

Cruel Heart Lover Novel

Chapter 1301

Before Selena could speak, Louis leaned his head on the side and curled his lips, "She suffered from a second-degree illness, so she considers herself a Sailor Moon, acting for the sky, replacing the moon, eliminating sgumbags, and using the happiness of thousands of girls Do it for yourself!"

Selena nodded, expressing that Louis's summary was very appropriate.

"Huh? What the hell?" Saul was confused, obviously he hadn't turned the corner yet.

Let's talk about Selena's love history, how did it become a battle history?

Selena sat beside Daniel, resting her chin on his shoulder, and sighed, "Ah, actually it's because... I can't restrain the flood in my body when I see those sgumbags bullying girls. I was like that after breaking up with Roman five years ago, the psychiatrist said that I had severe obsessive-compulsive disorder, and I couldn't change it...Of course, I didn't even think about changing it at the time..."

Daniel patted the girl's head that was rubbing against her. There was no incomprehension in his eyes, only distress and comfort.

Selena blinked her eyes, and couldn't help asking, "Dear boy, I had such a bad reputation back then, and you didn't understand my situation, why did you still like me? I thought about it, my I really don't need anything but a face, the conditions are so bad..."

"The person I'm interested in doesn't need to have anything, and it doesn't need to be in good condition, as long as I like it." Daniel said domineeringly.

Selena immediately rushed forward with a "owwow", "My dear, you are so handsome!"

"Cough cough cough...be more serious! Serious business!" Saul put on a straight face, and then asked in disbelief, "So, Selena, is this how all your exes came from? You were with them The purpose is simply to abuse sgum? Louis too?"

Louis: Can you stop mentioning me?

Is it really my uncle?

Well, it's really not dear...

Selena nodded and said, "Except for Roman, who else...that's how they all came here!"

The color of Daniel's eyes changed slightly, and he instantly understood that the name that Selena coughed and did not say was Yun Shen.

"Dmn it, Louis, it's no wonder that I drank you so much alcohol and you kept holding back the truth! It turns out that Selena was not with you because she fell in love with you, but because she abused you. !" Saul suddenly realized.

Louis's face was completely black when he heard the words, so why did he say it so bluntly?

But a certain big devil is more comfortable physically and mentally than ever before, and his wife is so cute.

"It's already reached this point, you can always tell us... what's going on between the two of you, right?" Saul put his arm around Louis's shoulders, and said in the tone of a caring big sister, "Come on, young man, tell me your story!"

Louis was a bit shattered, thinking that they all knew anyway, and that he had held it in for too long, he was almost suffocated, so he opened the chatterbox sullenly, "Back then... my virtue You all understand! At that time, I made a bet with a bunch of cronies that I would catch Selena within a day, and the bet was a car!"

"Then and then!" Saul served Louis a glass of wine courteously.

Daniel was in a good mood right now, but he also looked at Louis with great interest!

With Selena's words, most of his rivals in the world were wiped out and turned into nothingness. Are you in a bad mood!

Chapter 1302

"Then..." Louis drank a whole glass, staring at Selena with eyes no less bloody than Mo Chenxiu's, "In the end, heh, I did catch up to her in one day, but..."

Saul's forehead twitched, "Can we talk without panting?"

"On the seventh day, I took her to meet my group of friends and take the winning bet... In the end, the last car belonged to her!"

"What do you mean?" Saul asked puzzledly, "Why did you give it to Selena?"

"She's so capable, she still needs me to give it to her? She and those friends have long colluded and made a bet with them that she is the biggest liar!" Louis said tearfully.

At the beginning, Louis had already fallen in love with Selena, and on the way to take Selena to meet his friends, he experienced the biggest entanglement in his life.

After arriving there, he was ready to give up that bet and want to stay with Selena, but Selena suddenly cheered and clinked glasses with their friends, and then he was told that he had been tricked...

Selena didn't like him at all, but made a bet with them to catch up with him and dump him, and if she succeeded, she could get the car.

