

Cruel Heart Lover Novel

Chapter 1291

Audition room.

The director is assigning roles to everyone.

The main content of this commercial is the story of the heroine being pursued by seven different types of beautiful men. There are similar plots in the v filmed by many popular groups. However, the Lu Group invited these seven people to play this plot to the fullest. extreme.

The main purpose of this film is to satisfy the fantasies of young women as much as possible, and expand the influence and attractiveness of the brand among these customers.

You must know that in terms of purchasing power, women are definitely the main force now!

The director took the script and glanced at everyone one by one, "That...Qin Ran, you play the rich son of a rich family!"

"No problem." Qin Ran responded straightforwardly, apparently quite satisfied with the assignment.

"Han Yuncheng, you look the youngest, the most tender, acting as a student, you are a schoolboy!"

Han Yuncheng nodded, "Yes."

The director looked at Luo Fan again with a smile on his face, "Luo Fan, just play the professor of the School of Biological Sciences! Luo Fan, you are so knowledgeable and talented, it's completely true to play the role!"

Luo Fan had a humble look on his face, "The director is absurd!"

The director looked at the displeased Li Lekai and the bored Louis, "Li Lekai, you are a rebellious race car driver, and Louis, you are even more real, you are a big star who is a heartthrob!"

Li Lekai and Louis agreed one by one without any objection.

Then, only Mo Chenxiu and Selena were left.

Mai Huaian turned another page of the script, first looked at Selena, and said with admiration, "Selena, I heard Director Guo praise you in front of me a long time ago, saying that you are very dedicated and skilled! It's really not easy for a girl to be a martial arts stand-in in her early years and get to where she is today!"

"Director Guo is exaggerating. These are all my duties," Selena said.

Mai Huaian nodded in satisfaction, and then said, "Your role is a mysterious agent, and there is a very important fighting scene in it, is that okay?"

"No problem." Selena nodded, with an expression of not being picky.

In the end, the director looked at Mo Chenxiu, "Chenxiu, your role is a mature and stable president of the abstinence department! Many young girls like this kind of thing..."

After Mo Chenxiu's transformation, he took exactly this route.

Mai Huaian thought it over and over again, and felt that this arrangement was the most suitable.

After finishing speaking, he was about to let them audition, but Mo Chenxiu swept his eyes in Selena's direction like a knife, and suddenly said, "I want Selena's role."

As soon as the words fell, not only the director, but everyone else was also stunned.

Louis, who was originally bored, straightened his back immediately, tsk tsk tsk, what should have finally come...

The others were a little confused. They thought that Mo Chenxiu would trouble Li Lekai, but they didn't expect him to suddenly point at Selena.

Could it be because Selena came out to stop them just now?

Mai Huaian suddenly felt a little headache. Although Mo Chenxiu's reputation has improved in recent years, his personality has become worse. In private, his temperament is unpredictable and very irritable. He has conflicts with the staff not once or twice.

Mai Huaian could only try his best to persuade, "Chenxiu, the role I arranged for you is the most suitable for you! Selena's role is almost all fighting and fleeing scenes. If you don't have professional martial arts foundation, It's easy to get hurt..."

Mo Chenxiu didn't know if he had listened, so he said quietly, "Since the director doesn't believe me, let me fight Selena, whoever wins will get the role!"

After finishing speaking, before the director could speak, he directly attacked Selena...

Chapter 1292

The flexibility of Selena's body was astonishing. She leaned back violently and avoided Mo Chenxiu's attack. Mo Chenxiu's attack continued unabated, and Selena seemed to be I don't want to get entangled with him, I've always been on the defensive...

Seeing the two people fighting, everyone at the scene was dumbfounded.

Mo Chenxiu is simply finding fault on purpose, right?

What's the situation? This is it?

Qin Ran stroked his chin, "Hmm...Could it be that Selena, like Li Lekai, was also cuckolded by Mo Chenxiu?"

Han Yuncheng rolled his eyes at him, "If that's the case, it should be Selena who troubled Mo Chenxiu. Besides, Selena is a woman, okay?"

