

Cruel Heart Lover Novel

Chapter 1361

Saul hung up the phone with a look of disappointment, and looked at his brother on the sofa with aggrieved eyes, "Selena won't come, she said she wants to read the script, but there is always time for a meal, right? Well, could it be my wife Are you sensitive? Why do I feel that Selena didn't want to come on purpose..."

Daniel didn't speak, but his eyes became darker.

Saul rubbed his chin and murmured, "I always feel that there is something wrong with Selena... Something is wrong in the morning... It gives me a feeling that I am afraid of you, avoiding you, and feel guilty when I see you Feel..."

In a sense, Saul was really brilliant.

Selena's entanglement with Daniel was summed up very well by him.

After being pointed out by Saul so directly, Daniel's expression became obviously uglier.

Seeing that his brother's expression was not good, Saul asked tentatively, "Brother, are you having a conflict with Selena?"

Daniel's answer was to give him a cold look.

Saul immediately coughed lightly, "Okay, okay, I was wrong, how could you two dog food makers have conflicts! Since there is no conflict, what's going on? Brother, please explain it clearly to me! Otherwise I can't help you analyze it! I'm not talking nonsense, this kind of thing can be big or small! I really think there's something wrong with Selena..."

After a long silence, Daniel said, "Her state recently...is really unusual...since she got drunk at the bar the day before yesterday..."

Daniel pinched his brows, and intermittently talked about Selena's situation in the past two days, in great detail, for both Saul and himself.

Selena's recent state really worried him.

Saul rubbed his chin, "Well, let me sum it up. First, Selena suddenly got drunk at a bar, and even raced a car and got into a fight with a gangster. She looked very bad... And since last night, she has been avoiding you. The most important thing is that she suddenly and solemnly asked you out for a date on the weekend, and said that she has something to tell you when the time comes..."

Speaking of this, Saul didn't know what came to mind, and suddenly his expression changed drastically. He looked at his brother, and blurted out, "Dmn!!!!!! It's over! Brother, Selena Could it be that she wants to break up with you?"

As soon as the words fell, the temperature in the whole room dropped at a perceptible speed...

It was only then that Saul realized that he had said something rebellious, and quickly covered his mouth, looking in horror at his brother who had instantly switched to the long-lost dark-type state...

Dmn! so scary...

He was just making random guesses, his brother's expression was as if he wanted to slaughter millions of people, if Selena really broke up with him, then it would be fine!

However, from the current point of view, all signs really point to this ominous result!

Selena was tired and wanted to break up, but also felt that his brother was too kind to her and felt sorry for him, that's why she struggled so painfully that it was difficult to speak out, but emotional matters cannot be forced, so she still made an agreement to be with him on weekends. Brother, make it clear...

In just a few seconds, Saul had already imagined a complete plot.

It's over, it's over...how can I do this...

Saul decided to stabilize his brother first, coughed lightly, and said cautiously, "Ha...haha...brother...my brains are really too big...I watched a lot of bloody soap operas at eight o'clock recently How could it be possible for Selena to break up with you!"

...

Chapter 1362

the next day.

The entire Lu Group once again felt the fear of being dominated by the Great Demon King...

And Saul was surrounded by a large group of people for the first time in a long time.

"Second Young Master! What's going on? Why is Mr. Lu a little scary today?"

"What's the point! It's so fcuking scary! I didn't dare to take another look! When my eyes met, I thought I was going to hell in the next second!"

"Second young master, did the boss quarrel with the proprietress! You must try to persuade him!"

"Isn't the relationship between the boss and the proprietress very good? How can they quarrel if they are so good! If the boss can't coax, you must help me, Second Young Master!"

"Yes, yes, we must coax our lady boss!"

"The boss will be happy when the boss's wife is happy, and we will have a good life when the boss is in a good mood..."

...

Everyone in the company is full of human beings, and now they can already feel the doorway of their boss's emotional changes.

Anyway, it must have something to do with the lady boss.

