

Cruel Heart Lover Novel

Chapter 1131

The definition of Zeling is very clear. It belongs to a high-end luxury brand. The traffic in the new century does overwhelm Huixing, but those traffic is obviously not the customer group that Zeling is targeting. Huixing is different and has a lot of people VIP!

...

Within two days, Selena and Qiao Weilan negotiated in Huixing and finally signed the agency contract.

And this agent is more powerful than Deng Kuan in the new century, and is one of Huixing's shareholders!

In the past few days, Qiao Weilan and Selena went back and forth between the imperial capital and H province to personally work on the opening of Zeling's agency. This move made the shareholder of Huixing very fond of it.

What Selena didn't expect was that, the day before the opening, she would meet an old acquaintance at Huixing.

Ming Fangfang...

What made her even more surprised was not that she met Ming Fangfang in Q City, but that Ming Fangfang was followed by a man. The man was tall and handsome, and looked very young. He was carrying big bags and an ice cream in his hand. He greeted her warmly and attentively.

"Miss Ning, long time no see! I didn't expect to meet you here! I haven't had time to thank you for what happened last time. Find a place to have dinner together?" Ming Fangfang looked at her and offered an invitation.

Different from the hysteria and emaciation before, Ming Fangfang now exudes the tenderness of a woman all over her body, and her complexion is also very good. It seems that she has been doing well recently.

"This is..." the man looked at Selena and asked.

"Selena, I mentioned it to you."

"So you are Selena..." The man suddenly showed a kind expression, "That is indeed a treat. I wonder if Miss Ning is free?"

Selena recovered from her astonishment, and replied briskly, "Success! Of course it would be nice if someone treats you!"

In a nearby private restaurant.

The man knew he was there, and it was inconvenient for them to talk, so he didn't bother them, and left after delivering them, "Call me after eating, and I'll pick you up."

Ming Fangfang: "Yes."

After the man left, Ming Fangfang leaned on the back of the chair, glanced at Selena, and casually asked, "Are you filming recently?"

"The filming has already been completed. If there are no accidents, it will be released soon." Selena replied.

"Which director?"

"Slumber."

"Coincidentally, my first film back then was to collaborate with Director Shen..." Ming Fangfang couldn't help but sigh with emotion.

Ming Fangfang played the heroine in Shen Mian's second play "Love in the Future".

That play is still an insurmountable classic, and it also established Ming Fangfang's position in the entertainment industry.

It's a pity that Ming Fangfang is a daughter of a thousand gold, and she entered the entertainment industry just for fun, and then she only acted in this one and got married.

But even though she has quit the circle now, Yu Wei is still there, so after Hu Hongda's derailment happened last time, so many people paid attention.

After exchanging a few pleasantries, Ming Fangfang looked at Selena and said, "Is there anything you want to ask?"

Selena was quite curious just now, but she didn't want to ask too many questions. Since Ming Fangfang had voluntarily mentioned it, she asked, "Hey, senior, was that man just now...?"

"My husband." Ming Fangfang replied. The title of Senior Selena sounded good to Ming Fangfang.

"Ah..." Selena originally wanted to ask her if she and Hu Hongda were divorced, but now it seemed that there was no need to ask. Not only was he divorced, but he had already remarried quickly.

Chapter 1132

No wonder it appeared in Q City, it turned out to be married!

Selena immediately gave a thumbs up, "Handsome!"

Ming Fangfang was amused by her reaction, "Really?"

"Of course! To be honest, I was always worried that you would be soft-hearted! It can be seen that you really love Hu Hongda. After all, you even forgave him when you knew he was cheating... But fortunately, a goddess is a goddess ! Kill decisively!" Selena clasped her fists.

Ming Fangfang smiled wryly, "How can I speak so bluntly than you? I'm just too indecisive, so I've been dragging on for so many years... Even, if Fang Ya didn't come to the door later and let me see their true colors, maybe, It's really going to happen again!"

