

Cruel Heart Lover Novel

Chapter 1041

"Oh, it's just like this, so you're so determined?" The man's tone was full of sarcasm and disdain, looking at Selena's expression was like looking at a silly woman who was blinded by such an idiotic thing as love.

Selena took a deep breath, and then asked: "Okay! Let me ask you, if you walk into a room and see the person you like has aphrodisiacs, is wearing transparent pajamas, lying on a kgsized bed covered with red petals What are you going to do in bed?"

She also asked Louis the same question back then.

Yun Shen: "Love."

Doing...love...very good...this answer is very satan, enough ghosts...

Selena twitched the corners of her mouth and rolled her eyes in an extremely speechless voice, "But Daniel didn't do anything! That's the difference between you! That's why I chose him! When I was most embarrassed and helpless, I would You won't take advantage of others! Yun Shen, you don't even know what love is!"

The man snorted, "Are you sure this is love, not sexual dysfunction?"

Selena was so angry that her liver hurt, she couldn't bear it anymore and said, "Get out! You're the one with sexual dysfunction!"

The man chuckled hoarsely, "Am I, do you want to try?"

"I'm not in the mood to play tongue twisters with you! Let me tell you, it's okay to have a low EQ, you can study hard the day after tomorrow! Now I can teach you a nirvana! For example, at this moment, you should learn it Daniel, untie me in a gentlemanly manner, and then let me go!" Selena coaxed.

The man squinted his eyes and snorted softly: "I never walk the way others have walked."

"...!!!" Selena was so angry that she almost broke her front teeth.

Dmn it, her brain cells are dead, and her mouth is almost dry, why is this ba5tard not on the road!

"Is there anything else you want to say?" The man supported his head, admiring her collapsed appearance, and asked with interest.

Selena: "I said your sister!!!"

No matter how much you tell this guy, it's a waste of effort to play the piano to the cow!

The man raised his eyebrows slightly, "Call me?"

Selena: "..."

Hehe, the only progress is that I finally know that this is a curse!

Why can't we improve even a little bit in other places?

"Honey, I advise you to come back to me, but it's for your own good... just you continue to be with him... I'm afraid you will be sad!" The man said quietly.

Selena rolled his eyes at him, "Am I going to feel sad for Mao?"

"Because I will be a widow!"

"You..." Dmn! Selena was already so angry that her heart, liver, spleen, lungs and kidneys ached, she blurted out, "Don't be so loud, I don't care what grievances you have with Daniel, my man is not easy to deal with!"

"Your man..." Yun Shen's casual expression like teasing a cat just now was suddenly filled with gloom, "Honey, you really know how to piss me off..."

Seeing the man's changing expression, Selena immediately screamed in her heart, "Dmn it, I shouldn't have provoked him. I was really angry at him just now, so I couldn't hold back..."

At this moment, with a bang, the door was suddenly pushed open from the outside.

Outside the door, Kevin stood there with an expression as if he was facing a formidable enemy, and when he saw Selena was here, he showed such an expression, and then looked at Yun Shen, "Satan! We are surrounded by Daniel's people!"

Almost as soon as Kevin's voice fell, there was a burst of dust outside the window, the trees and weeds shook violently, and there was a huge roar of propellers...

...

Chapter 1042

"It came too soon... just right, I think he's thinking too hard!"

The silver-haired man looked at the privately armed helicopters roaring outside the window, snorted coldly, his eyes were filled with almost morbid excitement, and then walked straight out the door, completely forgetting about Selena Rear.

Kevin also followed closely. Before leaving, he turned around and glanced at Selena with an indescribable look.

He had heard about Daniel's private armed force, but he dared to use his private armed force directly at the foot of the Emperor of the Imperial Capital just because of a woman...

"Hey! Don't! Don't go! Eldest brother, don't go! If you want to keep locking me up, go ahead! But at least let a girl come in to accompany me for a while! I know that people are afraid of ghosts and say..."

Before Selena could finish her sentence, the door slammed shut again.

These beasts!

