## Chapter 1006

"Are you sure? Do you know how to play games? Do you know Sanctuary?" Zhuang Rongguang looked at the man in front of him suspiciously, feeling that the guy was smiling a little weirdly.

"It just so happens that there is a number," Selena replied.

This kid actually also plays Sanctuary? Zhuang Rongguang was a little surprised when he heard this.

Then, Zhuang Rongguang reported the names of several games in a row, and it turned out that this guy knew all of them.

Finally, after much deliberation, I decided to choose Sanctuary!

After all, he is the best at this game.

He was thinking of borrowing a similar account from anyone, after all, the last time he had a trouble like that, not only was he robbed but also abused again and again, he also lost a bet, and he promised to delete the game in front of everyone on the server. Now it's shameless to go up with a large size.

However, if this kid's account equipment is good, he will be miserable if he loses.

The Glory of Light account is equipped with top-quality equipment, and it is also ranked tenth on the pk list.

He didn't believe that this ba5tard's account could be more powerful than his account.

Dmn it, don't worry about it, it's important to let him leave his sister first! Otherwise, if this guy becomes his brother-in-law, he might as well bump him to death!

Thinking of this, Zhuang Rongguang immediately said: "Then "Sanctuary"! Let's PK! The winner will be determined in one round! How?"

Selena: "Sure, I'm free."

So, the two fought and entered Zhuang Rongguang's room, and Travis was worried and followed.

Zhuang Rongguang's room is a typical boy's room, the word "chaos".

"Don't say I'm bullying you, I have two computers with the same configuration, you can just pick one!"

"Row."

Selena picked one at random, and then both of them sat down.

After sitting down, Zhuang Rongguang started to log into the game.

Selena was not in a hurry, she sat there and slowly clicked on the login interface, admiring the newly updated login interface for a while.

As soon as Zhuang Rongguang logged in, many friends came to him in surprise and asked him why he came back again. Zhuang Rongguang replied impatiently, "It's not me".

Because Zhuang Rongguang hadn't logged in since the last time he played the game, after playing the game this time, the place where the game

characters stayed was still the place where they were killed by Feng Ling near Yuelao Temple last time.

During the period when he was not online, this place has almost become a famous scenic spot. Many players came to visit, and then gossip about the demeanor of Fengling Dashen at that time.

Therefore, as soon as Glory of Light appeared, many players discovered it, and the world exploded.

Zhuang Rongguang blocked everything out of sight, looked at Selena who was beside him proudly, and said, "This is my account! If you regret it now, there is still time!"

After she was proud, she still didn't forget to show off to Travis, "Sister, look at my character in the game! I'll tell you that I'm wearing a magical costume! It's worth the money!"

Selena glanced at Zhuang Rongguang's game screen.

Sure enough, what Zhuang Rongguang landed was his large "Glory of Light".

Selena's eyes made Zhuang Rongguang inexplicably upset, "What are you looking at! What's your account! Hurry up and log in! It's too late to regret! Otherwise, leave my sister immediately and get out of my house!"

Selena placed her finger on the mouse, and with a "click", lightly pressed the Enter key, and the character entered the game.

With a sound of "ding dong", a bright red eye-catching notice popped up in the world – pk ranking no1 Master Fengling is here!

Immediately afterwards, on the opposite side of Glory of Light, a burst of light effects of game characters landing flashed, and a man with a huge silver sickle on his shoulder appeared in front of him.

...

## Chapter 1007

wind! Feng Ling!

How could this guy go online suddenly!

Zhuang Rongguang looked at the player who suddenly appeared in front of him in the game, and was so frightened that he almost threw the mouse away.

What's even more frightening is...

An extremely ominous thought suddenly appeared in Zhuang Rongguang's mind...

He turned his neck stiffly, and looked at Selena who was sitting in front of the computer next door.

Selena tilted her head and looked at him with a smile, "Young man, I think I said that? I told you to delete the game! Otherwise... see you once... kill you once..."

As soon as the words fell, Zhuang Rongguang's character in the game had died tragically under Feng Ling's scythe...

What... what's the situation?

