

## **Chased Her 421**

### Chapter 421

Angela was moved, but she didn't expect little Tanya to comfort and praise others.

"Are you free tomorrow afternoon? Auntie wants to treat you to afternoon coffee."

Perhaps realizing that the girl is still young, Angela added, "Coffee is also fine."

Isabella smiled lightly, and before she could reply, Angela sent another new message.

"You saved me, woke me up, and comforted me... Whatever you say, I will buy you a drink."

Isabella's slender fingers replied. "Okay."

"Then which time slot is convenient for you?" Angela happily asked for her opinion.

"It's all right."

"How about three o'clock in the afternoon?"

"good."

"What would you like to drink? Coffee, afternoon coffee or coffee?"

"It will be all right."

I didn't expect the girl to be so easy-going. While Angela liked her more, she began to look forward to meeting tomorrow.

“Then let me inquire about any online celebrity check-in spots

recently, and I will send you the address later.” Angela also sent a happy emoji.

“good.”

After Isabella replied the last word, she put away her phone.

“What are you talking about?”

At this time, after finishing his work, Benjamin rushed to the mall to pick up Isabella, and took the things in her hand.

He didn’t expect that the little girl would buy so many things for his parents, let alone that with so many things, she was talking and laughing with the people on the phone, and seemed to be having a good time chatting.

“A very interesting aunt.” Isabella ‘s eyes became gentle, “I’m going out tomorrow afternoon.’

“Meet the aunt you mentioned?”

“Um.”

Benjamin was a little puzzled, the little girl didn’t seem like a social person. what kind of aunt would make her make time to see her??

“How did you know each other?” Benjamin helped her open the car door, put on her seat belt, and asked casually.

“When the score was handed in last night.”

“Get acquainted so quickly?”

“Well, this feeling seems familiar.”

She and that aunt seemed to have known each other for a long time. and they got along very comfortably.

“If I had known that you went to the Prosperity Club last night. I would have gone with you.” Benjamin explained, “That club was later under my name.”

Isabella was a little surprised when she heard that, “Isn’t that Mr. Wilson’s club?”

She happened to save Mr. Wilson earlier, and when she went later. the people in the club were very polite to her.

Later, she rescued the manager of the clubhouse and the waiters there. When they saw her, they respected her from the bottom of their hearts.

“Earlier, when the Wilson Family encountered an economic crisis, I helped Mr. Wilson solve it. Mr. Wilson transferred the clubhouse to me to express his gratitude and concentrate on developing his real estate industry.”

At that time, if it weren’t for Benjamin’s move, the Wilson Family would have been heavily in debt. It can be said that there is no Wilson Family in Bomsville anymore.

“Then why are the club members from the original gang?” Isabella asked again.

From the manager to the waiter, they are all the same people, and none of them have been changed.

“They are familiar with the business and doing a good job, so there are no substitutions.”

Isabella nodded knowingly, if she had known this, she might as well

have let him go with her last night instead of making him wait at home for more than an hour in vain.

“On the contrary, you seem to be very familiar with those people in the clubhouse?” Benjamin glanced at her and asked softly. “Go often?”

“Occasionally.”

—

Isabella talked about what happened before in a few words, and soon, the car arrived at the restaurant under the Mason Group.

In the box.

Pius and Jan sat at the main seats, checking the time from time to time.

Bob, who was standing aside, couldn't help laughing and said, “Old man, old lady, it's not time yet.”

Norm straightened his tie, seemed a little nervous, and cleared his throat.

Angela was looking forward to it, not knowing what kind of person her upcoming daughter-in-law would be.

five minutes later.

Someone knocked on the door.

Everyone looked around and saw Benjamin holding a gift in one hand and leading a girl into the door with the other.

What caught everyone's eyes was a girl with outstanding looks and refined temperament. She didn't wear makeup, but she was so beautiful, her eyes were like lacquer, and her facial features were

exquisite.

Norm and Angela were completely stunned the first time they saw her, why did she look so much like little Tanya ???

"Grandpa, grandma, dad, mom, I brought Isabella here." Benjamin led Isabella forward, and did not forget to introduce her, "Grandpa and grandma, you already know each other. This is our dad and our mom."

Norm and Angela were so stunned that they couldn't speak, and they looked more and more like each other...

Norm, Angela, this is the Isabella we have often mentioned to you. Isabella."

When Pius saw Isabella coming, he was happy, but suddenly found that his son and daughter-in-law didn't respond, so he couldn't help but bumped his son with his elbow, reminding him dissatisfied.

"Norm, you should say something!!"

Wasn't he quite able to speak at home before, why is he dumb now? Are you dissatisfied with Isabella ??

Hmph, he dares to give it a try if he is not satisfied!!

Jan found that his daughter-in-law Angela, who has always been eloquent, didn't express anything at this time, so he couldn't help but reminded in a low voice. "Angela, what are you doing? This is Isabella, Benjamin 's fiancée..."

"Hello Uncle, Hello Auntic." Isabella raised the corners of her lips, as if she had recognized them.

She took the gift from Benjamin, gave it to her grandparents first. and then took the other two to Norm and Angela respectively.

"This is my wish, I hope Uncle likes it."

Norm doesn't even know how he received this gift...

Not only do they look alike, but they even sound the same.

"Auntic, this is yours." Isabella offered the gift with both hands.

Angela was stunned for a while before asking in surprise, "Are you little Tanya ?"

Isabella nodded, smiling.

"Are you really little Tanya ? Ah... little Tanya is my daughter-in- law??"

The happiness came so suddenly, Angela was so excited, "Dad. Mom, this is the girl I mentioned to you, I met on the road!"

Pius and Jan were a little surprised. The smart, beautiful, talented, and kind-hearted girl that Angela mentioned was Isabella ??

“What’s going on here?” Pius and Jan couldn’t help asking.

“It’s like this. We thought we haven’t been back for a long time, so we wanted to buy some gifts for you. Speaking of which, have you opened the gifts we gave you?” Angela suddenly realized the problem...

Pius and Jan shook their heads in unison, thinking that what they sent was the health care products and souvenirs from before, so they just put them away first, and haven’t opened any of them to take a look...

Angela knew what they were doing, and explained. “ Before we went back to Lake Mansion, Norm remembered that Dad liked Alexis ‘s paintings very much, so he went to great lengths to contact Alexis ‘s assistant and asked Alexis to draw a painting. For Dad. and guess what, Alexis is Isabella!”

Chapter 422 I’m Very Satisfied With My Daughter-in- Law

As soon as these words came out, not only Pius and Jan were stunned, but even Benjamin was very surprised.

Didn’t expect the little girl to have another identity, Master of Painting Alexis?

That day, the little girl drew in front of him...

How honored he was to witness that moment with his own eyes.

No wonder the hair clip locator that the little girl wore on her head. last night was discovered so quickly, because everyone in the Young Family knew what it was.

At first he thought there was an inner ghost...

Angela was also very excited, the Painting Master, Alexis, a master in the painting world, turned out to be his daughter-in-law!

Norm was also very excited. He didn't expect that Mr. Alexis would be his future daughter-in-law. This is a godsend.

Angela went on to explain, "I remembered that Mom likes Tanya 's music. Thinking that I haven't been home for so long. I asked someone to contact Tanya and customized a song for Mom."

Tanya, a well-known overseas piano master, is also her daughter-in- law!

The surprise came so suddenly, she almost couldn't handle it!

"You guys don't know how talented little Tanya is. She made the song in less than a day. I have heard this new song and it is very nice. Last night, when she gave the song to me, I happened to have a toxic attack., she even rescued me."

Angela looked at Isabella with eyes full of love and gratitude.

Benjamin at the side finally understood, and said lightly, "Then you are very lucky, after all, no one is lucky enough to meet the miracle doctor Selby Brown."

