

Cruel Heart Lover Novel

Chapter 101-105

Chapter 101

After returning to the room, Selena suddenly remembered that she forgot a very important thing. After breaking the news about the video last night, she still doesn't know what will happen next.

It's all the fault of Louis, who has been trying to trouble her since he returned home.

Selena turned on the computer and quickly browsed all the relevant information.

Last night, the video of Jia Qingqing's 33 consecutive ng times quickly became popular, and the comments below were full of scolding, but Selena's superb acting skills that surprised everyone received unanimous praise, and then everyone began to question the previous online video saying that Selena Xikong's appearance is completely based on the microblog of the superior sleeper.

Immediately afterward, there were rumors that Jia Qingqing had avenged her personal revenge, slapped Selena viciously in the film, slapped the little assistant arrogantly and domineeringly in private, played tricks on the set to embarrass the staff, etc...

Later, various artists and staff members who usually disliked Jia Qingqing began to show up in person, breaking the news of similar encounters and completely destroying the mask Jia Qingqing forged in front of fans.

Makeup artist ay: I hated Selena at the beginning because Jia Qingqing always took aim at Selena and often blamed us staff members to make things difficult for Selena. It was like trying to keep Selena waiting and finding faults for her. Re-makeup happens almost every day. At that time, I felt that I was being implicated by Selena, so I hated her for a long time. In fact, she was not wrong at all.

I know someone will come to trouble me if I say these words, but I really feel bad for my conscience if I don't say it. That day, Louis's fans came to the set to make trouble. His face is going to be disfigured!

Xiao Li from the scene manager: What is outspoken and jealous like hatred? Jia Qingqing is an arrogant and domineering crew cancer. She arrives late and leaves early every three days, and is always bossy. She doesn't treat us staff as human beings. She has to run back and forth dozens of times to run errands, do you think I am her servant?

As for Selena, although she usually walks alone and looks a bit cold, she has always been polite to us staff and thanked everyone after every shoot, even if we have prejudices against her. Responding to her, she still does it every time.

Director's assistant: I'm a soft-spoken person, but I still want to say something fair. Only on the first day when the film was started, someone came to deliver things to Selena. I don't usually see Selena having an affair with any man. It's normal for a beautiful woman to have several suitors behind her, but I didn't expect that things would turn out like that!

Photographer: Selena's professionalism is absolutely nothing to say, she has a sense of the camera, and she can move around by herself, unless it is because of someone else's reason, she basically just passes by one, so every time I shoot her, I am the most relaxed . As for Jia Qingqing... probably every photographer's nightmare! I have undergone too much plastic surgery, the shape of my nose is very strange, and I have been complaining that my skills are poor, can I still give you a personal photoshop?

Director Guo Qisheng: The comments on the Internet about Selena's unspoken rules are pure nonsense. This is not only an insult to Selena, but also an insult to our entire crew. Originally, we wanted to wait for our movie to be released. After seeing Selena's performance, everyone will know what is right and what is wrong. However, the development of the current situation has seriously affected the filming process of the crew. Now we will release a set of extras in advance. Let's see for yourself! video

Producer Wang Taihe: Hey, everyone has spoken, so let me say something too! I saw a lot of people saying that the sudden 50 million investment in our show was due to the financial backer behind Selena. In order to clear up the rumors, I

have sought the consent of the investors and now I am announcing his identity as Little Prince of Koi

...

Selena expected that the patience of many people in the crew towards Jia Qingqing had reached the extreme, as long as one person spoke out, there would be endless streams of follow-up, but she didn't expect that while they condemned Jia Qingqing, they also praised her by the way, which was a surprise harvest. After all, it is a pleasant thing to work hard to be affirmed.

Wang Taihe's Weibo made her the most curious. She hurriedly clicked on the Weibo with the id of Little Prince Koi to see who the investor was...

Chapter 102

In the next second, Selena had black lines all over her face.

The microblog v certification of Koi Little Prince is: Saul, CEO of Shengshi Entertainment...

You are the boss of an entertainment company, why don't you have such a funny id, you look like a middle school boy!

Unexpectedly, the person who increased the investment later turned out to be Saul. It was unexpected, but it was also reasonable. After all, this was Louis's first film after returning to China, and Sheng Shi naturally strongly supported it.

He invested 50 million yuan just to play a second male role, which is indeed the most wealthy company in the industry.

