

# Cruel Heart Lover Novel

## Chapter 1071

Up to now, she has only accepted a few supporting roles, and appeared on a few variety shows that don't get much money...

A light flashed in Ning Yaohua's mind, and he remembered Saul who came to pick up Selena last time.

Could it be that Selena was... taken care of by Saul? He bought the house?

not right...

After the last time, he deliberately asked someone to inquire about it, and they said that Selena and Saul were in an ordinary relationship. If there was something between these two, how could Selena not even get a decent movie...

Taohuawu.

"Master, I'm sorry to bother you! Drink some water!"

As soon as Selena finished speaking, a silver metal robot creaked a pot of water and several cups, and walked towards the moving masters.

"Hey, okay, thank you beauty! Ah... this, this!" Several moving masters were surprised when they saw that it was a robot who came to deliver someone.

Selena smiled, "Don't be nervous, this is a robot, very smart."

The robot scanned the three moving masters, poured a glass of water for each of them, and delivered them to their hands accurately.

All three were amazed.

In fact, when they first came in, they realized that every part of the house felt very high-tech.

Rich people just know how to play!

The movers went out after moving their things.

Selena started tidying up her things cheerfully, "Mantou, play me a song!"

"Master, my name is Andrew, not Mantou. Master, what song do you want to hear?"

"casual."

After a while, there was a sound in the fresh and elegant high-tech room...hey... Today is a good day... Everything you want can come true... Tomorrow will be a good day... Open the door and let's welcome the spring breeze...

Selena staggered and almost fell.

Well... there's nothing wrong with this song...

"The song is good, thank you Mantou!"

"Master, my name is Andrew, not Mantou. It is my honor to serve you!"

Rick's most precious thing is his robots, which are usually placed in a special computer room building in the Platinum Imperial Palace. This time Selena moved, but he directly gave her the most precious one of his robot butlers .

Selena had just tidied up for a while when the doorbell rang.

She just moved here, who will look for her?

Selena glanced at the surveillance camera at the door and found that it was Daniel, so she hurriedly opened the door, "Master Boss? Why are you here! Come in quickly! Didn't you say you are busy with work today so you don't want to come here?"

Daniel, "No matter how busy you are, you still have to come over to clean up our new house."

"Cough cough cough...well...then why don't you just press the password to come in?"

Daniel: "I like the way you open the door for me."

Selena: "..."

Can you still talk happily?

Well, in fact, she was very happy to be teased...

As soon as Daniel entered the door, he heard a high-pitched "Today is a good day", and his expression was a little unimaginable for a moment, "This song...is pretty good."

"Hahahahaha... You think it's good too? Mantou chose it himself! It's so cute! Especially when he always says my name is Andrew and not Mantou!"

Looking at the robot, Daniel felt inexplicably that there seemed to be another favorite in the family...

With Daniel's help, Selena quickly tidied up her room, then stood in front of the bed, looking at her new home with satisfaction, "It's almost there, I will buy some more things for you and Rick later... ..."

...

## Chapter 1072

Behind him, the man's warm chest gently pressed against her body, wrapped his arms around the girl's waist, and rested his head on her soft shoulders.

Seeing the man hugging her like a big dog, Selena couldn't laugh or cry, "What's wrong?"

The man leaned over and kissed her earlobe, and in the next second, he picked her up by the waist, put her on the bed, and looked down at the girl's clear eyes, "I feel very lucky to have met you..."

Selena reached out and stroked the man's hair, "Me too..."

The man's gaze suddenly deepened, he lowered his head, and kissed the girl's lips, getting deeper and deeper...

Behind him, there was a sudden "crash" sound of something rolling down to the ground one after another, and the noise was quite loud.

"what happened?"

Selena hurriedly pushed Daniel to his feet, and then saw Saul's bastard's hands spilling vegetables and fruits all over the floor, covering his own eyes with one hand, and covering Rick's with the other. He kept saying, "I'm sorry, I'm sorry, I'm sorry... It's not when I came back! You guys keep going! I'll take Rick away!"

