

# Cruel Heart Lover Novel

## Chapter 1421

The rest area and dressing room for the lead actors and supporting actors were not together. After Selena and Daniel got to the set, they went to make up separately.

As soon as he entered the lounge, he didn't see the makeup artist and assistants, but he saw Louis sitting in front of the dressing table with his legs crossed and humming.

As soon as he saw Selena, that guy immediately took off his earphones and flew over, "Selena, how is it? Did my uncle come over today?"

Louis looked outside while talking, with an expression of fearing that the world would not be chaotic, "Ah ha ha ha... This is really a melee... Will there be a fight later..."

Selena sat down on the chair with a bang, pinched the brows covered with clouds, "I don't want to see a creature like my ex-boyfriend now, not even a single hair. If you continue to hang around in front of my eyes, later if I What did you do to..."

Before Selena finished speaking, Louis immediately ran away without a trace with a "whoosh", which can be said to be very sensible.

Just kidding, he has seen the violence many times when Selena is in a bad mood...

After a while, makeup and Xiaotao came over with clothes and wigs in their arms. Selena cheered up and started to change clothes and put on makeup.

...

After finishing the styling, after going out, Selena immediately searched for traces of her family's sweetheart and observed the enemy's situation.

I saw Daniel changed into black clothes from head to toe, and was sitting in an inconspicuous corner with a script in his hand. If she hadn't deliberately searched for it, the man's presence would be almost zero, and he wouldn't attract anyone's attention. idea.

On the other hand...

Yun Shen was sitting on a large and luxurious leather recliner, with a huge parasol on his head, surrounded by stars, and almost everyone was talking around him.

After being warned by her, Louis was obediently sitting on his rest seat, pretending to read the script.

Mo Chenxiu's part in today's scene is at the back, and he hasn't arrived yet.

Selena also tried her best to reduce her sense of existence, trying to get through the day safely, but... this is obviously impossible...

Just as she was about to walk towards her chair, she heard someone calling her lazily from the opposite side – "Huang'er..."

Selena wanted to pretend she didn't hear it, but the guy who deserved a beating called again.

"Huang'er, come here..."

Helplessly, Yun Shen is the biggest investor in their drama, and the director has already said hello, telling them all to take it easy and follow along, and she must bear it on the surface.

Selena had no choice but to bite the bullet and walked over, "Mr. Yun, do you have anything to do with me?"

The man tilted his head, looked at the girl's miserable appearance with a half-smile, gestured with his eyes to sit down beside her, and said leisurely, "Xiao Huang'er, let's play against each other, so that you won't have to play again later." ng, as a father, you have to feel distressed."

Selena: You're addicted to acting, aren't you?

However, at this moment, the man has changed into a costume and put on makeup. He is completely the image of Yun Sitian in the play. He said such words with such an image, which made those female artists and staff next to him There were bursts of excited exclamations.

"Aww...I'm so envious! I really miss a father like Mr. Yun!"

"If I want such a handsome father, I won't get married!"

"Mr. Yun is simply the father of the nation!"

...

Selena next to her was covered in black lines, what the hell is the national father!

## Chapter 1422

During the whole day of the scene, Selena had to be wary of one thing and another. She was exhausted physically and mentally. She made frequent mistakes during the filming. She accidentally caught Louis's hand during the fight scene.

Louis rubbed his paws carefully, his face full of grievances, "I'm so obedient, why would you want to slap me! How did I recruit you..."

Selena looked at his pair of hands that were about to break off speechlessly, "Why howl, it's just a mistake, a red mark is worth howling like this, isn't it a man, you! I'll take it back for you!"

After speaking, he stretched out his hand.

result...

"You're hurting me! You're trying to hurt me again! My uncle is here, I dare to slap you, don't I want to kill you!" Louis ran away angrily with the expression that his master had already seen through your tricks.

Selena helped her forehead helplessly, it was getting more and more chaotic...

Not far away, Meng Shiyi didn't know how many times she was stopped by Yun Shen's two bodyguards, no matter whether it was soft or hard, it didn't have the slightest effect.