After Wang Tai and this Weibo post, all doubts were resolved, Selena's stains were completely washed away, and Jia Qingqing's reputation as a big-name character with poor acting skills was on her back. It's a pity that although anyone with a discerning eye could see that Jia Qingqing was behind Selena's hacking, there was no definite evidence.

At this point in the matter, Selena's expected effect had been achieved, but what she didn't expect was that there would be even more exciting developments ahead.

In the early hours of last night, Jia Qingqing's manager, Han Ying, posted a Weibo message.

Han Ying directly posted the whole process of Jia Qingqing hiring the sailor black Selena, and sneaking into Louis's fans under the guise of a trumpet to maliciously stir up fans' emotions and use them to attack Selena.

What's even more shocking is that Han Ying actually revealed that Jia Qingqing is a fake daughter and a real mistress!

The rich father in Jia Qingqing's legend was not her own father at all, but her godfather, and he already had a wife and children.

Han Ying's Weibo contains a lot of ambiguous chat records and large scale even if Jia Qingqing has 10,000 mouths, she can't deny it.

At present, there is only one road waiting for Jia Qingqing, Xueyang.

As for when she will come back, in a place like the entertainment industry where thousands of sails have passed, there is almost no possibility of her coming back again.

After Han Ying posted this microblog that violated her professional ethics and exposed her artists, her own career as a manager was basically ruined, and she didn't know what kind of conflict she had with Jia Qingqing. It's such an intense thing.

After the incident became serious, Empire Entertainment tried to delete the post and delete the topic, but unfortunately they couldn't delete it at all, which made netizens even more angry.

So Empire had no choice but to make amends by issuing a statement in order to quell public grievances, saying that Jia Qingqing would be severely held accountable for maliciously defaming Selena. As for Jia Qingqing's being taken

care of, the company has not let up so far, ambiguously expressing that it will conduct further investigations, obviously Still reluctant to give up Jia Qingqing who spent a lot of money to cultivate.

Selena had nothing to do today. She was going to have a good rest at home, but the incident was so big that she was destined to not be able to calm down. She was called to the office just after breakfast.

In the conference room, Susie, Janice, and Jia Qingqing were all there, and the other was Feng Haoyang, director of the public relations department.

Jia Qingqing lowered her head and had two heavy dark circles under her eyes. When she saw Selena appearing, she stood up like chicken blood, "Selena, you b!tch! Are you proud now? Just wait." , I will not let you go!"

Selena plucked her ears helplessly, every time the lines were the same, she almost felt calluses.

"Shut up, do you think you haven't made enough trouble?" Feng Haoyang scolded impatiently.

Jia Qingqing was extremely unwilling, but could only sit down aggrieved. Her godfather lost contact when they saw their affairs exposed. At this moment, her fate was all in Feng Haoyang's hands.

"Sit down." Feng Haoyang greeted Selena with a hesitant expression as if he was making a decision.

At this time, Janice on the side said, "Selena, you should already know what happened last night, so I won't explain further. That's how it is. Qingqing will send an apology for slandering you later. Xin, you respond, just say that you are also at fault in this matter, be more magnanimous, and say that you forgive her."
"

Chapter 103

Susie immediately persuaded, "Junior Sister Ning, I know you feel uncomfortable, but in the final analysis, you are indeed at fault, and you can't

drag the company because of the personal grievances between the two of you! The only way now is to reduce the influence to the lowest!"

Selena spent all her time looking at Susie, who seemed to care about the overall situation and protecting the company, and said quietly, "Senior sister, if I remember correctly, it was Jia Qingqing who was targeting me and framing me from the beginning to the end. My sister taught me not to embarrass the company, and to put the company's interests first. She swallowed her anger until now, and did not dare to bother the company when she was hacked. It was not until well-meaning netizens and colleagues stood up that she was innocent.

Now netizens and fans are protesting and boycotting Jia Qingqing's being adopted as a mistress. This is clearly Jia Qingqing's unilateral disregard of the company's interests, framing artists of the same company, and tarnishing the company's image, right? Could it be that the senior sister meant that a mad dog chased and bit people and fell into a ditch and died, could it be the fault of people? "

If she posted this Weibo to forgive Jia Qingqing, the reputation she had spent so much effort to regain would definitely fall by the wayside.

Isn't it a fool to condone and forgive this kind of person when the crowd is excited?

Susie was almost choked to death by Selena's words. What a kind-hearted netizen, she was clearly the one who broke the scandal. It's a good thing she can speak so innocently and calmly.

Jia Qingqing, who had just been quiet for a while, was immediately blown up by these words, "Selena, who are you calling a mad dog! Tell me clearly! You..."

