

Cruel Heart Lover Novel

Chapter 1111

In the empty corridor, the child's stern "Mom" echoed clearly, Daniel, Saul, Yan Ruyi, Lu Chongshan...all just stayed there...

Little Treasure...speaking...

He called... Mom...

Daniel was the first to react, and calmly tapped a few times on the phone.

Afterwards, the door of the emergency room opened, and a doctor in a white coat came out, "Come in a family member of a patient randomly, maybe it can awaken the patient's desire for survival!"

"Rick! Doctor! Let Rick go in!" Saul said immediately.

So the doctor immediately took Rick's hand and entered the emergency room.

The door closed again, and the corridor was quiet again.

At this moment, save the room.

There was actually another compartment inside, and Selena had been lying in the compartment to sleep just now.

At this time, the door of the compartment was suddenly opened from the outside, Selena thought the doctor had something to say to her, but she didn't expect to see the doctor leading Rick, who was sobbing with red eyes, into the room!

"Little Treasure!?" Selena was surprised when she saw the little bun, and quickly got up.

In the end, before she got out of bed and walked over, Rick had already let go of the doctor's hand, rushed over quickly, plunged into Ma Ma's arms, and burst into tears in the next second!

In the past, even if Rick was sad, he would just look at you with big watery eyes. He had never cried so sadly before, and Selena's clothes were wet a lot after a while.

Looking at the little bun lying on top of her crying out of breath, and hearing the heart-piercing cry beside her ear, Selena's heart almost broke.

At the same time, he realized that he had missed Rick!

Dmn it, that fellow Saul must have brought Rick here!

"Baby don't cry, baby don't cry, okay? Don't you see that mom is here in good condition? No arms or legs are missing, she is alive and kicking! Mom is not sick or injured at all. Mom is lying to them! It's just not Thinking of accidentally tricking my baby, cough cough..." Selena hastily explained to Rick.

The little bun lay in Ma Ma's arms, his little hands tightly clutched his mother's clothes, his little shoulders twitched and cried so hard that he could hardly breathe, "Mom... Mom is bad..."

"Yes, yes! Mom is bad! Mom is the worst! It's all about mom! Mom should have told Rick in advance, but it not only scared the bad guys, but also scared us Rick! I'm sorry, I'm sorry! ...bad...uh..."

Speaking of this, Selena suddenly realized something, her eyes widened suddenly, staring at the little bun in her arms, "Bao... bun... What did you just say? What did you just say! Say it again ! Hurry up!"

Was she hallucinating just now? Why did I seem to hear Rick calling her...

Little Treasure tilted his head up, showing a sad face, and looked at Selena with aggrieved eyes, and said in a hoarse voice, "Mom is bad..."

As soon as the words were finished, Selena hugged the little bun tightly, tears streaming down her face.

Rick... called her mother...

Rick actually called her mother!

Rick really called her mother!

bun said she was bad!

Ow! Rick said that mother is bad!

God! She was so happy that she almost died!

Chapter 1112

It has been several months since Rick spoke last time, during which time Rick still didn't say a single word.

Although she was anxious, she also knew that this kind of thing should not be rushed, and she never forced the child to speak. After a long time, she has already gotten used to the way of communicating with Rick using the writing board.

Even, more often, she can understand what Rick means with just one look in his eyes, and she doesn't feel that Rick is any different from other children at all...

However, when her ears really heard Rick's "Mom", it was as if her chest was hit hard by something huge, and the heat spread from her heart to her limbs and bones. There was a completely indescribable feeling. Wonderful feeling...

She hugged the little bun in her arms tightly, and she felt that she and the child were so close that they were almost fused together, as if they had never left, and they were supposed to be one...

"Miss Ning, Boss Lu asked... can I go out?" The little nurse asked softly from the door.

Although Selena really wanted to stay with Rick for a while longer, but she still had to do a full set of acting, so she hurriedly calmed down, "That's fine!"