Alas, it's a pity that after the rumor that Su Yimo was the proprietress was dispelled, none of them knew who the proprietress really was, and they couldn't do anything to help or curry favor.

So he had no choice but to tease Saul.

Saul was surrounded by a group of people talking nonsense, and he was completely devastated. Dmn, he is a single dog, and he has to worry about the relationship status of this young couple all day long. Is it easy for him?

However, this matter is indeed quite serious, and it is not an exaggeration to say that it is extremely urgent, after all, the day after tomorrow is the weekend.

He had to quickly find a way to find out what Selena was saying...

After get off work, Saul got Selena's itinerary for today directly from Ling Zhizhi, and then went to the Dijue Hotel.

Selena has a dinner today.

It's better for him to sit and wait nearby, otherwise she will always avoid him with various excuses.

Saul thought about it, and then squatted down in the corner of the hotel lobby, covering his face with a newspaper.

Time passed bit by bit...

Selena didn't show up for a long time, Saul fell asleep halfway through the wait, and woke up at almost twelve o'clock in the evening, asked the waiter, and sure enough, the person in Selena's box had already left.

Saul ran away sadly, and had no choice but to go to Taohuawu again.

Walking to the corner of the corridor, he unexpectedly heard a somewhat familiar voice from the front, it seemed to be Susie, and Selena was mentioned in the words...

So, Saul subconsciously took a step back and hid in the empty box behind him.

"Susie, are you okay! You drank too much wine!"

"Hehe...it's okay...I'm getting married...I'm happy..."

"Susie, be careful!"

"Sister Chang, tell me the truth, do you really regret letting go of Selena's cash cow?"

"I don't..."

"Let me tell you... Ning... Selena, that b!tch... She is doomed to be trapped in my hands for the rest of her life... No matter how high she jumps... I can pull her down... you Believe it or not?"

"Yes, yes, I believe it!" Janice's tone was obviously perfunctory.

Susie seemed to be dissatisfied with Janice's perfunctory tone, and said drunkenly, "You don't believe it? Let me tell you...that b!tch Selena...at the age of 18...was pregnant by a man at the age of 18... ... and gave birth to that child... Do you know that it was born hahaha..."

"Wh... what!!!" Janice was really surprised at this moment, "Then... where is that child?"

"Dead... That ba5tard died when it was born... Tsk, it's really cheap for her... If it's still alive... How wonderful..."

...

Chapter 1363

After Susie and Janice left, Saul came out from the shadows with a look of surprise on his face.

Now, instead of looking for Selena, he hurried back to the Platinum Emperor Palace.

"Brother! Big brother! I just overheard some important news!" Saul searched for a long time, and finally found Daniel in the study. He held the doorframe out of breath and said.

In the study room, only a small dim light was turned on. Daniel was sitting with his back to him, looking at the night outside the window.

Even though he couldn't see his face, as soon as Saul stepped into the boundary of the study room, he was enveloped from head to toe by an almost indissoluble gloomy aura. The aura was so thick that it was almost suffocating. It reveals that the master is in an extremely dangerous state at the moment...

His brother's state is even more terrifying than he imagined, Khan...

Holding back his fear, Saul hurriedly opened his mouth to report, "Brother, I was going to find Selena just now, but I ran into Susie and her assistant by accident, and heard their conversation, that Susie Tell her assistant...what did Selena get pregnant at the age of eighteen...and gave birth to a dead baby...I think she was drunk...I don't know if it's true or not ..."

After Saul finished speaking, the study returned to a grave-like silence.

I don't know how long it took before Daniel's ethereal voice came, "How is it real? So what if it's fake?"

Facing such news that related to his girlfriend and was absolutely explosive for a man, Daniel did not show even the slightest bit of surprise.

Only indifference.

"Uh..." Saul couldn't answer Daniel's reaction.

Well, to his brother, it really doesn't matter if it's true or not, he won't care anyway.