He, Louis, had been in the world for more than 20 years, and he was completely tortured by Selena just like that...

After listening to Louis's words, Saul patted the poor child's shoulder with sympathy, "Hey, let's take it as retribution!"

Louis: Is there such a thing as comforting?

"After all, compared to the one who got bent, you are already very lucky!" Saul said again.

Louis snorted, okay, he admits this.

"What a sgumbag that Mo Chenxiu is, Selena, you are so inhumane with all your big moves, you're going to kill everyone!" Saul sighed.

Selena shrugged, "It's up to you to imagine how sgumbag it is for me to give you such a high treatment. At that time, I saw a girl jump into the river and almost killed two people. I heard her tell about the matter with Mo Chenxiu , I couldn't help but make a move...Actually, I was thinking about going back to China, and I was ready to wash my hands in the gold basin. Hey, it's a pity that this sgum is too itchy, and I couldn't hold it back..."

Saul: "Wash your hands in a golden basin..."

This description...

"Well, little Xixi, how are you doing now?" Saul was concerned about Selena's psychological condition.

Selena took Daniel's arm with a confused look on her face, "I am now? Of course I'm all focused on your brother, so I don't have any extra thoughts to care about whether other people are sgumbags or not. If I have that time, I might as well go on a date and accompany you." Where's the little baby!"

Saul choked and patted his butt0cks and stood up, "I've heard enough gossip and dog food, I'm going home... Good night, my dear brother and sister-in-law..."

When Saul left, Louis naturally left too.

Outside, Saul had a contented expression, humming, he didn't know Selena's personality before, but after getting along with him, he had already noticed that there was something wrong with Selena's past, and today he finally managed to make up for this misunderstanding untied.

Especially when his brother first started chasing Selena, they went to the bar with her because they were worried about Selena, and saw her abuse the sgum with their own eyes. At that time, he was already suspicious...

Saul walked home humming a song, hiding his achievements and fame!

God, he has accumulated so many virtues, and when he looks back, he must point out a fairy sister like in his dream!

Chapter 1303

Since grandpa made his will, the people of the Ning family have resorted to thirty-six tricks these days, trying their best to get the 10% of the shares in her hands.

Because she has what they want, in the short term, they are still going soft, playing the family card, or trying to buy it at a high price. It is estimated that if she does not let go after a while, she will definitely jump the wall.

Selena thought, it's time to take some time to settle this matter.

After the filming of Lu's Group's commercial was over, Selena planned to contact Ning Qitong.

No, before she could act, Ning Qitong called.

"Selena, are you free now?" Ning Qitong's capable and gentle voice came from the phone.

"Auntie, what a coincidence, I just wanted to contact you! There is something I want to discuss with you..." Selena said.

"Then come to my side and talk about it, the banquet hall of Huangjue Hotel." Ning Qitong asked directly.

Selena thought that Ning Qitong was busy and didn't have time, so she agreed, "Okay."

A while later, Selena drove to the entrance of the banquet hall of the Royal Grand Hotel.

The waiter at the door saw Selena wearing sunglasses and a mask, and said politely, "Miss, do you have an invitation card?"

"I'm looking for someone, Ms. Ning Qitong," Selena said.

The waiter immediately enthusiastically said, "Miss, please follow me, Ms. Ning is already waiting for you!"

The waiter took her to the door of a presidential suite and left.

Selena pressed the doorbell.

Soon the door opened, and Ning Qitong, who was wearing a light gold dress and long skirt, was standing at the door. When she saw Selena, she immediately called Selena in, "Selena is here, come in quickly!"

"Come on, change your clothes, I'll help you with your hairstyle later." Ning Qitong excitedly pulled her to look at a gorgeous dress on the bed and a set of ready-made matching accessories.

"Auntie, this is..." Selena was puzzled.

Ning Qitong took Selena's hand and said, "Today's reception is attended by celebrities in the circle, ordinary people don't have the opportunity to attend, I will take you to meet later! It will be good for you!"

Selena coughed softly, "Auntie, there's no need for this..."

