

Cruel Heart Lover Novel

Chapter 1141

The yellow-haired man raised his eyebrows and said, "Sister, where are you going?"

"Didn't all the money be given to you? What else do you want?"

"I promised to let your brother go, but I didn't promise to let you go!" Huang Mao looked up and down Travis evilly.

"What do you mean! How can you go back on your word after you have already taken the money!" Zhuang Rongguang was furious.

The man with the golden chain smiled and said, "Hehe, the money was given, but you have delayed for such a long time, shouldn't we charge some interest?"

"Interest?" Travis inexplicably had a bad feeling.

"What bullsh1t interest! I think you guys are deliberately finding fault!" Zhuang Rongguang was so angry that his chest heaved violently, and Travis grabbed him.

Now that they have a large number of people, it won't do them any good to be tough.

"Do you need more money? I can raise it, but it will take a while!" Travis said.

The golden chain man and the yellow-haired man looked at each other, showing a weird smile. The yellow-haired man stroked his chin, and looked

wantonly at the woman on the opposite side. Come down and spend the night with our brothers! Then the interest will be cleared!"

Zhuang Rongguang couldn't bear it anymore, broke away from Travis and rushed forward, "bastards! I'll kill you!"

However, his small body is no match for these people.

In the crowd, a man with a knife scar on his face rushed over and knocked him to the ground with one punch, "Stinky boy! I'll let you rape! Damn it! How dare you fuck me here!"

At the same time, a wretched-looking man wearing a black vest and tattooed all over his body walked towards Travis step by step...

Travis never expected that Zhuang Rongguang would offend this kind of person this time, but it was too late to say anything at this moment, so she could only stagger and retreat step by step...

But she was just a girl, and there were all big men here, so where could she go if she ran away? Just a few steps away, the tattooed man grabbed her arm and pushed her to the ground. The thin pajama dress inside...

"Yo, is this girl quite sensible? She came dressed like this..." The tattooed man's eyes were full of lust, and the others burst into laughter.

Travis was very anxious when she heard the news that Zhuang Rongguang had been arrested, and the other party only gave her 30 minutes to raise money, otherwise she would chop off her fingers. How could she have time to change clothes, so she just put on a coat and came out, I didn't even have time to change the shoes on my feet. I was wearing slippers. I ran too fast just now, and there is only one left on my foot...

"Let go! Let me go!" Travis slapped her while struggling.

There was a “pop” sound on the tattooed face, and suddenly became very violent, tearing up Travis’s clothes...

“ba5tard! Stop everything! All come at me if you have the ability! Don’t touch my sister...” In the corner, Zhuang Rongguang saw Travis who was pressed to the ground, and his whole face immediately contorted. He was beaten to the ground dying, and at this moment he shot up, and wrestled with the two men like crazy.

“Don’t touch her! Don’t touch her! Something is coming at me!!!”

Zhuang Rongguang didn’t know where the strength came from, but he broke free from the two strong men and rushed to Travis, trying to push the tattooed man away...

Chapter 1142

As a result, the man was instantly irritated, he waved his fist, roared and threw it at Zhuang Rongguang, and the other people watching by him also rushed towards Zhuang Rongguang...

“Glory!!!” Travis screamed terribly while clutching her messy clothes.

The next second, Travis was slapped to the ground, and the tattooed man even more rudely grabbed her by the hair and dragged her to a corner, “Stinky ba5tard! What’s the name of the ghost! Come here! I’ll call you later!” of it!”

“Sister...sister...you let her go... ah...” Zhuang Rongguang was surrounded by several men, and after a beating, he gradually lost his voice and could only stare at Travis being dragged In the direction of walking, a pair of eyes filled with tears were bloodshot.

Seeing Travis being dragged away, being pushed to the ground by a man tearing his clothes, and he couldn’t do anything but watch, watching his sister

being bullied by hooligans, Zhuang Rongguang felt like his heart would burst. His voice was already hoarse, and he could only let out weak howls like a trapped animal in his throat, "Don't touch my sister! Don't touch my sister... Don't touch my sister... Don't touch her..."

Never, never hated myself so much as at this moment! loathe myself!

He wants to kill himself!

He wished he could kill himself!

he is a beast...

He is a beast!

...

By the door of the warehouse, the golden chain man lit a cigarette for Huang Mao, showing some concern, "It's almost done, isn't it? Is this going too far? The client said it was just to scare them!"