Qin Ran said "Oh", "I almost forgot... Could it be that Mo Chenxiu, a thousand-year-old monster, was once planted and was robbed by Selena?"

After all, Selena's men's clothing was quite popular with girls.

Han Yuncheng continued to look at him like an idiot, "Do you think Mo Chenxiu would care about his woman being robbed?"

Qin Ran shook his head, "No."

This guy not only has no morals himself, he also doesn't ask the women he's with to be moral, he's just playing anyway, he doesn't care who you sleep with.

Not only Qin Ran and the others, but Li Lekai was also full of suspicion, and at the same time thought in his heart, that guy had better be beaten up...

But Selena is a woman after all, and there is still a certain gap in strength between men and women. It is not easy to defend her.

Mai Huai'an never expected that Mo Chenxiu would start fighting without saying a word, and he was stunned, "Hey, Chenxiu... Selena... you two stop and go! We can discuss the role! No need to use it!" this way..."

But Mo Chenxiu couldn't hear him at all. Seeing that Selena kept defending but didn't fight him, Mo Chenxiu became more and more angry and attacked more and more violently.

If Mo Chenxiu was just teasing and provoking when he was fighting with Li Lekai just now, then now, he is really angry, his expression is like he has some blood feud with Selena, no wonder Qin Ran and the others are thinking wildly...

Ye Ying didn't expect her idol to cause trouble again, she wanted to cry, she had Selena to stop her just now, but what should she do now!

The others were also a little worried that Selena would be hurt by this lunatic.

Only Louis sat there with his legs crossed, watching the play with such calmness that he almost had another handful of melon seeds in his hand.

Selena ignored Mo Chenxiu's attack, and whispered in his ear with sharp eyes, "The audition is over, I'll stay with you till the end!"

Mo Chenxiu turned a deaf ear, obviously unwilling to wait.

If he could have waited until the audition was over, there wouldn't be such an appearance just now.

With a "bang", the two of them were fighting, knocking down some props and making a loud noise.

Selena's eyebrows twitched, she couldn't bear it anymore, she suddenly turned defense into offense, and went to meet her...

Seeing that Selena finally made a move, the expression in Mo Chenxiu's eyes suddenly became crazier...

After Selena started attacking, the gazes of the other people around him changed.

Qin Ran's eyes widened, "I'll go! This woman is really skilled!"

Han Yuncheng and even Luo Fan were a little excited watching it. Men like this kind of passionate scene.

It's just that thinking that the other party is actually a woman, it's inevitable that I feel a little ashamed...

Just when everyone's eyes were on Selena and Mo Chenxiu who were fighting more and more fiercely, two footsteps came from behind...

Ye Ying was the first to notice, her face turned pale, "Lu... President Lu!"

Chapter 1293

Seeing the "Emperor" arrives...

Ye Ying was so frightened that she almost knelt down.

It's over, it's over, it's over!

Why did Mr. Lu and the Second Young Master come over suddenly, and just happened to see this scene, and her reputation of being unfavorable for doing business is definitely on her head!

Saul, who was disliked by his brother just now, followed him.

But as soon as he thought that he could read the gossip, he immediately revived with full blood within three seconds.

As a result, I didn't expect to see such an explosive scene as soon as I arrived at the place.

Selena, you really never let me down!

Seeing that the CEO of the Lu Group came over in person, the others subconsciously straightened their backs and said hello.

Because Mo Chenxiu and Selena were fighting fiercely, it seemed that they hadn't noticed Daniel and Saul's arrival yet.

Mai Huai'an hurried forward and said with a smile, "Mr. Lu, you are here, and we are auditioning here!"

Saul chuckled, "Are you sure it wasn't a fight?"

Mai Huaian laughed dryly, "Second Young Master, you are joking, how could that be! The two of them are auditioning for a very good agent role!"

While talking, Mai Huaian greeted the visitor and sat down on the sofa beside him.

Ye Ying could only follow the director's words and say, "Yes, yes, Mr. Lu, Second Young Master!"

Not far away, Selena had already noticed that her family's sweetheart and a certain gossip uncle had come, and because she couldn't be distracted at this moment, she was continuing to deal with Mo Chenxiu, and the attacks were getting more and more violent.