"The miraculous doctor Selby Brown ???"

Now it's Norm and Angela's turn to be shocked. It is rumored that Selby Brown, a miraculous doctor, is also their daughter-in-law??

They must be very lucky, right??

It can be said to be bursting!!

in the world who want to see Selby Brown for treatment. They also wanted to see Selby Brown to show Pius and Jan before, but they couldn't find anyone...

“My heart surgery was also performed by Isabella.” Pius laughed out loud, not expecting such a wonderful fate.

Jan also smiled, “ Isabella cured my disease.”

Norm and Angela looked at each other, their eyes filled with surprise and surprise, what kind of fairy is this little girl...

“You don’t know that last night, Isabella could smell the coffee I brewed and where it came from...”  
Angela was full of praise for Isabella.

Norm added. “Not only that, but she can smell what the perfume we wear is made of...”

This is simply too powerful.

Unexpectedly, their daughter-in-law is not only the painting master Alexis, but also the piano master Tanya, the genius doctor Selby Brown, and all kinds of special skills.

Young, knowledgeable, talented, and smart...

Norm and Angela couldn’t hide the smiles on their lips, they were so satisfied with this daughter-in-law!

“So last night, my subordinates were right, Isabella was really driving Benjamin ‘s car...” It was only at this moment that Norm suddenly realized.

Because he wasn’t sure about the relationship between the girl and his son before, he didn’t say that Benjamin was his son, but just asked the girl if she knew Benjamin, but the girl mistakenly thought that he was going to trouble Benjamin, so he kept on reading between the lines, saying that in the future, if he had something to do, he would go to him directly. Her, don’t bother Benjamin.

With that protective tone, he should have guessed the identities of the two, it’s all because he was too excited to see Teacher Alexis!

Angela also remembered last night, the person she praised the girl was very lucky to have such an excellent girlfriend, what the girl said at that time, she maintained that the one in her family was not bad.

Angela immediately tasted the candy, it was so sweet.

Does her son know that his fiancée often defends him in private??

At this time. Isabella was being scrambled for. Jan asked her to sit beside her, but Angela disagreed and wanted to sit with her.

“Mom, Isabella usually stays with you, so let her sit between Norm and me for today’s meal!” Angela grabbed Isabella’s arm and refused to budge.

Jan smiled, “Okay, I’ll let Isabella sit next to you tonight.”

“You don’t know what kind of food Isabella likes to eat, I do!” Pius still refused to agree.

“You can tell me, I’ll help her clamp it!” Angela scrambled.

Benjamin on the side...

Unexpectedly, the very congenial aunt Isabella mentioned was his mother...

Isabella no longer belonged to him from the moment he entered the door, and was being scrambled for...

He was completely ignored.

In fact, Isabella recognized the middle-aged man and the beautiful lady as Benjamin 's parents and her future parents-in-law as soon as she entered the door. She was surprised and a little happy at the same time.

This couple has a very good personality, and they treat people and things well...

“Isabella, Auntie asked what you were doing this afternoon. You said you were shopping, so you just went to buy us a gift?” At this moment, Angela found that the gift from Isabella was heavy, and couldn't help asking.

Isabella raised an elegant smile. “Well, see if you like it.”

“Even if you pick a flower by the roadside, Auntie will like it!” Angela said this, and opened it to see that it was a set of QY's limited edition jewelry.

In the afternoon, Isabella went to the store and asked them to take out the best-looking packaging, pack up the latest global limited jewelry set, and take it away.

Seeing this gift, Benjamin said lightly, “Oh, by the way, QY was also founded by Isabella.”

Now, Norm and Angela looked at each other and were even more stunned!

God, what kind of mysterious treasure house is their precious daughter-in-law? Why are there so many identities??

“Isabella, you are so good, aren't you?” Angela couldn't help but praise, and found that there was another card in the bag, which was QY's free card. Money, pack it up and take it away.

Angela was stunned.

The daughter-in-law is so generous, it seems that they are a bit petty, what should I do!

There is also a set of skin care products in the bag. Benjamin guessed from the shape of the bottles and cans in the gift box that it should be the whitening and moisturizing set researched by Isabella himself.

“Baby Isabella, you are so caring...” Angela couldn’t help but give her a loving hug, and actually gave her so many gifts in one go.

11 It was the first time that Isabella was held in the arms of a woman who had only met twice at such a close distance...

“Why are you so nice?” Angela felt like crying, what should they do if the daughter-in-law here is so satisfying.

Norm opened the gift box and took a look, “Cleo’s works?? Six. six??”

This daughter-in-law is too rich and inhuman!!

There are six works in one shot!!

You must know that the first painting has been lost in the market, and some people offered up to 300 million USD, but no one was willing to sell it...

Where did Isabella get it??

Did it cost a lot of money??

Chapter 423

At this time, Angela suddenly thought of something, and couldn’t help asking, “Isabella, you can’t be Cleo, can you?”

As soon as these words came out, Isabella could feel all eyes on her.

The handwriting you wrote to Norm is exactly the same as Cleo 's." Angela already knew that a beautiful daughter-in-law has many identities, and even if there was another one, she could bear it.

At this time, her eyes were full of expectation, and there was a bit of determination...

"What blessing?" Pius and Jan were a little confused, not knowing what Angela was talking about.

"Last night, Isabella wrote a letter of congratulations to Norm and even signed it." Angela bumped into Norm with her elbow again. and asked, "Is it?"

"Yes..." Norm immediately took out the small notebook he carried with him and showed it to everyone.

There are eight words on the homepage: Riding the wind and breaking the waves, soaring upwards.

The pen was written by Alexis.

The handwriting is beautiful and slender, with a majestic spirit.

Benjamin has seen the little girl 's handwriting in private, and he can be sure that these words came from her.

But she's Clco...

This, he did not expect.

"Really?" Angela looked at Isabella expectantly.

Isabella knew that her identity could not be preserved, so she could only nod and admit it.

This time, Angela was even more pleasantly surprised, "I said she was Cleo! I really guessed it!"

Norm didn't expect that Cleo, the calligraphy master whom he had admired for many years, was his daughter-in-law again...

A feeling of ecstasy and shock welled up in my heart.

"The prescription Isabella prescribed last night, as well as the blessing, are exactly the same as those written by Cleo, no matter the size of the font or the strength of the strokes. I really guessed it. right..."

While Angela was happy, she was also extremely surprised. She didn't know how the little girl had developed such a skill, and she could beat everyone up with one item alone.

"I also like the word Cleo very much. It's strong, thin and powerful. I didn't expect Cleo to be Isabella..."  
While surprised. Pius laughed out loud. This fate is really amazing.

"These words are so well written...the bones are strong and the atmosphere is refined." Jan praised without hesitation. "Isabella, you are really outstanding and outstanding."

Norm, you said that you will go on a long trip in two days, and I will keep these six works for you, otherwise it would be a pity to

destroy them..." Pius came up with the idea of a gift for his son.

Norm hurriedly hugged the six authentic works of Cleo in his arms. and smiled calmly, "Dad, don't worry about it, I've already figured out where to hang these six works..."

"Hey, it's a pity that it's covered with dust. It's still in my safe, safe and clean."

"Dad. I also have a safe..."

“You are not around to watch, unlike me, you can open it every day to take a look... What if it is stolen? I think these works of Isabella are most suitable for me.”

While Norm was depressed, he could only turn his eyes to Jan for help.

Jan glanced at his wife reproachfully, and said with a smile, “What’s your idea of the gift your granddaughter-in-law gave your son! Didn’t Isabella give it to you too?”

The medicine Isabella sent is for strengthening the body, which is different from the calligraphy work...” Pius was still looking forward to the calligraphy work in his son’s hand.

“You don’t want the medicine for strengthening your body? Then give it to me...” Norm was about to reach for it.

