

Cruel Heart Lover Novel

Chapter 1391

Karl leaned against the door, the corners of his mouth twitching, "It's almost done, those who don't know think you two are going to elope! Be quick! If Kevin is alarmed, I will be the one to be unlucky!"

Selena took Annie's hand and quickly followed Karl out.

The three of them walked to the gate smoothly, but just as they were about to go out, an accident happened.

I saw that Shiliu was running towards them with blood all over his body...

Selena, Karl, and Annie were all taken aback. Shiliu also showed surprise when he saw Selena and Karl sneak out with Annie, but she had no time to think, and looked at The danger looming behind him...

At this moment, a fierce and extremely terrifying palm wind suddenly hit Shiliu, and Shiliu's face was filled with despair on the verge of death.

In the next second, Selena pulled Shiliu behind her, then grabbed Karl beside her, and threw him to the front...

"Dmn it...Keren, I call you uncle!" He actually used him as a human shield!

Karl cursed angrily, and greeted him with a palm.

After seeing who it was, Karl was dumbfounded, his calf trembled, "Tang...Kevin..."

At this moment, Kevin's eyes were scarlet, and he didn't wear glasses on his face. It was obvious that he had completely lost his mind...

"Dmn! What's the matter with this guy?" Karl wailed and hurriedly dealt with Kevin's almost crazy attack.

Sixteen looked in shock at the man who held her waist and rescued her, with a dazed expression, and it took him a long time to realize, "Tang...Keren..."

After all, the last time she obeyed Feng Jin's order to tie Keren here, she dressed like a weak underage girl, and was so afraid of ghosts that she completely ruined the image of Keren she once admired in her heart.

So looking at Keren reappearing in the memory of the past at this moment, it is inevitable that he did not react for a while.

"What's going on? Why did senior brother kill you?" Selena asked with a frown.

Only then did Shiliu come back to his senses, "I don't know, brother Ye suddenly attacked me like crazy... as if he was stimulated by something..."

"Stimulated?" Selena's expression changed immediately.

Kevin did have similar situations in the past, but very rarely, what could be stimulated by him like this?

"Keren! Hurry up and help me! I'm going to be killed by you!" Not far away, Karl, who was being forced back step by step by the maddened Kevin, yelled brokenly.

Facing Kevin who had completely lost his mind, even Karl would be terrified. What's more, Karl didn't know what was going on. He clearly said he would work hard at the beginning, but he still looked like he was dawdling in the end.

Selena knew that Karl had something on her mind, but this guy always acted foolishly, changing the subject every time he asked, obviously didn't want to talk about it, and she couldn't help it.

"Annie, take care of Sixteen." Selena carefully placed Sixteen on the sofa, and then quickly joined the battle.

Sixteen had dealt with Keren last time, knowing that Keren's skills had regressed to a horrible level, he immediately looked over with some worry...

It turned out that because of Keren's joining, the situation of the battle suddenly changed.

After seeing each other in just a few months, Keren's skills have improved rapidly. Moreover, her tricks seem a little strange, unlike the previous way, she has never seen it before...

Even Karl was shocked, "Dmn it! Brat! Where did you go to steal the master? Why have I never seen these moves before, but with my master, you still steal the master?"

Chapter 1392

"It's because the master is unreliable like you that the young master wants to steal it!" Selena gave him an annoyed look.

Next, the three of them fought until the sky was dark. Although Selena had a few tricks that she stole from Han Xiao, she could only deal with it for a while, and soon the two of them could no longer deal with Kevin...

Kevin's eyes were completely red, he hit Selena on the shoulder, and then moved towards Karl's fatal point...

Until, not far away, a lazy voice came...

"Aye."

The moment the casual voice sounded, Kevin suddenly stopped all movements as if he had been tapped.

Karl, on the other hand, was sweating profusely, dodging Kevin's fatal blow as if he survived a catastrophe.

Selena also bent over panting, then subconsciously looked at the white-haired man not far away, Yun Shen...

It's over, this guy is back...

At this moment, the mad look in Kevin's eyes slowly faded away like a tide, and finally there was only a dark void and a trace of hidden desolation...