Don't look at Yun Shen saying "Huang'er" and "Little Huang'er" when he was talking to Selena, and going to play with her every now and then, but the rest of the crew, including the director, didn't dare to get too close to him, nor could he. He didn't want to get too close to him, because as long as he was within three steps, the eyes of the two bodyguards were as terrifying as if they were about to kill someone.

The strange thing is... for some reason...

It seems that only Selena is an exception...

Guo Qisheng deliberately observed several times, and found that the two bodyguards were extremely defensive towards anyone, but when Selena approached, they were obviously relaxed.

"What's the matter, little Huang'er, are you in a bad mood?" Yun Shen leisurely paced up to Selena, holding a box of delicate and beautiful ice cream in his

slender, fair hands, "I heard that sweets can make people feel better." it is good."

Selena rubbed the goosebumps on her body, looked at this guy strangely, and lowered her voice, "What the hell are you getting on?"

This guy has been very wrong all day today, and his gentleness makes her horrified...

The man chuckled, as if he didn't hear what she said, and his tone was more gentle, "Do you want me to feed you?"

Selena subconsciously glanced in Daniel's direction, gritted her teeth and smiled impeccably, "Thank you Mr. Yun for your kindness, but I'm really sorry, I'm trying to lose weight."

"Isn't it better to be fatter?" The man looked at her with a little smile in his eyes, "If you are fatter, the things I like about you... will be more round..."

Selena: "!!!!!!!"

I'll fcuk it!

Such flirtatious words with an online IQ came out of this guy's mouth! ?

What is this guy stimulated by? ? ?

...

Although the people around were far away and didn't know the content of the conversation between the two of them, seeing Yun Shen's extra caring and close attitude towards Selena, they all had expressions of envy on their faces.

Although it's because these two played the most roles in the play, and they played the role of father and daughter, Mr. Yun's attitude towards Selena is

still a bit too good. Meng Shiyi has racked her brains these days to get close, but it didn't work out. , it seems that the rumor that this boss is a fan of Selena turned out to be true.

This luck is also very good, with such an awesome fan, it's no wonder that a person like Mr. Yun would take the time to play tricks! Spend an investment of 300 million yuan to buy a dragon suit...

## Chapter 1423

"Sister Shiyi...you...are you alright?" Meng Shiyi's little assistant asked timidly.

Because Meng Shiyi's expression was really terrifying.

"Dmn b!tch, you dare to snatch my man! Do you really think that with the support of the Lu Group, I won't dare to touch her?" Meng Shiyi's face was full of frightening anger.

The little assistant echoed back and forth, "Yes, yes, there is no one in the entertainment industry who you need to give face to, Sister Poetry! This woman is shameless, you really should give her a little bit! If Director Meng finds out, there must be her." nice!"

Meng Shiyi snorted coldly, "To deal with someone like her, do I still need to rely on Daddy?"

Without further ado, the little assistant agreed, "Of course not! Sister Shiyi, you can instantly kill her with your acting skills!"

"Next time, Selena, Shiyi, you two, get ready!" Guo Qisheng shouted from the side.

Soon, the filming began.

Two figures, one red and one white, stood facing each other.

The simultaneous appearance of two beauties of completely different types in the picture is undoubtedly pleasing to the eye.

Meng Shiyi looked at Selena who was opposite, a strange light flashed in her eyes.

She had been observing for several days, and thought that Guo Qisheng and Shen Mian would praise her acting skills so much, and Selena had a few talents, but she didn't expect it to be mediocre, it was just that the ordinary vases were a little better.

Today she is going to make her look ugly in front of everyone.

With Selena's small skills, if she deliberately suppressed her acting, it would be easy for her.

Meng Shiyi was full of confidence. The actual situation was easier than she imagined. She just improved her acting skills a little. Selena actually ng three times in a row, and in the end it took a total of twelve times to complete the scene. Finished.

Although Selena's condition was not good during this period, she never had more than five ngs, and this was the first time she had so many ngs in a row...

Meng Shiyi thought she suppressed Selena's scene, but in fact, Selena was just frightened by a certain evildoer's really weird behavior just now.

