

Cruel Heart Lover Novel

Chapter 1321

Zhuang Lingyu pulled Susie over, "Susie, I can see what you have to say to her. She just wants us all to die to satisfy her heart!"

At this moment, the old man and Ning Yaobang have already left, and only Ning Qitong is left in the room.

Therefore, Zhuang Lingyu didn't care so much anymore, and blurted out excitedly, "She still hates us because of what happened back then! It's Roman who lied to us because she got pregnant outside and got pregnant. In the end, Roman left her and chose Susie!

We had no choice but to send her abroad, lest she stay at home and be found embarrassing! The reason why she didn't reveal her identity was because she was afraid that this matter would be dug up by someone!

Worried that the old man will be irritated, even the old man never said, we have done our best! All of this is her own fault! What right does she have to hate us now? "

"Lingyu, don't say a few words!" Ning Yaohua couldn't help but look a little ugly when he saw that Zhuang Lingyu had said all these things.

After all, this is the biggest stain in his life...

Susie also persuaded from the side, "Mom, stop talking, even if Roman doesn't like sister, I shouldn't have been with Roman at that time, and in the end, sister has been feeling uncomfortable because of this matter... .."

Hearing the other party's long speech, Ning Qitong was suddenly startled.

what...

So many things happened back then?

Hearing Zhuang Lingyu's voice, Roman was originally with Selena? It was Roman's fault that Selena got pregnant outside and lied to them?

She has been in the mall for so many years, not to mention anything else, she still has the ability to read people.

Selena didn't seem like the kind of person who would do such a thing...

Ning Qitong said decisively, "Are you sure that the matter is as you said, and there is no hidden secret?"

"What kind of secrets can there be! I took care of her pregnant belly for several months, because I believed that she was pregnant with Roman's seed, and it turned out that she was about to give birth. Roman came back from a business trip abroad and told me personally that this child It wasn't his at all, and he never had anything to do with Selena! Do you know how embarrassing I was at that time?" Zhuang Lingyu's face was sullen and ugly as soon as she recalled the situation at that time.

Ning Yaohua also murmured, "Qiu Tong, you always think that Lingyu and I are cruel, but in fact, we really have our own problems. We should not expose our family ugliness. We didn't want to talk about these things..."

"Have you said enough?" In the empty room, the girl's cold voice sounded like iron.

Zhuang Lingyu looked at Selena who was in the corner with disgust on her face, "I poked your scar, didn't I? Now that I know it's embarrassing, what should I do?"

After a while, Selena raised her clear and bright eyes, "Do you know what the stupidest thing I did back then was not treating Roman with all my heart and soul, or treating Susie unsuspectingly like a real sister? But after that happened, I cried like a dog and explained to you, please believe that I didn't do it! Now, sorry, whatever you think. It has nothing to do with me."

After Selena finished speaking, she turned and left.

Ning Qitong hurriedly chased after her. When she reached the door, she couldn't help but turned around and looked at Ning Yaohua and Zhuang Lingyu, saying, "I'd rather choose to trust two outsiders than my own daughter. Brother and sister-in-law really made me grow up." Open your eyes! Take a good look at what is around you!"

Chapter 1322

After Ning Qitong and Selena left, Ning Yaohua and Zhuang Lingyu's expressions were extremely ugly.

Zhuang Lingyu was annoyed, "That girl, she's still making excuses until now..."

Susie's small face was full of bewilderment, "Dad, Mom... I really thank you all these years! Thank you for raising me! Thank you for your love and trust! Things have come to this One step, it's really not what I want to see...Although I'm very reluctant, I really miss you, but I think...I should leave..."

Zhuang Lingyu's face suddenly changed, "Susie, what do you mean?"

Ning Yaohua also frowned and said, "Susie, what are you talking about? Where are you going?"