In the next second, Zhuang Rongguang finally saw Selena's game ID...it was Feng Ling!

fcuk!

This kid is Feng Ling!

Zhuang Rongguang pointed at Selena with shaking fingers, with a painful expression like eating shit, he almost turned over the computer in front of him, "You...you are Feng Ling! You are Feng Ling! You killed me that night Destroy Lao Tzu's wedding and snatch Lao Tzu's woman!"

"it's me."

Looking at the other party's arrogant look of "I'm just the young master", Zhuang Rongguang was so angry that his lungs hurt, and he covered his chest and said, "bastard! What kind of enmity do I have with you! You are against me in the game, but in reality Don't let me go!"

Selena raised her eyebrows, "I thought I had made it very clear."

Zhuang Rongguang: "What?"

Selena: "I see you are unhappy!"

"You!" Zhuang Rongguang was so angry that he turned to look at Travis, "Sister! Look at him! That's how he treated your brother! It's shameless! Do you really want to be with this kind of person?"

The latter didn't listen to Zhuang Rongguang's yelling at all, and looked at Selena with eyes full of admiration and emotion. It turned out that Selena used this method to help her get Rong Guang home that night, and last night he beat her up on purpose. The glorious meal is also to let him calm down a little bit, so that he can worry less...

Zhuang Rongguang looked at his sister's admiring and moving eyes, and was so angry that he almost went crazy, "Are you still my real sister!!!"

"Karen, is this villain your character?" Travis walked up to Selena curiously and asked.

"Yes!" Selena nodded.

"It's so handsome! It looks very fun, how do you play this game?" Travis asked with interest. She has never touched this kind of thing, so she is very curious.

"Let me demonstrate it to you." Selena clicked the mouse.

"Yeah!"

Then, Selena manipulated the character and killed Zhuang Rongguang who had just automatically revived and stood up.

Zhuang Rongguang: "..."

Travis's eyes lit up immediately, "That's amazing!"

"Come here, I'll teach you!" Then, Selena gave up her seat and let Travis sit over, letting her kill Zhuang Rongguang again and again.

Zhuang Rongguang: "..."

I can't live through this day!

He wants to run away from home!

Zhuang Rongguang was about to go mad with anger, and rushed to Travis, "Sister! You must draw a line with this kid today, or we will sever our sibling relationship! In short, there is him without me, and there is me without him!"

Travis frowned, and was about to speak when Selena patted Travis's shoulder to signal her not to worry, then looked at Zhuang Rongguang and said, "As I said just now, as long as you have any specialty you can win Me, I will satisfy your request, you can continue to choose!"

...

## Chapter 1008

Continue to choose...?

Zhuang Rongguang was taken aback when he heard the words, grabbed his hair like a chicken coop, walked around the room restlessly, thinking of a way.

His biggest specialty is games! What else?

race car?

right! His racing skills are also good!

However, this kid looks like he can play at first glance, it's too risky to use this comparison, no no no...

Playing cards, riding horses, fighting cocks, playing dice... Zhuang Rongguang thought about all the food, drink, and fun, but he couldn't think of anything that would definitely win Selena!

In the end... Zhuang Rongguang's complexion became more and more ugly, because he realized that he was completely useless...

Just as he was running around in a hurry, Zhuang Rongguang suddenly had a flash of inspiration, "That's right! Shoot! You, if you have the guts, compare shooting with me!"

Hearing Zhuang Rongguang's words, Selena's expression was indescribable, "Shooting...why did you choose this?"

Young man, why have you been so persistently advancing on the road of tricking yourself to death...

At this time, Travis looked at Zhuang Rongguang in surprise, "My brother's shooting skills are not bad..."

But isn't he unwilling to touch a gun? Today actually...

"What's not bad! Is it because you are so talented?"

Zhuang Rongguang finally found such a specialty that can completely abuse the other party, he immediately lifted his spirits, and said with a sideways glance at Selena, "Just now you boasted that it is better than any other specialty. If you go back on your word, you will be considered lose!"

Selena smiled slightly, "For Ke'er, I will go through fire and water."

