

Cruel Heart Lover Novel

Chapter 1051

"I'm fine, I'm sleeping. How are you feeling? Is there anything else wrong?" Daniel asked.

Selena shook her head, then raised her head and looked at the man in front of her, "Daniel, is there something on your mind?"

In fact, from the moment she came back, she felt that Daniel seemed to have something on his mind, and seeing his state just now was also very strange, although he hid it well.

Daniel was startled when he heard the words, and then fell silent.

After returning, although he tried his best to ignore it, the words of the silver-haired man at that time were still repeated in his mind.

When she was at her worst, most embarrassing, most desperate, and most painful, it was I who took her in and taught her all survival skills and means of self-protection...

She and I are from the same world...

The world is so big, but in the end, she will still understand where is the place that really belongs to her...

Really... a place for her?

Although he has tried hard to restrain and convince himself, he still cannot deceive himself.

He is jealous!

Jealous of that man!

Crazy with jealousy!

Jealous of their past, jealous of their special bond...

...

Daniel's face became more and more ugly. Although he was under the sun, his whole body seemed to be freezing at a speed visible to the naked eye, wrapping his body tightly and freezing layer by layer...

"Selena...will you leave me?" Daniel looked at the girl in front of him firmly, and finally spoke, with a determination in his eyes as if he would lose her in a second.

However, what responded to him was suddenly falling into his arms. The girl's warm and soft body was warm enough to surround him and melt all the ice and snow...

Selena thought that there was something big going on between him and that bitter and bitter person, but when she heard this, her head was full of black lines.

However, looking at him like this made my heart ache, so I hugged him tightly, dissatisfied and helpless: "Leave a woolen yarn? What do you think I work so hard every day for? Is it not to be with you, or to be with you?" Isn't it to make more money and marry you in a prosperous future?"

Not to stay in, your world...

Being with Daniel was probably the biggest accident of her life, and also the biggest... gamble...

From the very beginning, she clearly knew that she shouldn't, but she knew that she shouldn't, but she was still in deep trouble, and she knew that she should stay away, but she still walked towards him step by step, getting closer...

In the next second, Selena forcefully propped up her limp arm, rolled over, and pressed on the man, her eyes were fierce, "Daniel, why are you asking this? I'm warning you! You seduced me, you seduced me, It was you who fascinated me! So, if one day you dare to betray me..."

Selena threatened viciously in her mouth, but she smiled wryly in her heart, heh, even if there was a day, she probably wouldn't be willing to hurt him even half of it!

Unknowingly, before she was aware of it, she was completely eaten to death by him...

The man stared at her intently, the whole world reflected in his pupils: "I will not betray my life."

The girl's eyes moved, but her eyes were equally determined, "Neither will I! Daniel, I have two lives, one is when I was born, and the other is when I met you."

Daniel hugged the girl's arm and tightened it suddenly.

The cloudy clouds above the head disappeared, and the sky was clear...

...

Chapter 1052

Under the warm spring light, the two cuddled quietly.

"Where you live now, although the security measures are not bad, they can only protect against ordinary thieves and reporters..." Daniel said while thinking.

When Selena heard this, she immediately said excitedly, "This! It just so happens that I'm planning to change houses recently! I calculated my current savings, and it's enough to buy a nice villa! I was planning to discuss this matter with you earlier. Is there time for us to look at the house together some other day?"

"Okay." Daniel nodded, "I'll check to see if there are any suitable ones for you. As for the security system, I'll do it myself when the time comes."

"Yeah!" Selena nodded repeatedly.

Daniel thought about it for a while, but he still seemed uneasy, "I'll transfer Karl to your side later, your profession also needs a bodyguard."

Selena sweated a little when she heard the words, "Ask second senior brother to come over and be my bodyguard?"

From company security to private bodyguards... Isn't this mess getting worse and worse? Although the former is just a small security guard, it is still a listed company!

Daniel: "He is short of money."

Selena: "Uh..."

Well, I almost forgot that the second senior brother's card was blocked by the senior senior brother, and now he is so short of money that he even has jobs like a security guard and a teacher for children.

Anyway, just give money!

"Oh yes, there's one more thing... I guess I need to transfer two people with you!" Selena suddenly remembered the huge pile of knives, guns, sticks and souvenirs at home.

"Who?" Daniel asked.

"Shi Xiao and Xiong Zhi, okay?" Selena asked.

"They went looking for you?" Daniel had an expected expression.

