

Cruel Heart Lover Novel

Chapter 1281

The screen was full of headlines and related photos and videos of "Liang Biqin's Sleeping with You" and "Liang Biqin's Passionate xx Door"...

"Su Yimo was expelled after attempting to seduce Daniel" and "Su Yimo was banned" also grabbed the headlines, and the entire Internet was in chaos and excitement...

A few days ago, everyone was still discussing the matter of Su Yimo, but they didn't expect that there would be such an explosive development in the future...

All morning, the phone numbers of Shengshi Entertainment's public relations department were about to explode. With such a scandal, Shengshi lost three generals at once, and Yi Xudong was extremely busy. He and the female artists were overjoyed, they almost didn't celebrate publicly.

For this matter, the industry is happiest than Empire Entertainment.

As the former industry leader, Empire Entertainment has always been countered by the up-and-coming Shengshi Entertainment. At this moment, seeing Shengshi Entertainment's misfortune, how could they be unhappy, so they hurriedly joined in and stomped a few more feet.

Of course, not everyone in Empire Entertainment is so happy...

Susie threw the newspaper on her phone heavily, her expression turned extremely ugly.

"This Su Yimo, what the hell is he doing!!!"

She wholeheartedly counted on Su Yimo to make a move, so that she could borrow a knife to kill Selena without any effort. Who knew that Su Yimo played a good hand of cards step by step to such an extent!

A few days ago, when it was reported that Su Yimo was clarified by Daniel and refused to make a fool of himself in public, she was not worried at all when she saw that Su Yimo had no backer. On the contrary, she was even more convinced that without the backer, Su Yimo would be even more anxious to get rid of it at all costs. Selena is the right enemy.

Thinking about it this way, Susie was in a very good mood these past few days, and she was wholeheartedly waiting to see Selena's misfortune, but in the end, she waited for the news that Su Yimo, Liang Biqin, and Zhao Anxin were all annihilated!

Janice on the side frowned and murmured, "Accordingly, Zhao Anxin shouldn't have made such a mistake! How could someone catch such an important handle, and it just happened to be photographed by a reporter..."

"The three of them can't beat that b!tch Selena, a bunch of idiots!" Susie was furious.

"Hey, this is tricky... Without Su Yimo, wouldn't Selena be even more frightened! She is Saul's direct descendant, and she has become popular recently. The Lu Group's opportunity originally belonged to Su Yimo. Everything will fall into her hands..." Janice's face was full of worry.

Who would have imagined that Selena, who had no flexibility in the end, would be able to get along in the entertainment industry like a fish in water, and even Su Yimo fell into her hands.

Counting Selena's steps since she entered the circle, it is almost a step by step, climbing up step by step, the speed is so fast that it is frightening to think about.

Janice didn't dare to think about it anymore, otherwise she would be vomited to death by regret...

The matter has come to this point, there is absolutely no room for maneuver, Susie gritted her teeth angrily, and called Selena...

"Hey, sister, congratulations! I really didn't expect my sister to be so powerful..."

Selena was not surprised when she received a call from Susie, "What's the matter?"

Susie: "Come out and meet."

Selena: "Okay!"

She could basically guess what Susie was looking for her for, anyway, she was idle at the moment, so it would be nice to play around with her!

...

An hour later, a box in a coffee shop.

Susie cut to the chase and said, "I'm not going to be a secret anymore. I think you, sister, know why I came to you. I can buy the 10% of the shares in your hand at a rate that is 30% higher than the market price! Of course Now, with so much money, I can't take it all out for a while, and I can use the shares of history to offset the missing part!"

Chapter 1282

When she said this, Susie's face was full of pain. Obviously, if she hadn't been forced to, she would never have offered such a high condition.

Selena laughed lowly, "History shares..."

Susie snorted coldly, "You also know that History's shares are still very valuable now, don't worry, you won't lose money."

Originally, Su Yimo was counting on Su Yimo to kill Selena, but now things have turned out like this. She can no longer delay the matter of shares, so as not to have long nights and dreams, the most urgent thing is to get the 10% shares back from Selena.

Selena said unhurriedly, "Actually, I have no interest in the shares of the Ning family..."

