

Cruel Heart Lover Novel

Chapter 1381

"Oh, what kind of man... When Ziyao told me it was impossible... I was no longer alone..." Mo Lingtian smiled maniacally. After speaking, his cold eyes swept over the three of them one by one. "You want me to marry her, don't you? Okay! I do what you want... Whoever you want me to marry... I will marry whoever... Anyway... As long as it's not Ziyao... No matter who... For me There is no difference in words...whoever you love..."

After Mo Lingtian finished speaking, he staggered and fell drunk.

Kang Shuhui was startled, "Ah! Ling Tian..."

The living room was in chaos, until the servants helped Mo Lingtian into the upstairs bedroom.

A moment later, the living room downstairs.

Kang Shuhui looked apologetically at Ning Tianxin who had been silent on the sofa, "Tianxin! I'm so sorry for making you wronged! Brat is drinking too much and talking nonsense, don't take it to heart!"

Mo Jianzhang said with a serious face, "Tianxin, don't think too much, this marriage, he has to get married if he doesn't! You go back and prepare, I will take this brat to your house to propose marriage tomorrow!"

Ning Tianxin looked at the concerned expressions of the two old people, her eyes were slightly hot, "Thank you, Mr. Mo and Mrs. Mo."

Kang Shuhui patted her hand, "Good boy! I know you like our family Ling Tian, don't worry, that kid just can't get over it for a while, when he gets married

and the child is born, he will be sure that he will be able to Want to know who is the one who really treats him well!"

Ning Tianxin burst into tears, forced herself to stabilize her emotions, and nodded vigorously, "Yes."

Seeing that Ning Tianxin's mood had stabilized, Kang Shuhui and Mo Jianzhang finally stopped mentioning the matter of abortion, and finally felt at ease.

"Tianxin, it's too late today, why don't you just stay here for one night?" Kang Shuhui said.

"Thank you, Mrs. Mo, but I'd better go back, I have to tell my family."

Kang Shuhui nodded repeatedly when she heard the words, "Oh yes, this is what you want! Then I'll ask the driver to take you back!"

"Can I go up and have a look at Ling Tian before leaving?" Ning Tianxin asked.

"Silly girl, of course you can! Go!"

...

Upstairs, Mo Lingtian's bedroom.

With a "squeak" the door was pushed open, Ning Tianxin went to the edge of the man's bed and sat down, quietly staring at the man's face.

Even in his sleep, the man's face was still full of despair and pain, and what he muttered in his mouth was still his love...

In a daze, Mo Lingtian opened his eyes, and seemed to see the person sitting on the edge of the bed clearly, with a mocking look on his face, "Ning Tianxin... I will marry you... Are you satisfied now..."

Ning Tianxin closed her eyes, took a deep breath, and then said with a smile, "Satisfied... At least, in this life, you once said that you wanted to marry me..."

Even this sentence of marrying her made her heartbroken.

Mo Lingtian just finished speaking and fell into a drowsy sleep, muttering in his mouth, "Ziyao...Ziyao don't go...what to do, I'm no longer worthy of you...how can I love you like this... ..."

"Good night." Ning Tianxin bent down, kissed the man's frowning eyebrows lightly, got up, turned and left.

That good night sounded like a magic power to soothe people's hearts. Mo Lingtian's painful eyebrows gradually relaxed, and he gradually fell into a deep sleep...

Mo Jianzhang sent someone to send Ning Tianxin to Ning Yaobang. After arriving at the place, Ning Tianxin did not enter the door, but took a taxi to another direction.

In the car, Ning Tianxin took out a crumpled list of small advertisements from her bag with trembling fingers...

The Mo family at the big hospital said hello and she couldn't go. Now, there is only one choice...

Chapter 1382

The taxi drove for half an hour and stopped at a secluded alley in the northern outskirts of the city.

"You can't get in there, you have to walk for a while." The driver secretly looked at Ning Tianxin from the rearview mirror, with a strange expression on his face.

She looks like a pretty innocent girl from a college student, but she didn't expect to come to this small private clinic alone late at night.

You must know that the girls who come to this kind of place are basically all abortions...

"Okay, thank you." Ning Tianxin withdrew her dazed look, paid the money and got out of the car.