After finishing speaking, Selena wiped away the little bun's tears, her eyes were astonishingly bright, and she said word by word, "Rick, don't worry! I will definitely become your mother!"

Little bun nodded vigorously, with tears rolling in his eyes, he hugged Ma Ma tightly...

A few minutes later.

With a bang, the red light above the emergency room went off, and the doors opened from both sides. Selena was pushed out by several doctors, and followed the little bun with tears still on her face. .

Although Rick still looked miserable, he was much better than before. Selena should be fine.

Sure enough, the doctor said, "The patient is out of danger."

As soon as the words fell, everyone present breathed a sigh of relief!

"Sure enough, my little treasure is going to be useful!" Saul said excitedly.

Yan Ruyi and Lu Chongshan looked at each other, and they also breathed a sigh of relief. Seeing Rick's reaction just now, if something really happened to this woman, Rick might not know what would happen!

Even if they didn't like this woman any more, it was undeniable that Rick really couldn't do without her now.

Guan Ziyao's figure swayed slightly, her eyes were full of scorn, things had already turned out like this, it would be fine if that woman simply died, but unfortunately, she didn't die...

Not only that, Rick's "Mom" just now made both Yan Ruyi and Lu Chongshan shaken by that woman...

Things are getting worse...

...

In the secluded corridor of the hospital.

Mo Lingtian's face was full of struggle, and in the end, he couldn't help but ask, "Zi Yao, is what happened today really just an accident?"

Guan Ziyao was upset at first, but when she heard Mo Lingtian's words, her face became even more ugly, "Mo Lingtian, what do you mean? Cao Lirong is a distant relative of my family under the watchful eyes of everyone, and she has something to do with me, isn't it? Can I still instruct her to kill people in public? Do you think I would be so stupid?!"

Mo Lingtian also knew that this was impossible, but this incident was too weird and too coincidental.

"However, we've seen the surveillance just now. It was Cao Lirong who took the initiative to provoke Selena throughout the whole process. Why did she suddenly act so aggressively?" Mo Lingtian continued.

Chapter 1113

Guan Ziyao's expression changed slightly, but she soon calmed down again, "I've been in a bad mood for the past few days, and Rong Rong has always been by my side to accompany me, maybe I drank too much and told her something about me and Ting About Xiao, she found out about Selena's existence, so she went to Selena and told her those things to fight my injustice. Everything was just an accident! Now, you are doubting me, suspecting that all of this is me Was it ordered?"

Mo Lingtian looked at Guan Ziyao's hurt gaze, and clenched his hands into fists, "I'm sorry... Selena almost had an accident today... You know, I gave you that invitation... In case Selena Xi really has something...then I will be blamed if I die..."

Guan Ziyao's expression softened a little, she walked up to Mo Lingtian, and took his hand, "Lingtian, I'm sorry, I got you into trouble...but all of this is my fault and has nothing to do with you! You Don't blame yourself!"

Mo Lingtian looked at the girl holding his hand, his lowered eyes were full of struggle...

Ziyao... Can I really trust you?

"Ling Tian, this incident was indeed just an accident, but Daniel defined it as deliberate murder because of a moment of anger. It is too serious! Ling Tian, can you help me find a way? I only came here, and it was because of me that these misunderstandings were involved, she is still so young, if she leaves a record because of this matter, then her life will be ruined!" Guan Ziyao said eagerly.

The most urgent task now is to get Cao Lirong out before she confesses to them!

However, her whole family is in their hands, I believe she will not do stupid things, but, just in case.

Seeing Guan Ziyao's eager expression, Mo Ling did not obey her words as before, and would not hesitate to help as long as it was her matter, but pinched his brows and said, "I'm sorry, I really can't help this time. Busy, you understand Daniel's temperament, Selena almost died this time, he won't let her go easily. Now at the police station, even I can't intervene."

"Then what should I do, Rongrong just came here for vacation, but this kind of thing happened, how can I explain to her family..." Guan Ziyao held his forehead and shook his body.