Hearing this, Susie thought there was something going on, and her eyes lit up immediately.

In the next second, Selena continued to say, "It's just that, even if I feed it to the dogs, I won't give it to you."

"You..." Susie immediately jumped up.

This is clearly mocking her for being inferior to a dog!

Susie's eyes were gloomy, "Selena, don't forget, you still have something in my hands! If I expose your scandal back then..."

Selena didn't care at all when she heard the words, she held her chin and said slowly, "Then let's see if it's me, the gossip, or you, the fake daughter, who is the gossip!"

Susie's expression changed drastically, and she almost vomited blood with anger.

In the end, the two broke up unhappy.

Speaking of which, the members of the Ning family also had a tacit understanding. She had just finished seeing Susie on the front foot, and Ning Yaobang called on the back foot.

"Selena's good niece! Do you have time to have a meal together? My second uncle treats you!"

Selena was so disgusted that he didn't even have the mood to deal with such a scumbag like Ning Yaobang who tried every means to trick his original partner into cheating on him, cheating on his illegitimate children one after another, and driving his original partner crazy. Selena hung up the phone directly.

Seeing that it was almost time, Selena went home and changed into men's clothing, and then went to the audition location of the advertising department of the Lu Corporation Building.

This time Lu's Group spent a huge amount of money to create this short commercial titled "Seven Days", inviting seven super popular male stars to film the seven important industries under Lu's Group, which will be launched on all brands under Lu's Group, with great influence very big.

Rao, the employees of the Lu Corporation were well-trained one by one under Daniel's guidance. When they learned that there would be seven male gods with different styles coming to audition, they couldn't hold back any of them. There, Hun'er didn't know where she was hooked.

When Selena arrived, the entire office building was filled with screams, surrounded by a group of female employees, the guy with golden yellow hair, huge black sunglasses, and the corner of his lips curled up... ..It's not who Louis is!

Judging from the reactions of these female employees, Daniel probably went down to inspect the company and hasn't returned to the company yet.

Someone in the crowd looked in Selena's direction and screamed, and then a group of female employees who had surrounded Louis suddenly abandoned Louis and rushed towards Selena like a tide...

"Karen! Karen! Ah! Karen..."

"husband—"

"Male god, I love you!"

...

"Slow down, don't fall!" Selena helped a girl who was almost pushed.

"Ahhh..." What returned to her was the more excited screams of the women.

Louis, who was holding a signature pen in the air behind him, said, "..."

Chapter 1283

Looking at Selena's terrifying popularity among the girls, Louis's heart almost collapsed!

Not long ago he had to tell Selena that she was still far behind, but in an instant it became "the back waves of the Yangtze River pushed the front waves, and the front waves died on the beach"...

There was another thing that made him even more uncomfortable. Some time ago, he and Selena were on the same list – the list of the most sleepy male gods in the entertainment industry!

Louis has been the champion for many years, but he never expected that this year, he was squeezed out by Selena!

Last night, when manager Lei Ming sent him the screenshot of the list, he almost spat blood on the game console.

The first name on the list marked in red is Selena!

Dmn it, he got blown up!

And this person turned out to be his ex-girlfriend...

What the hell, this picture is so beautiful, his eyes are filled with blood and tears...

By the way, isn't this a list of male stars? Why was she able to mess in like a woman! Does this list have any authority and integrity? Hey! He's going to call and complain!

Last night was enough stimulation. At this moment, after experiencing this scene with his own eyes, Louis expressed that he was very tired and really wanted to quit the circle!

"Hey... you guys..."

Is there anyone here to talk to him?

However, the girls have been teased by Selena like a dream, and all of them are high-ranking white-collar and gold-collar bone spirits, and now they are all choking in front of Selena like little girls in love, he didn't Saw it!

The scene seemed to be gradually getting out of control. Even Daniel's secretary's office manager and "discipline committee member" Liu Ruohua took the lead in committing nympho, and the other women naturally had no scruples...

At this moment, the door of the elevator opened with a “ding”, and there was a sound of steady and powerful footsteps that could scare the entire company’s employees.

The man stepped in and glanced in the direction of everyone with his cold eyes.

The air pressure in the entire staff area suddenly went from the equator to the north pole!