Ning Qitong suddenly dissatisfied, "You child, why are you so incomprehensible? If you don't fight, it will fall into the hands of outsiders. These are all things that should belong to you! I didn't manage it when I was abroad before. , since I'm back now, I absolutely can't leave this matter alone!"

Selena knew that Ning Qitong was really doing it for her own good. Standing by her side, she said warmly in her heart, "Don't worry, aunt, it won't fall into the hands of outsiders."

"No matter what, you must attend today's banquet. I have already shown off to many people that I will bring my beautiful and capable niece over today!" A gaffe of embarrassment.

Ning Qitong had already said this, and Selena couldn't refuse anymore, "Then thank you, aunt."

"That's right, try to see if the clothes fit, if not, I'll have someone change them." Ning Qitong happily handed the clothes to her.

She and her husband are so busy with their careers that they haven't had children yet, so they don't usually have the opportunity to choose clothes for the children. In addition, Selena is neither arrogant nor impatient, and her perseverance to work alone is also very impressive. She appreciates it and wants to help her...

Chapter 1304

After a while, Selena changed her clothes and came out.

A fairy-like ice blue embroidered lace evening dress, tassel earrings of the same color, and silver high-heeled shoes spread and coiled from the slender high heels, becoming the finishing touch of this outfit.

Anyone with a discerning eye can recognize that Selena's body is full of priceless limited edition treasures.

The dress is es advanced customization, which is famous for its fairy spirit and beauty, the high heels are ralp's Garden of Eden series, and the earrings are designed by Fang Yi, a top jewelry designer in China.

As soon as Selena came out, Ning Qitong's eyes lit up, "It's beautiful! It's so beautiful!"

"Thank you Auntie, Auntie has a good eye!" Selena laughed.

"You have a sweet mouth, kid, why did you have such a trouble with your family?" Ning Qitong sighed.

"I'm only sweet to the people I like!"

Ning Qitong was so coaxed that she smiled and said, "Come here, I'll tie your hair for you."

"Yeah." Selena sat in front of the dressing table.

Behind her, Ning Qitong picked up the comb and gently smoothed her hair, "Wait a minute, I'll think about what kind of hairstyle I can give you, but you girl has a good foundation and looks good no matter what, I don't have much to show for it." There's room..."

Selena looked at Ning Qitong's loving expression in the mirror, and was gently touched by Ning Qitong's warm fingers between her hair, feeling an indescribable feeling in her heart...

Sensing that Selena's expression was not quite right and her reddish eyes, Ning Qitong immediately asked nervously, "Selena, what's wrong?"

Selena shook her head hastily, "It's okay, aunt, I slept late last night, and my eyes felt a little uncomfortable."

...

At the same time, in the banquet hall.

Everyone chatted, drank, connected with each other, talked about business, and even kissed their children. The atmosphere was very lively.

Zhuang Lingyu was proudly leading Susie to socialize everywhere, no matter where she went, everyone was full of compliments and envy.

"Mrs. Ning, when will you have your daughter's wedding wine?"

"Hey, it's a pity that my useless and unlucky boy is one step late!"

"Mrs. Ning is really lucky. Her husband is gentle and considerate, and her daughter is so upbeat. She also has a good son-in-law who can't pick anything!"

...

Zhuang Lingyu looked at the noble daughter in a white dress beside her, patted the back of her hand and said, "The greatest achievement in my life is to have such a good daughter as Susie!"

Susie narrowed her eyes in embarrassment, "My daughter is my blessing to be a mother!"

Seeing that the relationship between the mother and daughter is so good, the people around are full of envy. It's no wonder they are envious. Most of the children in upper-class families like them are at odds with the family, rebellious and willful. How can they be so obedient? !

"Lingyu, I heard that your sister-in-law who has been abroad all year round has returned to China?" At this time, a lady beside Zhuang Lingyu approached Zhuang Lingyu to inquire.

"Well, I'm back." Mentioning this sister-in-law, Zhuang Lingyu didn't have a good face.