Selena coughed lightly, "You can eat people with a short mouth, but take people with soft hands!"

Daniel thought about it for a while. Although he didn't intend to use these two people at first, the strength of these two people is really good. After what happened last time, they are familiar with Selena. There must be their intentions.

"Yes." Most importantly, how could my wife disagree.

"Are you hungry?" Daniel asked.

Selena rubbed her flat stomach, then nodded repeatedly, "Hungry!"

"I'll go to the kitchen to see if the meal is ready."

"Uh-huh!"

The illness came like a mountain, but the illness was like a snag. After sleeping for two days, Selena's body was still a little weak. She was lying on the pillow and was about to go back to sleep again, when the phone beside the bed suddenly rang.

When she went downstairs to buy soy sauce the other day, she didn't bring her mobile phone with her, maybe Daniel brought it for her.

The caller ID shows Lin Zhizhi.

Seeing that Lin Zhizhi's name was displayed on the screen of the incoming call, Selena's face suddenly changed.

It's over! Too many things happened in the past two days, and she became sick and confused again. She actually forgot that today was the day she had agreed to film a variety show! The program team set off for Shuhe Ancient Town at eight o'clock, and it's already seven o'clock now!

Selena was fully awake at this moment, and quickly connected the phone, "Hey, Miss Zhizhi! I'm so sorry! I'm not feeling well, and I slept for two days before I knew it. I just woke up, and I'll be here right away. !"

"I'm about to inform you that the filming of the program has been delayed." Ling Zhizhi said.

"Huh? Delayed?" Selena asked unexpectedly.

"What's wrong with your health? Are you sick? Is it serious?" Ling Zhizhi asked with concern.

Selena has always been dedicated to her work. If it wasn't a very serious situation, she would never even forget about today's program recording.

"It's okay, just a little fever, and it's much better now!"

"Are you alone at home now? Shall I let Xiao Tao take care of you?" Ling Zhizhi asked.

Chapter 1053

"Ah! No need for that, I'm at my friend's house, and he's taking care of me!" Selena said hastily.

"Okay then, if you have anything to do, you must tell me in time, and if the situation is serious, you must go to the hospital." Ling Zhizhi urged.

"OK!"

"Then you have a good rest. Mengbao doesn't know when the recording will start. When you recover from illness, I will temporarily change it to a food show called "Beauty's Private Kitchen". It was filmed locally in the imperial capital. It only takes one afternoon, very easy."

"Okay, thank you, Miss Zhizhi!"

After hanging up the phone, Selena's tense nerves suddenly relaxed, and she lay back on the bed again, rubbing the soft and fluffy pillow comfortably.

Although it shouldn't be, but when I was sick and wanted to stay in bed, I suddenly heard the news that I didn't have to work... Actually, it's really cool...

At this time, with a "squeak", the door was pushed open.

It was Rick who came in.

Seeing the little baby, Selena's eyes lit up immediately, "Ah... treasure..."

Before he could finish speaking, Rick closed the door with a bang, and then there was a sound of going downstairs.

"Huh?" Selena scratched her head in confusion. What's the matter, my baby?

After a while, there was another sound of stomping upstairs.

The little guy pushed the door open again and came in, carefully holding a bowl of porridge in his hand, walked to her bed, took a sip carefully, blew on it, and then brought it to Ma Ma's mouth.

It turned out that I went down to serve breakfast by myself...

Selena was so moved that she almost wanted to hug her and rub her immediately, but she held back, fearing that she would overwhelm him with illness, so she said softly, "Baby, you are so caring...but Mama is sick now, I'm afraid Infect you, let your father feed me, okay?"

Rick held the spoon steadily, with a firm gaze: The baby is not afraid of getting sick! Baby needs to take care of Mama!

At this moment, Daniel pushed the door in with some appetizers and said, "Boys aren't that fragile, let him feed them."

Selena was also afraid that the little bun would make her hands sore, so she ate the porridge in a hurry, "Well, my buns are so delicious..."

The little bun stood by the bed, feeding Selena the porridge mouthful by mouthful, while Daniel sat on the side of the bed, slowly peeling an apple in his hand.

When Saul and Louis came in, they saw such a warm and beautiful family of three.

"Sister-in-law, are you getting better? I thought it would be too tacky to send flowers, so I picked some vegetables from my yard for you!" Saul really had a basket of vegetables in his hand.

