

Chapter 37

"Don't talk nonsense." Despite what Meredith said, her heart was still full of joy as she was very much looking forward to the wedding that belonged to the two of them.

However, after Pierre told Jameson to propose, she hadn't been able to meet the man in person, so she didn't know what he was planning. Maybe I should contact him.

"I'm not talking nonsense! We all know that President Fowler asked Jamie to help him propose. Ah, what a surprise! Meredith, this move is just too significant and meaningful!"

Meredith was piqued by this comment from Noelle. "What do you mean by that?"

"Jameson is the product of your love, and he carries the genes from both of you. For him to propose to you on President Fowler's behalf means that your love will continue for a long time and your relationship will never wither!"

Noelle sounded so full of romanticism that it made everyone around her laugh.

Still, Meredith did like Noelle's explanation as it was exactly what she wished to hear.

"What did you eat today? Was it honey? How else could you have said something so sweet?" Meredith acted all

casual, but she was secretly delighted.

"Meredith, when are we going to celebrate your marriage?"

"Yeah, Miss Yard, I heard that your sister is getting married soon, so is yours around the corner?"

"Miss Yard's wedding must be the wedding of the century! It will really be something to look forward to!"

Everyone was discussing Meredith's wedding excitedly. In the past, Meredith's assistants didn't dare to be so bold as to gossip like this in front of her, as they knew her matters well. Hence, they did not dare to joke about it, let alone discuss this topic so openly.

Although Meredith gave birth to a pair of twin sons to Pierre, the two did not get married and their relationship was not legal. But now, things were different; Pierre had proposed, so the marriage was basically a done deal. That was why everyone dared to make such a big deal out of it.

"Alright, alright. Stop making fun of me. When there is news, I will definitely inform everyone." While speaking, Meredith caught sight of Niall coming in. The sight of him being here was a great surprise to her. "Mr. Sanders!" Meredith immediately called out.

When Niall saw her, he immediately walked over. "Hello, Miss Yard."

"Why are you here?"

Meredith knew that Niall was Pierre's assistant, so they went everywhere together. Thus, since Niall is here, does this mean that Pierre is here too?

In the meantime, Niall looked troubled. "Miss Yard, if I knew you're here, I would've hidden myself. If President Fowler knows that I've appeared in front of you, I will not be spared."

As soon as Niall saw that Meredith was here, he immediately realized that the event Pierre had asked himself to prepare was the proposal to Meredith! The ring and the private restaurant had both been prepared, and the terrace of the restaurant was decorated. What else could the event be if not the marriage proposal? And it just so happened that Meredith was filming here too.

"What's going on?" Meredith was still a bit confused.

"Uh..." Niall scratched his head. "Well, Miss Yard, please don't make things difficult for me, alright? Just pretend not to know anything and that you never saw me here, okay? Otherwise, my life will be in danger." Niall put his hands together and bowed before Meredith.

"Sure."

"Thank you, Miss Yard. I'll go upstairs to take a look there. Please wait for the show to begin!" After saying that, Niall immediately went upstairs. While Meredith was still bewildered about the whole situation, Noelle suddenly screamed out loud beside her.