"Hey, it happens that my husband is looking for someone to cooperate with a project, Lingyu, can you introduce me?" The lady took the opportunity to ask.

Zhuang Lingyu frowned, and was about to speak, when the banquet hall that was chatting and laughing suddenly fell silent.

Everyone stared blankly in the direction of the entrance of the banquet hall...

I saw a noble lady wearing a light golden long dress, followed by a girl with stunning temperament, and the two of them were walking in slowly...

Chapter 1305

Since Ning Qitong returned to China, many people in the circle have paid attention to this matter, wanting to curry favor with her and find her to cooperate in business.

Naturally, many people recognized her at this moment, but the noble and beautiful girl next to her... What's going on?

It seems that the circle has never seen such a famous lady!

Could it be Ning Qitong's daughter?

This is even more wrong, Ning Qitong obviously has no children!

Occasionally, a few of them recognized Selena, and they all had expressions of disbelief, whether it was her outfit, or the fact that she attended the banquet with Ning Qitong...

"Is the younger sister Ning Qitong of Ning Yaohua who just came in?"

"It's her, but I don't know who the girl next to me is. The two seem to be very close!"

"Ning Qitong has no children, let alone a daughter-in-law. Could it be a friend's daughter? This is not logical..."

...

Everyone speculated about the identity of the girl next to Ning Qitong, but after Zhuang Lingyu saw the person Ning Qitong brought over, her face became extremely ugly, and she went to find Ning Yaohua instantly angrily. Lowering his voice, he said, "Ning Yaohua! What's the matter with your little sister? What is she bringing Selena here for?"

Susie's heart also rose to her throat, Dmn it, Ning Qiutong! Ning Qiutong!

The meddling old woman!

Ning Yaohua said embarrassingly, "How would I know, she didn't let me know at all! But, she just brought Selena over for a reception, so don't be too sensitive! I talked to her once before and asked her Don't meddle in our family's affairs, she probably won't do anything!"

"Oh, Mr. Ning, I finally met you. I have made appointments with you several times before and you are not free. It is really not easy to miss you!" Regardless of who the person next to Ning Qiutong is, someone has already seized the opportunity Step forward to make a relationship.

An occasion like a reception is undoubtedly the best place to discuss business and cooperation.

"I've just returned to China, and I have too many things to deal with and contacts. I'm really busy, Mr. Xiong Haihan!" Ning Qiutong socialized leisurely.

"Where is there, even if the beautiful president of Ning asked me to wait another month, I would be willing..." Mr. Xiong on the side exchanged a few warm greetings, and then turned to the quiet but generous girl beside Ning Qiutong, " Mr. Ning, who is this little beauty next to you?"

Ning Qiutong looked at Selena beside him lovingly and proudly, and replied, "Mr. Xiong, let me introduce you. This is my niece, Selena."

"Ah..." Mr. Xiong was taken aback when he heard the words, "Nephew... niece...?"

President Xiong subconsciously glanced in the direction of Zhuang Lingyu and Susie while talking, thinking, isn't Ning Qiutong's niece Susie?

The other niece is Ning Yaobang's daughter, Ning Tianxin, who is also here today, but she doesn't look like this. This Selena is a niece from where?

He did know that Ning Yaobang also had two illegitimate daughters, but they were all very low-class, how could he have such a temperament, and besides, Ning Qitong's identity would not be able to praise the two illegitimate daughters!

The more Mr. Xiong thought about it, the more strange he became, but he couldn't ask more on the spot, "Oh, so it's Mr. Ning's niece. I said why is her temperament so good! It really is a family inheritance! Good genes! I am very grateful to Mr. Ning. The style of the year!"

Chapter 1306

Mr. Xiong's words are actually somewhat tentative here.

However, Ning Qitong did not deny it at all, "I agree with Mr. Xiong's words, this child is with me."

Zhuang Lingyu was just a few steps away. Hearing Ning Qitong's words became more and more outrageous, and the topic turned more and more dangerous, her face turned black with anger...

