

Cruel Heart Lover Novel

Chapter 1371

"Sister, you...you are so amazing! Where did you learn all this!!! Oh, oh, I almost forgot. In your previous interview, you said that when you first entered the industry abroad, you did Martial arts stand-in, I thought it was just a show! I didn't expect it to be so powerful! Sister, can you teach me when you have time? Then I don't have to worry about being bullied again!"

Tang Nuo's adoring superstar-like expression and excited words made Selena's heavy boulder-like mood relax a lot. He rubbed the boy's hair and said, "Okay, if there is a chance."

Seeing that the atmosphere in the room was a bit weird, Tang Nuo hurriedly reminded the parents beside him, "Mom and Dad...you have to say something! My sister finally came back!"

The two just woke up like a dream, and Tang Shan seemed a little uncomfortable with this "daughter" who hadn't seen her for five years and changed so much at the first sight, and said awkwardly, "Selena, thank you so much this time. ...If it weren't for you...hey..."

"Look at this, this kind of thing will happen to you as soon as you come back! Have you eaten yet? I'll cook for you!"

...

Looking at the embarrassing and cautious attitude of her once closest relatives towards her, Selena couldn't express what she felt, and hurriedly said, "Don't be too busy, I have something to do today, and I have to go back immediately! Next time Come back and see you again!"

"Oh, that's good...Xiao Nuo, hurry up and see her off..."

"No need, Xiao Nuo, Mom and Dad were shocked, you stay with them, and take Dad to the hospital for a bandage." Selena tried her best to let herself ignore that when she said she was going to leave, Sun Lan and Tang Shan felt relieved expression, quickly turned around and left.

Behind them, after hearing Selena's "Dad" and "Mom", Sun Lan and Tang Shan were stunned, and then their eyes turned red.

That's Selena...

That's their daughter...

It's been five years, and she finally came back, but they just let her go...

Selena didn't know how she left the Tang family. She felt as if her whole body was soaked in salty sea water, which was heavy and sticky, making every step of her body use all her strength...

The huge negative emotions in the shadow of the soul are all wrapped around her like a ghost at this moment...

She seems to be a really ominous person, since she was born, she has been losing...

Lose the most important things around you...

The harder she tries to catch her, the faster she disappears...

Only if she doesn't want anything, will she not lose...

The road ahead seemed to be covered with a layer of indistinct mist. Through that layer of mist, she could vaguely see someone in front of her...

Under the fiery sunset in the sky, the familiar black Maybach, the familiar tall figure...

Every time, that figure can break through the fog and illuminate her world like dazzling sunlight...

At this moment, like a reminder, her complexion suddenly changed.

"Daniel..."

"The matter is over?" Daniel didn't know how long he had been waiting there. There was a pile of cigarette snubs on the ground beside his feet, and his body exuded a faint smell of tobacco.

Selena stood there blankly. The moment she saw Daniel, she had worked so hard for so many days before making up her mind, and it was instantly shattered into powder.

In no mood...

I don't want to lose this person in front of me...

Chapter 1372

"Well, it's over!" Selena tried her best to keep her tone normal, and asked, "Didn't Saul tell you that I'd go back and go find you? Why did you come here? It's such a long way! "

"Because I can see you sooner." Daniel didn't seem to notice the girl's strange expression, he stepped around and opened the car door for her.

Selena took a deep breath and mechanically got into the car.

Daniel started the engine, and the car drove slowly along the narrow country road with a little bumps...

It was very quiet in the car, and no one spoke for a while.

Outside the car window, the familiar scenery and small villages retreated rapidly, like the lights that left her life one by one...

The front has left the country road and entered the main road. The road is getting wider and wider. Because of the remote location, there is not a single car on the road...

Daniel held the steering wheel with his slender fingers, and calmly looked at the road ahead. Suddenly, a soft white hand on the passenger seat next to him pulled the steering wheel with force...

After the ear-piercing sound of tires scratching the ground, the car suddenly changed lanes from left to right, and drove all the way into a wide wheat field...

"Selena!!!!"

Because of the girl's unexpected and extremely dangerous behavior, Daniel's originally cold face suddenly caused an uproar, and he shouted angrily.

In the next second, the seat behind Daniel was pushed down with a "bang" by the girl, and the man's angry eyes instantly disappeared into the girl's approaching eyes, and... the cold softness on his lips...