Especially that guy Yun Shen, what the hell, he ran so fast as soon as he heard that Daniel was coming, and just left me in this Dmn place, you two just go live!

I don't know if it was because of Daniel's arrival. Although she was the only one left in the room at the moment, she didn't seem to be afraid for some reason. She hurried to the French windows, lay on the window and looked outside...

It's a pity that the light was too dim, I could only see a lot of helicopters circling overhead, and I couldn't see the specific situation clearly, let alone where Daniel was!

No, we must find a way to get out!

What if that fellow Feng Jin comes up with another bad idea!

Selena thought and hurriedly searched the house again, but after searching for a long time, she really didn't find anything that was too big. Her hands

were tied and she couldn't lift it, so she could only forcefully move towards the window. Bumped into it, tried to break the window...

In the end, the window didn't know what kind of material it was made of, it was so hard that her bones were almost shattered and she didn't move at all.

...

At the same time, in a grassy yard downstairs.

Among the helicopters circling overhead, one of them slowly landed on the ground, and then stopped in an open space in the middle.

First, a group of heavily armed men came down quickly from the helicopter, and finally, a man with a cold face and a black suit got off the plane, walked from the middle of the armed lineup, step by step to the spooky house in the middle.

At this moment, the front of the ghost house was also fully armed. In the short time since Daniel was surrounded, there were already more than a dozen people gathered in front of the house. Loose and loose.

The door of the haunted house opened suddenly, and a silver-haired man came out of the house.

After seeing the silver-haired man, those who were leaning or leaning loosely and carelessly suddenly looked a little more solemn, and their attitude was very respectful, and they took the initiative to part ways.

Two men, one cold as ice, the other evil and ghostly, walked towards each other step by step.

Following the footsteps of the two, the subordinates on both sides looked tense, ready to fight at any time.

Finally, the two stopped ten steps away from each other, their eyes met with a "boom" in the air, as if they had knocked out gunpowder smoke.

The silver-haired man pursed his lips, his scarlet eyes were filled with flames, and he looked at the man not far away, his face even more bloodthirsty, "We meet again."

...

Chapter 1043

Daniel: "Help me."

The silver-haired man supported his forehead, as if he heard some funny joke, he smiled hoarsely, "Heh, Mr. Lu is really humorous for breaking into my territory and asking me to hand over to my people."

Daniel glanced at the time on his watch expressionlessly: "Three minutes."

The implication is obvious, give him three minutes to hand over, and he will be ready to serve after the ceremony...

Hearing this, the silver-haired man suddenly showed a weird smile, then raised his brows slightly, and said in a drawn-out voice, "Daniel, when she was at her worst, most embarrassing, most desperate, and most painful, I was the one who took her in. , to teach her all survival skills and self-protection methods. She and I are people in the same world. The world is so big, but in the end, she will still understand where is the place that really belongs to her!"

The moment the silver-haired man's voice fell, Daniel's face suddenly became gloomy, and his whole body was full of evil spirits. He was like a ghost, and he was a hundred times more terrifying than the ghostly man opposite him. Even Daniel's subordinates looked at each other with sympathy...

The night is getting darker, and the dark clouds above the head slowly cover the last ray of the moon's afterglow, and the darkness is overwhelming.

After an unknown amount of time, Daniel's savage look suddenly turned calm again, and he looked at the silver-haired man opposite him expressionlessly, "Two minutes."

At the same time, the subordinates of both sides also raised their guns, and the snipers in the distance all aimed at the opponent's troops. Everyone tensed up, ready to fire at any time, and the atmosphere was on the verge of breaking out...

In a corner not far away, Feng Xiaoxiao wiped off her sweat with difficulty, "This is the rhythm of fighting..."

Annie next to her was running around in a hurry, "What to do? It won't be a real fight, right? Sister Xiaoxiao, I just inquired about it, and it turns out that Junshi Feng even had someone tie Karen here too! How could Junshi Feng do this? !"

"To be honest, I didn't expect Lao Feng to be so simple and rude this time, what exactly is he trying to do?" Feng Xiaoxiao showed a suspicious look.