Selena rolled his eyes at him, "Get off your head! How did you get in?"

Saul cried, "Little Treasure knows the password!"

"Oh, that's right...Little Bao'er, baby! You're out of school! Come here and give me a hug..." Selena hugged Rick.

Rick was suddenly blindfolded by his second uncle, and was dissatisfied, but when he was hugged by Mama, he immediately forgot everything.

Saul walked up to the man who was obviously dissatisfied with his desires behind him, and he confessed, "Oh! Brother, I'm sorry! Oh! My future second nephew or niece! I'm sorry!"

It's all his fault that they couldn't come to this world...

Daniel: "..."

Selena: "..."

...

Since today was Selena's first day moving into a new house, she invited her friends over to have a good time.

After Saul picked up Rick, Travis and Louis followed.

Lu Xinyan was well-informed this time, and came to the door with a gift. She probably wanted to take the opportunity to find her, the boss, and walk through the back door.

"Selena, you are so beautiful here. When I came here just now, the air was very good along the way, and there was a large peach blossom forest on the mountain! The interior design style is also very rural and fresh, I really like it!" Travis couldn't help it exclaimed.

"Come here often if you like it!"

"Uh-huh!"

"By the way, how is your brother doing recently?" Selena asked.

As soon as Zhuang Guangrong was mentioned, Travis had a headache and helpless expression, "It's still the same, and started sneaking out to play every day, seeing that the college entrance examination is about to come, even if his grades are too late for a surprise attack, he will definitely fail the exam ..."

"Then what does your father say?" Selena asked.

"My dad and grandpa discussed letting him enter the army directly. Now is the best and most suitable age. After entering the army, let him go to a military academy... But my brother is not willing!"

"He doesn't want to, so what does he want to do?"

"I talked to him in private, and he said..." Travis showed a dumbfounding expression, and then said, "He said the world is so big, he wants to see it, and he wants to be an explorer and wander the world! Listen! His tone is quite firm, I'm really afraid that he will really run away from home without saying a word..."

Selena's head was full of black lines, "This guy...should break his legs! Look at how he's still messing around!"

Zhuang Rongguang, a sophomore in middle school, used the name of the banker to run amok and domineering. He didn't fall down, and lived a very comfortable life.

...

...

## Chapter 1073

On the opposite sofa, seeing the two people chatting happily, Lu Xinyan was a little speechless, and asked Saul next to her, "Didn't Travis have a blind date with brother before? How did you meet Selena? And it seems that the relationship is still close." so good?"

Hearing this question, Louis and Saul looked at each other, their faces full of indescribability.

"Mantou, go get me some fruit!" At this moment, Selena called out to the robot.

"Master, my name is Andrew, not Mantou, please wait a moment!"

Andrew was going to get the fruit, but suddenly he got stuck there and stopped moving.

Then a few people saw that Rick picked up a stool, pushed it in front of the robot, and then stepped on it. Finally, he opened a cover on the back of the robot, and operated some complex circuits and a screen with his fingers. Fan.

After a while, Rick closed the lid, the robot's eyes lit up, and then turned to Selena: "Dear master, you are the most loyal housekeeper, Mantou is at your service!"

"Pfft ha ha ha ha ha..." Selena laughed so hard that she fell down, then walked over and rubbed Rick, "Thank you my bun..."

The stubborn Andrew just compromised and became a steamed bun.

Lu Xinyan felt that she couldn't understand it even more...

why...

Why does she feel that this scene looks so warm...

There are lovers, children, three or five friends, and a cute pet robot...

And her cousin, who had always been indifferent and emotionless like a robot in her impression, looked so... so gentle when he was by Selena's side...

It's like an ordinary man who comes home from get off work and gently watches his wife and children play around...

In the past, she hated Selena for turning her cousin from a high-ranking god into a layman, but at this moment, because of her cousin's warm expression, she couldn't help but feel a little sour in her eyes.