Seeing Kevin's expression, Selena was filled with lingering fear. What happened?

Eldest brother is really not right today.

After an unknown amount of time, Kevin's eyes finally regained their clarity, staring straight at Karl who was in a mess, "Come with me."

Karl wiped the blood from the corner of his mouth, "Nimma, can I not pass?"

Now in the past, isn't this sending you to death? He was really going to be killed by that brat Keren!

Kevin's voice was freezing cold: "If you don't come here, continue."

Continue to fight if you don't come? fcuk...

"Here we come..." Karl followed without saying a word.

Selena looked worriedly at the two people who were far away, "What's the matter, big brother...?"

The white-haired man on the opposite side chuckled, looked at her, and said quietly, "Honey, you should be worried about yourself, right? The one who stole me while I was away, huh?"

Selena's face darkened suddenly: "..."

What the hell is stealing?

Selena was still worried about the senior and second senior brothers, and didn't want to cause any trouble, so she took a deep breath and said, "I have an urgent matter with Annie, and it only takes half an hour. What will you do to let her go with me? Make a condition."

The man frowned slightly, "Please."

Selena: "Please."

The man suddenly showed a disappointed expression: "Tsk... boring..."

Selena: "..."

so, what on earth do you want?

Seeing Selena's faintly broken expression, the man said leisurely, "Pay the commission."

Seeing that there was something going on, Selena immediately asked, "Yes, how much?"

The man opened his mouth and replied: "Biscuits, 10,000. I want you to make them yourself."

Selena: "..."

Ten thousand biscuits...why don't they eat you to death?

On the side, Annie blamed herself for causing trouble to Karen. Sure enough, the boss was still angry because of the biscuits, so she should be careful not to let the boss see those biscuits. She knew that the boss's brain circuit was different from ordinary people. the same...

Annie was so anxious that she spoke weakly for Selena, "Brother Shen, 10,000 seems too much, and I have to do it myself..."

Yun Shen touched his chin when he heard the words, showing a thoughtful expression, then nodded and said: "It seems that there are a lot, so nine thousand nine hundred and ninety-nine."

Selena: "..."

Annie: "..."

sixteen:"..."

Chapter 1393

What is the difference between 9999 and 10,000?

Dmn, believe it or not, I abducted all the girls in your organization!

The veins on Selena's forehead were throbbing violently. After taking a deep breath, she said, "Nine thousand nine hundred and ninety-nine, right? All right! But change half an hour to a month!"

It doesn't matter, it's important to take Annie to see Sister Tianxin first, just in case to buy more time.

The man's white hair swayed in the wind, and he smiled lightly and said, "Deal."

As soon as the words fell, Selena grabbed Annie and ran away as if she was afraid that he would regret it.

"Karen, are you really going to do so much? If you do it all by hand, how can you finish it..." Annie looked worried.

"Do it, why don't you do it, I'll kill him!" Selena said, looking at the back of the house where Karl and Kevin left.

I don't know what the elder brother is looking for the second elder brother...

Forget it, Yun Shen is here, and the elder brother is already awake. That guy Karl is rough and thick, and he will definitely be fine!

"Get in the car, hurry up." Selena helped Annie put on her motorcycle helmet, and then quickly drove towards the hospital.

Charity Hospital.

Annie looked curiously at the girl who was as pale as paper on the hospital bed.

The girl's complexion was very bad, and she looked extremely weak, but she could still tell that she was a very beautiful woman without makeup.

Seeing Selena's extremely nervous appearance, and even going to the haunted house to look for her in person even when she was so afraid of ghosts, Annie asked with a slightly sad expression, "Karen... is this your... new friend?"

"She's my cousin, Ning Tianxin." Selena replied.

"Ah... so it's my cousin!" The little girl's expression suddenly became brighter, "What's wrong with her? It looks like she lost too much blood..."

"It's because of excessive blood loss, that's right. She just finished the abortion operation, because it was done in an irregular small hospital. During the operation, an accident occurred, which led to heavy bleeding. She was rescued just now, and the uterus was almost removed. Now all the doctors It is said that she may not be able to have any more children in the future." Selena's tone was extremely serious.