Kevin's cold voice came from the side, "Feng Jin's most taboo is that people and things out of control affect Satan's judgment. But for a man, a woman makes him lose control, nothing more than asking for it."

"So why don't you just solve the problem from the source? I'll go! Satan will not really take the opportunity to imprison Junior Sister! You must know that this haunted house is simply the sealing technique of Junior Sister. Junior Sister is most afraid of ghosts. If you go to this ghost place, you will definitely lose all your combat power, not to mention that her combat power is already low..." Feng Xiaoxiao said with a twitching corner of her mouth.

Annie's expression tightened immediately when she heard the words, and then she hesitated and murmured, "I don't think the boss would do such a thing... Although the boss looks very bad and has a bad mouth, he is actually very kind to himself and others. Very defensive... like the boss always says he's going to throw me in the ocean to feed the fish, but never actually does it!"

"Uh, your metaphor... is really a naive child..." Feng Xiaoxiao patted Annie's little head speechlessly.

Afterwards, Feng Xiaoxiao stared at the gunpowder smoke not far away, and saw the two people who were about to fight, and murmured, "Old Feng is really just because of this? Why do I feel that Lao Feng is deliberately provocative?" What about...

...

Chapter 1044

Besides, the other biggest effect of today's incident should be that he finally saw Daniel's legendary underground forces.

Although it is only the tip of the iceberg, it is already foreseeable what kind of behemoth lies under the iceberg, even no less than their organization...

"I can't go on like this. I'll go and rescue Karen! Now only Karen can stop it!" Annie said urgently.

Feng Xiaoxiao grabbed the little Annie who was about to run away, "Where to go! You can go and do whatever you want, you can't even open a door, just wait for me, I'll just go!"

"But, in case the boss blames me..." Annie worried.

"You are his direct subordinates, so you can't go. Although I am also a member of the organization, I am a part-time job. Anyway, I have the support

of 'Original Sin' when I get into trouble! Don't worry!" Feng Xiaoxiao said, turning around quickly Run towards the house.

Original Sin is the world's first mass killer organization. While Feng Xiaoxiao is loyal to the organization, he is also a core member of Original Sin.

Seeing that Feng Xiaoxiao was going to save someone, Kevin didn't stop her, she just opened one eye and closed the other.

...

The most eerie master bedroom upstairs.

When Feng Xiaoxiao used a wire to unlock the door and opened the door to go in, Selena was still fighting with the glass window in front of her.

The little girl was holding a handful of sharp animal bones in her hand, and was poking at the window. At this moment, there was a sudden force behind her, grabbing the two rabbit ears on the back of her clothes, and pulling her out of the window. Pull open the side of the window.

Then, I saw a black boot kicking over...

The next second, with a loud bang, the window shattered...

Selena stared blankly at the window that she had tossed and tossed and remained motionless for most of the day, but now it was torn apart in front of her eyes, tears streaming down her face, "Oh! Third Senior Sister! You are finally here!"

"Useless stuff!" Feng Xiaoxiao gave the girl a blank look, took out a dagger, and untied the rope from Selena's hand, "I reminded you last time! Why are you getting weaker and weaker now?" gone?"

Selena curled her lips and muttered, "That proves that people live a carefree and happy life....."

Feng Xiaoxiao heard the words and the veins on her forehead twitched violently, "I even dare to stuff my old lady's dog food! Believe it or not, I will kick you to death!!!"

"Senior Sister, you just can't bear it!" Selena hugged her bouncingly, rubbing against her chest.

Feng Xiaoxiao looked at Selena's appearance as a soft, cute, innocent and lively underage girl, closed her eyes, and showed a horrible expression on her face, "No wonder Shiliu has been looking like a loveless girl since just now. As for the expression, I must be disillusioned seeing your appearance!"

Selena blinked, "Pomegranate? Who is Pomegranate?"

"Code name sixteen! It's the woman who tied you here!" Feng Xiaoxiao replied.

"Oh oh oh her...she today...maybe...probably...a little disillusioned, cough cough..." Selena wiped her sweat.