...

The next day, Zeling studio.

"Director Qiao, are you looking for me?"

"Boss, take a look at this." Qiao Weilan handed her a stack of dense documents.

Selena took a quick glance, "Lu Xinyan's new plan, she mentioned it to me in private, what does Director Qiao think?"

"There's really nothing to see in the plan. Although it's done well, it's obvious that someone has helped or guided her. In practice, no one can predict...but..." Qiao Weilan paused, and then continued, "West of the city She won the best facade of the newly opened large shopping mall! So, I think, maybe, let her have a try!"

Selena nodded, "It can be seen that her attitude this time is really serious. Our brand is so popular now, no matter how we sell it, we can't lose money, right?"

"I hope!" Qiao Weilan said helplessly.

In fact, she made this decision a bit risky.

But as Selena said, the most important thing is attitude. If Lu Xinyan still has the mentality of playing tricks like before, even if she got the front of Chengxi, she would not let her pass.

"Then I'll notify her now?" Qiao Weilan asked.

"become!"

Over there, not long after Qiao Weilan finished calling Lu Xinyan, Selena's cell phone rang.

Picking up the phone and looking, it was indeed Lu Xinyan.

"Hey?"

"Aaa  
 aa..."

# Chapter 1074

Selena hurriedly took the phone away, and waited until the screaming stopped before picking it up again, "My little eldest sister, did you make a special call to show off your lung capacity?"

"Just now... Director Qiao of your company called me just now, saying that my agency qualification has passed! I can open Zeling's store hahahahahahahahahahaha..."

Lu Xinyan's voice was quite loud, so even Qiao Weilan could hear her voice.

"Congratulations!" Selena laughed.

The other end of the phone was silent for a while, and then Lu Xinyan's awkward voice sounded, "This time... thank you this time!"

"no need thank me?"

"Thank you for opening the back door for me! I still have a clear sense of grievances and grievances! You helped me, so of course I want to thank you!" Lu Xinyan said.

Selena chuckled, "I also thank Miss Lu for distinguishing between grievances and grievances, but you don't have to thank me this time, because I didn't help much, and I didn't handle this matter. When Director Qiao asked me to discuss it just now, She has actually decided to pass it."

"It means that I succeeded by relying on my strength?" Lu Xinyan's tone became obviously more excited.

"You can say that." Selena nodded.

There was another burst of screaming from the other end of the phone, and then Lu Xinyan coughed lightly, "Then thank you for not interfering with my review!"

"you are welcome."

"Wait, I'm definitely the one with the highest turnover among the six stores!"

"Oh, I'm looking forward to it!"

...

After Selena finished making the phone call, Qiao Weilan asked, "The boss knows Lu Xinyan?"

Listening to their tone of voice, it seems very familiar.

"Acquainted? Be it! It was a bit of a holiday before, and then she thought that I was deliberately stuck in her review... But now, the misunderstanding should be resolved!" Selena simply explained.

Qiao Weilan nodded, and couldn't help but look at the woman in front of her again.

The more I know, the more I feel that this woman is like a mystery, and there seem to be many secrets in her body...

.....

After leaving the studio, Selena took the car keys and walked to the garage. Just as she got into the car, her phone rang.

Scanning the caller ID, it was Karl calling.

Selena answered the phone, "Hello, Second Senior Brother? Why are you looking for me?"

"Junior Junior Sister, I just got a very interesting piece of news! See you at the old place!" Karl's excited voice came from the other end of the phone.

"Interesting news? What interesting news?"

"You'll know when you come! Hurry up! By the way, bring the wine money! Brother has no money! Treat yourself!"

"..."

Selena was about to go home, but Karl suddenly and mysteriously came to her, so she had no choice but to divert to Bar No. 8.

"Have you brought enough money?" Karl asked anxiously as soon as he saw her.

"I brought it with me, what's the matter?" Selena asked impatiently.

"Waiter! Open me a bottle of Remy Martin cb cognac!!!" After the money bag arrived, Karl immediately yelled.

