

Cruel Heart Lover Novel

Chapter 1231

Selena's movies are getting more and more popular, Shi Xiao and Xiong Zhi are probably the happiest.

Not only did the two join the crowd of netizens seeking justice for "Dream Seeker", they were crazy about Amway on the Internet every day, and they even bought movie tickets out of their own pockets to invite people around them to watch for free. Moreover, the two were also Selena's fans all over the world. Senior member of the support group.

Can you be unhappy, the proprietress is getting more and more popular now, and the day when the two of them take office is not far away!

Because all theaters have increased their screening rate under the pressure of the public, the screening rate of "Dream Seeker" started to soar like a rocket...

600 million, 700 million, 800 million, 900 million...

On the tenth day, "Dream Seeker" broke through the billion mark in one fell swoop!

On the other hand, "I Only Like You" is still stagnant in the early 500 million, and IMDB's score is only 35 points!

All netizens cheered and celebrated spontaneously.

It's not just a triumph for one film, it's a triumph for all of them.

To put it a bit bigger, it can even be said to be a major event in the history of Huaguo film!

A high-end villa in the imperial capital.

Liang Biqin cried in front of Su Yimo with pears, "Cousin! That woman is so insidious, she is clearly trying to force me to death and step on my head! The film is definitely a hit, but now, everyone is scolding me... How can I mess around in the circle in the future!"

Su Yimo looked at the pile of magazines and newspapers in front of him, all of them were flattering Selena, and his expression turned ugly.

After they learned that Selena's new film was Shen Mian's self-produced low-budget film, they didn't bother to pay more attention to it. Who knew that this film would explode to such an extent...

"Cousin, this woman is very scheming. She first eliminated me, and the next step is probably to deal with you, cousin!" Liang Biqin cried.

Su Yimo sneered, "Then she must have that ability."

Liang Biqin saw that the tone was playful, and immediately flattered her face, "What is she capable of? It was my cousin before you didn't do anything. As long as you do something, you will crush her to death with just one finger!"

"Now that she is in the limelight, if we fight against her at this time, it will make things difficult for the company. Let's wait. What's more, her film has reached its peak with a billion box office." Su Yimo said firmly.

"Cousin, you are so virtuous, and you still think about the company!" Liang Biqin muttered, and then flattered, "Isn't it just one billion box office? Of course it is nothing in the eyes of my cousin. The highest box office of my cousin's movie is a breakthrough. More than 1.8 billion! They are twice as much as hers!"

...

The outside world's judgment on "Dream Seeker" is basically the same as Su Yimo's, thinking that after one billion, the upside of "Dream Seeker" is very limited.

Generally, the box office grows fastest in the first week, and it hardly rises after that.

On the day when the billion was broken, Selena posted a set of photos of herself in men's clothing as a bonus as she had agreed with Shen Mian.

Because Daniel's photos were so good, almost every one was perfect, and Selena couldn't bear to waste one, so she just made up the nine grids, which was regarded as giving enough benefits to fans.

Netizens have been howling about Selena's men's clothing photos for several days. As soon as Selena's Weibo was posted, within two hours, it became the top trending post, with over 100,000 retweets... ..

This is simply the influence of the first-line big names!

...

Chapter 1232

After seeing this group of photos, under Selena's Weibo, the girls who were eagerly looking forward to it almost went crazy!

"Ahh! The screen is so dirty! Why is my screen so dirty! Lick, lick, lick!"

"My husband's home photos are even sexier, he's so handsome that my legs are weak!"

"Pictures can also make me like this, you annoying little goblin!"

...

Amidst the sound of licking the screen, many netizens discovered a problem...

"Doesn't any of you feel that Karen's photos have an inexplicable... sweet smell of love?"

"Yes, yes, yes, yes! I feel like I'm in love just by looking at it! The way Karen looks at me is like looking at a lover!"

"That look makes my whole body go numb, okay! Oh, oh, oh, so envious of the photographer who took pictures of Karen! Being able to be teased by Karen at close range!"