"Fang Ya actually came to your door?" Selena could basically imagine what the scene was like at that time, "Although, I also think you should get a divorce... But, won't it be too cheap for Fang Ya?"

Ming Fangfang sneered, "It seems that you haven't watched the news recently."

Selena blinked, spread her hands and said, "Are you talking about financial news? I only watch the entertainment section!"

"Hu Hongda is bankrupt." Ming Fangfang said.

"Bankrupt...that Fangya..." Although Selena was a little surprised, it was expected. At that time, Daniel had already made New Century Real Estate almost to death, and they even forced Ming Fangfang away. Naturally, there is only a dead end left.

"What do you think?" Ming Fangfang glanced at her.

Selena frowned slightly, "Did she beat the child and then left quickly?"

Hu Hongda went bankrupt, how could Fang Ya still follow him.

These two people had a good plan, thinking that Ming Fangfang would compromise and save the company, and then they would continue to work together to enjoy the glory and wealth, but who knew that Ming Fangfang didn't get what they wanted this time, and both of them were doing nothing. Nothing, nothing in the end.

"Oh, the company went bankrupt, and after Fang Ya beat the child, Hu Hongda immediately came back to look for me..."

Selena showed a worried look, "With his personality, he must be obsessed with you, and he doesn't agree to divorce, right?"

"You guessed it right."

"Then how did you get rid of him?"

"What else can I do to deal with this kind of person? My family asked someone to beat him up, and I immediately became honest. Otherwise, would I still be reasonable with him?"

Selena showed a happy expression, it seemed that Ming Fangfang had really let go, "Your current...doesn't seem to treat you very well?"

Mentioning the man just now, Ming Fangfang's originally cold expression immediately softened a bit, "Well, he treats me...he is really good...he has liked me for many years, but I have never considered him because he is more I am five years younger.

At that time, I thought he was young, I didn't believe that he was serious, and I felt that a rich second generation like him was unreliable. I didn't expect that he had been waiting for me for so many years. After knowing that I was divorced, he came to me immediately .

At the beginning, I still couldn't accept him because of my low self-esteem, and his family would never agree to let a divorced woman who is so much older than him enter the door..."

Selena frowned, this was really tricky, "What happened next?"

Ming Fangfang said, her expression became more gentle, "At that time, I told him directly that my physique was very difficult to conceive, and I might never have children in my life, so I wanted him to retreat... In the end, he took a medical certificate from the hospital Tell me, as it happens, he can't have children either."

Chapter 1133

Selena was dumbfounded, "That's alright? Is it true... that he can't have children?"

Ming Fangfang touched her lower abdomen, "I'm pregnant, what do you think?"

Selena's face was filled with surprise, "Dmn! Really! You're pregnant? Congratulations!"

No need to ask, the man obviously lied to her.

Seeing the girl's sincere joy, Ming Fangfang was a little moved, "Thank you!"

Mentioning this matter, Ming Fangfang was still a little shocked, "When I found out that I was pregnant, I was shocked and thought it was Hu Hongda's. Tell the truth, and then take me to the hospital for a detailed examination, judging from the time, it really is his child, and then, his parents also agreed to our matter..."

Selena was shocked when she heard it.

Fortunately, fate will not treat kind people badly. She finally waited for the arrival of a little life, and finally achieved a positive result.

"As for Fang Ya, I'm too lazy to ask how she is, but someone will always tell me that she was banned because of her bad reputation, and now she is going to make that kind of film..." When Fang Ya was mentioned again, Ming Fangfang's expression has calmed down a lot, as if he was just talking about a stranger.

"I'm sorry, I misunderstood you and said those things to you. Now that I can't drink, I will replace wine with tea. Let me toast you!" Ming Fangfang apologized to her solemnly.

Apart from an apology, it's more of a thank you. If Selena hadn't exposed Hu Hongda's lies, she wouldn't be where she is today...

Selena hurriedly returned a glass of respect, "You're welcome, you didn't know that at the time."

