

Cruel Heart Lover Novel

Chapter 1031

Selena lay on the bed, gently patted the little bun's back, "This kind of life is so pleasant! When I retire someday, I will find a place with such beautiful mountains and rivers to live in seclusion!"

"Are you sure? There's no electricity or wifi here."

"What do you want them to do, you and Rick are enough for me!"

...

Selena was chatting with Daniel at night, when suddenly there was a knocking sound on the wall behind her.

Then, I heard Saul's faint voice coming from the next door: "Please, the sound insulation here is not good. Is it human to abuse dogs in the middle of the night? If you continue to do this, I will call the police!!!"

Selena: "Oh, I'm sorry, I almost forgot that you are still here!"

In the next room.

Saul: "..."

Louis: "..."

Saul bit the pillow angrily, then rolled around on the bed with the quilt in his arms, "Ah! I really want to fall in love! The magnanimous Ruogu, extraordinary and refined, Fangze, leadless, Huafuyu, who I was destined to be Bo Weibu,

Luo socks, dusty, breathless, Ruo Youlan, startled, Ruo Pianhong, why hasn't the fairy sister, who doesn't eat the fireworks of the world, appeared yet!"

Louis moved a little away from him in disgust.

...

the next morning.

Song Jin cooked clear porridge with side dishes and a few salted duck eggs.

Probably because of the good raw materials, it tasted very fragrant and refreshing. Saul ate five big bowls of porridge without fear of being stuffed to death.

"Mr. Song, I've just asked someone to help you arrange the residence. When is it convenient for you to come over, I will send someone to pick you up."
Daniel said.

Song Jin didn't refuse, and responded directly, "Then let's do it tomorrow, I'll pack up my things today."

Daniel: "Okay."

After the two chatted, Song Jin suddenly looked at Selena who was feeding cabbage leaves to the rabbit, "Girl."

"Yes! Mr. Song, did you call me?" Selena hurriedly responded.

"I agree to what you said." Song Jin thought for a while, then said.

"Ah...?" Selena thought that Song Jin was going to tell her about Rick, but she was taken aback for a moment before she realized what Song Jin was talking about, and immediately she couldn't believe it, "You...you Are you talking about cooperating with our Zeling studio? You agree!?"

"En." Song Jin nodded, then looked at Rick and said, "Thank you for letting me receive such a good apprentice!"

Selena almost cried with joy, and hugged the little bun next to her, "Oh! bun! You really are my little lucky star!"

The little bun pursed his lips, feeling a little embarrassed by Ma Ma's compliment.

After the excitement was over, Selena calmed herself down, then coughed lightly and asked, "Mr. Song, that...although I really hope to invite you to cooperate with us, but of course the most important thing is to hope that you It was out of your original intention!"

Listening to the girl's words, Song Jin naturally understood what she meant, and said, "I've read the information you put at the door. The little designer who came with you before...what's his name?"

"Gong Shangze!"

"Well, that kid's design is really good, and it doesn't mean I've dishonored my reputation!"

Knowing that Song Jin agreed to Zeling's strength, Selena finally felt relieved, "Thank you Song Lao for your appreciation, we will definitely not let you down!"

...

Chapter 1032

After returning, Selena immediately went to the studio to tell everyone the good news.

"What? Elder Song agreed!!!!" Han Momo jumped up excitedly, "Sister Xi, you are really amazing!"

Qiao Weilan was worrying about being selected as a master of traditional Chinese painting, but unexpectedly, Selena brought good news, so she couldn't help but breathe a sigh of relief, and at the same time, the surprise in her heart inevitably deepened.

Unexpectedly... She actually did it...

"Sister Xi! How did you do it?"

"Boss, have you invited Mr. Song?" Gong Shangze also came out when he heard the commotion outside.

"That's right, didn't we leave a copy of our studio's information at Mr. Song's door before? Mr. Song said that he had read it, and even praised you, saying that your design is good, which is not a disgrace to his reputation." !"