"This woman seems to have had a crush on you before. Feng Jin's mission was probably won by her on her own initiative. She originally wanted to take the opportunity to get close to the male god, but in the end, tsk tsk..." Feng Xiaoxiao said "it's too miserable". Said the expression.

Selena muttered speechlessly, "...Blame me? Who told her to tie me up to a haunted house and leave me alone? She almost died of fright! This is retribution!"

...

Chapter 1045

"Okay, stop talking, go down and find your man! A fight is about to start! This is the country of Hua, and it's at the foot of the emperor's capital. It's not a foreign country. If they fight, it won't do them any good!" Feng Xiaoxiao He urged.

"Oh... Third Senior Sister, I'm leaving! Next time, let's have a drink together..." Selena said as she climbed onto the window sill.

Feng Xiaoxiao glanced at her worriedly, "Can you do it? How about taking the stairs?"

"That's so troublesome... Senior Sister, don't despise my strength anymore, okay? It's only the third floor!" Selena said as she climbed down the water pipe speechlessly.

Feng Xiaoxiao: "..."

Who made you be spoiled like a little white rabbit! Can my wife rest assured?

But, Dmn it! Not to mention, as a woman, I'm really envious!

After all, she has been fighting and killing for so many years, and the things she has experienced are even more terrifying than Selena's. Of course, she is also more difficult to trust people than Selena...

Man... huh... she won't fall in love with this kind of creature...

On the other hand, Selena soon discovered that it turned out that if she didn't listen to her senior sister, she would be at a disadvantage.

When Selena climbed halfway, because her legs and feet were still a little weak, she fell straight down with a thud, and said "Ouch".

In an instant, all the originally tense eyes were turned towards the direction of the wall...

Then, everyone saw a cute girl Gu Lulu crawling up from the grass, spitting out a mouthful of grass, her face was wrinkled, and she was still complaining about something...

"Where did the rabbit come from?" A man in the crowd on Yunshen's side muttered.

"Dmn! Big news! There is a woman in the boss's house!"

"And he's still a juicy underage!"

"My God! The boss is so good at this!!!"

...

There was more and more commotion in the crowd, and Yun Shen's expression became more and more strange, until a cold female voice sounded from the crowd...

"That's Keren."

Hearing Shiliu's words, the expressions of everyone on the spot: "..."

Are you kidding me?

After seeing Selena, Daniel's expression changed instantly, and only his wife was left in his sight.

Yun Shen glanced at Feng Xiaoxiao who was standing upstairs in front of the floor-to-ceiling window like an ice blade, then shot straight at Selena, and said coldly, "Come here."

Selena curled her lips and patted the dust and grass leaves on her body. Although she didn't speak, her expression was already obvious. I'm sick of snake spirits, so I ran to you to die!

what! demon king!

After getting up and seeing a familiar figure not far away, Selena looked at Daniel with joy.

This attitude contrast, don't be too obvious.

At this moment, the positions of the three people were in a triangle shape, Daniel and Yun Shen were standing facing each other ten paces away, and Selena was standing under the wall not far from between them.

The moment Selena stepped forward without hesitation and was about to run towards Daniel, an extremely sinister voice sounded beside her ear – "I'll give you one last chance, think it over before making a decision!"

Decide exactly who to go for!

The extremely cold voice made Selena's footsteps froze all of a sudden. She paused on the spot, raised her head, looked at Daniel with a condensed expression, and at Yun Shen with a gloomy expression.

How to do...

It's not that she is struggling with who to choose, because there is no need to think about this question at all!

Rather, what if Yun Shen becomes furious when she goes to Daniel's place?

...

Chapter 1046

This guy is a lunatic, once he becomes crazy, he will do things completely without regard to the consequences...

Even if this is the door of the emperor's house, he would dare to shoot in directly!

Although this is an uninhabited suburb, it is still the boundary of the imperial capital after all. This is full of guns and cannons. Once there is any disturbance, it will definitely alarm the people above.

Even if Daniel was the uncrowned king covering the sky with one hand, the people above him would turn a blind eye when they knew his details.