Susie had a gloomy expression on her face, "Go wherever you want, I really don't want to cause you any more trouble, you have already paid enough for me and suffered enough grievances! Grandpa is right, if I If you have the slightest sense of gratitude, you shouldn't stay in this house any longer! This

place...it doesn't belong to me...I should go back to the place that should belong to me...it's overdue...it's me...it's me I am too greedy for my father and mother...your love for me..."

"Susie, your grandfather didn't mean to drive you away, you don't have to pay attention to what other people say, you were raised by me, what kind of person are you, how can I, as a mother, not know? Don't do stupid things, don't leave your mother!" Zhuang Lingyu urged.

Susie wept, "But, mom... this family... I really can't stay any longer... I'm sorry... I'm really sorry..."

Zhuang Lingyu glared at Ning Yaohua, signaling him to find a solution quickly.

Ning Yaohua sighed, and then murmured, "Susie, I know you have been wronged, but the matter is not as serious as you think. Fortunately, there were not many people at the reception last night, and I immediately blocked it. The news, this matter, will never be spread, and it will not have any impact on your personal or career! As for the attitude of others towards you, it does not depend on the attitude of me and your mother towards you. You are the darling of your parents. With us backing you up, who else would dare to look down on you?"

Zhuang Lingyu repeatedly echoed, "Yes, that's the reason!"

The two were persuading, seeing that Susie's mood had finally eased up a bit, Ning Yaohua's cell phone rang suddenly.

Caller ID – Su Hongguang.

The Su family called!

Ning Yaohua's complexion changed suddenly, and after calming down, he picked up the phone under Zhuang Lingyu's and Susie's extremely nervous eyes, "Hello, my in-laws..."

A cold snort came from the other end of the phone immediately, "I don't dare to be my in-laws. Chairman Ning, I'm sure you already know why I'm looking for you. I hope you can give me a satisfactory answer to this matter! My Su family is a well-known person in the imperial capital, but now that this is happening, how do you tell us to behave in the circle in the future! I thought that the one we married was a rich lady, but it turned out to be a counterfeit!?"

Ning Yaohua felt uncomfortable when he heard it, but he could only reply patiently, "What my in-laws said is too serious. Susie was raised and pampered by Lingyu and I since we were young. Miss, what is a counterfeit? You also see her character and ability, don't you?"

NEXT CHAPTER

Chapter 1323

"Ning Yaohua, don't change the subject with me here. Could this be your reason for deceiving our Su family?" Su Hongguang's voice became even more angry.

Ning Yaohua said solemnly, "Regarding this matter, my in-laws, please rest assured, I will definitely give you a satisfactory answer to my in-laws!"

"Okay, then I'll give you three days!" With a snap, the other end hung up the phone.

...

After hanging up the phone, Ning Yaohua's expression was a little gloomy.

Zhuang Lingyu immediately asked, "What's the matter, what does the in-laws say?"

A gleam of light flashed in Susie's eyes on the side, and then she said with despair and sadness, "Now that this matter has been brought up by my aunt, and because of her influence, I'm afraid everyone at least believes half of it, and others don't." Forget it, I won't go into the details, but since the Su family has heard this rumor, they will definitely investigate to the end. This matter... can't be hidden, and I don't want to deceive them again... Dad, Mom, you guys Don't be embarrassed, I'm going to break up with Roman now..."

Ning Yaohua's face darkened immediately, and he said in a stern tone, "Susie! You are crazy! How can you talk nonsense about such things!"

"Dad... the matter has come to this point, instead of letting the Su family bring it up, it's better for me to take the initiative to raise it, so as to save myself some face. Now I... have nothing, I don't deserve... I don't deserve Roman..." Susie cried sadly as she said that.

"Silly boy, don't cry. It's all mother's fault. When I saw Ning Qitong appearing, I should have been vigilant!" Zhuang Lingyu comforted Susie who was crying endlessly.

Ning Yaohua at the side was lost in thought.

Although Susie's words were a little impulsive, they were not without reason.