Gong Shangze's eyes were flushed with excitement, "Boss! Are you serious?"

"Of course it is true! Why am I lying to you! Come on! However, the most important thing is to take good care of your body. After all, your body is the capital of the revolution. You can't do it if you stay at home and don't exercise every day!" Selena said worriedly.

"Got it! I know the boss! Boss, I will work hard to design and exercise! Thank you! Thank you boss!" Gong Shangze bowed vigorously. "

...

At the same time, Platinum Emperor Palace.

"Master, madam!" Seeing Yan Ruyi and Lu Chongshan's sudden visit, the old butler hurried forward to greet her.

Yan Ruyi glanced at the servants who were busy coming in and out not far away, and asked suspiciously, "What are you doing?"

"Master, tell me to tidy up the small building next to the flower house, someone wants to move in." The old housekeeper replied truthfully.

"Someone wants to stay...?" Yan Ruyi's face changed slightly upon hearing this.

Could it be that woman wants to live in?

Yan Ruyi glanced at Lu Chongshan beside him, the latter obviously also thought of this, has he finally entered the room...

"Daniel!" Seeing her son from a distance, Yan Ruyi hurriedly called out.

Daniel, who was personally directing his subordinates, heard his mother's voice and walked over, "Dad, Mom, what's the matter?"

Yan Ruyi glared at her son, "Can't I come to see you and Rick if I have nothing to do? Let me ask you, what are you doing? What are you doing to vacate the small building? Are you going to let Selena live in?"

Lu Chongshan said with a sullen face, "Even if you are boyfriend and girlfriend now, it would be too much for an unmarried cohabitation."

Daniel looked at his parents expressionlessly, "Song Jin."

"What Song Jin Song Ming?" Yan Ruyi didn't understand what his son meant.

Daniel: "The person who wants to live in is Song Jin, Mister Song."

"What? Could it be the master of Chinese painting, Song Jin?" Lu Chongshan immediately asked in surprise.

Daniel: "Yes."

"Didn't Master Song live in Taoyuan Village in seclusion? And he doesn't see outsiders at all! How could he come to live with you!" Lu Chongshan felt that his son's lie was too absurd.

Daniel: "Song Jin has already accepted Rick as his disciple, and for the convenience of teaching, he agreed to move here."

As soon as the words fell, Lu Chongshan and Yan Ruyi were all stunned.

Lu Chongshan was shocked, "What did you say? Song Jin accepted Rick as a disciple? When did this happen?"

Naturally, Yan Ruyi also knew who Song Jin was, and said anxiously, "You son of a b!tch, can't you make it clear all at once? I have to ask you a few words before uttering a few words! What's going on, you should make it clear what!"

...

Chapter 1033

"How did you invite Song Jin?" Lu Chongshan also asked, his expression unavoidably agitated.

If you can invite Song Jin to enlighten Rick, it will be a blessing that is hard to buy!

The most important thing is that Song Jin can't be hired just by money! So he was really curious about how his son did it.

"It's not me." Daniel was still reticent.

Lu Chongshan was almost pissed off by his son's bad temper. Out of the corner of his eye, he caught sight of Saul humming and passing by the door, and hurriedly called him, "Saul, come here! I have something to ask you!"

Hearing his father calling him, Saul walked over hesitantly, but stood far away, "Dad...you...what do you want? I won't get married even if I die!"

Yan Ruyi gave her son a speechless look, "Your father and I want to ask you what happened to Rick's apprenticeship with Song Jin, do you know about it?"

"I know, I was there when Little Treasure was visiting his teacher last night! What's wrong?" Saul nodded.

"Really!? Hurry up! Come here and tell your parents what's going on! Your brother was so mad at me talking to him!" Yan Ruyi asked Saul hastily.