Pius hugged him hurriedly, “Who said I don’t want it anymore!”

He just wants more!

Isabella smiled. “Grandpa, if you like it, I’ll write it for you another day, and you can write whatever you want.”

“Really?” Pius was surprised and even more excited. He didn’t expect this child to be so sensible and filial,

“Don’t squeeze Isabella.” At this time, Benjamin couldn’t help but help, “How much is Cleo, how much is the doctor Selby Brown? gone.”

Yoyo, it’s on!

Norm seemed a little sour when he heard his son’s tone, and it was also true that no one had noticed his existence since entering the house.

Are you left out?

Who made you so cold!

“Isabella, come to grandpa some other day and write a few copies for grandpa!” Pius directly skipped over his grandson, ignored what he said just now, and looked at Isabella with a smile, “Grandpa likes calligraphy very much, and some calligraphy problems can be solved in person. Discuss with you.”

Isabella smiled, “Okay.”

Benjamin :...

Bob, who was standing by the side, saw them chattering for half an hour, so he couldn't help but cleared his throat and sounded a reminder.

“Old gentleman, old lady, master, madam, young mistress has been in for half an hour, let's serve the food first?”

This made me hungry for half an hour...

“Yes, yes, look, we got excited and forgot about it!” Jan was a little. embarrassed, and agreed to treat the child to dinner, but he came and chatted with him for a long time. The little girl was probably starving, right?

Such a polite and sensible child, even if he is hungry, he doesn't say anything, he is so educated!

“Hurry up and get someone to serve the food.” Pius didn't expect to chat, half an hour had passed, and he habitually threw the pot away, “I said Bob, we forgot when we were happy, why didn't you remind us in advance?”

“I...” Bob was used to taking the blame, and even smiled, “Yes, yes, it's all my fault.”

“What treasure did Isabella give you?” While waiting for the

dishes. Pius approached his wife again, wanting to take a look at the gift box in his hand.

Jan put it away and didn't show it to him, “It's almost time to eat, I'll look at it later...”

“Let's take a look first.” Pius wanted to know if there were any calligraphy works, paintings and so on...

Jan refused to give it, and gave the gift box to Bob for safekeeping.

Pius glared at Bob, as if to say: Why don't you show me?

Bob is also very embarrassed, “I'm sorry, old man, who makes this old lady the biggest... You should watch it after dinner!”

“...” Pius was a little sad, didn't he just take a look, it scared you! After a while, he couldn't help but asked his son again. “You said

Isabella drew a picture for me, where is it?”

“...” Norm felt a little stuffed, “Didn't you ask Bob to give it to you when you got home last night?”

“I...” Pius was still angry at the fact that they traveled around the world and seldom returned home, and didn't pay attention to what the presents were. At this moment, his heart was itching. “Tell me first what Isabella drew...”

He wanted so much to see it!

“I have it in my mobile phone.” At this moment, Norm suddenly remembered something, took out his mobile phone, and opened the photo album for his father to enjoy his eyes.

With just one glance, Pius was shocked by the artistic conception and skill of the painting.

#### Chapter 424 Becoming a Group Favorite

The pen and ink are magnificent, the momentum is majestic, the forests are lush, and the mountains are surrounded by clouds...

What a masterpiece.

Pius was fascinated by it. He didn't expect a teenage girl to draw such a profound artistic conception.

“When Isabella handed this piece to me last night, I couldn't believe such a good painting was made by a little girl, so I asked her to prove it, and guess what, she took less than five minutes to finish the painting. This corner is drawn!”

Norm gestured to the upper left corner of the work, and his words were full of surprise and admiration.

Pius raised his eyes all of a sudden, and asked expectantly, “Where is that corner? I want it too!”

“...” Norm was a little speechless. “You already have a whole pair, what do you want with that corner, that corner is mine!”

“you...”

Seeing that his son refused to give an inch, Pius snorted and looked down at the painting again.

Norm likes the artistic conception of that corner very much, and it can fit into the frame if it is cut out alone. The painting is full of mountains and mountains, with a deep artistic conception.

Thinking of that corner, he was once again deeply impressed by Isabella 's painting skills. He didn't expect this child to be so outstanding at such a young age,

"The mountains, rocks and forests are really well painted, the hanging springs flow straight down, the clouds and mountains..." Jan couldn't help but praise this painting, "Whether it is the shape or the spirit. Isabella has drawn it well, and the painting skills are too superb.

I didn't expect the little girl's painting skills to be so good.

What's more, she has so many identities, she is also a Writing Master and a painter...

I used to know that she was Selby Brown and Tanya, and I was shocked...

now...

Bob on the side was also dumbfounded. He didn't expect the young mistress to be so versatile that she could beat other famous ladies.

Who can not love such an excellent girl??

At this time, the manager of the restaurant knocked on the door and served the dishes himself.

But everyone's eyes were on Isabella 's paintings, and they were reluctant to touch their forks until the dishes were served.

"Oh, by the way. I recorded Isabella's new song last night, do you want to listen to it?"

Just as Angela asked. Pius and Jan responded most positively, saying in unison, "Yes!"

Isabella was a little surprised, when did Angela record it??

Angela seemed to see her doubts, and explained with a smile, "When you were playing the piano last night, I noticed that you looked good from the back, and the sound of the piano was beautiful, so I couldn't help but secretly recorded it... only a short section."

But Pius and Jan can't wait to hear it.

Angela turned on the phone, and the melodious and melodious melody flowed out from the girl's fingers, and everyone was easily brought into that beautiful and joyful mood by her, with intoxication on their faces...

At the end of a short paragraph, Pius still couldn't finish it, "Why is it so short? Is there any more?"

"I didn't record it later, because it sounds so good." At that time, Angela couldn't be in the mood to continue recording, and she closed her eyes and was intoxicated by the artistic conception.

"It's so nice, Isabella, you're really great." While Jan liked this granddaughter-in-law more, he couldn't help but say to Angela, "You send me this paragraph, and I'll make it a ringtone."

"I want me too!"

Pius also wanted a copy, but Jan disagreed. "After a while, the bell rang, and I didn't know whether it was your phone or me... You can't use this song.

"..." Pius was wronged in his heart, but he didn't say it on the surface.

Isabella saw that a piece of music was being scrambled like this,

and then looked at the little old man who seemed a little aggrieved. and couldn't help laughing. "Grandpa, I will create a new one for you someday."

“Really?” Pius revived again, his eyes full of joy.

Isabella hummed, and heard Norm and Angela ask in unison, “Is there a share in the meeting? Me too?”

“You guys are exploiting too much.” Benjamin couldn’t help but interrupted. “That’s it, let’s eat.”

If we continue talking, it will be the Year of the Monkey.

Norm :...

Angela ...

“Let’s eat again, the food is getting cold.” Benjamin took the food for the little girl first.

However, before his fork fell into Isabella’s bowl, he realized that four people picked up four pairs of forks at the same time, and all the first dishes they picked up were delivered to Isabella’s bowl...

Isabella’s empty bowl was filled to a small half at once, and she couldn’t help laughing. “I can do it myself, grandparents, uncles and aunts, you eat yours.”

“Isabella is so sensible and obedient!” Angela liked her even more, “I heard that you like seafood very much, I’ll give you these, eat more...”

Before serving, they asked the chef to remove the shells of all seafood, saving the trouble of shelling.

At this time. Angela kept adding food to her, and Isabella’s small bowl was quickly filled.

She was not idle either, first picked up the serving chopsticks to pick up food for her grandparents. then some for Norm and Angela, and finally she didn’t forget to add a few of his favorite dishes to someone’s bowl.

Benjamin's eyes were extremely gentle. I didn't expect the little girl to remember him. So many people had forgotten him just now. Only the little girl saw him and knew what kind of food he likes to eat!