My surname is Mo, my sweetheart is here, my aunt has no time to play with you now!

Everyone noticed that Selena's tricks were getting more and more ruthless, so they couldn't help but focus on these two people again...

After sitting down, Saul saw that his brother was so calm when he saw his wife fighting with someone, so he couldn't help but tilt his head and asked, "Brother, won't you help?"

Daniel said expressionlessly, "Why should I help a stranger?"

The implication was that it was the man he was helping right now, not Selena.

Obviously, he is completely assured of his wife's fighting power!

Saul: Well, I can't refute it.

Saul watched it for a while, but gradually felt something was wrong...

"Hey, bro, why do I feel that the atmosphere between these two people...is not quite right..." Saul rubbed his chin, then hooked his fingers at Louis who was in the corner, "Louis, come here!"

Louis had no choice but to reluctantly walk over, "Second Uncle, what's the matter?"

"Let me ask you, Selena knows Mo Chenxiu? Is there any enmity?" Saul asked right away.

Louis looked at Daniel on the side with some apprehension, then coughed lightly and said, "Well, I think you should go back and ask Selena herself! I'm not very clear either!"

Saul hooked Louis's shoulder, "But you look very clear!"

Louis had a headache, "Uncle, don't embarrass me!"

Saul raised his eyebrows and said to himself, "Could it be Selena's ex-boyfriend?"

Louis was taken aback for a moment, "How do you know!?"

"I'm going! It really is!" Saul's eyes lit up immediately, "Brother, I'm so crazy, I guessed it all..."

As soon as he finished speaking, Saul felt a chill down his spine, and the air pressure around his brother's body suddenly cooled down.

Saul suddenly didn't dare to get nervous anymore, and looked at Louis again, and asked excitedly, "My dear nephew, tell uncle quickly, what's going on?"

Chapter 1294

"Second Uncle, I really don't know, you should ask Selena herself!" Louis didn't dare to say more, fearing that Selena would beat him to death later, so he could only perfunctory his words, and then fled in a hurry.

"Hey, why are you running away..." Saul looked regretful, scratching his heart and lungs with curiosity.

Out of curiosity, he finally remembered his brother, and comforted him with a light cough, "Ahem, brother, it's all because of my crow's mouth, but the relationship between these two people has completely become an enemy, and you Look at sister-in-law's ferocious attitude towards this kid, this Mo Chenxiu is definitely not threatening at all..."

Daniel: "So what if there's a threat?"

Saul hastily followed suit: "Yes, yes, yes! I'm not afraid of any threats! Brother, your beauty crushes everyone present!"

As soon as the words were finished, Selena twisted Mo Chenxiu's arm with her backhand and stepped on the man's back with her backhand as the man let out a cry of pain. Mo Chenxiu was completely crushed and forced to stick to the ground...

The battle is finally over!

Everyone was so amazed that they almost clapped their hands and applauded!

After a while, Selena lifted her foot and let go of Mo Chenxiu.

If it wasn't for her scruples, she was afraid of hurting Mo Chenxiu and affecting the later filming, why would it take so long.

After fighting for so long, Selena only had a thin layer of sweat on her forehead, and her clothes were neat and tidy.

On the other hand, Mo Chenxiu was sweating profusely, even the skirts of his clothes were wet with sweat, and his clothes were in a mess. There was a striking footprint on his back...

Seeing Mo Chenxiu being abused, Li Lekai felt relieved.

It's true that the wicked get what they want!

Taking advantage of this opportunity, Mai Huai'an hurriedly opened his mouth to smooth things over, "Very good, very exciting, both Chen Xiu and Selena are great, they really brought us a visual feast, but in the end Selena was slightly better, So, Selena should take this role..."

Mai Huaian looked at Mo Chenxiu tentatively, "Chenxiu, you should have no objection?"

Because of the violent fight just now, Mo Chenxiu was still out of breath, gasped heavily and didn't speak, which was regarded as acquiescing.

Seeing this, Mai Huai'an finally breathed a sigh of relief, and Ye Ying seemed to have survived the catastrophe.

