

Cruel Heart Lover Novel

Chapter 1351

One is vicious and vicious, the other is innocent, so kind that even an ant would not be willing to step on it to death.

This situation often occurs in scripts, Yunhuang is still vicious one second, then becomes naive the next second, and even when the attack occurs, he has to switch between the two personalities in a short period of time, which requires the actor's basic skills very high.

Seeing Selena coming, Meng Shiyi glanced up and down her body, her eyes were condescending, it was the disdainful look that the powerful group in the circle used to look at the idol group.

It's just a female artist who became popular overnight in a dog-blood drama, and she doesn't even have a single award. There are a lot of people like this in the entertainment industry, and most of them are just taking advantage of the current popularity to make a fortune. In her eyes, this kind of person is just a crucian carp crossing the river, not worth mentioning.

The role of Yunhuang was not difficult for Selena, so the audition and makeup photos were over quickly.

After it was over, Selena was talking to the director, when she saw a black robe not far away, and a person walking from the corner, it was Mo Chenxiu who had been chasing after thousands of miles...

Selena caressed her forehead speechlessly, Dmn, did you really come after me?

What is this guy trying to do?

When Mo Chenxiu saw her, he didn't show anything special for the time being. The well-behaved audition and photoshoot, in the eyes of outsiders, was a performance of dedication and dedication.

Only Selena understood the real meaning behind his calm expression – Keren, the future is long, let's play slowly!

However, today is probably destined to be her catastrophe day...

Just when Selena felt that things were bad enough, the director's assistant suddenly led a person in with a flattering smile, "President Su, please come this way! We're taking a makeup photo now!"

Selena looked at the man following behind the director's assistant, and there was a trace of collapse on her face as if struck by lightning.

Roman...?

Why did Roman appear here?

Nima, Louis, Mo Chenxiu, another Roman... three exes in one drama... one more is enough to make a mahjong table!

Does this mean that she is not messy enough?

When Guo Qisheng saw the person coming, he immediately went forward enthusiastically and said, "Boss Su is here, why don't you tell me in advance, so I can get ready!"

"Today I'm doing some errands nearby, so I'll drop by to have a look, so I don't need to bother my teachers." Roman was still as gentle and gentle as ever.

Guo Qisheng led Roman to the audition place, "It just so happens that you are here, President Su. Let me introduce you to the leading actors we have confirmed so far. You have a look at them and guide them..."

Roman said humbly, "I can trust Director Guo's vision. I'm just a layman. I just need to appreciate the demeanor of the leading actors, but I don't dare to be a director."

Listening to Roman's words, Guo Qisheng was like a spring breeze. Now investors who don't know how to pretend to understand, like to get involved in everything. It's really comforting to be like Roman.

Louis nudged Selena, who was still sluggish, with his elbow, leaned her sideways, curled his lips and said, "Hey, are you okay? Sure enough, true love is different! You'll look silly when you come here!"

Selena glared at Louis, "I really love your sister! Why is Roman an investor in this movie?"

This is simply unscientific!

Louis blinked, "What's so strange! Do you know the total investment of our show so far? Five hundred million!"

Chapter 1352

"The lineup and the script determine that this show will definitely be a hit. With such a big piece of cake, all parties want a piece of it. For the Su family, which is preparing to enter the entertainment industry, it is normal to get involved. The Su family's investment is not the highest, but just one of many investors."

"But with the relationship between Roman and Susie..." Would you invest in her being the heroine?

"Relationships are all fictitious, and interests are paramount."

Selena calmed down and thought about it, but there was really nothing strange about it.

Even if Susie is the prospective daughter-in-law of the Su family, it is impossible for the Su family to only invest in Susie's plays if they want to enter the entertainment industry.

After thinking about it, Selena suddenly had an ominous premonition, and hurriedly grabbed Louis and asked, "Apart from Roman, who are the investors in our movie?"

Louis gave her a blank look and said, "I don't have time to pay attention to these things, I love whoever I love! I only know that Shengshi Entertainment has invested 100 million yuan."