"What's the rush? Since it's a scare, it's natural to scare it in place! Isn't the client asking the hero to save the beauty to win the favor of the other party? Naturally, the more realistic it is, the better the effect will be!" Huang Mao said unhurriedly.

The golden chain man looked in the direction of Travis in the corner, and showed a wretched smile, "I'm afraid, if this continues, old K will really be unable to bear it? That girl is really juicy!"

"Hehe, I can't help it... I can't help but just let the brothers have a good time!" Huang Mao glanced in the direction of the tattooed man who had obviously started to lose control, and sneered.

The golden chain man suddenly changed his expression, "Hey, don't be fooled! That's Zhuang Liaoyuan's daughter!"

"Tsk, so what about Zhuang Liaoyuan's daughter..." Huang Mao slowly took out his mobile phone, ready to call the client.

However, at this moment, a ghostly person appeared at the door...

The person who came was wearing high-heeled shoes, wearing a wine-red dress with a black windbreaker on top, and her naturally curly long hair fell on her shoulders like seaweed.

It turned out to be a woman as beautiful as a fairy.

The cigarette dangling from the golden chain man's mouth suddenly fell to the ground, Huang Mao also forgot to call, even the man who was tearing Travis's clothes was stunned when he saw the woman at the door.

"Selena...go! Go! Get out of here!!!! Go..."

Just now, when those people were not paying attention, Travis pressed a number nervously, and then quickly and secretly sent a distress message to that number, but as soon as she saw that it was Selena's number, she regretted it I'm afraid that Selena will be in danger because of her...

Unexpectedly, what she was most worried about happened...

Seeing that Selena came here alone, Travis's face was filled with horror, and she hurriedly yelled for Selena to leave.

At the door of the dilapidated warehouse, against the dim moonlight outside the door, the woman's black windbreaker flapped wantonly in the night wind. When her eyes fell on the corner, she saw the girl in disheveled clothes being pressed down by a man. , the murderous look in the eyes.

The yellow hair at the door stared at Selena who appeared unexpectedly, his face was full of obscenity, "Hey, this is another girl? It's just not enough to worry about!"

However, as soon as the words fell, a gust of wind hit him, and a huge force hit his temple, and Huang Mao was kicked to the ground. He lay there, motionless, and was knocked unconscious by the kick.

Chapter 1143

Seeing that the situation was not right, the others suddenly became vigilant, and all rushed forward together...

However, this woman's movement was like a ghost, no matter what they did, they couldn't get close to her, instead they were beaten to the ground one after another.

They have encountered countless powerful policemen, escaped countless police pursuits, and have never encountered such a powerful opponent.

What is the origin of this woman...

With an expressionless face, Selena walked up to Travis step by step, stepping on the men rolling on the ground and howling.

"Xiao...Selena..." Travis folded her arms and covered her body, her whole body was shaking unbearably.

Selena took off her windbreaker calmly, and wrapped Travis tightly.

"Selena! Be careful..." Travis saw behind him that the tattooed man got up at some point, holding a stick in his hand, and was aiming at Selena's head.

Selena carefully placed Travis by the wall, then turned around abruptly, without retreating but advancing, before the stick in the man's hand fell down,

she kicked the man's wrist, and the stick fell to the ground There was a bang, and then the man was thrown to the ground by a kick.

Until he fell to the ground, the man didn't know why this woman's moves could be so fast, and every move was precisely aimed at his fatal point.

Selena looked down at the tattooed man who was beaten to the ground, and at the man who bullied Travis just now, then bent down and squatted in front of him without saying a word, grabbed his collar, and got down For a second, towards the man's face, he punched the man with a "bang", then another punch, and another punch...

The girl's face was empty, without any expression, as if isolated from the outside world, completely immersed in her own world, moving mechanically, punching the man one after another, and the empty warehouse kept saying "bang!" "Bang" "bang" piercing sound...

The man's face could hardly be seen clearly, and Selena's hands were completely stained red with blood...

The color of blood, I can't tell if it's the man's blood, or the blood from her own hand when she hit someone with too much force...

However, she didn't stop at all, each punch was fiercer than the next, and there seemed to be no human breath in her eyes, and her whole body was like a ghost crawling out of hell...

Everyone present was stunned.

Those men just now all fell to the ground with limp legs, their faces full of horror.

Even Zhuang Rongguang and Travis had expressions of horror on their faces.

At this moment, a voice suddenly sounded from behind Selena: "Stinky ba5tard! Stop! Raise your hand!"