Ming Fangfang glanced at her with some concern, as if she wanted to say something, but in the end she only said, "I also wish you and that person... everything goes well."

"Thank you." Selena was a little surprised, raised her eyebrows and said, "I thought you were going to persuade me not to jump into the flame."

Ming Fangfang smiled softly, "A man like Daniel, I'm afraid I wouldn't be able to stop rushing, let alone a little girl like you! Besides, I can see that Daniel really likes you. Ever since I got pregnant, I just think... everything is possible in this world, isn't it?"

"Of course, I've always thought so!"

After hearing such a positive story, Selena's mood brightened a little.

...

After Ming Fangfang left, Selena returned to the hotel and prepared for the opening of the hotel the next day.

Unexpectedly, I saw her again at the opening ceremony.

"Ming Xiao...no, Mrs. Zhao?"

"Come and take a look, aren't you welcome?" Seeing Selena's surprised expression, Ming Fangfang smiled.

"Of course welcome, it's just a little unexpected! You're pregnant, is it okay?" When chatting with Ming Fangfang yesterday, Selena probably just casually mentioned the reason for coming to Q City and the opening of the business today. He would actually come to join us in person.

"It's just a few steps, what's the problem? Don't you all think I'm made of glass!" Ming Fangfang was probably often talked about by her husband at home, and she was annoyed when she heard this.

But how could Selena dare to be negligent, she hastily supported the pregnant woman like a Lafayette.

"Mrs. Zhao! Why are you here! You are welcome!" Even the person in charge of Huixing was flattered when he saw Ming Fangfang, and hurriedly came up to meet her.

"Come here to cheer your friends on!" Ming Fangfang said casually.

Chapter 1134

Ming Fangfang is not only from a well-known family in the imperial capital, but her husband is also one of the best chaebol families in the local area. Unexpectedly, the boss of Zeling is friends with this wife. more important.

"Mrs. Zhao, please come inside quickly! If I had known you were coming, I would have covered all the corners here, otherwise what would happen if we bumped into each other!"

Who doesn't know how much Mr. Zhao dotes on this wife!

Selena was speechless when she heard it, yes, she is a flattering talent.

Ming Fangfang stroked her forehead, "Did you see it? I am like this everywhere I go now! This kind of life will last for another seven months!"

Selena chuckled, "Express sympathy!"

When Selena said this, she probably never imagined that... one day, she herself would be the one who deserves the most sympathy...

Not far away, Qiao Weilan and Han Momo saw Selena talking happily with Ming Fangfang, their eyes were full of surprise.

Before, they were still worrying about not being able to invite suitable people to sit in Q city for the opening ceremony, but they didn't expect Selena to invite the head wife of Zhao's family in Q city.

Not only is she famous in the entertainment circle, but she and her husband's family are also celebrities, which fits Zeling's positioning and requirements very well.

Soon, it turned out that the effect of Ming Fangfang's visit this time was even better than they had imagined.

After Ming Fangfang became pregnant, she lived in seclusion and hadn't appeared in front of the media for a long time. This time, the media in Q city flocked after hearing the news, and even attracted a large number of high-end die-hard fans of Ming Fangfang. It was only the first day of the opening. The

agency store of Huixing Zeling was almost sold out, and the turnover on the first day was as high as several million!

In contrast, the history agency store that opened yesterday seemed a little deserted. In two days, the sales had not yet reached a fraction of that of Zeling in Huixing.

After Huixing's opening ceremony was over, Selena purposely stayed for a few more days to see how Zeling's stamina would be in Huixing.

After a few days of observation, Huixing's daily turnover is very impressive.

Selena now admires Qiao Weilan's decision-making. Compared with New Century, the high-end people in Huixing are many times larger, which gave Zeling an excellent start in Province H.

As for Qiao Weilan and Han Momo, they felt that Selena was the real miraculous, who could give them unexpected surprises every time. Ming Fangfang's support simply made Zeling's reputation in H province even more powerful.