Facing her in front was a dark alley, and a shiny sign was hung on the building at the end, which said "Antai Hospital".

Call it a hospital, but it is just a few rooms, at best it can only be called a clinic.

Ning Tianxin subconsciously pressed her stomach, and her steps seemed to be filled with lead.

I don't know how long it took before finally walking forward step by step.

That dark alley is like a giant beast, devouring the girl's figure bit by bit...

"Hello..."

The little nurse at the front desk was eating melon seeds while watching a TV series on her mobile phone. From the corner of her eye, she saw someone coming in, without raising her head, she said, "Abortion?"

"Ok."

"Consulting or do it now?"

"do it now."

"Go to the next door to pay the fee, and you can have surgery after paying the money."

"How long will it take to finish?"

"It depends on the situation. Let's do an examination first. It usually takes a few minutes, and it can take half an hour. Don't worry, it will be very fast. Our doctors do not know how many operations like this one a day, and they are all very experienced."

"it is good..."

After paying the fee, a symbolic examination was performed. In the operating room, an older doctor said while preparing surgical tools: "Okay, go and wait outside. The operation will be performed in ten minutes."

Ning Tianxin nodded blankly, and sat down on the bench outside with peeling paint.

In order to get rid of this child, she has searched almost all the hospitals she could find these days, but now, there are no unnecessary inquiries, no reminders and warnings, and no waiting. As long as you pay the money, you can have the operation, which is extremely fast. She couldn't respond, she could only respond mechanically...

ten minutes...

Ten minutes later, this child who shouldn't have arrived, this child who made his father so miserable, this child who caused all the chaos... is finally leaving this world...

Ning Tianxin lowered her head, her hair covered her gentle eyebrows and eyes, and lying in her white, almost transparent palm was a B-ultrasound photo. In the photo, the fetus had already taken shape, with small hands and feet, obediently curl up there...

so...so cute...

"Bada" tears smudged into pieces on the photo...

The girl who was sitting there dazed or even motionless, now tightly pinches the photo to her heart, weeping silently in grief, her whole body trembling violently almost convulsive...

"Baby... I'm sorry... I'm sorry..."

"I'm sorry... Mom can't leave you..."

"I'm sorry... Mom loves you..."

She never told anyone how much she missed this child, even though his arrival was so unexpected, even though he caused so much pain to her.

She clearly remembered how soft her heart was when she saw him in the machine for the first time.

However, she knew that, like her hopeless expectation for Mo Lingtian, this child did not belong to her at all...

Mo Lingtian, this is the last thing I can do for you...

Chapter 1383

It was late at night, in the Platinum Emperor's Palace.

Due to the mental pressure of the past few days, Selena fell asleep after returning from City C until midnight when she was suddenly awakened by a call from an unfamiliar number.

In order not to wake up the little bun on the bed, Selena walked outside the door and connected the phone, "Hello, who is it?"

"This is Antai Hospital, do you know Miss Ning Tianxin?"

Hospital?

Selena's heart skipped a beat, "Ning Tianxin...she's my cousin, what happened?"

"She was undergoing abortion at our place. There was an accident during the operation. Now she is bleeding heavily. With our medical conditions, she can't handle it. She needs to be transferred to another hospital immediately. You should quickly notify her family to come here, otherwise she will die in our place. , we are not responsible!" The person on the other end of the phone reported an address after speaking, and then hung up the phone with a "snap".

Selena stood there dumbfounded, feeling as if she had fallen into a cellar of ice.

"What's wrong?" Daniel asked worriedly from behind.

Selena suddenly came back to her senses, and the fingers holding the phone trembled violently, "Daniel, something happened to my cousin, I have to go to the hospital immediately!"

"Which hospital?"

"What is it called Antai Hospital? It's on Zhongshan Road in the north of the city..."

After Selena finished speaking, she rushed out without hesitation, wearing pajamas and slippers...

After running wildly, Selena realized that her car hadn't come, and was so anxious that she wanted to go back to look for Daniel again.

At this time, a white Bugatti Veyron supercar quickly stopped beside her. Daniel lowered the window, "Get in the car."