Liu Ruohua pushed the black-rimmed glasses on his face, immediately put on a straight face, and said coldly, “What are you doing! What do you look like! Hurry up and go to work!”

All the female employees were in a panic, and their hearts were full of complaints. Sister Liu, it seems that you were the craziest just now, and you almost took off your clothes for someone to sign...

While the employees were busy, Daniel looked at Selena calmly.

Selena stepped forward respectfully and said hello, “Hello, Mr. Lu!”

“Yes.” Daniel nodded slightly, then walked towards his office.

God knows... He wished he could drag his wife into the office with him!

After Daniel went in, the whispered conversation resumed outside.

“What a pity, why did the boss come back so early? Didn’t he say he won’t be back until the afternoon?”

“It’s so sad. Such a great opportunity. Although Karen is my new favorite now, I really want autographs for the other male gods!”

"The happiest one is Director Ye. I really doubt that she made this commercial to use her power for personal gain!"

Speaking of this, the secretary Xiao Zhao suddenly remembered something and said, "Shouldn't the happiest one be the heroine of this commercial? Playing against the seven male gods!"

"Yes! Who is the heroine?"

Xiao Zhao shook his head, "I don't know about this. I asked Director Ye several times and didn't tell him. It's quite mysterious!"

...

Under the notice: In order to let everyone know the update and other relevant information in a more timely manner, the old antique author Jun who has not been engaged in the readership for many years was dizzy and dizzy in the middle of the night yesterday, and he was unable to type too many words. come up. Going to bed first, it may take the afternoon to get up and continue coding... In addition, the qq group has been upgraded, those who failed to squeeze in yesterday can try to add it again today...

Chapter 1284

Louis looked at Daniel's back as he entered the office, the corners of his mouth twitched, Daniel came at the right time, didn't he?

Do you want to stare so closely that even girls are on guard...

After there were no female employees blocking the road, Selena and Louis walked towards the advertising department at the end.

Louis glanced at Selena beside him as he walked, and muttered, "Selena, now that you're a married couple, you're under strict control?"

Selena raised her eyebrows and gave him a sideways look, "I am willing!"

Louis was so choked that he gritted his teeth vigorously, "Who was the one who kept saying that he was unrestrained and loved freedom, and who is being eaten to death now, wouldn't your conscience hurt!?"

Selena: "If heartache can be exchanged for my sweetheart, then I'd be willing to suffer a hundred times!"

Louis: "..."

Let your mouth be cheap, let your mouth be cheap!

After suffering so many losses, why do you still have to talk to her about this!

Louis and Selena were talking. When they passed by the door of Daniel's office, they were a few steps behind them. Daniel seemed to have something to do. He opened the door and came out, just in time to hear their conversation. Instantly shining brightly like the sun...

As soon as Louis and Selena stepped into the advertising department, they saw several people already sitting in the room.

On the large leather sofa opposite, a man sat on the south and the north respectively.

The one wearing classic casual sportswear is Qin Ran, and the one wearing earphones listening to music is Han Yuncheng.

Both of them are extremely handsome. They are very beautiful boys. They used to be the main force in the popular boy group T. Later, they fell out after flying solo. Relationship, looking at the atmosphere, the relationship is really tense as rumored.

On the wooden chair by the window, a handsome man in a white shirt with a gentle and handsome face was holding a book in his hand, and was reading intently with his forehead propped up...Luofan from Starlight Entertainment!

The last one is wearing a leather jacket, chewing gum in his mouth, and the hair is sprayed with hairspray. Li Lekai of Fengxing Entertainment is an arrogant and frantic man.

Tut tut...

At the door, Selena looked at the scene inside the house, and even she couldn't help sighing, it really is a feast of beauty!

I'm afraid that in the entire Huaguo, only the Lu Group can have such influence, gathering such a few people.

In terms of popularity, Selena has just become famous for a few days, and the few people sitting here, including Louis, have been famous for a long time, and everyone in the entertainment circle is a large number of people who go up and down for them. loyalty

However, Qin Ran, Han Yuncheng, Luo Fan, Li Lekai... One, two, three, four, including her and Louis, there are only six people in total, it seems that there is still one person missing?