Annie nodded knowingly, "Well... let me take a look for her."

"Okay!" Selena immediately pulled a chair for Annie to sit down.

Annie sat down by the bed, gently picked up Ning Tianxin's wrist, and began to feel the pulse.

Selena stood beside her holding her breath, not daring to disturb her.

As time passed, Annie's face became more and more serious, and Selena's heart sank little by little.

Couldn't even Annie do it?

After about five minutes, Annie finally stopped feeling her pulse, and put Ning Tianxin's wrist back under the quilt.

"Annie, how is my cousin?" Selena asked immediately.

Annie sighed, "Did her body have a cold palace before?"

"yes!"

Annie pondered, "Although her previous physical condition was a little bit cold, it was not a big problem. She can take a good care of her. But now, the

combination of the two makes her already cold, and this abortion will affect her body. The injury is really too serious... Blood is the mother of Qi, and her yin and blood matter is consumed in a large amount, and Qi has no way to attach, which is equal to the deficiency of both Qi and blood..."

"Is there no way to cure it? Is it true that she can't get pregnant again?" Hearing Annie's seriousness, Selena asked anxiously.

Annie thought about her words and said, "The possibility of pregnancy is extremely small, but it's not impossible. The problem is, given her physical condition, even if she becomes pregnant, she will definitely not be able to keep it."

Chapter 1394

Having said this, Annie carefully took Ning Tianxin's pulse again, and then said, "However, Karen, don't worry, it's a good thing you told Brother Shen that I can come out for a month, and within this month I will help this sister take good care of her body, and then cooperate with my acupuncture to help her get rid of the lochia in her body.

As long as she does what I told her in the future, takes the medicine on time, and rests well, at most three to five years, at least one or two years, and recovers her womb and vitality, she may still have a smooth pregnancy..."

Hearing this, Selena, who had been tense all the time, finally breathed a sigh of relief, "That's great...it's good to have hope... Annie, thank you so much!"

"Karen, you don't need to thank me. Karen's older sister is my older sister! Ah, that's right..." Annie looked at the girl on the hospital bed, thought of something, and reminded...

"In this case, the patient's psychological condition is actually very important. I don't know what this sister has gone through. Karen, you must enlighten her

and make her feel happy. If necessary, you can also hire a professional psychiatrist!"

"Okay, I see, thank you for reminding me! I'll contact you later, I happen to have a doctor I know!" Speaking of this, Selena looked at Ning Tianxin on the hospital bed with a worried expression.

At this moment, the phone rang, it was Xiaotao's call.

It was only then that Selena remembered that the opening ceremony of "Nine Heavens" was held today, and hurriedly connected the phone, "Hello, Xiaotao?"

"Karen, are you up yet? The opening ceremony will be held in the film and television city in two hours, don't forget it!"

"Okay, I see." Selena hung up the phone.

"Karen, if you have a job, hurry up and do it. I'll take care of my sister!" Annie said on the side.

Selena hugged the little girl gratefully, "Thank you, Annie, if it weren't for you, I wouldn't know what to do, I'll go now, and I'll come back as soon as I'm done, remember to call me if you need anything. If you need it, just call this number and let him do it for you!"

Selena said, and gave her Xiong Zhi's phone number.

"Okay, Karen, go quickly!"

After leaving the ward, Selena immediately called Xiong Zhi.

"Miss Selena, what are your orders?"

"My cousin is in the hospital. Shi Xiao can follow me these few days. Please help me see the hospital. There is a girl named Annie in the ward. She is my friend. If she needs anything, you can buy it for her. , Just run errands...Of course, these are not the point, the point is, you remember clearly, don't let Mo Lingtian get close to this ward! Remember?"

The sentence "Don't let Mo Lingtian get close to this ward" Selena deliberately emphasized her tone.

"Remember Miss Selena! I will never let him get close!" Xiong Zhi directly assured without asking why.

"Okay, that's all for now. Thank you for your hard work."