Selena immediately opened the co-pilot's door and got in, only to see a pair of shoes and a white mask on the car.

"Change your shoes and put on your mask." Daniel instructed, and then the white supercar disappeared into the night like lightning.

Twenty minutes later, the car stopped at the entrance of a remote alley.

Selena pushed open the car door and immediately ran towards the hospital.

The moment she saw the so-called hospital, Selena's heart sank to the bottom. This is not a hospital, it's just a black clinic!

Why is Sister Tianxin performing surgery here?

When they clearly made an appointment for surgery, they must ask her to go with them!

Is there something wrong with the hospital?

Selena rushed into the hospital with a glimmer of hope, "Where is Ning Tianxin!!!"

The little nurse at the door looked a little unhappy, "Go forward, operating room! Why did you come here! You are almost dying! If this dies here, wouldn't it be a blow to our brand? Hurry up and get rid of it!"

Selena was furious when she heard this, but she didn't have time to argue with this person, so she rushed into the operating room, followed closely by Daniel.

As soon as the door was pushed open, Selena's eyes were stung by blood red...

Seeing that the pale and dying girl lying on the operating room was really Ning Tianxin, Selena's mind went blank, and the last hope in her heart was gone...

The sky in the sky was getting brighter, but Selena's heart was getting heavier and heavier.

Until Ning Tianxin was transferred to Ren'ai Hospital, she still couldn't believe that the girl who was being rescued in the operating room with the red light on was Ning Tianxin.

"President Lu, the patient's condition is not very good, I'm afraid you have to prepare for the worst." The doctor said in a heavy tone, and then quickly returned to the operating room.

He was obviously a good person a few days ago, but now his life may be in danger at any time...

Chapter 1384

Selena's mind was full of images of the girl lying on the operating table lifeless, her body trembling, and even her legs were limp.

Why... why did it happen like this...

"It's my fault...it's all my fault...I should always be by her side..." Selena was almost drowned in self-blame.

Daniel hugged the girl's shoulder distressedly, "Don't think about it, it has nothing to do with you. It should be something wrong with Mo Lingtian."

Otherwise, it would be impossible for Ning Tianxin to go to a small clinic alone in the middle of the night to have an abortion.

"Mo Lingtian!!!" Selena gritted her teeth, her eyes were full of fire, she took out her mobile phone, and with messy fingers, she took out the mobile phone to contact Boli Mo Lingtian's number.

After dialing the number, there was a notification sound of turning off the phone.

Selena was so angry that she almost killed her to find someone, but she couldn't leave the hospital right now.

"Don't worry." Daniel rubbed the girl's hair reassuringly, and then dialed Mo Jianzhang's number.

...

It is morning now.

Mo Zhai.

Mo Lingtian was dragged up by the servants sent by Mo Jianzhang just after dawn.

Downstairs in the living room, Mo Jianzhang and Kang Shuhui were discussing what would be a suitable meeting gift.

On the sofa, Mo Lingtian's hair was messed up, he was still wearing last night's pajamas, his face was indifferent.

Seeing Mo Lingtian's indifferent look, Kang Shuhui said angrily, "Lingtian, I'm going to the Ning's family to propose a marriage today. How long are you going to hang around? Hurry up and wash and change clothes! You want people to think that our Mo family is not even married. Don't you even understand the most basic etiquette? Or do you want to go back on your word! You promised to be good last night!"

Mo Lingtian leaned back on the sofa, smiled lowly and hooked the corners of his lips, "What difference does it make if I agree or not? Anyway, this is the wedding you want...you can go or not..."

Heh, he once swore that she would not marry him in this life, even if his opponent was Daniel, he never gave up, until today, he finally saw a glimmer of hope, but now, he is going to get married...

He and Ziyao ended up in such a way...

In this life, being imprisoned in a cage, there is no hope...

Mo Jianzhang was furious, "Idiot who doesn't know what is good or bad, a girl with such a good heart, you will regret it one day!"

Hearing his father's words, Mo Lingtian felt even more haze and rejection in his heart.

He also thought that Ning Tianxin was different from other women, even when Ziyao said it was too coincidental, he didn't doubt it, but now, he promised him that he would kill the child, but he didn't. Has been completely bought by her...