Louis, holding a bouquet of tacky flowers in his arms beside him: "..."

Louis glanced at Saul speechlessly, then put a bouquet of freshly colored flowers on the table, looked at Selena's pale face, and muttered, "I didn't expect you to be sick..."

Selena was speechless, "If you are a human, you will get sick. Am I not a human?"

Louis: "Sometimes it's really not..."

"Sister-in-law, what's going on, you are so strong and healthy, how could you become so seriously ill all of a sudden?" Saul asked suspiciously.

strong as a bull...

Saul this guy! I offended two people shortly after I came in!

Selena glared at him angrily, "Can't you be a little frightened?"

"I'll go! Sister-in-law, you're bluffing me! What kind of shock can make you sick?" Saul obviously didn't believe it.

Selena ignored him, she would rather maintain her image of being as strong as a bull than reveal that she was afraid of ghosts.

Also, she has decided... She will go to the next hard disk ghost movie later, until she is no longer afraid after seeing it!

Chapter 1054

There was laughter and laughter in the room, and there was a faint knock on the door.

The person standing at the door turned out to be... Lu Xinyan...

Seeing this person, Selena was a little surprised.

Noticing Selena's gaze, Lu Xinyan seemed a little uncomfortable, coughed lightly, and said with an aboveboard expression, "I'm here to see Rick, I heard you're sick, so I'll take a look at you...these The supplements are also given by others...you can take it and eat it..."

Seeing Lu Xinyan's visit, although they said it was incidental, Saul and Louis were still quite surprised.

The two of them didn't know what happened on the mountain before, they only knew that Lu Xinyan didn't like Selena very much, especially Saul, they didn't know how many times they had been caught and muttered by Lu Xinyan. He was bewitching his brother, Guan Ziyao and his brother were the best match, he was a fan of Guan Ziyao, and vowed to destroy Selena's cult...

But now, she actually took the initiative to come to see Selena, and brought Selena supplements?

It's like the sun is coming out from the west...

Did Selena do something unscrupulous to flirt with her?

"Thank you!" Selena looked at the things that Lu Xinyan had brought, and obviously chose to come to see her, but she didn't expose it, she just thanked her.

"Rick is here... Auntie brought you a toy..." In order to hide her embarrassment, Lu Xinyan hurried to find Rick.

Selena noticed that Lu Xinyan's complexion seemed a bit uneasy, so she asked casually, "Why are your dark circles so heavy?"

Lu Xinyan immediately touched her eyes subconsciously, and muttered with some complaints in her mouth, "It's not because of you..."

This conversation...Saul inexplicably felt that the more he thought about it, the more hesitant it was...

"Huh?" Selena was puzzled.

"You don't let me pass the agency qualification, so I have to do the project again!" Lu Xinyan took out a small mirror and looked at her face with distress.

Selena was obviously surprised when she heard the words, but she didn't expect that Lu Xinyan hadn't given up yet.

Although she didn't have the heart to beat her, she didn't want her to continue doing useless work, so Selena said, "However, our five agency stores in the imperial capital are already full, and there are two more, and they have already been contacted by others before." signed the contract."

"What! Gone? Are they both gone?" Lu Xinyan was dumbfounded when she heard that.

"Yes, they're all gone." Selena confirmed the bad news.

As soon as the words fell, Lu Xinyan's small face was completely sluggish, and after a while, she exclaimed in disbelief, "How could this be! I spent a whole week trying to re-plan, sacrificing a whole week of beauty sleep! I've never worked so hard in my life! You actually told me that I did all this for nothing?"

Selena squeezed the center of her brows, and looked at the girl in front of her helplessly, "Don't you want to inquire about the situation before you do something?"

"I...how did I know that I would sign out so soon!" Lu Xinyan's tone was obviously a little guilty.

Selena: "..."

She finally knew why this girl lost money every time she did business...

Lu Xinyan stared at Selena, and said anxiously, "I don't care! You said it, as long as I take it seriously and with full sincerity, Zeling's door will be open for

me at any time! You can't count your words ! Besides... let's talk about me... I already called you cousin! Can't you even accommodate this matter?"

...

Chapter 1055

Cousin?

Saul: "..."

Louis: "..."

The two people who didn't know were shocked again, especially Saul, this girl actually called Selena's sister-in-law? When did this happen? How much gossip he missed! It's just so sad!

Hearing Lu Xinyan's words, Selena blinked her eyes and said, "Oh, then you should take back that sister-in-law."