"President Su, this is our heroine Meng Shiyi, this is the male number two Mo Chenxiu, the female number two Li Yiqing, the male number one and the other female number one are familiar to you, Louis and Selena... .." Guo Qisheng introduced them to Roman one by one.

For investors, everyone's attitude is quite polite, at least on the surface.

Roman greeted them one by one, his eyes paused for a second longer on Selena's face, but he quickly withdrew without showing a trace, "Director Guo, I have a family dinner to attend, so I won't stay any longer. "

"That's natural, Mr. Su, if you have something to do, go and do it! I'll see you off..."

After Guo Qisheng sent Roman back, Selena immediately ran over and pulled Guo Qisheng to a corner and asked, "Director Guo, who are the investors in our show?"

"Many, there are more than a dozen! The investment amount of the Su family ranks third." Guo Qisheng replied.

"More than a dozen..." Selena scratched her head, "Which one has invested the most? Is it Shengshi Entertainment?"

Guo Qisheng shook his head, "No, your company ranks second, and you must have heard of the one that ranks first. Recently, Yilan Venture Capital, which is very famous in the business district of the Imperial Capital, is indeed rich and powerful, investing 200 million in one go!"

what? Yilan Venture Capital? Isn't that Yunshen's company?

After hearing the words Yilan Venture Capital, Selena felt as if she was struck down by the thunder of the Nine Heavens God, and she was about to die from a catastrophe.

Guo Qisheng continued, "It seems that their boss is very interested in making movies. By the way, their boss even played a cameo role in the play!"

Hearing this, Selena's face turned dark as hell, "Guest...guest role? What role is he playing as a guest role?"

Guo Qisheng looked at Selena and said with a smile, "This character has a little relationship with the character in your play!"

Selena clutched her little heart that was about to faint from fright, "He... what is he going to be able to play? Director, please don't play tricks, let me be mentally prepared!"

Guo Qisheng replied: "He acted as Yunhuang's father."

Selena: "..."

Yun Shen, I call you uncle!

He actually played her father...

Okay, you are awesome, you are rich, you are my father!

At this moment, Selena's heart was broken...

I thought this drama would be easy for her with no challenges in terms of roles, and it was perfect to be able to improve her acting skills with a powerful party like Meng Shiyi. I never expected that it would become her acting art The most difficult and dangerous pass on the road!

How about this, what a f***ing table of mahjong!

God, you are playing with me!

Chapter 1353

Seeing that Selena's complexion was not very good, Guo Qisheng patted her on the shoulder, and said in a confident tone, "Selena, don't worry, the role of an investor doesn't have much role, right? The plot doesn't have much influence, and most of the scenes are with your opponent, you are good at leading scenes, so there will definitely be no problem if you bring him more!"

TV dramas are not movies, and the requirements are not that high. It is harmless for some small characters to show favors.

After hearing this, Selena felt like dying: "..."

Director, can I stop acting?

Guo Qisheng suddenly remembered something, and then said, "Oh, by the way, Selena, the Ke Mingyu you recommended to me before is also settled!"

Selena: "..."

Pfft...a knowing blow...

Guo Qisheng didn't know Selena's fcuking heart at the moment, so he asked her to do a good job, and then left with a smile.

Not long after Guo Qisheng left, Louis walked over casually, raised his eyebrows and looked at her crazy and messy expression, "What's wrong with you? What did the director tell you? You look like you want to jump into the river?"

Selena sadly leaned on the wall and walked away, muttering in her mouth, "Heaven will send a great mission to human beings, they must first pain their minds, exhaust their muscles and bones, starve their skin, empty their bodies, and disturb their actions... .."

...

The Pearl Hotel is not far from where Selena and the others auditioned.

In the box, after the incident at the reception not long ago, the Ning family and the Su family got together for the first time.

"Uncle, Auntie, the hotel just airlifted a batch of fresh seafood from Australia today, just in time to try something new!" Susie said cautiously and ingratiatingly.