When the old man made his will last time, he didn't even give Susie any shares. There were already complaints from the Su family. How could there be any reason not to give shares to his own, but to Selena, an adopted daughter?

Fortunately, Roman probably went back to persuade him, so he didn't say anything more, but now, no matter what, he couldn't justify it.

Susie is not her own now, and she doesn't have any equity, not to mention that she will definitely have no status after she gets married. The problem now is that it's hard to say whether the marriage will be guaranteed or not.

It's not easy for Susie to live up to his expectations and marry the Su family. If this marriage is lost, it will definitely be a heavy loss for him!

For him, the Su family is more important than shares. A large part of the reason why he can gain a foothold in the board of directors is the support of the Su family.

Therefore, no matter what method is used, this marriage must be preserved!

But now there is only one way to prove the sincerity of the Ning family and improve Susie's status.

That is, transfer his own shares directly to Susie's name.

In this way, the Su family will never have anything to say!

But... If he were to transfer all his shares to Susie, it would be difficult for him to make such a big decision right now.

No matter how good Susie was, it was not her own after all...

Thus, Ning Yaohua fell into a dilemma...

After a while, Ning Yaohua took a deep breath and said, "Susie, don't worry, let me think about it, and Roman, don't be impulsive, I will help you solve everything appropriate!"

When Susie heard the words, a gleam flashed in her eyes, but her face still had an expression of ashamedness, she didn't nod or shake her head, leaving Ning Yaohua with an ambiguous attitude...

It forced Ning Yaohua to make a decision as soon as possible...

Chapter 1324

Outside the gate of the Ning family.

"Selena, think it over clearly, do you really want to give me this share?"

"Auntie, just accept it. I don't want to touch the things of the Ning family, and of course I don't want to make others worse off. Fortunately, you showed up. I'm afraid...the shares will cause trouble for you." Selena said worriedly.

Ning Qitong immediately sneered, "Oh, trouble? As far as they are capable, there is no trouble that is worthy of my attention! That being the case, Selena, I will not push this share with you, so I will accept it. Now, you just concentrate on what you want to do, I'm with the Ning family."

"Thank you, aunt!" Selena looked at Ning Qitong gratefully, and then couldn't help but ask, "Auntie won't ask me about the past?"

Ning Qitong smiled, "I have nothing to ask, I can guess what's going on with my toes, but with Susie's scheming, there must be no proof back then, and now Susie insists on you, In addition, even Roman is on her side, even if you have a hundred mouths, you still can't speak clearly! If you don't believe me, it doesn't matter how many times you say it. If you believe in you, you don't need to say a single word! Don't worry, aunt trust you!"

Seeing the able and gentle woman hugging her, Selena had mixed feelings, "Auntie..."

The girl didn't say anything, but Ning Qitong could feel her emotions, and touched the girl's hair distressedly, "Good boy, you have been wronged, don't worry, Susie's minions won't hide for long, you Those two unclear parents will regret it sooner or later..."

Ning Qitong sighed in his heart while talking, this child, it is really not easy to endure for so many years!

Even if there is more resentment in her heart, what can she do? But the other party is her biological parents, and whatever she does to them will be her fault in the end.

As for Ning's International, it is the old man's painstaking effort, and it cannot be touched...

It's also rare that the child has persisted until today, has not been blinded by hatred and gone astray, and has found his own direction, and now he is developing better and better.

Thinking of this, Ning Qiutong was relieved a lot.

Such a good boy, what a pity!

It is estimated that the events of the year, especially Roman's betrayal, have dealt a big blow to her. She has to pay attention to see if there is a suitable man around her, so that Selena will have a trust in the future. There are a few young men by Lao Guo's side. , it seems that everyone is not bad...

...

After chatting with Ning Qiutong for a while, the two went home separately.

When driving halfway, Selena suddenly remembered one thing!

It's over, forget about Sister Tianxin!

Thinking back to Ning Tianxin's strange attitude when she left, Selena hurriedly dialed Ning Tianxin's number.