Mo Chenxiu stood up slowly, staring at Selena with deep eyes, his eyes were full of complicated and struggling emotions, it seemed that his eyes were not as simple as anger and hatred...

But Selena's attention was entirely on her sweetheart...

"Then Mr. Lu, shall we continue the audition?" Mai Huaian asked for instructions. Unexpectedly, General Manager Lu would come here in person, which shows that he attaches great importance to advertising.

Daniel nodded slightly.

Saul waved his hands and urged, "Get started! Let's get started!"

When it's over, he's still going to gossip with Selena! He is so mad!

After a brief turmoil, the auditions finally started.

Probably because Daniel and Saul were here to observe, everyone worked hard, and finally ended smoothly, and everyone's roles were determined.

But there was one last one left, and that was Selena's heroine.

"Do I have to change clothes?" Selena asked.

"That's right, I've asked you to prepare it for you!" Mai Huaian said.

"Karen, come with me!" Ye Ying led Selena into the fitting room.

"Okay, please trouble Director Ye!" Selena followed Ye Ying into another room.

The rest of the people who had finished the audition looked a little curious. Except for Louis, they had seen pictures of Selena's women's clothing, but Selena herself had never seen women's clothing...

Especially Mo Chenxiu, ever since Selena entered the fitting room, he has always looked very restless, with the expression on his face as if waiting for a judgment...

Chapter 1295

Because a meeting was about to start in the middle, and because he didn't want to disturb her work, Daniel didn't stay long, got up and left in the middle of the audition.

Saul thought that there was no way to go to Selena for questioning anyway, so he could only follow suit.

"Brother, don't you see Selena changing her clothes?" Saul asked after him.

Daniel gave him a sideways look, "I haven't seen it?"

Saul nodded like a chicken pecking rice, "I've seen it! You haven't seen what Selena looks like, and you can look at it however you want, and you can pretend to be whatever you want, so you don't want to be like those who haven't seen Just like the guys in the world!"

...

Inside the fitting room.

Ye Ying took out a women's outfit that she had prepared for Selena, along with a complete set of makeup equipment.

"Karen, do you need me to call the makeup artist over?" Ye Ying asked.

"No need, I'll do it myself." Selena took off her coat as she spoke, and then unbuttoned her neckline.

Ye Ying's heart skipped a beat for no reason, "Then...then I'll go out first! Change your clothes! Call me if you need it!"

"Okay." Selena nodded, and unbuttoned the second button, revealing her white collarbone and the traces of the white cloth straps underneath.

Ye Ying hurriedly turned around and went out. When she went out, she staggered and almost fell.

Outside the door, seeing Ye Ying's blushing face, the corners of Louis's mouth twitched. What did this guy do to other girls?

In fact, Selena was really wronged this time, she didn't treat the girl much...

Well, nothing really happened.

While Selena was changing clothes and putting on makeup inside, a few people outside were chatting and waiting.

Qin Ran looked at the advertisement script, "Innocent...innocence and cuteness...and well-behaved? This character setting is too different from Selena's...I'm just kidding..."

Han Yuncheng agrees with this point, with Selena's image in women's clothing, she is at the level of a national goblin!

As for men's clothing, they have already experienced it deeply just now, let alone.

Luo Fan is an artist of Empire Entertainment. When Selena was still in Empire, he met him a few times, so he was not curious about Selena's women's clothing, and was chatting with the director.

Li Lekai stared at Mo Chenxiu, as if he was still angry, but found that this guy didn't know where his mind was wandering, with an anxious and changing expression...

After a while, the door of the fitting room was pushed open with a "click"...

Everyone subconsciously raised their heads and looked in the direction of the fitting room.

At the door of the fitting room, the girl's face was like peaches and plums, her lips were red and her teeth were white, her eyes were cut like autumn water, she was wearing a white one-piece collar dress, long hair shawl, pink stiletto sandals, simple and refreshing, like a hibiscus out of water ...

The girl had a restrained, quiet and shy expression on her face, she looked unusually innocent, beautiful and well-behaved, which made people suddenly feel a desire to protect the girl...