On the other side of the round table, Su's father and Su's mother both had extremely ugly expressions, they were not as enthusiastic as when they saw Susie on weekdays, and they were also lukewarm about Susie's initiative to show affection.

Seeing each other's attitude, Ning Yaohua and Zhuang Lingyu were both very unhappy, but they had no choice but to endure it.

Ning Yaohua asked in a deep voice, "Where's Roman? Why hasn't he come yet?"

Susie hurriedly said, "Roman is already on his way, he should be here soon..."

As soon as the words were finished, there was a "squeak", the door of the box was pushed open, and Roman walked in.

Seeing the person coming, Susie's eyes lit up, she immediately got up and greeted him, her eyes glistened with grievance, "Roman..."

Without thinking about it, Roman knew that her parents must have shown Susie's face, gave Susie a comforting look, and then took her to sit down together.

Mother Su's face darkened when she saw her son's obvious protective attitude, "Roman, come and sit here."

Susie's face turned pale.

Roman said helplessly, "Mom, didn't we agree before coming here?"

Judging from Roman's voice, he should have done psychological work for his parents before coming here, but it's hard to say how well the two of them can listen.

Mother Su said with a gloomy face, "I can't swallow this breath, look at what their family is doing! And you, since you already knew, why didn't you tell us?"

Su's father also looked displeased, "Such a big matter, Roman, you are really messing around!"

Su Hongguang's words seemed to be blaming Roman, but he looked at Susie and clearly accused Susie of making Roman unconscious.

Actually, thinking about it carefully, it is completely understandable that Su Hongguang and Zheng Minjun's reactions would be so intense.

Chapter 1354

When they found out that Roman fell in love with a country girl when he was recuperating in the country, they had to work so hard to break the two of them off. They even said a lot of nasty things to Selena in private, saying that she was not good enough for her. Roman, let her be a little self-aware.

Later, for some reason, Ning Zhiyuan, the old man of the Ning family, let Ning Yaohua and Zhuang Lingyu adopt Selena as an adopted daughter. An adopted daughter, even if she was the adopted daughter of the Ning family, such an identity was still completely unworthy of their Su family. of.

Later, when they learned that Roman had moved on and fell in love with Susie, the real eldest daughter of the Ning family, both of them were very happy, thinking that they had finally married a real golden phoenix.

Who knew... everything turned upside down in the end!

Selena was the real Miss Ning, and Susie was the pheasant. They had been kept in the dark for five years, how could they accept this?

"Uncle, aunt... I'm sorry... I'm really sorry... I didn't mean to hide it from you..." Susie burst into tears.

Roman held Susie's hand, frowned and said, "Dad, Mom, I've already told you that I told Susie not to talk about it. This matter has nothing to do with her."

Zhuang Lingyu on the opposite side finally couldn't bear it anymore, and said anxiously, "Family, think about it carefully, we have already found Selena back then, why didn't we announce Selena's identity? I would rather let my own daughter be wronged, And still love Susie like the apple of his eye?"

Isn't it because of our relationship for so many years that we have already regarded Susie as our own daughter and couldn't bear to hurt her a little bit? On the contrary, we really have no feelings for Selena who has never been together!

It was our fault that we didn't tell your in-laws about this back then, but Susie grew up in Ning's family, and was carefully taught by his father and me by famous teachers. Even though Selena was brought back, she didn't suffer the slightest grievance. In our hearts, Susie Luo is our own daughter, even closer than our own. We have prepared to treat her as our own daughter for the rest of our lives, so it makes no difference whether we say it or not. "

Speaking of this, Zhuang Lingyu said with a more serious tone, "You also know that Susie is kind-hearted and filial. How many famous ladies can compare to her? I dare say that she is not worthy of Roman or your Su family at all!"

Hearing this, Mother Su glanced at Susie who was full of sadness, and her frown eased a little, "I admit that Susie is very good, otherwise I wouldn't like her so much! But people like us, The most important thing is to be 'right and proper', Madam Ning, I believe you know this better than me, right?"