"What I mean is, whether it's true or fabricated, I'm afraid that Susie is planning to do something like a monster to frame Selena, so should I investigate properly to prevent it from happening?" Saul suggested. .

Hearing that his wife's safety was at stake, Daniel finally regained some of his human aura, raised his hand, and agreed.

"Oh okay, then I'll check it later!" Saul said, looking at his brother worriedly, "Brother, don't worry too much, it's all my fault for talking nonsense, Selena likes it so much You, definitely won't break up with you..."

"What if... is it?" Daniel's eyes slowly fell on Saul, and he asked.

If she really didn't want him...what should he do...what should he do to keep her?

He had to admit that this time, Saul's speculation was indeed very possible, and all of Selena's performances were getting closer and closer to that result...

No matter why she did it, but she really wanted to...

Saul became anxious, and then his eyes lit up, and he hurriedly said, "Even if you don't have confidence in yourself, you still have to have confidence in Rick! Otherwise, you should take Rick's life-saving talisman with you when you go on a date! I think Rick How can Xixi say the word break up!"

Daniel's face was blank, "She said before, it's just the two of us."

Saul: "..."

And specifically said that Rick is not allowed?

It's a dog... This is a big deal...

Selena, you heartless heartless man!

Chapter 1364

Saturday morning.

The little bun was holding the painting scroll in his hand, and he was hugged by Saul crying for his father and mother just after Mr. Song's painting class...

"bun, woo woo woo woo... Your mother is breaking up with your father! Hurry up and persuade her! Only you can persuade your mother now!"

The little bun immediately put on a stern face, and broke away from Saul's embrace in disgust, and then cleaned up his crumpled clothes meticulously.

"Hey, hey, baby, don't ignore me! I'm telling the truth! I came to you to ask for help when I really had no choice! Our family depends on you!" Selena These days his whereabouts were uncertain, Saul had already lost countless times, so he had no choice but to look for Rick.

Rick looked at Saul with a stern face, "Mom wants to break up with him?"

Rick still referred to Daniel as "he" and never called him "father" once.

"Yes yes yes! Tomorrow! Your mother has been avoiding your father recently, and even asked your father to meet tomorrow night, saying that she has something to talk about! It's not about breaking up or something!" Saul hurriedly said.

Little bun looked at Saul indifferently when he heard that.

Saul looked at Rick nervously.

One big and one small, looking at each other in blank dismay.

After a while, Rick said expressionlessly, "Second Uncle."

Saul: "Yes!"

Rick: "Your brain is too big."

Saul: "..."

fcuk! You actually despise me for having a big brain... Where is my brain so big? Hey!

"bun, Second Uncle's deduction is obviously rigorous and reasonable! If you don't believe me, I will regret it!" Saul wailed.

The corner of Rick's lips was tensed, with a small expression of worrying about the other party's IQ: "Second Uncle, no wonder you don't have a girlfriend until now."

Saul: "..."

Was he despised just now...

Why does he feel that since the little baby opened his mouth to speak, half of them are calling mother, and the other half are all talking about him?

why!

...

Today, all the servants in the Ning family's old house are extremely busy.

Because Susie's wedding was coming soon, the whole old house had already started to be decorated, and the inside and outside were filled with joyful lights and festoons.

Outside the gate, a young man was wandering. The young man was dressed plainly, carrying a big snakeskin bag in his hand, and a large black backpack on his back. He looked handsome and shy.

The servant who was decorating the yard noticed the boy outside, walked over suspiciously and asked, "Who are you looking for?"

The young man who was walking back and forth was startled when he was suddenly stopped, and hurriedly asked nervously, "Excuse me... Tang... No, does Susie live here?"

The servant looked him up and down, "What are you doing with our young lady?"

After knowing that he had gone to the right place, the boy breathed a sigh of relief, and immediately said excitedly, "Can you call her for me? I'm her younger brother!"

"Brother...?" The servant looked up and down at the poorly dressed young man in front of him, with a look of disdain, and said vigilantly, "You have made a mistake! Our young lady is an only child and has no younger brothers! Don't mistake your relatives!"