"fcuk!" The script in Qin Ran's hand fell to the ground with a thud.

Louis: "Hehe..." He started to lie again!

Han Yuncheng was dumbfounded, "This..."

Li Lekai rubbed his eyes vigorously, even Luo Fan was stunned...

And Mo Chenxiu stood up with a "swipe", and looked straight at the girl.

"Dmn it! You...you are really Selena! You are too awesome! How did you do this? Could it be because of a new person?" Qin Ran walked over slowly, Walked around Selena several times in disbelief.

Chapter 1296

This is too amazing, right?

How about a big change?

Even if he was beaten to death, he would not believe that this was the same person!

Because he was too shocked, Qin Ran subconsciously stretched out his hand towards Selena's chest.

However, in the next second, the originally shy and quiet girl made a lightning strike and grabbed Qin Ran's wrist...

Qin Ran screamed on the spot,

"Aaa
aa
aa
aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaahhh! I was wrong, I was wrong! You
are Selena! You are Selena!"

Only then did Selena let go of Qin Ran's paw, "Where should I touch it?"

Qin Ran made a small fuss timidly, "I'm not too surprised, I was wrong, I will never dare to do it next time brother!"

After Qin Ran paid a heavy price, everyone watched Selena pinch Qin Ran's wrist in a lady's attire, with an unruly expression on her face, and finally believed that the girl in front of her was really the same as the man just now. is a person...

Compared to everyone else surrounding Selena, Louis's attention was on Mo Chenxiu.

I saw that guy's face suddenly changed when he saw Selena coming out, and after seeing the scene between Selena and Qin Ran, his eyes seemed to be even hotter, and he didn't know what this guy was thinking...

Next, Selena will have to confront the six of them for a while, and it will probably be very late when it ends.

So Selena first sent a text message to Daniel, telling him to go back first, after she finished, she would go directly to the Platinum Emperor Palace.

The play with the previous few went smoothly, and finally it was Mo Chenxiu's turn.

Mai Huaian casually clicked on a small plot, "Let's meet in the rain!"

This plot is that the heroine meets the president of the company on a rainy day, and the president takes off his coat to cover the situation where the two are running together in the rain...

Seeing that Mo Chenxiu was not in good condition from just now, Mai Huai'an was a little worried, "Chenxiu, is this scene okay?"

Hey, this Mo Chenxiu is too thorny! Don't make any fools!

Mo Chenxiu said impatiently, "Whatever!"

"Okay, let's start!" Mai Huaian said.

The plot begins...

Selena made a movement to cover the rain on her head with her fingers: "Mo...Mr. Mo, why are you here?"

Mo Chenxiu didn't speak, and took off his suit jacket neatly, and covered the girl's head, "Let's go!"

"Oh..." Selena nodded nervously, then got into the man's suit jacket, wrapped in the man's arms, and ran towards the shelter from the rain not far away...

"Ka—that's right!" Mai Huaian yelled to finish, and finally heaved a sigh of relief, "Chenxiu, isn't this a very good performance, let me tell you..."

Before he finished speaking, Mo Chenxiu suddenly grabbed Selena's hand, and then strode outside...

When everyone found out, Selena had already been dragged away by Mo Chenxiu!

Mai Huaian was confused, "This..."

Louis stood up first and chased after him.

Ye Ying was worried, fearing that something would happen to Mo Chenxiu, she hurriedly chased after her, "Chenxiu, where are you going..."

Qin Ran raised his eyebrows, "Oh, what's the situation? This is the rhythm of fighting after work is over? Selena can still fight in a woman's attire?"

Han Yuncheng narrowed his eyes, "These two people must have some kind of holiday."

Qin Ran immediately said, "Isn't this nonsense, and this festival is definitely no less than the grievances with Li Lekai! Tsk, it's getting more and more interesting!"

Chapter 1297

When Louis and Ye Ying chased them out, it was already a step late, and Selena and Mo Chenxiu had long since disappeared.

"Dmn it!" Louis cursed in a low voice.

Ye Ying was anxious and worried, "What should I do, I have to find someone quickly! Selena will be fine, right?"

