did she say??

Isn't this golden chess??

How can it be!!!

How can she be so sure??

The golden chess pieces are translucent and crystal clear. Obviously, they are fakes."

Mr. Ray couldn't hold back his face when she said it, and gave her a reproachful look. "Nonsense!"

If it weren't for the presence of Elder Mr. Mason and Elder Mrs. Manson, he would have slapped the table!!

In front of so many people, he said that what Jennifer bought was fake...

unacceptable!

Is it possible to tell lies with open eyes just because she is the future. granddaughter-in-law of the Young Family?

There's nothing left to say about this horoscope!

Are you taking yourself too seriously?!

Jennifer was also very angry when she said that, but she still

maintained her demeanor and asked with a smile, "Lady Logan can tell if it's true or not with her eyes? Then your eyes are really piercing."

Isabella raised her eyes and said without hesitation, "I can hear it right away, this is not the real thing."

Jennifer laughed angrily. "Lady Logan's words are really interesting. but this chess piece can't move, how do you listen? Listen carefully?"

Mrs. Stone and Mrs. Lawrence couldn't help laughing when they heard that...

This little girl wanted to act in front of Elder Mr. Mason and Elder Mrs. Manson, but she didn't behave like this!

Can this chess piece tell the truth?!

So let everyone see it?!

"When I say listen, I mean listening to you, not to the chess pieces." Isabella looked into Jennifer's eyes and said bluntly, "Mrs. Stone asked me to evaluate this chess. I'm just telling the truth. Offend, that was not my intention."

Jennifer has never seen such an arrogant girl, "You say it's true, do you have evidence??"

She does have...

It just takes time...

"You said this pair of chess pieces are fake, how did you judge?" Jennifer asked unconvinced, "Is it based on the color you said?"

Chapter 340 The real thing is with me

“The color of this chess set also looks very exquisite...especially this chessboard, which is crystal clear...A fake can do this?

Impossible...” Mrs. Stone obviously didn’t believe Isabella’s words.

Mrs. Lawrence also intends to help Ray Family, ” Isabella saw the photos of this chess piece on the Internet, so did you find any gaps after comparing them? You can’t trust the photos on the Internet. After all, the pixels are different, and what you see will be different. deviation...”

Everything is still seen with the eyes, only what you see with your own eyes is real!

Benjamin supported Isabella’s slender waist, and defended, ” Ms. Stone asked my fiancée to comment. My fiancée told the truth, and there was no offense. She was right. This chess piece looks ordinary. In these days, telling the truth is not acceptable? It must be flattery?”

His words not only slapped Ray Family in the face, but also embarrassed Mrs. Stone and Mrs. Lawrence at the same time.

Benjamin, do you think so too?” Jennifer bit her lower lip. Obviously, Benjamin was defending this girl and calling her his fiancée, which gave her enough face!

What kind of method did this girl use!

“We’ll change our name in the future.” Benjamin looked into Jennifer’s eyes and said indifferently. “We’ve only met a few times, and we’re not familiar with each other. The name is too close, and

The real thing is with me

it’s easy to be misunderstood.”

Mr. Ray saw Benjamin defending the little girl again and again and embarrassing his precious granddaughter, so he couldn't help smoothing things over.

”

Jennifer knows that the old lady loves to play chess. She spent a lot of effort and relied on a lot of connections to buy it. It is because of her filial piety to the old lady. Now it is said that it is a fake, and it is hard to avoid.... We, Ray Family, don't use a fake product to fool people, don't you think?”

The Elder Mrs. MansonJan who was sitting on the main seat smiled elegantly, and said generously, “Whether this chess piece is real or not, Jennifer has a heart, but for no reason, I can't accept such an expensive gift, you should take it back. ”

After speaking, Jan closed the lid, and Bob took the gift to the coffee table in front of Jennifer and put it away.

The meaning is obvious, when you leave, take this thing with you.

“Isabella, come to grandma.” Jan waved to Isabella again.

Isabella was pulled by Jan to sit between her and Pius, Jan patted the back of the little girl's hand, and said affectionately, “Grandma likes children who tell the truth, and I have seen too many twists and turns over the years, but you are like this, I like it better!”

In a word, it made the faces of other people present even uglier.

“Young people want to be like this. It reminds grandma that she had such a personality when she was young...” Jan laughed again when he said this.

Jennifer, who was sitting on the sofa, was obviously very

The real thing is with me

unconvinced, "Grandma, Ms. Young hasn't told me about my chess. where is it?"

Isabella doesn't say one, two, three, four, five today, she will never let it go!

Jan had already taken the topic away, but now that Jennifer brought it up again, the atmosphere became subtle again.

"Jennifer may not be able to figure it out. How could this chess piece be fake? Ms. Young misread it, or didn't know it..." Mrs. Lawrence who was sitting on the side helped to speak. "Ms. Young questioned not only This chess set is still Jennifer 's filial piety to the old lady..."

"It's okay to doubt my stuff, but it's not okay to doubt my feelings for the old lady!" Jennifer obviously wanted to take advantage of the problem, and said angrily, "Ms. Young, please explain clearly, where is the fake chess set!"

Mr. Ray pretended to be generous, and said with a smile, "Children nowadays like to make a big fuss, and children's affairs should be left to them to solve by themselves... We adults should treat it like watching a show. We are still young, and we are still serious., come, come, old man, old lady, let's drink coffee..."

He didn't stop his granddaughter, but deliberately let her continue to make trouble. This is pampering her to the bone.

Pius was a little upset, if Mr. Ray hadn't saved his son's life back then, he would have told them to get out of here a long time ago, how could he give them face.

Just when Pius wanted to speak up, Isabella spoke up.

"Grandpa and grandma, please drink coffee first." Isabella brought coffee to Pius and water to Jan, and said gently, "Since Jennifer insists on asking why, then I'll tell her and make her give up."

Seeing the little girl's aura, Jan smiled, "Okay, then you guys talk about it carefully, and we adults will not interfere."

Hearing that Elder Mrs. Manson did not intervene, Jennifer was even happier, "Then please tell Ms. Young, we are all cars!"

Isabella's eyes fell on her, and her tone was neither humble nor overbearing. "The reason why I'm sure this chess set is fake is because it's really here with me!"

When these words came out, everyone was shocked.

Isn't this girl too courageous to lie in front of so many people?

It's not like they don't know the value of this chess set...

You must know that the last collector, Mr. Tomson, was an old man with a bad temper and a proud personality. Even if Elder Mrs. Manson asked for it in person, Mr. Tomson might not give it to him. at a high price.

How old is the little girl, and what resources are there to make Mr. Tomson sell chess to her?

Jennifer looked into Isabella's eyes with obvious disdain. "Do you know how much this chess set costs?"

Seeing that she doesn't have any famous brand clothes all over her body, she obviously can't afford it!

"This chess set of mine cannot be a fake! You said that the genuine one is with you, so you should show it out for everyone to see!"

The real thing is with me

At this moment, Isabella's cell phone vibrated a few times, just in time!