"You... how could you do this!" Lu Xinyan stomped her feet angrily.

Selena spread her hands and said, "The problem is, it's really useless for you to call me cousin this time! My family has already signed contracts, the goods have been picked up, and the store is being renovated. If someone comes first, first come, even if you The planning this time is really good, and I can't open this back door!"

Lu Xinyan drooped her head, and stood there like an eggplant beaten by frost, "Is there really nothing I can do?"

Selena subconsciously looked at Daniel, "Boss, do you have a solution?"

Lu Xinyan also hurriedly looked towards Daniel when she heard the words, but my cousin probably blamed her for what happened last time, how could he help her...

Since it was his wife who asked the question, Daniel naturally knew everything: "A new large-scale shopping mall is about to open in the west of the city, and we can add another physical store there."

In just one sentence, all the problems were solved immediately.

As expected of Mr. Boss!

Lu Xinyan's eyes lit up immediately, "Really? Then I'll contact the store right away. This time, no one is allowed to compete with me! This is the first thing I found out!"

Selena chuckled, "Yes, you found it, I'll keep it for you first."

"This is what you said, you have to keep your word! I'll go and fix the store first!" Lu Xinyan said, stuffing the big and small bags of toys into Rick's arms, and then ran away like a gust of wind. no shadow.

Behind him, Saul clicked his tongue, "Selena, how did you train me? That girl Xinyan fishes for three days and spends two days posting on the net. She's always interested in everything for three minutes. I've never looked at her before. What have you been so concerned about! It's like a different person!"

Selena rolled his eyes at him, and said leisurely, "All girls have her cute side, it just depends on whether she is willing to show it in front of you!"

"It makes sense!" Saul had a taught expression.

"Oh, by the way, Louis, Sister Zhizhi helped me arrange a gourmet show called Beauty's Private Kitchen. I haven't paid much attention to it before. Have you heard of this show?" Selena asked.

Ling Zhizhi probably chose this show for her because she knew she was good at cooking, and her image also fit the show's positioning.

Selena's purpose is to never let go of any opportunity, so no matter what job it is, she must try her best to do her best.

"Gourmet show!!!" Before Louis could speak, Saul's eyes lit up like light bulbs, and he blurted out, "Then what do you do with your props?"

"What props?" Selena was confused.

"It's the dishes you cook!" Saul hastily explained.

Selena said speechlessly, "Where do I know how to deal with it... Artists who watched other food programs before... throw away if they are bad, and give them to the staff if they are not bad? As for my show, I still don't know what the process is, so I asked Louis!"

...

Chapter 1056

Saul immediately said righteously, "What kind of staff are assigned? Is the staff short of your bite? You can bring it back for me to eat! Also, is this show a one-time guest or a permanent guest, otherwise I'll help you. Let's make it a permanent guest! I'll let you appear in every episode! As long as you bring the props back to me! Is this a good deal?"

Selena: "..."

Louis gave Saul a sideways look, and then quietly interjected, "Don't think about it, the show requires male guests to eat every bite of the dishes made by female guests!"

Hearing this, Saul squatted down to plant mushrooms in a corner, "How can there be such a brutal food show..."

"It's really inhumane..." Louis somehow recalled something, showing a miserable green expression, "This show has a guest every episode, and all the guests are high-value beauties, relying on their appearance to drive ratings. Yes, as for the cooking...hehe, one cooks worse than the other! Don't ask me how I know!"

"How do you know?" Selena and Saul asked in unison.

The corners of Louis's mouth twitched slightly, he pinched his forehead and said, "In addition to the beautiful guests who cook, every episode of this show will also invite a male guest to be an assistant. I have been there once."

"And then?" Selena asked with interest.

Louis showed a painful expression that he couldn't bear to look back on, "Didn't I just say that this show requires male guests to eat all the dishes cooked by female guests, which means that even if the female guests cook shit, have to eat!"

At that time, I also saw that the female guest this time was very beautiful, and the cooking should be like her, so I agreed to be on the show, and it turned out...

He was forced to finish a whole plate of the braised pork that the woman cooked so that it was almost burnt to carbon, and even for the sake of the program effect, she praised her for its delicious cooking! Since then, I haven't eaten braised pork in a whole year! Do you understand brother's psychological shadow area? "

Selena rolled her eyes, "It deserves it!"

You obviously want to hook up with beautiful women, right? The result was retribution!