Selena's body trembled violently, pressing on the man's body, kissing him with all her might...

Daniel couldn't care less about other things at the moment, he cursed in a low voice, put his broad palm on the back of the girl's head, and kissed her back even more fiercely...

Selena kissed the man in front of her with all her might, her cold fingers gliding over the man's hair, chest, lower abdomen...

There was a "click", the sound of the belt being untied.

Daniel gasped, his scalp went numb, and a fierce anger suddenly rose in his eyes, he strangled the girl's wrist...

Dmn it!

Dmn woman!

What the hell does she mean? What do you want!

During the time he and Selena were dating, Daniel paid close attention to the Internet all the time, keeping himself up to date with the times, and Saul was beside him under his influence.

In this case, three words immediately appeared in my mind: "Breakup Cannon"...

Did Selena mean that? Before breaking up...with him once?

what is this? compensate?

Thinking of this, Daniel's heart was as cold as if he had fallen into an ice cellar.

Selena lowered her head, looking at the man's big palm strangling her wrist, because she was so angry that even her veins burst out...

Being stopped by Daniel to continue, Selena knelt down on the man's body in a daze, and after a while, let out a low laugh full of sarcasm, "Oh... Daniel... Actually, you really don't have to... I It's not a pure and clean girl...it's not the first time..."

Daniel looked at Selena's self-loathing eyes, and at the same time felt distressed, there was unexplained anger in his chest, "Selena! Do you think I care about such things?"

Chapter 1373

Selena raised her head and looked at the man in front of her quietly, her pupils were pitch black without any light, "Daniel, this is not the first time for me...you don't care? Then...if I was five years ago, if I just What if I was eighteen years old and had sex with a strange man who I don't even know who I was, and I was pregnant with his child and gave birth to a dead baby, a ba5tard! "

In the end, Selena was almost hysterical, her body trembling uncontrollably...

The girl's desperate voice echoed in his ears, and Daniel was suddenly stunned...a strange...like expression of salvation appeared on his face...

As if he was afraid of disturbing the girl, Daniel asked very gently, "Selena...what you said before, what you want to tell me today...is this?"

Selena pinched her fingers tightly, as if all the strength in her body had been drained, as if she was waiting for the final verdict, "Yes."

As soon as the girl's voice fell, the world was spinning for a while, and when she realized it, she was already pressed against her body by the man, and the fiery k!ss mixed with the rest of the man's life fell overwhelmingly...

The man's k!sses fell on the girl's forehead, nose, cheek, lips, collarbone one after another with intense and hot love...

Although he didn't say anything, Selena felt the man's emotions from this k!ss...

Daniel's reaction...seems to be different from what she imagined...

Just as he was absent-minded, his lips were suddenly bitten hard.

Selena suddenly exclaimed, her eyes watered, and she looked at the perpetrator accusingly.

Daniel's eyes were filled with violent anger, "I'll ask you again, you asked me to meet today, and what you want to talk about is the one just now?"

Selena nodded subconsciously, "Yes..."

As soon as the words fell, she was k!ssed fiercely by the man again.

After a long while, the man let her go and asked again, "Is there nothing else to say?"

Selena didn't dare to say "yes" this time, and asked with a blank face, "What do you think... what am I going to say?"

Although Selena didn't answer "yes" this time, Daniel's expression turned even uglier for some reason. This time, he k!ssed harder than before, completely in a punishment posture...

The waves of wheat were rolling, and in the airtight compartment, I don't know how long it took before the man's long and hot k!ss finally ended, "Selena, in your eyes, I am the kind of person who contradicts what I promise? In your heart, my feelings for you are just like that." Easily swayed? As I said, even if you are in the past that I didn't participate in, I don't care if you are heinous and risk the world's dissatisfaction! Do you think what I said is deceiving you?"

"I'm the one who really lied!!!" Selena said out of control.

Daniel pulled the girl who was about to collapse into his arms, and whispered into her ear, "Selena, you heard me clearly, you didn't lie to me, you told me from the beginning, I warned you! I seduced you, I provoked you, I made you have to tear open your most unknown wounds in front of me, but I was so

fierce to you just now... It's my fault... Don't be angry with me, I thought... thought you were going to break up with me..."

The tears that Selena had endured until now, fell silently and violently, together with the shadow that had never been shaken off her body for five years...