In the corner, Daniel watched Selena's abnormal performance which he had never seen before, and his deep eyes became darker and darker.

In contrast, a certain instigator sat there in a rather good mood, admiring Selena's twelve ngs.

All day today, her eyes were on that "Ke Mingyu", and she was finally distracted at this moment...

“Director Guo, our Poetic Sister’s time is very precious, and she has always only acted as the heroine. This time, you can’t even tolerate having two heroines. You should find a decent one anyway. It’s really bringing down our Poetic.” Grade!” Seeing Meng Shiyi’s triumphant return, the little assistant immediately took the opportunity to apply eye drops to Selena in order to please Meng Shiyi.

Guo Qisheng was actually having a headache too. It wasn’t just Selena these days, the others were all not in good shape. Although there were no major flaws in the performance, the quality was far from what he expected. Even In the “One Pass” in the previous play, Selena made it like this, which really made him burnt out.

“Ahem, poetic, after all, Selena is still a newcomer, her acting skills are not stable, and you are still tired, so please bear with me!” Now Guo Qisheng didn’t dare to praise Selena so much anymore, so he could only smooth things over like this.

Meng Shiyi sneered again and again, “Don’t be so loud when you know you’re a newcomer! Who are you bragging about?”

“That’s right! Our poetic golden brown and golden luan double actress didn’t say anything, she is too embarrassing for a broken vase!”

## Chapter 1424

In fact, Selena never said how good her acting skills were. Her acting skills were passed on word of mouth by the crew members she had worked with. When they said this, it seemed that she was bragging about herself all the time, which attracted the attention of other crew members. The people followed and pointed at Selena, their words were very unpleasant.

“I heard friends praise Selena’s acting skills, and I thought she was a real talent! I didn’t expect her to rely on her appearance... So disappointed...”

“Actually, Selena’s acting skills are really good compared to those vases. It’s only because she met a real talent this time!”

“Sure enough, people are all compared. When you compare with Meng Shiyi, you will immediately be able to tell who is superior!”

...

Listening to those words around her, Xiao Tao almost died of anger.

what! Her Karen’s acting skills are already very good, okay?

Instantly killed Meng Shiyi by several blocks!

Selena, the client, didn’t care much at all, she was all vigilant about what the evildoer would do next, and she really didn’t have the extra thought to talk to Meng Shiyi, and this time it was true that she was in a bad state, so there was nothing to say... ..

“Karen, what’s the matter with you recently? Are you feeling unwell? Otherwise, I’ll tell Sister Zhizhi to ask for a few days off for you and the crew!” Xiaotao looked worried.

“No need.” Selena waved her hands weakly.

Why do you ask for leave? It’s just the difference between early death and late death...

After a brief turmoil, the filming finally resumed.

Selena flipped through the script and pulled herself together a little.

It’s finally time for her sweetheart’s play.

Although most of Daniel's scenes were with her, but today's scene was a bit special, it was with Meng Shiyi.

From the corner of her eye, Selena met Shang Meng Shiyi's eyes that happened to be looking over, and couldn't help frowning slightly, feeling a little uneasy in her heart.

Why did she feel that the way Meng Shiyi looked at her just now was not quite right?

Selena shook her head, feeling that she was too neurotic, Ke Mingyu had nothing to do with Meng Shiyi!

Meng Shiyi withdrew her gaze, and cast a disdainful glance at Ke Mingyu who was opposite her.

This is the man Selena likes?

Heh, she wants to see what is different about this man!

"3, 2, 1...start!"

The plot of this scene is that Leng Aoxue was accidentally seriously injured when he went down the mountain to practice, and Yunhuang happened to see it.

Yunhuang acts ruthlessly and inhumanly, but the male protagonist Ling Xiao is her only weakness. She knows that Leng Aoxue is Ling Xiao's sweetheart who loves to death, and finally secretly sends her shadow guard Liu Yan to rescue her.

Among the jungle.

Leng Aoxue was dressed in white clothes and was soaked in blood. Her shoulders and abdomen were horribly wounded by wild beasts. She was lying

in a pool of blood and was dying. The beauty was extremely beautiful even when she was on the verge of death. The photographer hastily zoomed in several times. .