Saul scratched his head, "It's my sister-in-law who is going to invite Song Jin out of the mountain for the studio's next season's new product. After three visits to the thatched cottage, no one was invited. On the fourth day, yesterday happened to be Saturday, and the scenery over there is very beautiful, sister-in-law By the way, I took Rick to the spring outing. My brother couldn't go on a business trip that day. Louis and I went to work as coolies and played together. My sister-in-law even caught a rabbit, which was supposed to be roasted and eaten. As a result, Rick liked it so much, he took it to play with Rick, hey, it would be great to bake it for me, the rabbit is so spicy and fat, it must be delicious..."

The veins on Lu Chongshan's forehead twitched, "Get to the point!"

Yan Ruyi caressed her forehead helplessly, one of them cherishes words like gold, and the other is a chatterbox, can't these two ba5tards reconcile?

"Oh..." Saul thought about the rabbit, and then continued, "Then it rained halfway, and then we went to Mr. Song's place to hide from the rain, and then

Rick had some contact with Mr. Song, probably I discovered Rick's talent for painting, and then offered to take me in as an apprentice... Is that all right?"

Yan Ruyi nodded again and again: "Okay, okay!"

After listening to Saul's explanation, both Yan Ruyi and Lu Chongshan were a little surprised.

Neither of them expected that Rick's apprenticeship with Song Jin was indirectly because of Selena!

...

night.

After returning to the old house, Yan Ruyi was still thinking about this matter.

Seeing Yan Ruyi's absent-minded appearance, Lu Chongshan asked, "What are you thinking?"

"Think about Rick's apprenticeship! It's because of that woman!" Yan Ruyi murmured.

Lu Chongshan frowned, "Why is it because of that woman, isn't it just a coincidence? It's because of our Rick's talent!"

Yan Ruyi shook her head and said, "That's too coincidental... You don't think... Ever since that woman appeared... everything in our family has been developing for the better! Let's not talk about Daniel's changes, Especially Rick, his body and spirit are getting better and better, and he is becoming like a normal person step by step..."

Do not! How can it be like a normal person! Our little treasure is even smarter than Daniel back then! Now, Rick even invited Song Jin, who was impossible to

invite, as his first teacher. It is said that the teacher who taught Rick martial arts is also a very powerful character! "

...

Chapter 1034

When Yan Ruyi said this, she paused, looked at her husband and said, "Is all of this really just a coincidence? In the past five years, the situation of Daniel and Rick has not changed at all. Did this woman change as soon as she appeared?"

Lu Chongshan frowned when he heard that, "What exactly do you want to say?"

"I thought of the horoscope that Master Xuanjing calculated for Selena at the beginning! Luck is unparalleled, a prosperous husband prospers a family, and a life of many children and blessings! Now it has been fulfilled step by step!" Yan Ruyi was a little excited Said.

Lu Chongshan was stunned for a moment, "I told you not to believe these things!"

Although he said so in his mouth, Lu Chongshan's face was slightly lost in thought...

...

In the evening, Selena invited Gong Shangze, Han Momo and Qiao Weilan to have a meal together, which was a celebration.

After returning to the apartment, after taking a shower, Selena was in a good mood and took out a velvet bunny-style one-piece pajamas to put on. Then, she sat cross-legged on the bed and began to settle accounts.

Recently, the profit of the studio has been very impressive, the figure has exceeded 10 million. Compared to ordinary people, she is now considered a little rich woman!

Selena planned that she should be able to buy a small villa...

Although the place where she lives now is very well protected, it is a place arranged by the company after all. There are quite a lot of people who know that she lives here. It is inconvenient for Daniel to come here, so it is better to buy another house by himself.

It can be regarded as... I have a nest of my own...

Whether it was the small run-down house arranged by Empire Entertainment or the high-end apartment building arranged by Shengshi Entertainment, it was not her own place after all.

Of course, the most important point is that it is convenient for her to hide in the golden house...