"I really am! Please spread the word for me, just say that Tang Nuo is looking for her, you go and tell her, she must know about me!"

Seeing his affirmative tone, the servant thought about it, and went anyway, "Wait."

Susie's bedroom upstairs.

"Dong dong dong..." the servant knocked on the door.

"Come in!"

Chapter 1365

In the bedroom, Susie was looking at her makeup with satisfaction. Although her two poor and vulgar biological parents were useless, they looked pretty good and gave her a good face.

"Miss, there is a young man outside who says he is your younger brother, do you want to invite him in?" the servant asked.

"My brother?"

"Yes, he said his name is Tang Nuo."

As soon as the servant finished speaking, there was a crisp “bang”, and the jar of skin care products in Susie’s hand fell to the ground and shattered.

The servant was taken aback, “Miss, are you okay? Are you hurt?”

Susie’s face was gloomy, she stood up abruptly, walked to the window, opened the curtains, and looked downstairs.

Sure enough, at the gate of the yard, there was a rustic young man with big and small bags.

Dmn it...

What is this kid doing here!

Still at this sensitive time!

She managed to suppress the gossip outside, and her marriage with the Su family is approaching. Is this really against her?

Susie sternly said with displeasure on her face, “Have you been working in the Ning family for so many years and it’s all for nothing? I don’t have any younger brother! It’s obvious that some relative who is out of reach wants to come to get some benefits Yes! Still not driving people away? Do you still need me to teach you this little thing?”

“Yes yes yes... I’ll go right away! Miss, don’t be angry!” The servant was scolded bloody and hurried out.

Outside the courtyard gate.

“Let’s go, let’s go! Where did you come from such a poor beggar! How dare you have a relationship with our young lady!”

“I’m not...”

"What are you not? The eldest lady said that she doesn't know you! If you don't leave, I will let the dog go!"

...

Amidst the unpleasant sounds of driving away, the boy could only step back and leave sadly.

...

The sky was gray and the road was full of traffic.

This bustling metropolis has dazzling new things, but not even a speck of dust belongs to him, not to people like him.

He knew he shouldn't have come...

Shouldn't have come...

But, he really has no choice...

Susie's closed doors and expulsion cut off the boy's only hope...

It didn't know when it started to rain, and the young man was soaked all over his body soon. He mechanically and numbly dragged his heavy things to the awning of a small shop not far away.

Selena was driving aimlessly on the streets of the imperial capital, when she suddenly saw a familiar figure on the side of the road, she almost thought she was hallucinating because of her poor condition.

Tang Nuo?

How could Xiao Nuo appear in the imperial capital...

With a piercing sound of "Squeak", Selena hurriedly stopped at the door of a small shop not far away.

"Don't stop here and disturb my business!" At that time, the owner of the small shop was yelling at the boy, as if he was yelling at a beggar.

A trace of humiliation appeared on the boy's face, and he carried his things into the rain again without saying a word.

"Xiao Nuo..."

At this time, there was a voice behind him that was so familiar that it almost made him cry.

The young man stiffened his back, turned around with a face full of disbelief, stared blankly at the woman opposite him, his pale lips trembling, and it took him a while to utter a single word, "Sister..."

Tang Nuo has been in touch with Selena for a long time, and often uses her mobile phone to surf the Internet to follow Selena's related information, but when she saw Selena for the first time, she was still shocked. She has changed so much, but the other party's eyes The intimate look on the bottom is the same as before...

Chapter 1366

"Xiao Nuo! It's really you!" Selena was stunned, seeing the young man in such a mess, she didn't have time to think about it, she hurriedly took off her coat and wrapped it tightly around the young man, "Hurry up Get in the car and talk!"

Selena hurriedly urged while taking the things from the boy's hand and putting them in the trunk.

The young man stood awkwardly outside the luxury car door, "Sister... I'm dirty..."