Louis glanced at her, and sighed, "I'm also worried that Selena will just confiscate her and maim her..."

Ye Ying: "Uh..."

...

Meanwhile, the empty top floor.

Mo Chenxiu blocked the only exit, stared at the woman in front of him, gritted his teeth and said two words: "Keren..."

Selena used Keren's fake identity when she was punishing Mo Chenxiu, so he always thought she was a man all these years until she starred in "Dream Seeker".

After accidentally seeing the man in the movie, Mo Chenxiu was completely dumbfounded.

What made him even more confused was that this man turned out to be a woman disguised as a man!

Selena... Keren...

Is it the same person...

Mo Chenxiu has been immersed in struggling all day since he knew about this matter, but he never dared to confirm it until this opportunity.

Just before coming here, he hesitated several times, which is why he was so late...

However, the moment they met, he knew that the person in front of him was Keren! That's right, Keren!

He simply exhausted all his self-control so he didn't rush over on the spot, but the anger in his heart couldn't be relieved, so he purposely made trouble for Li Lekai...

Mo Chenxiu approached step by step, with an extremely gloomy expression on his face, "It's been three years, and you are easy for me to find!!!"

Selena folded her arms around her chest, raised her eyebrows and said, "Huh? Why are you looking for me?"

"Since then, I can no longer be hard on women, what do you think I want you to do!" Mo Chenxiu had an expression that wanted to strangle her to death.

Selena was taken aback when she heard that, wow! Mo Chenxiu is this guy ED?

She was really surprised by this...

I thought that at most, I would punish him and give him a little psychological shadow, but I didn't expect the effect to be so strong! She is really awesome!

It turns out that Mo Chenxiu's image of abstinence these years was not intentionally packaged, but that he really isn't interested in women anymore...

Selena pondered for a while, then said, "So... are you looking for me to have sex?"

"Shut up!!!" Mo Chenxiu suddenly acted like a cat whose tail was stepped on.

Now he can't hear the word "ji", even the homonym!

The veins on Mo Chenxiu's forehead twitched violently, "Keren, listen carefully, you have only one way in front of you, date me!"

After saying this, Mo Chenxiu's face seemed to flash a little uncomfortable, and he added, "Oh, at least you are a woman, aren't you?"

God knows how he felt when he found out that he had feelings for Selena's women's clothing...

He thought that he would really bid farewell to women in this life, and that he would never get better for the rest of his life...

Of course, it is absolutely impossible for him to admit it!

Selena shrugged and said with a sorry expression, "I'm really sorry, I already have a boyfriend!"

Mo Chenxiu was taken aback for a moment, then put on a nonchalant expression and said, "It doesn't matter, I don't care."

Dmn it, when he was struggling every day, she actually happily made a boyfriend without burden!

Selena rolled his eyes at him, "You don't care about me, okay? You think everyone is as immoral as you!"

Chapter 1298

Mo Chenxiu narrowed his eyes slightly, "So, are you refusing?"

Selena: "Nonsense!"

Mo Chenxiu sneered, "According to what I know, you are not allowed to fall in love at this time, right? You are not afraid that I will poke it out for you!"

Selena chuckled, "You thought you were the only one who would poke? I think the news that Mo Chenxiu's sexual dysfunction has never been lifted is more explosive, right?"

Mo Chenxiu: "You..."

Mo Chenxiu gritted his teeth, and took another step closer, "You want me to prove to you, am I not going to lift?"

In fact, he really couldn't wait to try it...

Now, although her women's clothing made him feel, after all, he was still not completely sure.

Selena narrowed her eyes dangerously, imitating his tone and said quietly, "Then let me prove to you, whether you can lift it or not, can I make you unable to lift it now?"

Hearing this, Mo Chenxiu subconsciously took three steps back, looking at her extremely vigilantly.

Dmn woman, why is a girl so good...

So much so that he never doubted her gender at all!

"Let's go! I'm going home to accompany my wife!" Selena waved Mo Chenxiu who was blocking the way, and walked away swaggeringly.

Reaching out his hand, Mo Chenxiu's face was extremely ugly, "Keren! Just wait for me!"