...

Looking at the comments on Weibo, Selena finally seemed to be able to understand Daniel's reaction when he took a picture of himself that day.

Hmm, it seems that saying that the big devil is not professional is wronging him? Was it true that she seduced him?

No, it's still to blame the Great Demon King for being too beautiful and delicious...

While Selena was thinking, she was rubbing her chin and flipping through the comments when her phone rang, and it was Louis calling.

"Hello, what's the matter?"

"I can't find you if I have nothing to do, big star!" Louis's humming voice came from the other end of the phone.

Hearing the words, Selena said quietly, "What are you doing, are you jealous of me!"

"Tch, you want me to be jealous of you, it's too early for you!" Louis used that catchphrase again, but the tone was obviously a lot weaker this time.

"Why are you looking for me?"

Louis hesitated for a long time, and then asked, "Who took those photos of you?"

"Why are you asking this?"

"you answer me first!"

"Your uncle! Otherwise, who else would there be?" Selena replied in a natural tone.

"Hmph...I knew it...with such a rippling smile..." Louis hung up the phone with a "snap".

Selena looked at the hung up phone with a puzzled expression.

This snake is sick! Called specifically to ask this?

Just after Louis's call, Shen Mian's call came again.

"Selena, who took this group of photos for you?"

Unexpectedly, Shen Mian asked Louis the same question.

"I asked a friend of mine to help me take pictures at home. Is there any problem?" Selena asked.

Shen Mian immediately laughed and said, "No problem, no problem! Your friend is good at taking pictures! The effect is really good!"

After Shen Mian finished speaking, she continued to speak with a somewhat excited tone, "Do you know that I just got the news that in just two hours after you posted the photo, movie tickets in major theaters were almost sold out? ! This time we are very likely to break the single-day box office record of domestic films!"

"Uh, it's real or not!" Selena only knew that the fans' response to these photos was very good, but she was a little surprised that they had such an astonishing boost to the box office.

Shen Mian explained with a smile, "It's understandable that our box office is so high this time. You are a male fan and a female fan! Can the box office not be high!"

"Cough, okay..." This explanation really couldn't be refuted.

"So this is what I want to remind you. It's okay if you are too partial to female fans. When you break the record, you have to prepare to send a group of women's clothing photos. It's best to ask your friend who is good at taking pictures to help you!" Shen Mian had a tone of looking for the welfare of the majority of male fans.

Selena chuckled, "No problem!"

...

Chapter 1233

It was also a coincidence that the next day happened to catch up with the national statutory holiday, and the major theaters also gave "Dream Seeker" the largest screening rate.

The holidays, the super high rate of filming, and the publicity effect of Selena's Weibo, the three-pronged approach can be described as the right time, place and people.

On the third morning, the box office data of "Dream Seeker" came out the day before...

80.2 billion!

In just one day, in 24 hours, the box office reached a terrifying figure of 800 million, breaking the single-day box office record of 79.8 billion on the day of the premiere of the comedy king Pang Xun last year by a small gap!

The current total box office has reached 1.8 billion.

If this situation continues to develop, not only the single-day box office record, but also the total box office record is very likely to be broken.

When everyone thought that one billion was almost the peak, such a blowout box office figure and such a terrible stamina stunned all the media and insiders!

At the same time, as expected by Shen Mian, Selena's Weibo requests for women's clothing also began to wave after wave.

Although Selena dressed up in men's clothing most of the time in the play, things were rare and expensive. Not only were the few women's clothing not ignored, but they left a deeper impression on the audience, especially when she was caught by a big wave Men regard it as a classic.

Many male viewers had the same mentality as Shen Hanchen and Qi Fang back then, because Selena acted so well that they completely forgot that she was a woman. Seeing how popular she was with girls, especially those with wives and girlfriends, watching It's inevitable that his wife and girlfriend are so infatuated with Selena.

However, when they watched the movie together and saw how amazing the heroine in the movie was when she regained her women's clothing, they decisively became Selena's fanatical fans along with their own wife.