Today's events are out of her control one by one, and her load has already reached the limit...

Mo Lingtian hurriedly supported her, and comforted her, "Ziyao, don't worry too much! Fortunately, Selena is fine now, and as you said, the dispute between Rongrong and Selena was just an ordinary quarrel. , There is no such thing as intentional murder, the truth lies here, the police will not embarrass her after they find out, even if there is pressure from Daniel, at most it will be a sentence of intentional injury..."

Guan Ziyao held his forehead, his eyes were full of coldness, Mo Lingtian was right, this time Daniel probably won't let it go, it's useless to find anyone...

For now there is only one...

...

Late at night, the detention center.

Guan Rui used all means but failed to save Cao Lirong, and only got a few minutes to talk.

"What's going on, tell me clearly!" Guan Rui asked with a gloomy face.

Later, he watched the surveillance several times, and the screen showed that she was indeed the one who pushed Selena into the water, and he couldn't blame her even if she wanted to.

Chapter 1114

Cao Lirong's body trembled slightly, her face was sickly pale, she grabbed the iron railing and said excitedly, "I've said it many times! I didn't push her! I didn't push her! I pushed her just to force her She made a move on me, although my movement looked big, but I was sure I just touched her lightly, with no effort at all! It was her! She framed me! She threw herself into the pond! Yes That b!tch framed me! Uncle Guan, trust me!"

"What did you say? You mean, Selena did it on purpose?" Guan Rui stood up abruptly.

"That's right, she did it on purpose!" Cao Lirong said with certainty.

"Are you sure?" Guan Rui frowned.

"I'm sure! Uncle Guan, you also saw it at the time. She is still some distance away from the shore. If the angle is not on my own intention and I don't use my strength, I will definitely not be able to fall!" Cao Lirong vowed.

Hearing this, Guan Rui's expression completely changed, and he slowly sat back on the chair in a daze.

Dmn it!

How could this be?

That woman did it on purpose! Could it be that she had already seen through their plan, so she planned to frame them?

If this is the case...the subsequent rescue...is critically ill...what's going on?

By the way, Daniel... Daniel...

That private hospital was owned by the Lu Corporation, as long as Daniel said a word, it couldn't be easier to put on a play.

But, would Daniel really do this for that woman?

What made him even more unbelievable was that the woman was able to see through his plan, and even designed him against it!

If that woman really knew everything, then it would be too bad. It would be impossible to use "quarrels" and "accidents" to cover the past...

"Uncle Guan, I'm sorry, I really didn't know that such an accident would happen, please give me another chance! It's just that Haohao can't afford to wait, can you call me the money first..." Cao Lirong asked anxiously.

Her son's operation urgently required a large amount of medical expenses, and Guan Rui's life was still in Guan Rui's hands. If this matter went wrong, it would be hard for her to imagine...

Guan Rui looked at Cao Lirong from the corner of his eye, with a hint of murderous intent in his eyes, "Don't worry, I will take care of your son."

...

The next morning, just after dawn, Rick started knocking on Papa's door, get up quickly! The baby is going to the hospital to see Ma Ma!

Daniel opened the door, glanced at his son, "Call me Dad."

Ask Dad to take you there.

The little guy suddenly showed a contemptuous expression, turned his head, and went downstairs by himself.

No papa! The baby can also take a taxi by himself!

Seeing his son's distasteful appearance, the corners of Daniel's mouth rose helplessly.

After washing up, just as he was about to take Rick to the hospital, Yan Ruyi, Lu Chongshan, and Saul all ran over.

After they came, they all looked at Rick without saying a word.

Rick talked again yesterday!

Adding the previous two times, this is already the third time!

Does this mean that Rick can speak normally now?

All three looked at Daniel immediately.

Yan Ruyi pulled her son anxiously and said, "Daniel, how is it? Did Rick say anything after he came back last night?"

Daniel: "Last night, Rick fell asleep and was carried back."

"Then...then he didn't say anything when he woke up in the morning?" Lu Chongshan also asked.