Chapter 1374

Daniel carefully hugged the girl in his arms and patted her to comfort her, his eyes were full of pity.

In fact, from the first time he got in touch with Selena, combined with her fear and rejection of some intimate behaviors, and even her aversion to men, he had already vaguely guessed that she might have had some bad experiences in the past.

Therefore, he never pryed into her past without authorization, and would not ask too many questions, especially when it comes to matters between men and women, he was extremely cautious, and even if he endured to the extreme, he did not want to surprise her...

The girl is like a little beast that is extremely guarded against human beings after being fatally injured. From the beginning, she poked her head out of the hole quietly, then crawled out cautiously and looked at him curiously. Then, she boldly tried to lick his fingers, jumped Stepping on his lap to sleep soundly, and even boldly causing trouble in front of him...

She probed a little bit until she was sure of his harmlessness, his gentleness...

Until today... She took off all the armor, destroyed all the thorns and all the protection, and tore this wound that was a hundred times more tragic than he expected, tearing open the most vulnerable and softest part of her heart...

Like a sacrifice, it was placed in front of him...

Daniel's chest was swollen, and he hugged the girl tightly, wishing to melt into his bones.

In addition to the great touch and distress in his heart, the man's eyes were filled with darkness.

From this point of view, what Saul heard from Susie before should be true.

Susie also knew about this matter, and used it as her biggest leverage and trump card against Selena.

In addition, he found that Selena's words just now had too many doubts.

A strange man that she didn't even know who she was...

Why would she have sex with a strange man? Since it was forced, after finding out she was pregnant, how could she keep that man's child?

"Is it related to Susie?" Daniel asked in an almost affirmative tone.

Selena thought that it would be impossible for her to speak out about those things in her life. After all, even the psychiatrist with the best hypnotism in the United States who treated her back then failed to get her to tell about this past.

However, at this moment, hearing the man's voice, she spoke naturally, "I always regarded Susie as a good sister back then, and I didn't have the slightest precaution against her, let alone that she had already betrayed me and Roman. Together... On the night of Su Shengri, she drugged me... and then arranged for two male publicists..."

Daniel's arms suddenly tightened, "If you don't want to say it, then don't say it!"

Selena shook her head and continued to speak nonchalantly, "I believed her and went to the room number she told me to look for Roman... As a result, there was a little accident... I entered the wrong room... the room It wasn't the two male PRs that Susie arranged for me... but that strange man whom I still don't know who it is..."

Probably recalling what happened at that time, Selena's body trembled unbearably.

"Selena..."

"Daniel, don't talk to me, let me finish! If I don't talk about some things now, I might not have the courage to speak up a second time!"

Selena raised her head and continued to speak, "After entering the room, I lost consciousness due to the effects of the medicine. At that time, I didn't know anything. I didn't know that I was designed by Susie, let alone that Roman had betrayed me..."

I only knew that when I woke up the next morning, the person on the bed was Roman, so I naturally thought that I had a relationship with Roman, and Roman also told me so..."

Chapter 1375

Selena gave a bleak smile, "You can probably guess what happened later, after I became pregnant, I thought the child belonged to Roman, so I insisted on staying. I'm almost eight months pregnant before I come back..."

After he came back, he told me all the truth... It wasn't him that night... The child wasn't his either... He broke through what Susie had done to me, in order to cover up Susie's crimes, that's why he said It was him that night...

When Susie told me all the truth, I crossed the road in agitation and got into a car accident. The child... died right after birth... This is probably the only kindness God has shown me...

Otherwise, I really don't know how to face and treat this child..."

After Selena finished speaking in one breath, all the emotions from that year came to mind at this moment, "Heh...do you know how I felt at that time...the sky is falling apart...

Neither Susie nor Roman knew. In fact, I doubted Roman's words from the very beginning. Although my memory was very confused that night, it felt impossible to forget...

That strange man... very scary...

I hurt...so hurt...

The pain of feeling like I'm going to die...

After that time, I had a high fever for a week, and it took me more than a month to recover. When I saw the doctor, I still can't forget the shameful feeling...

At that time, the only person who supported me that night was Roman. I didn't dare to think about it. If that person wasn't my boyfriend, I didn't even dare to think about the result...

That's why I kept deceiving myself...until I couldn't do it anymore...until I paid a greater price..."