Thinking of this, Mo Lingtian's long-suppressed anger burst out at this moment, "If she is really as good as you think, can she push me to this point? If she is really as simple as you think, can she meet by such a coincidence?" Did my aunt let her know that the father of the child is me? Am I stupid or you are stupid! Oh, or, you don't care what kind of person she is at all, all you care about is a child who will carry on the family line! I regret it! What I regret most is that I saw the wrong person!"

"You..." Mo Jianzhang was about to get angry when the phone rang suddenly.

The incoming call showed Daniel.

Why did Daniel call him so early in the morning?

A trace of suspicion flashed across Mo Jianzhang's face, and he picked it up immediately, "Hello? Daniel! It's so early, what's the matter?"

"Uncle Mo, is Ling Tian beside you?"

"Yes, yes, are you looking for Ling Tian?"

"Uncle Mo, please turn on the speakerphone." Daniel's voice came from the phone.

Chapter 1385

Mo Jianzhang didn't know why, but he turned on the loudspeaker anyway.

Then, Daniel's calm voice came from the phone, "In the emergency room on the top floor of Didu Ren'ai Hospital, Ning Tianxin suffered a massive bleeding during the abortion operation and is currently being rescued."

Daniel's words rang clearly in the empty living room, in the ears of Mo Jianzhang, Kang Shuhui, and Mo Lingtian.

Like a thunderclap...

It took a while for the three of them to realize that Kang Shuhui snatched the phone from her husband's hand and asked eagerly, "Daniel...what are you talking about! Yesterday we persuaded Tianxin all afternoon, and when Tianxin went back last night, she still Well, I promised that we would not try to kill the child again. We wanted to keep her at home for one night because it was too late. She said she would go home to discuss the marriage with her father, and the driver took her off personally. At the door of the house...how...how could it be possible to have an abortion..."

"I said hello to Ren'ai Hospital. If Tianxin passed by, there is absolutely no way I wouldn't know about it!" Mo Jianzhang said immediately afterward.

Hearing this, Daniel finally understood why Ning Tianxin rushed to such a remote private clinic to have an abortion, "Last night in the early hours of last night, Ning Tianxin went to the private clinic in the north of the city alone."

Kang Shuhui flickered, still unwilling to believe, "Daniel, how did you know about this?"

From the other end of the phone came Daniel's cold answer: "Ning Tianxin is my girlfriend's cousin. Selena received a call from that small clinic late at night. When we arrived, he was on the verge of death due to excessive blood loss, so we Overnight, the person was transferred to Ren'ai Hospital."

Mo Jianzhang was filled with regret at this moment, and asked anxiously, "How is Tianxinren now? What about the child...how is the child? Has the child been kept?"

"The child is gone. People are being rescued. The situation is not optimistic. The doctor said that the uterus may not be preserved."

Daniel's words made Kang Shuhui and Mo Jianzhang completely stunned...

Kang Shuhui covered her mouth, sobbing uncontrollably.

Mo Jianzhang managed to stabilize his swaying body, "Shuhui, hurry up! Go to the hospital! Call Wanru too, absolutely nothing will happen to Tianxin!"

Otherwise, he would never forgive himself in his life...

Kang Shuhui nodded again and again, choking on the phone while sobbing, Mo Jianzhang immediately asked the housekeeper to prepare the car, and the two hurried out the door.

Behind him, Mo Lingtian was still sitting on the sofa in a trance, seemingly unable to recover from what happened just now.

abortion...

The child... is gone...

The uterus may not be able to keep...

Tianxin...

After a long time, Mo Lingcai woke up suddenly, stood up abruptly, and ran towards the door in a daze.

On the way to the hospital, Mo Lingtian drove the car very fast, and at the same time freed up a trembling hand to turn on the cell phone that had been turned off these days.

As soon as he turned on the phone, countless missed calls popped up, most of which were from Ning Tianxin.

The text message sent by Ning Tianxin lay quietly in the text message box...

Ling Tian, I have visited several hospitals in the past two days, but they all shirk their reluctance to perform surgery on me for various reasons. It may be that your family has greeted you. Have you explained it to your parents?

Ling Tian, hurry back when you see it.

Ling Tian?