"What nonsense are you talking about! Are you dumbfounded by the rain!" Selena angrily pushed the boy inside.

The BMW galloped away with the beauties and the teenagers...

Behind him, the owner of the small shop was still bewildered...

Just now he seemed to see a rich and beautiful woman carrying a beggar away suddenly?

That big beauty looks like a big star...

In the car, Selena turned on the heater, handed the boy a towel, and said with an ugly face, "Wipe it off quickly! What's wrong with you! Don't you know that you are not in good health? You don't know how to hide when it's raining? How could it be so sudden?" Come to the imperial capital? Why didn't you tell me when you came? Don't you have my mobile phone number and new address..."

Listening to the naughty thoughts chattering in his ear, the boy couldn't bear it any longer, and tears fell down the back of his hands with a thud.

Selena became anxious when she saw it, "Why are you crying? What happened? Who bullied you! Tell my sister!"

Tang Nuo shook his head, wiped away his tears hastily, and looked a little embarrassed, "No, it's just that I haven't seen my sister for a long time, and I'm crying with joy!"

"You kid!" Selena couldn't laugh or cry, but she was keenly aware that something was wrong with Tang Nuo's state, and she was going to ask after she got back.

Half an hour later, Selena brought Tang Nuo back to the villa.

Looking at the luxurious residence in front of him, Tang Nuo's eyes were filled with amazement, "Sister, you are so amazing, so it is true that you said you moved to a big house..."

"Nonsense, can I still lie to you? I've already said that my sister is hot now! Don't you watch TV? Well, let's talk later, you go and take a hot bath first!" Selena found him a suit. The men's clothes were stuffed to him, pushed him into the bathtub, and told him how to use the bathroom in detail.

After Tang Nuo went in, Selena sat on the sofa in the living room, her mind was filled with images of Tang Nuo's embarrassment just now, and her eyes were filled with dark clouds...

Since childhood, she has had the best relationship with Tang Nuo, her younger brother. Although she is weak and can be bullied, if anyone dares to bully Tang Nuo, she will definitely stand up immediately. How can she endure her younger brother being bullied like this? appearance...

It wasn't until the sound of footsteps heard by her ears, and Tang Nuo came out of the shower, that Selena immediately withdrew her gloomy expression, pulled the boy to sit beside her, and asked seriously, "Tell me, what's going on?" "What's going on?"

Tang Nuo immediately said, "No...it's nothing...I just came to the imperial capital for a holiday...I didn't want to trouble you, so I didn't tell you..."

After all, having been together for eighteen years since childhood, Selena could tell the boy was lying almost immediately, "Did something happen at home?"

The boy tensed up immediately, "No! The house is fine, what can happen!"

Seeing that the young man still didn't let go, Selena deliberately emphasized her tone, "Since you treat me as an outsider and refuse to say anything, then forget it, and I won't force you."

When Tang Nuo heard Selena's words, his eyes turned red with anxiety, "Sister, I didn't!!! I...I was just afraid that you would worry..."

Chapter 1367

Selena's expression suddenly changed, "So, something really happened at home?"

Seeing that he couldn't hide it anymore, Tang Nuo clenched his fists tightly and didn't want to say anything, but because he was worried that Selena would misunderstand her as an outsider again, he could only speak intermittently, "Something...something happened at home...you know, Our father has a soft ear, and was fooled by a worker he met at the construction site to borrow a large sum of money to go out... As a result... as a result... now he will not come back..."

"How much did you borrow?" Selena frowned and asked.

"Probably...all your savings...you even lent out the phone calls you gave to your family a few times ago...the total is 600,000...the family was going to buy a house in the town...but now, I can't even afford my tuition fees... Grandma got sick from anger some time ago... The medical expenses are all borrowed..." The more the boy said, the more embarrassing his expression became.

Selena was silent for a while, then said in a deep voice, "You went to look for Susie, didn't you?"

Hearing this, the young man hurriedly explained, "Because I really had nowhere to go... Otherwise, I would never have come to find her... As a result... oh, I really shouldn't have come..."