Selena left after giving all instructions.

film and television city.

After Selena put on her makeup and changed her clothes, she arrived half an hour early.

The start-up ceremony is calculated in advance on auspicious days, and if the time is delayed, it will be considered unlucky.

On-site starring, directors, producers, producers and other main creative personnel arrived one after another. In addition, there were several important investors. Of course, the most popular ones were various media, which was extremely lively.

The table for worship has been prepared and is being covered with a red velvet cloth. Emperor Guan is enshrined on the table, and on both sides are incense burners, roast suckling pig and fresh fruits.

Chapter 1395

Selena was dizzy from being busy in the middle of the night. After dealing with the media, she planned to find a place to rest before the ceremony started.

As a result, as soon as I opened the door of the lounge, I saw...

Louis, Mo Chenxiu, Roman...

The three of them sat in a corner each, and the atmosphere was indescribably weird.

Forget about Louis and Mo Chenxiu, why is Roman also in the actor's lounge?

What the hell, she should rest in another place!

However, it was obviously not that easy. Just as Selena was about to get out of the way, Roman who was sitting on the sofa not far to the left stood up and walked towards her, "Selena..."

Selena?

Mo Chenxiu had been secretly observing Louis, but when he saw this, he immediately directed his gaze in Roman's direction.

Does this Roman know Selena? It's even called so intimately...

Helpless, Mo Chenxiu was still here, so Selena could only turn around and ask, "Is there something wrong with President Su?"

"Can we talk? I have something to tell you."

"Okay." Selena could only follow Roman to avoid Mo Chenxiu seeing the flaws and catching something.

...

Seeing the two of them leaving the lounge and walking towards the outside, Mo Chenxiu's expression suddenly changed.

This Roman didn't even look right at Selena!

Could it be that Selena's boyfriend is not Louis, but Roman?

Doesn't Roman have a girlfriend? And they are both getting married soon!

Dmn, this guy won't be messing with a married man...

Louis looked at Selena who left with Roman, and his expression was a little uneasy. What are these two going to talk about?

...

After a while, Selena and Roman walked to the small garden behind the hotel.

"Let's talk quickly if you have something to do, the opening ceremony is about to begin!" Selena glanced at her watch.

Roman looked at the girl in front of him with complicated eyes, and after a long time, he finally took out a bright red invitation card from his body and handed it to her, "I have an engagement date with Susie, on the 8th of next month. "

Selena took the invitation and glanced at it casually, "Congratulations!"

Seeing Selena's attitude, Roman felt even more uncomfortable for some reason.

If she was as cynical as before, it would prove that she cared, but now...

Seeing that Selena accepted the invitation, said congratulations and was about to leave, Roman clenched his fists, ran after him, and grabbed the girl's hand, "Selena! Don't you have anything to say to me? "

Before Selena could speak, a hand suddenly stretched out from behind and pulled Selena's hand away from Roman's.

Selena turned her head, raised her eyebrows and looked at Louis who came running suddenly, "Golden hair?"

Louis stared at her unhappily, "What is there to talk about with an ex? What if we get caught on camera!"

After finishing speaking, he gave Roman a cold look, "Master Su, he is about to get married, please pay attention to the influence, you are not afraid of gossip, my junior sister is afraid of gossip!"

Roman looked at the two people who left, and frowned.

Not only are the two close, Louis even knows about his relationship with Selena...

Could it be that the scandal is true... Selena is really dating Louis?

After taking Selena away, Louis immediately said unhappily, "What are you talking about with that sgumbag?"

Selena shrugged, "He's obviously here to squat on me today, so he just solved it once to save trouble!"

Louis looked at her with an expression of disbelief, "Really? You're still not in love with this first love, are you?"

Chapter 1396

After all, first love is the most unforgettable...

"Do you think I'm stupid?" Selena said angrily.

Louis's face became more serious, "Then are you planning to use those methods to deal with Roman? For example, hook up Roman and dump him?"

Selena raised her brows slightly, "I hooked up with Roman? If I really planned to hook up with him, do you think there's something about Susie?"

Louis: "..."