In the past, couples who were often jealous because of each other's star-chasing, fell in love with an idol at the same time this time, which is unusually harmonious, and their enthusiasm for star-chasing is also doubled.

Early in the morning, Selena's phone calls were about to explode, they were all congratulations, and of course Shen Mian reminded her again to prepare benefits.

Selena originally thought that breaking the record would not be so fast, but she didn't expect that it would break after a day, so she hurriedly called the big devil and made an appointment with him to come and take pictures for her after he finished his work.

afternoon.

After Daniel came over, Selena jumped over and squeezed her shoulders and thumped her back, "Master Boss, the photo you took last time was really great. Director Shen asked me to ask you to take it again this time!"

Daniel glanced at her lightly, and then asked, "This time, are you going to shoot women's clothing?"

Selena nodded repeatedly, "Yes, yes! You are so smart, Mr. Boss!"

"No." Daniel said two words directly.

Selena: "!!!"

The Great Demon King actually refused...

Selena was immediately disappointed, "Why?"

Daniel: "I can't help it."

Hearing these three words, Selena almost choked on her own saliva. It took her a long time to recover, and coughed lightly, "But, didn't you do a good job last time..."

"Do you think I can hold back men's clothes and women's clothes as well?" Daniel said blankly, "Don't overestimate my self-control."

Selena: "..."

Seeing Daniel's "resolute disobedience" appearance, Selena had a headache.

This guy, he refused to shoot this time, is it really just because of this?

...

Chapter 1234

The photos this time are quite important. Selena wanted to take the first time with the same quality and natural effect, and didn't want to hire a professional photographer who would look too deliberate, so she really didn't know where to go. Who.

Just as I was worrying, a flash of inspiration suddenly appeared in my mind, "Ah! I have it!"

Hmph, he's not the only reliable man in the family!

"Little Treasure is coming out of school soon, I'll pick him up from school!" Selena said happily.

It has been decided, this time I will ask the little baby to help her take the photo.

Today is different from the past. Ever since Selena became famous overnight, going out now is definitely not as convenient as before.

In the past, she often went out in men's clothes for convenience, but now women's clothes are safer than men's clothes.

Fortunately, the parent's name she registered with the teacher before was "Keren", and the reason for her appearance can be justified by the reason that she looks like a big star.

However, to be on the safe side, Selena still didn't get out of the car, and Daniel went down to pick up Rick.

Although Papa personally came to pick him up from school today, Rick expressed his composure.

Outside the car window, Selena saw the little guy carrying a small schoolbag on his shoulders, being held by Daniel's little hand, with an ice-cold face just like Daniel's, walking towards the car expressionlessly.

The dialogue between father and son is also very speechless...

Daniel: "What did the teacher teach at school today?"

Rick: "I don't know."

Daniel: "How are you getting along with your classmates? Have you chatted with them?"

Rick: "Boring."

Daniel: "How was the result of this quiz?"

Rick: "It's okay."

...

The father and son walked to the car while having a speechless father-son exchange.

Daniel stepped forward and opened the back seat door, and then, the little bun outside the door froze for a moment...

"Mom!" The little guy's paralyzed face immediately showed a soft and cute expression, and he called "Mom" softly, and happily climbed into the car and threw himself into Ma Ma's arms.

"Little Treasure!" Selena hugged the little guy and kissed the little guy's soft cheek.

"Mom, are you here to pick up Rick?" The little guy's eyes were as bright as stars in the sky.

"Yes, but I didn't get out of the car because I was afraid of being recognized. Rick, don't be angry with mom!"

The little guy immediately shook his head vigorously, "Rick will never be angry with his mother, and Rick is already very happy to see his mother!"

Seeing his son's completely different expression after seeing Selena and his different treatment, Daniel said that he was used to it...

The car started slowly.

Selena was so moved that she immediately kissed the little guy again, then hugged Rick and chatted, "Honey, what did the teacher teach today?"