I saw that the man with the golden chain just now was holding a gun in his hand, and the black muzzle of the gun was pointing at Selena's head.

Zhuang Rongguang and Travis's expressions changed instantly, "Selena..."

Only then did Selena attract her attention, she dropped the tattooed man, slowly wiped away the blood spattered at the corner of her mouth with the back of her hand, her eyes fell on the gun in the gold chain man's hand...

"Raise your hands! Come here! Take off your clothes for me!" the man with the golden chain roared angrily.

"Selena..." Travis's eyes were flushed with anxiety, "Your target is me, isn't it? Let her go!"

"It used to be, but it's not anymore! This stinky ba5tard has hurt so many of our brothers, so let's just forget about it? No way!!!"

The men who fell to the ground just now also struggled to get up and surrounded Selena fiercely.

The atmosphere was tense to the extreme for a moment.

"Rong Guang, cover Ke'er's eyes." Selena said calmly.

Zhuang Rongguang didn't know what was going on with him. Before his brain could react, his body quickly followed Selena's request, stumbling over and covering Travis's eyes.

The moment Zhuang Rongguang covered Travis's eyes, a "bang" gunshot sounded in the empty night sky...

The golden chain man fell to the ground with wide-eyed eyes, a bloody bullet hole in the middle of his forehead.

And in Selena's hand, there was an extra gun at some point, and she was pointing straight ahead at the place where the man with the golden chain was standing just now.

Chapter 1144

The moment the leader, the man with the golden chain, fell to the ground with a bloody bullet hole on his forehead, all the thugs who had been surrounding Selena changed their expressions.

One of them subconsciously touched his waist, and sure enough, it was empty.

The gun in the woman's hand was clearly his, and she didn't know when she touched it just now.

Dmn it!

Now among the three bosses in their group, one was kicked to death by this woman as soon as she came in, the other was beaten to bloody blood by her fist, and the last one was fatally hit.

These three people have only recently started to be active in the imperial capital. Rumor has it that they are ruthless characters in the Tao. hand!

If Selena who beat someone with a cold face just now was a lunatic, then at this moment, when she was holding a gun in her hand, she was simply a machine, a machine without emotion, full of killing breath...

Facing a living human life, even people like them would have to tremble a bit when holding a gun, and the woman in front of her took only half a second from drawing the gun to aiming to kill!

This is not a delicate beauty, she is simply a female devil!

Zhuang Rongguang covered Travis's eyes, but he himself saw the scene of Selena shooting and killing, his face was so pale that there was no trace of blood.

Although he was born in a military and political family, this was the first time he saw someone murder with his own eyes since he was a child, and a living life was lost just a few steps away from him.

Under the influence of his father and grandpa, he knows a little bit that no matter how talented shooting is, it is completely different from actual combat. Even professional policemen and snipers have trained for many years and dare not shoot at living people. , even after the first murder, a long period of psychological counseling is required...

But Selena, no matter whether it was before or after the shooting, the expression on his face didn't change at all...

Suddenly shocked by the extremely bloody scene in front of him, seeing a living person being shot dead in front of him, Zhuang Rongguang's inner fear reached the extreme, but what was more, was his deep admiration for the woman in front of him, and his deep admiration for himself. strong disdain...

Although he was stupid, he was not stupid to the end. The moment he saw Jin Liannan holding a gun, he realized that these people were definitely not as simple as ordinary hooligans. How could ordinary hooligans have guns in their hands!

If Selena's shot hadn't silenced them just now, they would have fought back frantically by now.

As for him, not only did he implicate his sister, he could only watch helplessly when her sister was being bullied, with no room for retaliation at all...

"Selena..." The moment Travis heard the gunshot, her whole body was swept away in great panic, and she pulled away Zhuang Rongguang's hand covering her eyes.

Seeing that the man who fell down was the man with the golden chain and Selena was standing there, intact, Travis's heart was relieved, and at the same time, her eyes were full of worry...

That shot...was Selena firing it?

"Stinky ba5tard! You...you're dead! You...you killed someone! You actually killed someone!!!!" one of the thugs shouted tremblingly, holding back his fear.

Chapter 1145

Selena's expression was as if she heard some good joke, the corners of her lips curled up slightly, "So? Do you want me to call the police?"

"You, you, you..." Several thugs looked at each other, unable to say a word with pale faces.