Even if he didn't tell what happened after the young man found Susie, Selena probably knew the result.

Selena's words were on the verge of "Why didn't you find me", but she swallowed it back, sighed lightly, and said directly, "Okay, I understand the situation. You must be tired after traveling all day. Tonight Stay with me for one night first and have a good rest. I will go home with you tomorrow."

Tang Nuo immediately raised his head, "Sister..."

In case the boy would refuse, Selena interrupted him directly, "If you still treat me as your sister, stop talking nonsense and go to sleep! You went to Susie today, but you didn't look for me, which already made me very angry !"

Selena had already talked to this point, Tang Nuo had no choice but to go to bed obediently and anxiously.

In fact, he has been, has been looking forward to his sister being able to go back.

However, what my mother said back then must have hurt her heart. No matter how much he missed her, how could he dare to bring up the matter of letting her come back?

But now, I still have to trouble her...

late at night.

Tonight is still a sleepless night.

She walked lightly to the boy's room, helped the boy tuck up the quilt, and quietly watched the boy's sleeping face for a while.

Let's go back...

It's good to go back...

Maybe returning to the original place can make her sober.

...

In the early morning of the next day, Selena took Tang Nuo to City C. After finishing the matter there quickly, she had to come back to see Daniel at night.

To avoid being recognized, Selena put on a disguise as usual.

This time she was dressed as a simple and lovely country girl.

Tang Nuo looked at the girl in front of her who was wearing a floral skirt with two braids and flushed cheeks, and her eyes immediately became moist.

It's been so long, even though he missed her no matter how much he didn't dare to come to her, it was actually because he was afraid, afraid that the sister in his memory would never come back.

Fortunately, fortunately, his sister is still...

Selena knew that she hadn't slept well for several days, so she didn't dare to drive tired, so she took the long-distance bus to go back with Tang Nuo.

Tang Nuo didn't care at all, but was very happy and at ease.

The siblings chatted about their respective affairs along the way, and soon regained their previous intimacy, as if they had never been separated.

Chapter 1368

On the way, Selena took out her phone, found out Saul's number, and sent him a text message.

Saul, I'm going to C City to deal with some matters with my adoptive parents, but I will definitely rush back tonight, tell your brother for me, I will go to see him directly when I return to the Imperial Capital.

...

At the same time, Platinum Emperor Palace.

Upstairs, in Daniel's study.

The man has been sitting in a rigid sitting position all night.

There was a "dong dong dong" knock on the door, and Saul walked in cautiously, "Brother... just now Selena sent me a text message, asking me to tell you that she is going to her adoptive parents in city C to deal with some problems." Things, but I will definitely come back at night, and I also said that I will directly... come to you directly after I come back..."

Speaking of this, Saul rolled his eyes and immediately suggested, "Brother! Otherwise, I'll send a text message to Selena and tell her to see you later. It's such a long way, so don't rush her so fast." came back!"

What a wit he is!

Now it's a day to be able to delay it!

There was silence in the quiet study room, time seemed to slow down to the extreme, every minute and every second flowed extremely slowly...

After an unknown amount of time, Daniel stood up, picked up his coat and car keys, and walked out the door.

Seeing this, Saul's face immediately changed, "Brother, you are..."

Where is he going?

Are you planning to go to City C?

Isn't this going to die?

In fact, he thinks he can still save it!

Saul opened his mouth and wanted to speak, but when he saw Daniel's expression clearly, he couldn't say a word. He could only watch his figure walk out of sight.

that back...

The phrase "The wind is rustling, the water is cold, and the strong man will never return"...

He clearly knew that what awaited him might be a dead end, but because his beloved was there, even if it was a mountain of swords and seas of fire, he would go there without hesitation...

After a bumpy journey, Selena finally saw a familiar yet unfamiliar village not far away.

After five years away, Selena came back to the place where she had been for eighteen years, and Selena's expression was in a trance for a moment, as if she had been in a lifetime.