After careful planning, Selena has basically put the matter of buying a house on the agenda, and is going to go back and ask Daniel for his opinion, to see what he likes, of course, and Rick...

Seeing that it was still early, Selena was going to make a hearty lunch for Rick, but just as she walked to the kitchen, she remembered that the soy sauce was gone, and she forgot to buy it last time.

So, I took off my apron and went to buy soy sauce first.

Because the convenience store was not far downstairs, Selena didn't change her clothes, and went downstairs with the change and keys.

"Boss! Bring me a bottle of soy sauce!" Selena lay down on the counter and put the change on it.

"Hey, okay!" Inside the convenience store, a woman in her 40s or 50s handed a bottle of soy sauce to Selena, and at the same time looked her up and down with a displeased look on her face, "It's so late, why did your mother let you A little girl came out to buy soy sauce?"

"Uh..." Selena was sweating when she heard the words, "It's okay boss, my house is close!"

Selena was wearing ponytails and cartoon one-piece pajamas at the moment. She looked like a 17 or 18-year-old minor. No wonder the boss misunderstood her.

"You can't get close, you are such a juicy little girl, what will you do if you meet a bad guy! Next time, you can't come out alone at night!" The proprietress reminded.

Selena nodded repeatedly, "Got it, thank you sister..."

The proprietress was amused by Selena's sister, and gave her another colorful lollipop, "Take it and eat it!"

So, holding a bottle of soy sauce she just bought in her hand and a lollipop from the proprietress in her mouth, Selena happily hopped towards the house...

Just thinking about what to make delicious for Rick later, a person appeared in front of him without warning.

...

Chapter 1035

a strange woman.

The woman was wearing a tight-fitting black night gown, and she had an aura similar to that of Third Senior Sister Feng Xiaoxiao, the aura of a killer.

"Karen, Uncle Feng is here to invite you." The woman looked at her and said expressionlessly.

Selena at this moment: "...!!!"

Nima! Actually met the bad guy!

After all the calculations, she never expected that she would meet someone from Feng Jin just to go downstairs for a soy sauce!

So much so that the only self-defense weapon in her body at this moment is a bottle of soy sauce.

The woman said, and opened the black door next to her, "Please."

Selena's brain was spinning rapidly, and in the next second, she bit the lollipop, tilted her head, and said in confusion, "Sister, who are you? You seem to have misidentified the person! I'm not the Karen you just said! "

When the woman heard this, her face was obviously stunned, "Aren't you Keren?"

Selena continued to bite the lollipop, shaking her head innocently, "Sister, my name is Xiaotu!"

The woman looked up and down, then she glanced in the direction of Selena's apartment building, and said coldly, "I saw you coming out of 701."

Selena scratched her head, "701 is a sister I know, I often go to visit, but that sister is a girl, not a brother!"

Seeing Selena's naive and ignorant appearance, the woman's expression became even more puzzled.

Although she already knew that Keren was actually a woman, and had seen the profile photos of her in women's clothing when she was Selena, the person in front of her seemed to be a different person even compared to Selena.

Could it be that she really made a mistake?

"Oh, it's so late! Pretty sister, I'm going home! Otherwise, my mother will scold me! Bye..." Selena said, bouncing forward.

Behind him, the woman's expression was obviously a little tangled.

At this time, a voice sounded in the woman's Bluetooth headset, "Has anyone received it?"

"Sorry, Uncle Feng, I seem to have misunderstood the objective of the mission just now!"

"Wrong target?"

"Yes, I have sent a photo to your phone just now, please check to see if this person is Keren."

After a while, Feng Jin's voice came from the Bluetooth headset, "The person in the photo...is Keren."

Woman: Are you kidding me? This Keren?

Keren was her male god back then! It's fine if a good-looking man turns into a woman! Now he has turned into a silly little rabbit?

"Uncle Feng! I'm sorry! It was my mistake!"