The phone rang more than a dozen times but no one answered, Selena became anxious.

Dmn, nothing will happen, right?

Selena scolded that unknown sgumbag hundreds of times in her heart, then turned the car around and drove directly towards Ning Tianxin's residence.

As far as she knew, Ning Tianxin did not live with Ning Yaobang and the others, but rented a house outside. She had been there before, so she had an impression.

A while later, Selena's car stopped in front of a slightly old building.

The houses here are a bit old, so they look very old. Most of them are retro buildings. They have a quiet and elegant charm during the day, but they look a little bleak at night.

Selena parked the car downstairs, then hurried to the door and knocked on the door.

Chapter 1325

"Boom boom boom..."

The knock on the door echoed in the empty house.

The building was dark and there were no lights on, and it was unknown if there was anyone inside...

However, it's so late, and Ning Tianxin has nowhere to go, logically speaking, this is the only place she can come!

Could it be that something happened inside?

Selena rang the doorbell for a long time but no one opened it, so she broke the door when she couldn't prepare.

At this moment, with a "squeak", the door was pulled open from the inside...

Ning Tianxin stood there with no blood on her face, with a dazed expression on her face. After seeing Selena, she couldn't bear it any longer, and threw herself into Selena's arms, "Xiaoxi...Xiaoxi... ..what should I do..."

Selena's heart skipped a beat, "Are you...pregnant?"

Hearing these two words, Ning Tianxin's body trembled suddenly, she nodded her head lightly on her shoulders, and said in a somewhat excited tone, "Yes, I'm pregnant... I changed several different My pregnancy test stick... tested many times... the results are all pregnant... all are..."

"Okay, okay, don't worry, let's go in first!" Selena suppressed the murderous anger in her heart, and carefully helped Ning Tianxin to walk in.

Turning on the light, looking at the several pregnancy test sticks on the table, Selena had a headache.

"About a few months?" Selena asked.

"About three months..."

"Are you usually unresponsive?"

"It's just more drowsiness, poor appetite, and slight nausea... But I used to have similar reactions when I was in a bad state, and my menstrual period would be disordered when I was stressed, so I didn't think about it at all..."
Ning Tian Xin buried her head in pain.

Selena squeezed the space between her eyebrows, and asked a crucial question, "What are you going to do now, do you want this child, or don't you want it?"

"No...I don't want to..." Ning Tianxin shook her head immediately.

Selena thought that Ning Tianxin would definitely be reluctant. After all, it was the child of the man she had liked for so many years. She didn't expect Ning Tianxin to say "no" so decisively. She couldn't help being a little surprised, "Are you sure?"

Ning Tianxin nodded affirmatively, "Selena, I don't want to part with this child, but I can't have him. I don't want my tragedy to repeat itself on him."

Hearing this, Selena suddenly realized.

Ning Tianxin's parents have always had a bad relationship. As a victim, she naturally doesn't want her future children to suffer such harm...

Ning Tianxin said slowly, "That person...he already has someone he likes, and he likes him very much, just like I like him, for many years. So, I know too well, it is impossible for him to give up on that woman Yes! I don't want to fall into such a lowly situation of using a child to tie him up...I can't have this child!"

Hearing Ning Tianxin's words, Selena felt a touch of admiration in her heart. As a cousin, she seemed to have a weak temperament, but she was still very assertive in this kind of matter.

However, looking at Ning Tianxin's painful appearance, she didn't need to think about it, she had to struggle so much to make such a cruel decision.

After all, Selena still couldn't bear it, and said tentatively, "How about, Sister Tianxin, do you want to test that man's attitude before making a decision? Maybe there is still a possibility between you two?"

Ning Tianxin shook his head, "No need, his attitude was already confirmed last time, knowing that after being with me that night, he was in so much pain, and he was in so much pain that he betrayed the person he liked, why should I go again embarrass him..."

Chapter 1326

This silly boy...