"Selena, Louis, you are here too, please take a seat! Wait a minute, when Mo Chenxiu arrives, we'll start when everyone is here!" Ye Ying greeted the two of them politely.

As soon as Ye Ying finished speaking, the expression on Selena's face suddenly paused...

fcuk! Mo... Mo Chenxiu?

Did she just... mishear?

"Selena, what is your expression?" After finding a place to sit down, Louis who was beside him noticed that Selena's expression was very strange, so he couldn't help asking.

Selena pinched the center of her brows with a headache, her dark face had a sun-drenched expression...

Louis frowned and said, "Don't tell me you know Mo Chenxiu? What's wrong with you two, it's worth your expression..."

Selena took a deep look at Louis when she heard the words.

Louis was horrified by her, "I'm asking you something, what do you think I'm doing?"

Selena had an expression of "the matter has come to this point, we can only use soldiers to cover it up", and said helplessly, "In the past, there was a bit of entanglement. The situation between me and Mo Chenxiu is about the same as that between me and you..."

Louis's eyes widened immediately, "Dmn it! Mo Chenxiu is your ex-boyfriend...?!"

Chapter 1285

Selena crossed her legs and rested her chin, with an unlovable face.

Nima, she said how could God be so kind to let her live so smoothly!

As expected, her peach blossom disaster has come again...

Louis's eyes were as wide as light bulbs, but after thinking about Mo Chenxiu's reputation for a while, it's not surprising...

Louis pinched the center of his brows, and angrily lowered his voice, "You ba5tard, you really think of yourself as the patron saint of girls! You acted for the sky everywhere, but you got yourself into trouble...I see you treat How will it end now! Not everyone is as easy-talking as me!"

Selena sighed. Back then, she lived like a walking corpse. What was she afraid of? Naturally, she could do whatever she wanted. How could she have imagined that today...

Seeing her worried and sighing expression, Louis softened his heart, and asked worriedly, "Did you see a psychiatrist during this time after you returned to China? It's fine when you're abroad, no one knows about you, You won't get sick again after returning to China!"

Louis asked in a serious tone.

Selena shook her head, with an expression of reminiscence on her face: "Dr. Smith told me that when I decided to go back to China, I was already cured."

Louis's face softened a little when he heard the words, but he somewhat understood what Dr. Smith meant.

For Selena, having a goal and motivation in life is probably equivalent to gaining a new life.

"Later, there were times when I was in a bad mood and disguised myself and went to a nightclub to abuse a few sgumbags, but it was all when I was not famous, so it wouldn't have any effect." Selena said.

Louis thought about it, and felt that he asked too much.

Now that she has a "psychiatrist" like Daniel, she can live a happy life, so why would she need a doctor.

Having said that, Louis suddenly stuck his ass in front of Selena, and said with a bright face, "What's the matter with you and Mo Chenxiu, tell me quickly!"

If that guy is worse than him, he should have some psychological comfort, right?

Selena patted Louis's hand like dust, "Whether a man or a woman is intimate, pay attention to the influence."

Louis glanced at the other people who were doing their own things, "Watch out! Look, no one here treats you as a woman?"

Selena: "..."

Well, everyone saw her and Louis's shoulder-to-shoulder look, and everyone was extremely calm, and no one thought it was wrong.

"Hurry up!" Louis urged urgently.

The corner of Selena's mouth twitched, "If you continue to gossip like this, you will almost catch up with your second uncle!"

...

Meanwhile, Daniel's office.

Saul rushed in like a gust of wind, "Brother! My wife is almost gone! Why are you still sitting here!"

Very familiar lines.

Daniel raised his head from a pile of contract documents, took a look at Saul, and then resumed his work, looking calm and calm.

It belongs to the calmness of the main room.

What's more, my wife stuffed a huge sweet candy just now.

Saul acted like the emperor was not in a hurry and was anxious to die as an eunuch, "Hey bro! Don't ignore me! This time it's really serious! Level 1 alert! No, special level! Six! Selena will be with six later. Let's work together with a beautiful man who looks like a flower, looks like a jade swallow, and is thin and fat!"

Daniel still didn't respond.