If it wasn't for the presence of too many people, he really wanted to kiss her.

Seeing their family eating happily, Bob's eyes softened. How long has it been since such a warm and harmonious scene happened.

In the past few years, the young master has been on his own. When he first managed a large group, there were always some people who wanted to stir up trouble and trip up the young master overtly and secretly. The young master was so busy that he didn't even have time to visit the elders....

It wasn't until the last year that the general trend of the group stabilized that the young master had more private time...

But Elder Mr. and Mrs. went to travel around the world, so the time for the whole family to sit and eat together is really very little...

It can be said that since the young mistress came to this home, this home has become different, warmer, united and more loving than before.

"Uncle Wen, sit down and eat together?" Isabella noticed that he

was standing all the time, so she couldn't help but whispered.

"That's right, Bob, why are you still standing, sit down quickly." Pius was so focused on bringing food to Isabella and asking her to eat more, he forgot that there was someone standing behind him.

Jan also asked him to sit down to eat. Over the years, Bob has become their relative and a part of the family.

While moved, Bob thanked everyone present one by one, and then sat down to eat.

Isabella, uncles and aunts have also prepared a meeting gift for you, and I will show you after eating.” Angela was afraid that she would take it out now, chatting about it, and the food would get cold again.

“Thank you, uncle and aunt.” Isabella raised a smile, her eyes soft.

After the meal was finished in a very pleasant atmosphere, Angela offered the gift with both hands. with loving and gentle eyes.

Norm also gave Isabella a gift he had prepared long ago.

Chapter 425

Isabella opened it and saw that 98 small diamonds and 1 large diamond formed a rare and precious sea blue necklace.

“This necklace is a gift I received from my mother on the day I turned eighteen.” Angela smiled. “Now, it belongs to you.”

This is a treasure handed down to her daughter from generation to generation in her natal family, and it is the fifth generation to her.

However, she is willing to give this necklace to Isabella, which shows that she values this girl very much.

Isabella could see that this necklace was of great value, both in terms of internal and external clarity and color, it can be said to be second to none.

“666 carats, meaning six or six.” Angela looked at Isabella’s eyes with love and love. “Auntie wishes you all the best in your future life, just like the blessings you wrote, ride the wind and waves, and skyrocket.”

“This gift is too expensive. I can’t accept it.” Isabella could see the value and meaning of this necklace, it was worth a billion anyway.

“This is a favor from Auntie, you have to accept it.” Angela didn’t give her a chance to refuse, and even changed the subject, “Look at what your uncle gave you.”

What Norm gave was a gemstone key engraved with the family crest of the Young Family, which was exquisite in shape and priceless.

It can open the secret base of the Young Family, and even the safe that he and Angela store in a foreign bank can also be opened with this key.

What he thought was that since his daughter-in-law came to this family, he should treat her as a part of this family. He and Angela often travel around the world. In case of a little carelessness. Isabella can also take this key and inherit their husband and wife. Everything they have on hand.

“Fortunately, it’s not jewelry, otherwise Isabella would have no place to wear it.” Benjamin teased.

He has given bracelets, bangles and necklaces to little girls, grandma has given family heirlooms, and little girl’s brothers have given a lot of jewelry...

No matter how much, the little girl really has nowhere to hang herself.

The atmosphere was suddenly relaxed by his words. Seeing that the little girl still refused to accept it, he said softly, “Accept what your parents gave you, and don’t be fooled.”

In the end, Isabella accepted the two gifts, and the family chatted happily for a while before leaving the box.

Restaurant on the first floor.

Cecilia was having dinner with some friends, and when she looked up she saw Pius walking out of the elevator holding Jan's hand. Her eyes lit up, and she was about to go up to say hello, but unexpectedly, Benjamin and Isabella were following behind them.

Benjamin didn't know what to say to Isabella in a low voice, and

Isabella responded to him in a low voice, and the two seemed to be inseparable.

She even saw Norm and Angela talking and laughing around Isabella as soon as they got out of the elevator, and they seemed to like this future daughter-in-law very much.

The fork in Cecilia's hand fell suddenly, and she couldn't tell whether she was surprised, shocked, or lost.

The best friend Xin Ruier who was sitting next to her saw this scene and almost spit out the drink from her mouth,

"Cecilia, look! Isn't that Benjamin! Why is he holding hands with another girl?"

Following her voice, several other girlfriends hurriedly looked, one or two were stunned.

"Who is that girl? It looks like we are about the same age..."

"Are those two in the back Benjamin's parents? Have they all met their parents??"

"Oh my God, Benjamin is too much. He is engaged to you, but he is still entangled with other girls."

"The two in front are not Benjamin's grandparents, right? No, I must have read it wrong... I remember that Benjamin's grandma is a vegetable..."

Cecilia, isn't Benjamin your fiancé? What the hell is going on here?"

Cecilia didn't know how to answer these questions, just said a little darkly. "Don't ask."

Several other girlfriends looked at her with sympathy.

Her fiancé was caught cheating, and no one felt comfortable...

"Cecilia, men are like this. Before marriage, they spend a lot of time and drink, but after marriage, they take care of themselves."

"You haven't officially received the certificate yet, let him go outside to play for two more years, and when you graduate and become a young wife of the Young Family, how dare these girls not realize it."

"Who told him to be Benjamin, bear with it, those girls surround him, doesn't it also show that he is excellent from the side."

"After he has played around outside, he will find that only you are the best, and then he will put all his thoughts on you."

These reassurances were of no use to Cecilia, she just raised her eyes and asked a little sadly. "If I'm not Logan Family Lady, will you still be friends with me?"

"Cecilia, what are you asking? We make friends with you because of your character, not your family background!"

"Yeah, look at the family lady in our school. I ignore her."

Cecilia, do you have something to hide? If there is something, you can tell us and we will help you solve it."

Cecilia hesitated to speak several times, and finally said nothing,

but she was not in the mood to cat, and dealt with the matter hastily.

On the way back to school.

Cecilia received another call from Scarlet, which meant that in a day or two, Benjamin 's parents would come to visit.

Scarlet asked her to take leave to go home, to behave well in front of Benjamin 's parents, and to try to compare Isabella...

turn the tide.

But Cecilia remembered how Benjamin 's parents were talking and laughing with Isabella just now, and knew that no matter how hard she tried, she couldn't surpass Isabella's status in their hearts.

Whether it is grandparents, uncles or aunts, the Young Family seems to like Isabella very much...

Scarlet tried a lot of persuasion on the phone to keep her from giving up. At the end. she said that when Isabella was not at home these days, her parents missed her very much, and they talked about Isabella more than they talked about her.

This shows that Isabella 's status in the eyes of her parents has become heavier, and she has become lighter.

Scarlet also said that if this continues, her family status will be taken away by Isabella little by little.

Miss Logan, I'm not talking about you. You are so kind and want to settle down with her. You took the initiative to send her food and drinks, and sent her messages to ask her about her health. You have done so many things, but has she ever responded to you?"

"To put it bluntly, she doesn't need sisters now. Your existence will

only threaten her family status...”

“Miss Logan, you should wake up...”

“You let yourself humble yourself into the dirt, but what you get in exchange is more and more disdain and contempt from the whole family...”

Scarlet’s words lingered in Cecilia’s mind, Cecilia didn’t know what she did wrong, why it was so difficult to get better...

Does she still need to persevere?

the next afternoon.

Isabella came to the place Angela ordered according to the appointed time.

This is an Internet celebrity restaurant. The large floor-to-ceiling windows allow you to enjoy the largest Ferris wheel in Asia up close. The beautiful sea view makes you feel refreshed.

Chapter 426

As soon as Isabella stepped into the door of the restaurant, she was spotted by a sharp-eyed girl.

“Clare, isn’t that Isabella ?”