Daniel: "No."

Yan Ruyi and Lu Chongshan looked at each other, immediately disappointed.

"Could it be that this time it's just saying again and not speaking for several months... How can this be good..." Yan Ruyi was obviously a little disappointed.

"It's already pretty good." Lu Chongshan comforted himself.

Saul was squatting in front of Little bun at the moment, "bun, call me Second Uncle! Call me! Ask Second Uncle to give you sweets!"

Chapter 1115

Rick ignored him at all, and turned his head to prepare the love bento he was going to bring to Mama.

Saul scratched his head, "It really doesn't work! But don't be disappointed, maybe my sister-in-law can make him speak again?"

When Yan Ruyi and Lu Chongshan heard this, their eyes lit up immediately, and Yan Ruyi immediately urged, "Then let's go to the hospital to see Selena!"

The corners of Saul's mouth twitched slightly, cough, Selena?

It's the first time I've heard his mother call Selena so affectionately...

So, a family of five rushed to the hospital to visit the sick.

The configuration of the private hospital is very luxurious. The environment of the ward where Selena lives is comparable to that of a hotel presidential suite, and the decoration is very warm and comfortable.

As soon as they entered the door of the ward, they saw Selena on the bed with a haggard face, with two heavy dark circles under her eyes.

Daniel's expression changed when he saw Selena like this, because he could tell at a glance whether Selena was faking it.

He also gave special instructions to the environment here, everything is used to the best, why is it just one night, and it makes you so haggard?

"Little Treasure! You're here!" On the hospital bed, Selena, who was staring at the ceiling in a daze, immediately sat up when she saw the little baby.

His eyes were unbelievably bright, and his small face was full of radiance, not to mention weak and haggard.

Seeing this, Daniel couldn't help but turn dark. This girl... Could it be because Rick called her "Mom" and was so excited that she didn't sleep all night, so she made herself so haggard?

As soon as Rick saw his mother, he immediately rushed over and blurted out – "Mom!"

On the way here, no matter how teased Yan Ruyi, Lu Chongshan and Saul were, Little Treasure, who would not speak, immediately opened his mouth when he saw Selena, and the three of them were stunned.

Selena was so happy that she almost couldn't find Bei, she hugged the little bun and rubbed it over and over again, "Oh, it's finally confirmed! So I wasn't hallucinating last night! Baby really called me mom!"

It caused her to be excited and worried at the same time, and she didn't sleep all night because of worries about gains and losses!

Now I'm finally at ease!

No, I still feel a little uneasy...

"Honey, can I call again?" Selena looked expectant.

Lu Chongshan and Yan Ruyi couldn't help holding their breath when they heard the words and waited...

"Mom!" Rick called again without hesitation.

"again!"

"Mother!"

"Once again!"

"Mother!"

"Could it be the last time?"

Rick leaned over and hugged her mother's neck tightly, her big eyes were full of restlessness and fear from last night's shock, and her voice was rustling, "Mom, don't leave Rick..."

Selena was distressed and blamed herself, and hugged the little guy in her arms like a baby, "I will never do it in this life!"

"One, two, three, four, five, six, seven, eight... Oh my god! My god! Rick said eight words in one breath just now! Eight words! Mom, did you hear that?" Saul who was beside him exclaimed.

Looking at the scene in front of her, Yan Ruyi couldn't help but shed tears, and nodded repeatedly, "I heard it!"

Even Lu Chongshan was very moved. When Rick spoke, Rick was really willing to speak! It should be confirmed now, no problem?

Chapter 1116

Selena looked at Yan Ruyi and Lu Chongshan and knew that they were very concerned about Rick's current situation, so she casually pointed to the vase by the bed and asked softly, "Baby, what is this?"

Little Treasure looked in Selena's direction, and then answered in a straight voice, "Flower."

"What about this one?" Selena suppressed her excitement and picked up another apple.

"apple."

"What about this?" Selena picked up another air conditioner remote control.