These three people once bragged in front of them when they were drunk, saying that they were the most wanted criminal on the red head file of the police, and also boasted how many policemen they had killed after chasing them. They were going to be shot directly, how could they dare to call the police!

Private casino, kidnapping for extortion, attempted rape, and another one harboring fugitives! They all have to go to jail!

After looking at each other, several people came to the conclusion that the woman in front of them is more terrifying than those three bullies combined, so it is better to run away quickly!

So, several people ran away one after another...

However, just a few steps away, a woman's cold voice came from behind...

"stop."

Everyone subconsciously stopped.

"I allow you to leave?" The woman's tone was like a call from hell, which made everyone's calves tremble subconsciously.

Selena lowered her eyes slightly, concealing a trace of bloodthirsty excitement and madness like a beast before a hunt.

She deliberately didn't call the police, but came here alone, how could she allow...they left so easily...

Tonight, no one wants to leave!

Selena's eyes flicked over those people one by one like the eyes of death, and her tone was not warm, "Who else touched her just now."

"No! No! I don't!"

"I do not have either!"

"I swear I haven't touched a single hair! They were the ones who arrested me just now!"

...

In an instant, everyone began to look flustered and swear to deny the oath, and almost 18 generations of their ancestors had sworn in.

Selena's eyes slowly fell on one of the men with the sharp mouth and monkey cheeks who was hiding behind them and was about to sneak away. Just now, when the tattooed man was tearing Ke'er's clothes, he was the one who helped hold down Ke'er's hands and feet...

The man noticed that Selena's eyes were on him the moment he looked over, but he didn't have time to run away, and there was a "bang" in his ear.

In the next second, accompanied by howling like a slaughtered pig, a flower of blood exploded from the man's wrist, rolling on the ground because of the pain.

In the empty warehouse, there was endless mournful wailing, and blood flowed all over the ground...

"Dmn b!tch! I want your life..."

The man came out of his guts, cursed suddenly, and took out a pistol with his other hand, but the moment he raised the gun, Selena knocked it down, and rolled on the ground with his hands in his hands, howling.

This woman's gun is so fast it's not human!

"Beauty, please forgive me!"

"Big sister, please forgive me! We haven't even touched a single finger of your friend!"

"Really, you trust us!"

...

Those with guns were eliminated, not to mention the other unarmed ones. Now everyone lost all desire to resist, and the remaining few knelt down one after another.

However, Selena showed no intention of letting them go, the murderous aura around her became more and more intense, and the gun in her hand was pointed directly at the man with the sharp mouth and monkey cheeks.

Now both of his hands are useless, without the slightest ability to resist, like a lamb waiting to be slaughtered.

Chapter 1146

"Big sister! I was wrong! I was really wrong! I don't know anything! I'm also a little guy who runs errands for others, and I do what the boss tells me to do! It's all about wrongdoers and debtors. I'm fine..." The man with the sharp mouth and monkey cheeks was completely swept away by fear at this moment, looking at the gun aimed at him, he yelled for mercy.

"You touched her." The woman's expression didn't waver at all.

With that look, she really wanted to kill him!

"I didn't! I didn't! I just grabbed that girl's hand... No, no, no... I just didn't mean it... Please spare my life... Please..." The man shook his legs, his crotch. There was a smelly yellow liquid ticking in his mouth, and he was so frightened that he lost control of himself.

Selena didn't have the patience to listen to the man's nonsense, but because the hostility in his noisy eyes became even more out of control, the image of Travis being raped by that man kept recurring in her mind. Such images... Gradually and five years ago The fusion scene... made her feel dizzy... At the same time, it became more and more difficult to control herself...

Selena's finger on the trigger was getting harder and harder, and she was about to pull the trigger in the next second...

At this moment, a pair of warm and soft arms behind her rushed over and hugged her, "Selena! That's enough! That's enough! Calm down! I'm fine! I'm fine! Look at me! Selena! Calm down, please? Selena...Selena..."

The girl's anxious and worried voice rang in her ears one after another.

Selena's stiff back gradually softened, and the scarlet color in her eyes gradually extinguished, returning to a gloomy darkness.

The moment Selena put down the gun, those people immediately seized the opportunity and ran out scrambling.

Selena glanced at those people from the corner of her eye, and shot one of the men with a suitcase in his hand.

The man let out an "Aww", scared out of his wits, even scrambling and respectfully sent the box in his hand to the side of the female devil, and then stumbled away...