The girl who spoke was Clare’s friend. They were sitting by the window drinking afternoon coffee. No one expected to meet Isabella

here.

Clare saw that it was that little bitch!

Since returning to the Logan Family, the little bitch has a lot of spare cash to throw around.

As soon as Isabella passed Clare 's table, someone elbowed two beautifully shaped cakes to the ground.

If Isabella hadn't dodged in time, the shoes would have been dirty.

"Isabella? You don't have eyes? You crashed our cake and lost money."

"..." Isabella ignored them directly, straddled the cake on the ground with her long legs, and was about to leave.

"What about talking to you, deaf?"

Clare's voice caught the attention of many people.

A friend blocked Isabella 's way with his hand, and sarcastically

said, "Why, you don't have to pay for breaking someone's property?"

You don't even say sorry? It seems that you are really deaf and dumb..."

Isabella 's eyes suddenly turned cold. "You don't want your hands anymore?"

"you..."

Isabella beat up Lance that night, his friend shyly withdrew his hand, not daring to argue with her.

“This is the upbringing of the Logan Family ?” Clare deliberately raised her voice, her tone aggressive. “Oh, I forgot, you just came back from a small place, and you haven’t completely changed your troublesome habits... Let me tell you, no apology and compensation, It’s not over!”

A sharp-eyed waiter saw this scene and hurried over, “Excuse me, what happened here?”

“This person broke my cake, and I asked her to apologize and compensate her, but she refused.” The villain Clare complained first. “The threshold of your restaurant is really getting lower and lower, cats and dogs can come in, it affects the mood too much.”

“This...” The waiter was stunned, not knowing what was going on.

“She knocked the cake down by herself, and there are surveillance cameras to prove it.” Isabella watched the whole process with cold eyes, as if watching some fools.

“Then you have someone adjust the surveillance!” Just now Clare saw that the only surveillance facing their table was just blocked by Isabella’s walking figure, and her small movements would not be photographed.

Several girls asked the waiter to check the monitor, and the waiter had to go. Although the monitor did not see who knocked over the cake, it could be seen that the cake was indeed placed on the edge of the table. When Isabella passed by, the cake fell...

“Did you see? The cake was placed on the table well, but it fell off as soon as she came. What does that mean?”

Isabella curled her lips coldly, “The surveillance footage is very clear. As soon as I came, your right elbow was stretched on purpose. Even if you make trouble at the police station with such a low-level trick, do you think the police will not be able to see it?”

The waiter at the side realized that the situation was serious and hurriedly called the restaurant manager.

When the manager of the restaurant heard what had happened, he bowed politely, "Miss, can you see if this works? I'll serve you the cake again. This is the end of the story..."

"What's the matter with you? Go away! I won't give anyone face today!" Clare looked at Isabella aloofly, looking at Isabella, "If you don't want to apologize and compensate, that's fine, let me call you." Slap, this is over."

Isabella thought it was funny, "What coffee do you drink when your brain is sick? Go to the hospital to check your brain."

Clare stood up and stopped in front of her, "I'm determined with your face today!!"

With that said. I'm about to move my hands...

"Yo, my daughter-in-law's face is something you can slap if you want?"

At this time, a beautiful lady walked towards this side, with a delicate and noble face, exuding a beautiful charm.

She held Isabella's hand, as if supporting the girl, and looked coldly at the troublesome ladies in front of her.

Mrs. Manson? Why did you come down..." The restaurant manager was shocked when he saw her with humble respect. What did he hear just now, this lady is the daughter-in-law that Mrs. Manson has been waiting for?

"I was bored in the private room, so I wanted to come down to pick up my daughter-in-law, Manager Lec, I'm not talking about you. these people have bullied my daughter-in-law so much, just watch from the sidelines..."

Mrs. Manson, you misunderstood. I just wanted to calm things down, but these ladies refused to let me..." Manager Lee was also very aggrieved when he said this, and looked at the ladies with dissatisfaction.

I've seen something that can cause trouble, but I've never seen something like this!

Clare and a few friends were stunned. The wife who can make Manager Lee afraid to be such a lady is not the one from Mason Group? Benjamin's mother? Angela?

The more Clare looked, the more she felt that the beautiful lady in front of her was Angela. She hadn't seen her for a while, and her face was more refined and her temperament was more noble.

She was already extremely beautiful, with skin like snow, soft and graceful, but without losing her cool and dignified aura.

But, what did Angela just say, Isabella is her daughter-in-law?

How can it be!!

"Auntie, she's not Cecilia..." Clare kindly reminded. "Her name is Isabella, and she's the daughter the Logan Family just recognized."

"I have very good eyesight, so I don't need you to remind me." Angela said this, and then looked at the restaurant manager. "I wanted to have a good afternoon coffee with my daughter-in-law. Since someone is trying to make trouble, let's clear the place."

"Yes..." The restaurant manager knew that these ignorant ladies were finished today, so he hurriedly sent someone to clear the place.

Clare's friends panicked when they saw that something was wrong.

"Clare. I suddenly remembered something at home, I'm leaving first..."

"Me too, I seem to be my aunt..."

“We’ll make an appointment next time...”

Several friends were going to sneak away, but were blocked by several waiters.

They were terrified, and hurriedly hid behind Clare, so cowardly, Clare felt ashamed to see it!

with special respect, “ Mrs., don’t get tired of standing.”

Angela sat down with a dignified expression, took out her mobile phone and made a call, “Restaurant, come here.”

Clare was shocked when she heard the name, it was her mother’s

name!

How did Mrs. Manson have her mother’s contact information?

Oh, she remembered, the Roy Family’s economic crisis many years ago, it was Mason Group who extended a helping hand...

Recently, Mason Group has also cooperated with Roy Family on several projects...

“I’m not looking for you for afternoon coffee. Your daughter bullied my daughter-in-law, slandered her, and even wanted to beat her... Come here and teach me.”

When Clare heard it, it was over...

When the other friends saw it, they were all terrified, so they hurriedly explained.

Mrs. Manson, I wasn't involved just now..."

"I have something urgent at home, can you let me go back?"

Chapter 427 Was Beaten

"Mc too, I really came to my aunt, if you don't believe me, check it out."

She was sure that a wealthy lady like Angela would not be able to make her take off her pants for inspection in public...

But Angela found it funny, these little whores, why are they pretending to be Nongfu Spring in front of her?

"Want to go back?" Angela asked with interest.

Several girls nodded hurriedly.

"Then tell me, how did the cake fall to the floor?" Angela's bright eyes swept over them one by one.

The few girls dared not say that Clare deliberately slandered, and hurriedly lied that they hadn't noticed or seen it.

"Oh, then you just stay, until you think it through."

"Aunt Si..." Clare was about to say something.

Angela stopped her with cold words. "Stop. I don't want to hear you."

Clare :...

After a while, Althea came, she went out in such a hurry that she didn't even dress properly...

After getting out of the car, she trotted to the restaurant, still a little

out of breath, but when she saw Angela, she had to smile again.

"Angela. I'm sorry to keep you waiting..." Althea trotted up to Angela, and glanced at Isabella. "This is your daughter-in-law? She looks so beautiful... She looks so good and smart..."

When she said this, she turned back to look for her daughter among the ladies. "What about my unfilial daughter? Clare! Why don't you come over and apologize to me!"

Angela, who was sitting on the chair, looked dignified and elegant. with a hint of interest in her eyes, "She just said that no one will give face today. She will make up for my daughter-in-law's face today." gone."

"You bastard, what are you talking about mentally retarded..." Althea laughed angrily, and hurried over to grab her daughter's hand, and pulled her in front of Angela, "Hurry up and have a good time with Mrs. Manson and Mrs. Manson's daughter-in-law." Apologize!"