Selena really didn't know what to say.

She is afraid that the other party will make things difficult, so doesn't she think about herself, facing the panic of unmarried pregnancy and the pain of aborting the child alone...

However, it's not that she hasn't experienced such a stupid time back then, so she really doesn't have the right to say anything about Ning Tianxin.

Being in the middle of the game, no one can help with this kind of thing, and can only rely on Ning Tianxin to break free and think about it.

In fact, Ning Tianxin wanted to abort the child, but Selena was relieved. As a single mother, it would be too difficult for her to take care of the child alone in the future.

Although he didn't know who that man was, judging from Ning Tianxin's current description, it was obvious that he was not someone worth entrusting.

"Decided?" Selena asked.

Ning Tianxin took a deep breath, nodded, "Yes."

Selena stretched out her arms and hugged Ning Tianxin, "Okay, I support all your decisions. The pregnancy test stick is also biased. Your first thing to do now is to go to the hospital for a more detailed examination tomorrow to make sure. Are you really pregnant, I will accompany you tomorrow!"

"Thank you, Selena..."

"Why are you being polite to me! If you really want to thank me, or tell me who that man is, I'm really angry now, and I'm going to suffocate if I don't beat him up!" Selena said He rolled up his sleeves and said.

Ning Tianxin was amused by her, "Selena, don't mess around, that man... has some influence in the imperial capital, and I don't want you to do anything impulsively because I know you are impatient, for fear of hurting you. And , and it's not necessary. I've liked him for so many years, I did it willingly, and that night was also an accident..."

Selena had no choice but to droop her head, with a disappointed expression on her face, "Okay, okay, if you change your mind and want to beat him up someday, remember to tell me right away!"

...

At night, Selena was worried that Ning Tianxin would be alone, so she stayed here directly.

In the middle of the night, the phone suddenly buzzed and vibrated.

Seeing Daniel's name, Selena immediately got up, "Hello?"

Daniel: "Where is it?"

Selena: "It's at my cousin's place! Are you done with your work?"

Daniel: "It's just over, how are you?"

Selena was stunned: "Uh...you know..."

These days Daniel was either flying around or going around for meetings and inspections. He was as busy as a spinning top. She didn't want to tell him these troubles, but he did not expect to know.

"You don't have to worry about me. In fact, it's fine. I just took this opportunity to settle the matter of the shares. I have successfully transferred the shares to my aunt. The reason for my cousin's side is... because my cousin Something happened, I might have to stay with her for a while!"

As Selena spoke, she frowned and said, "What happened to that guy today...do you also know?"

Daniel: "Yes."

"Actually, I've wanted to ask for a long time. Your company seems to be very uneasy recently. Is it because..." Selena was still worried about what that guy would do to Daniel because of her.

"Open the door." Daniel said suddenly.

"Huh?" Selena was stunned for a moment, "You...you came to my cousin?"

Daniel: "Yes."

Before Selena could think about it, she walked out of the room cautiously, and gently pushed open the door of the next room. Seeing that Ning Tianxin had already fallen asleep due to exhaustion, she stepped lightly down the stairs...

Chapter 1327

As soon as he opened the door, Daniel stood outside the door in a dusty suit.

"Why do you..." Seeing Daniel suddenly appear in front of her eyes, Selena was a little dumbfounded, "How do you know I'm here?"

Coming so fast, he should have already driven this way before calling her.

Daniel: "Guess."

Selena was sweating, "You're amazing! But you don't have to rush over here so late, do you? Let's talk about something in detail tomorrow!"

Daniel stretched out his arms and said expressionlessly, "I'll give you a hug."

Selena was stunned, then her eyes turned hot and she jumped into the man's arms, "Daniel... how can you be so cute!"

Was it because he was afraid that she would be sad, so even after a busy day, he came here to give her a comforting hug?

On a cool night, the two hugged each other quietly.