Selena paused, then continued, "Afterwards, my fear of men followed me like a shadow. I extremely loathed and rejected the contact of men. The one five years ago was my only one-time experience...

I saw a psychiatrist for a long time, but there was no result, but after that, I didn't care anyway..."

After listening to everything Selena said, especially Selena's fear when she mentioned that strange man, Daniel's eyes were filled with killing intent, "Who is that man?"

Selena's body trembled subconsciously, "I don't know... I've searched for a long time... I don't have any clues... I'm not sure if it was arranged by Susie... It's as if... that person has never been in this world at all. Appeared on..."

After finally finishing all this, Selena's face was blank, she stared blankly at the man in front of her, "I'm done talking... this is my past..."

You are so good... so good that sometimes I think very meanly... If only you were a little bit worse... a little bit sgum..."

Daniel frowned and stared at the girl in front of him, and said sharply, "Selena, let me tell you clearly, you are a beauty in the eye of a beholder, because you like me and love me, that's why you think everything about me is good. ! My first and only time was with another woman, and even... I left behind a child, an indelible stain in my life..."

"Nonsense! Little Treasure is not a stain!" Selena's stupefied expression dissipated immediately, and she stared with an extremely serious expression.

Daniel laughed helplessly, "That's right, to me, everything that happened to you is nothing, no matter what kind of experience and past it is, it's all about you, making up who you are now, my favorite you."

Chapter 1376

"Thank you." After Daniel finished speaking, he lowered his head and kissed the corner of the girl's lips.

Selena looked blank, "Huh? Thank you for what?"

Seeing the girl's innocent appearance, Daniel's face darkened, he gritted his teeth and said, "Thank you for saying this instead of breaking up with me. Thank you for not killing me."

Cough cough...the grace of not killing...

Selena was stunned after hearing this, "Well...Actually, I wanted to ask just now, why...you think I want to break up with you? Your thinking is too stupid..."

Realizing that Daniel's expression was not right, Selena immediately changed her voice, "Uh cough cough... I mean, how could I be such an idiot to break up with you..."

Daniel pinched the center of his brows with a dark face. In fact, he also felt that he was a fool now that he was taken into the ditch by Saul like this.

It wasn't until this moment that Selena finally understood why Daniel's attitude was so strange before. Staring at her was like staring at a heartless man who started to mess up and gave up. She wished she could be strangled to death. Yes, it is the fear and tension that may lose everything in the next second...

He was actually afraid that he would break up with him! ?

Selena recalled her recent state and attitude towards Daniel. She was not only emotionally disturbed, but also kept avoiding him. But at this time, she asked Daniel to meet on the weekend and said that she had something to tell him...

Well, it's really easy to misunderstand...

In the twilight, the imperial capital, the Platinum Imperial Palace.

At the gate of the villa, in the cool night wind, there was a mournful singing...

"Little cabbage, yellow in the ground, two or three years old, no mother... It's better to follow daddy, I'm afraid daddy will marry a stepmother..."

"I married my stepmother for three and a half years, and I gave birth to a younger brother who is better than me... My brother eats noodles, I drink soup, and bring up the bowl, tears streaming down my face..."

In the living room, on the sofa, Rick pinched his brows helplessly, and walked towards the door.

"bun, my poor bun..." As soon as he saw Rick, Saul immediately hugged Rick with tears in his eyes.

What if after Selena leaves, the house becomes the same as it was before? What if I can no longer eat such delicious food? There is nothing to love...

Little bun really had no choice but to keep a stern face and gently pat this sentimental second uncle with his small hands to soothe his wounded heart...

A car engine sound came from far and near, Saul immediately pricked up his ears, and looked not far away.

Then I saw my brother's familiar car slowly driving to the door.

Saul's heart was in his throat, and then he saw that the car door opened, and his brother got off the driver's seat alone, but soon, Daniel walked around to the co-pilot again, and then stretched out his hand to pick up a girl from the car ...

Saul's eyes widened immediately. Could it be that his brother knocked Selena unconscious?

Hmm, judging from Selena's force value, this possibility seems unlikely?

Seeing that Papa Mama came back, Little bun finally heaved a sigh of relief, Second Uncle would go crazy if he didn't come back.

"Brother...what's the situation, this is...you..."

Saul questioned her all the way until Daniel carried Selena to the bedroom upstairs and carefully put Selena on the bed and covered her with a quilt.