"Later, I communicated with several other male guests who have been on this show, and found a rule, the more beautiful the girl is, the darker the cooking is, and now almost no male guest dares to appear on this show..."

When Louis said this, he glanced at Selena, coughed lightly, and said, "If you're on this show, I can barely spare time from my busy schedule to be a male guest, and I'll give you a show! "

When Saul heard this, he quit immediately, "Dmn it! Louis, you insidious villain! Play favoritism for personal gain! As your boss, I absolutely won't allow it! My boss decided to do it himself!"

Daniel: "..."

The biggest boss said, do you think he is dead?

...

Selena was in good health, she was much better after resting at home for a few days.

So taking advantage of the weekend and the fine weather, Selena took Big and Little bun to see the house together.

However, there was an extra light bulb, Karl, who called him a security consultant.

In the yard, Karl was picking and choosing, "What kind of crap! There are still people using barbed wire these days, and once you pull the power grid of the intrusion system, the entire defense system will collapse!"

Selena squinted at him, "Then what do you want?"

"Infrared rays, of course! Fire bullets when you touch them! Kill them on the spot!"

The corners of Selena's mouth twitched and she held her forehead, "This is Huaguo! Huaguo is ok!!! Kill your head!"

...

Chapter 1057

Daniel on the side thought for a moment, then pondered, "Infrared rays are preferable, we can improve it."

"You can refer to the security system of the Louvre, that awesome..."

...

Then the two men started discussing things she couldn't understand.

Finally, even Rick joined the discussion.

"Hey? Use the robot guards you assembled? You can have this! You are really talented, my boy! You are worthy of being my apprentice!" Karl immediately had an expression of pride.

In the evening, the villa was finally selected.

A detached villa located in the outskirts of the city but not too far away from the urban area. The villa has a very friendly pastoral style and a retro Chinese style featuring soft tones. The surrounding scenery is also good. It is equipped with a small garden, a swimming pool and a The greenhouse has a personal butler who is on hand to meet all the needs of the residents. The most worth mentioning is that there is a large peach forest on the mountain not far away, and the security system Daniel has already made plans.

After reading it, Selena swiftly signed the house purchase contract on the spot, and her and Daniel's names were written on the real estate certificate.

Selena shoved the real estate certificate into Daniel's hands happily, "Honey, this is the wedding room where I will marry you in the future!"

Daniel's cold face was instantly stained with a lively smile, "Yes."

Little bun's eyes lit up, Mama is going to marry Papa? Isn't he Ma Ma's legitimate son?

Karl on the side: "..."

Hehe...he might be blind!

He has been flashed by these two people for a whole day, and he is not blind or half disabled!

Thinking of having to endure this kind of suffering every day in the future, he wished he could grab the land with his head, it was really not easy to earn some money!

Your sister's Kevin!

Give me back my little Kaka!

...

In the evening, the family of three and Karl had a meal together.

Karl didn't know if the girl's conscience found out, and after dinner at night, she sent him to the door on purpose.

"Second Senior Brother, I need your help with something!" Selena stood in front of him with a serious expression.

"Looking for my help?" Kevin raised his eyebrows.

Selena nodded, "That's right, Second Senior Brother, do you mind having one more student?"

Karl was puzzled, "One more student? Who is it?"

"Me!" Selena pointed to herself.

"Did you take the wrong medicine?" Karl suddenly looked at her with a ghostly expression.

This girl is usually most afraid of practicing kung fu, but now she offers to train with her? ? ?

Selena: "Tuition fees will be doubled."

Karl: "Master, when shall we start?"

Selena chuckled, "I'll let you know when the time comes!"

"What stimulated you?" Karl looked at her suspiciously.

Selena's face was slightly condensed, "A few days ago, Feng Jin had someone 'invite' me over."

Karl's face changed slightly when he heard the words, "It's faster than I thought... Then what? What does he want to do?"

Seeing that Selena is doing well now, Daniel must have arrived in time.

Selena sneered, "Oh, he probably wants my life... Anyway, no matter what the other party wants to do, I've thought about it. I can't let Daniel protect me all the time, let alone make him worry. The most important thing is What's more, I must not be his weakness!"

Karl: "..."

Talking well, I was stuffed with dog food again!

Can we still have a pleasant chat?

Chapter 1058

After a few days.

After finishing the housework and making sure that she was in good health, Selena called Ling Zhizhi and made a plan to go to the TV station to record a program tomorrow afternoon.