At this time, a group of black-clothed and masked men quietly appeared in front of Leng Aoxue like a ghost, checked Leng Aoxue's injuries, and then helped her up.

Leng Aoxue looked at the person in front of her in confusion, "You... who are you..."

There was nothing wrong with the plot going so far, but Selena's eyes suddenly flashed a gleam, and those eyes shot straight at Meng Shiyi like sharp knives.

At this moment, the clothes of Leng Aoxue played by Meng Shiyi are a little messy because of being torn apart by wild beasts, revealing beautiful curves and deep ravines faintly, so holy, yet inviting to commit crimes...

If Selena read it correctly, when Meng Shiyi was playing with Ke Mingyu, she seemed to be rubbing her chest on Ke Mingyu's arm vaguely...

After a "click" sound that sent chills down the spine.

Louis watched helplessly as Selena crushed the teacup in her hand...broken...broken...

Well, it seems... someone is going to be unlucky...

## Chapter 1425

The moment the teacup shattered, the tea flowed down Selena's fair fingers.

Louis looked at Selena's face and then at the teacup in her hand, his Adam's apple rolled up and down, and he gulped.

Oh my god... Selena at this moment is simply frightening to death...

What's the situation with this Meng Shiyi? What does a dignified actress secretly collude with Ke Mingyu, a little-known male artist?

Meng Shiyi is obviously an old hand, she is very sensitive to the camera and the position of the camera, and no one will notice her secret little move...

But... only Selena and him can see clearly from this angle...

Meng Shiyi's slight nudging, even in the eyes of others, may have been unintentional, but how could it be possible to hide it from a veteran in love like Louis, and of course it is even more impossible to hide it from Selena.

"Wh... what's going on, Selena? Isn't Meng Shiyi always flattering Yun Shen? Why did she suddenly go to provoke Ke Mingyu?" Louis hurriedly looked at Selena's hand as he spoke, and then let go when he saw that she was not injured. tone.

Speaking of this, Louis seemed to suddenly think of something, widened his eyes and said, "I'm going, Meng Shiyi must have discovered that you have an unusual relationship with Ke Mingyu, right? Seeing that Yun Shen has a special attitude towards you, so he deliberately Hook up with your man to get revenge on you?"

He really admired Meng Shiyi's courage!

Louis was analyzing excitedly all the time, while Selena disposed of the fragments without saying a word, and slowly wiped off the tea on her hands with a paper towel, without any expression on her face.

However, in Louis's eyes, this kind of Selena was incomparably penetrating, and behind her was a cold heart...

"Crack! Very good! It's over..." Guo Qisheng shouted.

At the end, Meng Shiyi cast an ambiguous look at Ke Mingyu, as long as he was a normal man, he could understand that this was a hint from a woman to a man.

After doing this, Meng Shiyi finally calmed down a bit, walked to the recliner and sat down refreshed.

Heh, with her status in the entertainment industry, she dumped Selena by a few blocks. This kind of man who relies on women for his position naturally knows how to choose.

"What's the next play?" Meng Shiyi asked casually.

"It's a scene with Selena." The little assistant said gloatingly.

Meng Shiyi also smiled, as she could teach that vixen one more lesson, she certainly didn't think too much of it.

Today she insisted on letting her cry out of the crew!

"Alright, let's start the next scene! Selena, Shiyi, you two get ready!" the director's voice came.

Before starting, Guo Qisheng specially told Selena about the scene for a long time to help her calm down.

Selena looked at Guo Qisheng apologetically, "Director Guo, I'm sorry, for some personal reasons, I caused you trouble during this time."

"Hey, it's okay, it's normal to be in a bad state occasionally, don't feel pressured because of this, take your time." Guo Qisheng comforted.

Selena nodded: "Director Guo, don't worry, I will definitely make this drama more popular than you imagined!"

After Selena finished speaking, she turned and left, heading straight for the shooting location.

Guo Qisheng stared blankly at the back of the girl leaving, always feeling that there was something different about Selena's appearance just now.