Father Su nodded and said, "If you say something that doesn't sound good, even if you say something, it won't be true. If it's not your own, it's not your own!"

Mother Su's words were even more straightforward, "You are talking nicely now, but what if you still favor your own children in the future?"

One biological, one adopted daughter, who will inherit the Ning family in the future?

They don't want the good daughters of the Su family, marrying a pheasant with nothing, not only will they be ridiculed, but in the end they will lose everything, so wouldn't they be at a loss?

Chapter 1355

Su's mother was more concerned about this than Su's father, because after all, Su Hongguang had an illegitimate son, Su Xun, who was always watching Roman's position.

She also counted on Roman to have a good marriage and help him in the future, otherwise she wouldn't be so opposed to Roman and Selena at the beginning...

Now she is full of complaints about the Ning family's concealment. No wonder Mr. Ning only gave Susie money when he divided the family property, and didn't give her a share. Instead, he gave Selena, his adopted daughter, 10%!

It all makes sense now...

After all, it really is a matter of inheritance...

In the end, Ning Yaohua could only take out his trump card, took out a document from his briefcase, and handed it to Su Hongguang.

Su Hongguang glanced at Ning Yaohua with a straight face, and then took it suspiciously.

The moment they saw the equity transfer letter clearly, Su Hongguang and Zheng Minjun looked at each other in blank dismay, obviously a little surprised, as if they didn't expect Ning Yaohua to do this.

Ning Yaohua actually gave all 15% of his shares to Susie who had no blood relationship.

"In this way, can the in-laws trust Ning's words and sincerity?" Ning Yaohua asked.

Seeing this share transfer document, Su Hongguang's complexion did improve a lot. After carefully reading and reviewing the document, and after confirming that there were no problems, he returned it to Ning Yaohua, "Old Ning, you are really serious about Susie... It's the heart of love and protection! I have nothing to say about this!"

Hearing Su Hongguang's words softened, Ning Yaohua and Zhuang Lingyu looked at each other and breathed a sigh of relief.

Susie relaxed calmly, and at the same time her eyes were full of scorn. None of these old guys were easy to fool, and they would only let go when they saw the real guy.

Fortunately, Ning Yaohua was allowed to transfer the shares over before, otherwise her marriage with Roman might really blow it up.

From the corner of her eye, Mother Su glanced at the document stating that Ning Yaohua had given all 15% of the shares under her name to Susie, her attitude immediately improved a lot, and she sighed, "We are also doing this for the children. For the sake of my future, I hope my in-laws don't mind!"

Although Zhuang Lingyu's heart was full of sarcasm, she still spoke politely, "We are both parents, so we naturally understand. I just hope that these two children can always be well. As long as Susie can be happy, I will be satisfied!"

As soon as the equity transfer letter came out, the atmosphere between the two families immediately improved a lot. Ning Yaohua also took the opportunity to mention their marriage, "Susie and Roman have been dating for five full years, and it's time for them to start a family. Once the child settles down, I've also made up my mind!"

Zhuang Lingyu said, "Our Susie's clothing company has just signed a cooperation contract with a luxury brand in China, and it's probably a relatively free period of time. If we wait any longer, we probably won't be able to get out..."

Mother Su thought for a while, "The relationship and career of the two children are very stable, and this marriage really cannot be delayed any longer."

Ning Yaohua looked at Roman and Susie, "What do you two think?"

Susie lowered her head shyly, "I'll listen to my parents."

Roman's expression seemed to be in a daze, and he didn't speak for a while.

Mother Su looked at her son, "What about you, Roman?"

Only then did Roman come to his senses, "I have no objection either."

Finally, Su Hongguang made a decision, "Then I will ask Master Long to measure a good day tomorrow!"

Chapter 1356

Regarding Su Hongguang's words, several other people nodded one after another, expressing that they had no objection.