Dmn it, she actually has a boyfriend?

Who will it be?

Could it be... Could it be Louis! ?

The more Mo Chenxiu thought about it, the more likely it was...

As soon as Selena came out, she saw Louis leaning on the aisle.

Seeing her coming down, Louis glanced behind her, "No one was killed, right?"

Selena squinted at him, "When I hit you, did you ever really kill someone?"

Louis's head was full of black lines, "Can you stop using me as a metaphor? Thank you!"

Selena waved her hand, "Let's go, go home!"

"By the way, you haven't told me, what did Mo Chenxiu want to tell you?" Louis asked curiously.

Selena said casually, "Something like tell me to wait and see!"

Louis looked at her worriedly, "What if that guy really troubles you? In the entertainment circle, matters involving private life are very sensitive!"

"Don't worry, he has something to hold!" Selena said.

Louis saw that she looked confident, so he didn't ask any more questions, but he always felt that Mo Chenxiu's attitude towards Selena was not that simple...

Platinum Palace.

For the first time in history, it was not the little baby who was most looking forward to Selena's return, but Saul.

Since that guy came home, he has been running around in a hurry, "Hey, hey...why didn't you come back! Why didn't you come back! Why didn't Selena come back? Ahhh! When I called to ask, it was obvious It's over there! What are you doing? I don't answer her calls! She doesn't respond to texts! Rick, call her to urge your mother?"

Rick, who was sitting on the sofa reading a book, raised his head with a stern face, "Second Uncle, you are very noisy."

Saul, who was aggressive by the little baby, immediately "sighed", "Rick, you are so fierce!"

Just like his dad!

As soon as the words fell, there was a sound of opening the door, and a burst of familiar footsteps sounded.

On the sofa, Rick threw the book in his hand, and flew towards the door like a bird whose fluff hadn't receded..."Mom!"

"Hey! Baby..."

"Mom, welcome home! Little Treasure misses you so much!"

Chapter 1299

"Mom, are you tired?" The little guy asked Selena the slippers while becking and inquiring, he was simply a super warm boy!

"I don't feel tired at all after seeing the baby!" Selena picked up the little guy, feeling the weight in her arms and getting a little fatter again, she was very happy.

The little guy's body has now fully recovered to the level of his peers, not only that, because he practiced martial arts with Karl, his physical fitness is getting better and better. In the past, he often suffered from headaches, and during this time, he almost never fell ill.

"Mom, the teacher assigned homework, and I need to do it with my mother!" Rick said in a milky voice.

"Really? What homework! Mom will help you!" Selena asked.

The little baby took out something from her schoolbag, spread her palm and placed it in front of Selena.

A small cardboard with a dozen or so dark dots on it.

Selena said immediately, "Oh, the teacher asked you to raise silkworm babies?"

This should be a silkworm.

Rick immediately looked at Ma Ma with bright eyes, "Mom is so amazing, she knew it all at once, Second Uncle and the others don't even know what it is!"

"Hahaha... because my mother raised her before!" Selena was overjoyed by the compliment.

"I'm back." At this moment, Daniel came downstairs.

"Yeah, did you buy the food? Shall I cook it tonight?" Selena asked.

"Let the kitchen do it, you've had a busy day."

Selena said indifferently, "It's okay, cooking is also a way to relax. I'll accompany Rick to find a box to raise silkworm babies, and I'll come down later!"

Daniel: "Okay."

Seeing that Selena ran away with Rick, Saul was heartbroken, "Why don't you just talk to me first!"

Then, no one paid attention to him.

Saul moved closer to his brother again, "Brother, are you really not curious at all?"

Acting like a normal person.

Daniel said calmly, "If she wants to speak, she will naturally speak."

Saul muttered, because he hated his calm appearance the most...

Fortunately, soon Saul had a new object of entanglement.

Not long after Selena went up, Louis came over to drop by and have dinner...

If he knew how tormented by Saul later, he probably wouldn't come if he was beaten to death.

Reluctantly, it was too late to enter the den of thieves...