Saul was in a hurry, "Selena's ex-boyfriends are all over the entertainment industry, what if one of these six is there! Oh no, Louis already has one, what if another one is swollen!"

Chapter 1286

In the advertising department, Louis urged him for a long time, but Selena didn't say anything, she smiled and admired the way this guy was jumping in a hurry.

Not far away, because being alone was too boring, Li Lekai chewed gum and walked up to Luo Fan, looked in the direction of Louis and Selena and said, "Hey, Luo Fan, what do you think the relationship between those two is?"

Luo Fan put down the book in his hand and glanced at the opposite side, "Good friends, after all, we are in the same company and are brothers and sisters."

Luo Fan has no background, and the most important thing to be able to get to this point in this circle is to have a high emotional intelligence, especially to be a good person, and to be cautious in his actions. Naturally, he gave a watertight answer to this kind of question.

Li Lekai pouted, feeling that Luo Fan was too hypocritical and boring, so he ran to find Qin Ran again.

Time passed bit by bit, Mo Chenxiu was still late, and the faces of the people in the room showed a bit of impatience.

Only others have always waited for them, so there is no reason for them to wait. Is this Mo Chenxiu bigger on his own?

"It's just that he won a bad award in Spain, and it's not the award of the four major international film festivals. What's there to be proud of! No matter how popular he is, his private life is almost consumed by his rotten private life!" Li Lekai waited. My stomach was full of fire, and I didn't have any scruples about vomiting.

Qin Ran and Han Yuncheng who were on the side were already impatiently waiting, if it wasn't because the inviter this time was the Lu Group, they would have already turned away and left.

Except for Louis who was busy prying words from Selena, the only one in the room who was calm from beginning to end was Luo Fan.

"I'm really sorry, please wait for a while, Chenxiu is probably delayed by something, I'll make a call and ask again!"

During this period, Ye Ying patiently comforted everyone, speaking for Mo Chenxiu, with a very gentle and polite attitude.

That's right, Ye Ying herself is Mo Chenxiu's diehard fan...

"Although I don't want to admit it, this Mo Chenxiu's rank is higher than mine. How did you punish him?"

At this time, Louis, who was scratching his heart and lungs curiously, suddenly thought of a question while talking, "No, with that guy's personality of vengeance, you have been in the circle for so long, and he didn't even look for you. Trouble, I guess I didn't recognize you at all, right?"

"He really doesn't recognize my women's clothing." Selena replied.

"Then you are so worried!" Louis was speechless.

Selena glanced at Louis with the eyes of an idiot, "But does he know my men's clothing?"

Louis was a little confused, the more he listened, the more he couldn't understand, "Ah? What do you mean?"

Selena had sold enough of Guan Zi, and finally said quietly, "Are you an idiot? It means that I used men's clothing to punish him!"

"I... fcuk!!!!" Louis exclaimed, and lowered his voice when he saw several other people looking at him, "Dmn it! You turned him into a man by pretending to be a man?"

Selena shrugged, "It seems so."

Louis had a worried expression on his face, "Too...too ruthless! You are too ruthless..."

It turned out that Selena's moves against him were relatively light, and it turned out that there were worse existences than him!

Louis has been aggrieved for so many years, and now he feels like he has been redeemed...

"Then you died a miserable death!?" Louis said suddenly.

This hatred is drawn! Simply awesome!

"Nonsense, otherwise why do you think I should worry about it?" Selena had an expression of "it's a tricky situation that is worth my worrying about."

Chapter 1287

Louis had an astonishing expression, and he really had to admire her, "You're awesome too! I'm convinced!"

Selena rubbed her chin, "Mo Chenxiu is considered the one who received the highest level of treatment from me, there's no way, he's too sgumbag..."

Louis's wild sgum is sgum. He is too popular because of the environment he has been affected since he was a child. He is too easy to get, but he doesn't know how to cherish it.

The speed of changing women is fast and never distracted. In his concept, the word "single to the end" has never been used, but at least he is still wholeheartedly focused on not cheating when he is in a relationship with others...

But Mo Chenxiu is different, that guy has no moral bottom line or even ethics, cheating is commonplace, he regards girls' pain as pleasure, especially likes the kind of innocent girls who don't know the world, who don't know the harm with just a face How many girls did he have, and the girl who committed suicide because of him can go around the imperial capital, it's crazy.