"Mom, the teacher taught arithmetic, drawing, and nursery rhymes!"

"Do you get along well with your classmates? Have you chatted with the children in the class?"

"Mom, Rick has some. Rick listens to her mother and chats with children."

"So cute!"

The little bun who was praised had a happy expression on his face, then he turned his head and took out a test paper from his schoolbag, unfolded it in front of Selena, "Mom, Rick got 100 points in the test!"

Selena looked at the bright red full marks on the test paper and was even more happy, "My little treasure is amazing!"

She knew that Rick didn't like to waste time on boring things, but he did the kindergarten level test paper and got 100 points in the test, obviously to make her happy.

Thinking of this, her heart softened into a mess...

...

Chapter 1235

In the front driver's seat, Daniel looked helplessly at his well-behaved and sweet-mouthed son in the rearview mirror...

If he hadn't done the paternity test several times back then, he would have doubted whether this little guy was his own.

On the contrary, this little guy and Selena are closer than mother and child...

Daniel stared at the mother and son in a daze. Not only did they get along very well, but they even seemed to have some similarities in some small actions and expressions, especially when they laughed, the expressions on the corners of their eyes and brows were very similar...

If Rick is really Selena's own...

As soon as he thought about it, Daniel sighed and shook his head, dismissing this whimsical idea...

Taohuawu.

After arriving at the villa, Selena told Rick that she wanted to ask him to take a picture of herself, and Rick immediately agreed, expressing that she was very happy to help Ma Ma.

Selena was thinking about the look she was going to shoot this time when Ling Zhizhi called.

"The welfare director this time is to let you post photos of women's clothing, have you chosen the clothing?" Ling Zhizhi asked.

"Well, no, I'm worried... Could it be that there is a sponsor who wants to sponsor me?" Selena asked.

"Indeed, there are many, but I suggest you wear your own brand." Ling Zhizhi suggested.

"Sister Zhizhi, you said Zeling? That's right! Why didn't I think of that!" Selena said pleasantly.

The past few days have been ups and downs, and her mind is a little confused. She really didn't expect to wear Zeling's clothes to take pictures for a while.

She had reported to Ling Zhizhi about the establishment of Zeling from the very beginning, so Ling Zhizhi knew about it all along and expressed her support.

It is not only her own brand, but also very suitable for her temperament. It is indeed very suitable.

"The most important thing for you now is not the sponsorship fee, but it will be very beneficial for your future development after you wake up." Ling Zhizhi analyzed.

"Hmm, but, which series should I choose?"

"The ready-to-wear collection."

"Ready-to-wear collection?" Selena thought Ling Zhizhi would let her wear haute couture.

"You will be very popular this time. It was launched by thousands of people, and you have a huge mass base. At this time, it is much better to be down-to-earth than to suddenly develop in a high-end direction. And most of your fan base is ordinary. young people, although ready-made clothes are not cheap, but most working parties can afford one."

From this point of view, the ready-to-wear series with a slightly more affordable price is indeed much better than the luxurious and expensive haute couture series.

Gao Ding can wait for her strength to stabilize before promoting better...

Thinking of this, Selena immediately said, "Okay, I got it! Thank you, Sister Zhizhi, I'll send it to you when the filming is finished..."

Zeling's ready-made clothes were all ready-made at home, so Selena directly selected nine sets from the closet.

Selena changed into her first floral dress and came out, "Rick, are you ready to take pictures?"

Rick nodded with a serious expression. Then, he held up the mobile phone with one small hand, and gestured something in the air with the other hand.

Selena couldn't help but laugh, wondering if this was some special way of taking pictures?

But forget it, as long as Rick has fun taking pictures!

Soon all nine sets of clothes were photographed, and Selena flipped through the photos one by one, becoming more and more surprised the more she looked at them.

From her not-so-professional level, it can be seen that compared to the casual and lazy group that Daniel took for her, the composition of every photo that Rick took for her was accurately pinpointed to the golden section point. So every photo looks like a painting or a blockbuster.