On the other end of the wireless headset, Feng Jin coughed lightly, "Forget it, this time... I can't blame you, let's continue with the mission!"

"yes."

The woman hung up the wireless phone, and with a movement of her body, she went to a shortcut in an instant, climbed over the wall, and quickly chased after Selena.

After a while.

The moment Selena managed to get out of the woman's sight and rushed downstairs to the apartment, a black shadow fell from the sky and landed in front of her.

Looking at the person in front of her, Selena almost scolded her!

No need to ask, it must have been discovered.

The woman stood in front of Selena with a cold expression, her eyes sizing her up and down like piercing rays, "Karen's camouflage skills are really good, even I was almost fooled by you!"

Selena: "..."

Pretend a55! I'm always like this! This is Lao Tzu's body! I was originally a cute little rabbit, you stupid humans!

...

Chapter 1036

Selena's gaze suddenly became sharp and cold, "Anyway, I used to work with you, I don't want to hurt you, get out of the way, don't wait for me to do it!"

Hearing this, the woman smiled indifferently, "If it was before, Karen, I was indeed no match for you, but now... It is said that you can't even pass five moves under Feng Xiaoxiao's hands?"

Selena: "...!!!"

Say hello to the dog! She knows all this?

"Karen, come with me, if possible, I don't want to hurt you." The woman said

Selena glanced at the gun on the woman's waist, and knew that she was acting with courtesy first.

Not to mention that Selena didn't have a weapon in her hand, even if she did, how could she be able to deal with the people Feng Jin sent.

A while later, Selena got into the car wisely.

There was also a man in the car, the man was driving in front, and the woman was sitting in the back seat with Selena.

The woman in black groped Selena up and down, not even letting go of a small black hairpin in her hair.

Selena tilted her head, looked at the woman who was busy on her body, and said quietly, "Don't touch the baby, I just went downstairs to make soy sauce, I didn't even bring my mobile phone, what dangerous things can I have on me?"

Hearing the voice next to her ear, the woman was stunned for a moment, her ears became inexplicably hot...

That was Keren's voice...Keren's tone...

Even though Selena now looked like an underage girl, the tone just now brought her and Keren together in an instant.

The woman shook her head, regained her senses, and quickly tied Selena tightly, not daring to take it lightly.

"This beauty, can you tell me what Feng Junshi asked me to do?" Selena asked tentatively.

"I'm just following orders, I don't know anything else." The woman in black said expressionlessly.

"You are also under Satan, why haven't I seen you before?"

The woman stopped answering, and ignored her conversation.

There was no other way, Selena could only close her eyes to recharge her energy and wait for the changes.

To Selena's surprise, although the other party tied her up, she was not blindfolded, as if she didn't care that she knew where she was going.

There are fewer and fewer lights and passing vehicles outside the car window, and the car has gradually left the urban area and headed towards the suburbs...

Where is this going to take her? Beyond that is the wilderness...

Just when Selena's mind was filled with various speculations, the car finally stopped in front of a retro Ou's villa.

After getting out of the car and seeing the place in front of her clearly, Selena's face turned pale instantly, without a trace of blood!

fcuk! this...

Isn't this the famous haunted house in the imperial capital?

It is said that a woman was hanged inside, and at that time, the woman was already pregnant with Liujia, with a dead body and two lives, and the yin energy was heavy. Since then, the house has been haunted by ghosts, and many weird and terrible things have happened. Resident, no one dares to take over this house from now on...

what's the situation!

There are so many places, why did you bring her here?

She is most afraid of ghosts, okay?

"Karen, please let go."

Selena's hands were bound, so she used a few fingers to hold on to the car door, refusing to let go. Not only that, but she got back into the car in a snap.

The woman and the driver exchanged glances, and then directly dragged Selena out.

With a gun pressed against her waist, Selena could only shake her legs and walked step by step towards the extremely scary haunted house in front of her.

...