It seems irrefutable.

Selena stared at Louis suddenly, "Jin Mao, have you heard a word?"

Louis frowned, "What are you talking about?"

Selena glanced at him nonchalantly, "If nothing happened, it's the most ruthless revenge."

It would be too disgusting for her to hook up with Roman.

After Selena finished speaking, she continued, "By the way, there is one more thing. Generally speaking, if a person can't forget his ex, it must be because his current position is not good enough. So, now that I have an incumbent like my darling, you Do you think... I have no reason why I can't forget my ex?"

Louis: "..."

count me stupid...

Louis took a few deep breaths before recovering from the grief of being abused by a dog for the nth time. He muttered and looked at the girl with a

sweet face opposite him, "You and Daniel have quarreled and reconciled? Look at your smug face!"

Some time ago, it was like mania, he didn't dare to approach her within three steps.

Selena recalled yesterday evening... Chunfeng Town... the wheat field...

Completely ignoring Louis's question, with an extremely gentle expression on his face, he murmured and immersed himself in his own world, "Hey... I suddenly have the urge to propose to my sweetheart... I have to speed up the process of accumulating the dowry It's..."

Louis: "..."

when i didn't ask...

Soon it was time for the opening ceremony.

The main creators of the crew offered incense and worshiped gods one by one, and finally the director lifted the red cloth covering the camera and announced the start of the camera.

There was cheers and applause at the scene.

Meng Shiyi, who was beside Selena, had been looking around absent-mindedly since the opening ceremony, at this moment, she walked up to the director and asked, "Director Guo, Mr. Yun didn't come today?"

"Boss Yun has already notified him, but such a big shot would definitely not come to such a small opening ceremony like ours!" Guo Qisheng replied.

"Understood." Meng Shiyi showed a disappointed look, and asked again, "Then will he really come to play?"

"This... At that time, the other party just mentioned something on the phone. As for whether he will come at that time, I really don't know. After all, it is rumored that the boss's temperament is a bit unpredictable, and everything will not be known until then... .." Guo Qisheng's tone was also uncertain.

Meng Shiyi thought for a while and suggested, "By the way, Director Guo, isn't the role of Leng Aoxue's mysterious master still vacant? Why don't you let Mr. Yun come to play this role? This is a decent and positive role, and it is very popular in the original work." The reader's welcome must be more suitable than the father of the demon girl, isn't it?"

Hearing this, Guo Qisheng didn't know what Meng Shiyi meant. He coughed lightly, and said in embarrassment, "I'm afraid I can't decide this. The role of Yun Sitian was chosen by Boss Yun himself."

"He chose it himself? Why did he choose this role?"

"Maybe it's because this character is also surnamed Yun, and Boss Yun's eye-catching? You can't even tell what rich people think!"

...

Selena, who was on the side, listened to the conversation between Meng Shiyi and Guo Qisheng, pinched the center of her eyebrows, and let out a long sigh, expressing that she was very tired.

Chapter 1397

After the opening ceremony, Selena apologized and postponed the next party on the grounds that her family was sick, and then hurried back to the hospital to take care of Ning Tianxin.

As soon as Selena arrived at the entrance of the hospital, she saw a person running towards her.

"Keren, you ba5tard..."

"Ouch, Second Senior Brother, you're back!" Selena glanced at the man opposite through her sunglasses.

Karl's hair was disheveled, his clothes were dusty, and there were leaves rolled all over his body. He looked quite fierce at first glance... tsk tsk...

"Brat, I was going to help you, but you actually left me and left alone!"

"Don't people bother you to be in love with senior brother! I haven't asked you yet, what did you do to provoke senior brother like this?" Selena leaned forward and asked curiously.

Karl's face changed slightly, and he said angrily, "Go aside! Children don't care about adults' affairs!"

After speaking, he ran away without a trace.

Selena looked at the direction Karl was leaving with a hint of worry on her face.

It probably has something to do with the reason why Karl betrayed his teacher and left the organization. She originally wanted to ask Daniel about it, but Karl obviously didn't want anyone to know about it, so she couldn't ask rashly...