Now, Deng Kuan in the new century is full of regrets. If he had known this earlier, he shouldn't have regretted it in the first place!

But there is no medicine for regret in the world, everything is a foregone conclusion...

Soon, the news reached the imperial capital. When Susie found out about this, she became furious and scolded Qin Zifan severely.

She never expected that not only did Zeling get the Huixing mall, but even Ming Fangfang went to join him. Huixing definitely doesn't have such a big face, so the people from Zeling must have invited Ming Fangfang... ..

Dmn it! What the hell is going on recently! Nothing goes well!

Susie was upset and irritable, took out the phone again, and said impatiently to the person on the other end, "How about the thing I asked you to do last time? Why hasn't there been any results yet?"

"What's the hurry, I've already ticked it, waiting to close the Internet cafe." On the other end of the phone, the man said unhurriedly.

Chapter 1135

Only then did Susie heave a sigh of relief, a hint of ruthlessness flashed in her eyes, "You can be more ruthless when you strike, it will be more realistic!"

"Don't worry, little girl, you don't need to teach me this kind of thing! Don't forget about my affairs!" The man lowered his voice.

Susie's tone was a little irritated, "Didn't you say that you will find an opportunity to help you transport it in? There will be a batch of goods from Luocheng to the Imperial Capital next month! There will be no problem, you just need to take care of my matter Well, you can say anything!"

...

Imperial Capital, Platinum Imperial Palace.

In the study room, Rick was lying in front of Papa's desk, staring at him with big eyes without blinking, and asked for the sixteenth time today, "When will Ma Ma come back?"

In the past few days, the conversation between Daniel and Rick basically went like this:

"When will Mama come back?"

"Why hasn't Mama come back?"

"Will Mama come back today?"

"Will Mama come back tomorrow?"

...

Obviously, a son who can talk is more difficult to deal with than a son who can't.

In the past, they only attacked with their eyes, but now they also attack with their voices.

Daniel frowned, closed the laptop in front of him, then tilted his head, looking at his son with a complicated expression.

These days, Rick called her mother, grandpa, grandma, and second uncle.

Although every time Rick talked to Saul, Saul was so angry that he went crazy, but he could see that Rick actually liked Saul very much, because he talked to him the most times, and basically he would reply every time.

And he...

So far, I haven't heard Rick call him "Daddy".

Every time Little Treasure approached him, he would always talk or ask about Selena-related matters, other than that, he had nothing else to say.

It's impossible to say he didn't care at all.

"Little Treasure, come here, let's chat." Daniel waved to his son.

Rick was looking forward to his mother's return wholeheartedly, and he was not in the mood to chat, obviously not very interested.

"You don't want to call me?" So Daniel asked directly.

Hearing Daniel's words, Rick's little face froze and froze.

Sure enough, the kid really didn't want to, that's why he deliberately didn't call him.

"Why? Can you tell me about it?" Daniel asked in a soft tone as much as possible.

However, the little guy's face seemed even uglier.

Even this time, he didn't even want to talk to Daniel, and directly took out the writing pad that he hadn't used for a long time.

Although he is now expressing himself in words, the habit of carrying a tablet with him has not changed.

Then, Daniel saw his son forcefully write three words on the clipboard: It's all your fault

Blame me?

Daniel looked at these three words with a puzzled look on his face, "What do you mean?"

Little bun's eyes were full of grievances, and his little expression became even more sad and angry, and he continued to write: It's all your fault, Rick was not born from mother's belly! Little Treasure wants to be born from mother's belly!

The little guy held up the writing board with red eyes, his little expression was about to cry.

He knew that although Aunt Selena had always been so kind to him, she was not his biological mother, nor the one who gave birth to him.

Thinking of this, he was very angry with Papa!

Why didn't Papa give birth to him with Aunt Selena!

After Daniel saw what his son said, he was stunned for a moment, and then he couldn't laugh or cry.

Chapter 1136

The logic of this little guy...