"Mom, you didn't ask what happened, and you want me to apologize..." Clare was a little aggrieved.

"You slander others and want to hit them with your own hands, why don't you apologize?" Althea slapped her arm angrily, "Apologize soon!"

"sorry..."

"Didn't eat at noon? Speak up!" Althea seemed extremely dissatisfied with her attitude towards the volume.

"sorry--"

“You damn girl, who are you talking to!” Althea slapped her arm

again angrily, “You must be called by your name!”

Clare felt ashamed, “Mom! My classmates are watching...”

“You were not afraid of being watched for doing such a shameful thing just now, what are you afraid of now! Why don’t you hurry up?”

Clare was furious, but she knew her mother’s temper well. The Young Family was kind to them, and her mother was fair. As long as Angela gave her a wink, her mother would beat her to death.

Thinking of this, she could only swallow her anger, “I’m sorry, Aunt Si, I’m sorry, Isabella.”

“You haven’t said what you’re apologizing for?” Angela raised her eyes and looked at her coldly, “Apologizing for calling my daughter-in-law a cat or dog, or slandering my daughter-in-law, or apologizing for beating someone?”

When Althea heard this, she almost fainted out of breath. The dead girl actually called her daughter-in-law a cat, cat and dog!

“Mrs. Manson asked you a question, but still didn’t answer. People are cats and dogs, so you are worse than pigs and dogs! You are so stupid! You don’t even think about who is responsible for the Roy Family today!

Clare was extremely humiliated by her mother’s scolding, but she had to be wronged and apologized earnestly.

“Last time in the clubhouse, I saw with my own eyes that your daughter troubled my daughter-in-law, and within two days, she made trouble for my daughter-in-law again under my nose... What, my Young Family is easy to bully? A child dares to ride to the end

Have you done something wrong?"

"Damn girl..." Althea didn't expect that there was something about the clubhouse, so she slapped her daughter's shoulder hard, "Why do you get into trouble every day!"

"I'm really sorry. Angela, I can't teach girls well." Althea bowed and apologized, then turned to Isabella, bent at a 90-degree angle. and said very sincerely. "I'm really sorry, Auntie didn't teach Clare well, and I must strengthen education when I go back! Auntie I can assure you here that there will be no next time."

"Auntie, you are not the one who did the wrong thing, so you don't need to apologize." Isabella's voice Angela was cold, clear about right and wrong, but she didn't want to bully others with the power of Young Family.

Althea found that the child's temperament and character were somewhat in line with Angela's, as if he was born into the Young Family...

It looks like a mother and daughter.

"You are kind and understanding, it's all Clare's fault, Clare, we spoiled him since he was a child..."

Having said that, Althea looked at her daughter again, "How did the cake fall to the floor just now?"

Clare didn't seem to expect her mother to ask such a question, so she didn't dare to say it.

Althea's tone became a little more fierce, "I can't find out from surveillance, I always have other ways, you'd better be honest, if you dare to lie. I'll take your skin off today!"

Clare was frightened, and in the end she could only lower her head. and whisper, "I knocked it down myself..."

Althea was very angry, and asked again, "What kind of collision? How? Make it clear!"

"That's right, I was a little angry about what happened in the clubhouse before. When I saw her passing by today. I bumped my elbows into those two cakes..."

With a snap, Althea slapped her hard.

Clare was stunned, looking at her mother in disbelief.

"How have I taught you these years? You can dislike someone, you can stay away from her, and you can not be friends with her, but you must never do anything to hurt her! Today, you not only hurt others, but also used despicable words Means! How did you become like this? Eighteen years old, you are already an adult, and you still do such unreasonable things!"

Clare was frightened by her mother's aura, and she burst into tears.

"Stupid without knowing it! If you don't know it, you think this is the Roy Family's usual way of doing things!" Althea asked her to apologize again.

Now, Clare didn't dare to be perfunctory, and sincerely apologized.

"What about you?" Angela looked at Clare's friends again.

Several girls were frightened and rushed to say sorry.

"I'm sorry Auntie Si. I'm sorry Isabella, we did see Clare knocking the cake to the ground, but we didn't stand up and testify for Isabella in the first place...we were wrong.

"It's all my fault, please give me another chance."

"I'm sorry, I'm really sorry."

Seeing that they were terrified. Isabella finally told Angela to forget it and went upstairs for afternoon coffee.

Althea hurriedly asked the manager of the restaurant to apply for a card, which means that in the future, all consumption by the Young Family or Isabella in this restaurant will be charged to the account of the Roy Family...

Then. I pulled Clare's ears and went home to educate.

Chapter 428

in a few days.

After finishing his work. Benjamin booked a show and planned to take Isabella to the movies.

As a result, as soon as he got home, he saw Isabella changing clothes and getting ready to go out.

"Go out with our mother again?"

"Well, Auntie asked me to go shopping with her."

This is the first few days!

After Isabella left. Benjamin couldn't help but took out his mobile phone and called Angela, "Mom, when will your trip with Dad start?"

"Don't go." Angela's voice sounded cheerful, "I find it happier to be with little Isabella."

“...” Benjamin asked a little gloomily. “Don’t you like to travel around the world? Don’t you want to go after seeing your grandparents?”

“No, compared to the sea in the Maldives. I prefer to stay with little Isabella. Tonight. little Isabella won’t go home for dinner. You can make do with it. I’ll hang up now. If little Isabella finds me later. I can’t get in...”

Benjamin remembered that the day before yesterday, he wanted to take the little girl to see the waterfall, but his mother abducted her with a phone call.

Yesterday he wanted to take the little girl to see the tumbling sea of clouds, but it turned out to be like this again, and his mother got ahead of him.

Today he wanted to take the little girl to the movies. He just got home, and before he could say anything, he had already changed his clothes and went out.

Looking at the empty home. Benjamin sat on the sofa, a little angry, but he didn’t know who to turn to.

the other side.

Isabella held Angela’s hand and accompanied her to several luxury

stores.

Because Angela is the supreme VIP customer of many big brands. every time she enters a store, the store will immediately close the store to thank customers, and only provide her with the best service.

At this time, Angela took Isabella to a first-line brand clothing store, which has all kinds of clothing.

Angela and Isabella with seven or eight shop assistants very enthusiastically, introducing this and that, and at the same time, he was very curious about Isabella’s identity.

"I've never seen this lady before..." the store manager praised from the bottom of his heart. "This lady is really good-looking, and she has a great temperament."

Angela likes to hear people praise her daughter-in-law the most. She smiled and asked, "Do you think we look like mother and daughter?"

Mother and daughter??

The store manager smiled, "Mrs. Manson was joking, you are so young, you are almost like sisters. On the contrary, this lady has outstanding facial features like you, and her temperament is also very refined. She looks like a family,"

"We are a family." Angela said this, glanced at Isabella, and asked dotingly, "Do you like this dress?"

"I have too many skirts." Isabella really didn't want Angela to spend money, Angela bought her a lot of things just now, as long as they are beautiful and suitable for her, they are all covered.

Norm couldn't even carry it, so he asked the driver to drive the car home and leave it there.

At this moment, no matter what, she didn't want Angela to buy it again.

But the store manager and shop assistants are saying:

"This is a wish from Mrs. Manson, just accept it."

"We've never seen Mrs. Manson bring a girl here before, and even choose her clothes herself. It can be seen that she likes you very much."

"Your skin is so fair. Wearing such a skirt is like a fairy coming down to earth. It's very fairy-like and beautiful."

“If you wear such a skirt and walk together with Mrs. Manson,

others will see that you are a family at a glance.”

The last sentence successfully captured Angela’s heart, and she said generously, “I want this one, small size.”

“Yes, Mrs. Manson.” Tlic store manager was very happy and went to pack it himself.

Mrs. Manson has such a good eye, she immediately picked the treasure of our shop.”