Ling Tian, Mr. Mo and Mrs. Mo came to look for me at home today, please call me back if you see it? Maybe we can have a good talk with your parents, I'm sure they will understand.

...

The last text message was sent early this morning. This one has only two words: Ling Tian

Except for a name, there is nothing behind it, as if halfway through writing, I suddenly didn't know what to say and just sent it out...

Chapter 1386

Charity Hospital.

When Mo Lingtian arrived, Ning Tianxin had just been pushed out of the emergency room.

The girl's lips were chapped, her complexion was as pale as paper, and her skin was so fair that it was almost transparent, as if it would break at the touch of a finger.

"Doctor, how is my sister?" Selena was the first to catch up and ask.

There was a dense layer of sweat on the doctor's forehead, his face was full of exhaustion, and he sighed, "Fortunately, you delivered it in time, and the uterus was barely preserved, but..."

The doctor's tone was a bit reproachful, "When she went to the hospital for an examination, didn't the doctor tell her that she had severe palace cold, and that abortion would cause great harm to her body, and in severe cases, she would even be infertile? Now In addition, the operation in an irregular small hospital caused massive bleeding... I'm afraid it will be extremely difficult to conceive a child in the future... Hey..."

"My fault...it's all our fault...if we didn't deliberately prevent Tianxin from going to the hospital for surgery...she wouldn't be forced to go to that kind of small clinic..." Kang Shuhui looked at the girl on the cart, tears more than.

Mo Lingtian stood blankly a few steps away from the cart, looking at the bloodless girl on the cart.

Selena saw Mo Lingtian from the corner of her eye, and was about to rush forward, regardless of Mo Jianzhang and Kang Shuhui, but Daniel reached out to stop her, "Hey, go and accompany my cousin, leave this to me, okay?" ?"

Selena glanced at Ning Tianxin, after all, she had to take care of Ning Tianxin first.

Kang Shuhui and Mo Jianzhang didn't even look at Mo Lingtian, they all followed Ning Tianxin into the ward cautiously.

So, for a while, only Daniel and Mo Lingtian were left in the corridor.

Daniel walked up to Mo Lingtian, didn't say anything, just opened a video on his phone, and handed it to Mo Lingtian.

Mo Lingtian looked at the phone in Daniel's hand, and took it mechanically.

Daniel patted him on the shoulder before entering the ward.

Mo Lingtian seemed to have lost his soul, with the mobile phone in his hand, he walked blankly to the bench beside him and sat down.

The video on Daniel's phone seemed to be a surveillance video.

The picture in the video looks like a dilapidated small clinic.

Mo Lingtian didn't know what he thought of, and his complexion suddenly changed. Sure enough, the next second, Ning Tianxin's figure appeared on the screen.

Mo Lingtian's back tensed subconsciously, staring at the thin figure...

In the picture, Ning Tianxin was in a trance, alone, asking the little nurse questions, and then, paying the fee, doing the examination, sitting on the bench and waiting.

From the beginning to the end, the girl's expression was unusually calm.

Until... until in the operating room, the doctor told her that there was still ten minutes for the operation...

The girl clutched the B-ultrasound photo tightly in her hand, and instantly fell into a breakdown...

From his angle, he could only see the girl's drooping head and trembling and convulsive shoulders. She didn't even make a sound, but it made his whole heart feel as if it was tightly strangled by an iron palm, almost suffocating.

In the video, the voice of the girl choking up is heard intermittently...

"Baby... I'm sorry... I'm sorry..."

"I'm sorry... Mom can't leave you..."

"I'm sorry... Mom loves you..."

...

"Ning Tianxin, you can come in for surgery!" The doctor's urging voice came from the video.

The girl raised her head hastily, revealing a tear-stained, terrified little face.

In the next second, she quickly took out her mobile phone and typed on the mobile phone tremblingly, as if she was sending a text message to someone, with an expression on her face as if she was seeking the last sliver of redemption.

However, in the end, the girl somehow thought of something, and the last ray of light on her face went out. After writing and deleting the long text message, her fingers drooped down...

Mo Lingtian clicked on his mobile phone, looked at the last text message sent to him by the girl, looked at the two lonely, unfinished text messages of "Ling Tian", clenched his fists tightly, weeping uncontrollably...