Walking to the door of the ward, I saw Xiong Zhizheng guarding the door dutifully, like a door god.

"Miss Xiaoxi!"

"Will someone come over while I'm away?" Selena asked.

"No."

Selena nodded, counting that guy as acquainted.

Selena opened the door and went in, and saw Annie talking to Ning Tianxin who was on the hospital bed.

"Sister Tianxin, are you awake?" Selena hurriedly walked over.

"Karen, you are back, sister Tianxin just woke up!" Annie said.

Ning Tianxin glanced at the drip on the back of her hand, looked around the white ward, her face was full of bewilderment, "Selena...how could I be here..."

"You had a problem with the operation in that small clinic. The bleeding couldn't be stopped. You were transferred here in the early morning."

Hearing this, Ning Tianxin touched her flat belly subconsciously, her eyes regained focus, and the memories of last night gradually emerged in her mind...

Selena looked at Ning Tianxin's subconscious movements and the empty expression on her face, and she felt a twinge in her heart, "Sister Tianxin, how are you feeling now? Is there anything uncomfortable?"

Ning Tianxin shook her head dully, and looked at Selena: "I'm sorry, Selena, for making you worry."

Selena sighed, "I was scared to death by you..."

"Does the family know?" Ning Tianxin asked immediately.

"Don't worry, I didn't tell my family, I'll help you hide it! But the Mo family already knew that Mo Lingtian's parents and aunt came to see you in the morning. I was afraid that you would be upset, so I already let them go. And Mo Lingtian...that guy said he wanted to see you...I drove him away..."

Your body needs to be observed for a few days before you can be discharged from the hospital. Then you can stay with me for a while. I am really worried about you being alone. And this is my friend Annie, who is very skilled in medicine. She will help you Take care of yourself, your body will definitely be able to recover! "

"Thank you, Selena..."

Selena noticed that Ning Tianxin's expression had been calm since she woke up. Hearing her words, she was neither sad nor happy, let alone any violent reaction, but this made Selena even more uneasy.

But she knew that no matter how worried she was about this kind of thing, there was nothing she could do. She could only rely on herself and time to make her come out...

Chapter 1398

In the past few days, everyone in the Lu Group has a serious expression on their faces.

Soon it will be the time for the Lu family's annual family meeting. At that time, the stewards of various Lu family clans from all over the country, including overseas, will gather in the imperial capital for a week-long gathering.

So make sure that there are absolutely no problems during this time.

The company's board meeting had just concluded, and other people left one after another. Only Daniel and Saul were left in the meeting room.

Saul leaned back on the chair weakly, with an expression that his body was about to be hollowed out, "It's going to be the scariest time of the year again!"

Every year at the family gathering, what those people are most passionate about besides their business is to find ways to get women for his brothers.

His brother was the most stuffed, of course, he was also quite a few.

He couldn't even stand the fact that he liked hot girls so much, let alone his unfeminine brother.

Although his brother has left the order this year, his relationship with Selena cannot be announced. Even if it is announced, if Selena's identity and family background are not enough to make those people give up, it will only make them crazier. people.

After all, this is the position of the mistress, and there are huge interests behind it. Who doesn't want to send their own people to the position.

At the same time, what happened to Selena back then was also a big hidden danger...

Daniel looked at the twilight outside the window, "How is Selena's investigation going?"

Saul scratched his hair, "It's really hard to find out the man's identity, in such a big hotel with so many rooms, it's too difficult to find out who the man was that night.

The most troublesome thing is that it happened to be Qinyuan. Brother, you know that Qinyuan is well-known in the emperor for its security protection. There is no surveillance equipment in the entire hotel, including within a radius of ten miles.

But, brother, don't worry, I will check everyone who stayed that night one by one, I don't believe I can't catch that beast! "

"I'll give you seven days off."

"No problem! I'll get it done as soon as possible!"

...

Taohuawu.

After Ning Tianxin was discharged from the hospital, she moved here temporarily. Besides Annie, Selena also invited Qin Mufeng over.

In the yard, the night breeze is cool.