However, if he started to make such a big fuss right under his nose, and hit him directly in the face, can he not get angry...

Looking at Daniel's armed forces that were even more terrifying than the regular army, it was impossible for Selena not to be shocked. She never thought that Daniel would do this for her and take such a big risk...

While Selena was weighing and analyzing the pros and cons, the scene was completely silent, and the expressions of the two men became more and more ugly.

Especially Daniel, even though he was a little better by virtue of his ex-boyfriend status just now, Yun Shen's words just now kept hitting the cage that sealed the giant beast in his heart...

As for Yun Shen, after getting along for four years, he really knew Selena very well, and he could tell at a glance what she was thinking and what she was worried about right now, that's why she had such an ugly face.

At this moment, there was a burst of murderous intent not far away. Among the crowd, a middle-aged man in a Chinese tunic suit appeared at some unknown time. He pointed a black gun at Selena and pressed the trigger instantly. , everyone didn't have time to notice.

next second...

"Bang -" a gunshot!

Almost at the same time, another gunshot followed closely!

The first sound came from Feng Jin, and the second sound came from Yun Shen.

Everyone watched this scene in shock, even Feng Xiaoxiao, Kevin, Annie and others did not expect Feng Jin to shoot suddenly.

The cold air around the silver-haired man imprisoned Feng Jin. The latter was covered with cold sweat and clutched his bleeding wrist. The shot he originally shot at Selena just now was also distorted by Yun Shen's wrist.

"It seems that I have to take care of the housework first." Yun Shen raised his hand with a frightening expression, and immediately, all his subordinates put away their weapons and retreated like a tide.

The people who were looking at each other suddenly retreated, and the people on Daniel's side also relaxed their nerves, and then looked at Daniel, waiting for instructions.

Daniel glanced at the middle-aged man with an extremely cold gaze, and after a while, he also raised his hand.

In an instant, the people on Daniel's side also put away their weapons and retreated.

The tense atmosphere of the night finally eased down.

Seeing that the crisis was over, Selena quickly ran towards Daniel...

Seeing the girl running towards him step by step, for an instant, Daniel felt as if he had been redeemed in hell.

The one she walked towards... was herself...

Because I fell halfway up and rolled on the ground in the bushes that have not been taken care of for a long time, now Selena's clothes are already dusty, and the hair on the clothes and hair are covered with weeds. From a domesticated little white rabbit to a little wild rabbit.

However, the moment a girl throws herself into a man's arms and her eyes are full of attachment, she knows that no matter how wild she is outside, she still has her own owner.

The moment the gentle body rushed over, Daniel instantly tightened his arms, and the hollow heart that was howling with the cold wind was instantly filled...

...

Chapter 1047

Looking at Selena who was running towards Daniel, and the two embracing each other, the silver-haired man's face was frozen with cold.

Feng Jin walked up to the man, clutching his shot wrist, and hurriedly said, "Satan, it's fine if Keren stays this time, but this person is ungrateful and wolf-hearted, and doesn't take you seriously. This kind of woman, why do you..."

The man gave him a cold look, "I just like her being ungrateful, wolf-hearted, and ignoring me, do you have any objections?"

Feng Jin: "..."

Seeing that Daniel had led his people away and his last chance was gone, Feng Jin gritted his teeth with a pale face, "Satan! That woman will destroy you!"

"Heh, a woman can destroy me. Why don't I let you take my place?" The man's face was instantly filled with murderous intent.

Feng Jin lowered his head, "Don't dare!"

The man snorted coldly, "This time it's for Uncle Qiao's sake. If there is another time, where did you come from and where are you going back?"

Hearing this, Feng Jin's face turned pale. He thought Satan would definitely do something after seeing that woman's betrayal with his own eyes this time, but who knew... no! This woman must not stay!

"Aye..."

"exist."

The man glanced at the pale-faced Feng Jin from the corner of his eye, straightened his cuffs lazily, and said, "Send a word to Taoist, no matter who it is, dare to touch a hair of Keren... I'll tear his bones apart!"