After Louis learned that she was going to record this episode of the show, he planned to parachute over to be the male guest, but Saul used his boss' privileges to firmly block it.

If you can't eat the typical young master, don't even want to eat it!

In the end, the male guest of this issue is still the one originally planned by the program group.

A third-rate actor with a modest reputation, he looks a bit lucky, chubby, and often plays some funny supporting roles.

The show of Beauty's Private Kitchen was very popular when it first aired. Although most of the dishes cooked by female stars are unpalatable, unpalatable dishes are also a hot spot. The process of eating those dark dishes by male guests has become the biggest one. The jokes and highlights, the audience quite like this kind of program design.

However, Beauty's Private Kitchen is a gourmet program after all, but the program group obviously became more and more biased in order to gain ratings. Gradually, the audience has become tired of the stalk that the more beautiful the female celebrity cooks, the darker the cooking.

Even a lot of radical viewers directly criticized the program group as rubbish and vulgar, and questioned that this is not a food program, it is simply a survival challenge program and a spoof program. It is too inhumane to force the male guests to eat all those disgusting foods for the sake of ratings up.

Especially the fans of the male guests, who raised the most protests, and the one that made the most noise was undoubtedly Louis's episode. Louis's fans almost exploded the program group's post bar, and the official Weibo was also full of comments. Scolding.

Due to the increasing number of such voices, in the end even male guests were almost unavailable, and the program group was forced to make adjustments, inviting some female stars who can cook.

But the tragedy is that in most cases, it is because of the incompatibility of appearance and cooking level, and there are too few female stars who can cook and look good.

Even if there are some who can cook, the level is definitely not very good. At most, it is mediocre. For variety shows, if the cooking skills are not good enough, it is better to have bad cooking skills to be interesting!

However, if the beauties are sacrificed for the sake of food, and the beauties who are the biggest attraction of this show are deviated from, the ratings will be even worse.

In the end, there was really no way, the program team came up with a rather wicked idea: find a substitute for the beautiful guest!

It means spending money to invite a chef to cook. When cooking, only the chef's hands are photographed, and the beautiful guests are photographed at other times, creating the illusion that the beautiful guests are cooking.

Originally, if this idea was not discovered, it would be the best of both worlds. The tragedy is that it was finally discovered by the sharp-eyed audience. The ring on the female guest's hand disappeared for a while, which is an insult to the audience's IQ!

At that time, the audience criticized the program group for cheating, and the female guest at that time was also scolded miserably.

Later, the program group could only resume ratings by relying on appearance and spoofs. Although old viewers could no longer be fooled, it was still possible to deceive new viewers.

The ratings of gourmet shows can't be compared with other variety shows. This show is still the most popular among similar shows...

The next afternoon, Selena and her assistant Xiao Tao arrived at the TV station's recording studio on time.

Today Selena was wearing Zeling Spring's latest one-neck floral dress. In order to facilitate cooking, her loose hair was tied up in a high ponytail. Her whole body was full of spring sunshine and youthful vigor.

Chapter 1059

The director is a kind-hearted middle-aged man. When he saw Selena, his eyes lit up immediately, "Ouch! Our beauty Ning is here! Come on, everyone, let's get acquainted. This is our female guest today!"

"Hi everyone, I'm Selena, please take care of me!" Selena greeted everyone politely.

"You're welcome! Beauty Ning really lives up to her reputation! She looks better in real life than on TV!"

"I thought ancient costumes were beautiful enough, but modern costumes are even more beautiful! It seems that the ratings of this episode are guaranteed!"

...

The staff came over to say hello one after another. The entertainment industry is a world that is especially concerned with appearances. You have to be extra enthusiastic when dealing with beauties, let alone an up-and-coming female artist like Selena.

The only one who is not in a high mood is probably today's male guest.

Feng Rui was naturally amazed when he saw Selena at first glance, and after the amazement, there was only shock left.

According to the previous law, if you grow up like this, the dishes you make are so unpalatable...

Seeing Feng Rui's expression, a staff member nearby naturally knew what Feng Rui was thinking, and teased with a smile, "Brother Rui, be content! Such a beautiful woman cooks for you! You can eat it just by looking at that face." Three bowls of rice!"

"Then can I just eat rice and no vegetables later?" Feng Rui decided to struggle to the death.

"cannot!"

" ... "

After greeting the staff, Selena walked up to Feng Rui, "Hello, you are Senior Feng, please give me your advice later!"