Daniel stroked the girl's hair, "Don't think about it, the matter between me and that person has nothing to do with you, everything is our personal grievance."

Hearing this, Selena's heart skipped a beat. Listening to Daniel's voice, it seemed like she had found out about Yun Shen?

Did the two really know each other?

"You...know each other?" Selena couldn't help asking.

"I know." The man said, looking at the girl's worried expression with dark eyes, "Are you worried about me... or him?"

Seeing the man's sudden jealousy, the corners of Selena's mouth twitched and said, "Of course you are careful of my man! Can you still worry about others?"

men and others.

Hearing the girl's words, Daniel had a smug expression on his face, "Don't worry about me, the only person in this world who I can take seriously is you."

Seeing Daniel's confident appearance, Selena was relieved a lot. Although Selena felt very comfortable hearing the sweet words, she still puffed up her cheeks and feigned anger, "It doesn't make sense for you to be so jealous!"

The man took a deep look at her, was silent for a long time, and then said in a low tone, "After all, he was the one you liked."

Although the others Selena was just trying to punish them, this Yun Shen was the only person Selena had ever really liked...

Even if he doesn't care, it's impossible.

As soon as Daniel finished speaking, Selena suddenly became confused, "Uh..."
what?

Is that guy Yun Shen someone she liked?

How did he come to this conclusion... on...

Uh, it seems that she said it herself...

Sin!

Back then, in order to reject Daniel, she seemed to have pulled that guy out as a shield...

Daniel didn't seem to want her to be in trouble, so he stroked her hair and ended the topic, "It's too late, go to sleep."

Selena hugged Daniel's waist and did not let go, "I can't bear you to leave."

Daniel: "Then I'll stay with you for a while."

"One moment is not enough, I want to be your leg pendant, follow me wherever I go..." Selena buried her head in Daniel's chest, covering the extremely sad expression on her face at the moment, "Hey, dear... You are so good...so so so good...you should marry a flawless fairy...I always feel that it is too bad for you to be with me, what should I do?"

Daniel: "You are a fairy."

"Hey...you are talking nonsense!"

...

The two got bored for a while, before Selena reluctantly said, "I won't bother you, you should go back and have a good rest!"

Chapter 1328

"You too." The man looked at the girl for a while, then turned and left.

The moment he opened the door and got in the car, Selena suddenly called out to him, "Daniel..."

Daniel turned around and looked suspiciously at him.

Selena's fingers clenched into fists, and after a long while, she loosened them one by one. In the end, she just waved her hand, "Slow down on the road."

"Ok."

...

After Daniel left, Selena stood there for a long time...a long time...until her body became a little stiff and numb, and then she went back into the house step by step...

There are some things... she has to tell him...

No matter how hard it is...

She also has to uproot it from the dark, moldy corner of her heart, even if it sees the light of day again, what she will face is another hell...

the next morning.

Before going to the hospital, Selena went home and changed into her attire.

Wearing gray sportswear, braided hair, freckles all over her face, and black-rimmed glasses that almost covered half of her face, she instantly changed from a beautiful woman to an invincible ugly woman.

After arriving at the hospital, Selena was afraid that Ning Tianxin would be tired, so she asked her to sit and wait beside her, and went to the queue to register and pay the fee by herself, and then took her upstairs to the Obstetrics and Gynecology Department to wait for the examination.

"Selena... I really troubled you!" Ning Tianxin wiped the sweat off Selena's forehead with a handkerchief, with a face full of self-blame.

Selena said angrily, "Sister Tianxin, which one of us is with the other, you are my cousin, I will be angry if I say this next time!"

"But, don't you have to work today? And... in case you are seen here..." Ning Tianxin was still worried.

"Shouyou, sister Tianxin, don't worry, I happen to be fine today, besides, my disguise skills are superb, how could anyone recognize me, I'm already very proficient at this skill, and I'm just relying on this trick, you can rest assured..."