Of course he also wanted to have a child with Selena, but if it was his child with Selena, it wouldn't be Little Treasure...

However, Daniel couldn't explain this to Rick.

Or maybe, he didn't need to explain at all.

Rick also understood this in his heart.

He was just angry, too angry, and too wronged, why couldn't he be Aunt Selena's own...

In the study room, the atmosphere between the father and son was a little stagnant for a while.

At this moment, Daniel's phone rang.

It was Selena who called.

"Hey?"

"Master Boss, miss me?" A girl's cheerful voice came from the other end of the phone. Just by the tone, I knew that things should be going well there.

"Think." Never thought like this moment. Wife, if you don't come back, my son will be in trouble.

"Hey, I'm about to get on the plane, and I can arrive at the imperial capital tonight, but it's already very late when I arrive, so don't disturb your sleep, I'll see you and Rick tomorrow morning."

"I'll pick you up."

"Uh, I'm with Momo and Director Qiao. Do you want to scare them to death? I'll just take a taxi back! Be good! By the way, is Rick asleep? If he hasn't slept, let me tell him a few words?"

So, Daniel gave the phone to his impatient son beside him.

"Mom..." When Rick heard Selena's voice, his expression was so cute, he was completely different from the "angry little treasure" just now.

...

At the same time, late at night, an underground private casino.

Zhuang Rongguang's eyes were scarlet, staring at the cards in his hand, his palms started to sweat, and the people around him were also staring intently.

Finally, the hole cards were revealed bit by bit. The moment they saw the hole card, the two friends next to Zhuang Rongguang were so excited that they jumped up first. Zhuang Rongguang immediately threw the cards in his hand-
"Straight Flush! Here's the money!" Give money!!!"

A bunch of chips were pushed over, and Zhuang Rongguang's face was flushed with joy.

He has already planned to travel around the world after graduation, but his family will definitely not agree to it, and will even impose economic sanctions on him. His sister's attitude on this matter is also very firm, and she will definitely unify with the family Front will not give him a dime.

Recently, he is trying to raise money, and a friend recommended him to come here to try his luck.

Although he loves to play, he also knows that some things should not be touched. This time, he is really short of money, and he sees that several brothers have won a lot, so he came here to try.

He didn't dare to play big at first, but he didn't expect to be very lucky today, and he had several million chips in front of him in a short while.

Next, Zhuang Rongguang started three rounds in a row, and won every round. Originally, he must have raised enough money and was ready to leave, but seeing how lucky he was, he couldn't bear it. continue playing...

In a corner not far away, a square-faced man with arms crossed and dyed yellow hair showed a wretched smile, picked up his mobile phone and made a call, "The big fish is hooked, catch the net!"

The yellow-haired man just hung up the phone, and not long after, a tall man with a thick gold chain around his neck quietly squeezed into the crowd and walked up to Zhuang Rongguang, "Hey! Little brother! I've been watching you for a long time, and you're all I don't believe that you are prosperous tonight, do you dare to come with me?"

"Come on, I'm afraid of you!"

...

Chapter 1137

An hour later, Zhuang Rongguang lost all the chips he won.

The man wearing the gold chain laughed triumphantly, and pulled all the chips in front of him, "You boy, play with me, you are still young!"

"One more game!" Zhuang Rongguang slammed the table with a gloomy face.

"What are you doing! You lost so much that you lost all your pants! Go home and find your mother to drink milk!" the man hissed.

As soon as the man finished speaking, there was a burst of laughter in the casino.

At this moment, Zhuang Rongguang was so lost that he lost all his trousers. He took off all the famous brand clothes as collateral, and even lost the leather wallet his sister gave him on his birthday.

Originally planned to earn some travel expenses, but who knew that he would lose everything. The most important thing is that he had won so much money, but he lost it all. During the ups and downs, the boy's chest was heaving violently. Willingly, "Stop! Bet with me again! If I lose, I'll give you an IOU!"