What she said just now is not that our drama will definitely be popular, but that I will definitely make it popular.

Oh, this little girl!

Guo Qisheng didn't know why he said such arrogant words... He really believed it...

## Chapter 1426

Seeing that the next filming was about to start, Louis hurriedly made himself a pot of tea, took out a pack of melon seeds, and entered the movie-watching mode.

I like watching Selena turn on the massacre mode on people other than him the most!

"Hey, do you want melon seeds?" Louis was in a good mood, so he warmly greeted Mo Chenxiu who was opposite him.

Mo Chenxiu looked at Louis quietly, because the observations these days had made no progress, he finally couldn't help asking, "Are you dating Tang...Selena?"

"Cough cough cough..." Hearing this, Louis almost choked to death with a sip of tea, "How is that possible!!!"

"It's not you... Then who is it..." Mo Chenxiu had an expression of being out of control, Mo Chenxiu was also the first to say that he was in a bad state.

Louis crossed his legs, nibbled at the melon seeds, squinted at the other party and said, "Don't think about it, that guy really already has an owner, and the other party is definitely not someone with your skills!"

"You like her." Mo Chenxiu said in an affirmative tone.

Louis was choked again, blushing and gave him a pale look, "None of your business!"

Mo Chenxiu couldn't help but fell into deep thought.

The man who can make Louis fearful and dare not attack Selena... who the hell is it...

Louis seemed to see what Mo Chenxiu was thinking, pouted with a black face, how could he not be afraid, the other party's seniority alone was enough to crush him to death!

...

"Everyone take their places, get ready...start..." Guo Qisheng shouted to begin.

Meng Shiyi's assistant yawned out of boredom, and stood there with her arms crossed, looking at the time on her phone with a look of impatience on her face, "Sister Shiyi pushed so many movie invitations from famous directors for this movie, Hollywood I pushed all the roles, I didn't expect to be fooled into this kind of broken team..."

In fact, today's TV drama market is very hot. No matter how high-quality Meng Shiyi's movies are, without a mass base, it will be very difficult to make money. If she wants to follow the high-quality route and doesn't care about money, that's fine. Now that she has pushed With so many movies taking over TV dramas, it's obvious that they still want to make money.

“Jiuxiao” is a super ip fantasy drama with the largest investment in China. The director, producer and actors are already top-notch configurations. There are many movie stars and queens who want to join. Just two domestic trophies.

The heroine Meng Shiyi was acquired by their company through a lot of contacts, but now she has such a disdainful tone and puts on a show to such an extent, no matter how good-tempered Guo Qisheng is, his expression at this moment can't help but be a little ugly.

But Guo Qisheng couldn't argue with a small assistant, so he suppressed his anger and focused his attention on the direction where Selena and Meng Shiyi were filming.

It was dusk, and the light in the dense forest was a little dim.

Two figures, one red and one white, were dropped into the air by Wia. White chased the red in front, and the two figures moved quickly.

“Swipe...” Yunhuang's skirt fluttered in the air like a flame, her arms spread out like an eagle, her toes touched the ground, and she stopped suddenly in front of her.

Leng Aoxue, who was chasing after her closely, also fell to the ground immediately, and pointed a sharp silver arrow at the woman in front of her sharply, “Demon girl! Stop! Today I will do justice for the heavens!”

Meng Shiyi's eyes are full of fierce anger and just right compassion, which vividly shows Leng Aoxue, who is extremely indifferent but also extremely compassionate.

## Chapter 1427

The plot of this scene is that Yunhuang's close figure Wei Liuyan is injured by Zhengzheng, Yunhuang kills for this, decent blood flows into rivers, and Leng Aoxue wants to do justice for the sky.

Throughout this scene, Leng Aoxue took the front and dominant position, which is especially suitable for suppressing the scene. As long as she makes use of it a little bit, Selena will definitely be even more embarrassed this time...

Under Meng Shiyi's ambiguous eyes, the woman dressed in red opposite seemed to have not noticed Leng Aoxue's overwhelming anger and murderous intent at all, she stood there leisurely, her voice was drawn out, like a smile Fei smiled and said, "I don't know what kind of way Fairy Aoxue is doing...?"