It seems that the little guy has used all the composition skills in painting to take pictures...

...

Chapter 1236

The more Selena watched it, the more she liked it, and said excitedly, "Baby, why are you so talented! It's so good to take pictures of mom!"

Little bun looked up at Ma Ma with his little head up, and said with an unusually serious expression, "It's because Mom is pretty!"

Selena clutched her chest, expressing that she was hit by an arrow.

Emma, when Rick couldn't speak, she was already so cute. Now that this little guy can talk, he is even sweeter. She has no resistance at all. Even if he wants the stars in the sky, I guess She will also climb up and pick it for him...

Before posting on Weibo, Selena sent the photos to Ling Zhizhi and Shen Mian respectively.

Waiting for their reply, Selena caught a glimpse of Daniel looking at his phone from the corner of his eye. After a glance, he realized that what Daniel was looking at was her photo...and it was just taken...

Selena poked her head from behind like a ghost, and snorted, "Daniel, I found out! You actually secretly took pictures of me! Didn't you want to take pictures? Why did you want to take pictures! Show me quickly!"

It's definitely not good to take casual photos, she doesn't allow Daniel to have bad photos of herself in her phone!

Daniel didn't evade, and let her snatch his phone away.

Selena immediately flipped through the phone with her phone, and the result... the more she looked at it, the redder her face became...

Finally, he gave the man on the sofa a vicious look, "Rogue!!!"

Daniel raised his brows slightly, but he seemed to be in a good mood after being scolded, with a teasing smile in his eyes, "Huh?"

Seeing the other party's innocent expression, Selena became even angrier, um, sh1t!

Obviously they all have the same shape, but when they were photographed by different people, it turned out to be a completely different feeling.

Rick photographed her so tall and big, so kind and healing, but in Daniel's photo, her whole body was full of seductive aura, and a completely casual look seemed to be seductive. The old man blushed...

It really verified that sentence, what is in the heart, what is seen!

However, in all fairness, it is indeed Daniel's photos that are more attractive to fans...

While Selena was making some small calculations in her heart, Daniel's slender fingers snatched the phone away precisely, obviously seeing through her innocence.

Selena puffed her cheeks, "Stingy!"

She finally understood why Daniel didn't want to take pictures of her. When this guy took pictures of her women's clothes, they were a hundred times more attractive than when he took pictures of her men's clothes...

"Hmph, forget it, my son took better pictures!"

The little bun on the side nodded repeatedly, expressing his agreement.

At this moment, replies from Ling Zhizhi and Shen Mian came one after another, both of them were full of praise for this group of photos.

"Selena, this group is also very good, although it has a completely different style! Your friend has quite a variety of styles!" Shen Mian on the other end of the phone said.

"Cough, yes..." One is the father and the other is the son, so the difference in style can be small...

After the two checked that there was no problem, Selena posted this group of photos on Weibo.

After sending it out, Selena thought she still had something to explain to the company, so she called Han Momo, "Momo..."

"Karen! Ahhh! Karen, you actually called me!"

Before Selena could finish her sentence, Han Momo's scream that was so excited that it was about to burst through her eardrums came from the phone.

...

Chapter 1237

Seeing Han Momo's overly excited reaction, Selena was a little speechless, "Honey...it's not like you can't see me in person, why are you so excited?"

"But I've never seen you in men's clothes, boss! You're so handsome in men's clothes, boss! Can you give me some employee benefits? I really want to see you in men's clothes, boss..."

"Let's forget it!" Selena chuckled.

"Why!" Han Momo was immediately disappointed when she heard this.

Selena pursed her lips and chuckled, "I'm afraid you'll miss it forever."

As soon as the words fell, Han Momo said in an unbearable tone, "Karen, don't talk to me in such a tone... my little heart can't stand it! Oh, my God! Now if those crazy fans of yours know that I am calling you, know that I am your employee, you must be envious of me!"