"I hope you can continue to be so slick in the future!" Zhuang Rongguang gritted his teeth and snorted, then gave her a contemptuous look, "Also, let me tell you in advance, what I want to compare is professional shooting. He is a real swordsman, not the shooting game you usually play as a child! The competition venue is the Northern Shooting Range!"

Selena's eyes brightened slightly, "OK!"

It is said that the most professional shooting range at the national level, last time Zhuang Liaoyuan asked her to go there to play, but she has never had time to go, so she just took this opportunity to go to play a few games.

"Me too!" Travis was afraid that something would happen to the two of them, so she followed her decisively.

Strictly speaking, he was afraid that Selena would suffer if his younger brother was too messed up, so naturally he had to keep a close eye on him.

"You're still sick and need more rest." Selena frowned.

"It's okay, I slept last night, and I'm much better now, just in time to go out for activities!"

"Okay then, put on more clothes."

"Uh-huh!"

...

Zhuang Rongguang looked at the two tired and crooked, burning with anger, and made up his mind that this time he must torture this kid so that he would never have the face to appear in front of his sister again!

Half an hour later, the three arrived at the northern shooting range.

Zhuang Rongguang made a phone call, and then a young man in camouflage uniform ran over and led them in.

The man looked at the three of them several more times, and left after settling them down.

hell! Why did Chief Zhuang's son take the initiative to come to the shooting range today?

Obviously, he was forced by the chief with a gun before and refused to come, Guikulanghao resolutely refused to touch the gun...

Moreover, not only Zhuang Rongguang, but also the eldest lady Travis, and a handsome young man is beside her... This combination is really weird...

Based on the principle of loyalty, he immediately made a phone call and reported the strange situation to the Chief.

...

## Chapter 1009

"What did you say, Rong Guang came to the shooting range?" On the other end of the phone, Zhuang Liaoyuan's tone was obviously a bit surprised.

"Yes, and the eldest lady is also here. Besides, she is accompanied by a young man." The young soldier replied.

"Understood, you go and watch first." Zhuang Liaoyuan was obviously afraid that things would go wrong, and that his son would cause some trouble to them.

"yes!"

...

Chief Zhuang's daughter came to the shooting range with his son, and the other one seemed to be his son-in-law. The news spread quickly throughout the shooting range.

Quite a few curious shooting enthusiasts, especially Zhuang Liaoyuan's subordinates, ran to the No. 1 shooting range where Zhuang Rongguang and Selena were.

Zhuang Liao turned out to be very fast, and everyone made way for him one after another, saluting "Hello, Chief".

He took a look, and sure enough, he saw two familiar figures in front of him, one was Rong Guang, the other was Ke'er, and a strange young man.

"Dmn it! Why is the old man here..." Zhuang Rongguang cursed in a low voice, but he was already ready and had no choice but to do so.

It doesn't matter, let's talk about winning this kid first!

Seeing Zhuang Liaoyuan, Travis hastily greeted him, "Dad, you're here!"

"Well, what's going on?" Zhuang Liaoyuan looked at Zhuang Rongguang and another young man who were testing the gun and asked.

Travis pulled Zhuang Liaoyuan aside, and then explained to him, "It's a bit complicated...Let me explain to you briefly, the man next to Rongguang is actually Selena, and you also know that she is a star, so I usually do it for convenience. That's why I dress like this..."

"What? That's Selena?" Zhuang Liaoyuan's face was full of surprise, and he couldn't help but look a few more times, and found that this girl didn't feel unsuitable at all in men's clothes, especially when she held a gun, she was very heroic. Sassy.

The last time I was wearing a maid uniform, this time I was wearing men's clothing again, what I looked like in what I wore, I was born to work like an actor...

"What's the matter with Glory? Why are you with Selena?" Zhuang Liaoyuan asked again.

Travis sighed, and explained with some hesitation on her face, "The reason is that Rong Guang secretly came home late a few times to play games and go to the bar. I accidentally mentioned this matter to Selena, and Selena fought for me, so she took action." Punish him a little..."

"Oh? How did Selena do it?" Zhuang Liaoyuan asked with interest.

"Hey, she ... she seemed to kill Rongguang in the game, forced him to delete the game, and then he beat him again last night. I can't go out to play anymore..." Travis replied a little nervously.