Dmn it! That's five million! never mind! It's important to save your life...

In that box was the five million raised by Travis overnight.

"The money has been brought back, Selena, let's get out of here!" Travis hurriedly urged for fear of any accidents.

"You go first, I'll clean up the scene," Selena said.

"But you..." Travis obviously worried that she was alone.

"Go." Selena patted Travis's shoulder with a gentle expression, and then she shot her gaze towards Zhuang Rongguang who was beside her like a blade of ice, "Get over here and help your sister!"

"Oh..." Zhuang Rongguang got up in a hurry, because he was walking too fast, he tripped over the body of the man with golden chain and nearly fell, so he hurried to Travis and carefully moved She helped out.

Selena quickly cleaned up all the traces left by herself, and then called the police.

Normally, such a situation would only be defined by the police as gathering a crowd to fight to death, not to mention that after a few fights just now, she discovered that the three people in the lead were not ordinary gangsters, and they spoke with the accent of the Golden Triangle, a drug-trafficking paradise. Desperadoes on...

How could Zhuang Rongguang mess with such a person?

Selena had no time to think, and quickly left the scene, her figure disappeared into the vast night...

Chapter 1147

On the road, Travis waited anxiously by the car for a long time, until she saw Selena coming out, she finally breathed a sigh of relief, and hurriedly greeted her, "Selena!"

"Let's go!" Selena opened the co-pilot's door and quickly helped Travis into the car.

Zhuang Rongguang huddled in the back seat of the car without saying a word like a quail.

Travis subconsciously gathered Selena's coat, and said anxiously, "If I go home like this and get hit by a servant...it might be troublesome to explain..."

"Go to my place first."

"Yeah." Travis nodded, looking at the girl who was driving with reddened eyes, "Selena, I'm really sorry about what happened tonight. I sent the text message without thinking about it in a hurry. I'm just afraid, if something happens to you if you get involved by me, I'm really going to die...I'm really sorry..."

Selena glanced at Travis in the rearview mirror, her eyes no longer had the bloody look when she was in the warehouse just now, and she said softly, "Needless to say I'm sorry, I'm glad that the person you think of is me at a time like this. "

Seeing Selena's gentle expression, Travis couldn't express what she felt, took out a tissue, and wiped the blood stained on Selena's cheek, "But...Selena, why did you come so fast? "

"I've been on a business trip in other provinces for the past few days. I'm flying back to the imperial capital tonight. I saw your text message on the way home by taxi from the airport. Fortunately, the car was not far from your side at that time."

Otherwise, if she goes one step late, she can't imagine what the consequences will be...

Travis showed a clear expression when she heard the words, and then her face was full of worry, "Selena, will this matter affect you? After all, you just now..."

Selena tilted her head, and gave Travis a reassuring expression, "Trust in my ability to track back."

"Yeah." Travis nodded vigorously, trusting the person in front of her unconditionally and without reason.

On the back seat, Zhuang Rongguang stared at Selena with a dazed expression, his eyes... had some yearning and longing that he hadn't realized...

He wants... wants to be someone like this...

This is the person you can rely on...

A person who can make people around you unreservedly trust and rely on...

Want to be a real man...

Half an hour later, Selena drove the car to her villa.

After entering the house, Selena immediately found a set of clean clothes for Travis, "Go take a hot bath and change clothes."

"Ok."

After Travis left to take a shower, Zhuang Rongguang stood in the living room somewhat at a loss.

He thought that with Selena's temper, he would definitely scold him bloody, maybe beat him half to death, so he was already prepared to face everything.

As a result, Selena stopped scolding him and didn't even look at him from the beginning to the end, as if he was just a transparent person who was completely ignored.

Selena's indifferent attitude made him feel worse than scolding him and beating him...

After a while, Travis came out of the shower.

Selena asked Mantou to help her get the medicine box, and then called Travis to sit beside her, "Come here, let me see your injuries."

Selena only took a quick glance, and saw that Travis's wrists and neck were covered with shocking pinch marks, which were even more glaring against the white skin, not to mention the bruises on the exposed skin of her body...

Chapter 1148

Seeing that Selena's face became more and more ugly, and she even faintly reappeared some of the out-of-control emotions in the warehouse, Travis hurriedly took her hand and comforted her, "Selena, it's nothing serious. A little skin trauma!"

However, upon hearing this, Selena's complexion did not show any sign of improvement.

This is just a little skin trauma?