"remote control."

...

Then Selena pointed to a few more things, and the little guy answered them one by one. Even though he hadn't spoken for a long time, he didn't have any problems with speaking and pronouncing words.

"My baby is so smart!" Selena praised excitedly.

After being praised by Ma Ma, Rick pursed his lips in embarrassment, expressing his happiness, then Teng Teng Teng took the bento he brought over, "Mom eat."

"Okay, okay... Thank you baby! Mom will eat them all!"

Yan Ruyi cried with joy on the spot, "That's great! It's really great!"

This time, Little Treasure can really speak!

Originally, she had been worried that Rick would have a language barrier even if he did not speak for so long. Ziyao also said before that he would introduce a teacher for speech rehabilitation training to Rick. Now it seems that Rick's communication and speaking are completely pointless. The problem is gone.

Lu Chongshan looked at his precious grandson with a look of relief on his face. He didn't even care that his grandson was called Selena's mother.

"It's a blessing in disguise..." Lu Chongshan sighed.

Yan Ruyi glanced at him from the side, and said in a low voice, "What a blessing in disguise, I have already said that this girl is a lucky star, look at this time, not only did she turn evil into good luck, but even our little treasure is also touched by it." It's a blessing! If it wasn't for the stimulation of this incident, would Rick be able to speak properly?"

Lu Chongshan glanced at his wife, because he was in a good mood, this time, it was rare that he did not refute.

Little Treasure stayed with Selena for a while, because he still had to go to school, so he reluctantly left with his grandparents and second uncle.

Daniel stayed behind to look after Selena.

After Selena and Daniel were the only ones left in the ward, Selena finally couldn't restrain her excitement anymore, she jumped off the hospital bed and jumped on Daniel's body, "Daniel, did you hear that? Little Babe called me mommy!"

"So you were so excited that you didn't sleep all night?" The man carried her back to the bed with a displeased face.

Selena was scolded, but she didn't care at all, and continued to be excited there, "Rick called me mom, hahahaha, I'm so happy..."

Looking at Selena's appearance, Daniel had no doubts that she would be able to stay up all day excited, "I see, I called your mother, I have recorded for you just now, can I sleep peacefully now?"

"Ah! Really? My dear, you are so sweet! Play it to me! Hurry up!" Selena hurriedly urged.

Daniel had no choice but to turn on the phone's recording and play the recording just now.

As soon as I pressed play, Rick's milky voice of "Mom" came from the phone.

Selena immediately put Daniel's phone in her bosom like a baby, and played it repeatedly. She suddenly thought of something, and Selena murmured coldly, "This time I have to thank Guan Rui and Guan Ziyao... Yes Now, what happened to Cao Lirong?"

Chapter 1117

"The police are already interrogating, but there is no result yet."

"The Guan family must be holding her back. It may take some time to get her to confess, but I'm curious about one thing. If they want to frame me, it's definitely not enough for me to just push her into the water, unless..."

"One life for another." Daniel narrowed his eyes slightly.

Selena's eyes changed, "That's right, unless I accidentally killed her in front of everyone... Tsk, this time it really cost me money, and I bought a life to frame me! At that time, even if I can save her in time If he didn't die, he's probably going to play tricks on the hospital side, he's determined to plant this murderous name on my head!"

Thinking of this, Selena said in a deep voice, "I'm afraid Guan Rui might kill someone to prevent Cao Lirong from confessing..."

Daniel: "The police have sent people to watch over the 24 hours."

...

At the same time, in the Lu family's car.

After confirming that Rick could really speak normally, Yan Ruyi, Lu Chongshan and Saul were all very excited.

On the way to school, the three of them had been trying to make Rick talk, especially Saul.

It's a pity that after leaving the hospital, Rick who was not in front of Selena started to say nothing, but Yan Ruyi and Lu Chongshan were very anxious.

Saul had already tried his best to tease Rick to speak. Following Selena's example, he held a doll in his hand and asked him, "Rick! What is this?"