Kevin: "Yes."

Hearing this, Feng Jin stood there stiffly, not daring to say a word.

The man squinted his eyes, glanced at the helicopter that disappeared into the night, and spread his hands.

In his hand was a fluffy white ball that fell from the girl's clothes just now, lying alone in the palm of his hand...

Daniel didn't get on the plane that came up, but took Selena to another small helicopter.

Apart from her and Daniel, there was only the pilot on the plane.

Almost the moment the plane door closed, Selena was swept away by kisses...

The man's broad palm tightly clasped her waist, as if trying to melt people into the flesh and blood, and the other hand pressed the back of the girl's head, kissing her lips hard...

There was a burst of pain from being bitten on her lips and tongue. At this moment, what Selena thought was... Well, boss, we won't be destroyed if you do this?

How do you let the pilots concentrate on flying the plane...

The pilot who was flying the plane in front said: He may have encountered the biggest challenge of his career...

Moreover, the boss in the back seat seems to have no intention of stopping at all, and is getting more and more violent, this... this is not a phone shock...

Even an old driver who has received professional training and has eight years of driving experience can't resist such a passionate live version...

At the same time, probably sensing the girl's distraction, Daniel's actions became more out of control. He didn't know how much restraint he had to use to refrain from doing anything that would hurt her.

But even so, a bloody breath quickly spread in the mouth of the fusion...

At this moment, Daniel's whole body is full of negative elements of darkness, which is terrifying, but Selena is not afraid at all. Instead, she actively wraps her

arms around the man's neck, kisses him, and caresses him gently with her fingers. his back...

He even stretched out his hand and pushed the man's chest, and pressed him under his body with force. When he lowered his head, the rabbit ear hat on the back of his head was put on his head, and he didn't have time to take it off, so he leaned over and gnawed on the man. lips, all the fear that had been suppressed for a long time in the haunted house was poured into this kiss at this moment...

The man stabilized the girl's body with one hand to prevent her from falling, and responded to the girl's kiss more enthusiastically...

The pilot in front looked red-faced at the two riders behind him, a woman on top of him and a man on his back. One was in a meticulous black formal suit, and the other was a cute and cute cartoon bunny suit...

It's really... terrible!

...

Chapter 1048

This kiss... lasted for a long time...

From crazy and violent, to fierce and hot, to gentle and tender, no one wants to stop parting...

In the end, it was Selena who called a stop, and pushed away the man's shoulder that was about to lean over to kiss again, "Okay... If we continue, we're really going to crash the machine!"

The pilot brother in front almost burst into tears, but the proprietress knows how much she loves her!

The man buried his head in the socket of her neck, apparently still in shock.

Selena looked at Daniel with a worried look on her face, "After all, this place is under the foot of the emperor, what happened tonight is so big...will it affect you?"

The man's lips and teeth slid across her sensitive collarbone, "k!ss me again, it won't be there."

Selena: "..."

pilot:"..."

This errand can't be done...

Also, please return my noble and glamorous boss...

I changed cars halfway, and it was still early in the morning when I arrived in the urban area, and the sky was still a little dark.

Because he was worried that the apartment would be unsafe, Daniel took her directly to the Platinum Emperor Palace.

Seeing that her ankle was injured, Daniel immediately picked her up by the waist and carried her upstairs.

After entering the bedroom, seeing Daniel turned to leave, Selena hurriedly grabbed his hand, "Where are you going?"

"Go to the medicine box, the injury on your leg needs to be treated."

"Oh, hurry up then!"

A while later, Daniel came back with the medicine box.

When Selena fell down just now, there were many scratches on the exposed parts of her body. Daniel first cleaned the wound with alcohol, and then applied medicine. Fortunately, these were just ordinary scratches, and a little simple treatment would be enough.

Looking at the red and swollen marks on her wrists, Daniel applied some medicated oil on her face with a sullen face.

"Are there any other injuries?" Daniel asked.

"Yes!" Selena nodded.

Daniel frowned, his face became even more ugly, "Where?"

Selena tapped her lips, "Here."