The man wearing the gold chain laughed, "Hahahaha...Little brother, I'm not into IOUs! What I want to see is cash!"

"Dmn it! How can I still owe that little money? Come or not! If I lose, I'll send someone to send it to you immediately!" Zhuang Rongguang roared angrily.

"Tsk... It seems that you are not reconciled if you don't come to this round. Grandpa, I will play with you again!" The man returned to the gambling table.

a moment later...

Zhuang Rongguang sat down on the chair in a daze, "Impossible... Impossible! Come again!"

The man with the golden chain showed a fierce expression when he heard the words, "Come on, please return the five million you owe to me first!"

"I... I'll give it to you later!" Zhuang Rongguang couldn't help but change his face when he heard that he had lost five million without knowing it.

"fcuk! You are playing tricks on me! You have already owed five games! You still owe it! Who are you as me? How dare you play tricks with me! Send money to me immediately! Otherwise..."

Zhuang Rongguang wanted to talk at first, but several accomplices surrounded him immediately, all of them were vicious.

Zhuang Rongguang's back was drenched with sweat, and he hurriedly pulled at the two buddies beside him, "Do you have any money?"

"We still have money there, I'll give you everything I can get!"

"That's right, my watch is pressed out!"

"Dmn! Then what should we do now, you insisted on bringing me here to play!" Zhuang Rongguang said frantically.

"What did you say, Photon? Didn't we kindly bring you here because you said you were short of money? Gambling means winning and losing, and luck is beyond our control!"

"Stop talking nonsense to me, no matter what you think of, help me raise money!"

"Five million, where can we raise it for you!"

...

"You guys, have you discussed it? If you can't get any money, I'll leave a hand for me!" The man with the golden chain looked at him gloomily and shouted.

There are too many such things in the casino, and other people either have an attitude of watching the show, or they don't care about playing their own games.

Zhuang Rongguang's face turned pale immediately, "What's the hurry, am I raising funds?"

He carefully looked at those people, except for the man with the golden chain, the leader was a yellow-haired man with evil eyes, and the others were all covered with exaggerated tattoos and even scars, and they spoke obscenities, they looked like hooligans, but they are all unfamiliar, and there is an accent when they speak, and they look like foreigners.

Chapter 1138

In short, it's not easy to mess with at first glance!

At this moment, the two friends beside Zhuang Rongguang looked at each other, and one of them said, "Guangzi, why don't you think so, Qiangzi and I will go out to raise money for you first, otherwise we won't be able to just stay here." Way to get money!"

"That's right! We raised money and sent it to you as soon as possible!"

Zhuang Rongguang glanced at those menacing men, and could only agree, "Hurry up, you two!"

"Yes yes yes..." The two ran out quickly.

Then, Zhuang Rongguang was taken to an abandoned warehouse not far from the casino.

After the group of people brought him over, they didn't bother. They drank and played cards noisily there. Because they guarded the only exit, he had no chance to escape.

At night, this place is gloomy, smells musty, and the place is remote. I'm afraid no one will know it even if you are killed here...

Thinking of this, Zhuang Rongguang couldn't help but feel a chill run down his spine.

Normally, if he was really in a hurry, he would move the family out, but this time it was too much trouble, if his family found out, he would be finished! So I can only put my only hope on those two friends!

But... as time passed by, the two of them remained silent for a long time, not even a phone call...

"Hey, brat! Why don't you come! Those two friends of yours won't run away, right?" the man with golden chain kicked him and asked urgently.

"Impossible! I'll call them right away! Maybe they're already on their way!" Zhuang Rongguang hurriedly called.

As a result, the phone rang more than a dozen times and no one answered it. After it automatically hung up, Zhuang Rongguang continued to call, but this time it turned off directly.

Zhuang Rongguang's forehead was covered with cold sweat, and he tried to dial another person's phone with shaking hands, but the phone was still turned off!

"sh1t!" Zhuang Rongguang was so angry that he almost smashed his phone.