When Mother Su thought of the fate of "Wang Fu" approved by Master Long Fanyin to Susie, she felt a little more at ease...

Next, the two families began to talk about the marriage, and roughly determined the relevant procedures, as if the previous unhappiness had never happened.

When the dust settled, Susie let out a long sigh of relief. Sure enough, it was hers, and it was hers after all!

...

After the dinner, the two families had already enjoyed themselves happily, and they greeted each other warmly and said goodbye.

The parents on both sides left separately, while Susie and Roman left alone. The wedding was coming soon, and the young couple wanted to talk privately. As parents, they naturally understood.

Su Hongguang and Zheng Minjun walked towards the parking lot together, talking while walking.

Zheng Minjun was very satisfied with the attitude of the Ning family tonight, but there was still something wrong in his heart, so he sighed and said to his husband beside him, "Hey, after all, she was born to a village woman. It's really not bad, but I'm afraid...I'm afraid that after a long time, my nature will be exposed..."

Su Hongguang paid more attention to benefits, and didn't think much about it, "The Ning family's words are not unreasonable, Susie was raised as a daughter from a young age, and received a good education and nurturing, no matter what .

On the contrary, Selena, who grew up in the countryside, was the one who was really vulgar. Even if she changed it in the future, she might not be able to change it. Have you forgotten what she did before? And the last time I came to Mr. Ning's birthday banquet, I came here in a disguise!

Otherwise, why do you think that old fox Ning Yaohua would rather have an adopted daughter than recognize his own daughter..."

Hearing her husband's words, Zheng Minjun nodded, "That's the reason..."

The two were talking when they saw two girls walking towards each other.

It was Selena and her assistant Xiao Tao.

At this moment, Selena was wearing a set of Zeling Haute Couture with Chinese style, and she was wearing high-heeled shoes, and her face was painted with appropriate shades of makeup. , On the contrary, it reveals a natural luxury.

"Xiao Tao, remember to send the latest itinerary to my mailbox later, I need it urgently..." Selena was talking to Xiao Tao next to her, and when she finished speaking, she looked up and saw the two people opposite her, she couldn't help being stunned for a moment.

Su Hongguang and Zheng Minjun...

Selena didn't expect to meet Roman's parents here.

Especially Su's mother, Zheng Minjun, she couldn't even recognize her. After all, this woman did everything she could to separate her and Roman.

At that time, she was still a weak and deceitful ignorant girl with an unbelievably soft temper. Zheng Minjun's sharp words once trampled her into the dust. The original innocent and heartless temperament also happened at that time. Earth-shaking changes...

"Hey, that Selena...wait a minute!" Director Guo Qisheng's voice came from behind, catching up.

When Su Hongguang and Zheng Minjun saw Selena across the way, they didn't dare to recognize him at first, but when they heard Guo Qisheng say "Selena", they immediately looked at each other, and their expressions changed suddenly.

how is this possible? This beautiful and noble girl in front of her...is really Selena...?

After Selena came back to China, they only saw her once at Mr. Ning's birthday banquet. They knew about Selena's entry into the entertainment industry, but they never paid attention to it...

Chapter 1357

The moment he saw Selena, thinking about the girl's demeanor, Zheng Minjun's mind flashed the phrase "A dragon begets a dragon and a phoenix, and the son of a mouse can make holes".

As expected of a real daughter of a famous family, even after staying in the country for eighteen years, the things in her bones will one day reappear.

Thinking that Zhuang Lingyu is Zhuang Zongren's daughter and Selena is Zhuang Zongren's niece, with part of the Zhuang family's blood flowing in her body, Zheng Minjun felt even more uncomfortable...

Selena quickly recovered from the surprise of seeing Su Hongguang and Zheng Minjun, and turned to look at Guo Qisheng suspiciously, "Director Guo? What's wrong?"

Guo Qisheng was out of breath, "Why are you leaving in such a hurry, I still have something to ask for your help!"

Selena laughed, "What's so important, Director Guo actually chased it out personally?"