Selena slapped her hand on the table, "Hey! Could it be that you tricked me into paying for the drink?"

Karl was throwing peanuts into his mouth. When she slapped him like this, all of them fell on his face. He immediately said with a mature expression, "It's not big or small, why are you talking to me, Master!"

Selena gritted her teeth, and said with a smirk, "If it wasn't for Hua Guo's restrictions on guns, you think I need to ask you!"

## Chapter 1075

Everyone in the organization has their own strengths, Karl is skill, Kevin has strong financial management and business skills besides skill, Feng Xiaoxiao is assassination, Annie is medical skills, Feng Jin is strategy, Selena is shooting.

In foreign countries, as long as she has a gun in hand, it is no exaggeration to say that no one can get close to her.

But the domestic situation is different, guns are strictly prohibited.

In addition, she is an actress by profession. If she is found carrying a gun at any time, it will be a fatal blow to her acting career, so she can only improve her skills and do things she is not good at at all.

She is also very aggrieved, okay?

"That's why I said it a long time ago! In this world, the most powerful and perfect weapon is your own body!" Karl looked like an expert.

"Okay, don't be too fussy, have you sold enough? Don't tell me, I'm leaving!"

Seeing that the money bag was about to run away, Karl hurriedly said, "Why are you in a hurry! Haven't you heard that you can't eat hot tofu in a hurry? But... this news is really not hot tofu! It has spread all over the world! "

"About that?" Selena's expression darkened immediately.

Seeing Selena's serious expression, Karl waved his hands and said, "Ann, this time it's good news! Did you know? Satan actually ordered everyone on the road not to touch a hair of yours! Who dared to touch you?" Just one hair, tore apart the whole body of the other party, tsk tsk tsk tsk..."

Selena was obviously a little surprised when she heard the words, "Are you sure? Are you sure you didn't get it wrong? Didn't he go to the road and offer a reward for someone to tear my bones apart?"

Karl gave her a blank look, "Now not only the organization, but also the entire underworld, even Original Sin and other mercenary organizations, no one dares to take a list that is not good for you, just because Feng Jin shot you that day thing!

And the shot that satan fired at Feng Jin's wrist, do you think it was just an ordinary shot? The shot was hitting the tendon of the tegument, and Feng Jin's hand was useless. If Annie wasn't there, he would probably have problems in his daily life in the future, let alone holding a gun! "

Selena was slightly stunned, then pinched the center of her brows, "He's always been like this, he doesn't allow anyone to act against his will..."

Just because of that...?

Karl suddenly showed a gossip expression, and immediately lay down in front of her, "Hey, little junior sister, did you not feel anything when you heard what I said just now?"

"What does it feel like?"

"What a heart-pounding feeling! You not only left the organization but also dumped him, not only dumped him, but also went to fall in love with the boss of the enemy camp, so satan didn't kill you, and you didn't allow others to touch a hair of your hair. It's true love!" Karl sighed in an exaggerated tone.

Selena's mouth twitched, "You think too much!"

Why didn't he say that the guy didn't let others touch her because he killed her himself?

Besides, why did she dump him!

After that guy saved her back then, she made a four-year contract with him, and worked hard for him for four years, during which time she listened to all his orders as a reward for saving her life.

After the four-year period, there is no mutual debt, and she can leave at any time.

As a result, on the day when it was due, that guy turned his back on him and broke the contract directly, which almost drove her to death.

Selena had no choice but to ask him what he wanted.

In the end, that guy actually offered to let her be his girlfriend!

## Chapter 1076

He also said that the grace of saving life should be promised by body, as long as she agrees, then there will be no debt between them from now on!

Selena thought, if you're his girlfriend, you'll be his girlfriend, anyway, he didn't say how long we'll be together!

She has so many ex-boyfriends, and she doesn't care if there is one more him.

So, after she agreed, she resolutely ran away the next day...

This is why she dated Yun Shen for a day...