Chapter 1387

In the corridor, people came and went, a man in pajamas and slippers sat on a cold bench, crying like a child.

After an unknown amount of time, the door of the ward opened, and a tall man came out from inside, stood still in front of Mo Lingtian, and said with a blank expression: "Have you finished reading?"

Mo Lingtian slowly raised his head, his eyes were full of bitterness, "Oh, Daniel, you are really ruthless..."

Daniel: "I'm just afraid that my wife will hurt your hand when she beats you up."

Selena had just come out of a period of pain. She was exhausted and hadn't fully recovered yet. How could he allow her to be a little bit worried and a little bit tired.

Mo Lingtian: "..."

Is there any brother like this?

It has to be said that sometimes men know how to make a man suffer better than women.

Even if he was beaten to death by Selena, it wouldn't be as good as seeing Tian Xin going to kill the child alone.

Thinking of the hopeless and empty eyes of the girl under surveillance before she finally entered the operating room...the deleted text message...his heart suddenly constricted to the point where he couldn't breathe...

Three days ago, when she told him that she would abort the child, her expression was so calm and relaxed, as if she didn't care at all.

And he actually believed it...

Even in the end, he still maliciously doubted and misunderstood her...

Mo Lingtian sat there with blank eyes, "Daniel...you said...the last moment...the text message Tianxin wanted to send...what she wanted to say to me..."

Daniel glanced at him indifferently, and then said calmly, "At the last moment, Ning Tianxin was not acting as a woman who loved you, but as a mother. Out of a mother's instinct, she probably wanted to love herself Bearing all the malice and suspicion, I also want to save her child."

As soon as Daniel finished speaking, Mo Lingtian, who had just calmed down, immediately blushed.

And Daniel continued to speak, "It's just that she knows that you don't want to, and you won't want to. So, in desperation, I went to the operating room, killed my own child, and fulfilled your love. Physical abortion will cause infertility, even if it ruins your own life, you must save your life."

"Stop talking!!!" Mo Lingtian tugged at his hair and howled in a broken voice.

When Selena walked out of the ward, she heard Daniel's words, and saw Mo Lingtian's shoulders trembling violently, holding his head and screaming in pain...

Seeing Selena walking out, Daniel immediately walked over to her side. There was no doubt about which side brother and wife were standing on, "Are you still angry?"

Seeing Mo Lingtian's pained expression, Selena pinched the center of her brows, "Forget it, I won't beat him up even if I'm angry. Now I'll just beat him up to relieve his guilt!"

Seeing that Daniel's cell phone kept ringing, Selena hurriedly said, "Daniel, sister Tianxin is out of danger. If you have something to do in the company, go and get busy!"

"Okay, call me if you need anything."

"Yeah." Selena nodded repeatedly, tiptoed and kissed the man's lips, "Daniel, thank you."

It happened so suddenly that she was already in a panic last night. Daniel solved everything by himself, and even Mo Lingtian helped her to torture her.

Daniel rubbed the girl's hair, "Don't be too tired."

Chapter 1388

After Daniel went to the company, Mo Jianzhang, Kang Shuhui, and Kang Wanru walked out of the doctor's office one after another.

The faces of the three of them were extremely solemn, and they didn't even glance at Mo Lingtian who was sitting on the bench opposite.

"Wanru, tell me the truth, how serious is the situation?" Kang Shuhui asked nervously, and Selena also looked over with frowning.

Kang Wanru sighed, "Dean Liang has already made it very clear just now, and I have nothing to add. In this case, there is basically no possibility of getting pregnant again, and it is a blessing to keep the uterus!"

Kang Shuhui kept shedding tears, her face full of self-blame, "You did something wrong... what can I do..."

Mo Jianzhang looked at Selena with a sullen face, "Miss Ning, I really thank you this time. If you hadn't rushed there in time... By the way, did Tianxin's family know about it? Do you want to inform? After all, she is so big things..."

Selena shook her head immediately, and said in a firm tone, "No, my grandfather is not in good health and can't stand stimulation. Sister Tianxin definitely doesn't want her mother to know that she is worried about her. As for my uncle...if he finds out about it... ...I don't know what will happen... At that time, I can only make it more difficult for Sister Tianxin, I think this is the last thing Sister Tianxin wants to see!"