Chapter 1377

After tucking in the quilt for the girl, Daniel leaned over and pressed a kiss on the girl's lips.

Selena hadn't slept well for several nights in a row. After explaining everything to Daniel, after all the pressure was relieved, she couldn't hold on any longer and fell asleep on the way back.

At this moment, the girl opened her eyes in a daze, and looked at the gentle man in front of her, "Uh... are you home?"

"Yes." Daniel nodded, "I'm home."

Selena stretched out her arms and wrapped them around the man's neck, "Sleepy...I want to sleep..."

Daniel: "You continue to sleep."

The girl immediately frowned, "Aren't you going to accompany me?"

Daniel almost blurted out "accompanying", but he calmed down and said reluctantly, "I have something to deal with, can I let Rick accompany you?"

Selena immediately nodded obediently, "Yes."

"Rick, stay with your mother." Daniel immediately turned to his son and said.

And Rick didn't need Daniel to say, he had already taken off his shoes and climbed into bed to sleep with Mama, "Mom, Rick will accompany you!"

Selena hugged the soft and fragrant bun and kissed it, feeling extremely satisfied.

Daniel kissed the foreheads of his son and his wife respectively, and then straightened up...

Saul, who had completely lost his mind, said, "Hey...I'm still here...You one, two, three...Who can talk to me first?"

Also, what is the meaning of this familiar dog abuse style?

Or a family of three abused together!

It's completely different from what he imagined...

After Selena was settled, Daniel motioned for Saul to follow him to the study, and Saul naturally followed him.

"Brother, what's going on? Did you break up with Selena?"

Daniel glanced over with icy sharp eyes, and Saul immediately swallowed weakly, "Young master, I'm a good fortune teller, did I guess wrong this time?"

Judging from the current situation, it is obvious that his reputation as a fortune teller has indeed been ruined...

"Did you check what you said earlier?" Daniel asked.

Saul didn't realize what Daniel was talking about for a while, "Ah? What is it?"

Daniel: "What you heard from Susie."

When Saul heard this, his face immediately became a little uneasy, "The result of the preliminary investigation is... this matter is true... Selena did give birth to a dead baby back then... As for the specific situation, because I have been worrying about it The matter between you and Selena, so I haven't investigated it carefully..."

Daniel: "Go and check, the more detailed the better."

Saul was a little surprised when he heard the words. His brother's attitude towards this matter before was clearly not paying attention at all. After returning from city C, why did he suddenly tell him to check it out?

Saul's eyeballs rolled quickly, and his IQ suddenly went up, "Uh...brother...don't tell me...the thing that Selena asked you to talk about this time...is it actually...?"

Daniel didn't say anything, it was a tacit agreement.

Saul was on the verge of crying, "Is there a mistake...that's all?"

Didn't he scare himself for so long?

After being broken for a long time, Saul finally calmed down, okay, okay, as long as there is no breakup, it's fine, and the name of the fortune teller can be smashed!

Having said that, he suddenly admired the little baby, Nima is simply the pillar of the family, look at that calm demeanor!

Next, Daniel and Saul exchanged information.

After hearing this, Saul was completely outraged, "Dmn! Who the hell is so shameless! He's just a beast! Brother, don't worry, I'll definitely catch this beast!"

Chapter 1378

A small attic in the old town.

Ning Tianxin sat on the sofa with a look of helplessness on her face.

These days, she has been looking for a hospital for surgery, but the Mo family seems to have tampered with it.

She went to several hospitals, but all of them refused on the grounds that her body was not suitable for surgery, or the waiting list would be at least half a month later.

Just as he was about to think of other ways, Mo Lingtian's parents actually approached the door in person.

After opening the door and seeing two middle-aged couples with extraordinary temperament outside, Ning Tianxin was surprised, "The two of you are..."

"You are Tianxin, right? We are Ling Tian's parents. I'm really sorry for coming over so suddenly. Can I go in and have a chat with you?" Kang Shuhui looked up and down the girl in front of her while talking, and saw the girl dressed in plain clothes at home. Wearing it without makeup, it will look as graceful as a lotus emerging from water, and the favorability will be doubled immediately.

Sure enough, what my sister said was right, this girl is indeed different from those girls before.

"Of course, please come in, both of you." It was impossible for Ning Tianxin to shut out the two elders who came to the door in person, so he had to invite them in.