Let her continue like this, and she might cause any scandal on the spot!

Zhuang Lingyu strode over immediately, "Qiu Tong, you're here too!"

Ning Qitong glanced at the visitor, and said coldly, "Why, I can't come?"

Zhuang Lingyu suppressed her anger, and instead of arguing with her, she looked sharply at Selena, "You child, why don't you call me when you see me? Does your stepmother know how to call?"

Before Selena could speak, Ning Qitong snorted coldly and said, "This stepmother, I think you should let someone else call you!"

Ning Qitong didn't give Zhuang Lingyu any face, just like an old hen protecting chicks, she firmly guarded Selena behind her.

The man was brought by her, so she naturally wouldn't let her suffer the slightest grievance.

Hearing Zhuang Lingyu's words, Mr. Xiong showed a look of sudden realization, and he said, where did this girl come from? It turned out to be the rumored adopted daughter of the Ning family?

Doesn't it mean that it is very difficult to get on the stage? Why did it look like that today? It's not like that at all! She is so much taller than the eldest daughter of the Ning family...

If this is the case, Ning Qitong's attitude is very doubtful, how can he be so kind to an adopted daughter, and what he said to Zhuang Lingyu just now is also very strange...

Forget it, every family has scriptures that are hard to recite, he didn't go into this muddy water, and left after chatting for a few words...

After Mr. Xiong left, Zhuang Lingyu immediately said, "Ning Qitong, you can't show your family ugliness. What good does it do you if you make such a fuss? Do you want our Ning family to be dragged into the water because of this girl? The old man's health is not good. Alright, if you get angry for something good or bad, you can weigh it up yourself!"

Ning Qitong narrowed her eyes slightly, "Sister-in-law, I don't know if my cousin has told you that what I hate the most is when others threaten me!"

Now that the Ning family's interest group has been fixed, the change of the heir will change the whole company. Before everything is ready, she will

naturally not act rashly. At least she must ensure that Selena will not suffer any harm during this turmoil. .

This does not mean that she will be threatened by this woman.

"You..." After being threatened, Zhuang Lingyu's face turned ugly, but judging by Ning Qitong's attitude, she should have some scruples, so as not to provoke her to backfire, so she left angrily.

It seems that we must find a time to settle the matter of shares, so as not to have long nights and dreams...

"How have you been living these years?" Ning Qitong looked at Selena, frowning.

Selena smiled, "It's okay, except for the year when I returned to Ning's house, it was pretty good at other times."

However, Ning Qitong felt even more uncomfortable when she heard it. She took a deep breath and dragged Selena to walk among the celebrities, introducing her to those who were worth making friends with...

Even if Selena now bears the title of an adopted daughter, no one dares to disrespect the people she Ning Qitong covers!

And the fact is the same. Seeing that Ning Qitong praised the adopted daughter of the Ning family so much, everyone was surprised, but they all gave face. Besides, this girl has a good temperament and good looks. Now her popularity is no less than that of Susie, so she is naturally happy to sell it Ning Qitong's face...

Susie at the side looked at her father's younger sister, her aunt, who was devoted to helping Selena, her face turned pale...

Chapter 1307

This Dmned old woman, who was recognized by both father and mother, is the eldest lady of the Ning family!

She had already tried her best to curry favor with her by following her father's wishes, but the woman never gave her a good face. What's more, she still brought Selena to attend an occasion like today, obviously sincerely letting her Ugly!

"What's the matter, Susie, why did your aunt get so close to that country bumpkin?" Ying Fanglin frowned and asked.

Susie smiled wryly, "I don't know, I don't know why, aunt doesn't seem to like me very much, but I'm closer to Selena."

Jin Xuanxuan on the side said, "You're just too simple, how can you play with that woman! Your aunt's company is not small, and your uncle Guo Wenbo is also doing well abroad. How could Selena not want to try to hug such a thigh!"

Ying Fanglin curled her lips in disdain, "What kind of strong woman is Zhuge, I think Ning Qiutong is out of her mind. She is so kind to a country girl adopted by the Ning family, so she is not afraid of being laughed at?"