"Okay, stop teasing you, let's get down to business, Momo, tell the factory right now, get ready, you may increase the production of ready-made garments at any time, and the sales may increase a little recently..." Selena urged.

"Huh? Why?"

"Look at my latest Weibo."

"Oh, go right away..." Han Momo said, and clicked on Weibo on the computer.

After a long while, Han Momo screamed more excitedly than just now, "Ahhh! Boss! You are too modest! It's not just a lot! I guess the warehouse will

explode right away! These few days The suit is just an ordinary ready-to-wear, and the price is not high, why is it that you wear it on your body, the boss, it has the same effect as the high-end customization of other luxury brands with millions of pieces! There are already many people asking below..."

While talking excitedly, Han Momo freed up her hands to type and reply to some fans' questions on Weibo.

Brother Ao Xi is so beautiful! I thought I was only obsessed with Karen's men's clothes, but now I'm really going to bend over! In these few photos, Karen is really gentle. After seeing it, I feel healed! ps: Ask Karen about the brand of his clothes! Love this style so much!

I really like it too, but it's very expensive at first glance, at least tens of millions. It's probably a limited edition, so we definitely can't afford it!

Han Momo typed quickly: I know! The brand of clothes on Karen is called Zeling, and they are not that expensive at all. You can buy them for as little as a few thousand. Zeling's advanced customization is indeed very expensive, but the styles of these sets are ordinary ready-made clothes, so it is not that difficult to buy. Zeling's specialty stores sell them all. At present, there are six Zeling specialty stores in the Imperial City.

Soon, Han Momo's detailed comment was liked by enthusiastic netizens and became popular.

Previously, Selena's Weibo had some photos of her in women's clothing, but unlike those female celebrities who often post selfies and photos to brush their faces, Selena's Weibo is mostly still photos or funny S photos, and the actual body rarely appears. , and there is not even a single selfie, which can be regarded as a strange thing among all the female stars.

Therefore, this time, nine photos were posted in a row, which is a feast for the eyes of fans.

This kind of feeling that the previous Weibo is still a male god, and the next one becomes a goddess, it is really amazing!

Both male and female fans expressed their surprise.

As for Selena's male fans, besides being amazed by all kinds of surprises, there were quite a few people asking about the clothes, and they all expressed that they wanted to buy them for their daughter-in-law and girlfriend...

The accompanying publicity effect on Zeling was even better than Selena imagined. As for the box office effect, it depends on the remaining few days...

...

Chapter 1238

At present, "Dream Seeker" is only halfway through its release time, and its total box office has already exceeded 1.8 billion, so no one dares to predict its box office trend in the future.

Generally, the release time of a film is based on the box office of the film. If it is too bleak, it is basically a "three-day theater tour", and there are even many films that are released within one day of release.

For example, Susie's unpopular literary film "The Mountain" was released recently. The box office was pitifully low, not to mention the reputation was not good. For the sake of face, it didn't last for three days.

During this period of time, all theaters are making room for "Dream Seeker" as much as possible. How could they be willing to waste the screenings on this kind of film that has no attendance rate?

And with the popularity of "Dream Seeker", the schedule will be at least one month.

In the early stage, the box office of "Dream Seeker" was mainly due to the quality of the film itself and the wonderful performances of the leading actors. Later, the strength of director Shen Mian also began to accumulate.

Back then, Shen Mian's first film "Stars, Moon, and Sun" was popular all over the country, and was named "Asian Star" by American Business Weekly. .

The youth-themed movie "Love in the Future" produced later won the box office champion of the year, leading a large number of youth movies and trends.

It is precisely because Shen Mian's starting point is so high, and the audience's requirements and expectations for him are also very high, that caused his subsequent commercial films that compromised investors and the market to be so criticized.

The media has always stepped on the high and flattered the low. After Shen Mian achieved another glory this time, almost all the print media and online media praised Shen Mian overwhelmingly, saying that "I owe Shen Mian a movie ticket", which was praised by Shen Mian before. The older brothers and sisters in the entertainment industry also spontaneously helped promote it. Ten years ago, a large number of Shen Mian's former fans also walked into the theater for Shen Mian...