Guo Qisheng coughed lightly, his face looked a little unnatural, he dug his hands in his arms, and actually took out a notebook filled with love, "Sign it for me!"

Selena almost burst out laughing, "Isn't that right, Director Guo, I didn't expect you to be my crazy fan?"

Guo Qisheng immediately glared at her angrily, "What nonsense, this belongs to my daughter! Hurry up and sign it! The little girl has urged me so many times, if I can't figure it out today, I don't know what to do when I go back! "

Guo Qisheng's daughter...

Khan, so it is!

Selena took the notebook, flipped through it casually, and found that the notebook was covered with photos of herself, she was a real little girl.

Selena felt warm in her heart, signed her name seriously, and wrote a few words of encouragement.

Guo Qisheng took back the notebook, with an expression as if his good cabbage had been snatched away by Selena, "You can restrain yourself! How many little girls' hearts have been stolen by a girl's family!"

Selena laughed loudly, "Director Guo, you must be jealous!"

Guo Qisheng glared at her before leaving.

On the other side, Su Hongguang and Zheng Minjun were driving on the way home, both feeling depressed.

Originally, the two comforted each other in various ways, but they finally convinced themselves that Susie was a hundred times better than Selena. Who knew that they just glanced at Selena, and they were immediately shaken...

...

Taohuawu.

After returning home, Selena asked Mantou to help her fill the bath water while taking off her shoes. The first thing she did was to sink herself into the bathtub and take a hot bath.

When her body was wrapped by the warm current, she finally relaxed a little with nerves so tense that she was about to explode.

The restless factor in the body is clamoring crazily, wanting to break out of the limitation of reason.

Obviously, the little tossing last night was not enough for her to vent her pressure.

Selena kept taking deep breaths, and managed to force herself to give up the idea of going out to die...

With a "ding", the phone rang. It should be Xiaotao who sent her the itinerary.

Selena wiped her hands and touched the phone beside her. It was indeed from Xiaotao.

Selena clicked on the itinerary sent by Xiaotao in the mailbox, and found that the recent itinerary is quite full, especially in the past two days, the Lu Group's advertising video has been made, and she will start to cooperate with the company Attend various promotional events.

After working for the past few days, Lin Zhizhi made room for her on Saturdays and weekends, and let her rest. After the rest, the crew would start working.

Therefore, only those two days should be more suitable...

Chapter 1358

Selena stared at the two red days for a long time.

In the end, he finally sent a text message to Daniel: Honey, the date is set for this weekend, right?

If possible, she hopes that there will be more time. What she is most worried about is that if there is any accident, her state will get out of control, which will affect her work. This matter is settled. If she keeps procrastinating, she can't concentrate on other things.

Not long after the text message was sent, Daniel called back: "I saw the message, I can do it here."

"Okay, then it's settled!" Selena said cheerfully, but in fact, the moment she heard Daniel's voice, she immediately had the thought of retreating, bewitching her to escape and forget.

"Are you done with your work? I just finished a meeting, so I went to see you?" Daniel asked.

Selena's heart skipped a beat, "Ah, don't...I...my side isn't over yet, it might be very late..."

"Okay, don't be too tired, go to bed early after work."

"Yeah, I hung up, okay..." Selena hung up the phone with a face full of relief.

What the hell! She was already shaken just by hearing Daniel's voice. If she saw him in person, she would not be thrown into the Maria Trench if she finally made up her mind!

No, she has to quickly stabilize the morale of the army before the weekend, and try to tell them all in one breath...

The next day, Selena got up early in the morning and rushed to the Lu Corporation.

As soon as the car was parked, a familiar black Maybach pulled up opposite, Saul's excited head poked out from the passenger window, "Hey, Selena, what a coincidence! You come..."

Before she finished speaking, Selena had already disappeared like a rabbit.

"Uh..." Saul scratched his head, and looked at his brother next to him with a confused face, "Didn't Selena see us? That's not right! You clearly saw us like that! Our eyes met...then Why did you run faster than a rabbit when you saw us... and there is no one else nearby..."