Selena spoke with a slightly more serious tone, "Thank you three for your concern for Sister Tianxin. I will convey that you have visited her. As for Sister Tianxin, I will take care of her. The three of you can rest assured."

Selena's words were very tactful, but in fact they were equivalent to a disguised eviction order.

After all, anyone from the Mo family could irritate Ning Tianxin.

"If you need any help, please be sure to contact us." Mo Jianzhang naturally understood what Selena meant. He had no face to stay any longer. After he finished speaking, he looked at Mo Lingtian opposite him With a glance, "Why are you still sitting here? Isn't everything as you wished now?"

As if Mo Lingtian didn't hear his father's words, he remained motionless.

Kang Shuhui hesitated to speak, but finally said nothing, shook her head and left...

This matter cannot be completely blamed on Ling Tian, they are also at fault, their method was too aggressive and anxious before, and they didn't even listen to Tian Xin's explanation carefully.

It's just that it's useless to say anything now, and all they can do now is to try their best to make up for it.

Overnight, the daughter-in-law and grandson disappeared. With such a big blow, the two elders seemed to be ten years older in an instant.

At the entrance of the hospital, Kang Shuhui wiped her tears sadly, "Such a good girl, our Mo family is not blessed... without that blessing to have such a good daughter-in-law! I don't care what you and Ling Tian think. In my eyes, Tianxin is my own daughter!"

...

After everyone left, only Selena and Mo Lingtian were left at the door of the ward.

Mo Lingtian stood up stiffly, and walked towards the door of the ward.

Selena leaned on the door frame with her arms crossed, and when she saw this, she slowly stretched out one leg to support the opposite, blocking Mo Lingtian's way.

Mo Lingtian: "Let me meet her."

Selena: "From now on, if I let you get within three steps of her, I'll call you uncle!"

Mo Lingtian: "I just take a look."

Selena: "What can I do if I take a look at you?"

Mo Lingtian was silent: "..."

He doesn't know...he just wants to see her...crazy to see her...

Chapter 1389

In the dead silence, the phone rang. Mo Lingtian took out his phone reflexively. When he saw the name flashing on the phone screen, his face turned pale for a moment.

Caller ID: Ziyao.

The child he regarded as a scourge was gone, Ning Tianxin did not pester him, his parents no longer forced him to get married, and Ziyao even took the initiative to call...

After dawn, what awaited him was not endless darkness, but his life was completely back on track...

Why does he feel that everything is meaningless, the only thought in his mind is to see her...to see her...

Mo Lingtian hung up Guan Ziyao's phone, looked at Selena with a pale face, and repeated stubbornly: "I just take a look."

Selena looked at the man opposite, her eyes were as cold as ice, "Mo Lingtian, if you really feel even the slightest bit of guilt towards Sister Tianxin, please don't appear in front of her again from now on, this is your only things you can do for her."

Mo Lingtian's back was stiff, and he stood there for a long, long time...

After about ten minutes, the man finally walked very slowly, turned around, and left step by step...

Mo Lingtian finally left. Selena pinched the center of her brows, sighed, and took out her mobile phone to make a call.

The other end of the phone rang and was picked up, and then the girl's surprised voice came, "Hello? Karen!"

"Annie, are you free now? Can you do me a favor..."

Selena hadn't finished speaking, but the girl's aggrieved and crying voice came from the other end of the phone, "Karen, woo woo..."

Selena became anxious immediately, and hurriedly asked, "Annie, what's wrong?"

"Karen, I was grounded by the boss!"

Selena frowned, "Ground? What did you do? Why did he ground you?"

"I think the boss might be jealous of me..." Annie replied sobbing.

"Uh... what?" Selena was stunned for a moment, not understanding what Annie meant.

"Karen, from the day you asked me to meet, the boss sent someone to watch over me and forbade me to go out. Most importantly, he even snatched the biscuits you gave me! He took them all away! said Anne, and wept bitterly.

Dmn, that guy actually snatched the biscuits she gave Annie? Is there a mistake?