Chapter 1037

The woman in black looked at Selena's pale face and trembling legs, a trace of suspicion flashed across her face.

Selena was quite calm along the way just now, and even fell asleep, but when she came to the place, she didn't expect to be so frightened.

But it's no wonder Selena is afraid, that person... is really scary!

The next second, with a "squeak", the woman in black pushed open the heavy door of the villa.

I saw that the huge house was empty and dark.

There were no lights in the room, only a few white candles lit on the wall, the candles flickered slightly, exuding a dim yellow light, making the whole room even more spooky.

Under the light of the dim candlelight, the portraits in the medieval oil paintings on the wall looked as terrifying as ghosts, and the sound of "tattling" footsteps echoed in the room when they walked.

Clocks, bronze mirrors, silver candlesticks, animal teeth and antlers... Under those extremely retro decorations, the whole house is like a ghost film shooting scene, as if a bloody grimace will appear in the mirror if you don't pay attention, or A hanged ghost in white suddenly appeared in front of her, hanging upside down...

Selena walked forward step by step, her steps getting heavier and heavier, as if she had been filled with lead.

Behind her, the woman in black with a gun pointed at her and walking forward saw that she was walking slower and slower, and her expression was obviously displeased.

The woman in black was about to urge her, when there was a "click" in the dead silent room, and the hands of the clock in the corner pointed to twelve o'clock.

"Boom..."

"Boom..."

"Boom..."

...

The huge bell rang unexpectedly, echoing in the empty room.

“Aaa
aa
aaaaaaaaah!” body, and then threw his head into the arms of the woman in
black, trembling non-stop, obviously frightened.

The woman in black: "..."

Karen... unexpectedly...

Afraid of ghosts? ? ?

At this moment, she has almost begun to doubt her life...

The most frightening thing is that the image of a male god in her mind has collapsed and shattered step by step until it vanishes into ashes...

Men and gods are all floating clouds...

"It's just a bell." The woman looked at the little white rabbit in her arms expressionlessly.

"The bell... is it ringing... it scares... it scares me to death..."

..

...

After a long while, the woman finally brought Selena to one of the upstairs rooms.

It was only a few short steps, and Selena walked as if she had gone through ninety-nine and eighty-one difficulties.

The woman in black originally thought that Selena was delaying time on purpose, but later found that her forehead was covered with fine beads of sweat, she was really terrified, she definitely wasn't pretending.

Until now, the woman in black still hadn't recovered from the shock of disillusionment of the male god.

Seeing the woman brought her to this room, Selena turned around and left, and immediately chased after her nervously, stopping her, "Where are you going?"

"Please wait a moment."

"So you want to leave me alone here? No! Don't go! What are you asking me to wait for? Can't you wait with me? Are you not afraid that I will sneak away?"

"My mission ends here."

No matter how much Selena begged, the other party left mercilessly!

"Dmn! Wait until you change into men's clothes to see if you can still walk away so simply..."

...

Chapter 1038

The woman's footsteps became farther and farther away until they disappeared.

The whole house was silent, without a single sound, and if she moved her body a little, the extremely tiny sound would be amplified infinitely, playing back in her ears horribly.

It was already so scary when they were alone, and it was torture for her to be alone!

Selena took a deep breath and recited from the Great Compassion Mantra to the Purity Mantra to the Diamond Sutra to the core values of socialism, and then looked around the room to distract herself.

In this room, only a white candle was lit on the dressing table, and the light was even dimmer. It could be seen that the overall style of the interior was the same as that of the outside, the only difference was that it was more eerie. Moreover, she found that the room was very large, from the structure and Judging from the layout, it should be the master bedroom...

Master bedroom!

Thinking of this, Selena, who was standing at the door watching, jumped away from the door and hid far away in the corner.

Didn't the legendary woman who committed suicide hang herself at the door of the master bedroom?

Right on the beam where she was just standing!

She finally knew about their plot, and she was going to scare her to death!