This kind of person let alone bend it, even if it is broken, it will be light!

Louis clicked his tongue in a good mood, "Tsk tsk, I thought I was the one who got the highest treatment!"

"Do you know how gentle I am to you now?"

"I got it! I got it! Hey, why hasn't that fellow Mo Chenxiu come here? I'm so looking forward to him seeing your expression..." Louis said a little excitedly

...

Said Cao Cao Cao Cao will be here, "squeak", Ye Ying pushed the door and came in with a red face, followed by a tall and slender man.

The man was wearing Armani Haute Couture, with a pair of big sunglasses on his face, flaxen hair, and obsidian earrings on his ears with a slightly cold luster. After taking off his sunglasses, he revealed an extremely handsome face with microstrip mixed blood .

The moment he took off his sunglasses, the man seemed to be looking for someone, his eyes swept around the room like a sharp knife.

Three seconds later, he froze on the "man" beside Louis. His face was so ugly that it seemed as if he would pounce on him and strangle him to death at any moment...

This reaction was almost the same as what Selena expected.

After Selena received the eyes of the other party, she hooked the corners of her lips with a smile, and she looked like a big tail wolf.

Fortunately, the last sliver of rationality allowed him to restrain his emotions. After all, if there was a disturbance here, wouldn't it be known that he was so humiliated by being turned around.

Selena probably relied on this to be confident. Although this matter was indeed difficult, she was not afraid of anyone except her family's darling.

After Mo Chenxiu took off his sunglasses, Ye Ying stared at his face in a daze, and almost forgot to speak. It took a long time to recover and said, "I'm sorry to keep everyone waiting, Chenxiu is because It's too late because of the traffic jam on the road! Let's go to the audition together now!"

Seeing that Mo Chenxiu couldn't hold back the good show, Louis couldn't help being a little disappointed, he yawned lazily and stood up.

Qin Ran, Han Yuncheng, and Luo Fan also stood up in turn.

"Traffic jam at this time, are you lying to a ghost?" Others chose to calm down, but Li Lekai was not so easily fooled.

"This..." Ye Ying's expression was a little awkward for a moment.

"Director Ye, I came here because I believed in your company. Now that you invite this guy with low character and bad reviews to come over to shoot an advertisement with us, don't you think that it will hurt our reputation at least? , even the reputation of your Lu Group will be ruined!" Li Lekai said fiercely.

As soon as Li Lekai finished speaking, the atmosphere in the room was a little awkward.

Ye Ying was about to smooth things over, but when she heard Mo Chenxiu's indifferent tone, she said quietly, "Tsk, Li Lekai, didn't I just sleep with your woman? As for now, do you still hold grudges?"

Chapter 1288

Everyone at the scene was stunned, with confused expressions on their faces...

Because it was a long time ago, not many people know about it.

Of course, it is impossible for Li Lekai to tell the outside world about being cuckolded...

Unexpectedly, today, Mo Chenxiu said it out on the spot with such a tone and attitude!

This kind of thing like hooking up with a woman, and provoking it on the spot with a nonchalant expression... I am afraid that only Mo Chenxiu can do it...

In the next second, a figure flashed by, and Li Lekai rushed over and punched him.

Mo Chenxiu sideways avoided a punch, then threw the sunglasses in his hand to meet him, his eyes flashed with excitement, he looked like someone who was afraid that the world would not be chaotic, and wanted to make troubles even if he had nothing to do!

The two of you came and went and fought back and forth, and the scene became a mess. Ye Ying was in a hurry, and she kept persuading the side, but it didn't help. The tricky thing was that she couldn't call the security guards to prevent the incident from getting out. .

Not far away, Louis's head was full of black lines, "Shouldn't Mo Chenxiu and you be the ones who should be beaten so darkly? Why did it become Li Lekai..."

This doesn't follow the script at all...

Selena sighed seriously while watching the play, "Sure enough, God is still on the side of the righteous!"

"I didn't expect this to happen between these two..." Qin Ran was surprised.