"Let me tell you that this country bumpkin has tricks! He's only been in Glory World Entertainment for less than a year, and he actually got Su Yimo out of power, and uprooted him! Now the whole Glory World Entertainment is simply her world!" Jin Xuanxuan said in a tone. He spoke exaggeratedly.

Hearing this, Susie's face became even uglier.

In Empire Entertainment, although she is the number one person in Xiaohua, there are still many heavyweight big names on top of her. Some top

international resources and opportunities to star in Hollywood blockbusters are currently out of her turn.

However, Selena's Shengshi Entertainment is different. Shengshi is famous for having many newcomers but lacking big names. After Su Yimo was gone, she was recruited by Saul himself, and the golden agent Lin Zhizhi was in charge. Daniel admitted that a newcomer who had a background in "The World" and became popular with "Dream Seeker"...isn't he the most popular!

Now that Su Yimo is gone, Glory World Entertainment definitely treats her like a sister, giving her priority in all resources.

It is not an exaggeration to say that Shengshi Entertainment is now her world...

Fortunately, with Selena's current coffee position, it's still too early for her to become an international player, but she must not be allowed to continue to develop like this...

After Ning Qiutong led Selena to meet the people around, she stopped in satisfaction, and the two called Ning Tianxin together, talking and eating.

However, Ning Tianxin was absent-minded from the beginning to the end, checking her phone every once in a while.

"Is Tianxin in a relationship?" Ning Qiutong teased.

Ning Tianxin's cheeks blushed immediately, "No way, aunt, don't make fun of me!"

Selena blinked, "Well, seeing that you've been looking at your phone, what you're waiting for is... the man you've been obsessed with for so many years, right?"

Ning Tianxin was stunned for a moment, and her cheeks turned redder immediately. From this look, Selena guessed it right.

Selena had such an expression as expected, and snorted, "I knew it was that guy!"

This cousin of hers is not the usual stubborn one, no one else will take a look at her, she is the only one who is devoted to that man, every move of that man can make her lose her mind, just give her a leaf, she can be a treasure It has been treasured for many years.

Selena was really impressed by this, every time she saw her, she saw her back then...

Chapter 1308

"Any new developments recently?" Selena leaned closer to gossip.

"A little bit! In fact, I don't know if it counts!" Ning Tianxin had a troubled expression, she looked like a little girl in love.

Ning Qitong looked at the two girls with a smile, and lamented how good it is to be young, "I have something to leave, you two talk first!"

"Okay, goodbye, aunt..."

"Auntie, go and get busy!"

...

"How much is a little bit? Let me be more specific! Let me analyze it for you!" Selena really couldn't stand her entangled and self-sufficient look.

Ning Tianxin hesitated for a moment, glanced at no one nearby, and then said weakly, "I...we had sex!"

"Dmn it! What!" Selena almost exclaimed, looking at her usually obedient and conservative cousin in amazement, "Sister Tianxin, is this called a little bit? You really don't know what to say It has been a blockbuster!"

Ning Tianxin's face turned red all of a sudden, "I mean...although we had a relationship, but...but the state of me and him hasn't changed much..."

Hearing this, Selena immediately realized something was wrong, "Dmn that kid ran away after eating?"

"At that time he was drunk and he was not sober. He apologized to me afterwards..." Ning Tianxin looked bitter.

Selena was so angry that her chest hurt, not only did she run away after eating, but she also had a one-night stand after drinking!

"Sister Tianxin, why are you so naive? If a man is really drunk, how could he still be able to do that..." Selena was so angry that she was about to vomit blood with the expression on her face that her good cabbage had been picked up by a pig.

She really wanted to know who the other party was! She must kill that stinky boy and chop it up!

It's a pity, she asked before, Ning Tianxin was very strict and refused to say even if he was beaten to death.

Seeing Ning Tian's bewildered look, Selena suppressed the anger in her heart, and asked with a frown, "Let me ask you, did he take safety measures when he was with you that night?"