Rick looked out the window with his chin resting on his small hand, as if he didn't hear it.

Saul picked up the perfume on the car again, "Rick, what is this?"

Rick still didn't respond.

Saul picked up his phone persistently, "Rick, do you know what this is?"

Rick still didn't say anything.

Saul pulled Yan Ruyi's bag over again, "What about this? Do you know what it is?"

In the end, even Yan Ruyi and Lu Chongshan felt that Saul was a little annoyed, Yan Ruyi said angrily, "Saul, don't bother Rick, he just started talking, don't tire him!"

Lu Chongshan: "Your mother said so."

Saul was speechless, "Who can say that he's tired of talking! Don't you guys want to hear what Rick has to say? Don't you?"

Yan Ruyi and Lu Chongshan stopped talking, of course they wanted to hear it!

So, Saul persevered and dug out another apple from nowhere, "Little Treasure, what is this, what is this? Do you know it? Do you know it?"

This time, Rick finally shifted his gaze from the window to Saul's face slowly, and then, under Saul's extremely excited and expectant eyes, with that expressionless little face, mechanically said, "Second Uncle, are you an idiot?"

Saul: "..."

Yan Ruyi: "..."

Lu Chongshan: "..."

After a long while of silence, both Yan Ruyi and Lu Chongshan couldn't help laughing out loud, even the driver Xing Wu who was driving in front couldn't help laughing, the young master is so cute!

Yan Ruyi looked at her precious grandson, and the more she looked at her, the more she liked her, "My little treasure is so smart!"

Lu Chongshan nodded again and again, "The grandson of our Lu family is naturally clever!"

"Hey, hey, hey... are there people like you? I'm still the son of the Lu family! This brat called me an idiot just now! You still praised him for being smart and clever!" Saul protested dissatisfied.

Because Mrs. Mao gave him apples, he obediently said apples! And he got such a heart-wrenching answer! God!

Yan Ruyi glared at him angrily, "Rick called you second uncle just now, are you still not satisfied? I haven't even heard grandma yet!"

Lu Chongshan also looked unhappy, "I haven't called you grandpa yet."

When Saul heard this, he burst into laughter immediately, and said excitedly, "That's right! He only called mom, not even my brother! Hahahahahaha... Rick called me second uncle! Rick is the second uncle!" The one is Second Uncle! Hahahahaha... I'm going to show off to my brother!"

Chapter 1118

A few days later, at a private gathering of celebrities in Beijing.

In the box, there was a sound of congratulations, and several young masters were competing to toast Zhao Haisheng.

"Congratulations, Mr. Zhao!"

"The four great joys in life are meeting nectar after a long drought, meeting an old friend in a foreign land, wedding night in the bridal chamber, and when you are named on the gold list! Your boy has two things in a few days! The daughter-in-law is here, and the company has been successfully inherited!"

"Hahaha... You are welcome... I am also lucky!" Hearing the compliments around him, Zhao Haisheng said modestly while drinking his wine.

"This shouldn't be too good, okay! How on earth did you hook up with the Lu Group? Seeing that your company was about to be taken over by your illegitimate son, Daniel suddenly dropped into the air, and Nima directly threw a billion yuan to turn the tide. , helped you secure the position of president of the Zhao Group overnight!"

"Isn't that right! My brothers' eyes are almost popping out!"

"Hey, let's get down to business, how did you convince Daniel to help you? Is the relationship between you two usually so good?"

...

There was a lot of chatter in the box, Zhao Haisheng waved his hands and said, "You are too flattering me, at most, I will occasionally go to a few dinners with Mr. Lu with Brother Tian, and then I went to climb a mountain together a few days ago , but I haven't said a single word! Don't talk about you, I'm also wondering about this! Not only do I have no friendship with Mr. Lu, but our two companies have no business relationship at all. Know why he helped me!"

"Dmn! You are enough, boy! Don't take advantage of it and act like a good boy!"