Some things cannot be overcome in a lifetime, such as Selena's fear of ghosts.

When she was still with her adoptive parents when she was a child, her grandmother was patriarchal and tried to throw her away many times. One of them was to take her to a mass grave and leave her alone.

She stayed there alone for two full days and two nights...

She still dare not recall the situation at that time.

This also caused her to still be afraid of ghosts when she grew up. Even though she knew that it was just something illusory, she just couldn't overcome it, and she never watched any movies related to ghosts.

Selena took a deep breath, calmed down, and tried to untie the rope on her wrist, but the other party used a professional method, and the material of the rope was very special, so she couldn't untie it at all, so she dragged her Weak legs looked around the house, and the only door and windows were all locked and sealed.

Through the mirror on the dressing table, Selena saw a pale and pale face. It was her own face, like a funeral object buried deep in a gloomy tomb...

Now she doesn't even have the energy to think about Feng Jin's intention to lock herself here...

In the whole room, the only place that made her feel better was probably the bed.

Selena's feet were so weak that she could hardly even walk, she slowly moved to the bed, then hugged a pillow and curled herself up into a ball.

Time passed bit by bit.

No one came, and there was no sound at all.

It was so silent that it was as if she was the only living person left in the whole world.

Until, even the candles on the dressing table were burned out and extinguished.

The room went dark.

The tense thread on Selena's body seemed to be broken too, and the things in her mind that had been suppressed in the deepest part of her mind rushed out like ferocious beasts in the darkness...

The little girl, her little hand was loosened mercilessly, she waited and waited on the spot, and all she waited for was the howling of terrifying beasts from the forest...

She ran and ran, but she tripped all of a sudden. When she looked down, she saw a white leg bone...

She was lost in the forest full of corpses and graves, waiting from night to day, and from day to night, waiting for no one...

...

Chapter 1039

Immediately afterwards, the picture in her mind switched again, switching to a sunny afternoon, a harsh car sound, and a piercing pain in her stomach...

The child... her child...

The blood...in the pupils...in the mind...is full of blood...

child! my child!

died! Your child is dead! He was born a dead baby! So what if he didn't die! Do you still want to raise this wild species?

I don't believe it... She doesn't believe it... He was naughty moving in his palm through his belly just a moment ago...

Not wild species! He is not a ba5tard! Her child is not a ba5tard!

Ever since she knew of his existence, she has been looking forward to his birth with love and hope. He is her child! He is her baby!

Give me back my baby! give me back...

The woman's shrill voice kept echoing in her mind, and she knew that it was her own voice...

Finally...the next second...she finally saw the child...finally saw her baby...

In the cold morgue...a small baby with bruises all over...had already lost his breath...

Her baby, her baby is dead... really dead...

"Squeak..."

In the air as dead as a tomb, there was a sudden soft sound, the sound of the locked door being pushed open.

"despair—"

"despair—"

"despair—"

...

With the sound of leather shoes stepping on the floor, a slender figure pushed the door and walked in.

The man held a candle in his white hand. Under the dim candlelight, he reflected a stunning face, with light gray eyes and silver hair, like a ghost...

The man walked towards the bed in the house step by step, and approached the dark shadow curled up beside the bed.

Finally, the man stood still in front of the bed, and the candle in his hand illuminated the small black shadow on the bed.

There was a girl on the bed. The girl was holding a pillow in her arms, and her whole body was already drenched in sweat. The bangs on her forehead were trembling with her body, dripping beads of sweat...

"Don't...don't...kid...don't..."

The girl's mind seemed to be in a trance, until she noticed the approaching light and the sound of the man's approaching footsteps, she finally raised her head slowly, and stared blankly at the person with those dark eyes...

"Tsk, it's still the same useless!" In the eerie air, a man's faint mocking voice sounded.

Selena stared blankly at the person who came, and still maintained her original posture, neither moving nor speaking, as if she hadn't escaped from the nightmare just now.