Han Yuncheng, who hadn't had any communication with Qin Ran since he came in, couldn't help but say something, "What's so strange, is there still a small number of people in the entire entertainment industry who have been cuckolded by Mo Chenxiu? It just broke out It's just the difference between it exploded and not exploded!"

Qin Ran looked over with a chuckle, "Speaking so well, could it be that you have been worn too?"

"Get lost!" Han Yuncheng glared at him.

"However, Mo Chenxiu has been calm for the past few years. Thinking about it carefully, it seems that three years ago, he suddenly reformed. He started the line of abstinence, and because of his good attitude of repentance, his popularity has recovered..." Qin Ran analyzed.

"Probably because of the company's pressure! It's not just pretending! Who knows what it's like in private?" Han Yuncheng snorted.

"This is actually..."

...

"Stop fighting! Chenxiu, Le Kai! Both of you stop fighting! If you have something to talk about..." Ye Ying urged anxiously, but she felt that these words were a bit untenable.

Ye Ying looked at the two of them in fear, fearing that they would get hurt, especially their faces, otherwise the commercial shooting plan would come to a standstill!

She was in charge of this extremely important advertisement, but she did not expect it to turn out like this...

Ye Ying was so anxious that she was about to cry, she couldn't persuade her, and finally called the security guard over.

"Hehe, that woman was with a dead fish on the bed, I didn't expect you to like such a boring type..." Mo Chenxiu continued to provoke while beating.

In the next second, Ye Ying was full of panic and exclaimed, "Ah! Don't..."

Both of them knew not to hurt their face, so when they hit, they still had a sliver of reason, but it turned out that Mo Chenxiu owed him too much, and Li Lekai's fist swung heavily towards Mo Chenxiu's face.

At the same time, Mo Chenxiu was naturally not to be outdone and attacked the opponent's eyes...

"Ah..." Ye Ying closed her eyes in despair.

A gust of wind whizzed by in front of her...

When she opened her eyes, she saw that the expected scene did not happen. Selena was quite far away just now, and she didn't know how she got there. people...

...

Chapter 1289

You must know that when two big men really fight in anger, the strength is definitely not light, and it is likely that they will be affected if they fight at this time.

Therefore, no matter whether it was Qin Ran, Han Yuncheng or Luo Fan, none of them had any intention of intervening, instead they hid far away.

Just kidding, do you know how expensive insurance their bodies are worth? The work and time that are a little bumped and delayed are all money! Who is to blame if you rush over and get punched in the face?

And the moment Mo Chenxiu and Li Lekai's fists were about to hit each other, Selena blocked Li Lekai's wrist with one hand, and firmly held Mo Chenxiu's fist with the other hand...

The two were instantly shaken apart.

Mo Chenxiu's fist that was strangled by Selena suddenly retracted like an electric shock, his face was extremely ugly, and he lost all interest in entanglement with Li Lekai.

Li Lekai was unwilling to let it go, just after being pushed away, he rushed towards Mo Chenxiu with scarlet eyes.

Selena directly blocked Li Lekai's right shoulder, and whispered in his ear, "What's the matter, you two have an appointment in private to figure out how to solve it, why bother a girl?"

Li Lekai looked at Ye Ying, whose eyes were reddening anxiously, and put down his tightly clenched fists.

Ye Ying is actually a jerk, and she likes Mo Chenxiu's kind of evil, but when Selena appeared between the two of them like the wind, when Selena said that sentence, Ye Ying's outlook on life was somewhat disturbed. Subverted...

she seems to be...

Empathy, don't fall in love...

With so many female employees in the company being so obsessed with Selena recently, she didn't waver. She felt that no matter how well she played the role of a man in the drama, she was still a girl after all.

But now... this boyfriend's strength is simply ax!

Not far away, Louis looked at Ye Ying's expression with sparkling eyes and black lines all over her head.

Well, after a while, there is another fan girl.

Mo Chenxiu was still staring at his hand that Selena had touched just now, with a strange expression, and he didn't know what he was thinking.

Li Lekai probably thought of the importance of this advertisement, and has calmed down a little, the conflict between the two has finally been temporarily suppressed...

Ye Ying quickly diverted their attention and led them to the audition multi-purpose room.