Selena was comforting Ning Tianxin when, out of the corner of her eye, she suddenly saw two acquaintances, a man and a woman, at the door of the orthopedic department opposite.

Or an acquaintance that she can't even ignore...

The man is Mo Lingtian, but the woman is Guan Ziyao!

Mo Lingtian held a lot of bills in one hand, and carefully supported Guan Ziyao with the other hand. Guan Ziyao seemed to have injured his leg.

A few times before, Selena had already seen that Mo Lingtian was interested in Guan Ziyao. Looking at the current situation, did she increase her horsepower and start to act?

Selena only read it as a gossip for a while, but didn't pay much attention to it. Anyway, it has nothing to do with her, as long as Guan Ziyao doesn't try to trick her darling...

Selena curled her lips, looked away, and was about to talk to Ning Tianxin, to reassure her not to be nervous, but found that Ning Tianxin's expression was very strange.

He was fine just now, but now he is staring blankly in the opposite direction, his lips are trembling, and his face is pale...

Selena subconsciously followed Ning Tianxin's gaze towards the opposite side, and found that the direction Ning Tianxin was looking at seemed to be the direction of Mo Lingtian and Guan Ziyao...

How is this going?

Is she wrong?

Selena was full of suspicion when a nurse's voice came from inside, so she had to quickly take Ning Tianxin in.

What followed was a series of detailed inspections. Selena found that Ning Tianxin's state was indeed very wrong, she was absent-minded like sleepwalking the whole time...

After finally finishing the examination, Ning Tianxin sat down in front of the doctor again, Selena stood by and accompanied nervously, "Doctor, how are you?"

Chapter 1329

The doctor was a middle-aged woman in her forties. She glanced at the examination report, and then said, "I'm 12 weeks pregnant, the fetus is very healthy now, do you want it?"

Probably seeing that Ning Tianxin's expression was wrong, and the person beside her was not a man but a sister, the female doctor asked directly.

For them, this kind of thing has been seen a lot, and asking this question is just a very normal thing.

"Sister Xin..."

It wasn't until Selena reminded her that Ning Tianxin came back to her senses, and hurriedly said, "No...don't! Doctor, I want to have an operation right now, is that okay?"

Ning Tianxin looked a little anxious.

The middle-aged female doctor in the obstetrics and gynecology department looked at Ning Tianxin, and her face suddenly turned a little cold. They have been in this business for a long time, and they are most disgusted with those who have children and want to kill them.

You have to know how many people who came to her have tried so hard to want a child but couldn't get it, but these people are completely irresponsible because of their youth.

The female doctor said coldly, "You have been pregnant for too long, and medical abortion is useless. You can only do artificial abortion, that is, dilatation and curettage, so that the abortion can be clean. I have to remind you that this kind of operation is very harmful to the body. Moreover, judging from your examination results, you have severe palace cold, and your constitution makes it difficult to conceive. After this abortion, it may be difficult to have children in the future."

Hearing this, Ning Tianxin's face suddenly looked like a thunderbolt, "What..."

She does know that her physique is a bit weak, and every menstrual period is extremely painful. She has seen Chinese medicine and said it is a cold palace, so she needs to take good care of it, but she did not expect the consequences to be so serious...

Selena on the side was also dumbfounded, "So serious?"

The female doctor said coldly, "Of course I'm going to tell you what the most serious consequences are, but it's not alarmist. It's not easy for her to get pregnant this time."

The corners of Selena's mouth twitched slightly, it was not easy, Ning Tianxin won the bid in one go!

But it's impossible for the doctor to scare her intentionally. The risk of Ning Tianxin's abortion is really high, and she may be infertile for life...

This... is really too serious for a woman!

In the consulting room, there was a dead silence.

After a while, Ning Tianxin's hollow voice came, "Doctor, please arrange a time for me, the sooner the better."

When Selena heard this, she became anxious, "Hurry up! How can you make such a serious decision so easily! You must let that man be responsible, okay? How long do you want to protect that ba5tard?"