When we were playing together, he didn't pay for it. He even borrowed a car to help these two boys pick up girls, but when something happened, he went missing!

"Really ran away?"

"fcuk! Playing with us!"

...

The group of people were furious when they saw this.

"Wait! Wait! They will definitely come back, they should be raising funds, five million is not a small amount, it will take some time!" Zhuang Rongguang said anxiously.

However, this time, those people had lost their patience, "fcuk you! I think you won't cry when you see the coffin! Just stamp this kid!"

"You dare! Do you know who I am! My father is Zhuang Liaoyuan..." Under extreme fear, Zhuang Rongguang blurted out.

When those people heard this, not only did they not have the slightest look of panic on their faces, but they laughed, "Hahahahaha...Zhuang Liaoyuan is your father! Then Zhuang Zongren is still my grandfather! You are still Zhuang Liaoyuan's son with your useless appearance. ?I bother!"

"You...you!" Zhuang Rongguang blushed with anger.

"Stomp on me!" The golden chain man's eyes were gloomy, and then the man with yellow hair came over with a sharp machete in his hand, and another person helped hold Zhuang Rongguang's hand.

These rascals! She really wanted to stamp his hand!

Zhuang Rongguang was in the imperial capital. Basically, everyone in the circle knew him. No matter how big the trouble was, it would depend on the dealer's face. No one really dared to do anything to him. This was the first time someone dared to do this to him. .

Chapter 1139

No matter how stupid he was, he was only eighteen years old after all. Zhuang Rongguang immediately trembled with fright, his face turned pale, and he struggled desperately, "Wait! Wait! Give me another chance! I'll call someone to send money right away! It will definitely be delivered this time! I promise! I promise!"

The golden chain man looked at Huang Mao at first, and then said, "Make it clear, what we want is cash!"

"I got it! Got it!"

While agreeing, Zhuang Rongguang called Travis tremblingly.

"Hello, Rong Guang? Where are you so late? Why haven't you come back?" Travis's anxious and reproachful voice came from the other end of the phone.

"Sister! Help me! Quickly bring five million to Dongsan Avenue, there is an abandoned warehouse here! Hurry up!" Zhuang Rongguang couldn't care less about talking, and hurriedly shouted.

"What's going on! Tell me clearly!!!" Travis's tone suddenly changed.

"Sister! Don't ask, just raise money and send it here!!! My life is in your hands!"

"If you don't make it clear, let me raise five million for you! Is five million a small amount? Did you send someone into the hospital again?"

"No...not..." Looking at the group of people staring at him, Zhuang Rongguang could only bite the bullet and say, "I owe them five million gambling debts..."

"Gambling debts!? Zhuang Rongguang, are you crazy!!! You dare to touch this kind of thing!" Travis screamed angrily from the other end of the phone.

"Sister...sister, please keep your voice down! Please, sister! Save me! If you don't come, they will cut off my hand! Please, sister! Ah..." Zhuang Rongguang was caught. The person next to him was kicked and screamed miserably.

"You...don't touch him, I'll send the money right away! Don't touch him, did you hear me!" Travis shouted loudly.

The man with the golden chain picked up Zhuang Rongguang's cell phone and said to the person on the other end of the cell phone: "I'll give you thirty minutes, if it takes more than one minute, I'll stamp a finger on him!"

After finishing speaking, he hung up the phone with a "snap".

The dealer, Travis looked at the hung up phone with an ugly face like never before.

yellow! bet! poison! That is absolutely not allowed by the dealer, as long as it gets a little bit, Zhuang Liaoyuan can really kill him with a single shot! Grandpa has a heart attack and can't get through the wind at all...

Let alone call the police, if you call the police, the glory will be ruined...

Fortunately, my father is not at home tonight...

Travis had no choice but to collect the money overnight, and immediately rushed to the place the other party said to redeem him...

Time passed by every minute and every second, Zhuang Rongguang seemed to be suffering in a frying pan.