Daniel looked at the direction the girl was leaving, and frowned imperceptibly.

In the elevator.

Selena patted her chest for the rest of her life.

So dangerous, so dangerous...

She had accumulated all night's blue bars and almost emptied them all.

Woooooo... Nima! She clearly wanted to run over and throw herself into the arms of her sweetheart...

No, hold back! She didn't want to use any excuse to hide anything from him, even if she said it, the price might be unbearable for her...

Walking into the advertising department, Selena was the first to arrive.

"Karen is here, you came so early!" Ye Ying greeted warmly.

"Morning Director Ye! Well, are the others here yet? Then I'll take a nap for a while! Is that okay?"

"Of course! Is Karen too busy with work lately? Don't wear yourself out! Rest, it's fine, the others will have to wait for a while! I'll call you when someone comes!" Ye Ying opened the mouth.

"Thanks!"

After Selena finished speaking, before anyone else came, she sat on the sofa and leaned back for a while.

She didn't sleep all night last night because she had been fighting the manic factor in her body all night.

In the past, the way she vented her pressure was all kinds of extreme sports or dangerous tasks...

Soon, others came over one after another.

Selena was squinting her eyes and closing her eyes, when a gloomy voice came from beside her ear, "How about it, have you considered what I said last time?"

Chapter 1359

Selena didn't even open her eyes, her tone was more eerie than the other person's, "I'm not in a good mood recently, I advise you to stay away from me now."

The girl's cold tone made Mo Chenxiu's spine inexplicably shiver, and he snorted mockingly, "Oh, you're in a bad mood? What? Could it be that you broke up with your man?"

At this moment, to Selena, the word "break up" is simply a cluster of flames that ignite a powder keg...

In the next second, with a “bang”, Mo Chenxiu was thrown over his shoulder by Selena and fell to the floor. The girl looked down condescendingly, her eyes filled with creepy coolness.

This sudden scene stunned everyone in the office...

Qin Ran, Han Yuncheng, Luo Fan, and Li Lekai all looked at each other in blank dismay.

Nima, why are these two fighting again?

This time, it seemed that Selena was the first to do it...

Louis in the corner shook his head and sighed, looking at Mo Chenxiu sympathetically.

Tsk tsk, that Dmn girl doesn't know what happened, she's been in a terrible state recently, even she dared not come within three feet of him, this guy Mo Chenxiu ran over at this time, it's like sending someone's head away... ..

“fcuk...” Mo Chenxiu himself was the most confused. He didn't expect Selena to attack suddenly, so he immediately cursed and turned around to attack back.

Selena's usual fighting strength was already enough to crush Mo Chenxiu, but now she was so vicious that she couldn't look directly at her.

And then... Next... Mo Chenxiu was undoubtedly beaten up by Selena unilaterally...

Moreover, Selena didn't give the other side any face this time. She pressed on Mo Chenxiu's body and beat him to the point where he had no chance to fight back. Only her last trace of reason kept her from hitting him in the face.

Qin Ran touched his chin and clicked his tongue, "Watching Selena fight is really exciting!"

Li Lekai, who was cuckolded by Mo Chenxiu before, watched it with great interest, and almost couldn't help but record it with his mobile phone, so that he could watch it every day before going to bed. It was so relieved!

"Karen...Chenxiu...don't call me...what's the matter with you..." Ye Ying said anxiously.

She was also speechless, why did her two male gods fight again, what kind of addiction is this!

Fortunately, after what happened last time, she was acquainted first and second, and she was much calmer this time. In addition, Selena didn't slap her face, so she felt that she would be measured, so she didn't worry too much.

At the end of the fight, Selena pressed one knee on Mo Chenxiu's back, panting slightly, leaned close to the man's ear, her tone was full of warning, "What? Do you want to continue?"

Mo Chenxiu felt that the girl's slender legs were pressed against his back, and the girl's breath was panting warmly behind his ears, and his heart beat unbelievably fast for a moment...