The corners of Selena's mouth twitched, her hair was full of black lines, and she hurriedly comforted the little girl on the other end of the phone, "Be

good, Annie, don't cry, it's just some handmade biscuits, I'll make them for you later! You want I'll do as much as you want! Don't be sad!"

"Hmm..." Annie choked, and then asked anxiously, "By the way, Karen, why did you ask me for help? Are you injured?"

Selena squeezed the space between her eyebrows, "It's not me, it's a friend of mine... Satan is at home or at work right now?"

"At this time, I should be at the company." Annie replied.

"Who is watching you in that family now? Is senior brother there?" Selena asked again.

"It's Sister Sixteen, I don't know if Eldest Brother is here..."

"Okay, I see, wait for me to come and find you."

"Yes." The little girl obediently agreed.

After hanging up on Annie's call, Selena dialed another number.

The other end of the phone rang about a dozen times before being picked up slowly by the owner of the phone, and then came the lazy voice of a man who seemed to have not woken up, "Hello?"

"Hey, Second Senior Brother! Accompany me to a haunted house!" Selena said quickly.

Chapter 1390

"What ghost house?" Karl was still awake for a moment.

Selena: "It's where Eldest Brother and the others live!"

Karl yawned, "What are you doing there? Aren't you afraid of ghosts?"

Selena: "Look for someone."

Karl was even more speechless: "Looking for someone? Who are you looking for?"

Selena: "Annie."

After a long silence on the phone, Karl said, "You asked me to accompany you to find a woman, does your family, Daniel, know?"

"I have business with Annie. She has been grounded by satan and can't come out now. You go there now, and we'll meet up there later." Selena spoke quickly.

"I'm not going! What if I meet that pervert Kevin?" Karl hummed, resolutely refusing.

"Nonsense, didn't I just ask you to deal with the big brother just in case?" She can take care of the others, okay?

"fcuk! What about human nature!"

Selena gritted her teeth viciously, "You still have the nerve to mention my humanity? Believe it or not, I will throw you a face with my debts! Do you figure out how much you owe me until you return to China? What do you do with that little salary? I didn't pay for you when you finished your time outside! You can't pay off the debt by selling yourself to me! And this is what you should do as a bodyguard, okay?"

Karl immediately retorted unconvinced, "Why isn't it enough, sir, my head was once hung on the list of original sins and a reward of 100 million US dollars is offered?"

Selena rubbed her forehead, "You're too embarrassed to show off..."

After finishing the phone call with Karl, Selena immediately rushed to Yunshen's residence on the outskirts of the city.

Now all the doctors say that Sister Tianxin will basically not be able to have children anymore in this situation. She wants to go to Annie to help Sister Tianxin take a look. Even if there is a glimmer of hope, she still has to try...

After dropping in on the way home and changing into men's clothes that are more mobile, Selena drove her little black and hurried to the gate of the gloomy old Republic of China house on the outskirts of the city.

Even though it was daytime, the house still had a ghostly look, and it deserved to be called the number one haunted house in the imperial capital.

However, because it was daytime, and the ghost movies she had watched on the hard drive seemed to have finally had some effect, this time Selena obviously calmed down a lot.

Karl looked up at the house in front of him, and clicked his tongue, "Tsk, tsk, tsk... Just looking at this room, you can tell that that guy basically bid farewell to his sister in this lifetime...Which girl would be willing to go home with him?"

"Stop talking nonsense, get to work quickly." Selena stared with bated breath, then quietly pushed open the courtyard door and slipped in.

It would be best to take Anne out without alarming others, and send her back half an hour later, without anyone noticing...

As Annie said, there seemed to be no one here today, not even seeing Shiliu. Selena avoided the alarm all the way, went upstairs through the window, and then walked into Annie's room.

"Annie..." Selena lowered her voice.

"Karen!" In the room, the little girl who was making medicine sullenly put down the things in her hands and ran over, "Karen, you are finally here, I miss you so much..."

"Hey...don't cry..."

Selena comforted the little girl softly, and said with an apologetic expression, "Sorry Annie, I have to trouble you again."

Annie immediately shook her head vigorously, "Karen, please don't say that, you saved my life! I'm afraid you don't need me!"