Ning Tianxin was sitting on a cushioned wicker chair, holding a cup of Chinese herbal tea specially prepared by Annie for her, and the air was filled with a slightly bitter fragrance unique to Chinese medicine.

Glancing at the man beside her, the girl said calmly: "Doctor Qin, Selena is too nervous, I'm really fine, when I decided to have the operation, I had already prepared for the worst and made sure I can bear the worst outcome.

From the beginning to the present, I have never regretted everything I have done.

Sometimes it hurts more to live with uncertain hope than to have no hope at all, doesn't it? "

Qin Mufeng squeezed his brows in frustration, because he found that he was completely useless.

"I also know that guy Mo Lingtian, to be honest... I can't imagine that a girl like you would actually fall in love with him!"

One is a well-known playboy in the imperial capital, and the other is a girl as gentle and beautiful as a lily but as strong as a rose. Their personalities are completely opposite.

Ning Tianxin looked up at the moonlight above her head, "The heartbeat at that age is actually very simple. There is no need for a vigorous reason. It may be because you happened to wear a white shirt that I like that afternoon, or it may be because of a Eyes, a look back..."

Chapter 1399

"I remember the first time I saw him was on the bus. I was on my period and my stomach hurt so much that I couldn't stand. He was sitting next to me with dyed hair and strange clothes. His whole body was full of hostility, but he got up. Give me your seat..."

Qin Mufeng stared blankly at the girl's reminiscing expression, and couldn't help but think of that sentence: Love doesn't know where it started, but it goes deeper and deeper.

Dmn, Mo Lingtian is blind, right?

...

After Qin Mufeng chatted with Ning Tianxin, Selena dragged Qin Mufeng into the kitchen, "Qin Mufeng, tell me honestly, how is sister Tianxin doing?"

Qin Mufeng looked helpless, "My lady boss, I've said it many times, okay? Don't worry about you, Tianxin is the type who is soft on the outside and strong on the inside. Her calmness is not depressive calmness, she is really calm! I will definitely not become depressed and become ill, let alone seek death!"

Selena: "Are you sure?"

Qin Mufeng: "Believe in my profession?"

Selena said that she didn't quite believe it.

Qin Mufeng glanced at the girl in the yard. The girl's figure was extremely thin and slender, her complexion was pale and weak, there was no trace of sadness in her brows, but a calm and calm look. ...

Selena waved her hand in front of Qin Mufeng's eyes, "What are you looking at?"

Qin Mufeng coughed lightly and retracted his gaze, "According to my past experience, I originally thought that there must be a serious problem with her mental state, but after getting in touch with her these few days, she really surprised me. In short, Tianxin really It's okay, this time she can be regarded as... put to death and come back to life!"

Hearing what Qin Mufeng said, Selena felt a little relieved.

"So, my psychiatrist has also retired! The treatment is over!" Qin Mufeng said.

Selena was surprised, "Huh? So fast? It's only been a few days!"

Qin Mufeng blurted out, "Nonsense, if I continue to be her psychiatrist, how can I pick up my girl..."

Selena's eyes widened immediately, "What did you say?"

"Cough cough cough... I didn't say anything!" Qin Mufeng hurriedly changed his words.

Selena squinted her eyes and stared at him closely, "You said it, you said it, pick up girls!"

Qin Mufeng was so stared into a cold sweat that he had no choice but to surrender, "Okay, okay... that... Tianxin... she just happens to be exactly the type I like! I want to chase her!"

His line of work cannot have a relationship with patients that transcends doctor and patient.

"Dmn it, you beast! You just experienced such a big blow!" Selena immediately had a murderous look on her face.

Qin Mufeng hurriedly waved his hands to explain, "Please, it's because of this that I urgently need another relationship to get rid of the pain of the previous one!"

Selena stared at him vigilantly, "Sister Tianxin's situation...you don't care?"

Qin Mufeng said in a natural tone, "What's the point? It's not her fault that she loves the wrong person. As for children, I don't care if I want children or not! There are seven brothers and sisters in my family, and I don't need to carry on the family line." ! My parents are both abroad, and my mind is relatively open, so I don't really care about these things!"