That is... the long-lost... heart-pounding feeling... the heart-pounding feeling for a woman...

Nima! Just fcuking! Once or twice, he actually felt like being beaten up?

Why doesn't he know that he has a masochistic physique?

"Let go!" Mo Chenxiu was frightened by his own thoughts, he tried his best to break away from Selena, and dodged far away, but his eyes secretly looking at Selena became more intense.

Louis looked at Selena, and then at Mo Chenxiu who was being beaten.

Hey, now that Selena has someone else to beat him up, he finally doesn't have to be beaten up, but why does he feel lonely like snow for no reason?

Chapter 1360

With Selena's warning, Mo Chenxiu finally calmed down. They first gathered in the advertising department for a meeting, and then went to Emerald Villa to hold a press conference for the commercial "Seven Days".

Ye Ying has deliberately chosen a relatively remote and secluded place to hold the press conference, but after arriving, the scene is still crowded with people. Even though the hotel has made preparations a long time in advance, it still can't hold back the enthusiasm of the fans. In the end, even the police force had no choice but to show up.

Of the seven of them, just being fans of one of them is already amazing enough, what's more, the seven of them are together now, and there was almost no fight at the scene.

What's even more funny is that many fans turned their backs on the spot and turned to other fans. As for the vast number of rotten girls who like La Lang, they have silently combined in this kind of cp way, don't be too happy!

Selena's condition was already very bad, but in such a chaotic situation, she became even more dizzy and greeted the fans with a forced smile.

As she was walking towards the clubhouse, Selena was dizzy and didn't notice that there was a staircase ahead. When she was going up, she accidentally tripped over it.

In the next second, before the body lost control, one left and one right stretched out two hands at the same time...

Louis's face was dark, with a worried expression on his mother's face, "What are you thinking about! Can you just watch the way? Do you want to perform a live performance of kissing the earth for the fans?"

Mo Chenxiu didn't seem to expect that he would reach out his hand too. After realizing it, he immediately retracted his hand, with a blank expression on his face, as if nothing had happened just now.

It was just a short episode, but there was a sudden burst of screams that almost broke through the sky...

"Ahhh how doting to Karen!"

"Yuno Saigao!"

"The Xiye Party has a blue sky above their heads!"

...

Amidst the screams, a few fans of Mo Chenxiu on the other side also excitedly said, "But Karen and our Chenchen are also quite suitable! Chenchen is so arrogant in front of Karen! It's so cute! Already!"

However, as soon as the people over there opened their mouths, they were sprayed back by Louis and Selena's cp party, "Dmn! Karen and Mo Chenxiu? What kind of cult is this! Pull them out! We, Louis and Selena, are the officials. Is it a good match? From the world to the age of eighteen to nine, no matter men's or women's clothes..."

...

Listening to the fans' comments, Mo Chenxiu couldn't help but glance in Louis's direction.

Although it is normal for them to have a good relationship in the same company and have collaborated in many dramas, he still feels that the relationship between the two is unusual.

Could it be that Selena's boyfriend is really Louis?

These two are secretly dating in private?

"Oh, Keren... I thought your vision was so high, but that's all..."

"Ah-choo..." Louis, who didn't know that he was regarded as a rival in love, sneezed suddenly, scratched his head and muttered, "Who is talking bad about me?"

...

The response to the commercial was as hot as expected, and the press conference ended smoothly.

The day passed quickly and dizzy from the busyness. Selena had just driven home when her phone rang. It was Saul calling.

"Hey, what are you doing?" Selena's tone was laziness, revealing a trace of decadence.

"Karen, I'm at my brother's place. A friend gave me Australian lobsters and king crabs. I moved here. Why don't you come over and cook them... It's too wasteful to leave it to the chef at home..."

When she heard that Saul wanted her to go to Daniel's place, Selena immediately tensed her back, "I can't do it today, I have to read the script."

"Then I'll let the cook do it, you just come and eat!"

"I don't even have time to eat!"