Suppressing the uneasiness in his heart, Ning Tianxin poured a cup of tea for the two of them.

"You don't live with your family?" Mo Jianzhang looked around the room and asked casually.

"I've moved out since college."

"Are you still in school?"

"In graduate school."

Mo Jianzhang nodded in satisfaction, he was still a student, no wonder he looked so innocent.

"Miss Ning...can I call you Tianxin?" Kang Shuhui's tone was unusually gentle.

Ning Tianxin nodded, "Madam Mo, please feel free."

"Hey, Tianxin! You must be very clear about the purpose of our coming here today. Now that you are pregnant with the flesh and blood of our Mo family, no matter what I say, I will definitely make Ling Tian take responsibility! So you are completely do not worry!

Don't be impulsive, don't hurt this child! We will definitely let you call the shots! "

Kang Shuhui deliberately emphasized the words "don't hurt the child", obviously because she knew that Ning Tianxin was looking for a hospital for surgery recently.

Ning Tianxin looked a little far-fetched when he heard the words, and after considering his words, he said, "Mr. Mo, Mrs. Mo... Ling Tian and I have discussed the solution to this matter..."

"So the result of your discussion is to kill the child? Human life is such a trifle in your eyes? It's just too nonsense!!!" Mo Jianzhang couldn't help but angrily said.

Kang Shuhui immediately glared at her husband, "It's not all your son's fault, why are you so cruel to Tianxin! What should I do if I'm scared?"

Mo Jianzhang's voice suddenly lowered several tones, "I... I'm so fierce! I'm just mad at that brat!"

Kang Shuhui patted Ning Tianxin's hand lightly, "Did you see that? Auntie and your Uncle Mo are all on your side! You don't have to be afraid of anything!"

...

At night, a box in the Eaton Bar in the Imperial Capital.

Mo Lingtian gathered a group of friends, and they have been in the nightclub for three consecutive days and three nights, and they are in a state of drunkenness and dreaming.

"Mo Shao, what's the situation..." Someone asked the people around him who didn't know the truth.

Immediately, someone in the know replied gossippingly, "You still don't know? Young Master Mo is being forced into marriage recently! It's spread all over the circle!"

"Forced marriage? Isn't this normal? Hasn't Mo Shao been forced to marry by his family all the time?" The speaker was puzzled.

The insider approached the person, with an explosive expression on his face, "This time it's different! This time, he killed someone!"

Chapter 1379

The man was surprised when he heard the words, "I'll go! No way! No wonder Mo Shao was messed up so badly this time... The second elder of Mo Shao's

family wanted his grandson crazy, so he has to drive Mo Shao crazy this time
Ah! Is this the rhythm of getting married with a son?"

"Hey, we infatuated ones finally waited for the goddess to return to China, and Daniel, the biggest rival in love, has a master again. When the time and place are right and people are right, how did it turn out? There was such a trouble..."

"Which woman? The number of ranks is high enough! Even Mo Shao fell into it!"

"I don't know..."

...

"Young Master Mo! Stop drinking, Young Master Mo!"

Seeing that Mo Lingtian drank too much tonight, the others were afraid that something might happen to him, so they all went over to persuade him.

But it was useless to be persuaded by anyone. Mo Lingtian drank like drinking water, as if he wanted to drink to death, and kept muttering, "Zi Yao...Zi Yao..."

"Yes! You have to tie the bell to untie it. I think it's better to call Miss Guan over here! Otherwise, if you let him drink like this, something will happen..."

Several people discussed together, and then one of them called Guan Ziyao.

After about an hour, Guan Ziyao finally came.

The others all walked out very sensibly, leaving space for the two of them.

"Why did you drink so much wine?" Guan Ziyao frowned and took the wine glass from the man's hand.

After seeing clearly who the person in front of him was, Mo Lingtian immediately hugged him tightly into his arms, with a look of despair on his face, "Ziyao...Ziyao...you know, don't you? I'm sorry... really I'm sorry...I didn't mean it...it was an accident...I got drunk and mistook her for you, I don't like that woman at all...

You know... I only have you in my heart... I love you... I have loved you since the first time I saw you when I was six years old! I have loved you for over twenty years!

I've been waiting for you...waiting for your return...no one can replace...except you...will never fall in love with anyone..."

Guan Ziyao saw the affectionate expression on the man's face, his eyes twinkled.