Her most carefree eighteen years were also the place where all her nightmares started. After the passage of time, only a touch of regret and nostalgia remained...

"Sister, there is still a long way to go home, I'll call a bullock cart!" Tang Nuo was afraid that she wouldn't be able to walk, so he said.

Selena withdrew her thoughts, "What kind of bullock cart is it? I won't be able to go on my way?"

"Oh..." Tang Nuo was stared at, but he was quite happy.

He was most afraid that Selena would be polite to him, treating him as before would make him feel unspeakably comfortable.

As Selena walked forward, she asked about the situation, "What's the origin of that borrower?"

Tang Nuo said in a deep voice, "That guy's name is Hong Bin. He used to work in Haicheng, and he just returned to the village not long ago. He said that he was with some big boss before, but he was actually a rascal who only knows how to brag.

How many times have I told my dad to keep him from associating with this kind of person, but after a few drinks with him, he would call him a brother and brother, and even take away all his property. In the end, not to mention the promised high interest rate, I can't even get back a penny of the principal..."

Tang Nuo's expression became worse as he said more, and then he hurriedly said, "But, sister, don't worry about this, we have already called the police, and we can definitely get it back!"

Chapter 1369

How could Selena believe Tang Nuo's words? If calling the police was useful, he wouldn't be forced to the point where even God would look for Susie.

After walking for about 20 minutes, they finally arrived at the place. Selena was about to make mental preparations when she heard a loud bang and bang from inside as soon as she arrived at the door, mixed with several men's swearing and foul language. The screaming and crying of adoptive mother Sun Lan...

"Ah! Stop hitting, stop hitting! Please stop hitting!"

"fcuking Tang Shan! How dare you call the police! I'll beat you to death today! Let me see who dares to say anything!"

"Stinky b!tch! What are you yelling for! Tell me to cut off your tongue!"

...

"Dad...Mom...get out! What are you doing! Come to my house in broad daylight, do you still have the law?"

"Wang Fa, Lao Tzu is Wang Fa!"

"Xiao Nuo...Xiao Nuo! Why are you back! Go! Go quickly!" Sun Lan was in a hurry.

"Hey, my son is back! It's just in time to come back, did you go to borrow money from your sister in the imperial capital? Now hand over the money, I will feel better, and maybe you can let your father live a few more days! "Hong Bin had a completely ra5cal tone.

"Hong Bin...don't bully people too much!" Tang Shan said with his nose bruised and face swollen from the beating, but his words had no deterrent effect.

Sun Lan suddenly screamed, "Xiao Nuo, hurry up! Don't give them the money!"

"b!tch, you're looking for death!" Hong Bin glared at him fiercely, "You still haven't handed over the money! Do you want to die?"

Tang Nuo looked at his mother who kept telling him to leave quickly and not to hand over the money, with bitterness and self-mockery on his face, "Mom, that's enough, I don't have any money with me...why do you think I borrowed money? I I said it a long time ago...she won't borrow it...I'm afraid she can't wait for us to die..."

Sun Lan's face suddenly changed, "Xiao Nuo, what nonsense are you talking about!"

"Am I talking nonsense? I went to find her, but I didn't even see her, and she was kicked out like a beggar. She said she didn't have a brother at all! Don't you understand? She never treated us as Loved ones!" All Tang Nuo's humiliation erupted at this moment.

The faces of Sun Lan and Tang Shan were extremely ugly. Although they didn't believe it, it was impossible for their son to lie...

Sun Lan kept shaking her head, "Impossible, Susie wouldn't be so heartless, she must be too busy to see you, or did you find the wrong place?"

Tang Nuo was powerless and didn't want to continue explaining to his self-deceiving mother.

Hong Bin on the side became impatient, "I don't have time to listen to you chattering, whether you borrow, grab or invest, 100,000 yuan! Take the money and settle the matter! Give me 100,000 yuan! I will forgive you today!" It's your dog's life! Otherwise..."