Seeing that Jia Qingqing was about to make trouble again, Feng Haoyang interrupted her: "There is no need to send an apology letter."

"Really?" Jia Qingqing immediately looked happy, but the next second she heard Feng Haoyang continue to say: "Qingqing, write a statement to quit the entertainment industry!"

Jia Qingqing screamed immediately, "What? You asked me to quit the entertainment circle? Why did you ask me to quit the entertainment circle! I don't want to write that kind of stuff!"

Feng Haoyang's face was impatient, "I let you write it yourself to give you face! Don't give face to shame!"

"Isn't it just being adopted? There are so many actresses in the entertainment industry who are adopted, and so many are mistresses, why do you want me to quit the entertainment industry!" Jia Qingqing was not convinced.

"Because you are the only one who is so stupid that everyone knows it!"

"It's none of my business, it's all because that b!tch Han Ying betrayed me! Why don't you go after her!"

"She has resigned, where do you want me to go after her? Han Ying is the most tempered agent in the company. You ask yourself, who else can stand your temper except her? It's fine if you always yell at others Her son had a high fever of 40 degrees and wanted to go to the hospital, but you refused to let her go, but when she rushed there in the middle of the night, her son was so sick that he was admitted to the intensive care unit, and he is still in danger!" Feng Haoyang said. Not to mention Han Ying, he was already tired of dealing with Jia Qingqing's mess.

Hearing this, Jia Qingqing didn't think she had done anything wrong, but said indifferently, "Didn't she die! In that case, there is a doctor, so what's the use of her going! Why is she driving me to death like this?" all?"

Jia Qingqing still can't figure out how Han Ying, who has always been cowardly, would do such a thing suddenly. She divorced her husband, and her son is a medicine jar, which costs a lot of medical expenses every month. Without this job, she What do you support your family with?

No matter how she guessed, she probably wouldn't be able to guess that there would be a character like Liang Feixing personally attacking her, a little shrimp.

Chapter 104

Feng Haoyang squeezed the center of his eyebrows, and finally gave up communicating. Arguing with fools is definitely the most idiotic thing.

The company spent a lot of effort on Jia Qingqing, but this incident is doomed to be irreparable, no matter how big the loss is, it can only be discarded.

Seeing that Feng Haoyang had made up his mind, Jia Qingqing rushed towards Susie like straws, "Sister Susie, help me, let Sister Chang take me! I promise to be obedient! I promise to send an apology letter!"

When Janice heard the words, she immediately looked horrified, asking her to take over Jia Qingqing? Susie wouldn't cheat her like this, could she?

Of course, Susie couldn't be as brain-dead as Jia Qingqing, with a face full of embarrassment and regret, "Qingqing, it's not that I won't help you, you heard what Selena said just now, she doesn't want to make a move, besides, it's the company's decision, I can't help it either."

As soon as this incident came out, she knew that Jia Qingqing was over. She just wanted to use her last bit of value to drag Selena into the water. Unfortunately, Feng Haoyang had already seen that an apology was useless, and it might drag another artist in the company into the water. Just gave up on Jia Qingqing.

I thought it was a good knife to deal with Selena, but who knew that he was so stupid that he planted himself in it and made Selena popular, how could such a person waste energy on her.

"Selena! You b!tch! b!tch! You wait for me, even if I die, I will drag you to die with me!" Jia Qingqing finally despaired, and vented her anger on Selena, and was finally invited by Feng Haoyang. The security guard pulled it out before giving up.

For this kind of person, Selena didn't even bother to hate her, only sympathized with her. She didn't even know that she was being used as cannon fodder until now.

Feng Haoyang looked at Selena, his expression softened a lot, "Selena, you should make this film well. If the effect is good, the company will focus on training you. But what Susie said just now makes sense. You should keep a low profile and don't provoke other people. Necessary trouble."

From Selena's deep-seated scandal to the fact that Jia Qingqing was forced to quit the entertainment industry after she was completely cleansed, the operation of this whole thing was like a perfect public relations crisis.

Although Feng Haoyang had always suspected that someone was behind the scenes, he couldn't find any flaws, so he could only attribute it to Selena's luck.

"Thank you Director Feng, I will." Selena pretended to be surprised and frightened.

After leaving the meeting room, Selena went to the bathroom, and Susie followed her in.

Susie folded her arms around her chest, and looked at her mockingly, "Selena, aren't you afraid that one day your old background will be dug out as well?"