“Miss, Mrs. Manson loves you so much, and bought you such a beautiful and expensive dress.”

“really envy you.”

“Yeah, you are so lucky...”

Everyone complimented Isabella for a while, after a while, Angela bought a lot of things, Norm couldn’t carry it anymore, so he called the driver to ask where he was.

“Oh ok, then I’ll wait for you at the gate of the mall.”

After Norm made the phone call, he carried dozens of shopping bags and said to Angela. “Honey, I’ll take the things to Lao Li first, and I’ll come up to help you carry things later.”

“Go.” Angela picked out a few more skirts, asked Isabella if they looked good, and even gestured on Isabella, wishing she could move the entire shopping mall to her.

Norm was left out in the cold, and was about to take the elevator with his big bags and small bags, when he suddenly felt a pain in his waist, as if his old problem had happened again.

Isabella noticed this scene, told Angela, and hurried over to watch.

“It’s okay, it’s an old problem... I’m getting older...”

“I’ll get it.”

Seeing the thirty or so shopping bags covered Norm’s arms. Isabella felt very sorry.

“No, no, no, I’ll do it.” How could Norm be willing to let his daughter-in-law carry things?

“You have a bad back.”

“it’s okay no problem...”

Just then, a girl yelled in disbelief, “ Isabella ?”

Isabella turned her head and saw Daisy holding a boy’s arm and looking at her in surprise.

“Isabella, is this your classmate?” Norm was about to say hello.

Unexpectedly, Isabella looked away and said to Norm, “I’m not familiar with it, let me mention it.”

“You are still young, how can I let you take it.”

“Let me do it.”

“No, no, no...”

Seeing that Isabella still didn't take her seriously as before. Daisy was very upset.

'Daisy, is this the sister you mentioned?'

Terence heard Daisy talk about Isabella before. She likes to be taken care of by all kinds of old men. She swipes the cards of all kinds of old men to satisfy her vanity. She used conspiracy and tricks to get Daisy's parents into prison, making Daisy unable to be a Lady. Also arrogant, usually look down on people.

Did not expect to meet here today!

"Some people can only rely on men to buy luxury goods in this life. or they still have a family, an elderly man. Daisy, don't you think she is very pitiful?" Terence said this, and deliberately put Daisy on the shoulder, as if supporting Daisy, looking at Isabella from above.

Isabella :???

Norm???

The two had only one thought: Is this man sick??

Daisy didn't know who this middle-aged man was, but his arms were covered with dozens of luxury shopping bags, and he looked like a rich man.

I didn't expect Isabella to recognize her ancestors and return to her ancestors, and she was still entangled with the old man outside, and she didn't expect that she would blackmail the old man and let him buy so many luxury goods for her...

With so many big brands. Daisy has long been unable to afford them. Even if Terence's condition is good, she will not buy so many for her in one go...

Unexpectedly, this old man was quite generous to Isabella.

Thinking of this, Daisy was so jealous in her heart.

Chapter 429

“Isabella. I didn’t expect you to be so casual after such a long time...” Daisy pretended to be heartbroken, “You already have a fiancé...”

What do you want to buy, can’t you ask Benjamin to buy it?

Why do you have to swipe other men’s cards?

Is it to show off your heartthrob attributes?

Or is Benjamin tired of playing with her and doesn’t want to swipe her credit card anymore???

Thinking of this, Daisy seemed to see a glimmer of hope, if Benjamin took a fancy to her...

Then she will be over Isabella in no time!

Isabella didn’t expect to see her for a while, Daisy was still so annoying, she didn’t even bother to look at her, took the shopping bag from Norm’s body and helped Norm to leave.

Isabella walked slowly because of Norm’s back pain.

“My girlfriend is talking to you, are you deaf?” Terence was quite dissatisfied with Isabella’s cold look.

Isn’t it just because of his good looks? I heard that he has been played by several old men. Now who is pretending to be cold and cold?

When I was still a big girl with yellow flowers!

“Didn’t the adults at home teach you what manners are?” Norm was quite dissatisfied with the attitude of the two young men.

But when Terence heard it, he thought it was funny, “Why, you dare to do it and you are afraid of people talking about it?”

“What did we do?” Norm didn’t expect this kid to be inexplicable. so he sprayed when he came up.

It was Isabella who said, “Uncle, ignore him.”

“Did you hear that, people are calling you uncle, how shameless are you at your age? How many people have slept with her before, did no one tell you?”

“What did you say?” Norm was furious, “Say it again!”

How dare you slander his daughter-in-law in front of him...

“I said this woman is like a rotten shoe...”

In the next second, Norm’s fist slammed into the boy’s face, unceremoniously.

“Fuck!” The boy didn’t expect the middle-aged man to hit someone in a fit of embarrassment, so he turned his hand back in anger, and fought with Norm.

The people around were screaming in fright and backed away. Angela heard the movement in the store and hurried over.

At the same time, the manager of the shopping mall rushed over with seven or eight security guards, none of whom knew what was going on.

But in only a dozen seconds, Norm had already ridden on the boy, punching and punching him, and said plausibly. "You are so young. your mouth is so poisonous, what is your family doing? How did you raise a scum like you?" ?"

"Don't hit, don't hit..." Daisy on the side was terrified. She didn't expect the middle-aged man's strength and skill to surpass Terence. This Terence is really useless!

Sure enough, the rich second generation is the rich second generation, just like the flowers in the greenhouse, which cannot withstand a little wind and rain.

He can't even beat an old man half buried in the locss!

The store manager was stunned when he saw this scene, hurriedly evacuated the crowd. bent over to Norm, and asked respectfully, Mr. Mason, what happened?"

"This little bastard speaks disrespectfully to my daughter-in-law. I want to deal with him myself. Don't worry about it..."

"Uncle, your waist..."

Before Isabella finished speaking. Norm said. "It's okay, I'm fine, you little bastard, what did you say about rotten shoes just now? You don't need to sew your mouth! Don't open your mouth and spit shit."

Angela who rushed over saw this scene, took Isabella 's arm, watched the play from the sidelines, and said in a cheerful tone, "Let him call."

"

Isabella saw that Norm crushed Terence just now, so she didn't intervene, but was a little worried about the waist of the future

father-in-law...

When Daisy heard this middle-aged man being called Mr. Mason by the mall manager, a bad feeling came to her mind. Could it be that he is Benjamin 's father??

Just now the man said that Terence was rude to his daughter-in- law...

Can you tell that Isabella is not one of the old men on the list, but is shopping with her future father-in-law. At this time, the one standing arm in arm with Isabella and watching a play side by side is the future mother-in-law? ?

Thinking of this, Daisy felt that she was finished, Terence 's family background was vulnerable in front of the Young Family....

It's really over now!

She was about to slip away, but unexpectedly, Isabella spotted her. Isabella glanced at the store manager. "Don't let her go."

"My daughter-in-law asked you to arrest him, why don't you hurry up?" Angela asked again to help.

Daisy was so scared that she ran, even though she spread her legs. and ran as hard as she could, she was still held down by several security guards, and she shouted. "It's none of my business..."

At this time Terence was beaten black and blue, dying.

Norm quickly found out about his background, isn't it just that his family opened a clothing factory, what's the big deal?

"I don't think there's any need for that broken factory to exist anymore..." Norm panted after beating someone, and said to the

person on the phone. "Short it and let it go bankrupt."

After finishing speaking, he kicked Terence again, "Aren't you apologizing to my daughter-in-law?"

Terence was beaten to the brink of death. Seeing Daisy escape and being captured again, he kept saying that it was none of her business...

Terence suddenly felt that he loved the wrong person.

"Yes, I'm sorry..." Terence said weakly, "I, I heard, she has been entangled with several old men..."

"You still say?" Norm made a gesture to hit him again.