Leng Aoxue's beautiful eyes were frosty and her gaze became even sharper, "Demon girl! How dare you argue! You killed a hundred and seven people from the Seven Star Gate in one night, such a murderous madness, the crime is hard to erase! Heaven will not allow it!"

"Heh..." Yunhuang lowered her eyes and let out a low laugh from her chest. After a while, her crow-feather-like eyelashes slightly parted, and she looked at Leng Aoxue with her dark eyes, her finger slightly brushed the blood on her cheek, The hair was blown by the strong wind, and the whole figure was like a ghost, "I said earlier... If anyone dares to touch a hair of him... I will put a head on him... If anyone dares to hurt him... I will slaughter him all over the house..."

Seeing this, Guo Qisheng's eyes lit up, and his heart was shaking with excitement!

This girl really came back!

This act was simply fantastic!

Guo Qisheng had completely forgotten the unhappiness just now, and looked at Meng Shiyi excitedly.

"Demon..."

No way, at such an exciting moment, Meng Shiyi actually...forgot the words?

"The witch..." Meng Shiyi tried to speak again, but she still couldn't speak, and she didn't say a single word of the generous speech that followed.

She had already prepared her emotions, and was going to crush Selena this time, but she didn't expect that when she met Selena's eyes, her brain suddenly lost control, and the lines she was about to blurt out suddenly stuck in her throat. Mouth, only uttered a word and then could no longer make a sound.

"Ka...do it again!" Guo Qisheng sighed.

Before Meng Shiyi realized what happened, Guo Qisheng's yelling sounded in his ears.

Dmn, what's going on...

Was she in a daze just now?

For this mistake, Meng Shiyi only thought that she was lost for a while, and the assistants and other staff on the side didn't pay much attention.

Soon, the second filming continued.

Meng Shiyi took a deep breath. This time, she was in a more severe state than last time, and she walked towards Selena with a huge sense of oppression all over her body, "Demon girl! How dare you argue..."

A young actor with little foundation would definitely perform abnormally under such pressure from her, and would not even be able to speak his lines.

However...

"I said earlier that if anyone dares to touch a single hair of him, I will have his head on... If anyone dares to hurt him... I will slaughter him all over the house..." Facing Meng Shiyi, she tried nearly ten times of success. When Li's

acting skills deliberately put pressure on her, Selena's attitude became more and more calm, as if the outrageous words she said were the truth and the way of heaven.

At this moment, the woman in red in front of her was calm but extremely arrogant, trampling the law of heaven under her feet.

This is Yunhuang!

## Chapter 1428

Unexpectedly, this time Selena's interpretation of the character went to the next level, Guo Qisheng was so excited that it was hard to restrain.

"The witch...you..."

However, Meng Shiyi sadly died again.

It was obvious that Selena seemed to have no strength at all from her demeanor to her lines, but for some reason, Meng Shiyi felt as if an insurmountable mountain was pressing in front of her, making her unable to move.

Dmn it! What the hell happened to her! Why can't I speak my lines?

If the first time was accidental, then this time... it made her feel that things were not that simple...

Meng Shiyi's face was livid, and she frowned and looked at Selena, who took the water from the little assistant and swung at her from afar, showing a smile that sent chills down her spine...

"Sister Shiyi, what's wrong with you? Are you too tired? It's all because of that broken vase, it's been nagging just now! You wasted so much energy!" The little assistant hurriedly surrounded Meng Shiyi to smooth things over.

Hearing the little assistant's rescue, Meng Shiyi's expression eased a little...

Not far away, Louis cracked the melon seeds like a squirrel, looked in Meng Shiyi's direction, and a sneer flashed across his eyes, "Oh... can't take it anymore? It's just the beginning That's all..."

...

Soon the third shoot will begin.

Meng Shiyi read the script she had memorized long ago, making sure that there would be no mistakes this time, and then started again.

Because of the preparations this time, Meng Shiyi did not dare to be careless at all. For the first time since joining the group, she showed her full strength, and was even forced to perform beyond her normal limits.