Selena narrowed her eyes slightly, letting out a gleam of coldness, then turned around, and said casually, "Who in this circle hasn't made any scandals? Haven't you? Miss Ning!"

Selena deliberately emphasized the title Miss Ning, and then acted like she was in a daze, "Ah! Speaking of which, I suddenly found that the title of Jia Qingqing, a fake daughter and real mistress, is unexpectedly suitable for you! When I hate you Can't you even save the title?"

Susie felt as if her feet were hurting from being stepped on, and she said angrily, "What kind of fake daughter is a real mistress! I have been in the Ning family since birth, and I am the only daughter recognized by my father. As for Roman, it is useless for you to keep him." His heart, do you think your nonsense will be believed?"

Selena drew her tone, "Then...would you like to try? Otherwise, I'd better let go of my old self! The crowd is vast, and I can't find the whereabouts of those two

cowherds you bribed back then. Maybe there will be unexpected gains if we openly search for people?"

Chapter 105

This time Susie's face changed completely, she almost screamed, "Selena, you crazy!"

She wasn't afraid that Selena would go beyond her limits and try to compete with her for status as a man, but she was most afraid that she would kill her if she did everything she could.

"Hehe..." Seeing Susie's face pale with fright, Selena couldn't help laughing, and patted her on the shoulder with a relaxed expression, "Miss Ning, don't worry, it's just a joke, you This kind of sgum is not worth my death with you..."

Speaking of this, Selena's casual gaze suddenly became extremely cold, she lowered her voice, and said in a tone like a devil crawling out of hell, "It's just that if you threaten me with that matter again in the future, There is no guarantee that I will lose control and do something. To apply the words of your pig teammate, even if I die, I will drag you to die with me! Jia Qingqing's idiot is just talking about it, but I am not the same Oh!"

After Selena finished speaking, she let go of Susie's shoulders, and Shi Shi ran away.

Susie was threatened instead of threatening, and as soon as Selena left, she instantly collapsed on the ground, and then with a sullen face, she kicked heavily on the door.

No, she must find a way to get rid of Selena!

Otherwise, as long as she exists for a day, all of her possessions may disappear at any time, and she absolutely does not allow this to happen!

...

After leaving the company, Selena saw that she had nothing to do in the afternoon and planned to go to the shopping mall. Last time she promised to help Rick buy clothes.

Thinking of Rick, her gloomy mood instantly cleared up, and she went shopping happily.

After arriving, Selena went straight to the children's clothing section.

All kinds of children's clothes were everywhere, and Selena plunged into it like a chicken blood, even crazier than when she was buying clothes by herself.

Speaking of which, after meeting Rick, some aspects of her life have really undergone earth-shaking changes. In the past, she used to take detours when she passed by baby products stores, children's clothing stores and other similar places. Now that she sees these associations, she no longer It was the memories that made her suffocate, but the cute little buns.

This feeling of wanting to buy him as a gift whenever he sees cute and fun things is just like falling in love!

The items in this shopping mall are all big brands, generally very expensive, and children's clothing is the same, but it is for Rick, so she is naturally willing to part with it. It saves you to buy a few sets of cosmetics less.

Selena was wearing a skirt designed by a designer she likes but is not well-known today. Although it looks good, it's a pity that it can't match a big-name logo.

Shopping guides like to watch people order food, so they didn't talk to her, but followed a lady wearing a full set of Chanel attentively.

Selena wandered around, and finally saw a set of clothes in the corner that made her very excited.

This is a small royal blue suit, not only the color is super eye-catching, but the badge with the Superman pattern written in the triangle on the chest is even more loving. The most important thing is that she has many clothes with

Superman elements, and she can talk to Rick at any time Wear parent-child clothes together.

The three words "parent-child dress" that suddenly popped up in her mind made Selena's heart skip a beat. She suddenly realized that this feeling of always wanting to give the best to each other is similar to being in love, but it is actually the same feeling when treating her own children.

Selena was silent for a while with complicated emotions before she came to her senses, and then went to the shopping guide, "Miss, I want this suit, wrap it up for me."

The shopping guide did not respond immediately, but reminded indifferently, "This set is 12,000."

"I know, if you see the tag, wrap it up for me."

The shopping guide's complexion improved a bit, and he smiled, and said softly, "Do you need to wrap it into a gift box for you?"

Before Selena could respond, a hand wearing a jade bracelet suddenly came in and snatched the dress, "Oh, this one is good! I want it!"