At this moment, the girl was wearing a fluffy pajamas, curled up on the head of the bed with a white pillow in her arms, her body was shaking like chaff, and she was staring at herself with red eyes, and the tears in the corners of her eyes were still wet... Really...

Something so stirring in the dark depths of the heart...

The man's gaze became deeper and darker, and then he slowly stretched out his hand towards the girl. The hand, which was so white that he could even see the meridians, touched the girl's lips bit by bit... ..

In the next second, there was a sharp pain from the tiger's mouth of the man's palm.

Before he could get close, the girl had already bit down hard, and the bright red blood slid down the corner of the girl's mouth and the back of the man's hand...

The man's complexion changed abruptly. He pinched the girl's chin, took out his hand, and pressed the girl on the bed forcefully. His face was frightening, and his tone was extremely dangerous. "Heh, who is this protecting yourself like a jade for? Hmm?"

...

Chapter 1040

"Yun Shen! What on earth are you trying to do!" Selena finally came to her senses and asked as she looked at the person coming.

The man glanced at his bloody hand, stuck out his tongue, and licked away the bitten blood on his hand bit by bit. His eyes gradually turned scarlet and locked her like a devil. He lowered his voice and whispered in her ear, "I... didn't want to do anything... now..."

That tone made Selena's heart tremble, "I've already told you clearly what should be said, you saved my life, and I spent four years selling your life countless times, I don't owe you anything What! Let's go on each side of the road facing the sky, what's wrong with you walking on your sunny road and I walking on my single-plank bridge?"

The man chuckled, pinched her chin with his fingers, and said every word, "Oh, don't you owe me? Darling, don't say you're not dead, even if you die and turn into ashes, it's mine! If I go Hell, you have to follow me to hell too!"

This... this pervert!

Seeing the man's expression getting more and more crazy, and his state getting more and more out of control, Selena was not only tied up but her whole body was weak, she couldn't move at all, so she could only close her eyes and shout loudly...

"Twisted melons are not sweet! Are you so interesting!!!"

"Who said I love melons?"

Selena choked, "You... even if you get my man, you still won't get my heart!!!"

The man raised his eyebrows slightly, and curled a strand of her hair with his fingers, "I only want your people, who wants your heart?"

fcuk! Why not play the cards according to the routine...

When she was almost scared to death just now, she kept praying that someone would come quickly, a living person would come quickly! As long as it's alive!

But now, looking at the guy in front of him, he might as well just go to hell...

It must be the wrong way for her to pray...

"Wait! Don't you want to know why you chose Daniel?" Selena shouted again.

Hearing this sentence, the man's movements really stopped, his squinted eyes were filled with a cold and startled light, he looked at her with a half-smile and said, "Tell me..."

Selena swallowed and breathed a sigh of relief.

Probably because of the mention of Daniel, the girl's face seemed to soften and relax a bit. He had never seen it before. The softness stimulated the violent factor in his body...

Selena closed her eyes, and then said slowly, "Yun Shen, you also know many things about me, whether it was when I was with my adoptive parents in the countryside, or when I was taken back to Ning's house at the age of eighteen. , or during the four years abroad, before I met Daniel, I had never been myself for a single day!

Because I was afraid of being abandoned and sent away, I tried my best to please my adoptive parents and grandma; because I was afraid of being hated and excluded, I tried my best to please my biological parents and those celebrities; I also buried myself..."

Speaking of this, Selena recalled her wandering years abroad, and a cold smile appeared on the corner of her mouth, but then, the coldness slowly melted away, "After returning to China, the first paragraph Time, the darkness of those four years, and the hatred of revenge once left me in a daze...

Until... I met that person, I met Daniel... No one has ever been so kind to me, he loves me, protects me, spoils me, always silently suppresses and hurts himself, and never forces me to do anything... ... only in front of him, I am myself! "

...