Karl didn't notice Selena's rich inner world, so he said, "So, from the current point of view, your safety must be fine!"

After finishing speaking, he sighed, "Now you know why I slaughtered you for this drink? Because I may lose a salary after talking about it!"

Selena glanced at him, "Don't worry, it's indispensable! Didn't you say that the most powerful, complete and reliable weapon in this world is your own body! So, you should continue to teach me! Who knows if he When will I go crazy again and want to tear my bones apart? Who am I to cry with!"

"That's true! Sure enough, you still need me!" Karl nodded repeatedly.

"However, because your usefulness has decreased and my urgency has decreased, your original double salary has now been doubled!" Selena said with a smile.

"Dmn! You profiteer! Believe it or not, I'll go and get my card back from Kevin!" Karl howled.

"Hehe, then you should go. Who stopped you? But, don't blame me for not reminding you. When I was arrested there last time, I saw senior brother. His hands are full of new scars." You must be training yourself as a devil again! Just practice with your three days of fishing and two days of drying the net...Run to the senior brother, should you get the card or die? Tsk tsk tsk..."

"Junior Sister, I think your salary cut proposal is very reasonable!" Karl immediately changed his words in a serious manner.

...

Lu Xinyan is impatient, as soon as she passed the review, she immediately opened the store in the west of the city in a hurry.

Not only that, but a grand store opening ceremony was held on the opening day, and several popular celebrities were invited to come to the store. Because Lu Xinyan is the head of the Lu Group, many celebrities in the circle took the initiative to come to support.

At the same time, outside the West Store of Zeling City.

Susie was standing not far away, accompanied by the manager of the history marketing department.

"Boss, this is here..." The manager pointed to the conspicuous signboard of Zeling opposite and said.

There is also Histor's branch in this shopping mall, but the location is not as good as that of Zeling. The agent is a comprehensive clothing agency company. Although its strength is not bad, it is far from Lu Xinyan's reputation as Lu's Group.

Seeing that Susie's expression was not good, the manager said, "Boss, even though that Lu Xinyan bears the banner of the Lu Group, she is actually a fool. She has never had a good business. She has disturbed all the merchants she worked with before. The chickens are flying like dogs, she ran to represent Zeling, and Zeling is also unlucky!"

When Susie heard the words, her expression didn't improve at all.

What she cares about is not whether the business is losing money or not, but that Zeling is now able to attract agents of Lu Xinyan's level.

What does this mean? This shows that Zeling's current fame has gradually approached history...

Susie gave the man beside him a cold look, and said in a deep voice, "Ze Ling must not be allowed to continue to develop, no matter what method you use!"

## Chapter 1077

"Zering must not be allowed to continue to develop, no matter what method you use!"

"Understood boss! Just look at it! Fight with me, they are still young!" The man showed a confident expression.

Susie looked at the man with a slightly relaxed expression.

This person is the former marketing director of sf, a well-known trader in the industry, who once helped sf defeat countless opponents, she paid such a high price to recruit this person, it was not for nothing...

As for her, there are more important things to do.

It has been confirmed, the old man is ready to make a will!

...

In just a few days, the news that Lu Xinyan, the cousin of Daniel, the president of the Lu Group, opened a Zeling specialty store spread throughout the circle.

There were quite a few people who came to join us, and the location of the store was really good. In the first few days, the turnover of the Chengxi store was far ahead.

Seeing that Lu Xinyan was doing impressively, Selena felt relieved for the time being.

However, the good times don't last long...

Inside Zeling's studio.

Selena held Lu Xinyan's sales performance during this period in her hand, and lay down in front of Qiao Weilan's desk like a dead dog, "I was wrong... I was really wrong..."

Lu Xinyan's agency store, apart from the skyrocketing sales in the first period, fell sharply afterwards, and suffered extremely serious losses.

"To tell you the truth... the right time, place and people...she actually managed to make such a loss... she is really a talent! How did she do it?" Selena sighed.