Even if Zheng Kangde jumped in a hurry, he could only watch helplessly.

The general trend is irreversible.

One month later, the total box office of "Dream Seeker" came out – 327.5 billion!

Breaking the box office record of 24.8 billion for "Le Shi", it has firmly climbed to the top of the mainland film history box office chart, creating a miracle in the history of Chinese film!

In the film, everyone from the leading role to the supporting role became popular, especially the heroine Selena and the heroine Shen Hanchen, who became popular overnight and became the ranks of first-line actors in no time.

Selena's film appointments, endorsements, variety shows... Crazy flocked to Lin Zhizhi's case...

The company of the game that Selena and Louis endorsed before is now crazy about it. It spent 1 million to invite Selena to endorse it for five years, and now it's a big profit!

Of course, some are happy and some are sad.

Star Entertainment.

Janice came to the company as usual, but she received strange looks and whispers from all her colleagues.

"Have you heard that Selena's movie has a box office of over 3 billion. It is the Chinese box office champion and has broken more than 20 records!"

"Nonsense, you haven't heard about such a big thing. I saw someone posting it in the group early in the morning, and everyone said... Janice's guts are going to turn green with regret now!"

"Pfft...isn't that right... Back then, for Susie, Selena was forcefully forced to leave... As a result, Selena suddenly became popular after going to the prosperous age..."

...

Chapter 1239

Recently, with the backlash of "Dream Seeker" and Selena's soaring horror popularity, Lin Zhizhi returned to the pinnacle of gold medal manager, while

Janice was blinded by all kinds of ridicule... All these made her Scratching my heart and lungs, I almost didn't go crazy!

If Selena was still an artist under her at this moment, if she hadn't kicked Selena out of Empire back then, then all the glory now should belong to her!

She is the one who is envied, and she is the one who is admired and respected! Her career will take a big step, and the most important thing is to have such a big cash cow!

But now, she can only watch helplessly that all the things that should belong to her fall into Ling Zhizhi's hands, and she personally sent them over.

The most ironic thing is that, in order to get an award to pretend to be a force, Susie made up her mind to shoot some kind of popular literary film, but the box office was so bad, and the word-of-mouth didn't win, which made her lost all face...

Now, she still has to bear the anger of that young lady!

Susie looked at the silent Janice, her eyes full of sarcasm and sarcasm, she stroked her nails, and sneered, "Well, seeing how popular Selena is now, do you regret it? To terminate the contract at night?"

In this network war, Susie also contributed a lot. She has been secretly helping Liang Biqin buy navy troops to suppress "Dream Seeker". "Dream Seeker" became popular, and there was a counterattack, but who knew it, but his own mother didn't even know it.

The thing that made her hate the most was that that bitch stepped on her in the movie and let it go, and even helped Zeling do publicity, which greatly affected History, who was clearly trying to oppose her...

Hearing Susie's words, even if Janice thought about it in her heart, she couldn't admit it, so she tried her best to deal with it, "Susie, look at what you

said, how could I be so short-sighted! One night in the entertainment circle There are so many popular people, and you can see how many of them can really go far. She is just a moment of complacency! A bloody comedy, no matter how much box office it is, when our film wins an award, we will still hit her s face!"

However, the actual situation is that although their film was made by a famous director, the industry's evaluation is really not good. If they want to win a truly valuable award, it is really difficult, it depends on whether Susie's way is hard enough, Can you get through to the judges...

Probably because she was satisfied with Janice's answer, Susie didn't have a fit for the time being, and snorted coldly, "Go ahead...the higher she climbs...the faster she will die..."

Janice rolled her eyes when she heard the words, knowing that Susie was referring to Su Yimo's side and would definitely attack...