For any woman, the shadow in her heart caused by such a thing and even the fear that will run through her entire life in the future cannot be measured by how many external wounds!

What's more, a girl like Travis who is innocent and ignorant of the world has been well protected since she was a child. She has never been wronged or experienced such a terrible thing since she was a child.

It was fortunate that those people did not succeed when they came in time, otherwise she would not let any one go tonight, even Zhuang Rongguang was chopped up together!

Selena took a deep breath, finally subdued the smoldering aura raging around her, and applied the medicine to Travis very lightly, "It hurts a bit, bear with it."

Travis was afraid that Selena would lose control again, so she endured the pain and did not dare to cry out, and comforted her repeatedly, "It's okay, it doesn't hurt much..."

In the corner, Zhuang Rongguang, who hadn't said a word since the warehouse came here, stared blankly at the horrific bruises on Travis's body, frantically replaying Travis being bullied by those people in his mind. But he is powerless and can't even move a finger...

The dark clouds covering the boy's body became more and more dense, and the air pressure became lower and lower. In the end, it seemed that he had finally endured to the extreme, and suddenly broke out...

Zhuang Rongguang's fists were clenched and his back was shaking more and more violently. In the quiet living room, the boy let out intermittent sobbing and whimpering sounds like a beast trapped in his throat, and then the sound became louder...

Hearing the voice behind her, Selena paused when she applied the medicine to Travis, then turned around and looked at the boy opposite him who was covered in blood and had scarlet eyes crying uncontrollably...

To be honest, the person she most wanted to kill in the warehouse was Zhuang Rongguang. The reason why she didn't talk to Zhuang Rongguang from the beginning to the end, and didn't even look at him, was because she was afraid that she would lose control.

With her temper, keeping such dross is a waste of air!

Selena took care of the last wound on Travis's body, then put down the medicine bottle in her hand, closed the lid of the medicine box, raised her eyes to look at the boy with a calm expression...

"Zhuang Rongguang, you want to be free, unrestrained, unrestrained and not controlled by anyone, right? Well, let me tell you, whether it's smoking, drinking, fighting, racing or gambling, yes, these are your freedoms! You are eighteen years old and an adult, you have the right to choose the life you want! Even your parents have no right to arrange your future! You can do whatever you want!"

Speaking of this, Selena's eyes suddenly turned cold, "But the premise of all this is that you are capable of bearing all the consequences of your choices yourself! If not, then stop talking all day long Trying not to interfere in your life, while letting your loved ones worry about taking risks for you! Let a girl

who has no power to restrain a chicken raise five million in the middle of the night to rush to such a chaotic and dangerous place to redeem you! Ask yourself, are you still a man?"

Zhuang Rongguang walked up to Travis with tears all over his face, knelt down with a "plop", and slapped himself forcefully on the face, "Sister... I'm sorry... I'm sorry..."

Chapter 1149

"Sister, I'm sorry... I won't do it again next time..."

Seeing her younger brother kneeling in front of her and weeping bitterly, Travis was heartbroken and at the same time more helpless.

Watching him become like this step by step over the years, she is almost numb to the point where she doesn't have any hope for him. She doesn't expect him to achieve much, let alone take care of the Lu family in the future. The only hope is that he can live peacefully, but now, he almost lost his life...

For this younger brother, she is completely out of control.

But seeing him apologizing and repenting now, she no longer dared to hold out hope.

No one knows whether he will return to his original state after the incident.

The last time I went to gun practice because of Selena, it was only a few days of energy...

Travis was full of words, but in the end she just turned into a weak sigh, "Get up, don't go to that kind of place to play again."

Zhuang Rongguang nodded vigorously, wiped away his tears and stood up.

"Where are your two friends, Sun Bin and Liang Haoqiang? Are they okay?" Travis suddenly remembered, and then hurriedly asked worriedly.

As far as she knew, Rong Guang was always inseparable from those two buddies. Those two were also well-known playboys in the capital. They must have had a part in the matter.

When Zhuang Rongguang heard Travis mention those two people, his expression changed instantly...

Oh, those two people...

As soon as something happened, he ran away without a trace, until now he didn't even make a phone call, and he didn't even care about his life or death.

The two of them were blocked by the family, and only he could get a little bit from Travis, and he had to distribute it to them every time. Totally stupid a55...

Seeing his expression, Travis seemed to have guessed something, sighed, and didn't ask any more questions.

Most likely he ran away and didn't care about him...