Selena frowned, "Are you serious?"

Qin Mufeng sighed and said, "Brother, Tianxin is your cousin, dare I say it's not serious? If I'm just playing around, I won't be afraid that you will break my third leg!"

Selena snorted, "As long as you know!"

"Cough, but don't tell her that I like Tianxin, it will scare her, and although her current mental state is fairly stable, she has serious sequelae!"

Chapter 1400

"What sequelae?" Selena asked nervously.

"It's hard to accept someone again. Didn't you find that she doesn't care about whether she can have another child? She is planning to die alone. If I let

her know my thoughts at this time, then I don't have any There is a chance of winning." Qin Mufeng analyzed.

"Actually, I'm also worried about this." Selena sighed.

"Now you don't have to worry, if it's someone else, of course there's no chance of winning, but I'm a professional!" Qin Mufeng looked confident.

Selena raised her eyebrows and looked over, "Qin Mufeng, I suddenly discovered that your psychology major is quite useful when picking up girls!"

"Of course, let me tell you, there is no girl I can't get, unless it's something I don't want to get."

Selena straightened her face, "Dmn, how many girls have you had?"

"Ahem, that's what I said, so far, Tianxin is the only girl who makes my heart flutter, okay?"

Seeing Selena staring at him with the expression of looking at the big bad wolf, Qin Mufeng sweated, "Don't be so nervous, I didn't say I would abduct your cousin right away, but I have a good impression of you, even if In the end, if you can't be a lover, at worst, you can be a friend! I will never force her!"

Hearing what Qin Mufeng said, Selena relaxed her vigilance a little.

We've only known each other for three days, and if he really said that it's her, she wouldn't believe it!

...

At this moment, not far from the Taohuawu courtyard, a black car was quietly parked.

Leaning against the car door was a man, still wearing the pajamas he had rushed to the hospital that day, with an unshaven beard, a cigarette in his mouth, and his eyes staring at the distant courtyard without blinking.

The phone on the driver's seat kept blinking, Mo Lingtian looked at the name on the caller ID from the corner of his eye, and finally answered the call, "Hello?"

"Ling Tian, what happened, why didn't you answer the phone?" The girl's worried voice came from the other end of the phone.

"It's all right...you're looking for me...what's the matter?"

"I'm sorry Ling Tian, my words were too harsh that night."

"fine."

"Ling Tian, your voice doesn't seem right, are you sick?"

"No."

"Are you still upset about that woman? In fact, that kind of person is only out of money. If he refuses to compromise, it's because he wants more..."

Mo Lingtian was absent-mindedly listening to Guan Ziyao's words on the other end of the phone. Halfway through, he didn't know what he saw, so he hung up the phone in a hurry, and then stared nervously at the direction of the courtyard.

Under the door light at the door, a familiar figure came out of the house and walked closer and closer towards him.

Mo Lingtian hurriedly pinched the cigarette in his hand, then dodged sideways under the shadow of the tree to cover his tracks.

The thin and slender figure walked to a trash can seven or eight steps away from him step by step, and threw a black trash bag into it.

The light at night was dim, and it was faintly visible that the girl's already thin body was even thinner, and her face was also very pale and weak, as if a gust of wind could blow her away...

"Sister Tianxin, why did you run out! Just leave the trash to me and throw it away!" Selena chased after her, carefully supporting Ning Tianxin.

"It's not that weak, it's just a few steps away." Ning Tianxin's tone was a little helpless.

"That's not okay, Annie said you have to lie down for a few days!"

...

It wasn't until the girl entered the room that Mo Ling came out from behind the shadow of the tree after a long time.

He has quietly guarded nearby for three days and three nights.

Finally...seeing her...

But when he actually saw her, his first reaction was to avoid her...

Heh, what Selena said is right, so what if I see you?

He knew that he had no face to see her, but...he couldn't control himself...

No matter where he stayed these days, he was full of restlessness. He was obviously exhausted to the extreme but he couldn't fall asleep for a minute. It would be better if he stayed closer to her...