I don't know if my sister can raise money to come here. She shouldn't just ignore him, right?

After all, he has been causing trouble for her and asking her to clean up the mess. She's probably tired of him long ago...

Thinking of those two friends who left him alone, Zhuang Rongguang became more and more afraid...

"There are still three minutes!" Jin Liannan looked at the time on the phone and said.

Huang Mao blew on the sharp knife in his hand, "Don't worry, brother, I am very skilled. I will cut you down with one knife... I will keep you without any pain... The crossing is neat and tidy..."

"Still... there are three minutes left! What's the rush!" Zhuang Rongguang said with a trembling voice.

The Jinlian man sneered, and continued to drink and spank with those accomplices.

finally...

Three minutes passed...

Chapter 1140

It was only three minutes, Zhuang Rongguang felt as if a whole century had passed.

The yellow hair gave the tattooed man next to him a flair. The tattooed man put down the wine bottle in his hand, walked over unhurriedly, and pressed Zhuang Rongguang's hand.

Huang Mao spat on the edge of the knife, "Boy, the time is up, now it's a finger! Tell me, which one should be cut first?"

Huang Mao's eyes swept over the boy's ten fingers one by one like a poisonous snake.

Zhuang Rongguang began to struggle like crazy, "Let me go, let me go! My father is Zhuang Liaoyuan, and my grandfather is Zhuang Zongren! If you dare to touch me, my family will never let you go!"

"Hahahaha...Are you sure? Even if you are really Zhuang Liaoyuan's son, you are nothing more than a waste anyway, so what does it matter if I destroy you? Maybe your family will appreciate my help in educating you!"

Little brother, if you really don't understand, I'll teach you. The Tao is not as easy as you think. If you don't pay back the money you owe, you should pay the price. This is the same principle everywhere! Even if I go to the banker, then I am not afraid! If you want to make trouble, then I want to see who is more unlucky! "Huang Mao's tone is completely confident.

While speaking, the yellow-haired man had separated Zhuang Rongguang's fingers and aimed the knife at his little finger.

"Ah! Ahhh..." Zhuang Rongguang wailed heart-piercingly.

"Stop!!!" At the same time, a girl roared from the warehouse door.

Huang Mao first glanced at the girl at the door, and then impatiently patted Zhuang Rongguang's face with the back of his knife, "What are you shouting for, I haven't stomped yet! It's a pustule that doesn't grow!"

Looking at his intact little finger, Zhuang Rongguang was so frightened that his nose burst into tears, and then he looked hopefully at the person at the door, as if looking at the last straw, "Sister... sister... help me!! !"

He has always boasted that his friends are all over the world, and he calls others brothers and sisters all day long, but at this time... what he can ask for... who can help him at all costs...

It turns out that there is only this sister who has always been annoyed by him...

Zhuang Rongguang couldn't tell what he felt in his heart...

Travis stood at the door panting, seeing that the other party hadn't come and remembered to do it, her face was full of shock, and she looked at Zhuang Rongguang's expression full of disappointment and anger.

The yellow-haired eyes swept over Travis's whole body like a sticky fly, and asked quietly, "Did you bring the money?"

"Bring it here! Click it, five million, not a penny!" Travis threw a box in front of them.

The man with the golden chain carried the suitcase over, and then threw it behind for his fellows to count.

Several men gathered around and began to count the numbers.

Due to the rush of time, Travis's box contained cash, gold bars, and some jewelry, which must have been a lot anyway.

After a while, one of them shouted, "Boss, no problem! This girl is honest!"

"Can you release him now?" Travis asked coldly.

"Of course!" Huang Mao winked, and the two accomplices immediately released Zhuang Rongguang.

"Sister..." Zhuang Rongguang wiped away his snot and tears, and hurried towards Travis.

Travis was filled with anger, but she knew that this was not a place to talk, so it was important to leave quickly.

However, just as they were about to leave, the door was suddenly blocked by several people standing there.