In fact, Qiao Weilan had somewhat expected the current situation.

At the beginning, Lu Xinyan's planning plan was reviewed by herself, and there was indeed no problem with the plan, but business is done by people, and Lu Xinyan is the boss, so she has great autonomy. If the actual implementation is not carried out according to the plan, the planning plan will naturally fail It became empty talk.

Lu Xinyan suffered a loss like this, but she didn't mention it to Selena, she still gritted her teeth and insisted, but the financial accounts can't be faked. People like Qiao Weilan can see the problem at a glance.

So after finding out, I immediately called Selena over to discuss it.

"I went to investigate before, and according to the young lady's approach, no amount of money is enough to defeat her, because she doesn't have any business philosophy." Qiao Weilan analyzed lightly. , Clothing discount activities are held almost every week. Although the scene is well done, it has

attracted many potential customers, but after a long time, luxury brands have become cheap brands. After the event, cheap brands still want to sell luxury goods. Is the price of the brand?"

Selena patted her head, looking a little helpless, saying that the young lady was an idiot, no matter whether others believed it or not, she believed it now.

Selena had considered Lu Xinyan's loss before, but she never expected it to be so serious.

"If things go on like this, it will inevitably have a negative impact on Zeling, and even affect the sales of several other physical stores." Qiao Weilan pondered.

Selena pinched her brows, "Director Qiao, you're still busy expanding your business in Province H. I'll go over to Lu Xinyan and talk to her personally!"

Qiao Weilan nodded when she heard the words, expressing that she had no objection.

As for Lu Xinyan, what she was most afraid of was not that she made mistakes, but that she made mistakes but never repented. The tone of Selena's words to her last time should be quite familiar. It would be best if she could be persuaded.

...

## Chapter 1078

history headquarters.

Dai Wei shook the red wine glass in his hand, took a sip immediately, and said with satisfaction: "Boss, as I said before, the reputation of the brand is one aspect, and how to manage it is another aspect. Zeling, the designer No matter how good it is, what threat is there to our history?"

Now that you, the boss, have seen it yourself, you can always relax now! The marketing department said, that Lu Xinyan is a serious idiot, and there is no business in her hands that does not lose money. The eldest lady of the Lu Group has no idea about brand positioning and understanding. The loss-making discounts are held almost every week. A luxury brand like Zeling forced her to play as a cheap brand. After the promotion ended, the store was deserted. After Lu Xinyan learned from the pain... the promotion started again! Hahahahaha..."

Speaking of this, Dai Wei laughed heartily.

Susie was wearing a long skirt, looking out the window with a mocking smile on her lips.

Heh, I thought I had recruited a powerful backer, and tried to use Lu Xinyan to gain a relationship with the Lu Group, but now it's all right, stealing chickens won't make you lose money!

However, on Lu Xinyan's side, she had already expected it, and it was nothing.

"By the way, I came here today to ask you something. Have you heard of this person?" Susie threw a magazine of Italian fashion shows to Dai Wei.

Dai Wei stared at the fashion in the magazine, and couldn't help but his eyes lit up. However, when he saw another designer with an unclear outline, his pupils shrank suddenly, and his complexion changed slightly.

"Han Xiao...!?"

Dai Wei gasped. Although the photos in the magazine were not very clear, he could still distinguish them.

"Why, you know him?" Seeing Dai Wei's expression, Susie asked.

"Boss, this Han Xiao is Italian-Chinese...he's a lunatic!" Dai Wei seemed to have thought of something terrible, with a trace of cold sweat oozing from his forehead, "I studied fashion design in Italy for a period of time in my early years. Although this Han Xiao Very powerful, but has a very bad reputation, it is said that he once deceived his master and exterminated his ancestors, and he is moody and only acts according to his own preferences!"

Dai Wei had only heard about Han Xiao. In the field of design, he could only be regarded as a newcomer, but he was called "ghost hand".

However, he has long since disappeared in this market, because Han Xiao is only interested in design for three minutes, and after the enthusiasm dissipates, he naturally loses interest.