This Selena is really a bit wicked, even though Su Yimo and Liang Biqin jointly suppressed her, she was able to stand out. I heard that last time Liang Biqin deliberately snatched "I Only Like You", so that Selena could only accept Shen Mian's novel. Production, who would have known that this small production would be a hit.

This woman must be very lucky, right?

However, after all, Su Yimo's backstage is there. If you really want to mess with her, it's easier than crushing an ant to death. No matter how popular she is, it doesn't matter!

Selena's happy days are probably coming to an end...

At the same time, Shengshi Entertainment.

Selena was wearing a new Xi Zeling dress that hadn't been released yet, and sunglasses, and Xiaotao was beside her. The moment she stepped into the company, she caused a sensation.

...

Chapter 1240

Seeing someone coming, all the staff who had ignored her in the past all gathered together, and the newcomers who were training also flocked after hearing the news, all kinds of compliments...

"Ah! Karen! Can you sign me, Karen? I'm your fan!"

"Senior! You are amazing! I don't know when I will be like you..."

"Sister Xi, you haven't been to the company for a long time! I didn't expect to see you today. Fortunately, I didn't transfer shifts! Can I take a photo with you?"

...

Not only Selena, but even Xiao Tao was surrounded by many people.

She was Leng Manyun's assistant before, but she was "exiled" to Selena's side. I don't know how many people took pleasure in her misfortune, but now the expressions of those people looking at her have obviously changed.

"Xiaotao, you are so lucky, you are as good as Sister Manyun, and now Selena is so popular!"

"That's right. Sure enough, you were right to follow Sister Lin and listen to her arrangements. Sister Lin is too discerning!"

"When you develop in the future, don't forget about our sisters..."

...

After a long delay outside, Selena and Xiao Tao finally got rid of those people and arrived at Ling Zhizhi's office.

"Hmph, they're all a bunch of bullsh1t! Let them dare to look down on others in the future!" Xiao Tao said with a proud expression, helping Selena to pour water.

Needless to say, Xiao Taoming, Ling Zhizhi also guessed what might have happened outside just now, she looked indifferent and didn't say anything, and handed Selena a densely packed itinerary, "This is your approximate itinerary for the past month. We will adjust the problem."

After speaking, he handed over several documents, "This is the specific information of some recent announcements, you can read it. As for the new film, there are many notebooks handed over, but it needs to be carefully selected, and there is no rush for now."

"Miss Zhizhi, you've worked hard!" Looking at the dark circles under Ling Zhizhi's eyelids, Selena gratefully accepted it.

I saw that the top one was the announcement about "Beauty's Private Kitchen".

Selena glanced over, "Hmm...the director invited me to be on the show with Shen Hanchen?"

Ling Zhizhi nodded, "Yes, I have considered it comprehensively. This show is very suitable for your position. The combination of you and Shen Hanchen, the audience should also want to see it."

"Hmm..." Selena scratched her head, clasped her hands together, looked at Ling Zhizhi and said, "Sister Zhizhi, I have a heartfelt favor!"

"What's wrong?" Ling Zhizhi asked.

"Male guest on this show, can I invite Ke Mingyu?" Selena asked with a pleading expression.

Ling Zhizhi was a little surprised when she heard this, and then looked at her thoughtfully.

Selena coughed dryly, "Sister Zhizhi, don't misunderstand me, I just want to help Ke Mingyu a little because I owe Ke Mingyu a favor, and he is also an artist of our prosperous age, so it's not bad to be a favor OK, right?"

Earlier, Daniel assigned Ke Mingyu's identity to an ordinary manager of Glory World Entertainment.

Ling Zhizhi thought for a while, "Actually, Ke Mingyu is very low-key and has a good fan base, so it's not a bad idea to invite him, as you said, after all, he is also an artist of the same company now, but the director team values it more. Shen Hanchen's popularity, I'm afraid it's too hard to convince..."

Selena patted her chest immediately and said, "It's simple, I can tell the show crew, as long as they agree to invite Ke Mingyu from our company as a male guest, I can wear men's clothes on the show!"