Qin Ran leisurely patted his buttocks and stood up, muttering to himself, "I never thought there would be such an explosive secret between Mo Chenxiu and Li Lekai..."

When Qin Ran said this, he would never have imagined that the secret between Mo Chenxiu and Selena was really amazing!

When the group passed by the staff area, they saw such a once-in-a-lifetime scene where all the beauties gathered in the entertainment circle. If it wasn't for the boss suppressing them, they would have gone crazy by now!

Soon, it was time for the audition.

The so-called audition is just a formality, let them audition for a part of the role they play in the director of the commercial one by one.

The director is Mai Huai'an, the most famous director of top-notch commercials in China, even if they meet people like them, they have to be polite.

"Director, everyone is here!" Ye Ying said.

At this time, Mai Huai'an had just prepared the props and equipment. Seeing this, he glanced at the seven people behind Ye Ying, and they looked a little excited. They were obviously also very interested in making this film.

"Hi Director Mai, did you use the purple clay pot last time?" Luo Fan took the lead to say hello.

Chapter 1290

The director immediately laughed from ear to ear, "Not bad, not bad, it's a work of art, especially the carving on the pot, it's so amazing, I can't bear to use it! I didn't expect you to have such a skill!"

Hearing this, Luo Fan gave him a handmade purple clay teapot, obviously he has spotted Mai Huai'an on this thing.

The others also went over to say hello to the director one by one, and they couldn't help but feel a little disdainful seeing Luo Fan's appearance of being so well-rounded.

However, it is undeniable that this guy is really good at this, and even a professional agent can't match him. It is said that he decides a series of things such as his event schedule, work arrangement, and image positioning.

At this time, Han Yuncheng scanned the surroundings, and suddenly asked, "Why didn't you see the heroine?"

Qin Ran smiled, "Director Ye, don't you want to keep it a secret now?"

Ye Ying replied with a smile, "Where, the heroine has come over today!"

"Are you here? Why didn't I see you, Director Ye, the heroine you're looking for is still invisible?" Qin Ran looked around, then teased.

Ye Ying laughed, "I can't be invisible, but I can transform!"

Qin Ran was puzzled, "What do you mean?"

Luo Fan on the side reacted quickly, his eyes flashed and he said, "Could it be that the heroine...is Selena?"

As soon as the words fell, the others, including Luo Fan, all looked in Selena's direction.

Selena herself blinked innocently, "Me?"

Ye Ying nodded affirmatively, "That's right! In fact, we were planning to invite another heroine, but when we had a group meeting on the last day, we always thought that Miss Ning was more suitable for you!"

Selena thought about it after hearing this, and felt that the idea of her playing two roles is indeed full of explosive points.

As for the others, although they were a little surprised, they didn't have any complaints. They had no interest in Selena, a female artist.

Although it is easy to forget that she is a woman.

This opportunity is quite good, but Selena is not humble anymore, "Then thank Director Ye for taking it seriously, I will work hard to perform well!"

"I've seen your "Dream Seeker", it's really great, no matter whether it's men's or women's clothes, there is no pressure, I believe Karen, you can do it!"

Ye Ying even spoke to Selena in a much more intimate tone, and even chatted with Selena about the plot of the play.

Louis was used to this scene for a long time, but inadvertently, he saw from the corner of his eye, Mo Chenxiu looked at Selena and Ye Ying happily talking there, his eyes were very strange...

Louis was very familiar with this look.

This guy... is actually jealous?

fcuk! After being abused like this, this guy still likes Selena?

This was pulled hard enough!

Thinking of this, Louis felt inexplicably sympathetic to each other...

Meanwhile, the President's Office.

Saul struggled for a long time and Daniel still remained motionless like a rock, scratching his head anxiously, "Do you know who the heroine of this commercial is? It's Selena! It's Selena! In the film, Selena wants to follow Six beauties and seductive male artists are in love..."

With a soft "da", Daniel put down the pen in his hand and stood up.

Saul was overjoyed immediately when he saw this, "Brother, is it because you finally understand the seriousness of the matter! It was not in vain that I persuaded you for half an hour!"

Daniel glanced at the happy Saul, and said expressionlessly, "Because you're too noisy."

Saul: "..."