Ning Tianxin looked a little embarrassed, "No...it was where I lived at the time, I didn't have...no such thing!"

"I knew it..." Selena dismembered that man again in her heart, and asked hastily, "Then did you take the contraceptive pill afterwards?"

Ning Tianxin's face turned pale immediately, "I was too confused at the time, to be honest, I'm still confused until now... I didn't think of this at all..."

Selena's eyes subconsciously fell on Ning Tianxin's stomach, and her forehead ached.

It's fine that Ning Tianxin doesn't understand anything on this piece of white paper, doesn't it mean that the man doesn't understand either? Since you don't want to be responsible, you don't even know to remind me?

She never thought that people close to her would also encounter such a sgumbag...

After Ning Tianxin was reminded by Selena, she couldn't sit still anymore, "Selena, I... I'll leave first!"

No, she's going to the pharmacy to buy a pregnancy test stick and take a test...

Selena was worried that Ning Tianxin was alone, so she hurriedly chased after her. Just as she reached the door, she bumped into someone head-on. She was so scared that she turned around on the spot and ran away!

Depend on! Yun Shen!

impossible!

This... is impossible!

Selena hid among the crowd in the banquet hall, and carefully glanced at the door through the gap between the crowd...

However, in fact, she no longer needs to look at it, and the reactions of the people around her have already answered her.

I don't know if that fellow Yun Shen is crazy, but he actually...appeared in such a public place openly, and didn't hide his appearance at all. His arrogant white hair makes people want to admit his mistake. no...

Baby, the new month has begun, please ask for a monthly ticket for love...
Turn to the last page and you can vote directly...

Chapter 1309

The arrogant white hair, coupled with the monstrous appearance, immediately attracted everyone's attention.

If an ordinary person had a head of white hair, thunder would kill him, but this person didn't seem to be disobedient, but he should have been like this, like a poppy, who knew it was poisonous, but still fell into it involuntarily .

Many rich and famous ladies stared at it infatuatedly...

"Who is that man?"

"Okay... so handsome! But why have I never seen it before? Logically speaking, if I have seen such a special temperament, it is impossible for me not to be impressed!"

...

Amidst the buzzing whispers, someone in the crowd exclaimed excitedly,
"Then... is that the legendary Mr. Yun?"

"Huh? Which Yun Boss?"

"The president of Yilan Innovation Investment Group!!!"

"Dmn it! Isn't it! Is that the chaebol who suddenly appeared not long ago and is said to have returned home with a huge sum of money?"

"This... I'm not sure, because no one has seen what the boss looks like, and I don't know how old he is, but there are rumors that he has white hair and this man's bearing, so I have Doubt!"

...

There was a lot of discussion in the crowd, but they didn't dare to rush forward because they were not sure about the identity of that person.

Until, the boss of Mingyuan Technology, the organizer of the reception, hurriedly greeted the white-haired man, accompanied by his special assistant, wiped his sweat, and then led the man in respectfully...

Seeing this scene, the scene suddenly sounded one after another gasping for air!

"Really...it's really him?"

"There is no mistake, that person must be Yun Shen, the CEO of Yilan Venture Capital! Mingyuan Technology was originally just an upper-middle-level technology company, and it was because of this Yilan Venture Capital that it invested a billion yuan to make the leap. Became the leader in the industry!"

"Oh my God!"

...

In an instant, the eyes of almost all the bosses at the scene lit up. In their eyes, Yilan Venture Capital is simply a huge golden mountain!

What's more, Yilan Venture Capital has just started here and is looking for a suitable investment partner. This is the best time to make friends...

All of a sudden, people rushed forward one after another impatiently, trying to get a piece of fat.

Of course, this kind of occasion is more taboo to rush forward, but it is in accordance with the etiquette to be recommended by someone. Therefore, Cui Mingyuan, the boss of Mingyuan Technology, was suddenly busy. Of course, although he was busy, he still invited this person to attend. Feeling very honorable, his slightly fat face was full of red light.