The moment the last line fell, the surrounding staff and artists were so infected by the aura of Ling Ran that they dared not make a sound. The cameraman nervously and excitedly took a close-up of Meng Shiyi.

The wind is getting stronger...

Yunhuang's whole body is like a phoenix burning in a raging fire, her long and narrow eyes are full of contempt and ridicule towards the benevolent and moral people, she tramples on all the rules in the world, and looks at all living beings like looking at ants, and sweeps towards Meng Shiyi In the past, after that, I continued to read that rebellious line...

This time, Meng Shiyi stood there blankly, unable to even pronounce the word "demon".

And all the onlookers, whether they were staff or entertainers, were taken away by Selena's extremely enchanting appearance.

It was clearly such rebellious words, but it made everyone's minds agitated and fell into obsession with the arrogance of the person in front of them...

It took a long time before everyone came back to their senses from the atmosphere Selena created.

Everyone's first reaction after recovering is, it's too... too incredible...

Just now Selena brought everyone into the play! ?

Then everyone's reaction was, uh, Meng Shiyi is ng again...

Just now she was talking about Selena, but now she herself ng three times as soon as she came up.

In their hearts, Selena is an idol who relies on her face, and she is normal, but it is a bit surprising when it comes to Meng Shiyi, who has been crushing Selena and showing off her image as a powerful actress. ...

This time, Meng Shiyi's face was extremely ugly.

"Sister Shiyi, look at how troubled you have been by that vase, come here and rest for a while..." The little assistant still blamed Selena for the crime, and mumbled.

However, after witnessing Selena's acting just now, the crowd obviously couldn't agree with the reason that the little assistant asked.

This is not tired at all, it's more like she was so shocked by Selena's acting skills that she forgot to say her lines...

## Chapter 1429

After a short break, the fourth shoot began.

ng, continue ng without a doubt.

Then the fifth time, the sixth time, the seventh time...

There were more and more people watching, and the expressions on their faces became more and more surprised.

Until, the twelfth time!

It seems that Selena also ng twelve times just now, right?

As soon as everyone thought this way, Meng Shiyi became engorged again.

Thirteenth ng...

It's actually more ng times than Selena's...

After the thirteenth ng, Meng Shiyi was sweating profusely and almost collapsed. She threw the sword in her hand with a "bang", walked to the rest area, and then frantically threw all the cups and teapots on the table down.

Accompanied by a burst of noise and debris all over the floor, the little assistant covered her ears, her face turned pale with fright, "Shi... Sister Shiyi..."

"roll!!!!"

...

Everyone looked at Meng Shiyi's crazy look, you looked at me, I looked at you, and everyone looked at each other in blank dismay.

Even if they tried to excuse Meng Shiyi again, they nagged thirteen times, and they still forgot the most basic words. As a movie queen, she couldn't justify it, right?

This mistake is too low-level...

"It turns out that the actress is nothing more than that..." Someone couldn't help muttering.

At this time, an excited voice came from the crowd, "Shouldn't the point be Selena! Selena was so handsome just now!"

"Yes, yes, he is clearly a big villain, but why do I look so handsome! I really want to marry! And why do I have a sense of seeing that Yunhuang and Liuyan are having an adulterous affair? I am so angry that I am blue Yan!"

"Oh, it turns out that Director Guo wasn't exaggerating! Selena's acting skills are really amazing! I guess it was because she was in a bad state..."

"On the contrary, Meng Shiyi, the actress, is a bit exaggerated whether it's acting skills or character..."

...

Listening to the crowd's discussion, Meng Shiyi's face was extremely gloomy, and she looked in Selena's direction with resentment.

What the hell did this Dmn woman do to her?

Why can't she speak her lines! Why can't she speak her lines!

Could it be... Could it be that she... She was suppressing her drama?

Do not! This is impossible!

How can that vase that relies on the face be able to "suppress the show", you must know that there are only a handful of people who can "suppress the show" in the entire entertainment circle, and often they can only use it for

newcomers with little experience. How could Xi be able to suppress her drama...

Meng Shiyi refused to believe it no matter what, after all, not long ago, she had crushed Selena twelve times...