I was bitten by you!

Daniel was stunned for a moment, then coughed lightly, "I'll put some ointment on you..."

The cool light green ointment was applied on the lips, and it really felt a lot more comfortable.

Seeing that Daniel turned to leave after rubbing the medicine on her, Selena immediately grabbed him by the corner of his clothes, "Where are you going?"

"Go get you a towel."

"Oh...then come back quickly! Forget it, I'll go with you!" Selena thought for a while and followed directly to the bathroom.

Daniel poured hot water to help her wash her dirty face and hands, "The wounds on my body should not get wet, so let's do this first."

"Uh-huh!"

After a brief wipe, the two returned to the bedroom.

"Are you sure there are no other wounds?" Daniel asked worriedly.

"It's really gone!" Selena rolled up her sleeves and trousers to show him, "They didn't make things difficult for me."

It was a brutal mental attack on me...

Only then did Daniel feel relieved, "Then change into clean clothes first, and you'll feel better."

As Daniel said that, he wanted to go out to let her change clothes, but as soon as he turned around, Selena jumped over and grabbed her, "Where are you going?"

Daniel looked suspiciously at the girl's strange state, "Let you change clothes."

"Why do you go out when I change clothes! You just stay here!" Selena was anxious.

"What's wrong with you?" Daniel frowned.

Selena pursed her lips, sniffled her nose, and pitifully rubbed over to hug the man's waist, "I'm afraid...don't go!"

...

Chapter 1049

Seeing the girl like this, Daniel's heart ached so much that he wanted to kill someone, his whole body turned cold, "What did they do to you?"

Selena couldn't bear it any longer, and complained with her trembling shoulders, "ba5tards! They're not human! It's not good to ask me to meet, they must be in a haunted house! They left me waiting there alone! That room...that room...is the place where the rumored female ghost hanged herself...it was terrible...I tried my best to leave...but my whole body was limp...there was no strength at all...they must have You want to scare me to death...it's too insidious..."

Daniel: "..."

He was about to be scared to death by her...

"So don't leave, okay? I don't dare to stay alone! What if the female ghost comes back with me..." Selena begged pitifully, tilting her head.

Daniel pinched the center of his brows, and at the same time he showed a helpless expression, "I won't leave."

"Oh, then are you sure..." Selena turned her head and asked worriedly while running to open the cabinet to find a change of clothes.

"Sure."

Selena repeated confirmation several times before changing her clothes with confidence.

When she was changing clothes, she was saddened to find that the cutest round and fluffy rabbit tail on the back of her favorite rabbit pajamas was lost...

Selena mourned her own tail for a while, and then saw Daniel standing there with his back turned and waiting for her.

"I changed it!"

"Yes." Daniel turned around and patted the girl's head, "Have a good rest."

"Then will you accompany me?"

"How could I not accompany you!" Daniel looked at the girl and sighed.

Selena finally felt relieved.

On the warm and soft bed, the girl curled up in the man's arms, probably because she was really frightened tonight, and she fell into a deep sleep after a while.

However, the girl seemed to be sleeping very restlessly. She kept frowning and sweating all the time in her sleep. Daniel was always watching by her side, comforting her softly...

At six o'clock in the morning, a sound of footsteps came from far and near outside the door.

Daniel looked up and saw that it was indeed his son. Then he raised his hand in a silent gesture. Selena didn't fall asleep until after four o'clock in the morning, not for a while.

Little bun didn't know if he saw the serious expression on his father's face that was different from usual, it was rare that he didn't fight for favor, but lay on the edge of the bed, looking at Ma Ma quietly.

"Your mother slept late last night, don't wake her up." Daniel lowered his voice.

Rick nodded obediently, lay there watching Ma Ma for a long time, and then reluctantly left. He still had to go to school today, so he couldn't be late.

After a while, Rick went back again, holding a writing board in his hand, with two words written on it: share.

Daniel was taken aback for a moment, this child...

It is estimated that he observed his expression as if he was worried, so he let himself share it with him.

The corners of Daniel's mouth curled up slightly, "Wait until you grow up."