She had already told him countless times to tell him not to associate with those messy people, but every time he said it, he would be furious, saying that she didn't respect his friends, and then they broke up in a bad mood, and they didn't get along for a few days. go home...

"Now, do you want to go back, or stay here for one night?" Selena asked.

"Selena, can I bother you all night?" Travis asked tentatively.

Selena nodded, "Of course."

Travis immediately became happy, "Then I'll leave a message for the nanny..."

Seeing this, Zhuang Rongguang hurriedly raised his hand weakly, "I...I want to live here too! Is that okay? Ning...Sister Xi..."

Selena glanced at him expressionlessly: "Sofa."

Zhuang Rongguang immediately said, "No problem! You can sleep on the floor! I'll watch the door for you in the living room!"

"Ke'er, you sleep with me at night." Selena said to Travis.

"Yeah, good!" Travis naturally wished for it.

Into the bedroom.

Selena made the bed, and the two of them lay down on the bed.

In order to avoid Travis having nightmares at night, Selena has been looking for light and interesting topics to chat with her, so as to distract her attention.

Travis was lying on the soft and comfortable mattress exuding the breath of sunshine, beside her was the girl's warm and sweet breath, and there was a soft tone in her ears, the last trace of fear left in her heart was gone.

Chapter 1150

It turns out that there is a friend beside me who can share happiness and troubles, and can also sleep on the same bed and chat with each other at night. This is how it feels...

very nice...

"Selena, thank you, I'm really not scared at all. At the beginning, I was really scared and desperate, and I was in a daze... But, fortunately, you came! So everything is fine... ...You don't have to worry about me anymore!" While Selena kept comforting Travis, Travis was also comforting her.

"It's fine, go to sleep!"

"OK, good night."

...

At night, the two girls cuddled up and slept.

Although Selena closed her eyes, she never fell asleep until she heard the sound of regular and steady breathing beside her.

At night, Travis slept peacefully, with a faint warm look on her face, without the slightest bit of panic or being attacked by nightmares.

Selena slowly let go of the heart that she had been carrying all along...

fine...

She doesn't want to see her second self...

She tried her best to prevent this from happening, and comforted Travis, as if she was saving herself back then...

At this time, there was a very soft knock on the door.

Selena stood up slightly, "Come in."

The door was gently pushed open, and Zhuang Rongguang stood at the door lightly, "Sister Xi, is my sister asleep?"

Selena: "Yes."

"I..." Zhuang Rongguang looked at Selena, hesitant to speak, "Sister Xi... can I talk to you?"

Selena glanced at him, and finally lifted the quilt lightly, and got out of bed.

in the living room.

Zhuang Rongguang stood in front of Selena as if he had nowhere to rest his hands and feet, and then quickly rushed aside and dragged a chair to Selena's side, "Sister Xi, sit down."

After speaking, he poured her another glass of water and brought it to her.

When it was over, he stood in front of her, twisting and turning, as if he wanted to speak but couldn't speak.

Selena picked up the cup, took a sip of water, cast a sidelong glance at the whimpering young man opposite, and said, "If you have something to say, if you want to fart, then let it go!"

Zhuang Rongguang bit his lip, drooped his head, dawdled for a while, and then said listlessly, "Sister Xi...I...Is there any help?"

Selena raised her eyes and glanced at the tense young man who seemed to be waiting for her sentence of life and death, "God help you, you can still stand here and ask me this question today, which means you are still saved."

Zhuang Rongguang's tense back suddenly relaxed a bit when he heard the words, his eyes were slightly red, "I know the story of the wolf coming, now I'm afraid you won't believe me if I say anything... But this time, I will Proven by actions..."

As Zhuang Rongguang said, he stared brightly at Selena who was opposite, and said with a little excitement, "Sister Xi... I want to be a man like you in the future!"

The corners of Selena's mouth twitched, "Your ideal..."

No, the point is, Dmn it, I'm a woman, okay?

"Sister Xi, what did you do before? Are you really just an ordinary actor?"
Zhuang Rongguang asked excitedly and curiously.

Selena's eyes flickered slightly, "What if I say no?"

Zhuang Rongguang was stunned by the dangerous light in the girl's eyes, and then said firmly, "No matter what you did before, whether it was evil, good or bad, you are so kind to my sister and help us so much, you In my heart, they are all good people! Besides, being kind to the enemy is being cruel to yourself! You were so manly when you shot!"

"I thank you..."