She was very clear about Mo Lingtian's feelings for her. She had known it for a long time. It was impossible not to be moved at all. Unfortunately, in her eyes, there was only Daniel who was worthy of her.

How could she be willing to lose to that lowly woman as a loser, and then choose Mo Lingtian after all.

Her self-esteem will never allow it!

"Why did your family know about that woman's pregnancy? Did that woman say it?" Guan Ziyao frowned slightly.

Although she never thought of being with Mo Lingtian, she still felt a little uncomfortable when she heard such news.

Mo Lingtian turned pale when she heard the words, "The doctor she met when she went to the hospital for an examination happened to be my aunt... At that time, my aunt knew from her conversation with her cousin that the child was mine, and then told me about it. parents..."

"What a coincidence?" Guan Ziyao pondered.

Mo Lingtian's brain was in a mess, and he grabbed Guan Ziyao's hand, "These are not important, anyway, except you... I won't marry anyone..."

Guan Ziyao slowly pulled out her hand, "Ling Tian, I'm sorry, it's impossible between us. I really don't want to lose you as a friend. Didn't we agree to be friends for life? You're like this... It's very difficult..."

Chapter 1380

"Is it because of this matter?" Mo Lingtian asked tremblingly.

Guan Ziyao frowned and said, "Ling Tian, I believe you are not someone who messed around outside, maybe you were designed by that woman, but after all, it happened."

Mo Lingtian said excitedly, "That time was really an accident, and the child will never stay... Daniel can accept the same thing... Why can't I?"

When Guan Ziyao heard this, his face immediately changed, "Even without this matter, we wouldn't be able to."

After speaking, he turned and left.

Mo Lingtian hurriedly chased after her, "Ziyao...I'm sorry...that's not what I meant..."

Just after taking a few steps, two people suddenly stopped in the diagonal stabbing, "Young master, master, please go back!"

"Get out! Get out of the way!" Mo Lingtian's face was filled with sullenness and fury.

"Master, please don't embarrass us."

"I told you to go, do you hear..."

"Master, offended!"

The two looked at each other and forced them into the car.

Mo Lingtian drank too much wine and couldn't break free. He could only watch Guan Ziyao's figure gradually disappear into the night...

It was already late at night, but Mo's house was brightly lit.

After being brought home, as soon as Mo Lingtian entered the living room, he saw that his parents were all there. Not only that, there was a girl sitting opposite Mo Jianzhang and Kang Shuhui...it turned out to be Ning Tianxin...

"Look at what you look like now!" Seeing Mo Lingtian's drunken appearance, Mo Jianzhang's face was full of anger.

Mo Lingtian stared at Ning Tianxin on the sofa, as if staring at something terrible, "Why are you here..."

Such a look of fear, loathing and even suspicion was like a poisoned needle, and Ning Tianxin's face immediately turned pale.

She had called Mo Lingtian many times before and sent countless text messages, but Mo Lingtian never answered or replied.

Mr. Mo and Mrs. Mo suddenly came to the door and advised her to keep her child. Her status was embarrassing, she couldn't say a lot, and she couldn't contact Mo Lingtian, so she had to follow the elders back. Let's all sit down and talk about it...

But I didn't expect...

Mo Jianzhang immediately said angrily, "What's your attitude? Your mother and I went over to invite Miss Ning here!"

Kang Shuhui, who was on the side, said softly, "I called Tianxin here because I hope we can sit together and discuss how to solve this matter. Ling Tian, running away will not solve the problem!"

Mo Lingtian laughed softly, "Heh, solve...what solution? What you call solve...don't you just let me marry her?"

"Is it wrong for us to let you marry her? We did this kind of thing! Shouldn't you be responsible? How could I give birth to something like you!" Mo Jianzhang was furious.

"Ling Tian, what is in Tianxin's stomach is your own flesh and blood, are you really so cruel?" Kang Shuhui also looked sad.

Mo Lingtian's face was full of sullenness, "In your eyes, I am just a tool to carry on the family!!! Have you ever thought about my feelings even once? Have you considered who I really love? "

"ba5tard!!!" Mo Jianzhang slapped the table hard, almost fainting with anger, "You have been making trouble for that woman for so many years and doing so many ridiculous things, did I really force you to marry someone else once?

how you feel! your love! Then, have you ever thought about the price that a good-looking girl will pay because of your fault! Are you still a man when you say that? "