The reason why he was able to recognize Han Xiao was because he had attended a party in Italy, happened to see Han Xiao himself, and learned something about Han Xiao from his friends.

"That's just right. I heard that this person is currently back in China, and he is in this city. Help me find him." Susie smiled.

Found Han Xiao?

Dai Wei's body trembled. Even if he saw Han Xiao, he wanted to stay eight feet away. Who wants to stay with a lunatic?

"What does the boss mean?" Dai Wei felt a little uneasy, what did Susie want to do with Han Xiao? Could it be...

"I'm looking for Han Xiao, of course I want him to help our history to a higher level." Susie didn't shy away from it, and told the truth directly, but changed the subject, and said: "But don't worry, your position, Still sit still, since you are a lunatic, using it once or twice is enough."

"Understood." Dai Wei smiled slightly, stood up, and drank the red wine in the glass.

...

## Chapter 1079

City West Mall.

In the Zeling store represented by Lu Xinyan, various promotions and discounts are going on, making Selena, who came to visit in person, shake her head.

When Selena walked into the store, several shopping guides gathered in one place, chatting so enthusiastically that even Selena couldn't come up to say hello immediately after entering the door.

"anyone there."

Selena frowned slightly, and shouted softly.

Hearing this, the shopping guides turned to look at Selena.

"Sorry, we're off work right now, come back tomorrow." One of the shopping guides with a good-looking and tall figure said.

"Get off work right away, that means you haven't finished get off work yet," Selena said.

The shopping guides were taken aback for a moment, and immediately began to scrutinize Selena without hesitation.

Selena dressed a little more plainly tonight, but it made those shopping guides roll their eyes.

"Miss, our Zeling is a high-end luxury brand chain. Although the discounts are relatively strong these days, the price of each piece is more than tens of thousands."

The tall shopping guide said impatiently.

In the past, at least some of the people who came to their Zeling store were rich and famous, famous and famous.

Since the start of this discount activity, people of all ages have come to take a look and ask about the price, making them sick from the bottom of their hearts. If you can't afford it even after asking the price in the store, then what else is there to ask.

Selena ignored the shopping guides and walked directly into the store.

"What's the matter with you, didn't I tell you to close the door immediately!"

Several shopping guides followed quickly, and the tall slender woman was impatient.

Selena's eyes fell on a long coat, and she put her hands on the coat.

However, the tall slender woman quickly stepped forward, took out the clothes, and placed them in a higher position, preventing Selena from touching them.

"I'm sorry, Zeling is a luxury brand, you can't try it, you can't touch it!" The tall slender woman glanced at Selena with some disgust.

"What's the price of this dress?" Selena withdrew her hand and asked bluntly.

"This one?" The tall slender woman glanced at Selena, and said with a half-smile, "This one is a new model just launched by Zeling, and the discounted price is still 40,000!"

"forty thousand?"

Selena was slightly stunned. The purchase price of this dress was more than 40,000. Lu Xinyan would lose one piece if she sold it, and if she sold a hundred pieces, Daniel would not even know her if she could lose money.

Seeing Selena frowning, the shopping guides thought that Selena was intimidated by the exorbitant price, they looked at each other and couldn't help but sneer.

"Go to other brand stores to see, our Zeling clothes are the definition of luxury."

Several people stared at Selena like a thief.

"What time is it? Is it time to get off work?" Selena looked at the shopping guides coldly.

"What time do we get off work? What does it matter to you? Please go and have a look elsewhere, and don't make trouble!"

The tall shopping guide was full of impatience.

Before Selena could continue to say something, a man and a woman walked outside the door.

This man and a woman are well dressed, the girl is wearing a brand-name bag on her right shoulder, and the handsome man in front of her is holding her left arm.

"Why, is the door closing?" The girl looked at the tall shopping guide and asked aloud.