Rick bulged his cheeks, he has worked hard to grow up, and he has gained two catties recently!

Before going to school, Rick ran over and gave Ma Ma a farewell k!ss lightly before leaving.

Not long after the little bun left, Daniel quietly looked at the girl in his arms, and didn't sleep the whole time. As a result, after a while, he suddenly felt something was wrong...

The girl's body temperature... seems to be getting higher and higher!

...

Chapter 1050

Because he had been holding her all the time, he didn't notice it immediately, but when he looked carefully, the girl's cheeks were flushed, not like the normal flush when she was sleeping, and when he touched her forehead, it was really hot!

Selena has a fever!

Daniel got up all of a sudden, and immediately called Qin Mufeng.

More than an hour later, Qin Mufeng rushed over, dragging a suitcase behind him.

"I said, sir... do you have clairvoyance? You called me every second when I just came back from abroad!"

Qin Mufeng went abroad to participate in an academic exchange some time ago. When Daniel called him, he happened to have just got off the plane. As soon as he turned it on, he received a series of life-threatening reminders from someone.

However, he was quite happy to be called this time. Since he had Selena, all his big and small problems had disappeared, which made him feel guilty about not doing anything and getting paid for nothing.

"What's the matter that you're in such a hurry?" Qin Mufeng asked.

Daniel: "Fever."

Qin Mufeng raised his forehead, "Hey... my lord CEO, fever is just one of the most common and common diseases, how many times do you need me to explain it to you? You are so urgent, I thought your wife was pregnant!"

As soon as Qin Mufeng finished speaking, he really had to think too much. With Daniel's pissing nature, the two of them might not even have rolled the sheets...

In other words, the daughter-in-law is so nervous even when she has a fever. If she has a baby in the future, how nervous will he be?

While thinking secretly, Qin Mufeng took out the equipment from the box, gave Selena a brief check, and then took his body temperature.

"How is she?" Daniel asked.

Qin Mufeng glanced at the thermometer, and frowned slightly, "Why is the fever so severe... I'll prescribe some medicine for her first, and you cooperate

with physical cooling. If the fever doesn't subside by night, I'm going to have to hang water and give an injection!"

"Okay, don't leave, stay here tonight." Daniel said expressionlessly.

Qin Mufeng twitched the corners of his mouth, "I obey, President Lu!"

On the bed, the girl's face was burning red, and her breathing was slightly short of breath.

Daniel hurriedly helped the girl up, fed her the medicine, and then quickly found alcohol to wipe her body to cool down.

After a busy day, in the evening, the girl's temperature finally stabilized a little bit, but she was still lethargic...

next morning.

Today's sunshine is very good, the room is filled with warm light through the window sills, the crisp sound of birds is heard, a few petals are blown in from the small garden, and the air is filled with the fragrance of flowers and plants...

On the bed, the girl's brows were furrowed, her eyelashes were trembling, and then she opened her eyes suddenly. There was a layer of fine beads of sweat on her forehead, as if she had just woken up from a nightmare.

After opening her eyes, Selena's face was a little dull, and she looked around in a daze. She was familiar with the cozy bedroom. There was a bouquet of flowers in the vase beside the bed, the birds were singing and the flowers were fragrant outside the window, and the curtains were shaking gently in the wind...

And by the window, under the morning sun, a man was sitting on a chair with a book in his hand, but he didn't turn it over, but looked out of the window from a distance.

Selena's slack pupils finally gradually gained focus. It turns out that she is not in hell, but she is still in the world...

Sensing the movement on the bed, Daniel immediately got up and walked over, touched the girl's forehead, "Are you awake?"

"How long have I been asleep?" Selena murmured in a daze.

"Two days."

"It's been so long..." Selena rubbed her forehead, then looked at the blue stubble on the man's chin with distress, "Have you not slept?"

This time, it was probably not her who was most frightened, but Daniel.

I don't know how Daniel found out that she was taken away so quickly at that time. Could it be that there was an internal response...

Or...Feng Jin purposely let the wind out...