"Not bad." Zhuang Liaoyuan nodded.

Travis breathed a sigh of relief when she heard the words, she thought her father would be angry with Selena, but fortunately her father thought the same as her.

"So, these two formed a feud. When Selena came to visit me this morning, he bumped into Rong Guang, and then the two got into a fight... Rong Guang misunderstood the relationship between me and Selena, thinking that Selena Xi approached me on purpose to get revenge on him! Let Selena leave me or something, Selena said, as long as he has any one of his specialties that can win her over, she won't provoke me anymore..."

"Then Rong Guang chose to shoot?" Hearing this, Zhuang Liaoyuan finally understood what happened, and at the same time, his mood was really indescribable.

...

## Chapter 1010

In fact, Zhuang Rongguang's talent is not bad, but this kid doesn't want to endure hardships, for fear that he will take advantage of his specialty and force him to train.

In fact, he did so, and the final result was that in the end, this kid was unwilling to touch the gun, and he tried various methods to no avail.

Unexpectedly, today, because of Selena, he offered to come for a shooting competition, and picked up the gun again...

Travis looked at the two of them with a displeased expression, and muttered, "I don't want Selena to lose, if Rong Guang wins, maybe she will be so arrogant..."

Zhuang Liaoyuan smiled meaningfully, "That kid, this time he is also considered unlucky, but it just so happens, we should give him some trouble, otherwise I don't know how high the sky is and how thick the earth is!"

Travis was a little surprised and puzzled when she heard this, what did her father mean by this?

On the other side, Zhuang Rongguang and Selena had already tried out the guns, but both of them coincidentally did not wear goggles or noise-cancelling earphones.

Zhuang Rongguang didn't think it was cool enough to wear those gadgets, but Selena had long been used to actual combat, so using these things would feel restrictive.

"Tell me, how do you compare!" Zhuang Rongguang held the gun in his hand, feeling the confidence that had been humiliated by Selena so many times finally returned to his body.

Selena leaned against the wall pillar next to her, "You decide, I'll accompany you."

Zhuang Rongguang thought for a while and said, "Okay, then each person will have ten shots, which is the number for the final ring!"

Selena: "Yes."

"Then it's settled, I'll come first!" Zhuang Rongguang couldn't wait to see the dumbfounded expression on the other side's face, maybe he would just admit defeat in embarrassment after watching it!

Selena took two steps to the side, indicating that he was ready to start anytime.

Zhuang Rongguang took a deep breath, concentrated, raised his gun, and aimed at the target.

At this moment, he felt as if the gun in his hand had merged with his thoughts.

He had a special fondness for guns since he was a child, but he hated being restrained, hated his father's control, and was afraid of hardship and tiredness,

so no matter how much he liked it, he was determined not to obey the wishes of his father and grandpa...

"Bang -" the gunshot rang out!

"boom—"

"boom—"

...

There was one gunshot after another, and after ten shots were fired, there was a "ding", and the scorer showed the number of rings for each shot and the total number of rings: 100 points!

It turned out to be ten ten rings! A total of 100 points!

This score shocked everyone onlookers!

Zhuang Rongguang put down his gun, turned to look at Selena who was beside him, and said with a cold face like a hermit, "No matter what kind of enmity you have with me, I hope you will keep your promise and don't provoke my sister again!"

Selena couldn't laugh or cry when she saw the young man's deliberate pretentious appearance, "Sure enough! I'm convinced! However, surrendering without fighting is really not my style, even if it's for Ke'er, I have to give it a try!"

"Whatever you want!" Zhuang Rongguang snorted.

He hit ten ten rings, anyway, this kid is sure to lose!

In fact, even he himself was surprised to be able to score such a high score this time. It seems that he is indeed a genius, the kind of person who can always burst out with amazing strength at critical moments, a genius!

As Zhuang Rongguang said, he purposely glanced in the direction of his father behind him, showing off clearly, if you keep saying that I'm a waste, the young master just doesn't bother to make a move, okay?

On the other side, Selena didn't shoot immediately, but walked up to Travis, "Kerr, can I borrow something from you?"

...