Seeing the girl's bright and charming face, especially the other party's polite tone towards him, Feng Rui's heavy mood suddenly improved a lot, and he was even flattered, "Hey, Miss Ning is serious, how can I be considered a senior?" Ah! Not to mention giving advice, it's good that I don't hold you back!"

A tepid male artist like Feng Rui who has always played buffoons is the most hated and excluded type of person in the entertainment circle by female stars.

The other party was a beautiful woman like Selena, who was poached by Shengshi Entertainment and prepared to praise him, so he was a little surprised that he would be so polite to him.

If other female celebrities saw that they were partnered with a male guest like him, they would probably have put on a face long ago...

Originally, Feng Rui was ready to be put down, but he didn't expect Selena to treat him so well.

Even if this attitude is feigned, it is already very rare, after all, the entertainment industry is too high-handed!

In fact, before Selena came over, the director was also quite worried, because this time he couldn't invite other male guests, so he invited Feng Rui. He was always worried that Selena would make trouble when he saw the other party's

poor image, so he did it beforehand. Several sets of preparations to persuade her were in vain.

Directors naturally like artists like Selena who do few things and cooperate well, so they immediately have a better impression of Selena, thinking that if she really can't do well later, everyone will work overtime and ask her to do more A few times and nothing.

The show of Beauty's Private Kitchen has been on the air for more than two years, and all the program flow and scene props have been matured, so everyone has made preparations step by step, and after the audience has entered the venue, the shooting will start soon up.

After the program host, Selena, and Feng Rui were all in their positions, the director shouted..."OK! Start shooting!"

...

Chapter 1060

"Hello, audience friends, welcome to our beauty's private kitchen again! Our female guest today is really a great beauty worthy of the name! She is Meng Changge, who is all over the world in "The World". It's the pure and beautiful An An in "Our Eighteen Years Old", she is our Selena!"

"Hello, host, and the audience friends at the scene and in front of the TV. I'm Selena. Today I'm going to bring you one of my specialty dishes, braised pork."

"Ah! Braised pork! Is it because beauties see the same thing? Many beauties in our show have made this dish!" When the host said this, the big screen behind everyone suddenly lit up.

The screen began to replay the process of the previous female guests making braised pork.

Sure enough... one is made darker than the other...

In that episode, Louis specially gave Louis a long video clip of the process of eating meat.

The audience at the scene burst into laughter. Seeing Louis's expression as if he was eating meat, Selena couldn't help but chuckled, "Seniors are all very cute!"

The host enlivened the atmosphere for a while, and then said, "I don't know what kind of delicious food Selena will bring us today? Alright, without further ado, let's invite our beautiful lady Ning to start!"

Beauty again...

And it's uncreative braised pork...

The audience at the show was actually gathered by the director, and some of them were paid group performers, so many people have been here several times. After seeing such a similar plot, they felt a little dull, and even the performance seemed weak.

Fortunately, Selena's appearance was indeed online, and the audience, especially the male audience, kept up their spirits and continued watching.

"By the way, Miss Meimei, can I use the tools I brought with me?" Selena looked at the host and asked.

Since it was going to be done, it had to be the best, so Selena specially brought a set of tools that she usually used more easily when she came here this time.

The host laughed, "Of course!"

In fact, the host was a little worried about Selena. There were female guests who made similar requests before, but the dishes they cooked in the end were still messy. There were also those who wanted to show off their knife skills and were cut into their hands and cried. Scolding a lot, pretentious.

After Xiao Tao helped Selena bring up her own tools, Selena started cooking.

First put on the apron neatly, then checked all the utensils, and then began to choose seasonings and ingredients.

"Well, is there anything I can do for you?" Feng Rui asked.

Selena smiled slightly, "Senior, can you wash the white radish for me?"

The girl's smile was kind and warm, and Feng Rui couldn't help but get hot, and hurriedly said, "Oh, yes!"

"Selena, what are radishes for? Do we need radishes in braised pork?" the host asked.

"I'm afraid that seniors will get too tired from eating braised pork later on. Soak sliced white radish in salt water and eat it together." Selena explained.

"I see!"

The host thought...isn't it the point to be tired or not, as long as our male guest can't be poisoned to death, thank God...

"Wash...washed!" Feng Rui brought the washed radish over.

"Thank you." Selena took the radish, chose a rectangular knife, and started slicing.