At that time, he just sent the invitation with the attitude of giving it a try. He thought that the other party would definitely not be invited, so he didn't disclose this matter to anyone at the scene. How could he know that they actually came in the end? flatter him...

Yilan Venture Capital invested in several emerging companies as soon as it settled in China, and all of them made a lot of money. There have long been legends about this young CEO in the upper circles of the imperial capital. The last side is harder than climbing to the sky. Now that there is such a good opportunity, how could the guests tonight not seize it quickly...

Even Ning Yaohua and Zhuang Lingyu forgot about Selena in an instant, they searched for connections everywhere, and wanted to find someone to introduce them to.

As for Selena... After confirming that the person was really Yun Shen, she was racking her brains to find a way to escape...

She doesn't know much about the business district. Yilan Venture Capital only heard about it a few times, but she never expected that the president of this company would be Yun Shen!

She thought this guy was only returning to the country temporarily, but now it seems that he has moved to the country step by step...

Chapter 1310

The group of people happened to be blocking the door, Selena searched for a long time but couldn't find a chance to leave, so she could only find a corner to sit down and wait for that person to leave.

Based on what she knew about that person, he shouldn't stay here for too long.

It's just that this time, that guy didn't know whether he was sincerely against her or what, but he never meant to leave...

"Mr. Yun is really young and promising. It is really admirable to have such achievements at this age! I wonder what kind of industry Mr. Yun was engaged in before?"

To be able to accumulate such terrifying wealth...

Others are also very curious about this question, and they all suspect that he is a member of an heir of a long-established foreign clan.

The slender fingers of the white-haired man were gently pinching a red wine glass filled with scarlet wine, and he said unhurriedly, "Arms."

As soon as the voice fell, the scene was dead silent.

Then there was a dry coughing voice, "Hahahaha... Mr. Yun is really humorous!"

"Yes, yes! Mr. Yun is really good at making jokes!"

...

"I wonder if Mr. Yun has a girlfriend?"

Obviously, this issue is also of concern to all the bosses present here who have daughters.

The white-haired man glanced in some direction, and said quietly, "I had it, but I was dumped."

"Cough... cough cough cough... Boss Yun is joking again! How could a woman dump Boss Yun!"

"That's right! That woman must be blind!"

...

Selena, who was blind not far away, said, "..."

"Mr. Yun's return to China to invest and support the country's construction and development is really a righteous deed. I wonder which industries you are more interested in?" someone asked.

Yun Shen: "It depends on your mood."

Everyone: "..."

Nima! Can we still have a pleasant chat?

I have no choice but to continue talking!

Okay, okay, you have money and you are right, whatever you say is what you say...

Selena watched helplessly as every word Yun Shen said was instantly cold, while the group of people continued to chat awkwardly with incomparable tenacity. Selena admired their psychological quality very much.

She waited here and there, but she didn't wait until Yun Shen left, but she got into trouble...

She was sitting in the corner trying to minimize her presence, when a pungent smell of alcohol gradually approached, a drunken man in his forties or fifties staggered up to her with a beer belly, "You...you are Selena?"

"What advice does this gentleman have?" Selena frowned slightly.

"How much... how much..." the man asked with his tongue out.

"What?" Selena narrowed her eyes slightly.

"Let me ask you! How much is it for one night!" The beer belly asked impatiently, with the smell of alcohol in his mouth.

The man's voice was a little loud, gradually attracting some attention that was originally on Yunshen's side...

"Sir, you are drunk." Selena did not want to attract attention and be discovered, so she tried her best to calm down.

"Stop talking nonsense, let me ask you how much it is! Hehe, everyone says you are very proud, I want to see how difficult it is for you to sleep..." The more the beer belly said, the worse it sounded.

A hotel manager noticed the commotion here, and hurried over to make a rescue, but that person probably drank too much, swearing and refusing to listen to persuasion at all, all the guests who came here were distinguished guests, and the hotel manager didn't dare to offend him. The atmosphere has reached a deadlock...