"Oh, Miss Li Xun, how could it be, isn't this waiting for Miss Li Xun?" The tall and slender shopping guide ignored Selena, and quickly walked forward with a flattering smile on her face.

Li Xun glanced at Selena, looked around, smiled disdainfully, and said, "The size of your Zeling is also the definition of a luxury brand, and it's no wonder that people of all kinds and ranks are entering it now. You all want to close your doors and get off work."

55,000, and I'll give you another discount of 3,000."

"You still know how to do business. Next time you go to my sister's shop, I can't treat you badly." Li Xun was very satisfied.

"Sister, what I'm talking about, our relationship is of course to help you save money, Miss Xun."

After wrapping up the clothes, several shopping guides smiled and sent Li Xun and the others out.

...

## Chapter 1080

"Sister Li Xun said that even though Zeling offers a lot of discounts now, not everyone can afford it, especially some people who only buy luxury stores, and then steal clothes when people are not prepared. few."

After the tall shopping guide finished speaking, he looked at Selena intentionally or unintentionally.

"Sister Li Xun, the headquarters has released a new model recently, and the discount offered by our boss is much bigger than that of the headquarters, why don't you take a look?"

Several other shopping guides also immediately stepped forward to introduce new clothes to Li Xun.

"Just take a look." Li Xun walked forward with the man on his arm, followed behind several shopping guides.

"Hey, are you okay? What are you doing here!"

Several shopping guides stepped forward and pushed Selena aside.

Now, Selena's lungs almost exploded. The sales guides of all the agency stores are all paid by the headquarters, and the same is true for Lu Xinyan's store.

This time, Selena didn't come in vain, at least she realized an extremely serious problem.

Zeling only cares about promoting the brand and forming a brand positioning, but neglects the training of talents. Like the storefront of the agency, whether it is a shopping guide or a store manager, it should be directly assigned to the agency store after professional training at the headquarters.

Not to mention the loss of Lu Xinyan's agency, the experience of entering the store is extremely poor, she doesn't care about other people's stores, but this kind of shopping guide without professionalism must not exist in any agency store in Zeling.

Seeing that Selena was standing far away but had no intention of leaving, the shopping guides didn't have time to talk to her at this moment, they just cared about the couple.

"This style is not bad. What's the price after the discount?" Li Xun asked.

"Sister Li Xun, this discount is not strong enough, there is another one, the boss just came back from the headquarters."

After the tall shopping guide finished speaking, she took out a beautifully packaged coat.

"Sister, let me tell you, for this model, our boss will pay 60,000 yuan when he comes back from the headquarters, and the discount is not small, and the discounted price is 58,000 yuan!" The tall shopping guide smiled coquettishly.

"let me try."

Li Xun, a woman, puts on Zeling's latest coat.

"Honey, is it pretty?"

Li Xun turned around and looked at the man beside him.

"Well, it's not bad. It's more elegant than the 120,000 one I bought in history." The man smiled slightly.

"Hmph, how can a brand like Zeling compare with History, which is a real luxury brand, and you can't even try on the clothes over there." Li Xun curled his lips: "But this Zeling is just so-so. Can do it."

The man shrugged his shoulders. In terms of the professional experience in the store, Zeling really can't compare with History. History's shopping guides are more professional than each other.

"This dress is not bad, wrap it up for me." Li Xun took off his coat.

"Sister Li Xun, wait a minute, this coat can be cheaper." The tall shopping guide smiled mysteriously, and then dialed a number to go out.

"Manager, the latest style of coats, customers want to be cheaper, our new store, isn't it just a loss to make a profit... Well, okay, I get it."

After the tall slender woman put down the phone, she smiled charmingly at Li Xun: "Sister, the discounted price is 55,000, and I'll give you another discount of 3,000."

"You still know how to do business. Next time you go to my sister's shop, I can't treat you badly." Li Xun was very satisfied.

"Sister, what I'm talking about, our relationship is of course to help you save money, Miss Xun."

After wrapping up the clothes, several shopping guides smiled and sent Li Xun and the others out.