Terence was so scared that he subconsciously covered his head with his hands.

"You must have said it, right? You know my daughter-in-law? But you deliberately slandered her..." Angela looked coldly at the little bitch in front of her, "What does your family do?"

the Daisy I told you about earlier," Isabella added.

"Oh...it's your little white lotus..." Angela suddenly realized, "Take it down and treat her well."

"Yes..." The mall manager immediately asked several security guards to take them away.

"Isabella, are you okay?" Angela finally checked her daughter-in-law.

"It's okay, uncle..."

"Ah, my back hurts..." Norm fell on Angela's body all of a sudden, "Honey, my back hurts, rub it for me..."

Angela could tell at a glance that he was faking it, but for the sake of standing up for his precious daughter-in-law, she still rubbed him a few times.

Isabella couldn't help laughing. Just as she was about to mention the dozens of shopping bags on the ground, the manager of the shopping mall next to her asked someone to help her, and even snatched the bags from Isabella's hand. Something like this happened under my supervision..."

"As long as you know!" Angela glanced at him, "They are not allowed to come in from now on."

"Yes Yes Yes..."

Norm is still half leaning on his wife, but he is reluctant to put his strength on her, just enjoying the happiness.

"My wife felt much more comfortable after kneading me..."

"There are so many people, I'm not ashamed."

"My back hurts, my wife rubs it for me, why should I be ashamed..."

Chapter 430

Riverside Villa.

Williams and Eloise were stunned to hear that their father-in-law beat someone for Isabella.

In their impression, Norm is not a person who is impulsive and irritable, let alone violent in public.

“This shows that Mr. Mason is very protective of Ms. Young ‘s daughter-in-law, and he doesn’t want her to be wronged.” Myra said with a smile.” Ms. Young is really lucky to meet such a good in law.”

“I just heard from the person on the phone that two days ago, she stood up for Isabella and taught that lady of the Roy Family a lesson.” After Eloise finished speaking, she was moved. Norm and Angela really treated Isabella as a child My daughter hurts.

With such in-laws, she believes that Isabella will be happy for the rest of her life.

“They’re coming tonight... Myra, are you ready for everything I asked you to prepare?” Eloise asked suddenly.

Norm and Angela are visiting tonight, for Isabella.

Today, Angela asked Isabella to go shopping. On the one hand, she was shopping for her daughter-in-law-to-be, and on the other hand, she was picking a gift for Williams and Eloise.

But Eloise doesn’t know...

“Ma’am, everything is ready.” Myra smiled, “The house has been cleaned up and down, the flowers in the vases have been replaced with new ones, and snacks and fruits are also available, just waiting for

them to come.”

“Okay, okay...” Eloise looked at the time, there were still two hours before the scheduled meeting, and she couldn’t help but look

forward to it.

At this time. Cecilia stepped into the gate of Riverside Villa, and found that the inside and outside of the house had changed a lot. Even the flowers in the garden had many new varieties, which looked varied and full of vitality.

“Miss Logan, you’re here...” Scarlet saw her, hurriedly pulled her aside, and said in a low voice. “Have you thought about the song for tonight’s performance? What about the clothes? Do you want me to help you refer?”

“Scarlet. I’m not here to grab the limelight.” Cecilia expressed her true thoughts. “National Day is on holiday. I miss my parents a bit. come back for a few days. I’ll go back to my room after saying hello to all of them tonight, don’t bother them.”

Miss Logan, why are you still so stubborn!” Scarlet felt a little. resentful when she heard this, but she didn’t expect Miss Logan to change after being frightened by the second young master and Deb last time!

The opportunity tonight can be said to be once in a lifetime, as long as Benjamin’s parents are satisfied, then... becoming the future grandma of Mr. Mason will not be a problem!

After all, even if Benjamin liked Isabella again, could he still marry Isabella without listening to his parents?

“Mr. Mason and Mrs. Manson have watched you grow up these years, and their feelings for you must be deeper than for Isabella...”

Those who are close to the water and towers don’t know how to get the moon first!

Why are you so stupid!

“Scarlet, didn’t you say in WhatsApp just now that Uncle and Auntie Si made trouble for Isabella twice, they should like her very much... I don’t want to do any more useless work, and I don’t want to fight anymore, Benjamin is not the only man in the world, It’s a big deal, it’s better to be lonely forever.”

“But only this man is the best, the most capable, the most caring for you, and the most worthy of you!” Scarlet became excited, her tone became serious. “Miss Logan. I watched you grow up day by day, I really don’t want to see you fall from the altar of a lady to become an ordinary person, can you understand my mood?”

At this time, Cecilia noticed the gate not far away, and Isabella came back.

“Alright Scarlet, stop talking, I’m going back to my room first.”

Miss Logan, Miss Logan...” Scarlet was a little anxious, why is this person so reticent!!

Cecilia had just walked through the garden and was about to step up the steps to enter the main building when she heard Scarlet ouch. She looked back and saw Isabella standing beside Scarlet coldly, and Scarlet fell to the ground!

Cecilia hurried over, helped Scarlet up and asked, “Scarlet? What’s wrong with you? Are you okay?”

Miss Logan, it’s okay, I’m old, useless, and I can’t stand up...” Scarlet’s knees were torn and bruised.

Isabella on the side looked at Scarlet’s poor acting skills, and added coldly. “Not only is he getting old, but his acting skills have also regressed, not as good as before.”.

“You...” Scarlet didn’t expect the dead girl to speak eloquently, so she groaned and grabbed her waist.

“Is it a backache?” Cecilia was worried immediately, “I’ll help you go in and apply some medicine, and see if you can stand up...”

“Miss Logan, don’t worry about me. I’m fine, hey, it hurts...” Scarlet stood up reluctantly with her support, screaming for pain.

Isabella couldn’t be bothered to watch her act, so she stepped on her long legs and was about to enter the house.

“Isabella!” Cecilia couldn’t help calling her, hesitated to speak, and finally blurted out, “What’s going on here?”

“She fell it herself.”

Isabella dropped those words, as if she was too lazy to waste time with them, and went straight up the steps and into the main building.

Cecilia bit her lower lip, seemingly in disbelief.

“I told you, I fell it myself...” Scarlet pretended again.

“You walked well, the road is flat and wide, how could you fall like this?”

Miss Logan, there are some things that I don’t know how to say. It

doesn’t matter if I suffer a little bit. I’m mainly afraid of you...” Scarlet walked slowly towards the side building. “Hey, don’t say it. I don’t know, I thought I taught you You are a bad person.”

Cecilia didn’t speak, and silently supported her to go forward, already having some opinions on Isabella in her heart.

“You are eighteen years old. You have to learn to judge for yourself...” Scarlet was sent to the door of the side building by her. “Okay, let’s send it here. I can go in by myself...”

“I’ll give you some medicine...”

“No, Lesley will help me.”

Cecilia looked at the back of her staggering away, thinking in her heart that she is so old, there is no need to deliberately hurt herself. and fall so hard just to slander a teenage girl...

She is looking forward to the arrival of Norm and Angela tonight more than anyone else. If she intentionally falls and hurts herself, she will not be able to show her face...

With Scarlet's personality, she would definitely praise Cecilia in front of Norm and Angela, and it was impossible to miss this opportunity.

But the way Isabella spoke just now didn't look like she was lying.

With Isabella's character, if she did it, she will definitely recognize

So, what's going on?

However, after weighing things up, Cecilia still believed in Scarlet more, thinking that Isabella should have pushed or hit Scarlet...

The reason is that just now when Scarlet was pulling her to whisper, Isabella happened to come back and saw her...

It is not impossible for Isabella to take the opportunity to retaliate.

Isabella: Thank you, I didn't even notice you two just now.

At this time, Cecilia's cell phone vibrated again, she took it out and looked, and was stunned.