"Hahahaha...that's why Mr. Lu admired my talent, so he helped me! This is the charm of my personality!"

...

The box was full of noisy gags, while in the corner, Mo Lingtian sipped his wine twitchingly while listening to the conversation between Zhao Haisheng and those young masters.

Charm? Still talented?

Talent sh1t!

However, Zhao Haisheng really got lucky this time!

If others don't know, how can he still not know?

The reason why Daniel helped Zhao Haisheng was because Zhao Haisheng and his wife stopped Cao Lirong from escaping that day...

If Zhao Haisheng was thinking about it, he probably wouldn't have guessed that he just did it casually, and he would get such a reward from Daniel...

"By the way, a few days ago, brother Tian almost died at his father's birthday banquet. Do you know about this?" Someone in the box suddenly asked in a low voice.

"Is it true or not? No wonder Brother Tian has been in a bad mood and hiding there drinking alone!"

"Then what happened?"

"Later it was said that the person who pushed him into the water died in the detention center!"

"I'm going! How did you die?"

"It seems that I accidentally came into contact with some allergic substance and died suddenly..."

...

When this incident happened, Zhao Haisheng was there at the time, and he also knew that the person involved was Daniel's girlfriend, and the person who pushed her was a relative of Guan Ziyao's family. There must be complicated inside stories about this incident, so he just listened to other People were discussing there, and I didn't say a word.

As Mo Lingtian listened to the discussions around him, his already aching head ached even more, as if his head was about to burst.

In the next second, he suddenly kicked the coffee table, and then walked out of the box.

Behind him, there was a dead silence.

After Mo Lingtian left for a long time, there was another burst of gossip...

Chapter 1119

Mo Lingtian supported his head with a splitting headache, and drove aimlessly on the deserted road in the middle of the night.

That's right...

Cao Lirong is dead...

Ziyao explained to him that Cao Lirong was allergic to peanuts and died suddenly after accidentally eating peanut products in the detention center. Judging from the forensic examination, this is indeed the case, and there is nothing abnormal.

But at this time, Cao Lirong died, how could he believe that this matter was an exception from beginning to end?

However, he couldn't even think about what Ziyao really did in this matter...

In his impression, she has such a chic and neat temper, how could she do such a thing against the principle for the sake of personal relationship?

Mo Lingtian kept finding excuses for her. The last time she investigated Selena, her father did it without authorization. This time, her father must have done something in private without her knowing?

Mo Lingtian felt that his soul was about to be split into two halves, one half believed in her self, and the other half doubted her self...

Before he knew it, he drove to a row of low-rise small houses, and then walked towards one of the very old small buildings in a daze. He fell in front of the door and knocked hard on the door panel...

"Bang bang bang..."

At the door, accompanied by the sound of hurried footsteps, a girl in pajamas and a coat hurriedly opened the door, appeared at the door, with a shocked expression on her face, and then a star-like sparkle in her eyes. Surprised, "Ling Tian..."

In the thick and oppressive night, the girl stood at the door, pure and elegant like a lily, exuding an extremely comfortable and relaxing atmosphere.

Mo Lingtian felt like a traveler walking in the wilderness late at night and finally returned home...

Because of the sudden relaxation, all the strength in his body was drained, and he fell forward all of a sudden...

"Ah..." The girl exclaimed, and hurriedly reached out to help, but she couldn't bear the man's weight. In the end, the two fell to the ground together.

Before the man fell to the ground, the girl covered the man's head with the back of her hand in advance, but she almost burst into tears. She asked in a panic, "Are you all right? Did you hurt from the fall? Get up!"

While the girl was talking, she tried to help her up. Mo Lingtian looked at the girl's face in a daze. He was halfway up, but suddenly he turned over and pressed the girl under him with a hot k!ss. One after another fell on the girl's lips, collarbone, shoulder...