On the sofa, Saul clasped Louis's shoulders to prevent him from leaving, "Tsk tsk, good nephew, what about you and Selena, if you don't want to talk about it, I won't ask, but other people's affairs, You don't have to hide it at all, do you?"

Louis said, "I'm going to tell you, Selena will beat me up later, second uncle, will you stop me?"

Saul immediately said, "Of course not! Are you joking?"

Louis: "..."

...

This is what Selena saw when she came down holding Rick's hand.

When Louis saw Selena, he said angrily, "I didn't say anything!"

Selena knew what happened without even thinking about it. She gave Saul a look and said, "Okay, don't worry about it, just obediently wash and chop the vegetables. It's not time for storytelling until midnight!"

Saul's eyes immediately lit up when he heard that, it looked like Selena was about to tell a story...

Depend on! Say it earlier!

Selena subconsciously glanced in Daniel's direction, her eyes were complicated.

Daniel has always given her the greatest tolerance and trust. She may never tell anyone about her rumored chaotic private life when she was abroad, and her psychological problems, but because it is him, she has. The courage to speak...

Chapter 1300

After finishing dinner and putting Rick to sleep, Selena went downstairs.

It's rare that downstairs is quite quiet.

It's just that Saul's small eyes betrayed his gossiping soul, "Hey, Selena, in fact, if it involves sexual issues, you don't have to say it! In fact, I just care about you. The previous Mo Chenxiu had a relationship with you. You look like Qiu, in case something happens, I, the boss, can support you at least!"

Selena rolled his eyes at him, and said it so nicely, if she really said at this time, let's go to bed and see if he cries or not!

"Is there any wine? Go open a bottle!" Selena looked at Saul and said.

"Yes, yes..." Saul nodded immediately.

"Wait!" Selena called out suddenly, and then walked up to Daniel, "Master Boss, can I have a drink tonight? Just a little bit! And I'll be staying here at night, so I don't need to drive back!"

Daniel rubbed the girl's soft hair, looked at her deeply, "You don't have to say anything."

Selena's heart warmed up, and she stared into the man's eyes, "But I want to tell you. There are many things that I really can't do, and I can't tell you, and I can't predict how far I can go... But , I have been working hard, trying to climb up, trying to pull out the thorns on my body, so that I can get closer to you, a little closer..."

Daniel's expression was full of emotion, and he stretched out his hand to wrap the girl in his arms, "It's okay, you don't need to pull it out..."

It doesn't matter if it hurts me.

not far away.

Saul: "..."

Louis: "..."

Saul: "Have they forgotten the existence of both of us?"

Louis: "Did the two of us still exist?"

In the end, Saul, who had been abused again, hurriedly went to the house and brought a bottle of good wine.

Saul finally had some self-knowledge, he probably realized that his light bulb was too bright, "Actually, if it's inconvenient, we should avoid it!"

Selena said, "No need, Louis knows about me. You are Daniel's own younger brother, and you are not an outsider."

The most important thing is, if she really betrayed him today and didn't tell him, she won't be able to live in peace in the future...

When Saul heard this, his face was stunned, "I'll go! Good job Louis, you really know everything!"

Selena poured herself a glass of wine, took a sip, looked at Daniel and said, "Then I'll make a long story short, that Mo Chenxiu did have some grudges with me before, because I turned him around three years ago, he Now it seems that because of the psychological shadow at that time is now ed, that's why they bother me!"

Saul spat out the wine with a "poof", "Karen, can you cushion yourself a bit, so don't be so explosive when you come up?!"

Even though he had guessed thousands of possibilities, it was impossible for him to guess that things would turn out to be like this.

Sure enough, Selena was his natural nemesis...

Saul took a deep breath, "Can I ask why your predecessors are so miserable..."

"Because they're so sgumbags!" Selena said with a natural expression.

"They're sgumbags and you're still dating them?" Saul seemed to suddenly understand something when he said this.

When he inquired about Selena at the beginning, he didn't know everything. He only knew that many of her exes ended badly, including Louis, who was so arrogant that he was dumped for the first time. Before, he thought it was just a coincidence, but now he felt that something was wrong. Something is wrong...