"Selena, stop talking..." Ning Tianxin's face was full of pain.

A gleam flashed in Selena's eyes, and she asked with a frown, "Let me ask you, is that man called Mo Lingtian?"

After hearing this name, Ning Tianxin's body stiffened suddenly, her face was full of panic, as if she didn't expect Selena to know.

Seeing her reaction, Selena knew that she had guessed right, and she was furious, "Dmn! I knew it! No wonder you looked so ugly when you saw him with Guan Ziyao just now..."

She had calculated everything, but she never expected that the man Ning Tianxin liked was actually someone she knew...

While Selena was excitedly talking to Ning Tianxin, neither of them noticed that when the middle-aged female doctor opposite heard the name "Mo Lingtian", her face was filled with surprise and astonishment... ..

Ling Tian?

This... this girl's belly... is actually Ling Tian's child?

Chapter 1330

Perhaps a duplicate name?

wrong!

She clearly heard the name "Guan Ziyao" just now.

A "Mo Lingtian" may have the same name. Could it be a coincidence that two people have the same name?

Thinking of this, the face of the director of obstetrics and gynecology suddenly became extremely ugly...

My sister and brother-in-law almost donated several temples in order to pray for a grandson all day long!

As a result, that brat Ling Tian...

"You brat! It's irresponsible to make the stomach of other girls bigger!?" In anger, the female director slapped the table hard, and then blurted out.

Selena and Ning Tianxin, who were talking, were taken aback by what the other said, and then subconsciously looked at the doctor.

The doctor hurriedly restrained his strange expression, coughed lightly and looked at Ning Tianxin. This time, his tone softened a lot, and he said earnestly, "About the harm and consequences of abortion to the body, I have just told you It's over, this is not alarmist talk, this kind of thing is really harmful to the girl's body, not to mention your physique is very special..."

The doctor recounted the dangers and consequences of abortion persuasively, and then continued, "So, child, I suggest you think carefully before making a decision. Your friend's words are very reasonable, and the father of the child should be held accountable. Come!"

The last sentence of the female doctor's tone was obviously accentuated.

"I've thought it through..." Ning Tianxin said firmly.

She was afraid, afraid that after leaving here, she would no longer have the courage to make this decision, so she didn't dare to give herself any room to retreat...

This is obviously because the woman Ling Tian and Guan Ziyao were stimulated just now, so she became more determined to kill the child!

Seeing this, the female doctor stomped her feet anxiously, so she could only continue to persuade her calmly, "With your current mental state, if I do it for you, you will regret it later, who will be responsible for the trouble you come to the hospital? And Even if you decide to do it, you can't do it today, and it will take at least a week to make an appointment, so I'll make an appointment for you first, and you must think carefully after you go back during this period."

Ning Tianxin hesitated for a while, and finally said, "This...well...Director Kang, thank you!"

The doctor had already talked to this point, and in the end Ning Tianxin could only leave with Selena's support.

After the two girls left, Kang Wanru immediately picked up the phone on the table and made a call, "Hey, Doctor Zhang, I have an urgent matter at my house, can you come over and help me with a shift? That's right. , now immediately!"

After finishing the phone call, Kang Wanru took off her white coat, changed her clothes, picked up her bag, and left the consultation room in a hurry.

On the way, Kang Wanru called her sister while driving quickly towards Mo's house, "Hey, sister, where are you now?"

"I'm at school, what's the matter? Aren't you attending the clinic today? Why are you free to call me?"

"Sister, no matter where you are, you should go home immediately and call your brother-in-law together!"

"What's going on? Your brother-in-law is still at work right now!"

"Is it important for your grandson to go to work? Come back quickly! I have something important to tell you!" Kang Wanru's tone was extremely urgent.

"Grand... grandson? Wanru, what are you talking about?"

"Anyway, it's right for you to come back! Also, you should immediately call Ling Tian and ask him to come back too! Human lives are at stake!!!"