"Tsk tsk tsk...that's so cruel..." Louis watched with relish.

Hey, some people... don't live well? Why do you have to die!

However, Louis thought about it again, Selena had been distracted these days, and he never expected that just because Meng Shiyi touched his uncle a little, but through the clothes, she would blow her hair to such an extent...

Thinking of this, Louis's face darkened slightly, and a trace of bitterness flashed in his eyes.

He knew that as soon as his uncle entered the group, he would be stuffed with dog food, but he almost vomited on the first day...

At the same time, since the shooting of this scene, Yun Shen didn't say a word, just sat quietly under the shade of a shady tree, his monstrous face was hidden in the shadow, and the expression on his face couldn't be seen clearly, while the backs of the two bodyguards beside him were extremely stiff, as if they were facing a formidable enemy.

They have been with the boss for so many years, and they know the boss' mood best. At this moment, the boss's mood...is very bad...

## Chapter 1430

"Sister Shiyi, do you want to continue? Otherwise, I'll explain to the director that we'll start filming tomorrow..." Seeing that Meng Shiyi kept nagging as if possessed by a demon, the little assistant tried to make suggestions.

However, this sentence not only didn't work, but instead ignited the evil fire in Meng Shiyi's heart, "Say what! Keep shooting!"

Wouldn't it be a joke for everyone to end her desperate escape now?

At Meng Shiyi's insistence, the fourteenth shooting started.

The staff cheered up and continued.

Looking at Selena in full view, Meng Shiyi couldn't help but feel the fear of what she had done before. This woman...is too evil...

It was almost time for that line that she failed to say thirteen times in a row.

A layer of cold sweat broke out in Meng Shiyi's palm holding the sword.

Yunhuang: "...I'll slaughter his whole family!"

This time, Selena's performance still amazed everyone. After repeating so many times, everyone's senses were almost numb, but she still made people enter the play, and every time she performed, she was full of emotions. Basic skills, anyone who knows a little bit will be amazed...

The only difference is that Meng Shiyi was surprised to find that the power that seemed to strangle her throat and control her brain suddenly disappeared. She hurriedly seized the opportunity and finally recited the following line...

"Crack! Pass! Very good!" Guo Qisheng shouted excitedly.

Although it was shot 14 times in a row, it was definitely worth it. The two leading actors used their greatest strength to make the show so exciting.

"Poetry, as I said just now, it's when people are in a bad state, but it's just a few times, don't worry about it! Don't you think it's a good time this time!" Guo Qisheng took the opportunity to come out to smooth things over.

However, Meng Shiyi's complexion didn't look much better, it's just that she was so exhausted that she didn't even have the strength to speak.

Dmn it...she underestimated that b!tch...

There are still a few scenes to come, most of which are Selena's.

One of them is the fighting scene between Selena and the male second Mo Chenxiu, and the other is the emotional scene between Selena and the male protagonist Louis.

After Meng Shiyi's fourteen ngs just now, Selena's face did not show the slightest sign of exhaustion. Instead, she was in full swing, leading Mo Chenxiu and Louis into the scene completely. Both scenes were extremely efficient in one go. However, and the effect of the shooting is particularly good, it is not an exaggeration to say that it has the quality of a movie.

Guo Qisheng was so happy watching the wonderful fight between Selena and Mo Chenxiu in the video, as if they really had revenge for killing their father, and Louis's super performance after being brought into the play by Selena, which almost made the audience cry. from ear to ear...

The day of filming is finally over.

Selena finally had the chance to find her family's sweetheart.

As soon as she reached the border of no one, Selena immediately threw Daniel against the wall behind her without saying a word, and bit down on the man's lip.

The man grunted when he was bitten, but his big palm supported the girl's waist so that she could attack more conveniently...

"Which hand did she touch you! This one! Or this one?" The girl's eyes were full of fire.

Looking at the little girl's jealous appearance, and the scene of her frizzing on the set just now, the man's eyes were full of water, and he lowered his eyes to gently kiss the girl's crimson lips, Then a low laugh escaped from his chest.

"You're still laughing!" Selena glared at him.