The girl pushed hard, but the man's strength was too great. After drinking again, one leg pressed her knee, and the palm locked her hands and placed them on top of her head, making her unable to move easily. She could only let her go. He bit by bit his own skin, rubbed open the neckline of his pajamas, and the hot k!ss went all the way down...

Lu Corporation, President's Office.

"Chairman Guan, you can't go in, the president is not seeing any guests right now! Director Guan...Guan..."

Guan Rui ignored the little secretary's obstruction, and pushed open the door of the president's office, "Daniel!"

In front of the large desk, the man raised his head from a pile of documents and glanced at the little secretary.

The secretary immediately retreated tremblingly, closing the office door tightly.

"Daniel, what do you mean?" Guan Rui threw a newspaper in front of the man.

Chapter 1120

The headlines in the financial section of the newspaper were impressively about the latest joint development project between the Lu Group and the Zhao Group. The cooperation between the Lu Group and the Zhao family was supposed to be with the Guan family!

"I discussed this cooperation with your father early in the morning, but you made your own claim and signed it to the Zhao family. Shouldn't you give me an explanation?" Guan Rui asked fiercely.

Daniel raised his eyes and looked at the man calmly: "Guan Dong doesn't seem to understand yet, who is in charge of the Lu family now."

"You..." Guan Rui was so choked that he couldn't speak.

The Emperor is Daniel's territory, they need to gain a firm foothold, they have to go through the Lu family, and now the Lu family is decided by Daniel!

Guan Rui could only suppress his anger, slow down his attitude, and said earnestly, "Daniel, I don't know if that woman blew some pillow wind in your

ears, but the facts are in front of you, what happened last time It is already very clear that it was indeed an accident caused by an ordinary quarrel, not only that, but Rong Rong has already paid the price with her life for it, isn't that enough?"

As soon as Guan Rui finished speaking, a dark light flashed across Daniel's cold eyes.

Not long ago, he received a call from the police station, saying that Cao Lirong had died, and the cause of death was sudden death caused by a heart attack.

It can be considered that Guan Rui was lucky, he had already sent people to watch for 24 hours, they had nowhere to start, but Cao Lirong probably died suddenly in the detention center because of too much psychological pressure.

Now there is no evidence of death, no matter how the Guan family explains it, it is also because of this that Guan Rui came to question him confidently.

"What kind of premeditated murder is simply nonsense. Without any evidence, just such a trumped-up charge has ruined the friendship between our Lu and Guan families for so many years. Daniel, please think carefully!" Guan Rui said in his tone. A hint of threat.

Daniel looked at the man in front of him expressionlessly, and said unhurriedly, "Who said I need evidence?"

Who said I have to need evidence to pinch that cooperation case?

Do you need a reason to vent your anger on your wife?

Guan Rui was really angry this time, "For a woman, you are so ignorant, you have been stunned by that woman, and one day you will regret it!"

Guan Rui came angrily, and was even more furious when he left.

After leaving the Lu Group company building, he immediately went directly to the Lu family's old house, but when he arrived, he was told that Lu Chongshan was in the Platinum Emperor Palace.

Therefore, Guan Rui had no choice but to rush to the Platinum Emperor Palace.

When Guan Rui arrived, Rick was studying painting with Song Jin in the little red building behind, and Lu Chongshan was also watching from the sidelines, occasionally exchanging a few thoughts with Song Jin or talking about Rick's interesting stories, the atmosphere was very harmonious.

Hearing that the servant said that Guan Rui had found this place, because the time with his grandson was interrupted, Lu Chongshan was suddenly a little unhappy.

"Mr. Song, I have a guest here, so I will excuse you first."

Helpless, Lu Chongshan could only say hello to Song Jin, and then went to the living room to receive Guan Rui.

"Brother Guan, what brought you here! Why didn't you let me know in advance?" Lu Chongshan walked over politely.

"Your cell phone can't get through." Guan Rui said calmly.

When Lu Chongshan heard this, he hurriedly said, "Hey, look at my memory, I was practicing painting with my grandson just now, so I turned off my phone, I'm so sorry!"