Under the double blow from their own daughter and the robber in front of them, both Sun Lan and Tang Shan were full of despair and death...

Tang Shan yelled out of control, "Hong Bin, don't go too far, you borrowed my money first, I just called the police when I couldn't do anything, now you not only hurt me, but also directly with me You are simply a beast for extorting money..."

Hong Bin was enraged, and with a gloomy look on his face, he said sinisterly, "bastard? I'll show you what a real beast is! Do you think that only women are worth money these days? Rich people nowadays have a lot of special tastes. Let's go! Your son's appearance is quite good, I think... if you sell it for 100,000 yuan, there may be more..."

Chapter 1370

Hong Bin's words hadn't finished yet, and in the next second, there was a "pop", and his whole face was turned away by a burst of slaps, and a mouthful of blood froth spit out from his mouth.

"fcuk! Who! Are you dying?" Several of Hong Bin's accomplices hurried over and looked towards the door at the same time.

I saw a pretty little girl standing at the door, wearing plain coarse clothes and two braids, she looked so weak, but the expression on her face made people feel cold in the bottom of their hearts...

"Sister..." Tang Nuo thought of Selena at this moment, and hurriedly stood in front of Selena nervously.

Tang Shan and Sun Lan also looked at the door when they heard Tang Nuo's "sister"...

"Xiao Nuo, what are you talking about? Susie is here?"

"Susie?"

...

When they saw the face of the girl at the door, the two of them were dumbfounded.

It doesn't seem to be Susie...

yes...

It's Keren...

It's Selena!

How could it be Selena?

Didn't Xiao Nuo go to find Susie?

Hong Bin wiped the blood from the corner of his mouth, and his face was extremely ugly at the moment, "You are Tang Shan's daughter? You are quite courageous! Do you know who I am? You dare to beat me!"

Several companions also echoed fiercely, "Smelly girl, you want to die, don't you!"

"Dmn it, Brother Bin, why not just take the two of them away together! This girl is really good-looking!"

"Isn't it? Look at this skin, look at this little face, there is nothing so smooth in ten miles and eight villages. I didn't expect Tang Shan to have such a beautiful daughter..."

...

Hearing those people's foul language, Tang Nuo's eyes turned red with anger, "If you dare to touch a hair of my sister, I will kill you!"

Sun Lan didn't care about why Selena came, and pulled the impulsive Tang Nuo back, "Xiao Nuo, don't mess around..."

"Stop talking nonsense with them, brothers!"

...

Selena glanced at the time on her watch, her expression a little impatient.

five minutes later.

The five big men who were fierce and domineering just now were lying on the ground in a mess.

But Tang Shan, Sun Lan, and Tang Nuo were already there, completely stunned...

Selena stepped on Hong Bin's wrist and let him howl like a slaughtered pig. When she turned to Tang Nuo, her eyes became gentler, and she explained, "If you don't hit harder, you can conquer once and for all. If I leave, I'm afraid they will come to trouble you again."

"Ahhh... Boss, spare your life! Spare me! I won't dare again! I will never trouble Brother Tang again!" Cold sweat dripped down Hong Bin's forehead.

Selena's attacking methods may seem ordinary, but in fact they are all exquisite. There are no scary marks on the surface, but they can make you feel so painful that you will feel inexplicable pain for several months, but you can't find out the reason. Well, she usually doesn't use these insidious moves, but this time it's considered a relapse.

"Just don't make trouble?" Selena said coldly.

"There is still money, I will pay it back right away! I will pay it back right away!"

"Just pay back the money?"

"There is interest! Interest is also added!"

...

In the end, a few people scraped together about 700,000 yuan, all of which were handed over to Tang Shan, and Selena released them.

Hong Bin and the others all ran away without a trace, and the room seemed a little empty for a while, with 700,000 in cash placed abruptly on the table.

Sun Lan helped Tang Shan who was lying on the ground up, and the two looked at Selena's expression, their eyes full of surprise...
